Cyclone blockers shown from left to right are No. 81 Ben Smith, No. 12 Gary Booth, No. 62 Jimmy Booth and No. 66 Mark Bradshaw.

The Chamber Corner

County Farm Bureau Chamber of Commerce is happy to sponsor the annual event of which farmers view various techniques of farming. The tour was climaxed with a dinner at the Big "O".

conomy of Memphis and county depends primarily on farmers and ranchers. The Chamber of Commerce is of their importance and support of the Hall farmers. We are anxious year's cotton harvest and it will be the best cotton in Hall County history.

Memphis Chamber is in the of sponsoring more programs for the farmer. Programs of the State Great Plains Farm tour, livestock show, Hall County Cotton show each season, public relations promoting this area as Capital of the Panhandle and other services directed to the farmer and rancher. However, to do this we need funds and are offering membership to all of the farmers. It takes two, the Chamber and you.

asking that local bike and dune buggys not to be on land without the permission of the land owners. We have viewed many farms and land that has been damaged by our local riders. This carelessness by riders has caused an enormous amount of damage and the farmer and is putting the chance of holding this enduro in a difficult situation. The carelessness of our local bike riders and we need your cooperation.

First Baptist To Hold Lay Witness Mission

A weekend Lay Witness Mission will be held at the First Baptist Church from Friday through Sunday, C. H. Murphy, pastor, has announced.

A number of laymen from throughout the area will be in Memphis for the special religious services, which will open with a family supper Friday evening at the Community Center. The general session will be held at the church at 7:30 p. m. on Friday.

Saturday a number of activities are planned, beginning with coffee groups in various homes for both men and women. At noon Saturday, the women will enjoy a salad luncheon at the church while the men will go to the community center for dinner. The youth will enjoy a hamburger fry in the City Park.

Sunday team members will be in charge of the Sunday School classes beginning at 9:45 a. m. The morning worship will begin at 11:00 a. m. with Lay Witness leaders in charge.

The session will be concluded with the Evening worship service at 6:00. The theme of the program will be "A Time of Sharing and Evaluation."

The public is cordially invited to attend any or all of the services.

Funeral Services For Cora Davis To Be Friday

Funeral services for Mrs. Cora H. Davis, 91, will be held at 10:30 A. M. Friday in Spicer Funeral Home with the Rev. Tommy Nelson, Pastor, officiating.

Burial will be in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. Davis passed away Wednesday morning in Hall County Hospital.

Born August 12, 1882, in Nacoma, Mrs. Davis came to Memphis in 1923. She was a member of the First United Methodist Church.

She was a retired telephone operator and seamstress.

Survivors include two daughters, Mrs. Pauline Davis of Portersville, Calif., and Mrs. Jeraldine Doss of Port Angeles, Wash., one grandson; a niece, Mrs. Gladys Johnson of Memphis; two nephews, Joel Hammond of Long Beach, Calif., and James Hammond of Portales, N. M.

Pall bearers were J. O. Cobb, Barney Russell, Dub Parker, R. C. Lemons, Orville Goodpasture, and Johnny Hancock.

Teacher's Assn. To Meet Monday

The Hall County Teacher's Assn. will hold its initial fall meeting Monday evening, Oct. 1, at 7:00 o'clock at the Estelene School, it was announced.

Featured speaker for the evening will be Tom T. Walker of Austin, a director of teacher education and certification of the Texas Education Agency.

Band Boosters To Have Meeting Mon.

The Memphis Band Booster Club will have an important business meeting on Monday evening, Oct. 1, at 7:30 p. m. in the Cyclone Band Hall, according to an announcement this week.

Over 600 Riders Are Expected For CB Enduro

A field of 600 motorcycle riders, including many of the top riders in the nation, will participate in an American Motorcycle Association National Enduro, Oct. 27-28 in Memphis and surrounding area.

The second annual Cotton Boll National Enduro will be a contest over varied terrain as the highlight to two days of activities sponsored by the Memphis Chamber of Commerce and the Track and Trail Club of Amarillo.

Entry deadline is Monday, almost a month before the event. Entries may be sent to Track and Trail Sports Riders Association, P. O. Box 9251, Amarillo.

Riders from 13 states had entered the event prior to a release made Monday. Race officials expect riders from virtually every state in the union before entries close.

The Enduro is patterned after the sports car road rallies although it is considerably more taxing on the individual entry.

Six or more check points are local cotton country and the Red River breaks. The object of the event is to arrive at each checkpoint at a prescribed time so as to maintain a 24-mile-per-hour average. Penalties are assessed for arriving too early or too late to each checkpoint and are then deducted from a starting score of 1,000 points.

In addition to the actual race, a queen's contest is scheduled along with a Cotton Boll Parade, a motorcycle show and a Texas Beefburger Feed on Saturday, Oct. 27. The local chamber is handling much of the advanced planning for these events.

The National Cotton Boll being held here is the only nationally sanctioned enduro race in Texas this year. In past years, the official trail contestants have had to ride as held many dancers (Continued on Page 8)

Local Cub Scout Adult Leaders To Meet Friday At Democrat Office

All Cub Scout Adult leaders are asked to attend a meeting at 5 p. m. Friday afternoon at the Memphis Democrat office, Cubmaster Bill Combs said this week.

