## Memphis Goes To Quanah Saturday

### Scrimmage At Quanah Re-Scheduled For Saturday Instead Of Friday Night

The Memphis Cyclone, Junior Varsity, and Freshmen teams all scrimmaged at Quanah Saturday, Sept. 2, with the freshmen beginning at 6 p. m.

The scrimmage was previously planned for Friday night, but it was re-scheduled Thursday for Saturday evening.

Coach Clyde McMurray invited the Cyclone Booster Club members to attend the scrimmages at Quanah.

"Our players know who is there and when a good crowd turns out they only naturally play harder to make a good showing," Coach McMurray said.

The Memphis team certainly did make a good showing against Stinnett last Friday night as a large crowd of fans was on hand to see the scrimmage.

The controlled scrimmage, with each team having possession of the football for a certain number of downs, three downs to make a first down until the team drove into the four-down zone, turned out in Memphis' favor, four TDs to three. Actually, the first unit scrimmage went three TDs to two, and Memphis picked up a safety, when a Stinnett back had to retrieve a loose fumble behind Stinnett's goal line.

Stinnett scored both TDs in the first possession, they drove down the field and scored on a pass play in the opening series of downs, then scored on a long screen pass play on the last play of their first possession.

Memphis came back on an end sweep play with Paul Fowler carrying the football, after split end Ronnie Browning caught a fine pass from Mike Browning to give the Cyclone good field possession on an early play in the series.

The second Memphis TD came on a beautifully executed deep pass play as QB Browning pegged the football to flanker Larry Johnson who had gotten behind his defender before the local team's first possession period expired.

The second units of the varsity squads took over after this, and both teams second units each scored. Wayne Davis quarterbacked the second unit for Memphis, and local fans were certainly complimentary of the aggressive play of the second unit on both offense and defense.

Coach McMurray said he felt that the first unit scrimmage at this point was all tied up. The second period of the scrimmage, however, went Memphis' way in the opinion of local spectators. Stinnett's offense, after Memphis has made some adjustments

### LWP Work To Begin

## Site 4 Low Bid Is In Estimated Limits

Construction work on the first site of the Lakeview Watershed Project will begin in 20 days, U. S. Representative Bob Price announced, after his office was notified of the opening of bids on Site 4 by the State Soil Conservation Office this week.

Congressman Price was notified Tuesday by the SCS office that bids on Site 4 were opened and Depauw Construction Company of Amarillo was the low bidder. Their bid was \$490,328.25, which is within the estimated limits set by the Soil Conservation Service office.

The Site 4 work includes movement of 500,000 yards of earth and when the floodwater retarder structure is completed it will hold about 200 acre feet of water at the principal spillway.

All bids submitted on Site 4 in May were rejected by the Soil Conservation Service because they

in personnel and assignments, was almost completely shut down in the second half of the scrimmage. In one series, Memphis was able to dump the Stinnett backs for sufficient losses to score a safety.

Memphis' offensive unit took over, and even though the local team got on the scoreboard again with another well executed pass play from Browning to Frank Johnson, Coach McMurray said he was most pleased with his team's running attack against Stinnett's defense.

Stinnett intercepted a Memphis pass during the scrimmage, which Coach McMurray told Boosters was a good lesson, but one the team did not need to repeat.

In summation, the local coach said he was pleased with the overall effort, and with the team's ability to move the football on the ground.

"We want to have a well balanced offense, with the right mixture of running and passing," he said. He cited the work of the offensive and defensive line, and said the offensive line did well in both pass protection blocking and in play execution.

Coach McMurray cited his major concern now is defending against the pass.

Football fans are invited to attend the meetings of the Cyclone Booster Club each Tuesday evening at 8 p. m. in the Visual Aids Room. The club is currently erecting the schedule sign in the parking lot as one of its projects under the direction of Doc Saye. The club and the school are jointly funding the project.

Coach McMurray said that Quanah has a strong team and he expects the scrimmage Friday night to be a real tough test for the local team.

### Dove Season Opens Tomorrow

Lots of doves are seen in Hall County, and tomorrow is the opening day of the first part of a split season.

In the north zone, which includes Hall County, the season will be Sept. 1-Oct. 14, and Jan. 6 to Jan. 21. Shooting hours each day are 12 noon until sunset.

Daily bag limit for mourning doves is 10 birds with the possession limit set at 20.

Shotguns, which were unplugged last year for quail season, must be plugged to three-shell capacity for dove hunting, for it is a migratory bird.

### Hall Countians Attend Seminar On Solid Waste Disposal In Clarendon

City and County officials from the eight county North Rolling Plains Resource Conservation and Development (RC&D) project area attended a seminar on solid waste disposal systems last Thursday at Clarendon College in Clarendon.

Those attending from Hall County included Lee Vardy of Turkey, Tom Seay of Estelline, and the Hall County R. P. P. committee members W. B. Houser, Henry Gregory, Jim Chappell and Larry Rogers.

The material was primarily presented by officials of the Texas State Department of Health. Other speakers presenting material represented the Soil Conservation Service, Panhandle Regional Planning Commission and the Farmers Home Administration.

It was pointed out at the meeting that there are five areas requiring different types of treatment. These areas are determined by the total number of people contributing to the disposal system and the location of that system. Type I would be more than 5000 people, or within 300 yards of a public road. This type requires a modified landfill and daily compaction and covering. Type II would be from 3000 to 5000 people and the disposal system would be more than 300 yards from a public road. These systems require a modified landfill with twice per week compaction and cover. Type III is from 1500 to 3000 people and more than 300 yards from a public road. These require a modified landfill with compaction and cover each week. Type IV is less than 1500 people and more than 300 yards from a public road. These systems require a modified landfill with periodic cover and compaction - about once each 30 days.

City and County officials were encouraged by all agencies to utilize the assistance of the RC&D project to comply with the new laws and regulations. You may do this by contacting Henry Gregory, District Conservationist with the Soil Conservation Service in Memphis.

Here in Memphis, a good rain Sunday along with light showers on other days, including Wednesday evening, left an official measurement for the week at one inch, according to Rayford Hutcherson, official weather observer.

Some reported one and a half inches for these rains. Other amounts were estimated in the west-half inch range in the areas north and south of Memphis.

Henry Gregory of the Soil Conservation Service Work Unit, here, was displaying a cotton stalk which one of the conservationists pulled in the Lesley area. It contained 42 large bolls on the

### Rains Continue To Brighten Crop Outlook In Area

Hall County, especially in certain areas, has had another good week of rainfall, coming on the heels of other weeks of worthwhile moisture.

This situation has made prospects for an abundant cotton harvest even brighter, reports indicate from over the area.

