## General Election To Be Tuesday

Polls will open at 8 a. m. Tuesday, Nov. 7, for the 1972 General Election. Voters will have until 7 p. m. to mark their ballots before they are closed.

This year, voters in Memphis Boxes No. 1 and 13 will not have to climb stairs to vote as the balloting will be done in the Memphis Community Center. Signs will be placed on doors to guide voters where to cast ballots.

Balloting in Estelina, Lakeview and Turkey will be done in the usual voting spots, the city secretary's office next to the post office in Estelina, the Elementary School Auditorium in Lakeview, and the City Hall in Turkey.

Here in Memphis, voters in No. 13 will cast ballots in the south section of the auditorium and No. 1 voters will cast their ballots in the north section of the auditorium in the Community Center.

This is the first year the Community Center has been used for voting. City and school elections have been held in the Municipal Building in the past, as have been the Republican party primary elections. There are no stairways to climb.

Mrs. Ruby Goodnight, county clerk, reported today that 195 absentee ballots have been placed in the hands of voters, and tomorrow is the last day for absentee balloting. The office will close at the regular time. Those with mail out ballots must have their ballots in the clerk's office before 1 p. m. Nov. 7 by having them post marked on Nov. 6. If the ballots arrive later than 1 p. m. Tuesday by mail, they will not be counted.

The ballot contains 14 Texas Constitutional Amendment propositions and long listings of party candidates from the Democratic Party, Republican Party, Socialist Party, Raza Unida Party, and a column for Write-In.

Special instructions at the top of the ballot direct voters to place an X for the candidate of their choice, or vote for all the candidates from a particular party by placing an X at the head of the column.

A heavy turnout of voters is expected, if absentee balloting is any indication.

Races attracting the most interest are: For President and Vice President, (D) George McGovern and R. Sargent Shriver, (R) Richard M. Nixon and Spiro T. Agnew; For U. S. Senator, (D) Barefoot Sanders, (R) John G. Tower; For U. S. Rep. (D) Graham Purcell, (R) Bob Price; For Governor (D) Dolph Briscoe, (R) Henry C. (Hank) Grover; and For State Rep. (D) Phil Cates, (R) Tom Christian.

### Services Held Today For Mrs. J. B. Burnett

Funeral services for Mrs. Addie C. Burnett, 86, a resident of Memphis for 64 years, were held at 2 p. m. today in the First Baptist Church here.

The Rev. C. H. Murphy, pastor, and the Rev. Tommy Nelson, pastor of the First United Methodist Church, officiated. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. Burnett passed away at 11:40 a. m. Tuesday in Cousins Nursing Home here.

Addie C. Gann was born Oct. 14, 1886, in Milan County and was united in marriage to John B. Burnett Feb. 27, 1907, at Cameron. She moved to Hall County in 1908 with her husband who was a farmer and then moved to Memphis in 1935.

Survivors include: one daughter, Mrs. John Holcomb of Wheeler; three sons, John L. and Barney L., both of Memphis, and Bluford I. of Carlsbad, N. M.; two brothers, Loyd Gann of Dallas and Elmore Gann of Anaheim, Calif.; seven grandchildren and 12 great-grandchildren.

Pall bearers were Dwight Betts, J. M. Ferrel, Worth Howard, R. S. Wansley, Ben Parks, Gayle Monsingo, Gip McMurphy and Wendell Harrison.

### Cyclone Travels To Wellington Friday

The Memphis Cyclone travels to Skyrocketland Friday night for a District 2-A clash with the Wellington team. The Cyclone is recovering appreciably from several injuries, it was reported.

Coach Clyde McMurray said Wednesday after workouts, "it would not surprise me any if Donald Canada and Paul Fowler saw action against Wellington, although neither will start the ballgame for us."

Coach McMurray urged local fans to travel to Wellington for the game, to begin at Powell Field at 7:30 p. m. "I hope a lot of folks will go and support the Cyclone. It is the best team in the district despite our position," he said.

Fans have had difficulty watching football this season, as Memphis has played in poor weather conditions on several occasions. The weatherman promises clear conditions for Friday, however.

The Cyclone will be starting the game with some new players in certain positions. However, the coach said he was not announcing a starting lineup this week.

"We have had good, spirited workouts despite bad weather earlier in the week and our injury situation is much improved," the Memphis coach said.

Wellington is one and three in

### Lady Golfers To Have Luncheon Wednesday, Nov. 15

The ladies' golfing luncheon at the Memphis Country Club will be held Wednesday, Nov. 15, according to an announcement this week.

The time for the luncheon has been changed to a later date to allow two teams to finish their last-ball rounds in a tournament which has been going on for the past two weeks.

The inclement weather has made it difficult for the tournament to be concluded.

### Ballew And Jeffers Get Journeyman Plumber Licenses

Monty Ballew and Donald (Major) Jeffers recently returned from Austin where they took the state examination for becoming journeyman plumbers. They were notified this week that they had passed all tests, and received their licenses as journeymen in their profession.

This means that the Bill Ballew Plumbing & Heating firm now has three licensed journeymen and one master plumber available to serve the citizens of this area.

Bill Ballew recently established a branch of the firm in Clarendon. It is located on Highway 287 East.

### Banks Report Huge Increase Over 1971

The statement of condition of the three Hall County banking institutions for Oct. 10, 1972, reveal that this county has taken a giant step upward, financially, since last fall's report.

The total assets figure is \$3,419,582 above the figure a year ago as the combined total assets of the three banks in the county are \$21,416,476.59.

Also showing a huge increase was the total deposits figure for the banks which totaled \$19,473,850.84; an increase of \$3,267,186.51 over the Sept. 30, 1971, total.

As might be expected, the loans figures combined into a larger total than a year ago, totaling \$10,527,225.29, an increase of \$1,661,481.85.

The statements of condition of the Peoples State Bank of Turkey, the First National Bank of Memphis and the First State Bank of Memphis were published last week.

Overall, Hall County's financial picture appears to be the brightest it has ever been as far as bank deposits are concerned.

However, a year ago, before the 1971 cotton crop was sold, this county's financial picture was at a hold-even mark with the fall, 1970, figures. The large increase of almost 3.25 million in deposits made the difference.

### Lakeview Rites Held Wed. For John L. Bevers

Funeral services for John Lester Bevers, 72, of Lakeview were held at 2 p. m. Wednesday, Nov. 1, in the Lakeview First Baptist Church.

Officiating were the Rev. Burton Melancon, pastor, and the Rev. C. H. Murphy, pastor of the Memphis First Baptist Church. Burial was in IOOF Cemetery at Lakeview under the direction of Spicer Funeral Home.

John L. Bevers was born Feb. 3, 1900, in Commerce and had lived in Hall County for 64 years. He was a retired bookkeeper and manager of the Lakeview Co-Op Gin after 30 years of service. Mr. Bevers was a deacon of the First Baptist Church at Lakeview and past noble grand master of IOOF Lodge.

He was united in marriage Dec. 21, 1919, at Lakeview to Miss Effie Bertie McMaster.

Mr. Bevers passed away at 2:50 p. m. Monday in Hall County Hospital.

Survivors include: his wife, Effie Bertie, and two sisters, Mrs. Walter McMaster of Memphis and Mrs. George Blewer of Lakeview. Pall bearers were Don Hancock, Clyde Davidson, Raymond Moore, Jess Watson, John Capp, Russell Payne, W. J. Clark and Bill Cofer.

Honorary pall bearers were Clyde Reed, M. A. Wiley, Dr. R. E. Clark, Dalton Floyd, H. W. Spear, Elmer Watson, John L. Burnett, Loran Denton and Flevil Hodge.

### Lakeview Young Farmers To Meet Next Mon.

The Lakeview Young Farmers will meet at 7:30 p. m. Monday, Nov. 6, at the Grade School Auditorium, it was announced here this week.

Norman Brints of Vernon and a representative of the Social Security Administration will present a program on farm records. Refreshments will be served.

**COFFEE HONORS**—Mrs. Bob Price, wife of the Republican candidate for congress, Bob Price, was honored with a coffee Thursday morning of last week at the Bronze Room, First National Bank Building. Pictured with Mrs. Price are some of the hostesses for the affair including, left to right, Mrs. Zack Fisher, Mrs. Johnny Farnsworth, Mrs. Price and Mrs. Mack Richards. Other hostesses, not pictured, included Mrs. Robert Clark, Mrs. Rayford Hutcherson and Mrs. Jimmy Roden. Approximately 50 persons called during the receiving hours from 9:30 to 11:30 a. m.

### Ceremonies Scheduled For Site 4 Wednesday

Ground breaking ceremonies for construction of Site 4 Floodwater Retention Structure of the Lakeview Watershed Project will be held at 10 p. m. Wednesday, Nov. 1, at the site.

Montgomery, chairman of the Hill-Donley WCID will preside over the meeting to which the public is invited.

The ceremonies will be held at 4 on the Bitter Creek Ranch, about 21 miles west of Memphis. The site is on Highway 70, then east on Highway 70, then east on Highway 70, then east on Highway 70.

Site 4, which is the first structure to be constructed in the new Watershed, is the largest of the 25 planned structures. Soil Conservation Service is providing planning and construction assistance on water projects.

Law Construction Company is the contractor for the project.

### 1913 Study Club Writes Public Saturday Sale

The 1913 Study Club is sponsoring a sale of miscellaneous items including clothing, dishes, furniture, etc., for the next two Saturdays, Nov. 4 and 11. The sale will be held in the old Pounds building on the southeast corner of the square, Mrs. Frank Blain, president, stated.

Items for sale will be donated by club members and the public is invited to come by and inspect the merchandise.

Some worthwhile items from the sale will be available for some worthwhile community project, it was stated.

### Cyclone Band Takes Div. II In Marching

The Cyclone Band took a Division II rating in the marching contest at Amarillo Wednesday, Oct. 27, and was awarded a Division II by the judges.

Although the band took a Division II rating, one of the three judges, Mr. J. M. Ferrel of Kansas State, awarded a Division I rating, while Mr. W. J. Seagraves and Mr. H. H. Harris of Altus, Okla., awarded a Division II rating.

Personally, was real pleased with the band's show before the judges. Carol Blain, local band leader, said, "We have 30 fresh members and 61 members marching, and I thought, overall, we marched as well as some of the bands which received Division I marks."

of Amarillo was the low bidder, and received the \$490,328.25 contract to construct the structure. Depauw has the site cleared for construction.

The dam, when completed will be 55 feet high and will require 524,190 cubic yards of earth moving. The dam will be 2,576 feet long and at the widest point will be 330 feet wide.

### Bostick Has Best Marks In Enduro

Weather conditions made the National sanctioned Cottonboll Enduro by a real test of men and machines Sunday, but probably cut down on the spectator participation.

Riders left the starting line in a cool drizzle, but the sun began to shine later in the day. The course was wet but firm.

Riders who finished well, like the overall champion, Henry Bostick, of Dallas, were well pleased with the lay-out of the race, and the markings of the course.

