

## Lady Coyotes Clinch Playoff Spot With Win Over O'Donnell

Borden County's Lady Coyotes clinched a playoff spot in this year's season with a 14 point, 48-34 win at O'Donnell Tuesday night. The win upped the Gail girls' record to 7-0 in district and clinched at least a second place finish in this year's District 16A race. In a close game throughout, Borden jumped out to an 11-0 lead before O'Donnell untracked and closed the gap to one 13-12 by the end of the first stanza. Borden was hurt when leading scorer for the season Lisha Sternadel, picked up her third foul halfway through the period. O'Donnell's offense was continually harassed in the first period as the lady Coyotes came up with eight steals, four from Shara Dee Woodward. Both teams calmed down in the second quarter but shooting percentage went down. More shots were taken by both teams but Borden could only increase their lead to 25-21 by half. The Lady Coyotes held the Lady Eagles to only one field goal in the third quarter and four free throws as they

opened up a 36-27 lead entering the last quarter of play. There Amy Lewis took control inside as did Randi Woodward in the third quarter. Amy hit eight of Borden's 12 points and the defense held O'Donnell to again just one field goal and seven points. It was a great defensive effort holding the Lady Eagles to just two field goals the entire second half despite every starter being in foul trouble!

Randi Woodward led a trio in double figures as she hit 12 points followed by Lisha Sternadel with 11 and Amy Lewis with 10. Amanda Anderson hit 7 points, Kristi Adcock, who was hampered by a recent injury, hit 6, and Shara Dee Woodward hit 2. Amanda led infield goal percentage with 67% followed by Amy with 63% and Randi with 55%. Amanda also led in free throw percentage with 75%. Lisha led in rebounds with 10 followed by Kristi with 8, Randi with 6, and Amy with 5. Amanda led in assists with 6 followed by Lisha with 4.

The Lady Coyotes move their record to 21-2 on the season with three games remaining in district. The

Bi-District game will be played at a site to be later determined when the opponent is confirmed. The game will be played February 15 or 16, against Districta 15A, which consists of Rankin, Grandfalls-Royalty, or Buena Vista.

The J.V. won their game also as they trounced the Lady Eagles by a score of 46-31. Borden jumped out to a 12-7 first quarter lead and increased their margin to 19-11 at half-time. Then in the third quarter, Borden edged O'Donnell 15-8 to extend their lead to 34-19 entering the last stanza. There, the two teams traded even as Borden settled for the 15 point win. Kristin Kilmer led in scoring with 19 points followed by Shayne Hess with 15 and Kristin Monger with 12. The J.V. moves their record to 10-2 on the season with their only two losses coming against Varsity teams. They have one game remaining, that being at Klondike, February 9.

Congratulations to the Borden County Lady Coyotes for their big win over O'Donnell and another trip to the Class A basketball playoffs!

## Grady Ends Lady Coyotes 27 District Game Win Streak

In a most important distraict basketball game at Grady Friday night, Borden suffered its first setback in three years, in conference play, dropping a 40-39 decision to the Lady Wildcats. Extremely poor shooting spelled doom for Borden as the Lady Coyotes shot one of their worst possible time. If the first quarter was a bad dream the second quarter was a nightmare. Borden led at the end of the first stanza 8-7, hitting 3 of 10 from the field and had five turnovers. Second quarter was a period of play the Lady Coyotes would like to forget, as they did not

score a field goal, going 0 for 7 from the field and yielded 10 turnovers. In fact midway through the third quarter, Borden had connected on only 3 of 37 from the field for 11% and found themselves behind by 17 points. Then Borden started playing the type of ball they had played in past games. In the fourth quarter, Shara Dee Woodward nailed two three point attempts and Julie Harris and Rachel Romero each hit one 3 pointer to bring the Lacy Coyotes back into the game. Borden's defense also came to life as they held Grady

## Eagles Snatch Victory From Coyotes

The O'Donnell Eagles used a third quarter run to up a comfortable lead, but the Coyotes fought back only to lose 60-44. The Eagles opened their lead in the first quarter as they outscored the Coyotes 16 to 11. In the second quarter the Eagles lead by another 5 points thanks to a last second 3 point shot from about the top of the circle in their backcourt.

After the halftime break the Coyotes couldn't get the ball to drop through their basket as they made only 2 out of 13 field goals attempts. While the Coyotes were only scoring their 4 points, the Eagles added 14 points to their totals. The Coyotes picked up the tempo of the game in the fourth quarter and outscored the Eagles 19 to 15.

