Top Of Texas Cowbells To Give Away Free Beef In Memphis Monday, April 23

A group of women know as the "Top of Texas Cowbells" don't like the idea of beef boycotts. And they don't like for the rancher and feedlot operators to take the blame for what many consumers are calling "high-priced beef."

So, these women have planned a "Beef Van Visit" for Monday, April 23. The beef van will visit Clarendon, Hedley, Memphis and Wellington.

The beef van will stop for two hours at each town. Residents of each town are asked to visit the van, register for some FREE beef, then stick around for the drawing at the end of the visit. Beef will be given away FREE at each stop. While there, residents will be told that beef is actually a bargain, and the Cowbells will show why.

The beef van will start out Monday at Clarendon, visiting there from 8:30 to 10:30 a. m. in front of The Clarendon Press. Then, the van will stop in Hedley from 11 to 1 p. m. in front of the Security State Bank.

At 1:30, the van will stop in Memphis for two hours on the

square, staying here until 3:30 p. m. Then from 4 to 6 p. m., the van will be in Wellington on the square across from the City State Bank.

Some lucky person will win some FREE BEEF in each town, and all will learn of what a bargain beef is to the American housewife.

The beef van is sponsored by The Donley County Feed Lots, Inc. of Hedley.

KGNC Radio will keep listeners informed where the beef caravan is each hour.

Come on out and win some beef, and learn of what a bargain beef is today.

The First National Bank of Memphis is inviting everyone to attend an Open House from 2 to 4 p. m. Saturday, April 21, in honor of the 75th Anniversary of the founding of the bank.

State Senator Jack Hightower and a Past President of the Bank, Thos. E. Noel of Denton, will be speakers, in a ceremony at the beginning of the activities.

This will be followed immediately with the drawing for the three door prizes, under the direction of President Ben Parks.

Registration, the giving of gifts to young and old alike, the serving of refreshments and touring displays and exhibits will occupy the remainder of the afternoon.

One of the displays to be set up in the Director's Room, is the Historical Currency and Counterfeit Display.

Another display is one of old newspaper clippings, photographs and pictures, etc., of a historical nature from the 75 year era the bank has been in existence.

The bank had a humble beginning back in 1898 when the Exchange Bank of Memphis was established as a private bank and was housed in the Harrison Building on the northeast corner of Memphis.

The Exchange Bank was taken over in the organization of the First National Bank in Dec. 1901. There were 10 charter stockholders and 250 shares of stock with a capital of \$25,000.

During the Jan. 1902 meeting, D. Browder was elected as the bank's first president with H. A. McCann as vice president, S. S. Montgomery as cashier and S. E. Sweetman as assistant cashier.

These men served until 1921 when J. C. Montgomery was elected president, D. L. C. Kinard vice president, S. S. Montgomery, vice president, T. E. Noel, cashier, and W. C. Milam as assistant cashier.

In 1925, S. S. Montgomery was elected president of the bank.

During the depression years of the 1930's, on July 13, 1933, the First National Bank and the Hall County National Bank consolidated, and the First National Bank name was maintained. S. S. Montgomery was president, W. C. Dickey was named vice president, T. H. Deaver, Sr. was vice president and cashier of this consolidated bank.

These officers served until Jan. 11, 1940 when S. S. Montgomery was named chairman of the board, and T. E. Noel took over as president.

Mr. Noel was president of the bank when the institution observed its 50th birthday.

President Parks said, "We want everyone to know they are invited to the open house Saturday. We are hoping for a good turnout to help us celebrate."

Banks Assets Set New All Time Record High

Hall County's Banks assets and deposits were at an all time record high, unseasonal, on the spring date of April 12, 1973.

The examination of the statements of condition of the three Hall County Banking institutions revealed that the total assets of the banks were at a record high, due primarily to the success of the 1972 cotton

crop harvest, most of last year's crop was sold in February and March of this year.

The total deposits of the three banks in the county is up over two million dollars over what they were at the end of December, and are 2.88 million dollars above the April 18, 1972 total deposits figure.

The new record total assets of the three county banks stands at \$24,453,070.72, which is \$3,126,709.92 above total assets figure last year.

Total deposits reached \$22,383,971.47. This is \$2,880,504.13 above the April 18, 1972 figure for the three banks.

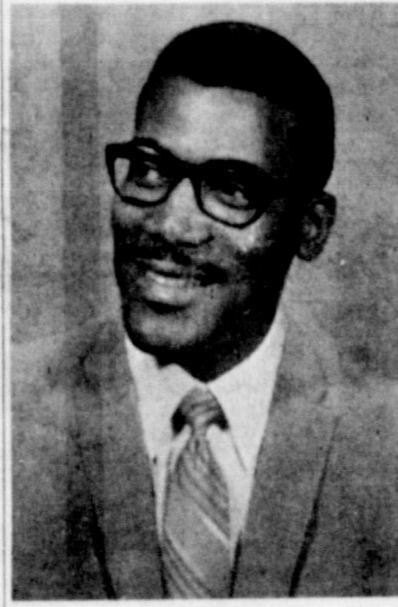

Loans also showed an increase during the same period by \$1,288,920.40 to reach \$11,122,867.09, the statements of condition revealed.

The Statements of Condition of the Peoples State Bank in Turkey, First State Bank of Memphis and the First National Bank of Memphis were published last week.

Improved agriculture market prices for cotton, livestock, and feed grains and hay, and inflationary pressures are possibly the reasons for the increases.

Bankers indicated that income tax time would bring on with-

drawals as the government cashes taxpayers checks.

Cyclone Band Takes Div. I In Concert

The Cyclone Band took a Div. I in concert and a Div. II in competition last Wednesday.

Band Director Carol Blain said, "I am most pleased especially considering the number of underclassmen in the band." The band's 12 members contains fifty percent freshmen, with not even a third upper classmen.

"The band did an excellent job on the concert state. This was probably the best playing performance of the Cyclone Band in the last three years. The kids listened very well and played musically. Also they did play a Class AAA number—very technical—and did an outstanding job," Director Blain said.