Farmers to the north of Red River in some instances would certainly appreciate a continuation of rain prospects until they receive sufficient moisture to make the 1972 crop; but reports from farmers south of the river indicate in many instances, moisture amounts are already sufficient to make one of the finest crops in many years if favorable weather continues through the growing season.

Some reported one and a half inches for these rains. Other amounts were estimated in the west-half inch range in the areas north and south of Memphis.

Henry Gregory of the Soil Conservation Service Work Unit, here, was displaying a cotton stalk which one of the conservationists pulled in the Lesley area. It contained 42 large bolls on the

### Estelline Rites Held Wed. For Homer E. Bell

Funeral services for Homer Edward Bell, 65, former Estelline resident, were held at 2 p. m. Wednesday, Aug. 30, in the First Baptist Church at Estelline.

The Rev. Jack Tudor of Childress officiated. Burial was in Hulver Cemetery at Hulver under the direction of Spicer Funeral Home.

Mr. Bell passed away Monday in Southwest Medical Center in Liberal, Kans.

He was born Nov. 3, 1906, in Temple and was united in marriage to Miss Martie Patterson Sept. 29, 1932, at Altus, Okla. Mr. Bell, a farmer-rancher, was a resident of Estelline from 1906 until 1962 and had been a resident of Liberal for the past 7 years.

Survivors include: his wife, Murtie; two sons, J. L. of Lamar, Colo., and Will Ed of Houston; two daughters, Mrs. Ernest Temple of Colorado Springs and Mrs. Clifton Smith of Tell; one brother, J. C. of Lamar; four sisters, Mrs. Marvin Leary of Childress, Mrs. A. G. Robertson of Houston, Mrs. Jimmy Fern Howard of Bryan, and Mrs. Lucille Johnson of Wichita Falls; two stepdaughters, Mrs. Jim Moore of Dallas and Mrs. Carl Sims of Happy; and 10 grandchildren.

Funeral bearers were John Howard, Truitt Bell, Smokey Bell, Monte Campbell, Ed Leary, Stanley Bell, Mike Howard and Bob Patterson.

### Methodist Church At Lakeview To Have Revival

The Lakeview United Methodist Church is planning a Revival meeting for Sunday, Sept. 10, through Sunday, Sept. 17, Pastor John Dorn announced.

Dr. Hubert Thomson of Pampa will be the evangelist for the Revival. He is an associate member of the Ed Robb Evangelistic Assn. with headquarters in Abilene.

"We cordially invite everyone to make their plans now to attend the services of the Revival and hear Dr. Thomson," Rev. Dorn said.

The club's next regular meeting will be at 6 a. m. Wednesday, Sept. 6 at the Big O Restaurant.

### County Residents Now Insured For \$138,003,000 Total

A sign of the times, for the average Hall County family, is the extent to which it is protected against the financial hazards of daily living.

It has unemployment insurance, health insurance and life insurance, to mention the major ones. And, on the long-range side, it has such other bulwarks as social security, private pension plans and personal savings.

With respect to its life insurance protection, it is more heavily covered at the present time than it has ever been.

One explanation for this lies in the fact that the economic position of most local families has improved, enabling them to broaden this form of protection and to put more money into their bank accounts and investments.

The result is that the capital amount of life insurance in force in Hall County has climbed to an estimated total of \$138,033,000.

The facts and figures on the distribution of insurance, nationally and by states, are presented in the latest Life Insurance Fact Book and in other reports.

They show that the lives of Americans are insured for a tremendous sum of money, more than \$1.5 trillion. And this does not include the substantial sum issued to veterans through the federal government.

Texas County State's share of this total is listed at \$78,793. (Continued on Page 10)

**RATTLESNAKE**—Pictured above is James Hansard, with the largest of the 10 rattlesnakes he has killed this summer. The snake measured 48 inches, and is pictured after his rattlesnake had been removed. James reports that about 20 rattlers have been killed by the Hansards this summer. He's making collection of the rattlers from the snakes.

### Kiwanis Club Here Installs Officers

The Kiwanis Club of Memphis installed officers at the Wednesday morning meeting, and the club is making plans for charter night scheduled now for Tuesday, Sept. 26.

Plans for charter night will be announced later, it was indicated. Kiwanis Lt. Governor Curtis Ford from Amarillo was on hand for the installation of local club officers Wednesday morning at 6 a. m. in the Big O Restaurant.

### District Judge Graduate Of Judiciary Study

Judge Robert E. Montgomery of Memphis was recently graduated from an intensive program at National College of the State Judiciary, located at Reno, Nev.

The four-week program is designed to bring to judges the latest developments in the law along with other subjects of particular interest to the judiciary. Included in the curriculum are court administration, community relations, law, civil proceedings, criminal and civil law, special sessions in the judicial function, procedure, sentencing and probation.

Judge Montgomery, in seeking to perfect his role as both lawyer and effective public servant, attended daily lectures and participated in numerous discussion groups during the session. He was among 250 judges from throughout the state who were on their vacation time, to complete the course of study.

The National College of the State Judiciary was founded in 1934 for the purpose of providing continuing legal education for the nation's judges of general jurisdiction. Since then the college has been a major activity of the American Association of State Trial Judges, which has expanded to meet the educational demands of the profession and limited jurisdiction courts as well. The college's programs are funded by the Max C. Shumann Foundation and the Kellogg Foundation.

After completing the basic program of the college this summer, Judge Montgomery is now eligible to attend future graduate programs conducted by the college.

**1972 MHS CHEERLEADERS**—Pictured above are the 1972 Memphis High Cheerleaders and their mascot, little Miss Lisa Fields, daughter of Mr. and Mrs. Jimmy Fields. On the back row, left to right are: Terri Rogers, a junior, Susan Godfrey, a junior, and Jennifer Pate, a senior. On the middle row from the left are: Jodie Miller, head cheerleader, a senior, Debbie Gilbert, a sophomore, and Debbie Roden, a sophomore. The MHS Cheerleaders earned three blue ribbons and two red ribbons at the S. M. U. Cheerleaders School this summer in Dallas. The Cheerleaders are asking for an all out public support in backing the football team this season.

### Holiday Death Toll!

The Labor Day Weekend, coming up this weekend, from 6 p. m. Friday to midnight, Monday, September 4, could be the end of the road for four dozen Texans. Death for these four dozen will come as the result of highway vehicle accidents as their bodies will be crushed, mangled, broken and torn by twisted steel and glass as the end result of yet another holiday season of tragic highway deaths.

What will be done to try and save the lives of these predicted four dozen Texans? Probably as much as can be short of restricting freedom of movement on our highways. How effective will these efforts be? Unfortunately, all the appeals for citizens to join in efforts to save lives during the holidays by "Driving Friendly" will be only nominally successful.