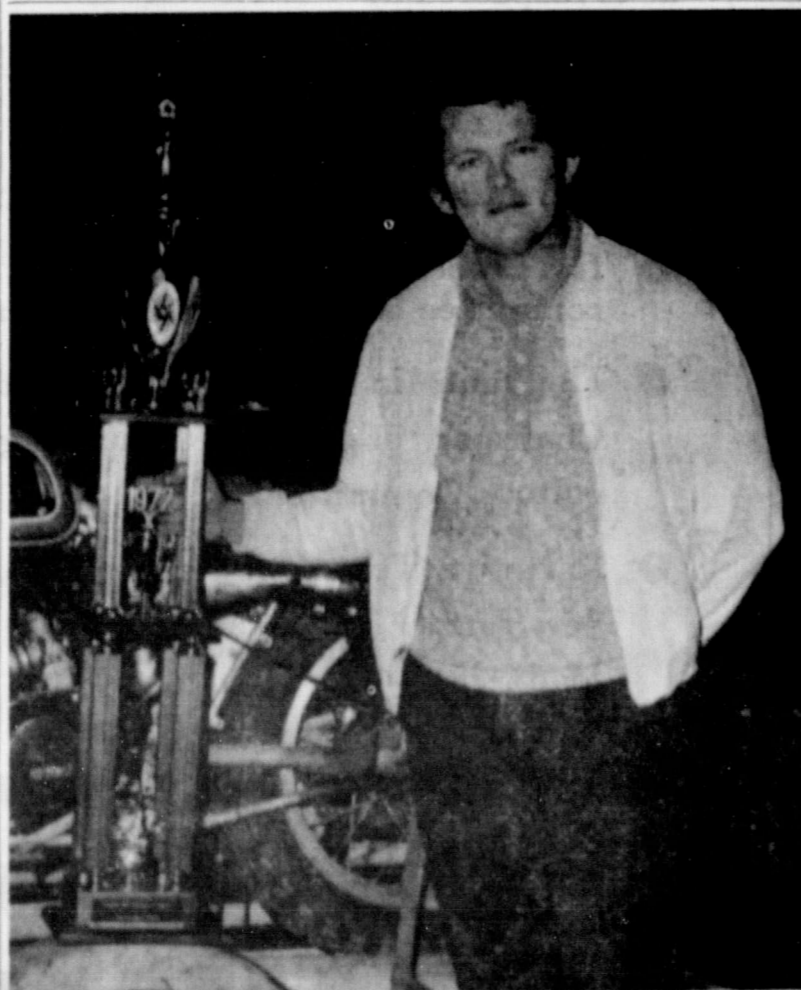

Bostick said, "I had lost only three points going through the river, but in the final section I lost valuable time in some narrow places." He finished the race with a score of 988 to be the overall winner.

The ride was not so easy for other cyclists; however, as two men were treated for injuries in the hospital, and several others had leg and arm injuries from taking falls.

One rider said he fell 10 times and he thought for a while he was in a motocross race instead of an enduro. By looking over the

listings, many of the riders did not have scores posted, so apparently they did not finish or were disqualified for missing gates.

Results were posted by the Amarillo Track and Trail Riders officials at 7 p. m. and trophies were awarded at 7:30 p. m., as (Continued on Page 12)

**OVERALL WINNER**—Pictured above is Henry Bostick of Dallas, the Class A (101-200cc) winner with 988 points and the overall winner of the Nationally sanctioned Cottonboll Enduro held here Sunday. Henry reported he has national points, but only rides in Enduros in this part of the country. He is a pharmaceutical salesman in Dallas. "I like to ride in sand, so I really like the Memphis race. I've done well in past races here", he said. Bostick had given up only 3 points coming into the last check point when he said he was crowded in and was unable to make up lost time.

## EDITORIAL

### Vote On Tuesday!

Tuesday, Nov. 7, 1972, is General Election day all over the United States, Texas and in the five voting precincts in Hall County. This is the opportunity for every eligible voter to mark a ballot in his or her voting precinct. The "X" which is placed in the square upon the ballot simply means the voter votes "for" the candidate whose name is printed upon the ballot.

If a citizen of Hall County has registered, he or she has received a Registration Certificate, which may be presented at each polling place. The election judges also have a certified list of all who registered, and the precinct in which each resides.

Every qualified voter, be he or she over 18 years of age, is urged to vote. The voting places in Memphis have been changed from the second floor of the courthouse to the Municipal Building. Signs will be placed at the two doorways in order to guide voters to the polling places. The usual voting places have been set at Lakeview, Estelline and Turkey.

Much depends upon the outcome of this election. Every registered voter is urged to express their sentiments by marking a ballot. A president and vice president of this nation will be named by the majority vote in each state.

Those who will represent us in the U. S. Senate and House of Representatives will be chosen Tuesday. Also, as important are the names of individuals who will be Governor of Texas, and the other state-wide offices, the judges of our courts, state senator and state representative, district judge, district attorney, and county officials and county commissioners.

Remember under the instructions, you vote FOR each candidate by placing an X opposite his or her name.

If you vote your ballot straight, all that is necessary is to place an X in the square beside the party of your choice at the head of the party column. These instructions are printed in bold face type at the top of each ballot under "Instruction Note."

Absentee voting deadline by appearing at the County Clerk's office is Friday, Nov. 3. According to latest reports, the biggest number of absentee ballots may be cast.

At the bottom of the ballot are 13 Constitutional Amendments. Read each carefully. That which is printed may be misleading to some voters who did not read the full wording of the proposed Amendments, which were printed in issues of The Memphis Democrat during August.

We believe Amendment No. 1, raising salaries of members of the senate and House of Representatives should be approved. This is a full-time job and the \$8,400 annual salary is deserved.

We are against No. 2, No. 4, No. 9, No. 10, No. 11, No. 12, No. 13. All we ask is that the full text of these amendments be re-read.

As has been said many times, the informed will vote right. The important thing to realize is to vote Tuesday, Nov. 7, in your precinct. The majority voice must be heard on our democratic form of government.

Polls open at 8 a. m. and close at 7 p. m. in Hall County.

What Other Editors Say

### Vote Against No. 10

Before the election I hope to write about several of the Constitutional Amendments that will confront the voters on Nov. 7. Amendment No. 10 concerns the manner in which constitutional amendments shall be published in newspapers prior to being voted on by the people. The present law says each amendment must be published four times in some legal newspaper in each county. If there are two papers in a county, the amendments can be divided between the papers or they can all be published in one newspaper.

The proposed Amendment No. 10 specifies that each amendment will be published only two times, which seems like a saving to the taxpayer. The catch is that it must be published two times in every legal newspaper in the county. It would be a saving in such counties as Collingsworth, Hemphill and Ochiltree where only one newspaper is published. But in counties such as Dallas, Harris, Tarrant, Bexar there are not only the high priced daily newspapers; there are many numbers of suburban papers. This amendment would increase the cost of publishing the amendment, many times the present cost.

—Deskins Wells in  
The Wellington Leader

### What Price Progress?

The U. S. Postal Service is continuing under attack from various quarters, and despite the slogans and the banders and the press releases coming out of headquarters, it is apparent that somehow changing the name did not cure the problems of getting mail delivered in this country.

Texas Senator Lloyd Bentsen is among the chief critics of the Postal Service. He claims that it is the worst it has ever been in this country.

A company in the East is trying this week to see if a pony express system can deliver a letter faster from Philadelphia to Boston than the regular mail service. Relays of horses are set up to deliver the test letter and it may be that the horses are faster. Postal patrons at Guymon became upset this week when they were informed of plans to introduce a new routing schedule that would take advantage of labor saving machinery in regional mail centers to help speed up service.

This is fine, but it means that a parcel mailed from Guymon to Liberal will make a trip of 847 miles going first from Guymon to the Kansas City mail center and then back to Liberal. Somehow, folks in Liberal just can't see how that will save time, or

## Memories

From  
The Democrat Files

### 30 YEARS AGO

Nov. 5, 1942  
Despite several spells of bad weather, Hall County farmers have been able to get to the gins almost twice as much cotton this season as last. 13,479 bales of cotton have been ginned in Hall County.

Major N. A. Hightower, Jr., son of Mr. and Mrs. N. A. Hightower of Memphis, at 25 years of age is one of the youngest men in the armed forces to reach the rank he holds.

Mackie Allen entertained Friday night with a Halloween party at the home of his parents. Among those attending were Frank Norman, Elizabeth and Scotty Grundy, Frank B. Foxhall, Margaret Ann and Roy Alvin Massey, Omer Johnsey, Ray Crawford, Bobby Crooks and Gereta Graham.

Mr. and Mrs. Ronald Leon Salmon are the parents of a daughter, Sammy Corene, born October 31.

### 20 YEARS AGO

Nov. 6, 1952  
Eisenhower Wins Presidency With Big Margin; Hall County Votes For Adlai Stevenson.

Last Tuesday night, Oct. 27, the Senior Class sponsored a Halloween party. The Halloween Queens and their escorts were Jo Ann Hart and John Foster, Yvonne Sturdevant and Duke Frisbie, Dorothy Moore and Carol Gardenhire, Billie Jean Stroehle; Bobbie Joan Stewart and Henry Seale.

The then forthcoming national election, the extended drought and the uncertainties of the future did not dampen the spirits at Hedley's first Annual Cotton Festival Friday and Saturday as it drew huge crowds for the two-day event.

### 10 YEARS AGO

Nov. 2, 1962  
Two Hall County 4-H members have been selected to receive the Gold Star Award. Elmonette Brantley has been selected as Hall County Gold Star girl while Larry 14-year-old son of Mr. and Clarence Moore is the Hall County Gold Star boy.

County Votes 75% Democrat; John Connally, Rogers, Andy Rogers, Ann By County Voters.

County Gins Process Cotton Bales.  
Mr. and Mrs. Johnny announce the arrival of a daughter weighing 6 pounds, ces. Born Nov. 6, she is named Chanla Gaye.

Mike Cope, son of Mrs. J. W. Cope of Paris pledged Alpha Tau Omega West Texas State College.

Mr. and Mrs. Barney Nett announce the engagement and approaching marriage daughter, Audrey Beth, to Lynn Garland, son of Mrs. A. J. Garland of Childress. The wedding will be exchanged Friday evening, Dec. 7, at the First Methodist Church in Memphis.

Dale Kilgore and S. Foxhall were chosen as Band favorites at halftime monies of the Memphis football game Friday night.

