GROUND BREAKING—Pictured above, Paul Montgomery is shown turning a shovel during ground breaking ceremonies Wednesday at Site 4, Lakeview Watershed. Giving encouragement is L. R. Hagy, ranch owner. Contractor Byron DePauw (right) was host to group on a tour of the construction site.

Over 75 Attend Site 4 Ground Breaking Wed.

Approximately 75 persons were on hand at 2:30 p. m. yesterday for the ground breaking of the dam of the Lakeview Watershed. The one-half million dollar dam is one of 25 structures planned in the watershed. This is the beginning of the construction phase of the project which has covered almost a decade of planning and involved the landowners in the western portion of Hall County and south part of Donley County.

The ceremonies, guided by Paul Montgomery, chairman of the Hall-Childress Water Conservation and Improvement District, lasted about 30 minutes and were impressively set on the west anchor point for the dam, largest of the 25, located on the Bitter Creek Ranch owned by L. R. Hagy of Amarillo.

Mr. Hagy told the group that the construction of this dam, like the others planned in the project, will be of long lasting benefit, especially to those farming land below the dam site.

The dam site was taking shape as workmen from DePauw Construction Co. of Amarillo had been working the site for about five weeks. DePauw's contract was for \$490,328.25. Mr. DePauw also spoke at the ceremony and others were host to newsmen and others on a tour of the construction.

Hagy said the project had "come about through the determination of those people who needed it and worked to see it become a reality."

"I am glad to see it come about. I've seen cotton crops below here wash out two or three times a year and that's not a pleasant sight, we all know," he said.

Douglas Cunningham, a area conservationist with the Soil Conservation Service, of Panpa, said at the site Wednesday bids will be let in December for Sites 3 and 5, the companion structures to the one now under construction.

Cunningham told the crowd that the project had been inadequately described as a "government project."

"This is a people's project and we are glad this structure is going in first because it will prevent more heavy damage quicker than the other projects," he said.

He estimated that the average annual damage caused in the Bitter Creek flood area each year would average about \$256,000.

but he stated that damages have been 10 times that figure in many years.

Byron DePauw of Amarillo, the owner-manager of the construction firm, said that before his crews are finished, they will have moved 524,190 cubic yards of fill dirt. The dam will be 55 feet high, and will contain runoff water of 11,418 acres. The dam will be 2,576 feet long and 330 feet wide, and should take 393 working days to construct.

Public Invited To Flea Market Sale Saturday

The public is invited to attend the Flea Market Sale being held in the Pounds Hotel Building, located on the southeast corner of the square in Memphis Saturday. The sale is being sponsored by the 1913 Study Club.

This is the second Saturday for the sale, members explained. All merchandise offered for sale has been donated by club members, and include a wide variety of clothing for both adults and children, as well as miscellaneous items for the home including dishes, cookware, knick-knacks, etc.

Money from the sale will be used for some worthwhile project, Mrs. Frank Foxhall, club president, stated.

County Voters Give Nixon Nod

Cyclone To Host Valley High Patriots Fri. Night

Hall County football teams will meet for the first time in several years when the Valley High Patriots take the field against the Memphis Cyclone on Homecoming Night at Cyclone Stadium Friday. Game time is 7:30 p. m.

A good crowd should be in attendance, weather permitting, despite the fact that Memphis is heavily favored, but both schools will be using the occasion for developing future teams.

Valley High, the consolidated school of Turkey and Quitaque, took a big step this year playing a varsity schedule in Class A. Although Turkey competed in Class B football last year, it has been

several years since Quitaque has played football.

The Patriots have been taking it on the nose almost every Friday night, but with a starting offensive lineup of three seniors, two juniors and six sophomores, the Patriots are building for the future. The team is young, but plays with a lot of desire and hustle.

Due to the fact that Valley High is not playing a B team schedule, and the Memphis JVs are open this week, Coach Clyde McMurray, through arrangements with visiting school officials, and by certifying the scholastic eligibility of JV team members, announces that the JVs will be suited out and on the sidelines for the game against Valley.

In keeping with Coach McMurray's philosophy of multi-platoon football, fans could possibly see a large number of local athletes participating in the game.

"We are all looking forward to

and Jimmy Melton is showing more maturity every time he plays.

"Defensively, Robert Snider had a great night against Wellington. I felt James Beck's interception of Wellington's screen pass was the turning point of the game," the coach said.

FB Paul Fowler is expected to start against Valley, but Coach McMurray said Ronald Canada is still hampered with the knee injury.

"We used two platoon football early in the game against Wellington as has been our practice (Continued On Page 10)

Hall County voters in the presidential race in the general election Tuesday swung heavily into the Republican party column, giving President Richard Nixon a 1303 to 607 endorsement over George McGovern.

It is the first time since Al Smith, a Democratic candidate, was defeated by Republican Herbert Hoover in the 1928 election, that Hall County voters have favored a Republican presidential candidate. Since that time, Hall County voters have remained in the Democratic party column.

President Nixon did not carry all the boxes in the county. However, for the strongly Democratic Turkey box gave McGovern a 169 to 138 edge.

President Nixon and Vice President Spiro Agnew were re-elected nationwide by a popular vote of 61 per cent to 39 per cent.

Hall County voted with area and statewide trends in other races. For the most part, giving Rep. Bob Price a narrow margin over Rep. Graham Purcell, 995 to 959. Price won the U. S. Representative race in District 13 by 86,456 to 71,271.

Price carried middle and north Panhandle counties while Purcell was a two to one favorite in the Wichita Falls area. A two to one Price margin in the two Amarillo counties was the deciding factor in this race.

Barefoot Sanders, the Democratic Senatorial candidate, was a two-vote choice of Hall countians, 944 to 942, and statewide, he polled well, giving the Republican Senator John Tower a close race, but Tower captured the victory in final tabulations.

In what must be the closest Governor's race in decades in a general election, Dolph Briscoe managed a narrow victory over Henry C. (Hank) Grover, the Republican candidate.

Hall County's two to one preference of Democrat Briscoe, 1272 to 613, and the fact that rural Texas was the deciding factor in this race, should give the farming and ranching areas a strong voice in state government for the next two years.