The meeting should last about an hour and will be covering reorganization and making plans for the Cub Packs fall activities.

"It appears now that the Pack will begin having den meetings the first or second week in Oct. and have a Pack Halloween party the last of October," the Cubmaster said.

"Also, we will have a Webelo den under Webelo leader Roger Neilson, a 4th grade den under Mrs. Lee Levy, Mrs. Bill Combs and Mrs. Charles Waller, and three other dens with Mrs. Buster McQueen, Mrs. James Canida, Mrs. Arvin Spencer, Mrs. Ted Wheeler as leaders, and Mrs. Roddy Bice as Den Leader Coach," the Cubmaster said.

"We have had a good fall registration of new cubs and indications are that all of the already registered Cubs will be with the program again this year, with the exception of those reaching the age of Boy Scouts and those who may have moved away," Cubmaster Combs said.

"It is hoped that another new den can be organized later this fall or early winter to handle those seven-year-olds who will be eight during this school year," he said.

Band Booster Calendar Sale In Full Swing

The Memphis Band Booster Club is in the midst of its annual Community Calendar campaign, according to members.

At the present time, the city is being canvassed and it is hoped that no one will be missed.

"In the past there have been a few disappointed people who were missed, so we are trying to do a better covering job this year," said Mrs. Ronald Wilson, calendar campaign chairman.

The booster club was forced by rising prices to raise the fee for the calendar this year. For the past two years, the printing company has raised its prices. Last year the club absorbed this increase, but this year, they too must raise prices, Mrs. Wilson said. The calendar will cost \$1.25, and increase of 25 cents; however the cost of each birthday and anniversary listing is still 25 cents each.

This campaign will be held until Oct. 7. If you have not been notified by next week, please call one of the following boosters and place your order: Mrs. Ronald Wilson, Mrs. Raymond E. Martin or Mrs. Marion E. Posey.

All funds collected by the boosters for this and all other campaigns will go for the Memphis bands. The Cyclone Band has been invited to participate in the Six Flags Over Texas Festival Day next spring and it is hoped the boosters can assist with these finances.

Memphis Young Homemakers To Meet On Oct. 1

The Memphis Young Homemakers Club will meet in regular session Monday, Oct. 1, at 7:30 p. m. in the High School Visual Aids room.

The program will be presented on the rules of gun safety.

The hostesses for the evening will be Mrs. Katie McDonald and Mrs. Susan McQueen.

The bake gift will be provided by Mrs. Naydean Wheeler.

Husbands of the club members will be guests for the evening. Also a special invitation is extended to all prospective members and their husbands.

Lakeview Young Farmers To Meet, Oct. 5

The Lakeview Young Farmers will meet to reorganize at a steak supper on Friday, Oct. 5 at 7 p. m. in the Lakeview Cafeteria and auditorium it was announced this week by Sponsor Barney Bevers.

The program will be Norman Brints and Gerald Millard on Social Security and Income Tax. All members and prospective members are invited.

Cyclone Mothers Club Is Selling Window Signs

The Cyclone Mothers Club is selling car window signs supporting the Memphis Cyclone for District 2-A games.

The signs were passed out to members of the club at 8:15 p. m. Tuesday night, and citizens can purchase the signs from any member of the club.

"The Cyclone Mothers will be selling them over town and everyone is asked to please buy the signs and put them in their cars to support the Cyclones," a spokesman for the club said.

Juana Reyes Is New FHA Office Clerk

Miss Juana Reyes, 19, daughter of Mr. and Mrs. Jose Reyes of Memphis, has been named County Office Clerk of the Hall County Office of Farmers Home Administration effective Oct. 1, 1973.

Miss Reyes was named to the position after the retirement of Pauline G. Knight, who held the position for 20 years. Mrs. Knight retired effective August 31 of this year, James Chappell, County FHA Supervisor, said.

Miss Reyes began her employment in the FHA office here as a summer employee in 1971 sponsored by the N.Y.C. and Memphis Public Schools. She also served in this capacity during the summers of 1972 and 1973.

After her graduation from Memphis High, Juana attended Clarendon College and took a concentrated course on College Training for Business which she completed in the spring of this year. She took her Civil Service exam earlier this year.

Miss Reyes is handling the clerk duties as a summer employee until her appointment as County Office Clerk becomes effective on October 1.

Constitutional Amendment Vote Coming Up!

Texas voters, including those in Hall County, will have a Constitutional Amendment election coming up Tuesday, Nov. 6, 1973. Four boxes will be open in Hall County for this election.

The rewriting of regulations on publication of Constitutional Amendments came about when voters authorized a Constitutional Amendment to do just that last year. The result is evident. The cost savings to taxpayers, should be enormous obviously, especially in smaller newspapers with low national advertising rates.

Some of the amendments to be voted upon are important and should be the center of concern for Texans interested in State Government.