One effort possibly does more than anything else to curb the number of accidents, and this is the Texas Dept. of Public Safety Highway Patrolmen working full force. These patrolmen will be making full use of radar and breath testing instruments in an effort to curtail the major cause of fatal accidents—excessive speed and drunk driving.

But even these efforts, past experiences have shown will not prevent the doomed four dozen from meeting their fate on our highways this weekend. Col. Wilson E. Spier, director of the Texas Dept. of Public Safety said the DPS and local law enforcement agencies will be taking all possible steps to reduce the holiday death toll. "The responsibility for accident reduction rests in the hands of individual Texans. I am appealing to all our citizens to join with us in saving lives by 'Driving Friendly,' both during the holiday and throughout the remainder of the year," Spier said.

Gov. Preston Smith announces that members of the Texas National Guard will also be riding with patrolmen in certain areas of the state to allow more units to be on the highways.

Motorists are being asked to check out safety features of the vehicles, for two per cent of all fatal accidents on Texas highways are caused by mechanical failures. Also, unlicensed drivers are warned not to jeopardize their lives, because last year seven per cent of all 3,594 Texas traffic fatalities involved the unlicensed driver.

The Dept. of Public Safety lists these four rules as steps Texas drivers need to observe if the actual death count is held way below the estimated 48 lives to be lost. They are:

1. Don't mix gasoline with alcohol.
2. Use seat belts. Your chances of survival in a major accident are five times greater when you are buckled up.
3. Slow down, drive according to the traffic, weather, vehicle condition, and your own physical condition. Lives lost do not make up for the small amount of time you think you save!
4. Obey all traffic laws. They were ordained by Texans to keep the Texas motorist safe and alive for all times!

### Danger For President

Since President Nixon's Phase 2 wage/price controls went into effect, the wholesale price index has risen at an annual rate of 5.7 per cent, or about half of one per cent faster than during the period immediately before Phase I Controls were imposed. Last week, the Bureau of Labor Statistics reported wholesale prices during July rose by 0.8 per cent, the sharpest rise in five months. These facts seem to indicate the President's control plan is not working.

With retail prices almost certain to follow the wholesale increase, this could prove to be one of the crucial issues in this fall's presidential campaign. The public has a habit of not listening too closely as long as the issues don't hit too close to home, but the average citizen will come out fighting if and when he's hit in the pocketbook. So unless the administration can get a better arm lock on runaway inflation, Nixon may experience a protest reaction at the ballot box.

## ACROSS THE DESK

What Other Editors Say

### Population Worm About To Turn

Maybe you didn't notice in the Dispatch "want ads" last week that Postex Plant is advertising for help again. If you were a reader of area newspapers, you also would have noted that such Postex help wanted ads also appeared in the Tahoka and Slaton papers.

It doesn't mean that Postex wants to add a new shift, or anything like that.

Company officials tell us that they constantly are in the market for replacements due to labor turnover, but that these are not exactly easy to come by anymore.

At a time when finding a job is a problem in most cities of this nation—and when this fall there are 30,000 teachers for example without assignments—the Post employment situation should be underscored.

Making the "advertising best" up and down Main Street we hear the frequent cry for good help from the merchants too. The lumber yards will tell you that skilled workers in the building trades here are few and far between.

Restaurants are continually looking for hands. Most small towns today are "labor starved". We see this as

the first sign that the worm is about to turn—that the population flow, which has begun from the cities to the suburbs, is now going to flow from suburbs to small towns.

If the jobs are here, those looking for them will eventually find them—and rediscover the joys and blessings of "small town life" again.

—The Post Dispatch

### A Nation On Wheels

Judging by the statistics released by the Automobile Manufacturers Association, there is no question but that America is a nation on wheels.

If anybody does any walking, it sure isn't for any great distance. The records show that there are now over 100 million vehicles registered in the 50 states; 94 million passenger cars and almost 19 million trucks and buses.

Over 10 million automobiles were sold to John Q. Public last year—and according to the A.M.A., the new cars were better equipped than ever before.

Ninety per cent of the passenger car buyers insisted on automatic transmissions, V-8 engines and radios; 84 per cent purchased cars equipped with

power steering, and more than 50 per cent drove off in new cars with factory installed air conditioning and power brakes.

The records now show that eight out of ten U. S. households now own and operate at least one automobile. Perhaps even more interesting is the fact that nearly 30 per cent of all U. S. households now own two or more cars.

Travel in the family car is now calculated in the trillions of miles. If, on top of automobile travel, one adds that of buses, subways, bicycles, taxis, airplanes and the like, it is very clear that America is a nation "on the move."

year's \$8,744,000.

Memphis Democrat—Thurs., Aug. 31, 1972 Page 3

Dave Merrell of Clarendon spent the weekend with his grandparents, Mr. and Mrs. Dude Merrell. Sunday afternoon they took him home and visited in Clarendon.

The findings are presented in a copyrighted report, called "Survey of Buying Power," released by Sales Management. It contains data on how much was earned and how much was spent in every part of the nation.

According to recent reports on consumer feelings and attitudes, the general sentiment is one of guarded optimism. The belief is that things are getting better, and business is improving and that inflation is being brought under some control.

consumer seems to be holding his breath. It is difficult to reconcile his increased optimism about the present and his uncertainty about the future."

Buck Campbell and Lane Spear of Lakeview visited in the Fred Nivens home Sunday afternoon.

Hall County's market strength reflects the greater purchasing potential of its population. Local people were earning more and were therefore able to spend more.

The Conference Board, after a recent survey, reports that "the

Railroad-owned trucking companies operate 13,600 trucks.

Mr. and Mrs. George Proffitt had their grandchildren from Memphis visit them over the weekend.

Their net disposable income in the year, after payment of personal taxes, amounted to \$15,914,000.

Despite the fact that inflation continued to cut deeply into their purchasing power, they still had a greater amount left for discretionary spending than the year before.

And, with business indicators moving upward, consumers felt a greater willingness to buy. Although they did not go all out in their spending, they did loosen their purse strings sufficiently to give local merchants a good year.

Mr. and Mrs. Lee Eldon Wright and son and Dr. and Mrs. John Treewasher and son visited with Mrs. J. H. Wright over the weekend. They were on their way home from Colorado.

Just what this represented, in terms of the individual family, was found by dividing the dollar total by the number of households. It averaged out to a net, per household, of \$7,246.

The net result was that retail stores in Hall County were able to chalk up gross sales of \$9,142,000, bettering the previous

In The World Of Science—

Variable-Power Eye Glass Lenses May Be Available In Future Years

When one gets to be about 50 years old, one's eyes can no longer focus on nearby objects without some kind of ophthalmic aid. As the condition progresses with advancing age, one cannot hold the newspaper far enough away because one's arms are not long enough. One then resorts to clip-on spectacles to bring the newspaper to a closer, more comfortable reading distance. The final step is wearing bifocals to accommodate a choice of reading distances.