Hall County also favored State Rep. Phil Cates over Republican Tom Christian 1130 to 692. Cates, from Lefors, was re-elected by a substantial margin.

One write-in was noteworthy on the Hall County ballot, developing in the Commissioner, Precinct 3 balloting. J. D. Cox received 62 write-in votes, while Commissioner O. R. Lambert received 191 to retain the office. This was possibly a carry-over from an extremely close race between the two men in the primary election.

The county's vote on the 14 proposed constitutional amendments is as follows with the "for" vote listed first:

- No. 1 612, 884; No. 2 628, 505; No. 3 979, 645; No. 4 612-685; No. 5 1128, 381; No. 6 907, 498; No. 7 1118, 348; No. 8 766, 745; No. 9 645, 716; No. 10 501, 685; No. 11 346, 1085; No. 12 700, 650; No. 13 1357, 660; No. 14 696, 658.

Local Legionnaires To Hold Annual Armistice Supper

The members of the American Legion Post 175 of Memphis will hold their annual Armistice Eve Supper Friday, Nov. 10, according to L. F. (Chuck) Jones, post commander. The event is scheduled to start at 6:30 p. m. in the Legion Home.

Heading the list on the menu will be fried catfish. Also all the trimmings for the fish supper will be served.

The local Legionnaires have observed this as Veterans' Night since the end of World War I, and it has always been held the night preceding the traditional Veterans Day, known in prior years as Armistice Day.

A special invitation is being extended to all veterans of the Vietnam War who reside in this area to attend the fish supper.

Cyclone boosters and fans urged to be on hand next Tuesday night, 7:30 p. m. in the Visual Aids Room at Memphis High for the weekly meeting.

A business session will be held to discuss a project of possibly constructing a structure addition to Allen Field House to house the weight program and gymnastics.

playing Valley High Friday evening," Coach McMurray said.

"We were real pleased with our offensive execution against Wellington last week," the coach said.

Homecoming Activities Planned For Next Three Nights, Bon Fire 8 P. M.

Memphis High School Homecoming plans call for a bonfire pep rally at 8 p. m. tonight, the crowning of a Homecoming Queen at halftime ceremonies tomorrow night, and a dance at the Memphis Country Club Saturday evening.

The bonfire pep rally will begin at 8 p. m. on the south end of the Cyclone Stadium parking lot, according to MHS cheerleaders. Students and fans will be invited to the traditional bonfire before the Homecoming game with Valley High.

The MHS senior class members are selling mums and Homecoming ribbons. The ribbons carry the motto, "Disarm the Patriots." The visiting Valley High team is called the Patriots, and has red, white and blue as school colors.

Queen Crowning

Three senior misses, Brenda Elliott, Jodi Miller and Jennifer Pate have been selected as Homecoming Queen candidates, and will be escorted by Kerry Taylor, Eddie Foxhall and Eddie Nelson, respectively.

The crowning ceremonies will take place during the halftime show of the Cyclone Band.

The non-school sponsored dance Saturday evening is being planned by individual members of the senior class and is for high school age young people as a social affair.

Interest In Cotton Guessing Contest Increases As Harvest Gets Underway

Interest in the annual Cotton Guessing Contest now in progress has increased as farmers began harvesting the 1972 crop. The contest will continue through Saturday, Nov. 18.

Some gins are processing as many as 50 bales each day as fair weather has prevailed throughout the week. Cotton, which has been defoliated, is now being stripped, and some places received enough frost to kill some of the leaves.

All readers of The Democrat are invited to enter the contest. Persons who would like to make an estimate on this year's cotton crop are invited to come to The Democrat office and write their estimates. Or guesses may be mailed to Box 190, Memphis, Texas 79245.

Hall County has approximately 81,240 acres of cotton planted this year. Most farmers report better than average crops and a good yield is expected this year

for the county as a whole. Guesses listed to date are as follows:

- P. A. Cowan, 67,842; Arvin Spence, Goodnight, 64,400; Wanda Montgomery, 67,493; Alice Kay Eller, 73,443; D. V. Sasser, 62,000; Mrs. D. V. Sasser, 60,000; W. H. Wolf, 61,111; Evelyn McWhorter, 91,000; Bill Balley, 66,666; Essie Bumpas, 65,300; O. R. Lambert, 76,400; Mae Paul, 60,888; Annie Kercheville, 62,109; Mrs. Dub Parker, 65,555; Mrs. Dutch Vallance, 73,112; Dutch Vallance, 70,114; Mrs. Lee Voelkel, 59,248; Kermit Voelkel, 53,862; Harvey Wines, 60,930.

Also Mrs. Harvey Wines, 68,000; Jim Wines, 65,000; Wm. J. Miller, Jr., Canyon, 62,000; Kay Miller, 63,982; Marcy Miller, 64,982; Mara Gay Miller, 69,000; Mrs. C. W. Richey, Chico, 68,000; W. H. Jones, Hedley, 64,000; Ted (Continued On Page 10)

Graveside Rites For Louise Seaman Set For Saturday

Graveside rites will be conducted at Fairview Cemetery Saturday, Nov. 11, for Louise Seaman, former resident of Memphis, Tom Posey Minister of the Christian Church, will be in charge of the service, which starts at 10 a. m.

Louise Seaman was the daughter of the late Mr. and Mrs. Sam Seaman, Sr., and graduated from Memphis High School in 1920. Her father owned and operated a drug store and picture show. Other children were Paul, Jr., and Budge.

The family moved to Wellington and Mr. Harle died there in 1914. Louise Harle taught in the High School there for several years. After resigning, she and Fred, Patty Hicks, entered Columbia University in New York for graduate study. After marriage to Ambrose Seaman, she continued to reside there. She died Saturday, Nov. 7, as the result of cancer.

Delphian Club To Hold Scholarship Thanksgiving Dinner; Public Invited

Friday, Nov. 12, at 12 noon, complete Thanksgiving Dinner will be served by the Delphian Club with the help of Mrs. Escherber.

The public is urged to buy tickets early from any Delphian member. However, tickets are sold at the door as long as they are available Sunday. The price is \$2.00 for adults and \$1.00 for children under 12.