Amendment No. 1 on the ballot is one which would provide for annual salary of \$15,000 and a per diem allowance of \$18 for members of the legislature. These sessions would be 180 days on each odd-numbered year and 60 days on each even-numbered year with the Governor adding another 30 days if he feels it necessary.

Amendment No. 2 would broaden the scope of homestead protection to the real property of a single adult which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned without consent of both spouses.

Amendment No. 3 would extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults.

Amendment No. 4 concerns the creation of conservation and reclamation districts and the obtaining of approval from cities and counties.

Amendment No. 5 is a regional amendment of no concern to this area, while Amendment No. 6 would grant the district court the general jurisdiction of a probate court in addition to the jurisdiction otherwise conferred on it by law in probate proceedings.

Amendment No. 7 would provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veteran's Land Fund.

Amendment No. 8 would authorize and require cities, towns, and villages to levy ad valorem taxes sufficient to pay the principal of any interest on their general obligations hereinafter issued, subject to restrictions provided by law.

Amendment No. 9 would authorize the legislature to exempt certain water supply corporations and cooperatives from the property tax on certain facilities, these being nonprofit corporations and nonprofit cooperatives which supply water in the state.

These, then, are what voters will be deciding upon come Tuesday, Nov. 6. It will be interesting to see how much interest is generated for this election, after advertising has been cut by nine-tenths by the state. Almost every adult is pre-registered so the state will not be able to claim "off election year" registration as an excuse for poor voter turnout.

ACROSS THE DESK What Other Editors Say

U. S. Was Burned Secretary of the Treasury George Schultz last week conceded that the United States got burned in the Soviet wheat deal but indicated that it won't happen again.

The Soviet wheat deal of 1972 is being blamed for the spectacular rise in the price of wheat and for a big share of the blame for rising food prices in the U. S.

Out here in the wheat country we have to view this with mixed emotions.

Certainly last year, after most farmers in this area had sold their wheat for \$1.35 or so, it was a bitter pill to swallow to watch the price rise rapidly, even before harvest was completed in the Dakotas and north.

But the Soviet wheat deal did clear out the granaries, it did wipe out the troublesome wheat surplus, and it did stabilize the market price of wheat so that farmers were able to sell their 1973 crop for the market instead of for government programs.

The more the Soviet wheat deal is exposed, the worse it makes our traders look. As usual, it is sap Uncle Sam, meaning the taxpayers, who got stuck with the bill.

The Soviet buyers obtained 440 million bushels of grain last year. Part of the deal was that the United States loaned the Soviets \$750 million to purchase this grain.

Because the big purchase boosted the price of wheat around the globe, the Russians made an extra profit here and there. They are right now making at least a 100 per cent profit in selling some

of the wheat to Italy at current high market prices. It is becoming apparent that Soviet traders knew more about world conditions than we did and took advantage of our simpletons in the trading arena in order to supply their own needs and to reap huge profits on the world market—all subsidized by the America taxpayer and consumer.

The Russians slipped in and bought about two-thirds more wheat than had been planned originally. By the time the U. S. woke up, the deal was made and the grain was on its way.

The oddsmakers haven't quoted a figure yet on the chances that Russia will repay the \$750 million wheat loan, but if past experience is any guide, the Russians are already chuckling about this one and there is about as much chance of a repayment as there is that France will pay off her World War 1 and 11 debts.

It is ironic that in order for wheat farmers in Ochiltree county to receive, after decades of waiting, a fair price for their grain, it has to come about because the Russian Bear put a fast one over on Uncle Sam.

There was surely a better way to restore a fair price for wheat on the market place, but all our government experts never did come up with a better solution.

—The Perryton Herald

No New Taxes Speculation to the contrary, there is no chance that Congress will raise the federal income tax this year. And there is even less chance that Congress will boost income

taxes during the 1974 election year.

Reports that President Nixon is "considering" a 10 per cent surtax on personal and corporate income may be true. At least that's the word from domestic affairs adviser Melvin R. Laird.

But whether Nixon actually would propose such a tax is doubtful.

In the first place, the President's chief economic counselor, Treasury Secretary George P. Shultz, is dead against a tax increase.

And even if the model later were refunded, as Laird says it would be, most Americans simply are in no mood to pay higher taxes at any level.

The Tax Foundation in New York reports that for the first time in recent history more state legislatures have cut taxes this year than have increased them.

Secondly, the President has said repeatedly that he will not raise taxes between now and 1976.

Thirdly, a tax increase at a time when prices are rising faster than income would be politically suicidal.

Finally—and this may be the most important reason—economists are predicting a business downturn in 1974. A tax increase could turn it into a recession.

An income surtax might have been a good idea a year ago, when wages were rising faster than prices. That would have been the time to drain off excess spending power.

It also would have been the time to reduce or eliminate the seven per cent tax credit on new business equipment—a credit that makes most sense in a depressed economy.

That means holding down federal spending, tightening the money supply and piddling the country to produce more, consume less and start living within its means for a change.

BYRON BALDWIN

he was singing, "I am going where orange blossoms bloom."

A remembered quote: "A good memory is what keeps some chaperones awake."