"There ought to be a better way to do this, because that's 200 years old," dating back to Ben Franklin's invention of the bifocal, recalled Nobel laureate Dr. Luis W. Alvarez at the Spring Meeting of the Optical Society of America in New York last April. At the meeting, Alvarez announced his invention of a variable-power thin lens, suitable for mounting in eyeglass frames.

While wearing spectacles fitted with the new lens, one simply turns a little knob until what is seen is most clear. The adjustable strength, or power, of the Alvarez lens is continuously and smoothly variable over its entire range, and is capable of correcting both far and near sightedness.

The new lens consists of a pair of identical, thin, plastic

elements that are flat on one side and curved on the other in accordance with a mathematical formula invented by Dr. Alvarez. The flat sides face each other in a sandwich arrangement. By adjusting the overlap of the two sandwich components, the lens changes its optical power.

Dr. Alvarez also has demonstrated his lens attached to simple cameras that are capable of focusing to very close distances without clip-on attachments. He says that cameras using his lens can be made more cheaply than cameras using conventional lenses and they would be more versatile.

Mrs. Patricia Bell Is Outstanding American Woman

The name of Mrs. Patricia Nivens Bell of Childress has been added to the list of women named as Outstanding Women of America.

She has been employed by Southwestern Investment Company in Amarillo from 1959 to 1960, Childress County Public Library as assistant librarian beginning February 1972. She is a member of the Lady Elks and served as treasurer in 1964. She is a member of the Texas Auxiliary and a director of volunteers.

Mrs. Bell has been a volunteer of the Red Cross Bloodmobile, Red Cross Drive, Cancer Drive, March of Dimes, and a vision test to pre-schoolers. She is a member of the Presbyterian Church and treasurer of the church since 1971.

In 1959, she graduated from Estelline High School, married Crews Bell on December 12, 1964, and they reside at 1307 Ave. D, Nw.

Mr. and Mrs. M. Glass were recent business shoppers in Childress.

Lovell Glass attended the late O. E. S. meeting at Hedley, to partake of servings recently.

TO LEAVE FOR HOLLAND—Mr. and Mrs. Jim Harison and their daughter, Christen Laine, of Austin will leave for Amsterdam, Holland about November 1. Mr. Harrison, who is the son of Mrs. Ruth Harrison of Memphis, is an employee of Texan Instruments Incorporated of Dallas. He will be working in Amsterdam as a programmer analyst with the newly-developed Advanced Scientific Computer. While living in Holland for approximately two years, they plan to tour various parts of Europe.

Mickey Daugherty To Teach At West Texas State

Mickey Daugherty, son of Mr. and Mrs. Edgar Daugherty, has been employed by West Texas State to teach, and he will also do graduate work.

He received his B. S. Degree from West Texas earlier this year majoring in physical education. Daugherty will be teaching physical education courses while working on his master's degree in education.

Daugherty, a graduate of Memphis High School, attended college before volunteering for military service. After being released from active duty, he returned to West Texas and completed his degree requirements.

Daugherty, an accomplished amateur golfer, will primarily be teaching golf classes to P. E. students at West Texas State.

Mr. and Mrs. Hiram Crawford had as a house guest over the past weekend Mrs. Jim Cornelius of Amarillo.

CRADLE ROLL CALL

Mr. and Mrs. David Lemons of Granbury are the parents of a son born Aug. 24 in Harris Hospital in Ft. Worth. He has been named Brandon Cole and weighed 5 pounds, 14 1/2 ounces. Maternal grandparents are Mr. and Mrs. James Weatherly and paternal grandparents are Mr. and Mrs. Zeno Lemons, all of Memphis.

Mr. and Mrs. Harold D. George of Groom announce the birth of a daughter on Aug. 23. She has been named Christina Jean and weighed 8 pounds, 12 1/2 ounces.

Mr. and Mrs. Gabriel Garza announce the arrival of a son, Gabriel, Jr., on Aug. 24. He weighed 6 pounds, 11 ounces.

Mr. and Mrs. Ruben Torres announce the birth of a son, Ruben, Jr., on Aug. 28. Ruben, Jr., weighed 8 pounds, 6 ounces.

lady, Adolar Revell, Michael Ray Thomas, Charles Carroll, Jessie Edwards, Jimmy Williams, Steve Law, Roberta Booker, Louis Green, Olga Garza and baby, DeAnn Halford, Zelpa Cooper, Minnie Anderson, Vera Howard, Bernardine Garrison, Pearlice McWhorter, Vertice Howard, Louie Halford, Earnistine Wilson, Patricia Smith, Fred Bourland, Johnnie Conner, Florence Duren, Louise Nunneley, Melvin Blum, Betty Driskill, Dorothy Prince, Polly Mestas and Earnest Thompson.

Pathfinders To Hold Bake Sale On September 16

The Pathfinders' Council announced this week that members will have a bake sale Saturday, Sept. 16, on the west side of the square in front of West Texas Utilities Company.

Persons who would like to place special orders for pastries should call Mrs. Fannie Mae Tiner, phone 259-2704, it was stated.

Public Notice

NOTICE OF BUDGET HEARING  
Notice is hereby given that the Board of Trustees of the Memphis Independent School District, Hall County, Texas, will be in session in the Superintendent's Office in the High School Building at 8 p. m. Tuesday, September 12, 1972, for the purpose of holding a Budget Hearing.

Any and all persons interested in the matter of the expenditure of school district funds during the next fiscal year are hereby notified to be present.

Bill R. Wood, Superintendent  
Memphis Independent School District  
17-1c

Animal Babies Arrive In Abundance At Stone Home

A "population explosion" in the animal world occurred at the J. T. Stone home on Wednesday night, Aug. 23.

The Stone's poodle, Dedie, gave birth to five puppies, two males and three females. At the same time, Mrs. Stone discovered that the family cat, Pickles, was also having a litter of kittens, five in number, all females.

Mrs. Stone reported that the next morning when the kittens were brought inside, the mother cat and the mother dog became confused thinking each had the other's babies.

Pall Bearers Listed For Sat. Rites Of Mrs. T. J. Dunbar

Serving as pall bearers funeral services held at 10:30 a. m. Saturday morning, Aug. 26, for Mrs. T. J. Dunbar were G. Tarver, Gayle Greene, Reg Greenhaw, Clarence Morris, T. Harrison and Fred Finch.

Honorary pall bearers were Jim Beeson, M. E. McNally, Foxhall, Dr. Stevenson, E. Roberts, C. L. Sloan, John Feller, Hiram Crawford, T. B. Gers, Tomie Potts, Leslie Ford, Wendell Harrison, Joe Montgomery, Ace Gailey, O. L. Helm, M. Coshy, E. E. Cudd, John Dyer and Paul Smith.