The menu will include a complete Thanksgiving dinner, with Barber's hot rolls.

ship to some worthy student who will attend Clarendon College.

This year's recipient of the scholarship is David McKay, son of Mr. and Mrs. A. L. McKay.

Clarendon College has reported to the club that David is doing exceptionally well in all his projects.

This is the only money making project the Delphians have promoted, and members of the club feel that it is a very worthy one, it was reported.

CONSTRUCTION SITE—Pictured in the background is the construction site of the first dam to be built in the Lakeview Watershed. As Area Conservationist Douglas Cunningham explains the Watershed, District Conservationist Henry Gregory and Paul Montgomery hold a map showing all the 25 planned dams and the channel improvements. Approximately 75 persons were on hand for the ground breaking ceremonies Wednesday.

Hall County In The Republican Column!

Hall County, for the first time since a Catholic Democratic candidate ran for president in 1920's, has gone heavily into the Republican ranks by giving President Richard Nixon over a two to one endorsement.

Hall Countians were voting their convictions that President Nixon and the Republicans were the best slate on the ballot to lead this nation during the next four years.

Democratic Party candidates were unappealing to the conservative political philosophy of this area and Democratic party efforts to cut strings from President Nixon's shirttail on many races were only partially successful. President Nixon's two to one margin was not seen on other portions of the ballot as real close races were seen in the U. S. Rep. race, Senate race, and the state candidates from the Democratic party were heavy favorites of Hall Countians.

What has long been a traditionally Democratic County, has now become a county which will probably follow national trends far more closely. The vote Tuesday clearly indicates that The Democratic Party can no longer rely on this county to vote for its candidates.

Whether or not the Democratic Party, nationally or state-wide, can return to a competitive role to dominate the balloting in this area depends a great deal on the selection of men who seek elective offices in future years.

Congressman Bob Price's victory over Graham Purcell is a clear indication that voters prefer Republicans to sit in seats of power in Washington. Austin, however, is another matter, for Rep. Phil Cates ran well against a fine Republican candidate, Tom Christian of Claude.

President Nixon and the Republican Party, nationally, were given a strong vote of confidence by the voters. How well they use this confidence will have a strong effect on the outcome of the 1976 election. Democrats remember the final days of the Johnson administration, when the Democratic President had been given such a decisive victory over Republican Goldwater.

Voters in this nation are becoming more closely attuned to circumstances and events in their government. Legislative leaders who accomplish positive goals and keep in close contact with their people back home are rewarded with re-election.

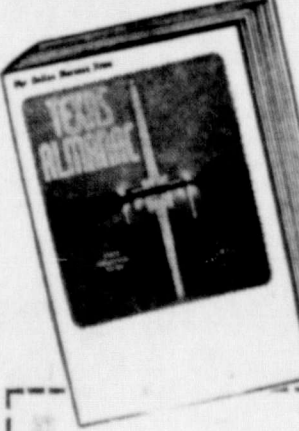

Agricultural leaders in Hall County were supporting Cong. Bob Price, even though many agreed that Cong. Purcell was a good man. Locally, these men played a big part in results of Tuesday's outcome. They also were supporting President Nixon and Senator Tower.

One of the major tests facing the newly elected Republican Administration will be the writing of an acceptable Farm Bill when the current one expires in 1973. Although, possibly, not a political issue, how well agriculture does in this area has more to do with the vote at election time than any other single issue. Last year's good cotton price did more to bring on a Republican vote than any other thing.

Winning elections is only the result of past accomplishments in many respects, and Republican office holders have had an acceptable record. No party controls voters. Voters choose to mark their own ballots. That is what makes our nation strong.

What Other Editors Say

It Used To Be A Service

The U. S. POSTAL Service is continuing under attack from various quarters, and despite the slogans and the banners and the press releases coming out of headquarters, it is apparent that somehow changing the name didn't cure the problems of getting mail delivered in this country.

Texas Senator Lloyd Bentsen is among the chief critics of the Postal Service. He claims that it is the worst it has ever been in this country.

A company in the East is trying this week to see if a pony express system can deliver a letter faster from Philadelphia to Boston than the regular mail service. Relays of horses are set up to deliver the test letter and it may be that the horses are faster.

Postal patrons at Guymon became upset this week when they were informed of plans to introduce a new routing schedule that would take advantage of labor saving machinery in regional mail centers to help speed up service.

This is fine, but it means that a parcel mailed from Guymon to Liberal will make a trip of 847 miles going first from Guymon to the Kansas City mail center and then back to Liberal. Somehow, folks in Liberal just can't see how that will save time, or expense.

The Postal Service is trying. Top officials in the new semi-private mail system believe that the problems can be solved by devoting a maximum amount of resources to point where large mail volumes exist. . . . large metropolitan areas and locations near large mailer businesses.

They are determined to close down small post offices and reduce staffs in medium sized ones.

This may work out, but thus far it hasn't. Some folks with a little gray in their hair can remember when mail came into

Perryton three times a day and the mailman delivered mail twice a day to houses. That was before the explosion in the amount of matter to be handled.

Things Of The Past

As a person gets older he is more attracted to things of the past and it is no accident that most historians are men of mature years.

Yet this devotion to the past is not confined to old persons.

One of the big developments of recent years is the renewed interest in antiques of all types, from old guns to classic cars. The young, rather than the old, are making this development boom.

Americans today live in a different world than did people just a generation or so ago. The emphasis then was on durability and today it is upon convenience.

Technology has robbed things of their enduring significance. Products are part of our experience only briefly. They are bought, used and tossed away without acquiring any identity.

We use cleaning tissue instead of linen handkerchiefs, ballpoint pens instead of personal fountain pens, change clothes every season, trade in cars every two years or so, move a dozen times in a career.

The transience in our technology breaks the continuity that people used to feel. There is little "loyalty" to products any more and most people do not feel that things have any lasting meaning in our lives.

In the past, an American might enjoy his homespun clothes for 20 years, sit his favorite horse for 15, drive his wagon for 50. All these durable things carried a significance that today's fast moving people do not have.

Some families hand down the family china from generation to generation but most brides per-

fer to start housekeeping with a new set of their own. Fathers used to hand down a gold watch but sons today would hoot at such an idea.