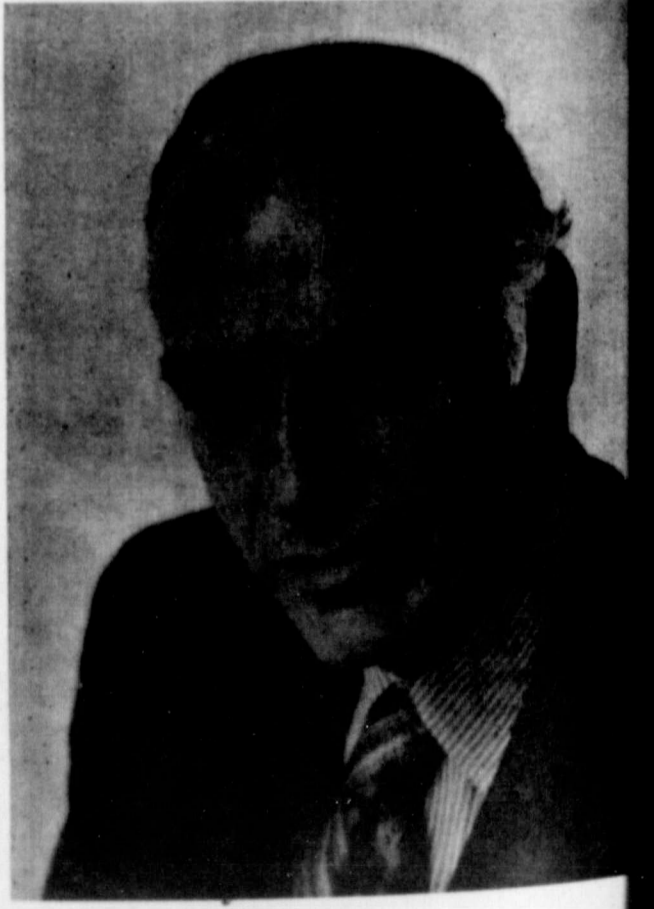

Memphis-Lefors to District Championship Friday.

## Texas Food & Fiber Abundance Month Pays Tribute To This Vital Industry

AUSTIN—“Texas Food and Fiber Abundance Month” being observed in November pays tribute to a vital Texas industry that sustains the lives of all Texans. Texas agriculture is a vast producing plant that turns out an abundance of food and fiber. The incomes of about 40 per cent of all Texans are derived directly or indirectly from agriculture. A county-by-county census of agriculture shows how important agriculture is to the economy of the state. Look at the figures: Over \$21 billion is invested in improvements related to agricultural production. This investment produces \$3.3 billion in products annually. In the last five years, the number of farms in Texas has increased. This reversed a 40-year trend where farms decreased

from a peak of nearly half a million to a low of 205,000 in 1964. Total number of farms now stands at 213,500. With eight out of ten Texans living in cities, it is interesting to note that farms still occupy about 143 million acres out of a total of 168 million. The average investment per Texas farm is approximately \$100,000. Average value per acre climbed from \$111.53 in 1964 to \$148.49 in 1969. During the past five years, value of crops decreased from \$1.2 billion to \$1 billion, while livestock increased in value from \$1 billion to \$2.3 billion. The Texas agricultural industry is also a vast market for items used in growing crops and livestock. Here are some figures that relate to the spending by agricultural producers: \$1.6 billion invested in farm equipment and machinery. Some of the major items are: 282,000 tractors, 227,000 trucks, 162,000 automobiles, 18,000 hay balers (pickup), and 21,000 self-propelled combines. Other figures show: Farm labor employed totaled \$227 million in wages, seeds and related totaled \$57 million, feeds for livestock and poultry totaled \$562 million, gasoline and related totaled \$147 million, agricultural chemicals totaled \$57 million. Thus, agriculture is both a big producer as well as consumer in the Texas economy.

## Out of Orbit

son) Thomas in the Childress hospital.

Mrs. Opal Butler is visiting relatives in Fort Worth this week.

Mr. and Mrs. Era Trapp have bought the Elem Orcutt home and will be moving into town soon. We are happy to welcome the Trapps to Estelina.

Mr. and Mrs. Candler Hawkins left Tuesday for their home in Houston after visiting here for several days with Mrs. Ruth Harrison and other relatives and friends.

## County Families Are Smaller Than Nation's Average

NEW YORK—Are Hall County families getting larger or smaller in size? How big is the average local family compared with those in other parts of the country?

The questions come to the fore at this time because of recent government reports showing that a population milestone has been reached in the United States.

For the first time in history, a zero population growth has been recorded.

Specifically, according to the Census Bureau, for a period of six months the nation had merely sustained itself in regard to population. In other words, the number of births was approximately equal to the number of deaths.

To maintain that replacement rate continuously would mean that the number of children born would average no more than 2.13 per couple. That is considerably below the normal rate. It has been running at about 3.1 per couple for years.

In Hall County, on the basis of the latest Census Bureau reports, families are relatively small, reflecting the size of the local birth rate. The average is 2.74 persons per 100 households. In other parts of the United States, by way of comparison,

the average is 311 per 100 households. Throughout the State of Texas it is 317 per 100.

The figures show that families in the local area are somewhat smaller than they were a decade or so ago. In 1960 there were 305 persons per 100 households in the area, as against the 274 now.

Although there has been no net population growth in the United States for six months, it doesn't mean that it will stay that way, it was pointed out.

A constant population condition cannot be assured until the 2.1 rate has been in effect for about 70 years. That is because the number of children born depends upon the number of women of child-bearing age, which is due to grow for some time because of the large number of girls approaching maturity. Until the base becomes constant, the population will rise.

As for the concern about population growth, ecologists and others contend that air pollution, water pollution, the piling up of waste products and improper environment generally are the by-products of overcrowding.

Mrs. Bess Crump visited last week with her brother, S. W. (Webb) Brewer in Fort Worth and with her niece and family, Mr. and Mrs. Burl Patterson in Arlington. Last weekend, Mrs. Crump had as visitors her children, Mr. and Mrs. Joe Crump and Mr. and Mrs. Jay Sheppard and Jimmy from Amarillo.

## CARD OF THANKS

I want to take this means of thanking friends who remembered me with cards, letters and flowers during my stay in High Plains Baptist Hospital in Amarillo. We also appreciate the food that was brought to our home and Bro. Murphy being with me at the time of surgery. May God bless each of you.

Bill Johnson

## Citizens Briefed On Amendments By Local Lawyers

By VIRGINIA BROWDER

Credit is due to Mrs. Robert Clark, member of the Delphian Club, for the gathering of members of other clubs of the town and interested citizens Oct. 30, to have the upcoming amendments to the Constitution more fully explained by legal counselors.

The meeting, held in the Council Room of the Municipal Building, was well attended by approximately 50 people. Each guest was handed a copy of the amendments as they will appear on the ballot so they could follow along as the counselors: John Deaver II, Jack Boone and John Chamberlain, took turns explaining each one. Questions from the audience were given thoughtful attention.

Mmes. Clark, Bob Hutcherson and Wayne Sweatt had arranged a refreshment table in the hall which was inviting.

All in all, the briefing session seems to have been quite an informative and pleasant affair.

Thanks to Mrs. Clark and the local attorneys!

The per capita consumption of beef, veal, pork, lamb and mutton amounts to 192 pounds per year.

## Brice News

Herbert Vines of Silverton spent last weekend here with his parents, Mr. and Mrs. Elmer Mr. and Mrs. Aubrey Martin went to Plains Friday where they visited with their daughter and family, the McWhorters. Their two grandsons returned home with them for a visit.

Mr. and Mrs. Roland Salmon spent the weekend in Fort Worth. Mr. and Mrs. G. W. Selmon were weekend visitors in Dallas with their son, Tom Selmon.

Mr. and Mrs. Joe Wood and Grannie Hartzog helped celebrate the second birthday of their granddaughter, Christie Bailey, of Memphis on Oct. 27. She is the daughter of Mr. and Mrs. Terry Bailey.

Mr. and Mrs. Curtis Richey of Chico were weekend guests in the home of Mr. and Mrs. H. H. Wines.

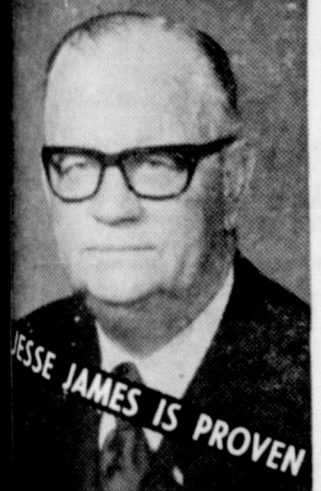

## LETTERS To The Editor

Editor: We respect our flag enough, do we should? In my opinion, we do not; not near enough. We see the flags go by in a parade, but we rarely ever see anyone take their hats off or ladies put their hands over their hearts. At football games we see the flag raised, but then again, how do we see the entire crowd to give the American flag observance it deserves? Many flags have holes in them have been on the ground but we have money, the flags are when will things, such as our respect, get the respect they deserve? Tanya Wood

CARD OF THANKS I would like to thank everyone who was so thoughtful of me as I was a patient in High Plains Hospital in Amarillo. The gifts, visits, calls and prayers were appreciated. May God bless each of you. H. M. (Pete) Thompson

## LET'S RE-ELECT JESSE JAMES STATE TREASURER

His proven record merits your vote and support

## JESSE JAMES IS PROVEN

JESSE JAMES STATE TREASURER State Treasurer Jesse James made for the people of Texas over \$16,000,000.00 last year in interest earned on State Funds deposited in over 1,100 Texas Banks, more than any Billion Dollar Bank in Texas made net during the same period. Jesse James saved the taxpayers over \$50,000,000.00 financing the deficit.

Jesse James has proven he knows how to handle your State Finances efficiently.

LET'S VOTE FOR AND RE-ELECT JESSE JAMES STATE TREASURER

Cyclone Edges Mustangs—

# Cyclone Takes 12-7 Victory Over Wheeler

The Memphis Cyclone won a 12 to 7 decision over the Wheeler Mustangs Friday night in Cyclone Stadium, with the victory finally being decided in Memphis' favor in the waning minutes of play.

Although the contest was a crucial one for Wheeler if they were to remain undefeated in district play, the Cyclone team's depth began paying off in the last minutes of play as the players marched 75 yards to pay dirt to put the winning points on the scoreboard.

Actually, the contest was highlighted by tough defensive play by both teams. The Cyclone defensive unit made one crucial mistake early in the play, when QB Gary Fischer found daylight through a hole around right end after receiving two key blocks, and raced 79 yards for a touchdown. Dale Stevens booted the point after with 9:03 left on the first quarter clock.

Memphis had received the opening kickoff, completed a 37-yd. pass from Jim Melton to End Bobby Hall, and then picked up seven of the needed 10 yards on four running plays. Wheeler took over the football on their 20-yd. line. It took the Mustangs only two plays to score.

The Mustangs lined up for the kickoff following the touchdown, and Stevens booted the ball deep into the waiting arms of Larry Johnson. Although the Cyclone had yet to return a kickoff for distance, Johnson came as close as anyone has as he picked his way through the Mustangs, and was only brought down after a 50-yd. gain to the Wheeler 37-yd. line by the last defender.

The Cyclone went to work on the ground again, as FB Jim Dixon made 2 tough yards up the middle. QB Mike Browning carried two consecutive plays, one for 5 yards and the other for no gain. The Cyclone faced a fourth down and three, from the Wheeler 30. The sweep play was called in the huddle, with HB Jim Melton carrying. Melton found daylight on the outside, turned the corner, and raced into the end zone for the touchdown.

Larry Johnson attempted the point after kick but the football missed the goal post, and the score was 7 to 6.

At this point in the contest, it looked like a high scoring affair was in the making, with the clock showing 7:06 left, still in the first quarter. But this did not prove to be the case.

The Cyclone kicked off, and Stevens returned the kick about 40 yards to the Memphis 40-yd. line. Two running plays netted the Mustangs a total of a minus 1 yards; then a clipping penalty moved them into a punting situation.