The Veterans Administration periodically advises veterans of the agency is not affiliated or private cemetery operators offering veterans burial plots "for or "at nominal costs."

### Approximately 50 Students Enroll In Colleges, Universities For Fall Term

A large number of college students have left the past few days to enter colleges and universities in Texas and other states for the fall semester. According to a list compiled this morning, the following are attending the universities:

- West Texas State University: Ann Lemons, John Carmen, Wynn, Larry Simpson, Kennon, Randy Davis, Gardenhire, Cindy Phillips, Kilpatrick, Mickey Douglass.
- Baylor University: Bobby Clark.
- Hardin-Simmons University: Larry Moss and Randy Dale.
- North Texas State University: Larry and Kathy Helm.
- University of Texas: Bruce Rose, Alan McNally and Lewis Foxhall.
- University of Missouri, Columbia, Mo.: Jane Drnbar.
- Oklahoma State University: Tony Pounds.

### Brice News

Mr. and Mrs. Noland Salmon and Rea left Thursday for their home in Upper Sandusky, Ohio, after visiting the past week here with his parents, the Roland Salmon.

Mrs. J. C. Johnson and Mrs. Max Johnson visited Thursday in Amarillo with Mrs. Alston.

Mr. and Mrs. Star Sachse of El Paso left Tuesday after visiting here with their relatives, the Johnsons. Mrs. Starr Johnson returned home with them Monday for a visit.

Mr. and Mrs. Weldon Edens and family of Ft. Worth visited here the past week with his aunt, Mrs. Roland Salmon and Mr. Salmon.

Mr. and Mrs. Doug Burgess & Karen moved Saturday to Clarendon.

### CARD OF THANKS

I wish to express my grateful thanks to Dr. Goodall and to Dr. Stevenson, to the nurses and all the hospital staff for their wonderful care during my stay in the Hall County Hospital.

Thank you for the lovely flowers, cards and visits. I am most thankful for the prayers of my many friends and loved ones. May God richly bless you.

Mrs. Albert (Buna) Gerlach

### Mr., Mrs. McIntush Attend Cancer Meet In Dallas

Mr. and Mrs. Floyd McIntush represented the Hall County Unit of the American Cancer Society at the Texas State meeting in the Adolphus Hotel, Dallas, August 23 and 24.

Approximately four hundred people attended the two-day conference. Dr. R. B. Caraway, Wharton, immediate past president urged, "It is your responsibility to find, influence, and make accessible to doctors the potential cancer patients that live in your own home town."

"Let No Women Be Overlooked", a film depicting the danger of uterine cancer, emphasized the pap smear, of which 87 per cent of the women in the United States have heard; 47 per cent have never had it. One salient goal of the Society is "A pap smear for every woman over twenty years of age by 1976."

During the past fiscal year \$533,864 was awarded to Texas for research. The members committed themselves to do more than ever to reduce death from cancer, and eventually help eradicate this second greatest killer of mankind. Of all the funds collected, 60 per cent was kept in Texas; 40 per cent was sent

into the national organization. The American Cancer Society has received 26 awards in 16 years for outstanding achievement the only organization to hold such a record.

During the meeting of District Three, conducted by Earl Jones, county and district goals were discussed.

Delegates attending the meeting included: Ray Ferguson, Floyd County; Dr. David Medkiff, Lynn County; Dr. Carl Page, Brownfield; Wayne Ratisseau, Brownfield; Gerald Woolam, Brownfield; Mrs. Harry Kleman, Mr. Harry Kleman, Nazareth; Mrs. Willard Henry, Cochran County; Mr. and Mrs. Floyd McIntush, Hall County; Mrs. L. C. McLain, Hart; Bill McDavitt, Service Officer, Lubbock; Mrs. Peters, Plainview; Mrs. Emerald Eppson, Dimmitt; Mrs. and Cleo Forson, Dimmitt.

### CARD OF THANKS

I want to take this means of thanking friends for the many kindnesses extended to me while I was a patient in the hospital after breaking my hip. I deeply appreciated the prayers, flowers, cards and calls, as well as visits. May God bless each of you.

Mrs. Nellie C. Curtis

Mr. and Mrs. T. C. Blackmon of Dallas were weekend guests in the M. Glass home.

There are about 250,000 school buses in the United States.

MRS. JACKEY LYNN SPIER

### Amarillo Rites Unite In Marriage Miss Nivens And Jackey Lynn Spier

Miss Shirley Ann Nivens and Jackey Lynn Spier were united in marriage in vows read in the Kingswood Methodist Church in Amarillo at 7:30 p. m., Tuesday, August 22.

The bride is the daughter of Mr. and Mrs. R. L. Nivens of Amarillo while the groom is the son of Mr. and Mrs. W. C. Spier of Fort Worth. The bride is the granddaughter of Mr. and Mrs. W. M. Gowdy, Sr., of Lakeview and Mrs. Virgie Nivens of Hedley. The groom is the grandson of

Mrs. Ruby Blanks Deary of Amarillo.

The Rev. Jim Uselton read the double ring ceremony before an altar flanked by two candelabra and centered by an archway of greenery.

Music was provided by Mrs. Joyce Smith of Perryton who also accompanied Jimmy Boliver as he sang "One Hand, One Heart." Given in marriage by her father, the bride wore a floor length gown of white bridal satin trimmed in white galloon lace. She carried a bouquet of white carnations attached to a white Bible.

The bride's attendants were her two sisters, Miss Teresa Nivens, maid of honor, and Miss Billie Faye Nivens, who served as bridesmaid.

They wore identical floor length dresses fashioned of light blue knit and accented with a white stranded petal clip worn in the hair. They carried bouquets of carnations tied with silver ribbons.

David Spier of Amarillo, brother of the groom, was best man. Danny Reed of Rising Star was groomsman.

Mrs. Sharon Boliver of Amarillo presided at the guest book. Immediately following the ceremony, a reception was held in the church parlor.

The bride's table was covered with a pleated white satin cloth and centered with an arrangement of blue and white carnations. The three-tiered wedding cake was topped with blue forget-me-nots. Miss Kathy Spier of Fort Worth, sister of the bride, served the wedding cake while Mrs. Judy Spier of Amarillo laded punch from the silver service.

For a wedding trip to Fort Worth, the bride chose a blue and white knit suit with matching accessories and the corsage from her bridal bouquet.

### J. T. Stones Are Hosts Sunday For Birthday Dinner

Mr. and Mrs. J. T. Stone were hosts for a birthday dinner Sunday, Aug. 27, in their home honoring Mrs. Stone's sister and brother-in-law, Mr. and Mrs. A. F. Carter of Chickasha, Okla., Miss Alice Dyer of Pampa and J. T. Stone of Memphis.