At a recent Berger Band Festival, the local band received a Div. I in concert and Div. II in competition. Judges at that festival commented: "Band produced very nice sounds at times. Has the potential."

The Band played: "Akebono Japanese March), Two Russian Songs (on Class A list) and "The Marriage of Figaro" (Class A list).

Ralph Zamarrippe (Director of the A Honor Band), one of the concert judges, said, "Marching and opening... Russian songs, and to hear a band that listens to the critical areas... Marriage of Figaro, impressive to say the

least, the sound in clarinets improved over the last number. I enjoy a hard working dedicated bunch of kids. This will get you places... congratulations."

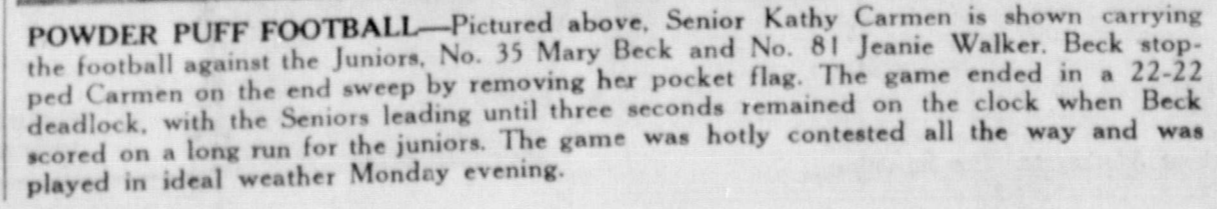

Gene Griffin, Enid H. S., said, "Akebono—a very nice smooth sound. Some pretty good sounds, just a few intonation spots. Russian, good sound most of the time. Marriage of Figaro, this has technique problems. A good job on first two numbers."

James Streit of Crowell H. S. said, "Akebono, an interesting march, nice beginning. Two Russian Songs, tone quality."

Sightreading judge was Paul Fry, Southwestern at Weatherford, who said, "Good tempo change into waltz. Andante, cornets made key change fine. Good attention to dynamics. Band is capable of producing a very good sound."

There were 13 Class A bands competing at Region. Three bands received Div. I ratings in concert and three good Div. I in sightreading. There was one Sweepstakes band in the Region.

The Cyclone Band will attend the Greater Southwest on May 3 and 4, Director Blain said, and the Band Banquet will be May 5, and the bands will have a Pops Concert at 3:15 p. m. Sunday, May 6, in the High School Auditorium. Pam Campbell will be the Emcee.

POWDER PUFF FOOTBALL—Pictured above, Senior Kathy Carmen is shown carrying the football against the Juniors, No. 35 Mary Beck and No. 81 Jeanie Walker. Beck stopped Carmen on the end sweep by removing her pocket flag. The game ended in a 22-22 deadlock, with the Seniors leading until three seconds remained on the clock when Beck scored on a long run for the juniors. The game was hotly contested all the way and was played in ideal weather Monday evening.

EDITORIAL Salute To A 75-Year-Old Banking Institution!

The First National Bank of Memphis will celebrate its 75th birthday Saturday, with an afternoon Open House. All is ready for the celebration and invitations have been sent out. We offer our congratulations to this institution for the service it has rendered to our territory for three-quarters of a century.

From the humble beginning as the Exchange Bank of Memphis in 1898 established by S. S. Montgomery, which was housed in the Harrison Building on the northeast corner of the Memphis square, the bank has grown from the private bank it was at birth to a full service institution of today setting new records in growth.

Presently, the bank is home-owned, with officers and directors all living in the immediate area. Its services are appreciated and its personnel provide leadership and direction in this territory.

The history of the officers of this bank is a list of leading citizens throughout the years in Hall County. S. S. Montgomery, D. Browder, J. C. Montgomery, D. L. C. Kinard, F. N. Foxhall, T. E. Noel, W. C. Dickey, and T. H. Deaver, Sr. These men had much to do with shaping the destiny of the institution.

Today, each citizen can be proud of the modern banking services provided, the civic contributions being made by personnel and the institution.

On this occasion, visions can float into the past, to see the troubles and trying times of wars, depressions, crop failures, droughts and floods. But it is also an occasion to see visions of the future, hopes for lush pastures, bountiful crops, thriving industries, growth and hoped for prosperity.

This newspaper adds its congratulations on this occasion when friends and patrons of this institution are celebrating 75 years of existence, and wishes this institution well for 75 more prosperous years.

At the same time, our readers may be interested in knowing that the First State Bank of Memphis early this summer will be entering its 40th year of banking service to this area, as this bank opened its doors June 28, 1933. Both Memphis banks expressed positive confidence in this area in the mid-1960s by building new, modern facilities. This message has been speaking loud ever since and much of the progress which has been made is due in a great part to positive leadership of these banks, and honest competition while working together in unity toward solving mutual problems.

An area could not ask for more, nor be satisfied with less. All must work together if future hurdles are to be overcome.

Taking Time To Live

Sometimes we envy the mountaineer folks of West Virginia and Kentucky. We laugh at their provincialism, their simple way of life, their ignorance of what is going on outside their own domain. We make jokes about their tendency never to hurry, never to rush themselves. We ridicule them for being untraveled, for living and dying perhaps within a 50-mile radius, for never having heard that "the war is over."

Of course, none of us would really be willing to trade our life for theirs; however, it is a mistake to suppose that their life is completely without merit while we have found all the answers to living.

It is an established fact that the more enlightened we become, the more we become a part of our complex civilization, the greater our chances for stomach ulcers, the greater our affinity for heart attacks, and the more sleeping pills and tranquilizers we consume.

Even here in Tullia we are not immune to the hazards of 20th century living. We rush to and fro. We become over organized. We find ourselves rushing to some meeting or activity almost every night in the week. We become involved in the various issues of the day which keep our nerves on edge. Perhaps it is politics, local, state or national. Perhaps it is a bond issue or a marketing referendum which saps our nervous energy.