Methodist took over on their 17-yd. line, and, despite gains of 3 and 4 yds. by FB Dixon, the Cyclone could not negotiate a first down; so Jim Melton punted 37 yards. This was the Cyclone's lone punt of the night.

The Mustangs held the football for two series of downs, picking up a first down to the midfield stripe, but elected to punt at this point, and Memphis had the ball on the home 9-yd. line.

This started one of several drives the Cyclone had during the night, and all but one was unfruitful. Getting the drive going was HB Melton who skirted left end for 15 yards.

Then, carries by Dixon and Melton went for short yardage. On a third down, QB Browning hit Tight End Bobby Hall for a 15-yd. gain to the Memphis 43.

But here, a fumble resulted, and Wheeler recovered the football on the home 47.

The Mustangs managed one first down before the Cyclone defense stopped QB Fischer for a minus 2, and TB Lewis Britt for a minus 4. The Cyclone took over on their 38, and began another drive.

This one started with HB Don Davis making 8 yards, and FB Dixon running over people for a big 14-yard gain to the opponents' 40.

In the next series, Dixon carried for gains of 5, 3 and 8 yards for a first down to the Wheeler 24. But here, the Mustang defense held, as Davis made three yards, then Melton lost four, and a 5-yd. pass from Browning to Hall gave Memphis a fourth and long situation.

The fourth down play was one fans are still discussing as Memphis, out of the pro-set, went to the air on a deep pass to Flanker Larry Johnson. A lot of bumping took place between the receiver and the defenders and the officials ruled offensive pass interference, which Wheeler refused in order to get the football.

The Mustangs were held for a minus 4 yards on three plays, and punted. Clipping was called against Memphis on the punt return so the Cyclone was on the 39-yd. line after the penalty.

In the last minute of play, the Cyclone connected with a pass from Browning to End James Beck for 23 yards, but this was the only gain before the half ended.

**Second Half**

Wheeler got the ball on the second half kickoff. The visitors moved for 1 first down to their 14, but here the drive fizzled, and a punt resulted in Memphis owning the ball on the home 14.

On the march again, the Cyclone, alternating carries by HB Johnson and HB Melton, moved for a first down to the 24, then

to the 47, aided by a 10-yd. gain by Melton.

From this point, HB Don Davis carried for a good gain and a first down to the 42. HB Johnson made 6, then Melton made 1, and Dixon added 4 for a first down to the opponent's 31.

A 15-yd. penalty against the Cyclone here made it look doubtful, but Browning hit End James Beck for a 25-yd. gain and first down to the visitor's 21.

But here, the drive fizzled as Memphis failed to cross the scrimmage line on three running plays, and a pass went incomplete.

Wheeler's next possession resulted in a punting situation from the opponent's 40, but a high snap from center cost the Mustangs many yards as Memphis pinned the punter for a big loss in a scramble for the ball.

With the fourth quarter in the early minutes, fans hoped this would be the break in the ball game, with Memphis in possession on the opponent's 26.

HB Johnson got the call on the first down and made two tough yards. QB Mike Browning carried for 5 yards on a keeper. Then Johnson was carried for only 1 yard, and HB Davis was corralled by Dale Helton, nose guard for the Mustangs, and the ball went over on downs.

Helton, Linebacker Hefley and Safety Rusty Cole were all outstanding for the Mustangs on defense.

Memphis' defense, pressing very hard to contain TB Britt and QB Fischer, who made yardages all night on the power sweeps to the right, held and forced Wheeler to punt. A short 21-yd. punt resulted.

But Memphis, trailing by a point, seeing time running out in the final stanza, fumbled the football, and Wheeler recovered on their 44.

Fans recognized that things were looking dark for Memphis, as TB Britt made big yardage on the first down, but officials ruled

**DIVISION I**—Pictured above is Cyclone Twirler Boycene Bruce who received a Division I on a twirling solo at U. I. L. Marching and Twirling contest last week. Boycene is a freshman and the daughter of Mr. and Mrs. Boyce Bruce. This qualifies her to compete in the State Contest next summer.

Memphis came to the scrimmage line, and a delayed count caught a Wheeler lineman over anxious, and 5 yds. were stepped off against the Mustangs.

Browning called for the snap and HB Johnson got the ball, and, behind a full backfield of blockers, rammed for a 4-yd. gain.

Only 2 yds. away, HB Davis got the call on the next play and went over for go-ahead and game winning touchdown for Memphis. A pass play for 2 points was broken up as the ball was tipped away at the last second.

In the final 2:40 left on the clock, the Mustangs were able to complete a pass on a fake punt play for a first down to the opponent's 46. But here, a screen pass was handled by Def. End Jimmy Booth who diagnosed the play and dropped the receiver for a 4-yd. loss. Carries by Stevens and Fischer failed to make a first down, and Memphis took possession and held the football until the final buzzer.

The game held fans in seats all the way, and, despite the frustration felt by the favored Cyclone and local fans, the contest was a spirited one.

The Mustangs gave commendable effort in trying to protect a 1-point lead, but the final drive by the hard charging Cyclone line and backfield proved to be too much for the visitors as they were unable to rely on bench strength to allow substitution.

The Cyclone, without the services of Ronald Canida and Paul Fowler, found ready replacements in Jim Dixon, Jim Melton and Don Davis.

Statistics-wise, Jim Melton lead the rushing with 79 yards on 11

carries for a 7.2 yd. average. Dixon was close behind with 14 carries for a 5.1 average. Don Davis carried 9 times for 48 averaging 5.4. Larry Johnson carried 9 times for 25 while Mike Browning carried 5 times for 10 yards.

Bobby Hall and James Beck were the receivers with 3 catches each. Hall for 51 yds. and Beck for 57 yds.

**Why You Should Re-Elect  
President Richard Nixon Nov. 7**  
**LET'S LOOK  
At AGRICULTURE  
And  
STOCK RAISING**

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

**HERE ARE SOME  
OF THE REASONS**

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

FOR YOUR OWN GOOD

**RE-ELECT THE PRESIDENT**  
AND REMEMBER

**The Only Way to Have Your Say**  
IS TO

**Get Out and Vote Nov. 7**

1972 CYCLONE BAND—The 1972 Cyclone Band competed in U. I. L. marching contest October 25 and received an overall Division II mark, however, one of the three judges awarded a Division I while the other two judged the performance as a Division II. Band Director Carol Blain stated she was very pleased with the band for the organization this year is marching 30 of 61 as freshmen, the first time for these members to compete in contest. "It was real close between a Div. I and a Div. II and I thought we marched real well," she said. Drum Major is Lulu Miller and the Twirlers are Diane Clayton, Shari Posey and Boycene Bruce. The twirling ensemble received a Div. II, while the solo performances of Shari Posey and Boycene Bruce each received Div. I ratings and Diane Clayton received a Div. II. The Memphis Band was one of three bands invited to play for Vice President Spiro Agnew at Amarillo Tuesday. The Band made the trip and enjoyed a free meal, but due to inclement weather the Vice President was unable to arrive. The Band was able to return home in time to enjoy Halloween activities here.

## Cotton Farmers Voice Complaints To Rep. Price, USDA Officials

U. S. Rep. Bob Price chaired a discussion meeting of area cotton farmers and USDA officials here last Thursday, and the major item of discussion was the present low price of cotton on the open market.

While the meeting held here, and the one in Quanah, shed some light on the reasons for low prices and lack of demand on the market, they did not make the price situation more popular with the farmers.

USDA officials on hand for the meetings included Thomas Q. Beatty, director of the cotton division of the Agricultural Stabilization and Conservation Service and Harland Holleman, director of the ASCS oil seed and special crops division.

More than 100 producers were on hand locally for the open forum and question and answer session here.

In answer to the questions concerning establishment of a 1973 cotton loan program rate of 19.5 per pound of one-inch middling cotton, Beatty said there was virtually no other alternative under the 1970 Farm Act. It specifies that the Secretary of Agriculture shall, when world market prices have been unusually high, set a loan rate low enough to keep American cotton competitive on that

market. Rep. Price said in his opening remarks that overproduction had a lot to do with the current cotton situation and that in the beginning it was the cotton producer organizations, including the National Cotton Council, which lobbied strongly for increased acreage.

Cong. Price then pointed out that Congress was responsible for setting the allotment figure. "The administration, the President or one of his cabinet members do not pass laws, Congress passes laws and that's what happened in this case," Price said.

Cong. Price indicated farmers will just have to live with the situation. "That isn't much help for the farmer taking his crop out of the field right now, but I'm afraid we'll all have to live with it for the present," Price said.

Another situation which caught fire from farmers here Thursday was the wide range in the price paid the farmer for his cottonseed and the price the rancher or cattleman has to pay for meal and cake made from cottonseed.

During the session ASCS Regional Director Terrance Hartman asked what farmers wanted in the new proposed farm legislation which must be drawn next year. The current Farm Act expires with the 1973 crop year.

Farmers were warned that "any radical changes" in the situation might create further animosity among opponents pledged to block all government farm programs. Farmers attending the meeting were interested in higher loan rate as a guard against lower prices, longer loan periods and the retention of the lease sale of allotments provision. Most of the farmers said they preferred referendum voting on proposed sale, lease or release of cotton allotments.

More than 36,000 American communities—more every year—are totally dependent on truck transportation to deliver goods needed for daily living.

**HALLOWEEN PROGRAM**—Pictured above are the third grade students at Travis Elementary School who presented the Halloween program at 1:30 p. m. Tuesday before the parents and students. Mrs. A. L. Gailey directed the program which featured dialogue, group singing and solos by several of the students. The class was visited by the Witch, played by Rhonda Gable, pictured on the left, and the Halloween Pumpkin, played by Richard Clark, on the right. All the students wore Halloween costumes which added to the spirit of the program.

You've heard it said that curiosity can kill a cat.

It also can kill a child and is doing so, say state health officials, thousands of times each year in this country.

More than 500,000 children—like the little girl next door or the toddler in your own home—will swallow poison this year. Most cases reported will involve children under five years of age. Sadly, virtually all of these poisonings are preventable.

In Texas last year, there were nearly 200 fatal poisonings listed as accidental. According to figures released by the National Safety Council, there were 4,000 fatal poisonings in the United States. Of this total, over three-fourths occurred at home.

The reason behind this extremely high percentage of home accidents is simple. Common household products—those used for housekeeping and medicinal purposes—represent the greatest potential hazards. Among these are detergents, furniture polishes and waxes, drain and bowl cleaners, lighter fluids, and pesticides. Add to this list all the medicines in the medicine cabinet in the homes—from aspirins to tranquilizers.

There are approximately a quarter-million products available to the American public for use in the home or around the house. These help lighten the housekeeping load, but when swallowed or ingested in certain amounts, they can kill.

Almost half the child poisonings involve aspirins. Tranquilizers also rank high as a chief

poisoner of youngsters. Physicians and state health officials recommend that when you give a child medicine, you should never tell him it is "candy." He'll go for the "candy" when you're out of the room. All medicines should be treated as medicines. And all medicines should be bought in child-proof containers.

The more than 6,000 pharmacists in Texas were among the first to implement the poison Prevention Packaging Act, federal legislation enacted to provide special packaging for the protection of small children.