Mr. and Mrs. Ira McQueen had as their guests, Mr. and Mrs. Kenneth McQueen of Oklahoma City. Kenneth, the son of Mr. and Mrs. Ira, was born and reared here. He graduated from MHS in 1950, attended college at T. C. U. He was very active on the football field. He married Mary B. Bluetman. Since leaving Memphis, they have lived in Abilene, Wichita Falls, Fort Knox, Ky., Forth Worth and now in Oklahoma City. They have three sons and one daughter.

Mr. and Mrs. James Hall and daughter Melody of Anson were visitors in Heritage Hall, James is a brother of Bill Hall. They were reared at Stamford. He has been with West Texas Utilities for the past 15 years. It was very interesting to talk to James' Swedish wife. Her ancestors came to the U. S. from Sweden in 1800 and settled in New Sweden before moving to Stamford in 1903.

Mrs. Erwin had as her guests in Heritage Hall, Bill and Carolyn Bench, Fred McWhorter and Donna Rogers, all of Amarillo. Mrs. Y. Z. Taylor had her daughter, Anita, of Seymour as her guest in Heritage Hall. Anita has been working for General Telephone Co. in Seymour.

Mrs. Billy Brewer had as her guest in Heritage Hall, her sister, Barbara (Roberts) Potter of Firebough, Calif. The parents of these two ladies are Mr. and Mrs. Reed Roberts of Dos Palos, Calif. This family lived in Hall County from 1944 until 1954. There were 6 children and all are now living in California with the exception of Mrs. Brewer. They all attended school at Estelline. Mrs. Potter has a four year old son. She reported to me that Firebough, Calif., was a small town but is the cantaloupe capital of the San Juan Valley.

Lloyd Tittle of Los Angeles, Calif., was one of our visitors in Heritage Hall. His parents are the late Mr. and Mrs. J. S. Tittle who lived in Hall County from 1922 until 1929 when they moved to California. They had 10 children and all are now living. They attended school at Harrell Chapel. Lloyd remembered that his school teacher was Mary Foreman. He married a California girl. They have two children and 5 grandchildren. He was very complimentary of Heritage Hall.

A visitor in Heritage Hall was Myrtle (Eoon) Davis of 2809

Turkey from Fort Sumner Dec. 3, 1919. There were 5 sons and 5 daughters in this family. Mrs. Leone Taylor is the youngest of these 10 children who were reared in Hall County.

Visiting in Heritage Hall during the Hall County Picnic were members of the John T. Greens family. John married Amanda Adams, daughter of the late Mr. and Mrs. Zack Adams who lived in the Lesley area and Memphis since 1908. The ones here of this family for the picnic were: Mrs. Julia Lewis of Dallas, with her daughter, Betty (Briscoe) Johnson of Orange Park, Fla., Mrs. Johnnie Davis of Amarillo and Mrs. Everett Green and daughter Becky of Amarillo, Mrs. Billy Wayne McCaslin and daughter Armanda and son David of Plainview. Their quote was that in this family, "We all enjoyed our visit in Heritage Hall and the memories brought back to us of early days in Hall County."

Clyde Boyd was a visitor in Heritage Hall where he was showing his watch that his father bought in 1912. Clyde is passing this watch to his grandson, Jimmy Boyd. The Boyd family moved from Murfreesboro, Ark., to Texas. Clyde has lived in Texas as the past 30 years.

Mrs. Rea (Johnson) Bass and Maurine (Thompson) Montgomery of Dallas were visitors in Heritage Hall.

Mrs. Pauline (Thomason) Ruthledge, the youngest one of the children of Mr. and Mrs. J. W. Thomason, lives in Lubbock and has been there since 1935. Her husband, W. C. Rutledge, passed away in 1969. Pauline is executive manager of the Lubbock Association of Credit Management. Ruth (Thomason) Peck lives in Phoenix, Ariz., and has been in the Arizona legislature for 16 years.

Raymond Thomason is a builder in Arlington. The older daughter of Mr. and Mrs. Ike Thomason, Vera, is now living in Wichita Falls. This was Pauline's first visit to Heritage Hall and she liked it very much. Pauline made me think back many years ago when I sold her uncle Seth his wedding shoes. I remember he liked to sing. All the time I was fitting the shoes on him,

EDITORIAL

Constitutional Amendment Vote Coming Up!

Texas voters, including those in Hall County, will have a Constitutional Amendment election coming up Tuesday, Nov. 6, 1973. Four boxes will be open in Hall County for this election.

Readers of this newspaper have had opportunity in the last two issues to read a "summary" of the nine proposed Constitutional Amendments which will be voted upon, and undoubtedly those readers who took advantage of this opportunity are aware of what will be voted upon, but only a limited idea of implications of each of the amendments.

Those two publications are all the State of Texas is allowing newspapers to publish in this state. In past years, the entire amendments were published as legal notices in four issues, under new guidelines, "summaries" are published for two weeks.

The rewriting of regulations on publication of Constitutional Amendments came about when voters authorized a Constitutional Amendment to do just that last year. The result is evident. The cost savings to taxpayers, should be enormous obviously, especially in smaller newspapers with low national advertising rates.