People have turned from a pre-occupation with things to a quest for convenience, economy and the saving of time. One reason this country is being buried with trash is that so many things we use are designed to be used just once and then thrown away.

The shoe repair business is a dying business because more and more people merely throw their shoes away when they become worn, while they used to get them half soled.

Maybe young people are turning to the past not to escape reality but to find it, to rediscover their origins and trace the continuity of the species.

L. Wards Enjoy Tour Of Southern States

Mr. and Mrs. J. L. Ward have returned from a eleven-day tour of ten Southern States. During the tour, they visited relatives in Alabama and then went on to Great Smoky, Cumberland, and Blue Ridge mountains where the foliage was in its most beautiful fall colors.

They also said the Carolinas and Tennessee were beautiful in many autumn shades and enjoyed seeing the boats and going on the Mississippi River.

They thoroughly enjoyed visiting the Southern states, the hospitable people, the good food and the sight of the mountains, but we are glad to get home as there is no place like home with its wonderful memories.

Rotarians Seek Candidates For Finland Exchange

District 573 of Rotary International, Farris C. Oden, governor, is currently selecting members of a delegation for a Group Study Exchange with District 141, Finland.

The exchange will take place May 23, 1973, to July 1, 1973.

"This is a most unusual opportunity for young men for promoting better understanding and friendly relations among the world's people," local Rotary President Haubly Dean stated.

Five young men from this district will make up a team, under the direction of a Rotarian, and travel to Finland. All transportation costs will be paid by Rotary Foundation. Food, lodging, and transportation within Finland will be the responsibility of the host district. Team members are responsible for their own incidental expenses, clothing and insurance.

In the fall of 1973 Rotary Clubs in District 573 will serve as hosts for a Group Exchange team from Finland.

Candidates must be of high moral character, intelligent, and cooperative, presentable in appearance, able to express himself clearly and logically, and in good health.

Although high academic qualifications are not required, a team member must have a sound general education. Members are not students, but must have been employed in any recognized business or profession, on a fulltime basis, for a period of at least two years prior to making application. The member must, by his interest and active participation in community affairs, be a good citizen.

Not a Rotarian, members must be between the ages of 25 and 35 at the time of application. The exchange is an educational activity, designed to promote international understanding.

For further information, con-

tact members of the Memphis Rotary Club. The club has applications and it is advisable to prospective candidates discuss the program with local Rotarians.

Clinton Voyles Guest Speaker At 1913 Study Club

The 1913 Study Club, meeting in regular session in the home of Mrs. Joe Allen Ballard, was privileged to have as guest speaker Mr. Clinton Voyles, principal of The Memphis High School. The high-sounding title assigned to Mr. Voyles was "Innovative Program for Educationally Handicapped". Mr. Voyles began an elaboration of this subject by stating that everyone is handicapped in some manner, that is, some people are excellent musicians while they have no aptitude for athletics. Others are masterful athletes and could not carry a tune. The aim of this innovative program is to seek out student's difficulties and assist them in solving their problems; to help students to attain their maximum potential. It is an individual oriented program intended to assign personal attention to a student's needs scholasticwise. Government funds allocated to the Memphis school this year have made possible an expansion of this worthwhile program.

Mr. Voyles spoke to an attentive audience of interested, thoughtful listeners who were gratified to be briefed on this aspect of school curricula. During the business session, preceding the guest speaker's talk, discussion and decision on certain matters were conducted by the president, Mrs. F. W. Foxhall. Mrs. Mac Tarver resigned as chairman of the Eye-Screening Program which has been sponsored by the club for the past six years. Also, plans were finalized for the Sidewalk sale to be held Saturday Nov. 4 and Nov. 11 in the old Pound's Cafe building on The Square.

The overall title of the afternoon's program was "ALERT TO OUR CHALLENGES". Mrs. T. M. Harrison led a salute to the American flag and gave a brief quotation honoring the flag. Mrs. L. L. Newman followed with a most interesting and thought-provoking paper entitled "The Modern Romans" in which she likened the economical and moral situation in America today to that which preceded the fall of ancient Rome.

Seventeen members and two guests, Mr. Voyles and Mrs. Carl Harrison, were present and following the program were served delicious refreshments from an attractive tea table by the hostess, Mrs. Ballard.

Band Boosters Club Makes Plans For Membership Drive; Dec. Luncheon

The Memphis Band and Booster Club held its regular meeting last Monday evening, November 6, at 7:30 P. M. in the Cyclone Band Hall. Mrs. Ronald Wilson, Club President, presided during the business session.

Recently the membership drive was temporarily postponed until after the completion of the Community Calendar campaign; however, it is now in progress again. This membership drive will last until November 30. Membership dues are \$1.50 per person or \$3.00 per family. There is absolutely no obligation to becoming a member of the booster club; you are simply a paid and up-to-date member. Each grade in high school and jr-high is represented by one person and she will contact each band parent. These helpers are as follows: Senior-Mrs. Alvin Phillips, Junior-Mrs. Raymond Martin, Sophomore-Mrs. Marion Posey, Freshmen-Mrs. Dewey Simmons, 8th Grade-Mrs. Billy Lockhart, 7th Grade-Mrs. Macky Allen, and 6th Grade-Mrs. Joe Bob Browning. Mrs. Robert Hanvey is Jr.-High Representative. If you wish to become a Memphis Band Booster and have not been contacted, please feel free to call one of the above ladies.

The Club voted Monday evening to hold a Luncheon again this year. It will be held on Sunday, December 17, following church services. As yet no definite price has been set for the luncheon tickets, but it will be very reasonable for a delicious meal. All proceeds from the luncheon will go to the Band Booster Club and will be used on the bands. There are several areas of needs at the present time, but exactly how the profits will be spent will be decided at a later date. Just over 300 people were served last year and the club is hoping for an even larger turn-out this year.

Rounding out the activities for the afternoon of December 17, will be a concert in the high school auditorium consisting of all three school bands; 6th Grade, or Beginner Band, 7th and 8th Grades, or Jr.-High Whirlwind Band, the High School or Cyclone Band. This concert will begin at 3:00 P. M. and will be free to the public.