Those attending the celebration were three brothers of Mrs. Stone and their families, Mr. and Mrs. F. T. Dyer of Amarillo, Mr. and Mrs. F. E. Dyer of Pampa and Mr. and Mrs. B. B. Dyer of Pampa and children, Linda, Alice, Carol, Perry, Michael, Tarrell and Laura; and two sisters, Mr. and Mrs. A. F. Carter of Chickasha, Okla., and Mr. and Mrs. E. M. Green, also of Chickasha.

### Mrs. O. Crisman Is Hostess To Plaska Sewing Club

The Plaska Sewing Club met Thursday afternoon Aug. 24, in the home of Mrs. Odessa Crisman.

The afternoon was spent embroidering pillow cases for the hostess.

Refreshments of tea, coffee, sandwiches, cake sherbet and nuts were served to Mmes. Hub Holt, T. J. Spry, Stacey Waites, Arvin Orr, Brown Smith, Elem Orcutt and the hostess, Mrs. Crisman.

### Baptist Women Attend WMU House Party At Baylor

A group of Baptist W. M. U. women from the Baptist Panhandle Association attended a WMU house party at Baylor University in Waco Aug. 21 through Aug. 25.

Conferences on all phases of WMU work were held and also several missionaries gave their experiences.

Attending were Mmes. Frank Ellis, Henry Hays and Theo. Swift from First Baptist Church, Memphis; Mrs. Lynn Jones, Travis Baptist, Memphis; and Mrs. W. R. Lawrence of First Baptist Church, Clarendon.

The bride is a graduate of Amarillo High School and attended Amarillo College. She was employed with the American Quarter House Association.

The bridegroom is serving his fourth year with the U. S. Navy and is stationed aboard the U. S. S. Samuel Gompers-destroyer tender just recently back from a 9 month overseas tour.

The couple will be at home in San Diego, Calif., until he completes his navy duty.

Mr. and Mrs. B. C. Johnson and Mr. and Mrs. M. Glass attended the Lion's annual chicken barbecue at Hedley Park Saturday evening.

### Increase In S. S. Checks In County Will Be \$266,000

NEW YORK, July 24 — How much do Hall County residents stand to gain as a result of the hike in social security payments, soon to go into effect.

What will be the average size of retirement checks to local beneficiaries, under the new schedule.

Based upon the latest figures from the Social Security Administration, which give the number of recipients in the area and the amount they were getting at the beginning of 1971, their total benefits will be approximately \$266,000 greater per year than they were before.

During the last four months of this year, when the new rates will be effective, their payments will rise by \$88,000.

The new bill, as voted by Congress, provides an across-the-board boost of 20 per cent for the 28 million retired or disabled workers and their dependents who are getting social security checks.

Under the new scale, the annual payment for a retired single worker would go from an average of \$1,596 to \$1,932; for the average retired couple, from 2,676 to \$3,240; for the single worker with maximum benefits, from \$2,592 to \$3,096, and, for the couple getting maximum, from \$3,888 to \$4,632.

Just how much a worker collects after retirement is directly related to his earnings during his active years and, in turn, to his

CARD OF THANKS  
To all the many friends who have been so helpful to us at the loss of our loved one, we express our most sincere thanks. Also thanks for the flowers, cards, phone calls, visits, food and many other acts of kindness.

The family of Charlie Foster

Mrs. E. M. Sewell of Lubbock was a weekend guest of her aunt, Mrs. C. G. Smith. Also visiting in the Smith home this week is another niece, Mrs. J. A. Gibbons of Pasadena. Mrs. Smith will accompany Mrs. Gibbons home at the end of the week and visit there with her and with the Don Tyler family.

Territorial government was granted Alaska Aug. 24, 1812.

contributions to the pension fund. The latest annual report of the Social Security Administration shows payments going to Hall County beneficiaries at the average yearly rate of \$1,021 per recipient. Beginning in the early part of October, when the first checks will arrive, covering the month of September, the local average will be \$1,225 per year. What adds up to, for the local community as a whole, is pension receipts next year of approximately \$1,598,000, as compared with the 1970 total of \$1,332,000. The increases will be automatic. No application for them need be made. As for the rise in the tax rate needed to pay for the big benefits, there will be none until January 1st according to the new legislation.

ing in Hall County Herit-  
the past week was 16½  
and weight of 385 pounds of  
Bill Leslie had as his  
his brothers, Hillery of  
Mich., and Hubert of  
Calif. These three brot-  
were in assorted shapes and  
They have three sisters, 2  
at Albuquerque, N. M., and  
at Decatur. This family re-  
had a reunion in Albuquer-  
the first time they had all  
together since 1917. This  
was reared near San An-  
at Luling. The parents of  
family, Mr. and Mrs. H. Les-  
(now deceased), moved to  
Texas in 1923 to Lubbock.  
who has lived at Montica,  
since 1925 seems to be  
in offspring, 7 child-  
grandchildren and 4 great-  
children. Bill came in se-  
with four daughters and 11  
children. Hillery came in  
place with two sons and two  
children. He has lived in  
since 1965. I asked the  
brothers for an interesting  
of their early days. They  
very hesitant on this sub-  
but I finally did get this  
story that happened when  
were teenagers. That was in  
when cigarettes were not  
made. You had to roll your  
It seems that Bill thought  
an expert on tobaccos. So  
of the boys bet Bill a dime  
they could blindfold him and  
could not tell the difference  
between P. A. and Duke's Mix-  
Anyway he was blindfolded  
got along pretty good on  
passing on the first two that  
rolled, but the third one  
which he said was the nast-  
taste and smell, and one puff  
him sick. Of course, he  
to know the kind of to-  
they had used. They re-  
the blindfold and showed

not Bull Durham.

and Mrs. Dewey Britt had  
their guests in Hall County  
are Hall Dewey's two sis-  
Patsy (Britt) Clayton of  
and Ruth (Britt) Chamber-  
of Nacogdoches. They are  
daughters of the late Mr. and  
K. A. Britt who moved to  
County in 1913 where they  
their home west of Estel-  
near Hulver. There were 10  
in this family, Hoy and  
now deceased. Other mem-  
of this family now living are  
of Pampa, Helen of Can-  
Nona of Amarillo, Leonard

of Austin and Paul of Amarillo.  
All of this family attended school  
at Hulver where they had a high  
rated scholastic high school. Some  
of the teachers Ruth and Patsy  
remembered were Clarence Dan-  
iel, W. A. McIntosh, Mrs. White  
and Mr. Dalrymple. Patsy gradu-  
ated from Hulver High School.  
She attended West Texas State  
University and Tyler Business  
College, then to Wichita Falls  
where she met an oil man, Wal-  
ter Clayton. They were married  
by J. Frank Norris in 1926 at the  
First Baptist Church of Fort  
Worth and lived in Denver, Colo.,  
New York City, California and  
Dallas. Walter passed away in  
1956. They have one son, Bill,  
who is now living in Dallas. Ruth  
graduated from Portales, N. M.,  
High School. She remembered at-  
tending Clarendon College when  
Geo. S. Slover was pres., of this  
college. Both of these girls were  
school teachers. The first school  
that Pat taught in was "Purple  
Hill" in Hall County and she  
boarded with the O. L. Tucker  
family. Ruth left Hall County in  
1917 and her first school was  
Knox City. Ruth and C. K. Cham-  
berlain were married in 1929.  
They moved to Nacogdoches  
where Mr. Chamberlain was in the  
history department of Stephen F.  
Austin College for several years.  
He passed away the past June.  
Both Pat and Ruth were born at  
Timpon. They could join me in  
that song, "Teneaha, Timpon  
Bo-Board Blair".