Some of the amendments to be voted upon are important and should be the center of concern for Texans interested in State Government.

No. 1 on the ballot is one which would provide for annual salary of \$15,000 and a per diem allowance of \$18 for members of the legislature. These sessions would be 180 days on each odd-numbered year and 60 days on each even-numbered year with the Governor adding another 30 days if he feels it necessary. Annual salary of members of the legislature would be increased from \$4,800 to \$15,000 and increase the per diem allowance from \$12 to \$18 for each day of a regular or special session.

Amendment No. 2 would broaden the scope of homestead protection to the real property of a single adult which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned without consent of both spouses.

Amendment No. 3 would extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults.

Amendment No. 4 concerns the creation of conservation and reclamation districts and the obtaining of approval from cities and counties.

Amendment No. 5 is a regional amendment of no concern to this area, while Amendment No. 6 would grant the district court the general jurisdiction of a probate court in addition to the jurisdiction otherwise conferred on it by law in probate proceedings.

Amendment No. 7 would provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veteran's Land Fund.

Amendment No. 8 would authorize and require cities, towns, and villages to levy ad valorem taxes sufficient to pay the principal of any interest on their general obligations hereinafter issued, subject to restrictions provided by law.

Amendment No. 9 would authorize the legislature to exempt certain water supply corporations and cooperatives from the property tax on certain facilities, these being nonprofit corporations and nonprofit cooperatives which supply water in the state.

These, then, are what voters will be deciding upon come Tuesday, Nov. 6. It will be interesting to see how much interest is generated for this election, after advertising has been cut by nine-tenths by the state. Almost every adult is pre-registered so the state will not be able to claim "off election year" registration as an excuse for poor voter turnout.

Selling voters on the need for concern on constitutional amendments and a representative turnout at the polls is important and sometimes an unappreciated chore. But it is vital for good government.

What Other Editors Say

U. S. Was Burned
Secretary of the Treasury George Schultz last week conceded that the United States got burned in the Soviet wheat deal but indicated that it won't happen again.

The Soviet wheat deal of 1972 is being blamed for the spectacular rise in the price of wheat and for a big share of the blame for rising food prices in the U. S.

Out here in the wheat country we have to view this with mixed emotions.

Certainly last year, after most farmers in this area had sold their wheat for \$1.35 or so, it was a bitter pill to swallow to watch the price rise rapidly, even before harvest was completed in the Dakotas and north.

But the Soviet wheat deal did clear out the granaries, it did wipe out the troublesome wheat surplus, and it did stabilize the market price of wheat so that farmers were able to sell their 1973 crop for the market instead of for government programs.

The more the Soviet wheat deal is exposed, the worse it makes our traders look. As usual, it is sap Uncle Sam, meaning the taxpayers, who got stuck with the bill.

The Soviet buyers obtained 440 million bushels of grain last year. Part of the deal was that the United States loaned the Soviets \$750 million to purchase this grain.

Because the big purchase boosted the price of wheat around the globe, the Russians made an extra profit here and there. They are right now making at least a 100 per cent profit in selling some

of the wheat to Italy at current high market prices.

It is becoming apparent that Soviet traders knew more about world conditions than we did and took advantage of our simpletons in the trading arena in order to reap huge profits on the world market—all subsidized by the America taxpayer and consumer.

The Russians slipped in and bought about two-thirds more wheat than had been planned originally. By the time the U. S. woke up, the deal was made and the grain was on its way.

The oddsmakers haven't quoted a figure yet on the chances that Russia will repay the \$750 million wheat loan, but if past experience is any guide, the Russians are already chuckling about this one and there is about as much chance of a repayment as there is that France will pay off her World War 1 and 11 debts.

It is ironic that in order for wheat farmers in Ochiltree county to receive, after decades of waiting, a fair price for their grain, it has to come about because the Russian Bear put a fast one over on Uncle Sam.

There was surely a better way to restore a fair price for wheat on the market place, but all our government experts never did come up with a better solution.

—The Perryton Herald

No New Taxes
Speculation to the contrary, there is no chance that Congress will raise the federal income tax this year.

And there is even less chance that Congress will boost income

taxes during the 1974 election year.

Reports that President Nixon is "considering" a 10 per cent surtax on personal and corporate income may be true. At least that's the word from domestic affairs adviser Melvin R. Laird. But whether Nixon actually would propose such a tax is doubtful.

In the first place, the President's chief economic counselor, Treasury Secretary George P. Shultz, is dead against a tax increase.

And even if the money later were refunded, as Laird says it would be, most Americans simply are in no mood to pay higher taxes at all levels.

The Tax Foundation in New York reports that for the first time in recent history more state legislatures have cut taxes this year than have increased them.

Secondly, the President has said repeatedly that he will not raise taxes between now and 1976.

Thirdly, a tax increase at a time when prices are rising faster than income would be politically suicidal.

Finally—and this may be the most important reason—economists are predicting a business downturn in 1974. A tax increase could turn it into a recession.

An income surtax might have been a good idea a year ago, when wages were rising faster than prices. That would have been the time to drain off excess spending power.