Some "good cause" or "worth while project" is constantly demanding our support and influence. We work for paved streets, adequate water, a highway route, industry, streetlights, museum, library and a dozen other projects designed to make a better town—but we never have time to relax and enjoy them. So involved do we become in these improvements that we get on edge with our neighbors who perhaps oppose the issues—or are merely lukewarm.

Or perhaps we are stirred up over personal projects, a new home, a new business.

It takes a certain amount of tension to keep us alert and "on the ball." There are individuals and groups that would be benefited if someone tossed a lighted firecracker under them occasionally. "Sleepy little towns" make good settings for stories—but they aren't desirable places in which to live.

But there comes a time in the lives of all when we need to "take it easy," to rid our minds of the vicious pace of 20th century living, to throw away our want a list, to settle down and enjoy those things we have.

Watergate's Open

The Watergate case is nearly a year old now, and instead of being a part of unsavory political history, it is more alive than ever.

Even if the brass collar Republicans are uneasy about Watergate and there is a growing clamor from party faithfuls for President Nixon to take the lead in exposing the guilty and getting his part of political activity fumigated and over with.

It is evident that all of the facts have not been disclosed about Watergate. The bumbling

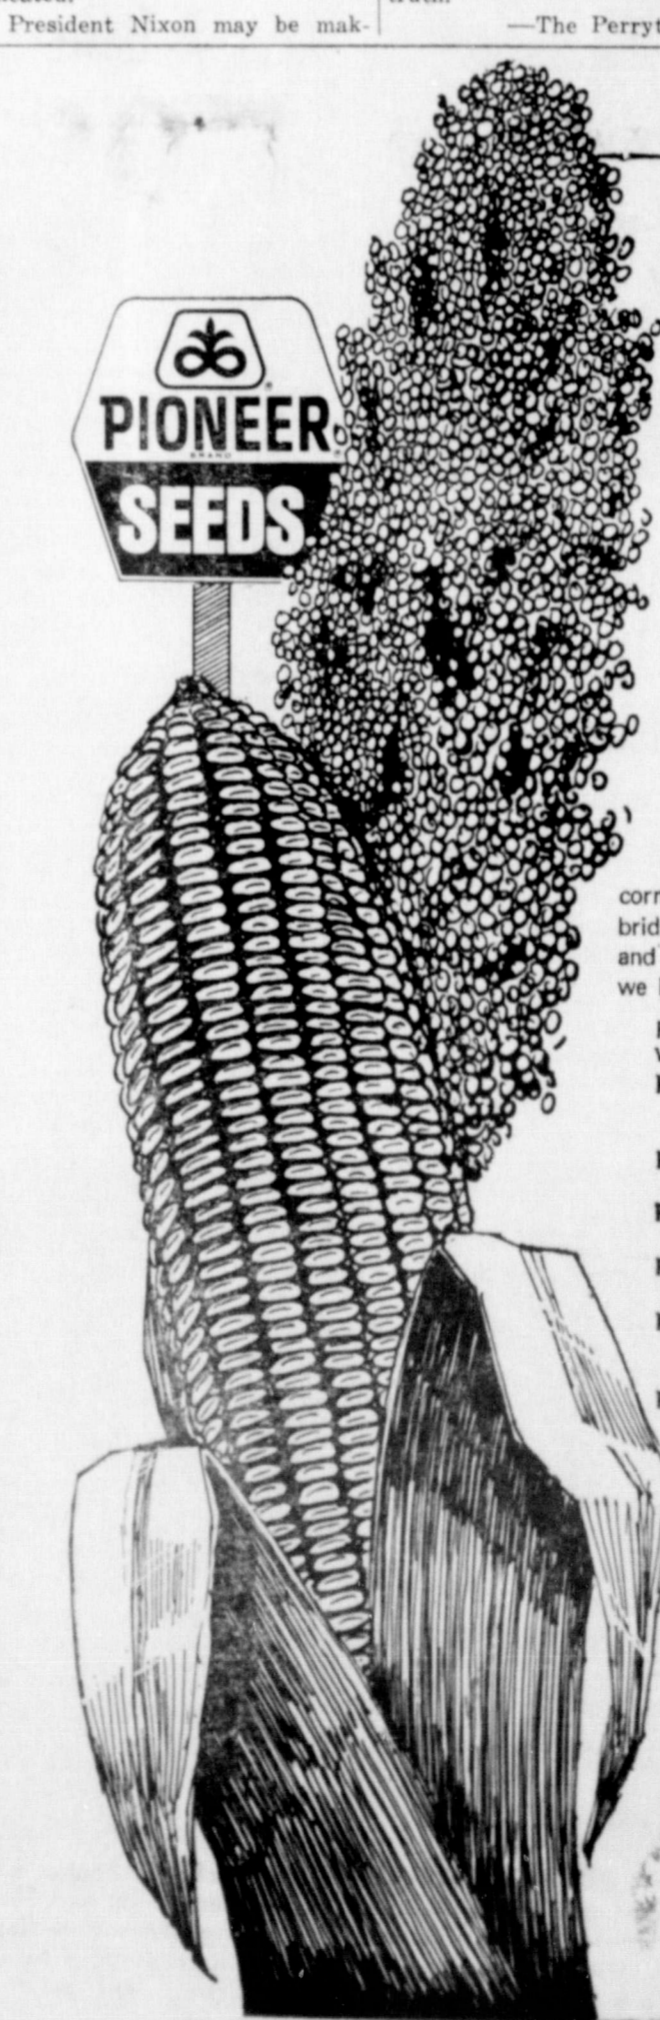

ing one of his major political mistakes in not doing this.

Newsweek magazine notes that Warren Harding became aware of the scandals rising around him he asked Herbert Hoover, then Secretary of Commerce, what to do about it. Mr. Hoover said, "Publish it, and at least get credit for integrity on your side."

President Harding declined that sound advice. His attempt to cover up the misdeeds of his cronies ruined him, his reputation, and his administration. The stain remains to this day on the record of the party.

