Memphis To Host Natl. Cotton Boll Enduro Soon

The city will be hosting the Cotton Boll National Enduro on Oct. 27 and 28. This is the first of four national enduros to be held in the western part of the state. The event is being sponsored by the Memphis Chamber of Commerce, according to Chamber president.

The Chamber Corner

The Enduro committee has set the track for the Enduro and will begin to place signs and markers along the route through Hall County. Members of this committee have donated many hours of their time over the past few months.

County farmers and landowners have given us permission to cross their land only on Sunday, Oct. 28 National Enduro. We appreciate their cooperation.

Jewelry has helped with the Cotton Boll Enduro. Trail Riders and Memphis Chamber of Commerce obtain a number of station instruments for each of the twenty riders who have assisted us Sunday race. The instrument contains a barometer and hydrometer.

beginning to line up details for the race and the assistance of local enthusiasts for the Cotton Boll Enduro. We have excellent community wide participation in the past years and we ask for your assistance.

High school bands and clubs have been invited to participate in the Cotton Boll parade on Sunday afternoon, Oct. 27. We have especially invited local clubs and groups to bring their float or item into the parade. Cash prizes will be awarded to parade winners. Non-profit organizations are invited to set up a concession stand during the parade on the Sunday race. Concession stands will be regulated by the Chamber of Commerce and organizations participating in the parade.

Motorcycle racing is a family affair for these men who will be competing in the Memphis Enduro. In this packet have been sent the racing entrants and in this packet is a map of the City of Memphis. Location of merchants and businesses are designated on the map. Information concerning the Enduro Sale until 9:00 p. m. is also listed. We are making daily calls concerning travel trailers during the two day celebration. Information for these sites will be available at the DeVille Motel. Locations include the City Park and the DeVille.

to watch the Farm and Show on KGNC Channel Saturday at 12:00 noon. Twenty-three Queen contestants will be shown and introduced.

Bray Cook and her son are both members of the Chamber of Commerce. We appreciate their support, and their involvement in various community affairs.

and a 100 percent Texas Beefburger Feast on Saturday evening at the Community Center at which time the Cotton Boll Queen will be named.

Parade
All local citizens are invited to participate in the parade. Cash prizes will be awarded to parade winners. First prize is \$25.00; second prize \$15.00 and third prize will receive \$10.00.

Cash prizes will also be awarded to band divisions. These cash prizes will go to the winning band booster club so as not to interfere with interscholastic league rules. Business firms, schools, clubs and organizations are invited to enter floats in the parade, Jim Ed Wines, chamber of commerce manager, stated.

TV SHOW
Facts concerning the National Enduro will be featured on the KGNC, Channel 4, TV show Saturday at noon, Oct. 20.

Featured on the show will be the Queen contestants and music will be provided by "The Country Impressions" directed by Billy Ed Dixon. Other members of the band include Dennis Holt and Mark Gentry of Memphis and Jerry and Mark Brittain of Groom.

Both the Chamber president, Larry Parks, and manager Jim Ed Wines will appear on the program.

Manager Wines said he wanted to express appreciation to Memphis residents who took their cars to Amarillo to furnish transportation for the Queen Contestants. Going to Amarillo were Mr. and Mrs. Robert Spicer, Larry Parks, Mrs. Herschel Combs, Mike Branigan and Manager Jim Ed Wines.

Beefburger
On Saturday afternoon beginning at 5:00 o'clock the Texas Beef Burger Feast will be served buffet style in the Community Center.

Tickets are \$1.50 for adults and \$1.00 for children under 10 years of age.

At 8:00 p. m. the Miss Cotton Boll National Queen's Coronation will be held in the community center.

Races will get underway at 8:00 a. m. Sunday at the DeVille Motel. Information and spectator locations throughout the race will be released immediately following the start of the race at the DeVille Motel. More than 450 riders have entered the race.

Chuck Wagon Supper Slated For Saturday

Tickets are on sale for a Chuck Wagon Supper being sponsored by the 1913 Study Club. The meal will be served at the Community Center Saturday evening between the hours of 6 and 8 p. m. Mrs. Gayle Greene, president, has announced.

Persons who would like to have tickets should call Mrs. Greene, phone 259-2663, as tickets will be limited on Saturday evening.

In addition to the meal, diners will be entertained with a Country and Western musical

program. Music will be provided by three well-known area musicians including V. C. (Zig) Durrett of Lakeview, and Jerrel Rapp and Ted Bruce of Estelline. Special numbers will be presented under the direction of Geary Brodgen, music director of the First Baptist Church of Memphis. Mrs. Greene said a typical chuck wagon meal will be served buffet style. The menu will include stew, slaw, pinto beans, cornbread and apple cobbler. Decorations will be in keeping with the Western theme.

MHS Releases Honor Roll For First Six Weeks

Forty-one students were listed on the Memphis High School honor roll for the first six-week period, according to the list released this week by C. E. Voyles, principal.

The list included 14 seniors, 7 juniors, 9 sophomores and 11 freshmen.

Students listed were as follows: Seniors: Denise Boggs, Susan Chick, Meredith Douthit, Kathy Hall, Jamie Moss, Debbie Rogers, Karyn Smith, Mark Bradshaw, Morris Davis, Luke Griffith, Jay Hudlow, Mark McQueen, Jamie Ortiz and Greg Wolfe.

Juniors: Nancy Cabler, Dana Coldiron, Sylvia Ortiz, Shari Posey, Debra Combs, Robbie Galloway and Gary McKay.

Sophomores: Helen Bolden, Martha Clark, Sara Fowler, Lori Maddox, Cheryl Messick, Steve Boney, J. D. Evans, Charles Phillips and Dale Wigginton.