It also would have been the time to reduce or eliminate the seven per cent tax credit on new business equipment—a credit that makes most sense in a depressed economy.

That means holding down federal spending, tightening the money supply and prodding the country to produce more, consume less and start living within its means for a change.

BYRON BALDWIN

Thursday afternoon about 3, 1919. There were 5 sons and 5 daughters in this family. Mrs. Leone Taylor is the youngest of these 10 children who were reared in Hall County.

Visiting in Heritage Hall during the Hall County Picnic were members of the John T. Greene family. John married Amanda Adams, daughter of the late Mr. and Mrs. Zack Adams who lived in the Lesley area and Memphis since 1908. The ones here of this family for the picnic were: Mrs. Julia Lewis of Dallas, with her daughter, Betty (Briscoe) Johnson of Orange Park, Fla., Mrs. Johnnie Davis of Amarillo and Mrs. Everett Green and daughter Becky of Amarillo, Mrs. Billy Wayne McCaslin and daughter Armanda and son David of Plainview. Their quote was that in this family, "We all enjoyed our visit in Heritage Hall and the memories brought back to us of early days in Hall County."

Clyde Boyd was a visitor in Heritage Hall where he was showing his watch that his father bought in 1912. Clyde is passing this watch to his grandson, Jimmy Boyd. The Boyd family moved from Murfreesboro, Ark., to Texas. Clyde has lived in Texas the past 30 years.

Mrs. Rea (Johnson) Bass and Maurine (Thompson) Montgomery of Dallas were visitors in Heritage Hall.

Mrs. Pauline (Thomason) Ruthledge, the youngest one of the children of Mr. and Mrs. J. W. Thomason, lives in Lubbock and has been there since 1935. Her husband, W. C. Rutledge, passed away in 1969. Pauline is executive manager of the Lubbock Association of Credit Management. Ruth (Thomason) Peck lives in Phoenix, Ariz., and has been in the Arizona legislature for 16 years.

Raymond Thomason is a builder in Arlington. The older daughter of Mr. and Mrs. Ike Thomason, Vera, is now living in Wichita Falls. This was Pauline's first visit to Heritage Hall and she liked it very much. Pauline made me think back many years ago when I sold her uncle Seth his wedding shoes. I remember he liked to sing. All the time I was fitting the shoes on him,

he was singing, "I am going where orange blossoms bloom."

A remembered quote: "A good memory is what keeps some chaperones awake."

Mr. and Mrs. Ira McQueen had as their guests, Mr. and Mrs. Kenneth McQueen of Oklahoma City. Kenneth, the son of Mr. and Mrs. Ira, was born and reared here. He graduated from MHS in 1950, attended college at T. C. U. He was very active on the football field. He married Mary B. Bluethman. Since leaving Memphis, they have lived in Abilene, Wichita Falls, Fort Knox, Ky., Forth Worth and now in Oklahoma City. They have three sons and one daughter.

Mr. and Mrs. James Hall and daughter Melody of Anson were visitors in Heritage Hall, James is a brother of Bill Hall. They were reared at Stamford. He has been with West Texas Utilities for the past 15 years. It was very interesting to talk to James' Swedish wife. Her ancestors came to the U. S. from Sweden in 1800 and settled in New Sweden before moving to Stamford in 1903.

Mrs. Erwin had as her guests in Heritage Hall, Bill and Carolyn Bench, Fred McWhorter and Donna Rogers, all of Amarillo. Mrs. Y. Z. Taylor had her daughter, Anita, of Seymour as her guest in Heritage Hall. Anita has been working for General Telephone Co. in Seymour.

Mrs. Billy Brewer had as her guest in Heritage Hall, her sister, Barbara (Roberts) Potter of Firebough, Calif. The parents of these two ladies are Mr. and Mrs. Reed Roberts of Dos Palos, Calif. This family lived in Hall County from 1944 until 1954. There were 6 children and all are now living in California with the exception of Mrs. Brewer. They all attended school at Estelline. Mrs. Potter has a four year old son. She reported to me that Firebough, Calif., was a small town but is the cantaloupe capital of the San Juan Valley.

Lloyd Tittle of Los Angeles, Calif., was one of our visitors in Heritage Hall. His parents are the late Mr. and Mrs. J. S. Tittle who lived in Hall County from 1922 until 1929 when they moved to California. They had 10 children and all are now living. They attended school at Harrell Chapel. Lloyd remembered that his school teacher was Mary Foreman. He married a California girl. They have two children and 5 grandchildren. He was very complimentary of Heritage Hall.

A visitor in Heritage Hall was Myrtle (Eoon) Davis of 2809

The Lonely Heart

Ave. R, Wihita Falls 76309. She is the daughter of Bert and Mary (Yount) Boon, granddaughter of Sam Houston and Peggy Boon, niece of Fred and John Boon, Roxie Jeter, Carrol Clark and Pearl Beckham. Uncle Sam Boon moved to Hall County in 1889. All of the above mentioned names names have passed away with the exception of Myrtle's father, Bert, who lives at Haskell Myrtle has three children living in Calif., 9 grandchildren and 2 great-grandchildren. In conversation with Bert Boon on the picnic grounds, he informed me that he never felt better in his life, and

he is now 85 years old. Never takes any kind of medicine not even an aspirin.