Cole Vestal was the Coyotes' leading scorer with 14 points on 7 field goals. He also had 6 steals, 7 offensive rebounds and 4 defensive rebounds. Jimmy Rios scored 12 points on 5 field goals (1 three point) and a free throw. Jimmy also had 6 steals, along with 4 offensive and 3 defensive rebounds. Shane Kemper scored 8 points and had 2 steals and 3 defensive rebounds. David Buchanan scored 6 points and also had 4 offensive and 1 defensive rebound. Clint Kemper scored 2 points and had an offensive

rebound, 3 defensive rebounds, and 2 assists. Clint Wills also scored 2 points and had 2 steals. Cody Stone and John Paul Harris didn't score, but Cody had 2 steals, 2 offensive rebounds and 3 assist. John Paul had 3 steals, 4 offensive rebounds, and an assist.

The J.V. Coyotes had troubles scoring in the second half and let a close game turn into a lopsided victory 51-28 for the O'Donnell Eagles. The Coyotes only trailed the Eagles 9 to 6 at the end of the first quarter. Both teams were able to score a little better in the second quarter, and the Eagle lead was increased to 6 points. In the third quarter the Eagles outscored the Coyotes 10 to 6 to push their lead to 10 points. The fourth quarter sealed the doom for the Coyotes as the Eagles poured in 17 points to the Coyotes' 8 points.

Guy Zant led the Coyote scorers with 9 points on 4 field goals, one of which was a 3 pointer. Ross Hataway scored 7 points on 3 field goals and a freethrow. J.J. Kincheloe scored 6 points on 3 field goals. Justin Jenkins scored 4 points on 2 field goals. Clint Anderson scored 2 points on a field goal. Kirk Jones, Shawn Lewis, and Clint Bennett did not score, but they saw plenty of action.

to only one field goal in the last quarter, but had to watch Grady hit 7 of 14 free throws in the final minutes to pull out the win. the line was not as kind to Borden as they only managed to hit 9 of 19 for the game.

Kristi Adcock led Borden in scoring with 10 points followed by Lisha Sternadel and Shara Dee Woodward with 6 points each. Amy Lewis and Rachel Romero each had 5, Julie Harris had 4, and Randi Woodward had 3 to round

out the scoring. Julie and Rachel each hit 50% from the field to lead in field goal percentage and Julie and Randi each hit 50% from the free throw line. Kristi led in steals with 3 and Shara Dee led in assists with 3. Lisha led in rebounds with 13 followed by Kristi with 5.

Borden's record falls to 21-3 for the season and tied with Grady in district with identical 7-1 records. Grady moved to 20-5 for the

## Cats Rally To Down Coyotes

The Borden Coyotes traveled to Grady last Friday and gave the district co-leaders all they wanted for the first half. In the second half the Cats began to build a lead after a first half draw (31-31).

The Coyotes made a season record of numbers of field goal attempts of 74 attempts, but only 22 of the 74 attempts were good for a 30% shooting average. In the second half the Coyotes shooting percentage fell off with only 13 of 43 attempts. The Cats defense forced the Coyotes to hurry their shots.

Cole Vestal led the Coyote scorers with 18 points. He was good on 7 field goals and 4 freethrows. He also had 3 steals, 3 defensive rebounds, and an assist. Shane Kemper scored 17 points on 6 field goals, one of which was a 3 point basket and 4 out of 5 freethrows. He also had 3 steals, 3 offensive and 1 defen-

sive rebounds, and 2 assists. Jimmy Rios scored 16 points on 5 field goals (two 3 pointers) and 4 out of 4 freethrows. His quick hands and great hustle allowed him to make an amazing 10 steals. He also had 6 offensive rebounds, 7 offensive rebounds, and 3 assists. Klint Kemper scored 4 points and had 2 steals, 4 offensive rebounds, and 3 defensive rebounds. David Buchanan also scored 4 points on 2 field goals. He also had 2 offensive and 2 defensive rebounds. John Paul Harris and Clint Wills did not score, but John Paul had 2 offensive and 1 defensive rebonds. Clint had 3 offensive rebounds.

