County Livestock Show To Be Held Sat., Jan. 15

The Hall County 4-H, FFA Livestock Show will be held Saturday, Jan. 15, with entries due at 5 p. m. Friday, Jan. 14, it was announced this week.

The place of the show has not yet been decided as yet. This year, there has been a

calves, swine and lambs will be shown.

Milton Mann, vocational agriculture teacher at Clarendon will be the judge in the show, and judging will begin at 9 a. m. Saturday, Jan. 15.

The Memphis Chamber of Commerce is again donating money and ribbon prizes to be awarded at the show, it was announced.

FFA Chapters from Memphis, Lakeview, Estelline and Turkey and Hall County 4-H members enter the show each year.

Mrs. Homer Tucker Dies Wednesday; Funeral Services Set For Friday, Jan. 7

Funeral service for Mrs. Homer (Tommy Ruth) Tucker, 52, will be held at 3 p. m. Friday in First United Methodist Church at the Rev. David Hamblin, pastor of the First United Methodist Church of Littlefield, and the Rev. Tommy Nelson, pastor of the local church, officiating. Burial will be in Fairview Cemetery with services under the direction of Spicer Funeral Home.

Mrs. Tucker died early Wednesday morning in Northwest Texas hospital in Amarillo after a two-week illness.

A native of Hall County she was born March 8, 1919, at Lakeview and had been a resident of Memphis all her life, before moving to Austin about three months ago when her husband accepted a position with the Texas Industrial Commission.

She graduated from Memphis High School and later attended Colorado Women's College and

Southern Methodist University. The former Tommy Ruth Potts, she was united in marriage to Homer Tucker Feb. 25, 1940.

Mr. Tucker was associated in the operation of Potts-Tucker Chevrolet Company here for many years, before selling the business a few years ago.

She was a member of the First United Methodist Church of Memphis.

Survivors include her husband; one daughter, Mrs. Richard Ellis of Memphis; a son, Tommie Michael of Austin; her parents, Mr. and Mrs. Tommie Potts of Memphis, and five grandchildren.

Pall bearers will be: Frank Smith, Dr. H. R. Stevenson, Jim Beeson, A. L. Gailey, Allen Dunbar, Homer Burleson, Dennis Ward, Bill Cosby and Dick Huff.

Honorary pall bearers will include R. C. Lemons, Jimmy Roden, Clinton Voyles, Hubert Denardo. (Continued on Page 8)

Mrs. T. E. Whaley, Former Resident, Dies In Bowie

Funeral services for Mrs. T. E. Whaley, former longtime Memphis resident, were held Tuesday at 2 p. m. at the funeral home in Bowie. Officiating was a nephew, Bill Anthony, minister of the Episcopal Church at San Antonio.

Burial was in the Bowie Cemetery. Mrs. Whaley passed away Jan. 2 in Bowie.

The former Florence Adan Anthony was born Jan. 19, 1879, in Saint Jo. She was united in marriage to Theodore E. Whaley May 18, 1902, in Montague.

The family lived in Memphis for many years before moving to Bowie. Mr. Whaley passed away Nov. 25, 1925, in Memphis. Two sons, Mark and Joe Wm. Whaley, also preceded their mother in death.

Survivors include a daughter, Mrs. Ruth Burke, of Bowie; one son, T. Elmo Whaley of McLean; a stepson, William H. Whaley of Sweetwater; one granddaughter, Mary Frances Kesterson of McLean; three great-grandchildren; three sisters, Mary Anthony and Mabel Barry, both of Bowie; and Alice Eldridge of Memphis, Tenn. Two brothers, Mark Anthony of Gainesville and Scott Anthony of Bowie.

Cotton Harvest Is Near Half Way Mark Now

For Vernadine— Bloodmobile To Be Here Mon. Morning

The Amarillo Bloodmobile will be in Memphis from 9:30 to 12 noon on Monday, Jan. 10, at the Fellowship Hall of the First United Methodist Church, it was announced this week.

All citizens desiring to contribute a pint of blood to the account of Vernadine Sasser or who would like to donate blood to any other account are asked to meet the Bloodmobile Monday morning.

The trip to Memphis for the

Bloodmobile was arranged for this week when it was learned that the blood supply in the Sasser account had been exhausted and the family needed more blood contributions.

Vernadine, the daughter of Mr. and Mrs. Gene Sasser, a poster girl in the fight against leukemia, is in Dallas now undergoing further treatment.

Memphis and area citizens have responded so well to the appeal for blood in the past, and it is hoped that Monday's blood drive will also be successful.

During the past two years citizens of this area have donated blood to the Sasser account in the blood bank and it is hoped that this spirit of generosity can be continued.

Mid-winter weather, with temperatures plunging to a low of 5 degrees, and some blowing snow, very dry in moisture content, created a short delay in the harvesting of last year's cotton crop.

Hall County gins reported this morning that receipt totals rose to 32,041 bales, a climb of 5,099 bales over last Thursday's report.

This is an indication that the weather cut the week's harvest total in about half of maximum production.

The cotton market has been one of the chief items of conversation, and farmers are hoping for fair weather the next few weeks to get out the other half of the 1971 cotton crop. Figures this week indicate slightly over one-half of the crop is out, if the season total yield nears or slightly goes over the 60,000 bale figure.

Harvest remained active last week in the Memphis area, according to W. E. Cain, officer in charge of the USDA Memphis Cotton Classing Office.

The Memphis office classed 23,500 samples this week to bring the season total to 52,850. This compares to 96,000 by the same date last year.