The Band Booster Club would like to take this opportunity to express our thanks to the community for the sale of our birthday and anniversary calendars. Without our volunteer helpers and each who bought a calendar and/or listing, this campaign would not have been possible. We wish to give a special thank-you to each merchant who bought advertisement space on the calendar.

The next regular Band Booster meeting will be held on Monday evening, December 4, at 7:30 P. M. in the Cyclone Band Hall. All interested persons are urged to attend!

MEMPHIS JUNIOR VARSITY AND FRESHMEN—Pictured above are the members of the Memphis High JVs and Freshman squads, who will be suited out Friday night at the Memphis Homecoming game against Valley High. The JVs currently are undefeated in district play, having lost only one game all season. The team won a key victory from Wellington last Thursday night, 63-0, by and overwhelming effort. Wellington's B team had been undefeated in district play. The freshman unit, already having finished its regular season, will combine with the JVs for the remainder of the schedule. The freshmen offensive unit scored several of the TDs against Wellington last week. Pictured, left to right, front row, are: Alvin Bullock, Charles Phillips, Dick Hutcherson, David Cofer, Daryl Smith, Joe Reyes, Harold Middleton, Glen Johnson, Matt Monzingo, David Collins. Second row from the left: Ted Phillips, Terry Fowler, Fred Alexander, Mike Richardson, J. D. Evans, Mike Mowrey, Buddy Ballew, Charles Bryley, Audie Moore, Matthew Smith, Kenneth Fields, Earl Wright. Back row from the left, are: Jamie Ortiz, Ricky Douthit, Candy Reyes, Ricky Miller, Ricky Woodard, John Richardson, Chuck Chappell, David Richards, George Wiggins, Ed Hutcherson, Jerome Spearman and Ricky Spruill.

Memphis Downs Wellington 60-8

Memphis Cyclone unleashed a gathering ground and air against the Wellington Skyrocks, and even though the first unit was sidelined due to a one-sided score, midway in the contest, the scoreboard finished 60 to 8.

The Cyclone second unit tallied in the closing seconds of the game to round out the night's game for Memphis.

Due to the heavy amount of rain, which saw the Cyclone score 20 points in the first quarter and 20 points in the second quarter, 20 points in the third quarter and 20 points in the final period, a summary of the scoring situation is almost a complete rehash of the night's activities.

The Cyclone kicked off to the right in the corner and the Skyrocks fumbled out-of-bounds. Wellington took over on their 45-yd. line. Three running backs netted one yard so the Skyrocks punted to the Memphis line.

The Cyclone two plays took points on the scoreboard, the potent passing duo of QB Brown and Plunker Larry Johnson connected for a 44-yard pass to the Rockets' 9-yd. line. On the next play, from the line, HB Larry Johnson threw the pitch from the quarter and behind a full backfield blockers rammed his way into endzone for the score. Brown held while Johnson booted the ball after, the first of six for the night, and the score was 7-0.

At 9:21 remaining to the first half, the Rockets got moving on the field for a first down to the 45-yd. line. Then, lightning struck, the Rockets tried a screen pass, to have Def. End James Beck in front of the receiver, intercept the pass and set sail for a 45-yd. pass interception TD. A missed PAT kick left the score 13-0.

The Rockets got one first down by roughing the punter penalty against Memphis, but were held and punted to the Memphis line.

Up in the hole, the Cyclone conservative as QB Brown's Tight End Bobby Hall for a first down to the 19; and then Plunker Johnson for another first down to the Memphis 37-yd.

After a first down pass went incomplete, Sophomore HB Jim Melton, took the football on a play around right end, blocking and deceptive play by Melton cleared the way up the sideline and 63 yards he crossed the goal line. Melton averaged 24.4 yards per carry on five carries during the play. The PAT kick was good. Memphis stayed on the ground next TD, coming on a 44-yard drive in eight plays. FB Paul got his hands on the football during the night, both the first series of downs and the 13 yards total. Fowler in the lineup for the first time since a muscle injury against Clarendon.

With a first on the opponents' QB Brown threw the football to Split End Ronnie Brown for a 13-yd. gain to the 17-yd. line. Then HB Melton made a tough yardage, but was the cause of an infraction committing Wellington and Memphis to a first down on the seven, during the penalty.

From here, Jim Dixon made a 13-yd. gain to the Rockets' 37. Then, Don Davis made five and FB Dixon ripped for six more. HB Melton carried on two consecutive plays for gains of two and 15 yards to the Rockets 9. FB Dixon carried over for the TD on the next play. Johnson's kick was no good making it 53

to 8 with 0:20 on the clock. Memphis booted the football low off the tee, the ball took a crazy bounce, the Rocket receiving team hesitated, and Mark McQueen recovered for Memphis on the Rocket 25.

QB Davis had the Cyclone offense at the line of scrimmage when the officials marked the ball ready to play, rolled out to his left, faked the pitch, broke loose from a defender and raced the remaining distance for the final TD. Johnson's kick was good and the final score was 60-8.

Rushing leader was Jim Melton with five carries and 122 yards averaging a remarkable 24.4 yards per carry. Wayne Davis averaged 12.1 on seven carries for 85 yards. Jim Dixon carried 15 times for 62 yards averaging 4 yards per carry. Don Davis carried nine times for 24 yards. Paul Fowler two times for 13 yards. James Chappell four times for 10 and Larry Johnson one time for nine yards.

Receivers included Johnson with three catches for 123 yards, Bobby Hall two catches for 55, and Ronnie Brown one catch for 13. Mike Browning completed five of 10 and Wayne Davis one of one.

Records show that the 48 refineries in Texas process a million barrels of crude oil each year. This amounts to 86 per cent of the state's crude production.

Three downs, then punted the football and Memphis took over on the Wellington 40-yd. line. Two plays, a carry by Dixon and an incomplete pass netted three yards. Then, HB Melton carried again on the sweep, weaved his way through defenders and gained 37 yards for a touchdown. Johnson's kick was good and the score was 34 to 0.