Mrs. Jessup Rice and her  
daughter, Ouida, and son-in-law,  
Ed Bost, of Arlington were vis-  
itors in Heritage Hall Thursday.  
Mrs. Rice will be remembered by  
some "old-timers" as Clara Co-  
wan. I first knew Clara in 1907  
when she was staying in the Mc-  
Came home before the water works  
were put in Memphis. At that  
time, the McCanne home was lo-  
cated on 12th and Main where  
he had a good well and large  
water tank and we piped water  
across Brice St. where we had a  
"Chas. Scott Special" Sheet-iron  
bath tub after graduating from  
a No. B wash tub. Clara and Jess-  
up married in the McCanne home  
in 1914. Mr. Rice worked in the  
post office for 28 years. They  
left here in 1940. They have the  
two daughters, Ouida Bost of  
Arlington and Ina Nell of Plano,  
five grandchildren and five great-  
grandchildren. Ouida married Ed  
Bost who said he remembered  
playing baseball here in 1937.  
Some of the boys he remembered

on the team were J. D. Sims,  
Chas. Stewart and Geo. Thomp-  
son. Ed has now retired from  
teaching in the Arlington college.  
Ouida has been working for the  
Arlington Bank and Trust for the  
past 20 years where she is now  
employed. They have two daugh-  
ters and four grandchildren. Oui-  
da graduated from MHS in 1933.  
Lula Faye Oren and Nell Walker  
she remembered were in her class.

This group of people were here  
for the final rites of Mrs. Chas.  
Oren. I can remember in the early  
days of Clara having a very pret-  
ty sister. I thought she had the  
prettiest red hair of anyone. I  
asked Clara about this sister, who  
is now Mrs. Cuthbert of Califor-  
nia and says she still has that  
pretty red hair. Some of you will  
remember this sister, Pearl, who  
married Bob Reed, brother of  
Mrs. Paul James, Bob passed a-  
way in Dallas where they moved  
from Memphis.

Mrs. Vernon Williams and son,  
Vernon, Jr., were visitors the  
past week from Chillicothe. This  
family operated a drug store here  
for several years before moving  
to Chillicothe where they operat-  
ed a drug store for 30 years. Ver-  
non Sr. passed away in 1950. The  
daughter, Annie Ruth, is now  
Mrs. Tabor who lives at Chilli-  
cothe. Mrs. Williams could re-  
member when so many of us here  
drove to Wellington over rough  
roads at night to see the first  
talking picture show which was  
"Old Man River".

We had visiting in Heritage  
Hall the past week members of  
the family of the late Mr. and  
Mrs. Chas. Oren, long-time re-  
sidents of Hall County. Mr. and  
Mrs. Oren moved from Kansas  
City to Canyon and on to Anson  
and from Anson to Memphis in  
1909 after completing his edu-  
cation as an optometrist and  
jeweler. He first worked with Mr.  
Trulove on the east side of the  
square and later had his place of  
business in a local drugstore, be-  
fore moving to his locations of  
his own. I remember one place  
was on Main St. before moving  
to Noel Street where Elmont  
Branigan operated the jewelry  
business and Mr. Oren kept his  
optometry business. I was told by  
some one that Joe Montgomery  
was the one who started the nick-  
name "Fussy" for Mr. Oren when  
he had his business located in the  
drugstore. That nickname was  
just opposite of what he was  
with his quiet disposition. Mr.  
Oren passed away in 1956. The  
family was here the past week  
for the final rites of Mrs. Oren  
who passed away at the age of  
96. Katherine (Oren) Wilkerson  
graduated from MHS in 1928.  
She married Gilbert K. Wilkerson  
and they moved from Hall Coun-  
ty in 1933. They are now living  
at Paoima, Calif., and they have

one son, Kenneth, of Panaroma,  
Calif. Kenneth Wilkerson was  
here for the funeral of his grand-  
mother.

Lula (Oren) Singleton of  
Sacramento, Calif., graduated  
from MHS in 1933. She married  
Raymond Singleton. They left  
Hall County in 1945. They have  
two daughters, one in El Cen-  
tro, Calif., and the other one in  
Sacramento working for the  
California Pharmaceutical Assn.  
Kenneth Oren was a graduate of  
the 1934 MHS Class. The ones  
Kenneth remembered working for  
here in moving picture show busi-  
ness were Hollis Boren, J. L.  
Haas, Max McClure and R. E.  
Martin. He moved to Pecos in  
1940 and has been with the post  
office in that city for about 20  
years, Kenneth has five children  
and seven grandchildren. All of  
Kenneth's children were here, but  
I did not get their names. All  
three of the children of Mr. and  
Mrs. Oren were born in Hall Coun-  
ty. The Oren family brought us  
the first engraving machine that  
Mr. Oren used to be placed in  
Heritage Hall.

Mrs. D. M. Jarrell has as her  
guests in Heritage Hall, Mrs. Jack  
Jarrell and daughter, Janis (Jar-  
rell) Harrison and Steven Mc-  
Pherson of El Cajon, Calif. Mrs.

Jarrell is the wife of the late Jack  
Jarrell, son of Mrs. D. M. Jarrell.  
Mrs. Jarrell will be remembered as  
Twilite Mae Gibson of Amarillo.  
They have lived in Califor-  
nia the past 14 years. The P.  
V. Gibson family had a reunion  
in Amarillo the past weekend.  
Mr. and Mrs. P. V. Gibson (now  
deceased) had the three girls and  
four boys now living. This little  
granddaughter of Mrs. D. M. Jar-  
rell's, I thought should be about  
12 years old, but she said she had  
been teaching school the past  
four years. Time marches on.