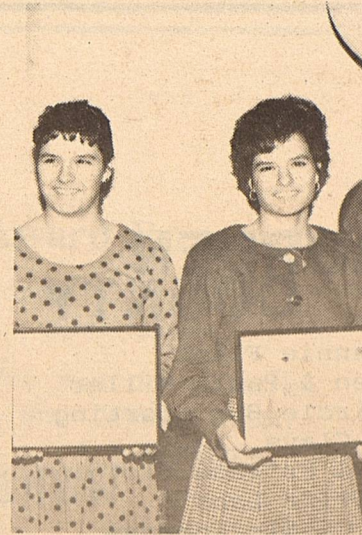

The Borden County J.V. Coyotes also lost to the Grady Wildcats 49-29 last Friday. The Wildcats jumped to an early lead in the first quarter as they outscored the Coyotes 17 to 6. In the second quarter the Coyotes

faired a little better with a 10 point output to the Cats 9 points. The Coyotes downfall came in the third quarter as the ball would just not go into the basket during the entire 8 minutes. In He mean time the Cats were scoring 15 points. In the fourth quarter, the Coyotes fought back and enjoyed their best scoring output for the night as they outscored the Cats 13 to 8.

J.J. Kincheloe led the Coyotes in scoring with 16 points on five 2 point baskets and one 3 pointer. Clint Anderson and Justin Jenkins scored 4 points apiece on a pair of field goals. Shawn Lewis scored 3 points on a 3 point basket. Clint Bennett scored 2 points on a single basket. Kirk Jones and Ross Hataway played hard, but they had very tough luck on their field goal attempts and the shots just would not fall for them.

## Former Borden High School Students Receive Award

The Gold Star Award is the highest honor that is presented to a 4-H member at the county level. This award is presented to two 4-H members who have accomplished outstanding 4-H members who have accomplished outstanding 4-H carrers. M'Lys and A'Lise Lloyd received this recognition at their county achievement banquet and were honored at the District 2 Gold Star Banquet. M'Lys and A'Lise have been involved in 4-H for the last eight years. They have served in various leadership roles including club officers, council delegated, and committee chairmen. They have been involved in a variety of projects including, lambs, steers, foods, and nurtition, clothing and textiles, recreation, leadership, record books, and method demonstration. Congratulations M'Lys and A'Lise Lloyd.

4-H GOLD STAR AWARD WINNERS, A'LISE AND M'Lys Lloyd

## Junior High Coyotes Win Final Game Of The Season

The Borden County Jr. High Coyotes visited the Klondike Cougars Monday night and ended their season on a positive note, with a score of 41-34. The Coyotes' pressure man-for-man defense confused the Cougars in the opening minutes and allowed the Coyotes to grab a 12 to 7 lead. In the second quarter, the Cougars used good freethrow shooting to squeek out an 11 to 10 point scoring advantage. The third quarter was another big one for the Coyotes as they outscored the Cougars 13 to 9 to take an 8 point lead. During the fourth quarter the Coyotes made several big steals only to turn the ball back over to the Cougars in an attempt to score too quickly. The Coyotes' defense

caused problems for the Cougars during the entire game. Everyone made some big plays, but the shots weren't falling as they should have.

Brandon Adcock, who was literally all over the floor, was the game's leading scorer with 24 points on 11 field goals and 2 free throws. Brandon and Richard Buchanan combined on some very good passing inside to account for 32 of the Coyotes 41 points. A.J. Romero added another 5 points to the totals on 2 field goals and a free throw. Cody Cox and Bucky Williams scored 2 points each on field goals. Seth Vestal and Chris Myrick played well, but they didn't score. Kurt Hess was in El Paso showing his livestock.

## Junior High Ends Season With Close Loss At Klondike

Borden's Jr. High Girls ended their basketball season with a postitive note, even though they dropped a 26-22 game to the Klondike Cougars. Klondike ended the season undefeated with no really close games, except when they played Borden. For the second game in a row, Klondike had to come up with big points at the end to shut down Borden's upset bid. The two teams traded even the first quarter with the score knotted at nine all. Then the Cougars pulled away slightly in the second quarter as they connected for four points and held the Coyotes scoreless. Borden held a brief lead, 18-17 until the final seconds of the third quarter, until Klondike hit a basket at the buzzer to take a one point lead, 19-18, entering the last

stanza. There, Klondike pulled some big baskets out, using their superior height for second and third shots. Still it was a great effort by the Coyotes as they played the host team down to the wire.

Melody Harrison and Bobbie Armstrong tied for scoring honors as each hit 7 points followed by Brandi Smithie with 6 and Mendy Hensley with 2. Also playing well but not scoring were Jana Kincheloe, Mandy Herring and Laura Hensley.