Light Spotted grades were predominant this week. Strict Low Middling Light Spotted accounted for 41 per cent. Low Middling Light Spotted accounted for 13 per cent. Samples with bark accounted for 8 per cent.

The predominant staple was 31 with 42 per cent followed by 30 staple with 30 per cent and 32 staple with 16 per cent.

Micronaire readings showed 38 per cent milled in the 3.5 to 4.9 range. The 3.0 to 3.2 range accounted for 30 per cent. The 3.3 to 3.4 range accounted for 22 per cent.

Pressley readings showed 89 per cent of the samples tested 75,000 psi or higher.

The cotton market continued active and slightly higher on a strong demand. Mixed lots, mostly Light Spotted and Spotted grades, 30 and longer staples, 3.3 and higher mike, sold for 32.75 to 33.00 cents per pound. Mixed lots, same grades and staples, 3.0 to 3.2 mike, sold for 32.50 to 32.75.

The 1971 cotton crop harvest was postponed in November by unusually wet weather, then postponed again in December by an early winter snowfall of over 8 inches. Fields have in some spots been so wet it has been difficult for strippers to run.

Ann Rapp Named Panhandle Sports All of Fame Tennis Player In 1971

Ann Rapp of Estelline has been named as the Panhandle Sports All of Fame "Tennis Player of Year." She was the Class B singles runner-up last year.

She has received a letter from the selection committee of her hometown, and is invited to attend a presentation ceremony to receive the plaque award Sunday afternoon in Amarillo.

Ann, combined with sister, Ann, to win the state Class B doubles championship. She lost to play to the State Chamber of Commerce.

Brenda Durrett the next best, but in 1971 she swept district and region tournaments and a three-hour match with Relett of Old Glory.

This week, Jan has enrolled at Grand College on a math and

valedictorian scholarship and is trying out for the Queen Bees freshman basketball team.

She began playing tennis when she was 10 and picked up early tournament experience traveling with her sisters, Cherri and Ann, an unbeatable doubles team when they were in high school.

Cherri, a two time All American basketball player at Wayland, was selected the Panhandle Sports Hall of Fame basketball player in 1970. Cherri is a senior at Wayland and Ann is a junior at the University of Texas.

Estelline Coach Jimmie Don Adams worked with Ann through her tennis career at Estelline High. Ann has turned her sporting interests to golf as a summer recreation and she often plays on the Memphis golf course.

John Grimes, Paris Resident, Is Buried Here

Graveside services for John Grimes, 73, a retired truck farmer, were held at 2 p. m. Saturday, Jan. 1, in Fairview Cemetery under the direction of Spicer Funeral Home.

The Rev. Tommy Nelson, pastor of the First United Methodist Church, officiated.

Mr. Grimes died Thursday at his home in Paris.

John Grimes was born Jan. 31, 1898, in Arkansas.

He is survived by one step-son, Bruce Stephenson of San Diego, Calif.; one brother, Jim Grimes of Dalhart; two sisters, Mrs. Edna Hartadge of Durant, Okla., and Mrs. Maud Whitson of Phoenix, Ariz.; and one niece, Laura Canida of Memphis.

Pall bearers were Charles Robertson, Roy Spruill, Jack Fowler, Gary Ferguson, Don Davis and M. A. Belcher.

Memphis Goes To Clarendon Friday

Friday night, Jan. 7, the Memphis basketball teams will go to Clarendon to open District 2-A action, and the games are doubly crucial for both local squads.

For the Cyclone, Clarendon has been ranked in the No. 2 spot behind Memphis in a poll of district coaches in predictions of a district champion.

In the girls portion of the district, the Claude girls are favored in the coaches' poll to win the title again.

For the Cyclone, the pick at the top of the poll puts added pressure, as the Memphis team has managed a 9-7 record so far this season, playing in a pretty stiff league, losing the last two games to Childress, and then Tulia.

Tuesday night, Tulia captured an 86 to 58 victory over the Memphis boys. Larry Johnson scored 20, John Carmen 9, Mike Brown 7, and Louis Davis 7.

Coach Jimmy Pope's Cyclones have been spending their holidays working out in the gym preparing for the district opener with Clarendon and trying to shake off

any "rust" which might have collected due to an idle schedule.

The snappy cold weather created some discomfort for the local squad when the bus broke down in the trip back from Tulia Tuesday night. Cars were called to bring the players home.

For the Cyclonettes of Coach Joe Bain, sickness over the holidays has created some problems, and the coach is concerned that three girls might not be ready for the opener against Clarendon.

About the district race, Coach Bain said that Claude is the favorite but there are several good girls teams in the district. "If we can get after it real well, we have a chance at the title," he said.

The local teams have 10 district games on their schedule. Next Tuesday night will be the first home district stand for the Memphis teams as they play hosts to teams from Wheeler.

Coach Bain said he had eight girls with him at Tulia Tuesday night, the others were home sick. Tulia won the game 65 to 33. Wanda Walker scored 22 for the Cyclonettes.

Neal Hughs is Made Inspector Of Cattle Scabies

Neal Hughs, a cattle inspector with the U. S. Animal and Plant Health Service, at Memphis, has completed a training course in cattle scabies identification.

Mr. Hughs will be working in Hall County to help cattlemen move their livestock to market during the current cattle scabies quarantine.

The quarantine is aimed at halting the worst cattle scabies outbreak to hit the nation since 1959. The eradication effort needs specially trained men like Hughs because the mites that cause cattle scab are hard to spot. The mites are often masked by pesticides used to kill ticks and lice.