For over a month, pharmacists in Texas have been dispensing all prescription orders calling for aspirin-containing medications in special child-resistant containers. These containers are designed so that small children cannot open them, although adults can.

The 4,300 drugs subject to abuse—narcotics, stimulants and sedatives—will be the next substances requiring dispensing in such containers, effective late in October.

The Food and Drug Administration has indicated that all prescription drugs taken orally will require child-resistant packaging early in 1973.

Many people are unaware of the potential dangers of medicines or household substances. Even salt and pepper may chemically produce an injurious or deadly effect when used in large amounts. A five-year-old youngster in Rhode Island died after swallowing about two tablespoons of ordinary pepper. In another case, a 22-month-old child died after inhaling a large amount of talcum powder.

Child-resistant packaging is not the sole answer to accidental poisoning of children. Parents must know how to use these containers properly. If child-proof containers are not properly closed

after each use, they will of course offer no more protection than conventional prescription containers.

Adults also should follow these good common sense rules to prevent accidental poisoning: Keep all household products and medicines out of reach of youngsters; preferably locked up when not in use. When they are in use, they should never be out of sight of adults—even if it involves taking the product with you when answering the telephone or the doorbell. Best of all, "poison proof" the home and remove all potential hazardous substances.

If you suspect an accidental poisoning in your home, call your doctor at once or take your child to the nearest hospital. Be sure to take the container with you. A sample of the suspected chemical can be most useful.

The Poison Control Center in your area is at your doctor's fingertips, and can help him diagnose symptoms, identify the substance and the proper antidote for it. The State Health Department has helped develop some 22 Poison Control Centers in Texas. Take a little extra care, and don't let one of the 4,000 fatal poisonings that occur each year in this country happen in your home.

It takes the net annual growth from about three-fourths acre of commercial forest to provide the 550 pounds of paper used by each person in the United States.

### Local Club Women To Furnish Rides To Voting Booths

All club women who are members of the Woman's Culture Club, Delphian Club, 1913 Study Club and Pathfinder's Council this week reminded local residents that they would furnish transportation to the two voting places in Memphis. The General Election will be held Tuesday, Nov. 7. Polling places in Memphis are: No. 1 voting precinct (residents north of middle of Main St.) in banquet room of Community Center; No. 13 (residents residing south of middle of Main St.) west door of auditorium portion of Community Center.

It was explained by members of the clubs who were interested in getting out a big vote locally, and that party preference was not considered.

It was announced that the Memphis Chamber of Commerce had donated its office and telephone for use. Any person needing transportation to his or her polling place is asked to call 259-3144 between the hours of 9 to 12 a. m. and 1 to 4 p. m.

The first B-29 raid on Tokyo was staged from Saipan Nov. 24, 1944.

Of Texas refining, 87 per cent is done on the Gulf Coast.

### Specialist Gives Tips To Combat Everyday Tension

COLLEGE STATION—Once a likely value in life can be tension according to one authority.

Jane Fleischer, family life specialist with the Texas Agricultural Extension Service of Texas A&M University, discussed the effects of tension recently, and offered a dozen tips to relieve it. "Some people would say happiness is freedom from tension but a certain amount of tension is an essential part of everyday living," she asserted.

"Tension can be of great value to us if it stimulates adjustment to things we can't change, spurs us to take action on our problems, or if it helps us grow and mature physically, socially and mentally."

On the other hand, tension can hinder, the family life specialist cautioned.

"Fear and anxiety set off tension. When we're tense, we're threatened in some way."

"Tensions can be damaging if they overpower us so we face our problems, work to solve them, or learn to accept what can't be changed."

Offering 12 suggestions for tension relief, Miss Fleischer termed "positive action" the factor—

1. Locate the cause of tension. "Ask yourself, 'Who is bothering me? Why am I bothered? What is the worst thing that has happened? How can I remedy it?'"
2. Talk it out with someone you respect and trust. "Talking it out helps clear your mind of confusion so you can concentrate on the problem. Often there's no one to talk to, so write it out."
3. Escape for awhile when tension mounts. "Escape may be simply the room, but get away before your emotions bring on some wild decision."
4. Be sure your life includes some recreation you truly enjoy. Take one thing at a time. "When several problems are at once, select the single most important one and get to work on that. The other problems will wait and sometimes have a way of taking care of themselves."
5. Get rid of your anger. "Scrub the floor, dig in your garden, or pound nails. Work your anger on some inanimate thing."

## News About Insurance And...

Bill Leslie and I attended a two-day, "community-development" seminar in Amarillo last week. At an early date, we hope to present to the City Council and the Chamber of Commerce a summary of what we learned which we think will be of benefit to Memphis and this area... in hopes that a permanent community development plan will be adopted by both the Council and the Chamber.

**CYCLONE NOTE**—With two regular backs out, we lost a tough one to Clarendon, and it looked dark against Wheeler until the Cyclones showed their character with a sustained drive in the waning moments that nipped the small, but scrappy Mustangs. I think that we learned that one game doesn't make a season, and I hope that both fans and players recognize that what transpires after a setback in life (or football) is what really counts.

**INSURANCE NOTE**—Over the years, the costs of medical and hospital care have risen at a percentage rate far faster than the rise in family income. This is due to many complex factors, such as expensive new medical equipment, increased hospital construction and service costs, to mention typical examples.

As a result, a long and costly illness—perhaps requiring surgery and lengthy hospitalization—is a major calamity for many families today.

Many bills have been introduced into Congress on various types of national health insurance plans—each seeking to solve the health care problem—which has become a leading political issue.

One of the best seems to be a bill called HEALTHCARE, co-sponsored by Representative Burleson of Texas, and now before the Congress. Space does not permit even the basic principles incorporated in the act, but we have ordered pamphlets which will give the highlights of this important proposed legislation. If you would like to have one, let us know, and we will mail them to you when received.

A doctor friend defines a girdle as a device to keep an unfortunate condition from spreading.

# Why we need to keep John Tower in the United States Senate

### Bi-partisan representation in the U.S. Senate has proved best for Texas.

Our state is better served by having a Senator from each major party. This assures us bi-partisan support for bills important to Texas.

During his first eight years in the Senate, John Tower worked well with two Democratic Administrations. Yet, he has been especially effective since the Nixon Administration took office in early 1969. He has access to the White House, enjoys a close personal

relationship with the President and effectively deals with the top administrators of every agency in the federal government.

Since it appears virtually certain Richard Nixon will be re-elected, it's essential that we keep John Tower in the United States Senate. His influence is vital to Texas.

We urge you to join us in supporting Senator John Tower.

(Paid Pol. Adv. by Hall County Committee for Senator Tower, Wanda Montgomery, chm.)

## Junior Bible Class Enjoys Halloween Party

The Junior Bible School Class of the First Christian Church was entertained with a Halloween Bingo Party on Thursday afternoon, Oct. 26, by the teacher, Doreille Widener and assistant teacher, Inez Aspgren, at the home of Mrs. Aspgren.

From 4:30 to 6:00, several games of bingo were played and enjoyed by the class and their guests and small pumpkin candies and chewing gum were awarded to the winners.

Decorations were in the Halloween theme and the party ended with refreshments of cookies and fruit punch being served and each guest was given a pop-corn ball as they departed.

Attending were Kim and Kelli Pride, Tonya Maddox, Annette Chamberlain, David and Donna Sterling, Scotty Lockhart, Randy Bice, Timmy Collins, Jeff Widener, Doreille Widener and hostess, Mrs. Aspgren.

## Girl Scouts Invites Public To Attend Tea

The Girl Scouts and their leaders will commemorate the birthday anniversary of Juliette Low, founder of the Girl Scout movement, with a tea.

The invitation to attend is extended to every one in this area. All the troops will participate in a program for the event to be held November 12 from 2:00 to 3:30 p. m. in the Travis Cafeteria.

Mrs. Mackie Allen is the Neighborhood Chairman with Mrs. Connie Davis, Mrs. Eddie Gable, Mrs. Robert Breedlove, Mrs. Chas. Snowdon, Mrs. Carl Morris, Jr. and Mrs. Leon Davis as leaders.

Every one is urged to attend this event!

Studies show weather is the worst enemy of good highways. Soaking rains, frost, heat and rapid temperature changes break up highways—even those where traffic is light.

Over one out of every five trucks in the nation today is used on the farms—a total of nearly five million.

## Whirlwinds, JVs To Host Teams from Wellington In Key Games Thurs.

Football games will be played here tonight for the Memphis Whirlwinds and the Memphis J-Vs. Both teams will be facing their toughest competition for the District 2-A crown in their respective divisions.

The Memphis 8th graders won their crucial matches by defeating Wheeler last Thursday night 18 to 8, but the 8th grade team is scheduled in district play so a game will be at 6 p. m. tonight.

The Memphis and the Wellington 8th graders have compared scores in previous games; the Wellington team has a little more stingy giving scores than has the Memphis. The winner of this game possibly take the District High football crown.

The J-Vs, the game with Wellington is not only for the B district crown, but is a match with almost as much tradition as the varsity game between The Cyclone and the Cyclone.

The game will begin about 7:30 at Cyclone Stadium and is expected to be the second of an evening of football, as Philip Lillard and Jim Lillard invite fans to come and watch.

## Voelkel Named On Committee To Help Nixon

AUSTIN—Kermit E. Voelkel, 6004 Shoal Creek Blvd., Austin, has been named to the statewide steering committee, Democrats for Nixon, Larry Temple, Texas chairman, announced recently.

Voelkel, a graduate of Texas A&M University in 1930, a retired employee of the U. S. Department of Agriculture and at present on the staff of Cotton Economic Research, University of Texas, has joined other Texas Democrats in helping carry the state for President Nixon on Nov. 7, Temple said.

A native of Shelby, Austin County, Voelkel is an authority on cotton classification and marketing. He is well known throughout the cotton industry, having been in charge of government cotton classing offices in Waco, Munday and Memphis, Tex., during the 38 years with USDA. His weekly cotton reports now are being received by all county agricultural agents and county ASCS offices in Texas for dissemination to cotton farmers and ginners.

United States Marines captured Tarawan Island Nov. 27, 1943.

## B. B. Shots

By BYRON BALDWIN

We received a letter from Florence and Ed Gilliam from Jackson, Tenn., the past week. They expressed their appreciation for the thoughts, prayers, cards and calls from their friends in Hall County during Ed's illness. Anyway, he is home now and grounded for 12 weeks and cannot ride or drive in a car for a month. Florence did find a boy that would help her rake up the leaves that are falling now by the millions. I hope Ed will be ready for the spring yard work.

It was very interesting and more so later as Otho Stubbs and Truman Merrell of Turkey keep digging along Quitaque Creek finding weapons and artifacts of the Indian days on the Cap Rock.

We set our clocks back an hour for daylight saving time and we have about the same daily program. The rose bushes it seems have not kept up with the time or seasons as they are still putting in extra time blooming the first of November.

A short visit with J. L. Erwin a few days ago, who is now living in Maryland and working out of Washington, D. C. J. L. is the son of Mary Lou Erwin of Memphis. He was a graduate of MHS, served three years in the Army and has been with the D. A. the past 25 years.