Miss Deborah Roach Shower Honoree

Miss Deborah Roach, daughter of Mrs. Bray Cook and Mr. Carl Roach of Amarillo, was the shower honoree on Saturday at the home of Mrs. Lynn McKown, mother of the groom-to-be.

Presiding at the register to secure signatures of the guests was Mrs. B. H. Cook.

The bride-elect's chosen colors of orange and ivory were noted in party decorations throughout the entertaining rooms.

In the dining room, the table was laid with a beautiful ivory net and satin cloth encrusted with satin and sequined wedding bells and roses. Two silver candelabra filled with ivory mums and orange tapers centered the table. Appointments were in silver.

Miss Patty Bicknell of Amarillo and Miss Phyllis Dunn alternated at the silver punch service.

Gift display tables were laid with ivory cloths overlaid with draped orange net festooned with sprigs of orange fall leaves.

Hostesses for the courtesy other than Mrs. Cook included: Mmes. Arvor McQueen, Henry Hays, John Fowler, John Deaver, Grover Roden, Rhubert Wynn, Wayne Sweatt, B. H. Cook, Emily Hillhouse, C. T. Snowdon, D. S. Johnson, Kenneth Dale, Mildred Stephens, and Robert L. Duncan.

Mr. and Mrs. Marion Posey and daughters, Shari, MariAnn and Kari were in Lubbock over the weekend and enjoyed seeing the Tech-New Mexico football game on Saturday afternoon.

About Doing

"But be doers of the word, and not hearers only, deceiving ourselves."

—James 1:22

There is no way to measure the pulse of a "silent majority" so long as that majority is silent. The man who stops to listen to a speech in a park, on a university campus, may pause only because he is curious, listen to what is said only to disagree within his silent self.

Christians who limit themselves to no more than an hour of church once each week, who observe only a silent participation, are hearers only. If there is no outward manifestation of the principles of Christianity in their daily lives, they are, indeed, deceiving themselves.

Doing is a positive thing. Doing is action, example, and effort.

Memphis Wins Over Crowell 13 to 3

Memphis Cyclone registered a 13-3 victory over a tough Wildcat team here Friday in a game which kept the stands on their feet the night.

The game was full of action from the opening kickoff to the final play, and a lot of defensive units which were defensive twice in the game.

The Cyclone offense ran a three-point field goal, a long punt, and a long pass during the game. The visiting Wildcats were off 32 plays, not counting situations during the game which shows the Cyclone's domination of the game.

FB Dixon moved the ball across mid-field with a two-yard carry. QB Davis rolled out to his right and fired up field to End Bobby Hall for a 17-yard gain to the Crowell 29, on the first play of the second quarter.

Fans came to their feet on the next play, as QB Davis rolled left, saw an opening, and raced to the Crowell 14.

Not to be stopped, FB Jim Dixon blasted his way to the 11, then QB Davis tried a keeper but Crowell was waiting for him at the scrimmage line for no gain.

On the next play, however, QB Davis tucked the football and gained five big yards to the Crowell six. Facing fourth down and two, FB Dixon for a first down to the four, running out of the tailback slot on the power -I set. No measurement was necessary.

The ball lying inside the four, on the next play, QB Davis belied the football to Dixon on the power and tucked it and raced across in the left corner standing up for the six pointer. Ben Smith booted the point after.

Everything looked like it was going the Cyclone's way, when a loose ball was pounced on by Ben Smith on the Crowell 31, a kickoff and two plays later, giving the Cyclone possession.

The local team's offense got rolling as HB Don Davis made two yards, and Dixon added four more. QB Davis flipped a 5-yd. pass to End Ben Smith for a first down to the Crowell 18.

A pass went incomplete on the next play, and then QB Davis raced 12 yards to the Crowell six setting up another good scoring opportunity. But fate did not smile on the Cyclone as a fumble resulted on a crushing tackle and Crowell recovered on the four-yard line.

The Wildcats were stymied in attempting to make a first down and punted into the waiting arms of James Beck who made eight yards on the return before being downed. Memphis was held in the next series and Bobby Hall punted to the Crowell 7.

In the winding minute of the first half, Crowell made a shift in their offensive lineup putting QB Steve Graves out as a receiver and using End Rocky Glasscock as a passer. This combination clicked on two occasions for first down yardage. The Cyclone defense held on the Crowell 39 and the half ended with Memphis in possession.

yd. penalties. QB Wayne Davis picked up nine of these penalty yards on a keeper, and HB Bryley added seven more. Facing fourth and two and a half, a fumble resulted and the ball went over to Crowell on the Wildcats 25.

The Wildcat offense couldn't get untracked and another Glasscock punt gave the ball to Memphis on the home 37.

This started the Cyclone's first scoring drive of the evening.

QB Wayne Davis engineered the successful drive mixing up passing and running plays. FB Dixon led off with a two-yard gain, the QB Davis added three more. QB Davis rolled out and passed to HB Bryley in the flat for a 7-yard gain and a first down.