Hughs and the other inspectors in the quarantine are helping cattlemen identify infected animals and clean them of mites. If every head of infected and exposed cattle in the quarantine area is inspected and the affected animals are properly dipped for scabies, the quarantine can be lifted, it was announced.

Danny Scarbrough Is New C. of C. Pres.

Election Monday at noon, Danny Scarbrough was named president of the Memphis Chamber of Commerce for 1972. Bill Rice was elected vice president. Andy Gardenhire was elected secretary.

The election was held following introduction of new directors, Scarbrough, Gardenhire, Johnny Swarth and John Kehr. New hold over directors voted on new officers.

During the same meeting, Bill Rice was reemployed as the chamber's paid manager.

Meeting with the board was Ed Chaffin, immediate past president of the Amarillo Track and Trail Riders. Eddie reported to directors that the 1972 Cotton Enduro has recently been sanctioned as a national American Motorcycle Association race which will attract riders from all over the United States. There are only 20 of these in the United States, and we are expecting 600 or more riders for the event next fall," he said.

The Salt Cedar Enduro, scheduled for the last of April, will be held at Memphis and will be shorter, easier race, he said. There should have 300 riders in one," he added.

Memphis, Texas, will receive national publicity as the site of

the National Enduro, as advertising will be run all over and the news wire services will be covering the event.

"To become the AMA's national champion enduro rider, points must be made in the national designated races, Chaffin explained.

The local chamber volunteered to do whatever was needed to assist the Amarillo Track and Trail Riders in handling the enduros.

In other business, the Chamber board approved a budget of \$8,240.00 for the 1972 year and gave authorization to the finance committee to consider re-evaluating and raising dues to all members to meet the budget. The chamber has had a concerted effort to find new members, but this has only been moderately successful.

Increased cost of operation and inflation has created a financing problem for the local chamber.

President Lester Campbell said the banquet committee has not received a date confirmation from the proposed speaker as yet; so plans cannot advance on the annual affair for next month.

In turning the reins of the chamber over to President Scarbrough, Campbell said, "I want to thank you for the opportunity of serving as president and it is a pleasure to turn the gavel over to the new president."

RETIRING—Mrs. Alta (Walter) Smith, second from left, retired as an employee of the Postex Hall Plant Thursday, Dec. 23, and she was presented a corsage. Pictured with Mrs. Smith are Overseer Tom Drake, Mrs. Billie Alexander, plant supervisor, and Leon Davis, plant supervisor. Mrs. Smith went to work at Postex six years and four months ago. Her current supervisor, Mr. Davis, said, "Alta has been a very good inspector and one of our better employees." Mrs. Smith said they are planning to move to Oklahoma sometime in February if they can find housing.

Dist. 4-B Cager Play Has Begun

District 4-B basketball play has begun and Friday night will see teams from Turkey playing at Estelline and teams from Lakeview playing at Hedley.

For Estelline teams, district play began just before Christmas, as they lost two games to Hedley teams in the opening round.

Coaches in District 4-B are giving the top nod to the Hedley boys team and the Quitaque girls team, although the girls portion of district play is certainly very close with any one of several teams capable of capturing the crown.

The Hedley boys are expected to unseat the Quitaque boys from the domination of the district this season. The record so far for Hedley, 13-7, is not what the Hedley team would like to have. The team looked real strong against Estelline in the district opener.

Turkey's boys are ranked second in the district, with Quitaque,

Estelline and Lakeview in the remaining slots in that order, according to coaches predictions.

The Quitaque girls have five starters back from last year and seven lettermen back.

Lakeview girls are the defending champions and have plans to make a bid for the crown again this year. The Estelline girls showed some improvement when they downed the Chillicothe girls Tuesday night 36 to 16, while the Estelline boys defeated Chillicothe 53 to 40. Patti Welch hit 28 points for Estelline girls and Moore with 27 and Trevino with 23 were the leading scorers for the boys.

The Turkey girls are another team which is equally capable of winning the district, and coaches are saying its just a flip of the coin which way the girls race will go.

Next Tuesday night, Jan. 11, Quitaque will play at Estelline, and Lakeview will be at Turkey.

Overall Agricultural Picture Shows Decline

With the rush of harvesting the cotton crop dominating the scene in this part of the state, attention was called this week to the Texas picture as a whole by a year-end report by Agriculture Commissioner John C. White.

Even though one of the most severe droughts ended last fall, effects of it still linger on, according to his report. Cotton, grain sorghum and other crops were hard hit by drought earlier in the year. Dry weather also forced the sale of thousands of head of Texas cattle. The drought was most severe from January through spring planting period up until summer. But the severe economic damage had affected the state's vast agriculture production.

Other Texas crops during 1971 were poor to fair, the wheat farmers suffering the most because of the drought, White said. Texas wheat production was cut almost in half, to about 31,416,000 bushels, compared to 54,408,000 bushels from the 1969-70 crop.

Cotton crops in most of South Texas were hurt by the drought, and then the rains delayed harvest and are still delaying harvest in West and North Texas. Rain has also given an assist to boll weevils, pink bollworms and other cotton insects, the Commissioner reported.

Heavy infestations of pink bollworms have been reported in North Central Texas and boll weevils in West Texas.

New Way To Register Motor Vehicles

If you own one or more of the more than seven-and-a-half million motor vehicles in Texas, some important mail is coming your way.

The first of 7.5 million renewal applications from the Motor Vehicle Division of the Texas Highway Department were dispatched from the Post Office's facilities in Dallas on Friday, Dec. 31.

Owners of motor vehicles should be receiving the renewal applications—for obtaining 1972 Texas license plates—early in January.

The actual motor vehicle registration "season" at county tax offices does not begin until February 1.