In reading a farm magazine a few days ago, I did note that the turkey farmers of the U. S. will set a record by raising a total of 128 million of these birds. This is a gain of 7 percent over last year. We may be short on cranberries as the crop is 10 percent short of what they had last year.

While visiting in the coffee room next to the Bronze Room in the First National Bank a few days ago, at first sight of all the good looking ladies. I thought they were having a style show. But it turned out to be a political tea and coffee hour. After finding out that this meeting was political, my next thought was that the 18-year-olds were taking over; but when I mentioned this to someone, they said, "You are wrong, some of the girls are 50 years old and grandmas". Time marches on! And I guess I was thinking of some of them when I thought they should be 18, as they grew up so fast. Well anyway, the way they dressed, they were very youthful looking.

A report from Ed Foxhall a few days ago was that Colby Delaney of Ruidoso, N. M., where he has lived a number of years, passed through Memphis. Colby will be remembered as the son of the late Mr. and Mrs. T. C. Delaney and brother of Harry. He was a graduate of MHS and a member of the high school band. His grandparents were early day residents of Hall County moving here in the early 1890's.

You never know what you will hear on some of the coffee breaks. I was in the First State Bank a few days ago in their coffee room to see what was going on. And at one table, Danny Scarborough, Clyde Collins and Gus Orett were having strictly a bull session as they discussed Angus, Hereford and all other breeds of bulls. While listening in on the other table, Marvin Duren and Olive Simmons, Mrs. Alwene and others were discussing pie and cake recipes. I imagine they let

Marvin know what he did not know about cooking pies and cakes.

Ruth Harrison (Mrs. Carl) may have another place to visit soon as her son, Jimmy, was transferred from Dallas across the waters to Holland the past week. I can remember studying about Holland in my school days and this country appealed to me for some reason. I guess it was the dikes, windmills, pretty girls with wooden shoes wearing white aprons and the tulips.

This seemed like a far away place in the horse and buggy days, but not so now with fast jet travel. I believe Ruth told me that the trip from Houston to Holland was only 12 hours by jet. Our neighbors are getting closer with fast travel.

The past weekend we could have changed the name of Memphis to "Motorecycle" as the Enduro races really brought a crowd of people and it seemed they all brought their motorcycles. This national event had 14 states represented.

J. W. Coppedge was over from Muleshoe the past weekend for the football game and Heritage Hall. He did not bring his motorcycle.

Capt. and Mrs. James True have recently moved to Memphis. Capt. True has been in the Air Corps for the past 10 years traveling over most of the world as a navigator. He left the past week for Thailand and other countries where he will be stationed.

ed for a year. Mrs. True will be remembered as Bobbie Lemons, who was an MHS graduate. They have two children, Diane, age 7 and Bruce, age 4. They are now living at 118 N. 14th Street in Memphis while James is away. Sug and Beth are getting their kids scattered. Betty, now the wife of Dr. Mike Pelfrey, an instructor in the University of South Carolina, is living at Columbia, S. C. They have one son and one daughter. Judy and her husband, Rondel Davidson, live in McAllen. He is instructor at Edinburg College. They have two daughters.

Copied from "Bumper Sticker", "Girls get minks by finding a wolf and skinning him."

We had a pretty busy time at our house the past weekend with a visit from Mr. and Mrs. W. B. Baldwin of Tyler and Dr. and Mrs. Alvin Baldwin of Dallas. We had a lot of eating, coffee drinking and reminiscing over the past 65 years since we first arrived in Hall County coming in on the Fort Worth and Denver passenger train that was burning coal and the wind blowing cinders in our eyes. A lot of water has run under the bridge in that length of time. This was the first trip Alvin had made to Memphis in 12 years and with his comments on the progress we had made here, it made me feel optimistic about our town. Willie Ben was on the second football team of MHS. He and Hubert Dennis had a lot of football discussion on the early days. The two Mrs. Baldwins were surprised to find such a good display in Heritage Hall and expressed a desire to return and put more time there.

In checking some records a few days ago, we found that the oldest

**CAMPBELL**  
Insurance Agency  
Ph. 259-3531

town in Texas is Ysleta which is southeast of El Paso and was founded in 1680. The mission in this town was built in 1683 and is still in use.

Visiting in Hall County Heritage Hall the past week were Mr. and Mrs. Fred Meason of Woodlake, California. Fred was a resident of Memphis from 1928 to 1936 when he moved to California. In going over the 8 years he was here, he remembered working for Mr. and Mrs. Elmer Matlock, Rube Sisk, Dr. Tomlinson and the restaurant on Neel Street. He has one daughter and two grandchildren. With Mr. and Mrs. Meason in Heritage Hall was Eula Meason of Gould, Okla. The Meason family had a reunion at Quartz Mountain in Okla., Oct. 7 and 8. There were 71 who attended this family get-together.

A quote from Earl's Pearls: "A man with two active young sons described his hectic home life: To give you an idea, I go to the dentist for relaxation."

If any of you are depending on Bobbie Jo (Mrs. Kent Byars) to break your young horses for riding this fall, you may have to wait until spring as the two-year-

old she was riding a few days ago beat her to the jump and she is now in a cast with a broken leg.

With all of the radio, television

and newspapers giving us all of the news on the politicians. I think by the time election day comes, we are liable to be as confused as the little boy who dropped

ed his bubble gum in the chick yard.

The S. O. S. danger signal was adopted Nov. 22, 1906.

**The World Of Science—  
Researchers Working On Problem Of  
Greater Demand For Energy In Future**

By Allen Hammond, staff writer for "Science" magazine. The article appeared in a recent issue of the magazine, the weekly journal of the American Association for the Advancement of Science.

Despite vanishing supplies and expected higher prices, fossil fuels (petroleum, natural gas, and coal) are likely to remain the dominant energy source for many years to come. Efforts are being made to improve methods of coal and oil combustion. In addition, the high prices of petroleum may spur development of artificial fuels.

Several sources considered for extensive use instead of fossil fuels are nuclear, geothermal and solar energy.

The greatest amount of research on new energy sources has focused on nuclear energy. More than 25 nuclear power plants are in operation and another 50 are under construction. Only one per cent of the United States' electrical power, however, comes from this source.

Geothermal energy is already being used to generate electricity. This natural source of steam and hot water (such as geysers of Northern California) can easily be exploited. Large geothermal resources lie untouched, contained in hot rock beneath the earth's surface.

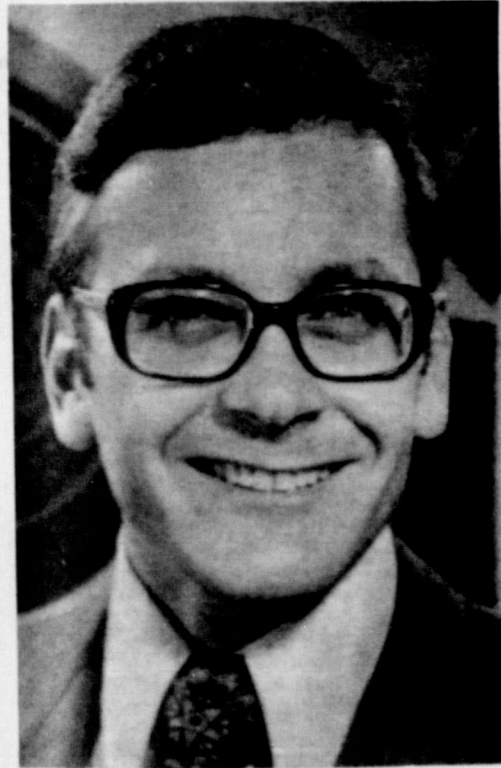

Man's largest potential energy resource is direct solar radiation. Its diffuse character requires big areas in order to capture significant amounts of energy. Solar energy is a future means for home heating and cooling.

Extracting energy from the wind is another potential source. Wind is estimated to contain about five times the amount of energy we now use. Although still in the developmental stages, large windmills may eventually be used to provide motive power to generate electricity.

Temperature differences in the oceans offer yet another possibility. Energy conversion devices such as heat pumps could in the future be capable of converting these differences into electric power.

According to Hammond, studies

**Re-Elect  
State Representative  
PHIL CATES**

PHIL CATES... Democratic Candidate for reelection to the State Legislature... a young man concerned with the future of the Texas Panhandle - Plains. A Candidate with Legislative experience!

**CONSIDER THESE POINTS  
WHEN YOU VOTE  
November 7th**

Phil Cates is a qualified, experienced candidate. Phil Cates is a young man who seeks better government. Phil Cates will work for "all" of the people in the 66th District. Phil Cates realizes the importance of new industry to our area of Texas. Phil Cates favors a strong water program for the District so that we will have an adequate water supply in the future. Phil Cates is a capable speaker, and is listened to in Austin. Phil Cates is working hard and wants to be reelected YOUR State Representative.

**ON NOVEMBER 7 CAST YOUR  
VOTE TO RE-ELECT**

from the Panhandle... Ben Kirksey Chairman...

on the various ways of making electricity have been incomplete. In order to meet its growing energy crisis, Hammond concludes that the United States must take positive action by increasing both the funding and research efforts on energy technologies.

**Girl Scout Leaders Complete Training Course**

Girl Scout leaders from Memphis and Clarendon area have completed a two-day Caravan Training Course offered by the Quivira Girl Scout Council.

The course was to instruct the leaders on how to plan a troop meeting, to learn new songs and games, and how to keep the girls interested in Scouting.

The course was taught by Mrs. Jim Wheeler, first vice president of the Quivira Girl Scout Council, and Mrs. Larry Nash, chairman of the personnel department.

Those attending from Memphis were Mrs. Eddie Gable, Mrs. Robert Breedlove, Mrs. Leon Davis, Mrs. Carl Morris, Mrs. Cloe Parr, Mrs. Connie Davis and Mrs. Mackie Allen.

Attending from Clarendon were Brenda Chamberlain, Janet Montgomery, Pat McAnear and Helen Johnson.

**Mike Liners  
Move To Morton**

Mr. and Mike Liner have moved to Morton where they have purchased a drug store, it was announced here this week. Mr. Liner has been employed

as a pharmacist with Lockhart Pharmacy since completing school at Southwestern State College, Weatherford, about three years ago. He is the son of Mr. and Mrs. Richard Liner.

Mrs. Liner, who is the daughter of Mr. and Mrs. Les Sims, has been employed with the local office of the Department of Public Welfare.

**Delphians To  
Serve Thanksgiving  
Dinner Nov. 12**

The Delphian Club will serve a Thanksgiving lunch Sunday, Nov. 12, at 12 o'clock at the Community Center, Mrs. Kenneth Dale, president, announced this week.

This will be a complete Thanksgiving dinner with turkey and dressing and all the trimmings, it was stated. Tickets are available from all Delphian Club members.

Adult tickets are \$2.00 while tickets for children under 12 years of age are \$1.00.

**Graham Bowens  
Move To Memphis  
From Hereford**

Mr. and Mrs. Graham Bowen and sons, Cliff and Denny, have moved to Memphis recently from Hereford. They are residing on South 8th Street.

Former residents of Memphis, Mr. Bowen is now employed with the Hall County Electric Cooperative, Inc. He was with The Memphis Democrat when they were residents here before moving to Vernon and later to Hereford. Mrs. Bowen was formerly em-

ployed here with Dunbar & Dunbar and Hall County Hospital. Parents, Mr. and Mrs. Elmer Wines.