It is not too late to expose and expunge the administration and the party and it had better be done quickly. Neither the Republican Party nor the country can afford what is described as "less than wholehearted cooperation of the administration" in seeking the truth.

We're proud our seeds have earned the trust of farmers like these...

H.P. Lambert

recorded a yield of 3500 pounds with Pioneer brand 846 on 35 non-irrigated acres. "It's extra good... easy to thresh and turns out a good yield," says H. P. Lambert, Memphis, Texas.

Because we were the first company to commercially produce hybrid corn and with 17 years of work on sorghum, we know a lot more about hybrids and how to make crosses that really yield. We've had longer to test and re-test our varieties. We've stuck with some of our early crosses, and we keep developing new ones to fit every growing condition imaginable.

For the North Plains we recommend these sorghum, corn and forage varieties...

Pioneer brand 8417—new yellow endosperm sorghum—champion yielder in medium maturity class—large open heads—does well on all types of land.

Pioneer brand 820—good yielder under stress—outstanding with plenty of water and fertility—MDM resistant—full season.

Pioneer brand 846—excellent drought resistance—MDM resistant—medium maturity—our most popular sorghum variety.

Pioneer brand 3369A—champion-class corn favorite—tolerant to northern and southern blight—good ear retention—heavy grain yielder.

Pioneer brand 3306—most popular corn hybrid on the High Plains—tall with outstanding stalks and ear retention—good yielder on dry or wet land.

Pioneer brand 988—sorghum sudangrass hybrid for pasture, greenchop, hay or haylage—ready to cut or graze in a little more than a month—regrows again and again all summer with adequate moisture and fertilizer.

When you choose a hybrid for your land, choose one from the company that started it all...

To name each person would be impossible, but we want to express our thanks to Morris Odom and Bro. Coffman for bringing our daughter and sister to Houston and to be with us during surgery. Also for Coy and Winifred Davis for all the wonderful things they have done for us.

Memphis Democrat—Thurs., April 19, 1973 Page 3

To the many for their cards, prayers, telephone calls, food and money, we say thank you. If you ever find yourself in need, we know that God and the people of Memphis will see you thru. It is our prayer that we have not over looked any one in our feeble way of saying thanks and may God bless you.

Area Citizens Are Invited To First Const'l Revision Comm. Hearing

"It's an honor for the good folks of the Panhandle, and we're going to set a prime example for the people down south."

Wales Madden, Jr., Amarillo attorney and member of the Texas Constitutional Revision Commission, was talking about the first public hearing which will take place at the Quality Motel here at 9:00 o'clock Wednesday morning, April 25.

"There'll be eighteen grassroots hearings throughout the state," Madden said, "and for the Amarillo area to get first crack is a rare and wonderful opportunity."

Purpose of the public hearings, mandatory under rules governing the Commission, is to give Texas citizens a voice in Constitutional revision by expressing their views before the drafting process begins.

"A lot of public hearing draw only the aggravers," Madden said, "but not this time. We're going to hear from folks who believe in Texas and in the people of

Texas... folks who feel that we can govern ourselves constructively."

The 37-man Commission is charged with studying the need for Constitutional change and reporting its recommendations to the members of the Texas Legislature no later than November 1, 1973. In January 1974, the Legislature will convene as a Constitutional Convention to prepare the final document to submit to voters later than year.

"The people have both the initial responsibility of affording suggestions to the Commission through the public hearings and the final say-so when they accept or reject the proposals next year."

"The Commission's recommendations must reflect unmistakably the views of Texans who live under the State constitution. Otherwise, they'll go to the polls, vote no, and all our efforts will be for nothing."

Madden suggested that if convenient, presentations be made in written form, but he noted that this is not a requirement.

Time To Spare

Social Security Benefits with new improvements whenever necessary. One thing seems clear from the spate of talk about Social Security. Past improvements in benefits were only the beginning. And the improvements presently contemplated will surely be overtaken as the nation's economy expands. In short, Social Security is a dynamic system. It has to be otherwise we'd be constantly slipping behind in the race to keep our heads above water financially.

Inflation nibbles away at fixed incomes like a gang of mice around a Wisconsin cheese. That's a good enough reason for Social Security to be raised a few notches from time to time. It's not a machine that turns over at the same rate of speed without changing. It's a foundation to build on. The Senate Committee on Aging works on that assumption. Senator Harrison Williams (D-N.J.) and his colleagues "build" you in Washington.

"Let's Talk Memphis"

By LARRY PARKS
When Ronnie Morris asked me to write an article on the "Let's Talk Memphis" series, several things ran thru my mind. If Memphis was a product to sell, I would pick the people as the strong selling point, the best thing about the product.

Our people have developed a good attitude toward each other. For example, everyone realize that the main stream of our local economy is based on our farmers and ranchers and while our nation seems to be in an uproar over the price of beef and pork, I have heard no talk of a boycott here at home. The very idea to Memphis housewives would be absurd. It also comes to mind, too, that our cotton producers have the full support of the local consumers with "Buy More Cotton" bumperstickers being evident everywhere. But support of various campaign drives; support of Key '73; and backing of our young people in school best illustrate the good attitude of our Memphis people.

Memphis is a good town for our young citizens to "grab hold" and keep the programs going that have been handed to them. To me, Memphis is the best small town in the Panhandle.

Mr. and Mrs. Bill Combs and Bret and Mrs. Herschel Combs were in Amarillo Friday and Saturday to attend the annual convention of the Panhandle Press Association at the Quality Motel. The Memphis Democrat received a third place certificate in editorial writing at the Awards breakfast on Saturday morning.

Phil Cates Resolves Fuel Shortage

Phil Cates is exporting seven of the billion gallons of fuel oils, while home owners, industrial and agricultural consumers in Texas are facing shortages and severe shortages. A resolution told members of the Natural Resources Committee this week.

Phil Cates of Pampa covered the resolution, which asks the Texas Railroad Commission to protect the rights of citizens over the export of Texas-produced products.