However, vehicle owners may go ahead and order their license plates by mail immediately.

All that is required is to send the entire renewal application, the registration fee and \$1 for each vehicle to be registered to the local county tax office. License plates will be returned by mail after registration begins formally on Feb. 1.

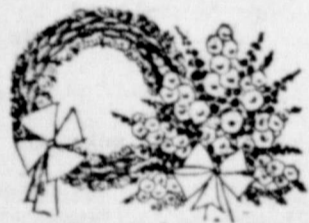

Vehicle owners should allow at least 30 days for processing and delivery. The application should be sent to the local county tax office—not to the Texas Highway Department.

It is emphasized that license plates can be obtained at county tax office as in past years after February 1.

In any case, registration will go faster if the owner leaves the three-part form intact and does not separate any of the three parts, if the renewal application is sent by mail.

Complete, easy-to-follow instructions are contained on the form and on the envelope.

Deadline for displaying 1972 license plates is midnight, April 1.

What Other Editors Say

Population Prediction

A couple of weeks ago our spasm for the week was about the population prediction for the next 20 years. The Population Research Center at the University of Texas predicted that in 1990 the population of Childress County would be 3,200.

Sad news. Well, here's more sad news along the same line.

This week we received a copy of the Texas Almanac, published by the Dallas Morning News. The book is complete in every detail with all possible information about Texas. Included, as usual, was a map of each county with information about the county and the cities within the county. And, at the end of the brief county statistics is what is called "Economic Index."

This year we took particular note of the Economic Index because it seemed very low to us. Our Economic Index in the new edition of the Almanac is .039 with a county population of 6,605. We have lost 12 points, according to the Almanac.

If by chance you read our editorial of two weeks ago, you remember the 1990 population of both Hall and Hardeman counties would be substantially higher than the population of Childress county. Now comes the Almanac to say our Economic Index is .039; that of Hall County is .042 with a population of 6,015 and Hardeman county with .070 with a population of 6,795.

Here we are claiming to be the trading center for 30 miles around when all the predictors say we will not be for long.

Just a few comparisons. Fisher county with a population of 6,344 has an economic index of .131; Collingsworth county with a population of 4,755 has an economic index of .040; Haskell county with 8,512 population has economic index of .094; Dallam county with 6,012 population has

.063; Garza county with 5,284 population has .090.

These are some of the counties in our population range. Some others are Wilbarger with 15,355 population and economic index of .142; Wichita with 121,862 and .614; Potter with 90,511; and .830; while Dallas has an economic index of 13.816 and Harris has 17.481.

This editorial is not intended to be discouraging. It merely states what the predictors are saying. For too long we've been sitting on our haunches believing the propaganda about our natural and moral growth and how big we would be when, and so on. If we were gullible enough to believe the sellers of wares back when, we should still be just as gullible now and before the predictors of gloom.

Point is, will we continue on our haunches or will we try to do something about it.

The predictions are only a trend. What the predictors have said is: "That's the way you are headed." They did not say we had to go that way. They said we are going that way unless we do something about it.

What we are in 1990 is up to us, not the men who compile the statistics.

The Childress Reporter

Tax Credits For Political Donors

The important election year of 1972 will test for the first time in history the effectiveness of a tax break for those who make political contributions to candidates or parties.

It is a modest beginning that the new federal tax law provides in recognition of the idea that support of political campaigns should be considered when the taxpayers make out their annual returns.

Benefits are small. The taxpayer can use as a deduction from

taxable income political contributions totaling only \$50 if single or \$100 on a joint return. As an alternative, the taxpayer can subtract a direct tax credit, but it is limited to a maximum \$12.50 for a single person or \$25 for a couple filing a joint return.

Cumulatively, however, Treasury officials believe, as much as \$100 million in tax revenue will be affected by the new law.

It is obvious that the limited tax break offered will make political contributions attractive, from the tax angle, only to small donors. Yet the tax incentive should bring about an increase in contributions.

The argument long has been that election reforms should include tax benefits for political contributions from donors of small sums as one means of spreading the base of political financial support, thereby reducing the need and influence of large contributions. It is also expected that encouraging political contributions will increase participation in campaigns and elections.

Up to now, the theory behind the movement for tax benefits for political contributions has been just that theory. The effect of the measure in actual practice will be one of the analyses of particular interest at the conclusion of the forthcoming presidential election year.

Silua Ayers Is Named To Dean's List In Oklahoma

Silua Ayers, freshman student at Southwestern State College, Weatherford, Okla., was listed on the Dean's Honor Roll for the fall semester of 1971, according to an announcement this week.

A 3.0 grade point average is required to make the Dean's List. Silua has been spending the holidays here with her mother,

Aulis Ayers, and her grandparents, Mr. and Mrs. D. B. Kennedy.

Michael Magri of Kirtland Air Force Base in Albuquerque, N. M., spent five days during the Christmas holidays in Memphis visiting Mr. and Mrs. Henry Foster and other relatives and friends. His wife, Cheryl Magri, came two weeks before to be with her mother who was ill. They returned home on Tuesday.

Local Gov. Cost \$240 Per Capita In Hall County

NEW YORK—Are residents of Hall County paying a high or a low price for the operation of their local government?

How much does it cost them per capita in state and local taxes compared with the cost for people in other communities?

Locally, as in almost every other area of the country, taxes have been rising sharply in recent years, in line with the mounting cost of government.

To provide the services that people want, such as better educational facilities, more police protection and improved health care, and to meet their welfare, transportation and other needs, has put nearly every community in a squeeze.