While visiting with Roy Gresh-  
am and D. C. Messick over a  
cup of coffee a few days ago,  
they reported that they had plenty  
of beef to barbecue for the Hall  
County picnic the third Sunday  
in September, which is the 17th.  
I think D. C. is one of Roy's beef  
rustlers.

Others visiting in Heritage Hall  
were Mrs. Jim Huffman of Los  
Angeles, Calif., Barbara and Kim  
Livengood of Bakersfield, Calif.,  
Chas. and Annette Newcomb of  
Lincoln, Calif., also, Mrs. Jim  
Daugherty of Lincoln. This group  
was visiting Missouri, when Mr.  
and Mrs. Newcomb found their  
son, Brian, had moved from

Columbus, Ohio. They came to  
Texas to check on this son and  
see what kind of town he was  
living in and the place he worked  
at which is the DeRose Mobile  
Home factory.

two-year-old daughter. They were  
surprised that we had so many  
items on display.

I believe it was Art Linkletter  
who said "People Are Funny"  
and I believe he is right. In read-  
ing last Sunday's paper, I read of  
this man who had to move out of  
his home until the final decree of  
his divorce he was trying to get.  
He was getting this divorce on  
the grounds that he had been  
married to this woman for three  
years and she had never taken a  
bath! He must have been one of  
these funny persons to stay with  
that three years!

Another item I read which was  
very interesting was that a wo-  
man in San Francisco was living  
in a trailer house with 26 cats.  
This must have been a funny wo-  
man, too!

Where we say  
our school, not  
the school

Big city schools have little  
school spirit. Little sense  
of belonging. Little pride.  
School is a job at a very  
early age.

Our schools are important.  
We take a special interest  
in our children, their friends  
and their teachers.

We keep track of our  
graduates. We like to share  
in their successes and like  
to have them feel they  
always have a home  
community. Our community  
is proud of them. Because  
they belong to us.

Good school spirit is an  
important part of good  
community spirit. It makes  
everything more worthwhile.

# Marvin Spencer Is Borger Mgr. Of Ideal Foods

Marvin Spencer has been recently promoted to Manager of Ideal Food Store in Borger. He has been the store's assistant manager for the past several years.

Marvin is the son of Mr. and Mrs. M. C. Spencer of Memphis, and a 1964 graduate of Memphis High School. He went to work for Ideal Foods in Pampa in 1964, and moved to Borger in 1965 to work in the store there.

He began his career of working in a grocery store with Valance Food Store here. Marvin married the former Linda Myers of Memphis and the couple have two children.

After tropical storm Agnes, the Veterans Administration put into effect disaster relief measures to assist veterans whose homes were damaged or destroyed.

**RECEIVES SCHOLARSHIP**—David McKay, son of Mr. and Mrs. Argie Lee McKay of Memphis has been named to receive the Delphian's Scholarship for the coming year to Clarendon College. He was chosen for his abilities and scholastic achievements. The scholarship will provide a year's tuition to the college.

## Rains Continue—

(Continued from Page 1)  
stalk. This was taken from a dry-land field, skip-row crop. Gregory said several had estimated that the field will harvest a bale and a half per acre.  
"I saw some cotton stalks actually broken and lying on the ground from being overloaded with cotton bolls," Gregory said.  
It is more common for cotton stalks to bend from abundant bolls but this is the first report received of stalks actually breaking.  
Gregory also reported that farmers from the Turkey area have said that their cotton looks even

better than some of the fields north of Red River.  
The Turkey area has received several good rains throughout the summer, it was reported.

### Friendship

There is a natural protective shield around a friendship that extends its endurance because of an instinctive understanding. To ask too much would often destroy some of the internal strength needed for years of a pleasant relationship. The condition will vary on the personalities involved and a knowledge of each other.  
—Douglas Meador in The Matador Tribune

## Cyclone Band Boosters To Meet Tuesday

The Memphis Cyclone Band Boosters will meet at 7:30 p. m. Tuesday, Sept. 5, to make plans for the coming year.

This will be the first meeting of the Band Boosters this year. All are invited to meet in the Band Hall at the High School Building.

Among the items to be discussed will be the election and selection of new officers for the coming year.

### Reclaiming Fishhooks

Recycling is the "thing" of the day. Next best to recycling is reclaiming.

With the price of fish hooks high (and what isn't!) you may want to give tender-loving care to the hooks you have.

Too many of us take up our trotlines, throwlines, droplines, or whatever, and simply dump them on the garage floor, or on a shelf, or in a box... and there they stay until next season, or the next fishing opportunity presents itself and the result is heavy rust-covered hooks.

Today's hooks are well built, patiently designed and are given all thought possible by the manufacturers. But most hooks still are not rust-proof. Salt water really takes its toll of hooks, including those on lures and especially the all-important barb.

Rusty hooks can be cleaned

with WD-40 rust remover or Liquid Wrench or any other type of rust absorbing chemical.

## Clean-up To Be Thurs., Sept. 7 At Lakeview Cemetery

A cemetery working will be held Thursday, Sept. 7, at the Union Hill and Odd Fellows Cemetery at Lakeview, according to Mrs. Nettie Adams, secretary.

Interested persons are asked to come and bring a basket lunch and work tools. Dues are \$2 per grave and may be brought or mailed to Mrs. Adams at 814 Dover, Memphis.

"RED SUN"

starring Charles Bronson, Ursula Andress

## County Residents—

(Continued from Page 1)

\$00,000, a big increase over the \$30,743,000,000 reported 10 years ago.

Just how much does this boil down to at the family level? The findings are that the average family in the state carries an amount of insurance that is equal to 25.9 months of its net earnings, after taxes.

Applied to Hall County and to the average level of income prevailing in its area, ownership of life insurance comes to approximately \$17,050 per family locally. This is considerable more than in many sections of the country and is close to twice the total held 10 years ago.

Although ordinary life insurance continues to be the choice of most families, there has been a rapid rise in group insurance, which is usually job-connected.

## News About Insurance And...

Have you been impressed as I with the cheery greeting of the telephone operators on long distance calls? If you haven't made one recently, it is, "Good morning! May I help you?"

I copied this poem in a little cafe in Saguache, Colorado, a small town in the mountain foothills:  
Good luck to you, old ridin' pard.  
May your first loop always hit.  
May your pony never set up hard,  
And your dally never slip.

I immediately thought of some of our old timers—Arthur Eddleman and the late Frank Finch.

Are you keeping a "proper lookout" at unmarked street intersections? Are you looking both ways for approaching traffic? Are you prepared to yield to the driver approaching from the right? These are vital questions relating to liability involving accidents occurring at an intersection which has no stop or yield signs.

Are you sure that your pickup "camper" or "topper" is insured? It must be shown in your policy, and if you haven't done so, may we suggest that you check with your agent.

The great things of this world is not so much where we stand, but in what direction we are moving.