The committee acted immediately by pushing for emergency legislation of the resolution in the House of Representatives.

Twenty percent of jobbers who buy gas in Texas are facing cutbacks on May 1, while others are going out of business for lack of gas and fuel to sell, according to Lowry Carpenter, vice president of the L.P. Gas Association. Ra-

Resolution began last Dec., to keep homes, schools, cotton tractors, oil rigs and other users of gas, he said.

Brown of Big Spring, pointing the jobbers of that state that the crisis is immediate, adding that clients have notified they will be cut off by 1, from gas. He estimated million people in rural homes will be affected by that cut.

Cates' resolution recognizes the critical situation and the Railroad Commission to the high priority to the solution of the problem, using laws on the books which cover the situation.

Oliver Circle Makes Study Of India Mon.

The Oliver Circle of First United Methodist Church met April 16, at 7:30 p. m. in Fellowship Hall of the church.

Wanda Messick, circle leader, presided over a short business session. Yette Miller, program chairman, then introduced the program for the evening, a skit called "One Piece in the Mosaic". It portrayed a meeting of a woman's organization in a church in Punjab, North India. Participating in the skit were Yette Miller, Peggy Becker, Wanda Messick, Sue Fowler, Johnnie Hutcherson and Beverley Whitten. Scripture was read by Dora McQueen and Beulah Martin. Emma Lou Spruill and Dorothy Morris led the group in singing "What A Friend We Have in Jesus".

Several members modeled saris, garments worn by Indian women. Individual members had bought the material necessary to drape each sari, and this material will be donated to Wesley Community Center in Amarillo.

Following the skit, Gloria Nelson explained the caste structure of India and guided the group in filling in the blanks on an informative sheet about Indian objects and customs.

In closing she read Chapter 2 and its counterpart, Psalm 45.

Alma Bruce quoted from S. Frances Foote, "We can read poetry and recite poetry, but to live poetry is the symphony of life." She then read her favorite poem, "Thees", and called on each member to read or quote her favorite poetry, song or prose. The poems read and quoted were from poetry written long ago to modern day poetry. Mrs. Frank Ellis and Miss Esta McElrath read poetry that they had written.

Large Crowd Expected To Attend 'Bob Wills Day' In Turkey April 28

By Virginia Browder
The good folks in Turkey, are busy as bees in a hive, making ready for the big "BOB WILLS DAY" celebration to be held there Saturday, April 28. To say they are putting the big pot in the little one and stewing the legs is an understatement. Since the town of Turkey has not accommodations for a huge overnight crowd, they are crowding it all into one big day of festivities.

The grand parade will start at 9 o'clock Saturday morning with the Fiddlers' Contest beginning at 10:30 sharp in the High School auditorium. A barbecue lunch will be served from 12 noon until 2:30 with the main program beginning at 2:30.

Bob Wills himself and many of his original Texas Playboys will be the featured attraction at the program. Then, the unveiling of the marble monument honoring Bob will be at 3:30. The Fiddlers' Contest will be polished off in the afternoon with money prizes and Mr. and Mrs. Bill King from Samnorwood as managers.

A Western Dance from 9 p. m. 'til 1 p. m. with music by Hoyle Nix.
If you attended the celebration in Turkey last April, you won't want to miss the good times this year. So ring your calendar, shine your boots, and be among those helping to honor Bob Wills, The Originator Of Western Swing Music when he comes to Turkey, Texas, Saturday, April 28.

Notaries Public Must File New Oath By May 15

Secretary of State Mark W. White, Jr. announced that all presently commissioned Notaries Public desiring re-appointment for the new term which begins June 1, 1973 and ends June 1, 1975, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1973 and May 15, 1973, inclusive.

Secretary of State White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1973, should apply to the County Clerk before May 14, 1973. The required application forms may be obtained from the County Clerk.

Mr. White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

"Caution" is the word to remember when you or a member of your family encounter a poisonous snake. A person's fear of snakes could well be his worst enemy in an actual encounter with any one of the four poisonous snakes found in Texas, which include the rattlesnake, copperhead, cottonmouth, and coral snakes. The most prevalent in Texas is the rattlesnake.

Should you encounter a rattler, the safest thing to do is to remain perfectly still or edge slowly away. The worst thing you could do is run, or shout, or make a quick motion. You only excite the snake, making it more apt to strike in self defense. The snake is not really the vicious and cunning creature with a deep seated hatred of man that many people think. It is really a rather timid and retiring creature that only wants to be left alone. But the snake will react to man as it would to any big and threatening creature.

Actually, more people die of insect bites in Texas than snake bites. Bees and wasps are most often the causes of insect bite deaths, although some deaths can be attributed to hornets, black widow spiders and even such harmless looking creatures as caterpillars and moths. Some 49 persons died of insect bites over the past ten years, compared to only 28 deaths from snake bites. But snake bite deaths are most frequent among the young and old.

The wise outdoorsman will avoid places where a snake may make a home. Walking in weedy areas with brush piles or thick undergrowth is asking a snake to lash out. Boots help; caution helps even more. Look before you step. Don't assume that a snake will shake its rattles as a signal of attack, or that it only strikes when coiled. A rattling tail may strike in any direction from any position.

In applying first aid for snakebite, make the victim lie down as soon as possible and apply a constricting bandage above the bite. The pulse in blood vessels below the bandage should not disappear, nor should the bandage produce a throbbing sensation. Loosen the bandage for a few seconds every 15 minutes. If possible, apply ice packs to the bite and get the victim to a physician or hospital.

If there is going to be a lengthy interval until antivenin can be given, make cuts cautiously through the skin into and just above the presumed venom

Antivenin for the potent poison of the North American Eastern Coral snake is available from the Texas State Department of Health. The State Health Department laboratory in Austin, and laboratories in local health departments at Dallas, Houston, Corpus Christi, and San Antonio, serve as distribution centers for the antivenin. When a bite by a coral snake occurs, the physician or hospital should immediately request antivenin from the nearest distribution center. Administration of antivenin is recommended within two hours of the bite. Other poison antivenins are available through commercial sources.