FB Dixon moved the ball across mid-field with a two-yard carry. QB Davis rolled out to his right and fired up field to End Bobby Hall for a 17-yard gain to the Crowell 29, on the first play of the second quarter.

A pass went incomplete on the next play, and then QB Davis raced 12 yards to the Crowell six setting up another good scoring opportunity. But fate did not smile on the Cyclone as a fumble resulted on a crushing tackle and Crowell recovered on the four-yard line.

The Wildcats were stymied in attempting to make a first down and punted into the waiting arms of James Beck who made eight yards on the return before being downed. Memphis was held in the next series and Bobby Hall punted to the Crowell 7.

In the winding minute of the first half, Crowell made a shift in their offensive lineup putting QB Steve Graves out as a receiver and using End Rocky Glasscock as a passer. This combination clicked on two occasions for first down yardage. The Cyclone defense held on the Crowell 39 and the half ended with Memphis in possession.

Second Half Action

Memphis received the football and the kick was hard to handle but Earl Ray Wright finally managed to get his hands on the ball and make it out to the home 17.

The Cyclone went to work, as FB Dixon on three consecutive plays made gainers of three, six and eight yards.

Then, from the home 33, QB Davis tucked the football and raced 19 yards to the visitors' 48.

FB Dixon was stopped with a two-yard gain, then HB Bryley managed four more. Then, Don Davis broke one tackle, then another and stepped his way for 15 big yards to the Crowell 27.

FB Dixon blasted through for nine yards and HB Don Davis added 3 more and a first down to the 15.

But the ball game took a turn-around, when a pass just barely missed the hands of a Cyclone receiver and Don Sparkman intercepted and raced 70 yards to the Memphis 20 before being stopped.

Adversity arose on the playing field, as the Wildcats received a 15-yd. penalty on the first play. Then QB Graves made three yards. Graves then passed to Glasscock for a 10-yd. gain. On a third down, a Crowell back was smashed down at the line of scrimmage by Earl Ray Wright, and he was assisted from the playing field. Facing fourth down, QB Graves hit End Glasscock who made it to the Memphis 5, and a first down.

The Cyclone defense showed its courage in the next series.

On the first play, Memphis

was called offside and officials moved the ball to the home two and a half. Then, on the next play, Graves tried a keeper around right end, but Linebacker Jim Dixon smelled the play out and dumped Graves for a four-yard loss back to the 7-yd. line.

Glasscock went to quarterback & tried two pass plays, one he was crushed just as he was releasing the football and the other, Receiver Graves was crushed just as the pass hit his hands, both going incomplete. The Wildcats settled for a 25-yd. field goal off the toe of David Bell.

Crowell kicked off deep and HB Bryley returned the kick to the home 27. Two major infractions cost the Cyclone and put them deep in the hole. A pass play went in and out of the hands of a receiver, and two sweeps by HB Bryley were unsuccessful so Bobby Hall punted and a Crowell bounce on the football gave the Wildcats good

field position on the Memphis 31.

The Wildcats went back to the air with Graves hitting Glasscock for a first down to the Memphis 11. But QB Graves tried to go wide and Ben Smith and Mark McQueen dumped him for a four-yd. loss. Then Glasscock passed to Graves for a 5-yd. gain back to the 10. Here, QB Glasscock tried another pass and Don Davis hit the passer just as he was passing and the ball when incomplete. The Wildcats tried a fake placekick pass play but all receivers were covered and the attempt was foiled by alert defensive play.

The Cyclone offense then took over on their own 9, and were held and Bobby Hall punted to the 42.

Crowell went back to the air, but Linebacker Jim Dixon grabbed a pass and returned the interception to the Memphis 35.

This started the Cyclone's final scoring drive of the night.

Getting started, Don Davis made two yards, then QB Wayne Davis made eight more. A QB sneak was necessary to pick up the first down, and on the play, Crowell was called for face-mask tackling and 15 yards were stepped off to the Crowell 40.

Dixon made two, Gary McKay made two, and Dixon made gains of five and three yards and a first to the Crowell 28.

Here, Bryley made two yards, QB Davis was trapped for a minor loss, and Davis made only one. Facing a fourth and 10, QB Davis passed 8 yards to HB Gary McKay who lowered his head and ran over two defenders to make the first down to the Crowell 18.

Here, HB Bryley made four yards, a pass went incomplete, and Bryley added one more. Facing fourth down again, QB Davis passed to End Bobby Hall at the goal line and Hall caught the football, turned around and a Crowell defender knocked him

loose from the ball and FB Jim Dixon pounced on it at the one.

On the next play, FB Dixon blasted over left guard and tackle for the touchdown. The place kick for point after by Ben Smith just barely missed the right hand goalpost and the score was 13 to 3.

Highlighting play the remainder of the evening were two pass interceptions by James Beck for the Cyclone, and two completed passes from QB Davis to HB McKay and End Ben Smith.

Memphis lost the ball on a fumble when second string quarterback Tony Salinas received a knee injury.