The net result, according to statewide figures released by the Commerce Clearing House and by the Tax Foundation, specialists in government finances, Americans paid an average of \$427 in state and local taxes last year, up \$47 from the previous year. It was more than twice as much as they paid in 1960.

In Hall County, based upon their figures and data from other sources, such taxes came to nearly \$240 per capita in fiscal 1970. By way of comparison, the av-

Resident's Sister Dies In Colorado

verage throughout the State of Texas was \$316 per capita, which was \$40 more than in the prior year. In the West South Central States as a whole, the average was \$301.

In some states, because of special local conditions, such as unusually heavy welfare costs, the tax load was much greater than in others. The range was from a high of \$652, in New York, to a low of \$252, in Arkansas.

On an overall basis, state and local taxes in the past fiscal year reached a record total of \$36.8 billion, which was \$10.1 billion more than the year before.

In Hall County, the tax burden came to approximately \$1,464,000.

Local governments have been faced with money problems because of rising payrolls and because of the inflated prices they have had to pay for equipment, supplies, services and capital financing. They have had to boost taxes as a consequence.

Sgt. and Mrs. Larry Crisler of Colorado Springs visited here recently with his grandparents, Mr. and Mrs. V. A. Crisler.

Mr. and Mrs. Bob Pritchett and family returned to their home in Garland Sunday after spending the holidays here with her parents, Mr. and Mrs. Frank Goffinet. On Friday they all visited in Arapaho, Okla., with Dan Goffinet.

Funeral services for Mrs. Jessie Mable Sanderson, 79, of Delta Colo., were held Dec. 29, at Roberts Chapel in that city. She was a sister of J. E. Miller of Memphis and Mrs. Earl Tompkins of Wellington. Rev. Richard Wilson officiated, and interment was in the cemetery there.

She is survived by five sons and two daughters.

Mr. Miller attended the services for his sister.

Mrs. Lester Campbell, Mrs. Billy Thompson, Mrs. Allen Grundy and Mrs. Don Leary went to Amarillo Sunday to be with the Tomie Potts family who are there to be with Mrs. Homer Tucker, who is seriously ill in North West Texas Hospital.

Highlights and Sidelights FROM Your State CAPITOL

AUSTIN—A three-man federal court in San Antonio stunned Texas public school officials with a Christmas Eve decision that the state's system of financing public schools is unconstitutional.

The ruling, which Lt. Gov. Ben Barnes called one of the most far-reaching in recent history, triggered a round of new studies and re-directed attention to prior studies of alternative finance formulas.

To make education "a function of the local property tax base" violates constitutional guarantees of equal protection under the laws, the three judges held. Parents and children of Edgewood Independent School District (Bexar County) filed the suit on July 30, 1968.

Allowing each district to set property taxes to raise a portion of instructional costs discriminates against poor districts with low property values and frequently high minority group populations, the court contended.

Judges gave state legislators two years to work out a new system. If lawmakers fail, they warned, the court "will take such further steps as may be necessary to implement both the purpose and the spirit of this order."

Some observers feared the ruling would undermine local control of school districts. Atty. Gen. Crawford Martin asked the court to clarify whether the decision meant districts could not continue to pay off their bonds from property taxes.

Gov. Preston Smith said it would be premature to speculate on ultimate effects of the ruling on taxes and educational programs. Some predicted state corporate and personal income taxes will be necessary to pick up a new state cost load estimated to range at least as high as \$500 million a biennium.

Smith called for a team effort by state officials and agencies, local school authorities and the courts to reach a satisfactory solution.

MISS LOMETA KAY PATE

PLANS MAY WEDDING—Mr. and Mrs. Olton Pate of Memphis announce the engagement and approaching marriage of their daughter, Lometa Kay, to M. Charles (Chuck) Jennings, son of Mr. and Mrs. Melvin Jennings of Seabrook. The wedding ceremony will be solemnized May 13 in the Memphis Church of Christ. The bride-elect is a December, 1971, graduate of Texas Tech University with a BBA in Business Education. The prospective bridegroom is currently completing his senior year at Texas Tech where he is studying Finance. He holds membership in Pi Kappa Alpha social fraternity.

The Senate Committee on Occupational Education immediately took up the problem. Texas Research League already is studying the foundation school program, and plans to offer some choices by the end of next year.

Governor said he is considering naming an education task force which will cooperate with other

study groups.

State Education Commissioner Dr. J. W. Edgar viewed the present crisis "as another opportunity for the people to design a better public educational opportunity for the children and youth of Texas." He expressed confidence such a plan can be developed

which will preserve local school control.

State Board of Education will review the decision at a Jan. 8 meeting. Meanwhile, Martin asked the court whether the ruling permits an appeal.

Welfare Problems Growing

Warning that Texas faces its most difficult welfare problems during the next two years, Governor Smith said drastic assistance cuts may be necessary after next September.

At the same time, the Governor announced appointment of former U. S. Secretary of Health, Education and Welfare Wilbur Cohen as a special advisor to help him formulate plans in the areas of welfare and child development.

Smith said he will go before the U. S. Senate finance committee next month to renew a plea for complete federalization of welfare program financing.

Current assistance levels can be maintained within the state's \$80 million constitutional ceiling for major categorical welfare programs the rest of this fiscal year. After next September, however, he said average aid to families with dependent children grants may have to be slashed from \$116.66 a month to \$77.

Smith assigned top priority to attacking the growing welfare problem, which he estimated will cost \$325 million next year. He said findings of a new commission on children and youth will be among cornerstones of his message to the 1972 special legislative session.

Redistrict Suit Advances

A three-judge federal court was due to begin trial Monday, Jan. 3, of suits attacking 1971 legislative redistricting.