**Local Vaccine  
Clinic Is Held  
Here Thursday**

Periodically, members of The Immunization Board of Health from Amarillo and Lubbock come to Memphis to inoculate the school children and administer the polio drops to those who have not had them or need booster shots or drops.

Thursday of last week, Mrs. Betty McInnes, a registered nurse from Lubbock assisted by Jerry de Sha of Amarillo set up clinic facilities in the Recreation Room of the Housing Project on Fifth St.

A bus load of Junior High boys and girls from Estelline and a bus load from the Memphis Junior High besides mothers with infants took advantage of this government sponsored program to bring in their children for preventive shots and drops.

The community is fortunate to have the privilege of such a service. Mrs. McInnes with her

staff will return December 21 and again have her clinical services available at the Housing Project. If your children are in need of such medical care, please bring them on this date.

**Plaska Forty-two  
Club Meets With  
Mrs. Crisman**

The Plaska Forty-two club met Friday night, Oct. 27, with Mrs. Odessa Crisman.

Refreshments consisting of sandwiches, chips, dips, nuts, cookies, chocolate sheath cake, coffee, ice tea and Cokes were served throughout the evening.

Attending were Mr. and Mrs. Robert Clark, Earl Spry, Mr. and Mrs. Hub Holt, Mr. and Mrs. Lynn B. Jones, Mr. and Mrs. Harvey Wines, Mrs. Helen Crisman and Karen and the hostess, Mrs. Crisman.

Kathryn Hawthorne of Abilene spent the weekend here visiting with her mother, Mrs. Estelle Barber.

The "China Clipper" took off on the first trans-Pacific air mail flight Nov. 22, 1935.

One hour's factory pay will buy 2.6 pounds of round steak. One hour's pay in 1940 would buy only 1.8 pounds.

### Brownie Troops Attend Revel At Camp Mel Davis

Brownies from two Memphis troops attended a Brownie Revel held Oct. 14 at Camp Mel Davis, located East of Lefors, to acquaint Brownies with added Girl Scout skills. This event provides the opportunity for Brownies to have fun while learning with activities including flag ceremonies, knot-tying, the proper use of jackknives and fires, hiking and singing with movies being shown after lunch, quiet games, singing games and competitive games being led by Senior Scouts.

Brownie Revel patches were presented to troops attending. A total of 12 Brownie troops were present.

Members of Memphis Troop 163 included: Mary Alice Beasley, Karen Callahan, Karen Davis, Debra Davis, Rhonda Gable, Kari Posey, Stacy Lemons, Denise Maddox, Tonia Tucker, Sandra Scott, Kelli Liner, Kelli Fisher and Kimberly Johnson. Leader is Mrs. Connie Davis and Mrs. Eddie Gable is assistant leader. Robin Gable also attended with her mother. Parents attending were Mrs. Thomas Davis, Mrs. Coy Johnson and Kay and Mr. and Mrs. J. B. Scott and Steven.

Troop 10 members who attended included: Kathy Dean, Devilla Evans, Jerri Morris, Kelley Parr, Daleca Pope, Donna Richardson, Denise Sanders, Diane Truc, and Labeth Williams. Leader, assistant leaders and parents attending were: Mrs. Carl Morris, Jr., Mrs. Cleo Parr and Mrs. D. H. Pope and Mmes. W. L. Sanders and Ray Evans.

### Anne Rapp Receives Student Honor At Wayland Baptist

Anne Rapp of Estelina is among 12 seniors at Wayland Baptist College at Plainview who have been selected for inclusion in the 1973 edition of Who's Who among Students in American Colleges and Universities, according to an announcement from Paul Butler, dean of students at the college.

Miss Rapp is the daughter of Mr. and Mrs. J. B. Rapp of Estelina and is a 1960 graduate of Estelina High School. She serves as varsity cheerleader and a member of her dormitory council. Miss Rapp is also secretary of

Sociology Club and was class favorite during her sophomore year. During her freshman year, she was selected as Outstanding Freshman Girl, holds membership in Alpha Chi and Sigma Tau Delta and has been active in women's athletics.

### Robert deGactano, Pianist, To Appear In Pampa Nov. 6

The Pampa Fine Arts Association has programmed The Amarillo Symphony, Dr. Thomas Hohstadt, conductor, to present an enjoyable evening of music on Monday, November 6, in the new M. K. Brown Memorial Auditorium in Pampa.

Appearing with the symphony will be a return engagement of piano soloist, Robert deGactano. Mr. deGactano, 26 years old, a graduate of Juillard School of Music, so thrilled last year's Amarillo audience with his superb technique and musicianship, that he was invited for a return engagement.

Programmed for Pampa, Mr. deGactano has chosen the beautiful Greig Concerto in A minor for piano and orchestra. The 80-member symphony will also perform Rachmaninof's Symphony No. 2 in E minor as well as other compositions.

Tickets for the program are now on sale till November 5th from Mrs. Frank Phelan, Jr. in Clarendon. Seats available are twelve rows from the stage and piano students will have a wonderful view of the artist's hands as he performs. Tickets are priced at \$3 for adults and \$1 for students.

### Girl Scouts To Sell Calendars In Memphis

"The annual Quivira Girl Scout Calendar sale will begin November 1," said Miss Celia Fowler, Council Executive director.

District III Calendar chairman is Mrs. James McAnear, Jr., of Clarendon while Mrs. Dwain Ellerd will serve as neighborhood chairman in Memphis.

"The Calendar Sale gives troops their best opportunity to make money for specific projects," Miss Fowler said. "Out of the 50 cents price tag for each calendar, the troop keeps 17 cents."

The sale will continue until December 2.

Eddie and Peggy Crump and Courtney of Albuquerque, N. M., and Bernice Crump of Amarillo visited here Thursday with relatives.

Mr. and Mrs. John Shadid left Sunday for Dallas to attend the spring merchandise market.

### Former Baptist Pastor Dies In Dallas

Funeral services were held recently for David M. Gardner, 85, of Dallas, former pastor of the First Baptist Church of Memphis.

Gardner was also editor of the Baptist Standard, statewide news publication of the Baptist General Convention of Texas, 1944-54. A native of Kilam, Tenn., Gardner was reared in Frost, near Corsicana. He was a graduate of Baylor University, Waco, and Southwestern Baptist Theological Seminary, Ft. Worth.

After a staff position at Southwestern Seminary and pastorates in Memphis from 1917 until 1920 and in Clarendon, Gardner left Texas for prominent pastorates in Alabama and Florida.

Gardner, who served as an editor emeritus of the Standard since his retirement in 1954, liked to recall that he was an editor who couldn't use the typewriter.

He is survived by his wife, the former Sadie Ray Woodward of Dallas; two daughters, Mrs. Ned

P. King of Dallas and Mrs. Earl David M., Jr.; one sister of Ft. Neelands, Jackson, Miss.; one son, Worth and a grandson.

Mr. Gardner came to Memphis Anniversary Celebration in 1965 and attended the 75th First Baptist Church.

## DON'T TAKE RURAL TEXANS FOR A RIDE... ..AND DON'T TAKE US FOR GRANTED.

### HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

**WHEAT SCANDAL** - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

**TAXES** - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

**FARM ISSUES** - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

**CONGLOMERATE SCANDALS** - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, "The Republicans admire our government so much they want to buy it."

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

### HERE'S WHAT McGOVERN IS DOING FOR RURAL AMERICA

**HIS STANDING** - George McGovern has been elected time and again as a Democrat from a Republican farm state . . . because they know where he stands.

**TAXES** - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

**FARM ISSUES** - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

**HIS BELIEFS** - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern . . . and George McGovern needs us.

Locals

Mrs. Helen Crisman and Karen Labbock visited over the weekend with their parents and grandparents. Mr. and Mrs. Lynn B. [unclear] and other relatives.

Mr. and Mrs. Junior Fronterose and sons of Happy spent the weekend here with Mr. and Mrs. Mel Roy Cofer and family.

Mrs. Lou Swang of Amarillo is visiting this week with Mrs. Les Campbell and family.

Mr. and Mrs. Alvin Baldwin of [unclear] and Mr. and Mrs. W. B. Baldwin of Tyler spent the weekend here visiting in the homes of their sister, Mrs. T. L. Rouse, and her wife, Mr. and Mrs. [unclear] Baldwin. They left Sunday morning for their respective homes.

Mrs. Sylvia Moore and Pat [unclear] were in Dallas the first of the week attending merchandise market.

Mr. and Mrs. Les Sims are in Dallas this week attending market.

Gary Sims, Ramona Ballew, Elaine Phillips, students at Northwestern College, Weatherford, Okla., were home over the weekend and attend the Youth Services at the First Baptist Church.

Mrs. Nell Davis visited in Vega Thursday until Sunday with her son and family, Mr. and Mrs. [unclear] Davis and children.

Mr. and Mrs. Gayle Greene and R. S. Greene left Sunday for [unclear] where they will visit relatives and Mr. and Mrs. Greene attend the spring merchandise market.

Mr. and Mrs. R. S. Patrick returned home Sunday after spending several days in Odessa visiting with their son, Phillip Patrick and family.

Mrs. Ora Denny and Mrs. Gladys Power visited in Amarillo over the weekend with Mr. and Mrs. Fritz Crisler.

Mr. and Mrs. Paul Bivens of Arlington spent the weekend here with their parents, Mr. and Mrs. Elmont Branigan.

Mr. and Mrs. L. T. Miller of Abilene were weekend guests in the home of their daughter, Mrs. Mike Branigan and family.

Miss Carol Jean Godfrey, student at Clarendon Junior College, spent the weekend with her parents, Mr. and Mrs. Bengy Godfrey and family.

Mr. and Mrs. Hubert Jones had as weekend guests their daughter, Mrs. Larry Helm and Matt of Denton, Mr. and Mrs. Herschel Swinney of Perryton, Mrs. Terry Jones and Stacey of Austin and Mrs. Jeff Moore and children, Vickie Lynn and Jeffery, of Dallas who were visiting with her parents, Mr. and Mrs. L. F. Jones. Matt remained in Memphis to visit this week with his grandparents, Mr. and Mrs. Hubert Jones and Mr. and Mrs. O. L. Helm.

Among Hardin-Simmons students who were here for the weekend to attend Youth Services at the First Baptist Church were Larry Moss, son of Mr. and Mrs. Ben Moss; Randy Dale, son of Mr. and Mrs. Kenneth Dale; and Bill Oalin and Mark Hundley, former Memphis residents.

Mrs. Bill Salmon and Mrs. D. H. Davenport returned to Tyler with Mrs. Mary Jo Monroe on Wednesday of last week where they visited until Saturday.

# PRICE is right for Texas.

Bob Price is a full time congressman. His attendance record on voting of 93% is one of the highest in the Congress. By comparison his opponent has the second worst attendance record in the entire Texas delegation.

Bob Price has approached legislation with a conservative and careful outlook. He has earned a 90% rating by the ACA, compared to his opponents 42%.

Bob Price has worked hard to bring new industry, expand present firms and to thereby create new jobs. The Panhandle's Business Index" is one of the highest in Texas

Bob Price has introduced or co-sponsored 36 pieces of legislation that have become public laws. These are a matter of record, in spite of his opponent's clever misrepresentations.