The Skyrocks caught fire after this, marched 78 yards in nine plays for the touchdown. Key runs by Bobby Joe Shruhs and Jay Thomas moved the football to the Memphis 27. On a second down, QB Randall Hodges lofted the football over the head of a Memphis defender and dropped it into the outstretched arms of No. 11, Mike Williams, in the endzone. Jay Thomas carried on the two point conversion and the Wellington stands had something to cheer about, in what was an otherwise, disappointing night for the home fans.

This score, however, just gave Memphis fans opportunity to catch their breaths, as the Cyclone offense was waiting for a chance to take the field. Jim Melton returned the kickoff to the Memphis 36-yd. line where the Cyclone set up, first and 10, as QB Brown, executed the play-action fakes, dropped back into the pocket, and tossed the football way down the field. Larry Johnson had out run the Wellington secondary, and he caught the pass on the run and scored following a footrace. The play covered 64 yards. The kick was good and the halftime score was 41 to 8, despite a 40-yard field goal attempt by Johnson for Memphis on the last play before the half.

Second Half Action

Offensively, the Cyclone opened the second half with Wayne Davis at quarterback, Don Davis, Jim Melton, James Chappell, Jim Dixon at running backs. Gary McKay was in at split end, while Mark McQueen was at Center, Donny Scott and Jim Booth at Guards, Jay Campbell and Lyn-del Ourret at tackles, and Fernando Garcia and Ronnie Brown were in an out at end positions. Bobby Hall also saw a lot of action, in the second half on offense.

The Cyclone second unit put an 80-yd. scoring drive together in the third quarter.

Jim Dixon with a three-yd. gain, and Don Davis with an 11 yarder got things going. Then Dixon carried for 5 and 6 yards respectively.

In the next series, from the Memphis 45, Dixon made two yards. Then, QB Wayne Davis on the quarterback option, broke loose and ripped over 57 yards to have much of it called back on a clipping call. The ball rested on the Wellington 41 after the penalty.

From here, Chappell made two yards, Wayne Davis made no gain. Facing a third and long, QB Davis passed the football to Tight End Bobby Hall who was open up the middle and Hall outran the Rocket secondary for the tally. The point after kick was no good.

Penalties hampered the Cyclone team on the next two possession, however, when Safety Mike Browning intercepted a Wellington pass on the Memphis 45, this began another scoring effort.

QB Davis got things going with a 13-yd. gain to the Rockets' 37. Then, Don Davis made five and FB Dixon ripped for six more. HB Melton carried on two consecutive plays for gains of two and 15 yards to the Rockets 9. FB Dixon carried over for the TD on the next play. Johnson's kick was no good making it 53

TIPS for OUTDOORSMEN

Clouds Help Fishing

Don't hesitate to go fishing on cloudy days. That's the best time. It's difficult to get big-eyed black bass to hit topwater lures when the sun is shining bright, and especially in open water.

Apparently the reason bass hit best in the shade is the fact that you're more likely to find them there. Bass have no eyelids to shade their eyes from the sun, so they hide out in the shadow of trees, overhanging ledges, etc.

On cloudy days they not only come out of cover, but those that dive deep to get away from the penetrating rays of the sun come to the top for a look around.

Tow Boats And Tow Lines

Nearly every boatman has, at one time or another during his experience on the water, towed in a crippled craft or been aboard one being towed.

Natural inclination, especially if the towed boat is a runabout or smaller, is to tie to the towing craft with a simple line. This means that more likely than not the crippled one will turn one way, then the other, and follow a crooked course.

One way to help prevent the yaw is to ring a bridle from the quarter cleats of the lead boat, then tie the towline from the center of the bridle to the bow of the towed vessel.

Further steadiness can be achieved if someone remains aboard the towed boat and helps to keep

OUTDOORS IN TEXAS

Every time we think we've seen all the clever posters found in the various cafes in the hunting and fishing areas of the Lone Star State, we come across another.

Instructions You Must Have For Your Hunting Trip:

1. First you need a fast car—so you can beat the other hunters to the best spots. That will give you a chance of being killed before you get out in the woods. And save some other hunter some ammo and the mess of shooting you.
2. One or two cases of whiskey, four cases of beer, and lots of ammo. Food, tents and sleeping bags take up a lot of space,

so get another case of whiskey, instead.

3. Be sure to shoot at anything that moves. If it's not a deer, there's always a chance it might be your mother-in-law.

4. Now, when you bag a deer, be sure and shoot all the shells you have left into it. This will be sure to splinter all the bones and bust the entrails.

5. Don't bother to wash or wipe it out as the blood and manure will improve the flavor. Besides, the locker plant operator will be disappointed if you bring in a clean one.

6. If you decide to skin it, be sure to roll it around in the dirt, leaves, and pine needles. They wrap it in newspapers as they will stick well, and printers ink has the delicate flavor of burnt rubber.

7. Now bring it out to the car, throw it over the hood as close to the radiator as possible, so it will get all the heat and dust, and so people will be sure to see that you got one!

8. On the way home, stop at a tavern, so you can tell the other liars how you killed it. And be sure to stretch your kill into at least a mile.

9. Be sure to stay at the tavern until you are sure the locker plant you want to hang your deer

in has been closed for the night and the operator is sound asleep. Call him now and tell him to get right down, as you must get your deer into the cooler before it spoils.

10. He will no doubt have a couple hundred hanging around. So make sure he cuts yours first—and makes it all into choice steaks and chops.

THANKS

To The Citizens of Prec. 3

I want you to know that I appreciate the vote of confidence you gave me in the General Election which was held last Tuesday.

It is my aim to make you an even better Commissioner during the next four years.

Let me know when I can be of assistance, as you know I am devoting my full time to serving my precinct.

Singing Group From Dallas To Present Program At Hedley

The Singing Conn Family will appear at the United Methodist Church in Hedley Saturday, Nov. 18, according to an announcement this week by Mrs. Letha Springer. The singing session will begin at 7:30 p. m.
The Singing Conn Family are from Dallas, and have presented many gospel singing programs over this section of the state.
To be featured on the program will be Murie, wife of the late Gene Moss.

The general public is invited to attend this special program Nov. 18, Mrs. Springer said.