The consolidated cases were filed in Dallas, Houston, Tyler and San Antonio and transferred to Austin for hearing.

Judges originally named University of Texas law partner George Schatzki a special master to collect evidence and draw conclusions in the case. However, the order naming Schatzki was rescinded after Attorney General Martin and State Democratic Chairman Roy Orr complained of the professor's former close professional relationship with attorneys and plaintiffs in the cases.

Houston attorney Leon Jaworski will direct the state's defense as a special attorney.

Attorney General Opinions

Private clubs in dry areas may buy beer from a general distributor and transport it in under proper permits and written agree-

Out of Orbit

MR. PHILIPS, HAVE YOU SEEN MY MOON ROCKET?

ments, Attorney General Martin held.

In other recent opinions, Martin concluded:

Microfilms of student loan applications are not legal documents.

The Texas International Trade Office in Mexico City may use state funds to buy Mexican postage stamps.

Counties can buy two-way radios for sheriff's personally-owned cars.

Only two types of lifesavers equipment meet requirements of a new law requiring children 12 and under to wear life preservers in motorboats.

State employees can travel first class on airplanes, even if cheaper tourist seats are available.

Appointments Announced

James F. Warren of Navasota was named by the governor as 12th District judge succeeding Judge Reginald Bracewell of Na-

COATS CHIROPRACTIC CLINIC

We are offering complete chiropractic health service.

J. R. COATS, D. C.

Phone 259-3473

vasota who resigned effective Jan. 1.

Other recent appointments or reappointments by Smith included the following:

Mrs. Marie H. Winters of Austin (reappointment) as firemen's pension commissioner.

Dan Hemphill of Odessa and Don L. Scarbrough of Georgetown to the Texas Library and Historical Commission. Walter E. Long of Austin was reappointed.

Ernest A. Emerson of Dallas to the Commission on Fire Protection, Personnel Standards and Education. Reappointments of Hugh V. Keepers of Dallas and Richard Russell of Richardson were announced.

DDT Ban Announced

DDT will not be allowed for household use in Texas after Aug. 31, under an order issued by Agriculture Commissioner John C. White.

White's order follows recom-

mendations of the Pesticide Advisory Committee created by legislature.

White emphasized it has bearing on DDT for agricultural and public health uses. About DDT now used in the state utilized around the home. August, registration of DDT for household purposes will not be permitted.

Unemployment Benefits
Extended unemployment compensation benefits will go into effect early in January.

January 10 is the first date claims may be filed for the Texas. Benefits are payable to claimants who have exhausted regular benefits. Claimants receive as much as 50 percent of total regular employment earnings, payable at the same rate as regular benefits. Uncovered must not be eligible for regular benefits in any state.

THE LADY FAIR

Mr. and Mrs. Ben Osborn, Jr., of Clarendon; Mr. and Mrs. Johnnie Stove and son of Plainview; Mr. and Mrs. Nell Smith of Floydada; Ross Laton and Imogene Lang and children.

Mr. and Mrs. A. H. Taylor of Childress visited Mr. and Mrs. Zeb Lathram recently.

Those spending Christmas with Mr. and Mrs. Zeb Lathram were: Mr. and Mrs. Burton Lathram and children of Austin, Mr. and Mrs. Jack Lathram of Amarillo, and Mark Lathram of Hereford.

College students home over the holidays were: Jenne and Gene Bruce, Steve Pardue, Randy and Bob Collins, Charles Moore, Doug Fowler, Debbie Bowman, Chuck Hood, Aida Trevino, Paul Bryant and Cherri and Anne Rapp.

Janice Pitts of Amarillo spent the Christmas holidays with her parents, Rev. and Mrs. Elvis Pitts.

Mr. and Mrs. Bobbie Hayes and children of Childress and Mr. and Mrs. Jake Huckaby of Amarillo visited with their mother, Mrs. J. H. Hayes, last weekend.

Mr. and Mrs. Noel and Tommie of Denton visited in the Sloan home Tuesday.

Mr. and Mrs. Darby Echols and family of Dallas visited his mother, Mrs. Frankie Walker, over the weekend.

Friends of Lawrence Bumpus formerly of Estelline were sorry to learn he passed away.

Mrs. Opal Butler's nephew, husband of the former Lillian Ray Butler, passed away Christmas Day at Plano.

Many people past 62 can still get some social security benefits even though they are still working and earning over \$3,000 annually.

J. L. Darby Observes 90th Birthday Sunday

The J. L. Darby family of Estelline enjoyed a family get-together over the weekend, honoring Mr. Darby on his 90th birthday.

Among members of the family present were two daughters, Lillie Zora Crump of Brownfield and Frankie Walker of Estelline; a grandson and family, Mr. and Mrs. Bill Echols and children of Fort Worth, and a granddaughter, Jackie Beene, and family of Shreveport, La.

Mrs. Kinard Hosts Harmony Club Christmas Dinner

The Harmony Club met on Dec. 11 at 6:30 p. m. in the home of Mrs. D. L. C. Kinard for a Christmas dinner.

A delicious meal was enjoyed by all the members and guests.

With lovely expressions, Mrs. Bray Cook presented the Christmas story. Mrs. Bob Fowler entertained with a vocal solo, "Has Anybody Seen Christmas?" written by Mrs. Fowler's sister, Jane Marshall. The club members enjoyed singing Christmas carols before having the tree. Mrs. Carol Ann Gardenhire acted as Santa. Members attending were: Mmes. Bray Cook, Henry Foster, Dick

Rhonda Davis Is Christmas Party Hostess at Estelline

Rhonda Davis, daughter of Mr. and Mrs. Bueal Davis of Estelline, was hostess at a Christmas party given in her home Wednesday, Dec. 22. Thirty-seven High School and Junior High students attended the gala occasion.