The treatment for poisonous snake bite can now be made available on short notice anywhere in the state in emergency situations. State Health authorities hope local physicians and poison control centers will take note of the availability of the anti-snake bite venom.

But most important—though snakes present a possible danger, the Texas State Health Department reminds all citizens that this danger can be avoided through the use of the proper caution on spring and summer outings.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MEMPHIS, TEXAS:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Memphis, TEXAS by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 1,000 cu. ft. or fraction thereof \$1.8333 Gross; \$1.650 Net.

Next 24,000 cu. ft. @ \$1.0100 per Mcf Gross; \$.909 per Mcf Net.

Next 25,000 cu. ft. @ .9100 per Mcf Gross; .819 per Mcf Net.

Next 25,000 cu. ft. @ .8100 per Mcf Gross; .729 per Mcf Net.

All Over 75,000 cu. ft. @ .7100 per Mcf Gross; .639 per Mcf Net.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

ADJUSTMENTS

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the 42.5 cents per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to April 1, 1972, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver

of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the

right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. TEXAS A & M University Agricultural Briefs

EGGS—A GOOD BUY—Eggs are a great value any way you look at them, says a poultry marketing specialist for the Texas Agricultural Extension Service. At 75 cents a dozen, large eggs are 39 cents per pound since a large egg weighs at least 1.25 pounds. At this price, a two-dozen serving would cost 10 cents—slightly less than the average factory worker can buy 5.4 dozen eggs in one hour of labor compared to only 4.1 dozen eggs in 1959.

PESTICIDES, LESS COTTON—The withdrawal of DDT pesticides currently used in cotton production in the U. S. will reduce production by 10 percent, according to a study by economists for the Texas Agricultural Experiment Station. The study also showed that the use of production would increase almost \$10 per acre. Both irrigated and dryland production are considered. Among the pesticides in the study were organophosphates, organophosphates and DDT.

RANCH OR NOT?—Land values continue to increase and there is no exception. But net income from ranching is down, as a study of a ranch operation in the Edwards Plateau indicates. An economist for the Texas Agricultural Extension Service found the ranching operation a mere 1.5 percent net income on land and management. Some alternatives might be to lease the land and invest the money elsewhere, use the land for recreational purposes, or buy the land with a lower value to lease net income.

HOME BUILDING COSTS—Home building costs can be cut

by careful planning, says an agricultural engineer for the Texas Agricultural Extension Service. For a two-bathroom home, install the bathrooms back to back. Locate the kitchen and laundry center near the bathroom to shorten cold and hot water lines. Light-colored roofing will absorb less of the sun's heat and will cut cooling costs in the summer. Adequate insulation is important to reduce both heating and cooling costs.

Add A Patio—Enhance the beauty, privacy and value of your home by adding a patio this spring, suggests a landscape horticulturist for the Texas Agricultural Extension Service. Involve the entire family in the project. Make the structure at least 8 to 10 feet wide with a firm surface gently sloping away from the house. Add privacy with a fence, vines or plants. Electric lights, an electric grill and other conveniences may also be added.

Consumers To Benefit—The nation's consumers should benefit from a project underway to improve the total food distribution system. According to a marketing and food distribution specialist for the Texas Agricultural Extension Service, main purposes of the project are to bring the retailer, wholesaler and consumer closer together, to show what is being done to improve the food marketing system, and to bring about improvements in food handling, storage and distribution.

Motorists Must Stop For School Bus Unloading

AUSTIN—A reminder on the State law about motorists stopping for school buses was issued today by Colonel Wilson E. Speir, director of the Texas Department of Public Safety.

Speir said the law, which applies on city streets as well as rural highways requires motorists moving in either direction on the same roadway or street with a school bus to stop and remain stopped as long as the flashing top lights on the bus are in operation.

He said the problem is becoming more serious in cities due to increased use of school buses in urban school districts.

There are only two exceptions to the law on stopping for loading or unloading a school bus: Those vehicles on another roadway of a divided highway (divided by median or physical barriers) are not required to stop, and stops are not required if the bus has stopped in a loading zone of a controlled access highway where pedestrians are not permitted to cross.

Speir said the problem of school bus accidents is of concern to law enforcement officials and educators throughout Texas. Only a few weeks ago, the Travis County Grand Jury urged the news media to publicize the law about stopping and not passing a school bus which is loading or unloading children.

The grand jury noted that serious criminal charges might result if a motorist disregards this law.

Arts & Crafts TID BITS

By Earldine Hudlow

This column is written with the idea of bringing you, the reader, some bits of information that will benefit you and later especially if it is clipped and stored with your art and craft supplies or that proverbial "goodie" box.

The art and craft hints will deal only with those projects that I consider superior in beauty and permanence—objects that not only you can enjoy but future generations may enjoy also.

For an opener, lets discuss a new and exciting art called rose-maling—a word meaning rose painting which actually consists of decorative painting with oils using a basic pattern of scrolls, leaf and flower forms. Previous oil painting experience is not necessary to learn this art.

Rosemaling was originated by Norwegian peasants in an effort to bring color and cheer to their homes and to eliminate the need for so much scouring of white woodwork. It was even painted on ceiling beams, furniture and around hearths. Only four or five tubes of oil and one brush will start you on your way. One of the paints should be Shiva green-old and the brush should be a Robert Simmons Series 65R No. 10 or a Series 80 No. 4. A new book recently on the craft market, "Rosemaling By Celine" is a must for patterns and instructions. Some of the objects being decorated with rosemaling are trunks, purses, plaques, frames, chairs, tables and you could add to the list many things in your own home that you can change from ordinary to exquisite by adding this new dimension in beauty. I know some who are rose-maling cabinet doors and refrigerators.

We have in our gallery several samples of this art; since it is difficult to present a word picture, we hope you will want to see for yourself. (Adv.)