Local Jehovah's Witnesses Announce Convention Date

R. Mikesell, presiding minister of the Memphis congregation of Jehovah's Witnesses, announced at a recent meeting that plans have been finalized for a circuit convention including 22 congregations in the Texas and Oklahoma Panhandles and Western Oklahoma.
Convention officials revealed that the City Auditorium in Altus, Okla., has been selected for this assembly, Dec. 2 and 3.
Delbert V. Woodward, Oklahoma, convention manager, said 1,300 are expected from the area.
Mikesell said the "Let Us Serve Jehovah Whole-souled Assembly" will stress the importance of spirituality in an age of materialism.

The assembly is open to the public and all Bible-loving persons are invited.

Gerald was a born skeptic. When a doctor suggested surgery

for the stiffness in his left arm, Gerald demanded a flat guarantee of good results. The doctor, confident of success, gave the guarantee.

But the operation, through no one's fault, turned out to be a failure. Gerald duly sued the doctor on grounds of "breach of contract." And, even though the doctor had done nothing wrong medically, the court ruled that Gerald had a good case.

A doctor, like an engineer or a carpenter, can make a legally binding guarantee if he is so inclined.

Nevertheless, since medicine is not an exact science, this seldom happens. Courts point out that doctors often do—and should—give "therapeutic reassurance" to their patients without intending to make a positive guarantee.

"The doctor's reassurance that his patient will be all right," said one court, "must not be converted into a binding promise by the disappointed or the quarrelsome."

In another case, a doctor remarked to his patient that a certain treatment would "make a new man out of you." When the treatment was tried with less than complete success, this patient too claimed damages for breach of contract. But the court found no basis

for liability. The judge said no reasonable patient would read into the doctor's comment a positive assurance that he would indeed become a new man.

A special problem has arisen in connection with sterilization procedures that fail to prevent the later conception and birth of a child. Even assuming that the doctor has given a firm guarantee, has the patient actually suffered any harm by having a baby?

Some courts have simply recoiled at the idea that a baby is a liability—at least, if mother and child are healthy. Denying one such claim, a judge said:

"The cost was outweighed by the blessing."

Funeral Services For A. D. Ray Held In Lubbock

Funeral services for A. D. Ray, who died Monday at his home in Lubbock, were conducted at 10 a. m. today (Thursday) from the Oakwood Baptist Church in Lub-

bock. Rev. Stan Blevins, pastor, officiated and burial was in Resthaven Memorial Park in Lubbock.

Ray, 59, was owner and operator of Llano Sales Agency and Ray Rental Agency. He had been a Lubbock resident for the past 14 years and was a member of Oakwood Baptist Church and the Masonic Lodge at Plainview. He had attended Texas Tech.

He is the husband of the former Nell Walker, daughter of the late Mr. and Mrs. R. C. Walker, earlyday pioneer Hall County family.

Survivors include his wife of the home, 2313 56th St., Lubbock; three daughters, Mrs. Beverly Todd of Oklahoma City, Mrs. Gwendolyn House and Mrs. Jennifer Rich, both of Lubbock; a sister, Mrs. Margaret Langford of Corpus Christi and one grandchild.

The average per person consumption of fresh vegetables is 97 pounds annually.

Wet weather cut down the registration in Hall County Heritage last week. How- ever, we did have 32 register last week. Some of the out-of-town visitors the past week were Smith of Turkey, Velma of Littlefield, Mr. and Mrs. C. Middlebrook of Jacksonville, Mr. and Mrs. O. Kelly of Eugene, Ore., Becky, Danny and Kelly of Shamrock. Their par- ents are Mr. and Mrs. Bill Lewis. Lewis will be remembered as Kelly, daughter of Mr. Kelly, and the late Mrs. Lewis. Other visitors were Kimi and Karen Welch of Leo and Geneva Jester of Mr. and Mrs. Weldon son Richard of Amarillo. Also in this group was Der- ightower of Amarillo, son of Mrs. Bo Hightower, former residents here. Hightower will be remem- bered as Kay Ferrel and Mrs. Ferrel, daughter of Mr. and Mrs. M. Ferrel.

Brass Tacks: "Many a sweet on the outside, but a sugar coated pill", said pessimist Webb Grubbs.

"Salesman Sam", but man Jimmy Fields, who with salesmen of Texas selling appliances won a weekend in Las Vegas the past week. Congratulations to Jimmy and the one-arm handits did not

conversation with J. L. Ward days ago, we found out that pretty hard to keep apples from him as he is now his truck to North Caro- lina they have a good apple

crop. This is what you would call "Far away places" as it is about 1385 miles to the apple orchard, a two-day drive each way and with a fuel bill of about 600 gal- lons for the round trip.

I met Mrs. Mary Ida (Gattis) Adkisson the past Saturday in Memphis, the daughter of Mr. and Mrs. T. H. Gattis of Brice. She will be remembered as Ida Gat- tis several years ago while work- ing for Mrs. Greenhaw. Ida has been living in Amarillo the past seven years. She asked about Mrs. Greenhaw whom I had just visited in the hospital & I did re- port to her that Mrs. Greenhaw could not sing, beauty parlor or barber shop talk, as she was hav- ing voice trouble.

I guess when Adam and Eve came into the world, B. O. start- ed to pollute the world and I do not think the Bible mentioned what they used for a deodorant. It could have been snake or bana- na oil. In the early days we had a lot of work and sweat and that caused a lot of human pollution at church, school or any crowded place. The first remedy I can re- member for this was home-made lye soap and Life Buoy soap and on to Od-drane. Today the hu- man race should about have the B. O. cured as so much work without sweat is automatic and push-button. In looking over the drug centers a few days ago, we counted over 50 kinds of deo- rant, some of them were Secret, Hi-Dry, Active Ultra, Fresh, Dial, Soft, Dri, Life-Guard and an- other one called "Family". I guess this is the one you spray the whole family with. With all of the dif- ferent kinds of deodorants (which are all the best) we should have

a sweet smelling nation. If we could act as well as we smell, it would be a more perfect world to live in!