Refreshments, along with music and dancing, were enjoyed by all.

Mr. and Mrs. Jack Moreman visited in Dumas New Year's Day with Mr. and Mrs. Douglas Lawrence.

Smoke Is A Barometer
For a tip on the weather watch how smoke acts. If it hugs the ground, it's a sign of falling barometric pressure and you can expect rain. If the smoke rises high, it's a sign of fair weather.

Light Prevents Rust
If you keep your guns in a cabinet, install a small-watt light bulb. The burning bulb on a humid day will evaporate moisture and prevent the guns from gathering rust.

Women who retain their maiden names after marriage are called Lucy Stoners.

B. B. Shots

by BYRON BALDWIN

Well, Christmas has come and gone again and with exchanges sizes and colors, we will be getting ready for another Christmas which is only a little over 30 days away. I did hear some complaints of a few men this year when they put on their Christmas shirts, there were no pockets in them. So I heard one make the remark that by leaving the pockets off, there would not be a place for his cigarettes or pen and would break him from seeing so many checks. Another man said he was going to cut a shirt tail off and have his pocket make a pocket.

We have another special day for very long to look forward to. Get our year's business check-up and get the facts and figures and pay income tax. We have not to be thankful for this year make more people pay income tax as it looks like a bumper crop in 1971 but it will be finished in 1972.

I will not call any names on a story even though it is true. Tuesday of last week someone told one of the young grandmothers here if her grandchildren came for Christmas, and her angels came in Saturday morning and the little devils got back home Monday morning. I guess she was grand when they first arrived and she was just old cranky grandma when they left. By Monday night, I imagine this grandmother was pretty lonesome and some thoughts that she scolded them maybe for breaking a carpet or spilling their Coke on the plumbing. Then her thought was that this could all be replaced, but she could not get any more little angels to their places. There is also in grandmother's heart a relief of how her grandchildren are.

Marvin Duren had as his guest in Hall County Heritage Hall the week his daughter, Marion Martin, and his grandson, nie, of Cedar Hill, Tenn. (which is near Nashville). I ask-

ed them if any of their family was in Grand Ole Opry, and they said "No." Marion Ruth graduated from MHS in 1939. Later she graduated from West Texas State. She left Memphis in 1940 and married Woodrow Martin, a Tennessee boy, in 1946. They have two sons, Lonnie and Donnie. Marion is now teaching and has been for 20 years. While in high school here, she was a member of the band and played the clarinet.

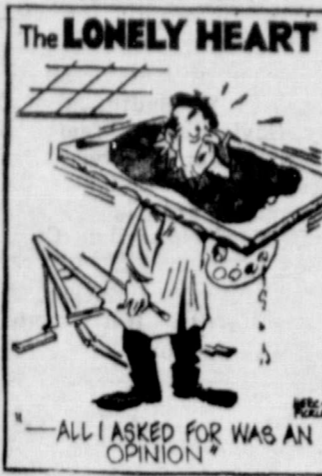

Thanks to Lewellen Stout for his donation to Hall County Heritage Hall. We can use several more donors now.

"De-Fun-tion" from "Happiness Before Breakfast," "Cooked Goose—some bird who got himself into hot water."

New Years this year was really football and parade day. I tried to see all of these games and parades, but it was pretty hard to do. The Cotton Bowl Parade in Dallas was really a good one, but the game did not work out like I had hoped.

In taking a few notes on the Rose Parade, it was amazing some of the information we did net. It took 50 thousand man hours to prepare this parade with flowers shipped from all over the world. If these man hours were paid on the new wage scale, it would have cost about 2 million dollars to get ready. The city of Pasadena where the parade was held has a population of 150 thousand people and it was estimated that they had ten times their population there for the parade which would have been a million and a half.

I began to think what we would do here if 40 thousand people were in our town for a parade and they all wanted a hamburger. This parade was 5 1/2 miles long, making about 2 1/2 miles per hour. The riding horses and equipment was valued at 500 thousand dollars. There were 3500 musicians in the bands of this parade and I expect that meant another half million in musical instruments. In our town it would mean a musical

instrument for every man, woman and child. That would be some blowing and noise going on when it was time to practice. Texas was represented by Houston and San Antonio. The history of this parade is 84 years and it seems to be growing every year. Hall County has exported so many people to California that I imagine some of our Hall County had a part in it.

God was not left out of this parade as I noticed two of the floats that were devoted to religion of our God. The theme of the Rose Parade was music and Lawrence Welk was Marshal of the parade. He and his wife seemed to be enjoying it very much with a big smile in the open top car decorated in roses.

One of the Christmas gifts I received this year was a personal autograph from him to me in his autobiography. I think son James stood in line for one hour and a half to get this personal autograph.

We had 15 to 30 registrations per day in Hall County Heritage Hall Christmas week. One day the past week Ramona Ballew brought in for Heritage Hall a Chinese coolie cap that was left with her uncle, Jim O. Ballew of Abilene, where he was associated with the public schools for a number of years. Some of you will remember him by his nickname, "Ox," while he was in high school here. The coolie cap was sent to Jim by Dr. J. M. Oxner who was a missionary to China in 1908. Dr. Oxner was a partner of the late Dr. J. M. Ballew in the medical profession here. Dr. Ballew was the father of Jim, Raymond, Tom, Jess and Clara. Of the five children in this family, only two now survive, Jim of Abilene and Tom of California.