Borden finishes the season with a record of 6-6 and a district record of 5-5. Klondike captured the Jr. High championship followed in standings by Sands, Borden, Dawson, O'Donnell and Grady.

district win streak by the Lady Coyotes dating back to Borden's last district loss in the 1986-87 season. Two district games remain for Borden and Grady. Should both teams win their remaining games, a playoff game would be played to determine the district champion and runner-up, as both teams have already clinched a playoff spot.

# Light-colored Grain Sorghums Are Better for Food and Feed

By Robert L. Haney  
TAES Science Writer

White or light-colored sorghum grain can open up numerous markets in the U.S. and abroad now unavailable to red sorghum varieties.

Dr. Fred Miller, internationally known plant breeder with the Texas Agricultural Experiment Station (TAES), says there is a potential yield increase associated with these white sorghums as well as a possible price advantage over red sorghum.

With over one million acres of sorghum grown in the Blacklands, Coastal Bend, and South Texas alone, this suggests an increased net income of several million dollars annually to farmers in this region. Other areas could benefit comparatively.

Most of U.S.-produced sorghum grain is used as feed for livestock and poultry, Miller said. But the dark brownish-red sorghums are unattractive to many feeders in southeast Asia, who are accustomed to feeding rations using yellow or white corn. This translates into reduced sales because smaller quantities of sorghum are put into the ration, regardless of price or nutritional value.

Light-colored sorghums would enhance the export competitiveness of U.S. sorghum in Korean and Japanese feed markets, Miller said. Miller is a member of a team of TAES scientists researching the

development and evaluation of light-colored sorghums.

At present, poultry producers cannot use red-grain sorghums for the complete duration of the broiler feeding cycle. They change to more expensive corn rations to finish birds. This avoids the "dark specks" found in the body cavity of dressed broilers that are finished

on dark sorghums. If research shows that light-colored sorghums don't produce the black specks, broilers could be produced at lower cost.

Currently, chicken processors use wheat in the feed ration to obtain a lowfat-appearing broiler

meat demanded by consumers. White sorghums offer a less expensive and potentially superior feed for this market, Miller said. Yellow corn produces fat that is easily seen by a fat-conscious society.

Miller said that most Americans

## Kenneth P. Bennett CANDIDATE FOR County Treasurer

Graduate, Borden County High School  
BS., MEd., Texas Tech University

Have Completed:

- High School Bookkeeping
- College Accounting Courses
- 2 Week Bookkeeping Short Course
- 6 Month International Accounting Society Course

Fifteen Years Business Experience

Including:

- Branch Manager, Building Material Distribution  
with \$5 Million Annual Sales
- Plant Manager of \$3.75 Million Dollar Door  
Unit Production Plant

Third Generation Borden  
County Resident

Pd. Pol. Adv. By Kenneth P. Bennett, Gail, Texas

### Checkbook Record Keeping COMPUTER SHORTCOURSE

A computer shortcourse will be offered to all interested persons on February 23, 1990.

Participants will be introduced to checkbook register based cash record keeping. The software to be used in this program will be Quicken. Quicken is a commercially available program that has gained widespread acceptance in the last few months in the South Plains area. The participants will learn how to enter transactions, set up expense categories as well as enterprises and develop various expense and/or enterprise reports according to your specific needs.

This computer short-course is sponsored by the Borden County Extension Home Economics and Agricultural program area committees and will be held at the Gail Schools.

Pre-register by calling 856-4336 Borden County Extension office

by 12:00 noon, Friday, February 16, 1990.

This allows us ample time to prepare needed materials prior to the shortcourse.

Give it some thought. Hope to see you there!

### LIVESTOCK SHOW AND RODEO

Cont. from pg. 1 through March 4 at the Astrohall.

These FFA and 4-H exhibitors compete in one of two divisions of the Houston Livestock Show-the junior show division. The other division, the open show, attracts its exhibitors from the world's agricultural industry, primarily professional breeders and ranchers.

Entries in both the open and junior shows combine with horse show entries to make the Houston Livestock Show the world's largest.

Representing 841 Texas 4-H clubs and FFA chapters, the junior

show is expected to exceed 12,000 entries this year. A variety of animals are shown in the junior show division: market steers, market swine, market sheep, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

In addition to the upcoming livestock show competition, a series of lectures, seminars and live animal demonstrations again will be on the calendar for the month of February-the International Stockmen's School. Held Feb. 14-17, 1990, at the Marriott Hotel Astrohall and at the Astrohall complex, this school focuses on lectures and

seminars delivered by agricultural experts from throughout the world.