Mr. and Mrs. Aubra Coursey of Fairmont, Minn., and their granddaughter visited briefly here Tuesday. Mr. Coursey is a nephew of the late Bill Coursey and was reared in this area.

did not get to make the New-Texas reunion last Sunday, counting the cars parked in the Community Building, must have been 2 to 3 hundred people to enjoy meeting old friends of by-gone days. Mr. Williams and I opened Hall Heritage Hall about 4 p. m. We had about 30 visitors who came for the reunion. Of the visitors we interviewed were Mr. and Mrs. Tom Laney of Lubbock. She and her husband moved from Fannin County to Hall in 1919. Tom passed away in 1954. This family moved from Hall County in 1939. Mr. and Mrs. Landers, Sid, son of Mrs. Landers, Sid, who lived at Anton. Other members of this family are L. Ballard of Springfield, and Tom J. of Amarillo. There are a total of 5 grandchildren and six great-grandchildren. Other visitors were Ollie Read of Canadian and her brother, Gerald Read, now of Amarillo. Mr. Read was born on the Swift near Newlin in 1915. The Read family moved to Hall County in 1914. This family moved to Hedley in 1928. Gerald Ruby Fortenberry of Hedley and they have been living in Amarillo the past 15 years. They have three children and six grandchildren. Other members of the W. O. Read family now living in Amarillo, Mrs. R. N. Clark of Les-les, Mrs. Bill Longshore of Amarillo, Mary Moore, Dana of Bridgeport, Z. L. Read, Amarillo, Chas. Read of Lubbock, Floyd Read of McAllister, Mrs. George Gresham, now Amarillo, was another visitor to Heritage Hall. She was the wife of Gladys Phipps. She and her husband had three children and 14 grandchildren. George passed away in 1971. Mr. and Mrs. Gene from Flomot visited Mrs. Gresham. She was the former Lessie Gresham who attended school at Newlin and Clarendon where she and her husband were married in 1917 and moved to Flomot in 1928. They have two children and grandchildren. Other visitors were Mrs. Benton Ballard, the wife of Albie Gresham, who was a daily-day resident of Newlin. This group of visitors were Mr. and Mrs. W. B. Ballard with their children, Crystal and Norman. Another former Newlin resident in Heritage Hall was Mrs. Tom Veteto of Amarillo, who was remembered in her school as Mary Gresham. She has children and no grandchild-

Mrs. J. C. Huckaby of Amarillo. The Ira Huckaby family moved to Hall County in 1923. J. C. graduated from Estelline High School in the 1940 class. His wife, the former Dorothy Hayes, was a graduate of Estelline High School in 1942. J. C. served in the Navy from 1940 until 1960. Dorothy worked with the ration board during World War II with Doris Stilwell and Bill Kesterson. J. C. and Dorothy now have two daughters. J. C.'s mother, Mrs. Ira Huckaby, is now living in Amarillo. After hearing Roy Gresham and J. C. carry on their conversation, I found out they would not tell on each other. They finally did give me this information that they were the two that made the gray hairs come on Joe Allen Ballard's head.

Mr. and Mrs. Durwood McCool of Dumas were in Heritage Hall the past Sunday along with Mr. & Mrs. Elmo Whaley of McLean, all of whom were former residents. Mrs. McCool will be remembered here in her school days as Estelle Craver, and Elmo's wife as Ruth Craver, daughters of the late Mr. and Mrs. P. F. Craver. Other members of this family now living are Ann of Amarillo, Frances of Pampa and Pat of Washington, D. C., where she has lived the past 30 years. The only brother, P. F., Jr. died in World War II. Mr. and Mrs. Whaley have three grandchildren and one great-grandchild. Mr. and Mrs. McCool have five grandchildren and three great-grandchildren.

The Winnie Davis chapter was host the past weekend for the district meeting of the United Daughters of the Confederacy. The local chapter, led by the local

president, Mrs. Roy Gresham, had as their guests in Hall County Heritage Hall last Saturday morning, a number of out-of-town visitors of this district. I have here a partial list of the ones who registered: Mr. and Mrs. Homer Wood of Lubbock, Mr. and Mrs. W. E. Mapp of Odessa, Mrs. Luke Hodges of Wichita Falls, Mrs. J. D. Mullins of Archer City, Mrs. N. A. Hillier and Mrs. Velma A. Williams of Odessa, Carla and Mara Brewer of Lubbock. The members of this organization were very complimentary of Hall County Heritage Hall. Thanks to Larry Parks

and Jim Ed Wines from the Chamber of Commerce in helping as hosts to this group during their meeting here. We welcome this group back to Memphis for future meetings.

Other visitors in Hall County Heritage Hall were Mrs. Raymond Cox of Honatis, Ark., and Mrs. LeRoy Cox of Longview.

The family of William Henry Spruill had a family reunion here the past weekend along with the Newlin homecoming. This family moved to Hall County in 1919. There were seven children in this family, two daughters and five sons—Stafford of Amarillo, Nesbert of Fort Worth, Fannie Mae of Anadarko, Okla., A. L. of Sudan, R. B. and E. L. of Memphis. There were about 30 descendants here for the reunion. One of the young ladies in this group made the remark about our small world, she was Mary Lee (Melton) Howell who is now living in Dallas and working for Bill Baten's son-in-law with the Zale Corp. Mrs. Stafford Spruill of Amarillo was born at Newlin and given the name Mozelle, daughter of the late Mr. and Mrs. W. J. Harper. Other members of this family are Felton of Muleshoe, Louis of Sudan and also Maude Alexander of Sudan, Jennie Phillips of Here-

ford, Dora Woodson of Floydada, Ella Gresham of Munday, Dorothy Fewler of California and Stella Phillips of Memphis. Some of the teachers this family remembered were Joe Allen Ballard, Archie Glascoe, Gladys Leary, Mary Foreman, Carl Thorp, Mr. Sutton, Bessie Kilgore and Mrs. Short.