Another interesting item which was brought in for Heritage Hall was the shoe button machine for bradding buttons on shoes. This particular item was about 75 years old and not many museums have one of these. John Shadid was the owner of this. We appreciate him letting us have this unusual item.

There must be about 150 college kids in Hall County now which means that the parents are investing about a half a million dollars a year in college education. In looking the college kids over that were home for Christmas, they looked like a million dollars each even though I could not recognize some of them with their college hair-dos.

I noticed a good many of the college students were working and helping their parents out with their work. One in particular I noticed was little Randy Dale handling one of the seed trucks several days getting up at 4 a. m. and pushing that trailer truck along the highway to Lubbock with 60 thousand pounds of cotton seed. I think when it was jacked on him it was empty. There is one senior high school girl in the Memphis schools who is now debating which school to attend with Randy attending Hardin-Simmons at Abilene and Gary Sims from his college at Weatherford, Okla., as I think both of them are giving her the information on both schools. I hope she makes the right decision.

Visiting in Heritage Hall the past week were Mr. and Mrs. Gil-

bert Srygley and sons, Tommy and Kenny. Gilbert was born in Lakeview, not far from where the two-headed calf was born. He attended school and graduated from MHS. Gilbert met and married Nancy Ramage at Texas Tech where they both were attending school. They are now living in Littlefield and both are teaching at Cotton Center which is an independent school district. They are both working on their Master's Degree now. Since leading high school here, Gilbert has lived in the following cities, Lockney, Cotton Center, Borger, Phillips, Amarillo and Las Vegas, Nev. This family was very much interested in the high chair that Gilbert did sit in when a baby. The chair was brought in by Clenton Srygley and it was first used by this family in 1895. There have been five generations who have used this and there were about 30 babies in these five generations. This was the first time Gilbert had visited Heritage Hall and was very much impressed with the collection of items that were on display.

Mrs. Dewey Britt had as her guests in Heritage Hall the past week her daughter, Mrs. C. B. Cannon, and two granddaughters,

Gail and Carol, all of Pratt, Kans. Mrs. Cannon, the former Lou Britt, graduated from Estelline High School in 1943. From high school she went to West Texas State where she met C. B. Cannon and she later married this Kansas boy.

Joe Wiginton of Orlando, Fla., was visiting in Hall County Heritage Hall a few days ago. He is the son of the late Lasco and Mrs. Wiginton of Lakeview. Joe attended school in Lakeview and left there in 1950. He married Jo Dell Parchwin of Mount Vernon, Texas. They have two sons, Alan, age 9, and Don, age 12. Joe is now trying to take care of preventing fires as he is in the automatic fire sprinkler system. This family moved to Hall County in 1907.

Others visiting in Heritage Hall the past few years were Willis Orcutt and Geo. Proffitt of Estelline, Don Proffitt of Lubbock, Billy and Terri Johnson of Euless, Texas, Terry Wellman of Wichita Falls, Marlene Cawley of Turkey and Don Gailey of East Lansing, Mich.

I did not get to see Susan Mothershed during the holidays. She was here from Washington, D. C., visiting her family, Mr. and Mrs. Joe Mothershed. I heard a little story on her and was that she loved Texas beef and blackeyed peas so well that she left part of her clothing out of her bags so she could pack some of those good Texas peas and beef back with her on the plane.

A quote from "Happiness Begins Before Breakfast," "Even as we profess our love for another, our eyes and our hearts often glance more lovingly toward a mirror."

A town must have a population of 12,000 before it can be a city.

Lawrence Bumpus Dies In Amarillo

Lawrence Bumpus, 59, brother of Mrs. Amie Lee Braidfoot and Arch Bumpus, both of Estelline, died Wednesday, Jan. 1, in Amarillo.

Mr. Bumpus, who resided at 2204 Brooks, was dead on arrival at Northwest Texas Hospital after suffering an apparent heart attack. He had resided in Amarillo since 1938.

A native of Honey Grove, he was a retired owner and operator of a Texaco Service Station.

In addition to his brother and sister at Estelline, he is survived by his wife of the home in Amarillo; three daughters, Mrs. Judy Urvan of Santa Monica, Calif., Mrs. Beverly Box of Fort Worth and Mrs. Helen Jennings of the home; two sisters, Mrs. Verna Terrett of Abilene and Mrs. Virginia Spradlin of Amarillo, and five grandchildren.

Use Care With Repellents

Read directions carefully on insect repellent spray cans. Some have chemicals that will damage synthetic material. Some repellents will soften plastic shotgun shells, causing them to jam in the gun, and turn nylon line on a fishing reel into a sticky jelly.

Generation Gap U.S.A.

"Jennifer was in the Peace Corps two years."

Political Announcements

The Memphis Democrat is authorized to announce the following as candidates for public office, subject to the action of the Democratic primary in May:

For District Attorney, 100th Judicial District,
JACK BOONE
JOHN DEEVER, II

For Sheriff:
BOB ANDERSON
ELMER NEEL

For Tax Assessor-Collector:
JO CARMEN.

Services —

(Continued from Page 1)

in Donley County near Hedley from 1912 until 1964 when he moved to Memphis. Mrs. Bowden preceded him in death in 1964.

A resident of 912 Montgomery, Mr. Bowden was a member of the Travis Baptist Church.

He is survived by four sisters, Mrs. R. A. Lemmons, Mrs. J. F. Cantrell and Mrs. Leroy Scott, all of Fort Worth, and Mrs. L. C. Jamison of Phoenix.

Pall bearers were Henry Moore,

Tucker —