I read an article in last Sun- day's paper by Charles Baker, marketing specialist with the Tex- as Agricultural Extension Ser- vice at Texas A&M University. As his report shows, it is not a just "Texas Brags" but are "Texas Facts". Agriculture is a 10 bil- lion dollar industry in Texas, second to oil and gas. The agri- culture industry provides employ- ment for 35 to 40 percent of the Texas labor force. Of the Texas land area of 168 million acres, some 143 million acres are in farm land, more than any other state. Texas produces more than 200 different types of crops and livestock. In many ways Texas is self-sustaining. Texas leads the United States in the production of cattle, rice, sheep, goats, wool, cotton and grain sorghums. Also, it is a leading producer of peas- nuts, pecans, citrus and vegeta- bles. Not to be overlooked are the dairy poultry, eggs, swine, corn, soybeans, honey, wheat, timber, horse and mariculture (catfish and shrimp). The latest report on raising shrimp was the experiment from College Station. The ponds they have for the shrimp are producing about 1800 pounds per acre. We have a lot to be proud of to have a part in "Texas Brags and Facts".

A good many years ago you would hear people say that the way for the fastest communicat- ion was telegraph, telephone and

tel a woman. It seems that tele- graph and tell a woman have lost a lot of their "Lib" to telephone, radio and television. I heard on television news a few days ago that the City of Amarillo now has 105 thousand telephones. With that many telephones, there would be a lot of time gained, and at times, a lot of time wasted with all of the busy signals working.

Times have changed so much over the years, I can remember when we had to put up extra- looks at church to hang the men's hats. The past Sunday I checked the number of men in the con-

gregation and it was about 50. Then I checked the hats hanging in the vestibule and there were only 8 hats. I sometimes wonder how the hat manufacturers have stayed in business with all the bareheads. Fifty years ago every- one had an ambition to own a John B.

I was visiting Billy Thompson in the hospital a few days ago where he has been confined for several weeks with a broken leg and an infection. He told me that he had been shot 64 times by the doctor and he thought they were to live over that many shots. Speaking of broken legs, Mr. and Mrs. Jim McMurry reported that their daughter fell in the frog pond at her home and broke both legs several weeks ago and is just now out of the casts. She will be remembered as Jackie Lee, who is now Mrs. Graziani and lives near Boston, Mass.

Copied from "Bass Tacks": "The meanest man we ever knew kept his wife in bed a month af- ter she was well so the neighbors would continue to send in good things to eat."

I did attend the rummage sale last Saturday, not to buy, but to try to find my other pair of pants.

Only about 16 per cent of this nation's disposable income goes for food.

It takes one acre of healthy forest to grow the lumber for a five-room frame house.

Thomas W. Greene Is New Member Of Westminster Singers

FULTON, MO.—Thomas W. Greene of Memphis, a junior student at Westminster College in Fulton, Mo., has been chosen a member of the Chamber Singers of the college.

Composed of twelve Westmin- ster men and twelve William Woods women, the Chamber Singers is the select choral group chosen from the larger mixed chorus of the two colleges.

The Singers present numerous concerts throughout the year. They recently assisted in record- ing a new stereo arrangement of the "Eattle Hymn of the Repub- lic" in the Winston Churchill Memorial of Westminster Col- lege, which is the war-damaged London church of St. Mary, Aldermanbury, designed and built by Christopher Wren, and moved to the Westminster campus to serve as the college chapel and as a tribute to Sir Winston Churchill and his "Iron Curtain" address at Westminster in 1946.

The Chamber Singers present- ed special music on Oct. 21 for the Churchill Memorial Choral

Workshop for Missouri High Schools, and also performed at the Parents' Weekend Worship Service on Sunday, Nov. 5. Their annual Christmas Concert will be forthcoming in December. Greene is the son of Mr. and Mrs. William Gayle Greene of Memphis.

Hall County Educators Attend Amarillo Meeting

The local Hall County Unit of T. S. T. A., District 16, had four delegates attending the 9th Annual House of Delegates at Caprock High School Auditorium in Amarillo Nov. 2. More than 200 delegates attended the session, it was reported here this week.

Attending from Hall County were Chester Cunningham, president of the Hall County Unit of TSTA and superintendent of the Estelline Schools; Bill R. Wood, superintendent of the Memphis Schools; James Jackson, superintendent of the Lakeview Schools; and Jay Eudy, immediate past president of the Hall County Unit, Valley High vocational agriculture instructor. Also attending as educators, but not voting, were Mrs. James Jackson of Lakeview and Miss Topsy Gilreath, county superintendent.

The House of Delegates elected the following officers for Dis-

trict 16: president elect, Wayne Johnson, Lela School and former Turkey High School commercial teacher; secretary, Rose Nelson of Pampa; treasurer, Jean Brock of Hereford; district committeeman, Bill Potts of Pampa. The Hall County Unit had nominated Jay Eudy for treasurer, but the veteran teacher, Jean Brock, won by a close vote.

The delegates also approved Ronnie Morris, vice president of the local association and Memphis agriculture teacher, as state delegate to TSTA in Houston in March, 1973, and two alternates, Mrs. James Chappell of Memphis and Jay Eudy of Valley High.

Presiding at the session of the House of Delegates and the banquet was David Walvord of Amarillo, president of District 16. The Amarillo Chamber Choir, under the direction of Dale Roller, furnished the entertainment for the delegates and guests during the banquet, and Mrs. Patsy Duncan of Amarillo, president of Texas State Teachers Association, brought greetings to the district delegates and teachers.

The delegates heard the various reports of the several committees of the district and adopted reso-

lutions presented to District 16 and to TSTA. Chester Dowell of Dumas, chairman and Jay Eudy, Valley High, served as members of this committee. Chester Cunningham of Estelline was a member of the professional rights and responsibilities committee and Neal Hindman of Memphis served on the committee of human relations.

The public schools of Turkey-Quitaque, Estelline, Lakeview and Memphis were dismissed Friday, Nov. 3, to give the teachers an opportunity to attend the meeting. Approximately 5,000 teachers attended this conference. It included general session at the Civic Auditorium Friday morning and the sectional meetings in the afternoon located in various schools in Amarillo. The theme of the overall program was "Quality Education for All."

Thomas A. Edison invented the electrical incandescent lamp on Oct. 21, 1879.