Bob Price fights against inflation.. He has an 88% rating by the National Associated Businessmen's Economy. His opponent only 50%.

Bob and Marty own their own home in Pampa. Two of their children attend the Pampa public schools. Bob is a graduate of Okla. State. He returned to Pampa after the Korean War. Before his election to Congress he was active as a business leader, in civic affairs and taught Sunday School in the First Baptist Church in Pampa.

He was first elected to Congress in 1966. Was reelected in 1968 and because of his popularity had no opponent in 1970. When a man earns this respect from both political parties it is proof of his ability and hard work.

It's easy to see why people feel Price is right for Texas. He is an honest sincere person who stands up for his principles. Thank goodness, his principles are the same as made this country great.

## He's a Panhandle Man . . . Be Sure to VOTE!

(Paid for by the Price for Congress Committee, Billy B. Davis, chairman)

# NOTICE

## Mr. Cotton Farmer

Before you vote, remember Bob Proce and the Republican Administration took the BAGGING AND TIES away from the farmers that cost each farmer

### \$6.50 Per Bale

Plus Loss on the Yield

This is a direct subsidy to the cotton mills of approximately \$1,000,000.00 per year out of the cotton farmers' pockets.

If reelected, Graham Purcell will work to restore Baggings and Ties back to lost weight of each bale of cotton.

If you think PRICE IS RIGHT on Cotton and Wheat, vote for Price.

If You Want Higher Prices for Cotton

# VOTE FOR GRAHAM PURCELL

Tuesday, Nov. 7th

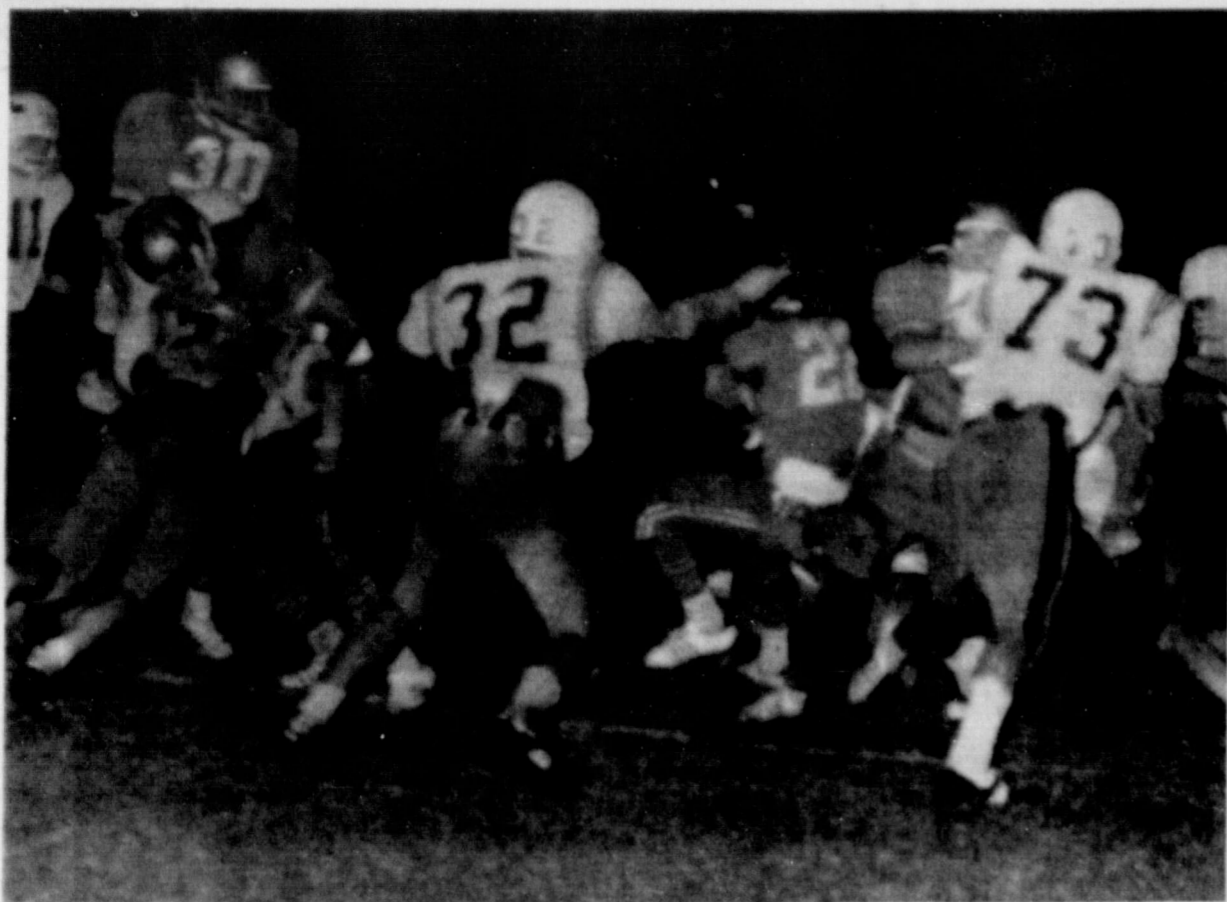

FOR

U. S. Representative

13th Congressional District

(Pol. adv. pd. for by Purcell for Congress Committee, Guy Smit h, Ch.)

**DAVIS SCORES**—Pictured above HB Don Davis (No. 22) is shown as he spins his way over the goal line for the go-ahead touchdown against Wheeler last Friday night. On the right of the picture is Tackle Len Simpson making a key block and on the left is Center Matt Thompson executing another key block. In the background on the left is seen No. 30 Larry Johnson for Memphis. Wheeler's No. 32 Kent Ware makes the tackle but too late to prevent the TD.

## SDA Announces 1973 Upland Cotton Loan Rate, Packaging Specifications

The U. S. Department of Agriculture has announced the 1973 upland cotton loan rate and bale packaging specifications for the 1973 crop cotton pledged to Commodity Credit Corporation for loans, according to Larry B. Rogers, executive director, Hall County ASCS Office.

The national average loan rate for Middling 1-inch upland cotton (micronaire 3.5 through 4.8) net weight, at average location is 19.5 cents per pound, the same as for 1972. After determining 90 per cent of the average world price of Middling 1-inch cotton for the 2-year period ending July 31, 1972, an adjustment was made to take into account the unusually high world prices which prevailed during much of this period.

The adjustment is in accordance with provisions of the Agricultural Act of 1970 which specifically provides for it whenever needed in order to keep U. S. cotton competitive and to retain an adequate share of the world market.

Loans available to program cooperators for different individual qualities will be based on the Middling 1-inch rate. A schedule of premiums and discounts for these various qualities and the base loan rate for Middling 1-inch cotton at each warehouse location will be issued at a later date.

As in 1972, loans will be available to cooperators for a term of 10 months from the first day of the month in which the loan is made. Loan amounts will be reduced for any unpaid storage charges in excess of 60 days, as provided by law.

CCC specifications for bale packaging materials which was in effect for the 1972 crop will be continued for the 1973 crop, except that jute bagging made from used sacking materials for wrapping gin standard and gin universal density bales may contain 2 sewn seams provided the other specification requirements for such type bagging are met.

Two sewn seams have been permitted for flat bales, and today's action makes this specification consistent for all bales wrapped in used jute material.

The 1973 crop specifications may be augmented at a later date.

## Bostick Wins

Father and Son Jr.—1945 Glen and John Terry. Sandy and Kenneth Cheek took 3rd place.

by the addition of new materials, if recommended by the Joint Industry Bale Packaging Committee on the basis of tests now underway.

## Memphis Kiwanis May Decide On New Meet Time

The Memphis Kiwanis Club met at 8 a. m. Wednesday morning, at the Big O Restaurant with the meeting presided over by President Dewey Simmons.

A matter of business under discussion at this meeting was whether or not to change the meeting time from early in the morning to the evening for the winter months.

"We need to see the members who are not present at this meeting before we make a decision," the president stated.

All members were urged to attend the next regular meeting on Nov. 8 to decide the discussed matter, and to work on the club's community project, it was announced.

Alaska was ceded to the United States Oct. 18, 1867.

## Cyclone Band

(Continued From Page 1)

gether . . . a fine band, except for a few places. I enjoyed your show."

Harris, "Nice stride step . . . some nice drills, lot of thought from director."

The Cyclone Band twirlers, Diane Clayton, Boycene Bruce and Shari Posey, twirled as an ensemble and received a Division II. Then, each twirler participated in solo work and Boycene and Shari each received Division II while Diane received Division II.

Director Blain said, "All the twirlers got a real good comment from the judges and we were real proud of them."

### Tuesday Trip

The Cyclone Band accepted an invitation issued by U. S. Rep. Bob Price of Pampa to play for Vice President Spiro T. Agnew when he was to visit Amarillo Tuesday.

The band left for Amarillo before word was received that the Vice President could not arrive due to bad weather conditions.

Cong. Price met with the band in Amarillo and spoke to them, and the band enjoyed a meal. The

members returned home in time to participate in Halloween activities here.

## Danny Scarbrough Is New Pres. Of Greenbelt Bankers

Danny Scarbrough, vice president of the First State Bank of Memphis, was elected president of the Greenbelt Bankers Association for 1972-73. The annual fall meeting of the group was held Oct. 24 in Altus, Okla., in the new auditorium.

Other officers include: Charlie Brown of Wheeler, vice president; Jerry Byrd of Vernon, secretary; and O. O. R. Stark of Quitaque, treasurer.

Greenbelt Bankers Association includes 27 area bankers as members and 17 correspondent banks. Both the First State Bank and the First National Bank here are members.

Approximately 300 bankers, employees and guests attended the meeting and banquet. Those

Bank included: Mr. and Mrs. Danny Scarbrough, Don Cockrell, Sylvia Alewine, Pat Goodnight, Faye Maddox and Linda Tucker.

## 14th Year Of Cotton Classing Begins Here Mon.

The USDA's Memphis Cotton Classing Office began receiving samples on Monday, Oct. 30, but Officer in Charge Wiley Cain said Thursday that it will be next week before samples start coming in.

"Farmers will have to wait until fields dry out to support equipment before harvest can begin. "We shouldn't have problems of wet cotton by then," he said.

In the meantime, Officer Cain and Chief Clerk Mollie Moffitt are preparing the office for the 14th season of classing operation here.

Since the Memphis Classing Office was established in 1959, near-

ly two and a quarter bales have been classed in the office, according to C. E. Cox, officer in charge of the Agriculture Marketing Service's Cotton Division at Altus, Okla.

Mr. and Mrs. Juanita are the parents of a daughter born Oct. 27. She has been Shirley and weighed 8 1/2 ounces.

### Special Notices

#### NOTICE

My Cleaners is open for business. If you don't find me at the Cleaners, bring your clothes to my home, 220 N. 7th, and leave them. I'll clean them and bring them back home or deliver them to your home in town. I have other things I've got to go see about so I might be closed for an hour or so. Bear with me. I can't help it.

#### MILLER CLEANERS

300 So. 6th St.  
Call my home for information.