I think Art Linkletter was

right when he made the quote, "People are Funny". I thought of this quote a few days ago when reading the daily paper which told of a lady in California who was keeping 32 snakes for pets in cans, buckets and in her bathtub. She liked them so much better than dogs as they did not bark and were well behaved. I have heard it recommended to get in the bathtub for safety during a storm. I guess this lady would tell the snakes to move over and give her room, but I think I had rather crawl in the commode.

A few weeks ago I asked Ruth Harrison to send me a card with the picture of the tulips in Holland after she arrived there for a visit with her son, Jimmy, and family. She did not forget and I received this beautiful tulip picture the past week. One thing that surprised me was the good mail connection from Holland to the U. S. A. The card was mailed in Amsterdam and four days later, I received it. I call this good mail service.

It seems to me that South Vietnam leaders have been watching our television show, "Let's Make A Deal", as it seems they have been over in the U. S. A.

to try to make a deal of the kind that I had heard of years ago that said, "You bring the duck and we will have a duck dinner."

A remembered quote: "The trouble with a guy who talks too fast is that he often says something that he has not thought of yet."

In conversation with Mary Lou Erwin, she reported that her mother, Martha Ward Cardwell, who married J. S. Ballard in 1891, was the first school teacher at Newlin who started out with 7 pupils and at the end of the school year, there were 18 enrolled. Chas. Drake was one of the first pupils in this school.

The circus is coming soon to Memphis! Yes, the Memphis Chamber of Commerce is sponsoring the Fisher Brothers Circus for a one-day show only, Thursday, May 10. Two performances at six and eight p. m. will feature clowns, trapeze acts and various animal acts which include elephants, dogs, goats and horses. This is the first circus since 1960 to be in Memphis and the Chamber anticipates a good crowd at both shows.

Chamber members George Ferris and Jim Wines did some picture taking from the air of Memphis last week. These pictures are being processed by Bill Combs and will be used for a public relations project.

"Let's Talk Memphis" is off and going strong. Chamber member John Wolf is just one of the many supporters of this project. John put the "Let's Talk Memphis" on the Movie House billboard and the chamber certainly appreciates his help.

Since 1909 there has always been the one stop shop in Memphis and this is at Greene Dry Goods. Gayle Greene and his staff are ready and able to help the entire family when it comes to clothes. For family needs, try "the family store", Greene Dry Goods, a member of the Chamber of Commerce.

The Retail Committee met last week for a called meeting on future plans for Christmas decorations. John Hart, a representative of the E. L. Williams Company, showed the committee samples and pictures of various designs and colors of Christmas decorations. Members of that committee present were: Coy Miller, chairman; Bob Fowler, Floyd Edwards, Grady Simpson and Haulby Dean. The project to buy new decorations to replace the wornout lights used now would cost in the several thousands of dollars. Discussion of getting all of the civic clubs in an entire community effort for new Christmas decorations was brought out. However, action will be tabled awaiting more information.

Morris Odom is the newest individual member of the Chamber of Commerce. Morris is handling the details on the bumper stickers with the "Memphis-Cotton Capital of the Panhandle" slogan. The stickers will be in colors of black, white and yellow and will be on sale in Memphis in the near future.

Les Sims has transferred his chamber membership to the individual category since his selling of Sim's Department Store. Both Les and Allene plan to stay in Memphis. We are very fortunate to have the Sims in Memphis and we hope that they will always remain here at home.

Tonight is the first planning session of the "Let's Talk Memphis" program. All chamber members are invited to attend, but business operators on Highway 287 are urged to be present. The meeting tonight is at 8:00 p. m. in the Big O Restaurant.

Our congratulations to the First National Bank of Memphis on their 75th celebration this Saturday, April 21.

The First National Bank is a member of the Chamber of Commerce and has always cooperated in every way possible in the progress of Memphis. A full service bank not only to their customers but to the community as well.

Everyone is invited to the Bob Wills Reunion Celebration April 28, in Turkey.

MHS Trackmen Compete In Region Meet

Memphis High trackmen competed in Regional Track competition last weekend, and despite outstanding efforts on everyone's part, the team managed a total of 7 points.

Track Coach Joe Bain said he was pleased with the showing because all the trackmen either equaled or bettered previous efforts.

"Competition was just real keen in all events at region," Coach Bain said.

The mile relay team from MHS turned in their best time of the year, 3:28.4, to place fifth, just three tenths of a second behind Clarendon's team.

Rubei Snider tossed the shot put 48 feet, 6 and a fourth inches to take fifth place. His career best was a toss of 49'4".

Sophomore half-miler James Beck finished sixth with a time of 2:04.4.

Memphis High track program looks real promising for next season, especially the excellent showing of the mile relay team, with Jimmy Melton, Wayne Davis and James Beck all to be back next season, and a freshman quarter miler, Ricky Douthit, showing tremendous potential for his age. Charlie Slaughter was the only senior on this team.

The track team will lose seniors Robert Snider, Paul Fowler, Charlie Slaughter, Terry Wheeler, Mike Browning and Ronald Canada.

Area Netters Are Eliminated At Region Meet

Memphis and Lakeview tennis entries in the Region Tennis Meet in respective classes were eliminated last weekend. The Lakeview girls doubles team reached the finals, but all others were eliminated earlier in the tournament.

Memphis' singles entry in the boys division, Class A, Eddie Nelson, met the eventual Regional Champions from Petersburg, and was eliminated in the opening round, but not without a tussle.

Nelson lost the first set, but was not willing to yield in the second set, with the score 5 to 4, the game bounced back and forth, add and deuce for about thirty minutes with Nelson holding the advantage the majority of the time. But finally, the Petersburg boy won the set point making it 6-4.

In Class B, Marla Gregory and Carolyn Hughes worked their way into the finals against the Nazareth girls doubles team, but lost in two sets, 6-4, 6-2.

Bill Richburg, in boys singles, lost in the semi-finals to a Bunavista lad, 6-2, 6-1.

Connie Sue Fowler, in girls singles, lost out in the second round to a Gorden City girl. The Lakeview boys doubles lost in the opening round.