### Balancing Passenger Needs

Despite a new law that further restricts smoking on airplanes, neither Amtrak nor Greyhound plans to extend such restrictions to passengers traveling the nation's rails and highways.

Amtrak sets aside about 15 percent to 20 percent of its seats for smokers, while Greyhound allocates 20 percent to 25 percent.

A recent Amtrak survey found that 88 percent of its non-smoking passengers rated the current availability of non-smoking areas as "good or excellent." Approximately 25

percent of the railroad's customers are smokers.

Amtrak and Greyhound say they receive few complaints regarding their smoking policies.

## PUBLIC NOTICE

Texas Utilities Electric Company (TU Electric), in accordance with the Public Utility Regulatory Act, publishes this statement of intent to change rates applicable throughout the territory in which it provides electric service. All of its customers and classes of customers will be affected. The proposed rate changes are expected to result in a \$442,353,715, or 10.2 percent, increase in TU Electric's fully adjusted test-year revenues. The increase requested over test-year revenues, adjusted only for those matters specified in Public Utility Commission of Texas Rule of Practice and Procedure 21.22(b), is \$421,536,048, or 9.7 percent. The effective date of the proposed rate changes is February 20, 1990, or as soon thereafter as permitted by law.

A complete copy of the proposed rate changes is on file with the Public Utility Commission of Texas and at each of TU Electric's business offices.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

# Special Thanks To..

THE BORDEN COUNTY JUNIOR LIVESTOCK ASSOCIATION WOULD LIKE TO EXPRESS ITS SINCERE THANKS TO "TACO JOHN'S" FOR DONATING TORTILLAS, NAPKINS AND OTHER SUPPLIES TO THE ANNUAL STOCKSHOW CONCESSION STAND.

THE OFFICERS AND DIRECTORS OF THE BORDEN COUNTY JUNIOR LIVESTOCK ASSOCIATION, WOULD LIKE TO THANK EVERYONE INVOLVED IN MAKING THE 1990 BORDEN COUNTY JUNIOR LIVESTOCK SHOW SUCH A SUCCESS.

WE APPRECIATE THE EFFORTS OF EVERYONE!

## Thank You

We wish to express our appreciation to everyone who supported and worked to make our fourth LITTLE INTERNATIONAL CHAMPION GOAT SHOW a success. A special thanks to these folks.

## LIGHT-COLORED GRAINS BEST FOOD

cont. from pg. 6

think of grain sorghum as a live-stock feed, but between 55 and 75 percent of the world production of grain sorghum is consumed by humans.

The potential for using sorghum for food in the U.S. has never been realized, in part because the U.S. has never consistently produced sufficient quantities of high-quality sorghum for use by industry, Miller said. White-grain sorghum has a potential for use in food processing, especially breakfast foods. Several major food production systems now use these sorghum types.

A major portion of world production of grain sorghum is consumed as food in a variety of forms. Tortillas made with 100 percent sorghum and in various mixtures with corn, for example, are being produced in Latin America.

A new parboiled sorghum process is emerging to produce boiled rice-like products. Markets exist in Africa for white sorghum, another opportunity for U.S. suppliers.

Sorghum has been dry processed into grits and other milled products for use in numerous items including syrup, baked goods, snacks, beer, and prepared breakfast foods. Even though it is not absolutely necessary that food sorghums have a white pericarp (seed coat), it may be best and easier in the breeding program if they do, Miller said. In the milling process, white sorghums cause fewer problems with residual color than do red sorghums.

A high-quality white sorghum and the proximity to the Gulf for exports provide Texas growers with a unique opportunity to capitalize on this new market.

The Texas Agricultural Experiment Station recently announced the release and distribution of 40 new sorghum germplasm lines designed to be well adapted to Texas conditions.

Miller says these inbred lines are all combine height, lack a pigmented pericarp, and possess an array of plant colors and seed colors. Hybrids produced with these materials have been tested by TAES sorghum researchers and produce excellent yields with good agronomic characteristics. Twenty-four lines have white or white translucent seed colors.

These materials represent a broad base of elite germplasm from the TAES sorghum breeding program, selected for wide adaptation, yield, and food quality traits. They are expected to give Texas producers an economic edge in future years.