Freshmen: Jana Davis, Robin Hanvey, Dacarla Sasser, Kim Wynn, Eddie Braidfoot, Don Cofer, Tracy Galloway, Joe Hillhouse, Michael Murphy, Randall Orcutt and Val J. Stone.

Public Invited To "Car Bash"

The Junior Class of Memphis High School is sponsoring a "Car Bash" tonight beginning at 5:30 p. m. and continuing after the bonfire at the high school, Ed Hutcherson, president, announced today.

The project is to raise money for the class and also to help create added enthusiasm for the upcoming game tomorrow night against Clarendon.

The public is invited to come join in the fun; for just 15 cents you can hit the car with a small hammer or use a sledge hammer for 25 cents.

Memphis Football Fans Urged To Participate In 'Spirit' Activities

Memphis fans, adults and students, are invited to participate in activities leading up to the big football game to be played in Clarendon Friday night.

Head Cheerleader Susan Godfrey outlined the activities and asked that all come and participate.

First off, at 7 p. m. Thursday, a pep rally will be held on the north end (between the goalpost and the clock) of Cyclone Stadium, before the Memphis Junior Varsity team hosts the Clarendon B team.

Following the B team game, at about 9 p. m., a big bonfire will be lighted on the south end of

the stadium parking lot. The Cheerleaders and Cyclone Band will be directing these activities. The MHS juniors are planning to destroy an automobile as a money making project during the bonfire, it was announced.

Friday afternoon, at 3 p. m. or a few minutes after, the entire town is invited to join with the Memphis student body in a gigantic pep rally in Cyclone Gymnasium.

MHS students have been painting downtown store windows, automobiles, signs have strung up, and Memphis has decked itself out for this is the big week for football as Memphis meets Clarendon.

Two Cyclone Players Given Area Accolades For Play Against McLean

Two Memphis backfield players received honors this week following the team's 57 to 8 victory over McLean. QB Wayne Davis was named Class A "Player of the Week" by the Amarillo Daily News and HE Earl Ray Wright was named KGNC-TV Player of the Week.

QB Davis made 102 yards rushing on six carries and completed 50 percent of his passes, and scored one TD on a keeper.

HB Wright, a sophomore, ripped for 133 yards rushing and scored three times on eight rushes.

Coach McMurray praised the team for a good effort against McLean and said that QB Davis had his best night of the season. Of HB Wright, the coach said, he is loaded with talent and difficult to get off his feet.

The coach praised the linemen on his squad for opening the holes and making the offense go, then cited the defensive unit for an outstanding effort.

WAYNE DAVIS

The lone team has been working hard this week preparing for the crucial contest with Clarendon at 7:30 p.m. in Broncho Stadium.

By BILL COMBS

Football fans in two counties of the Southeastern portion of the Texas Panhandle await the crucial game each year, the game which goes a long way in deciding that all important district championship and post season play-off berth and the 1973 season is no exception.

The game will begin at 7:30 p. m. Friday at the Clarendon football stadium and matched will be the Clarendon Bronchos, defending state Class A finalist team going against the Memphis Cyclone. The 1973 matchup between two ball clubs could not be better, if fans want to see high school football at its best.

Anyone trying to predict the outcome of this year's game between Memphis and Clarendon could lose sleep trying to figure out the possibilities. Obviously, the game's winner will be decided by 22 young men on the gridiron during 48 minutes of football.

Recordwise, the two clubs are equal, almost as if a master planner had arranged prior performances to take these two teams into a showdown on an equal basis.

Clarendon has a good, sound, football team, offensively and defensively. Memphis Coach Clyde McMurray says they are the best to his ball club has faced this year.

Coach McMurray said to local boosters, "Defense is the key to this one. Our defense must be able to control the football for us."

With these two towns located only 30 miles apart, fans are well aware of who the players are on both ball clubs. The players themselves have been playing each other every year since junior high days.

Clarendon has been putting points on the scoreboard via both the running and passing routes, and the Bronchos have been making it plenty difficult to score against them.

On the Cyclone side of the ledger, the Gold and Black this year has one of the best defensive units MHS has put on the field and the Cyclone offensive unit has been improving steadily each week, as early season injuries mend and the team's execution of a wide assortment of plays has been jelling.

Spirit running through Memphis this week is one of expectation; "the week of the big game has finally arrived." Expectations are expressed in Coach McMurray's words at the conclusion of a Wednesday interview, "We know what's at stake, we know what this game means. We'll take what comes. We're planning on this year's team giving a good performance. I know our players and our coaches are looking forward to this game."

Like all long standing rivalry matches, the Clarendon-Memphis game each year has a history of being unpredictable due possibly to the fact that the towns are so close to each other. These two schools have real head-knuckers when they play a non-conference game, but when they are vying for No. 1 in the district, then a truly classic game develops as it has the past two seasons.

A record crowd is expected to be on hand for the game especially if good weather conditions

Retail Stores To Remain Open Saturday Evening

Local Retail firms are making plans to keep their stores open on Saturday, Oct. 27, as a service to visitors here to attend the National Cotton Boll Enduro.

Also offered as a courtesy to the visitors as well as area customers will be a variety of specials for Saturday only.

Queen Contestants will act as hostesses all day Saturday and will be available to show visitors about town, taking them shopping and sightseeing.

DIVISION I IN MARCHING—The 1973-74 Cyclone Marching Band took a Division I in marching contest Tuesday at Canyon, capturing the first of three parts needed to be a Sweepstakes Band. Remaining will be the sight reading and concert contest to be in the spring. This is the first Div. I in marching for the Cyclone Band since the 1970-71 band. The local band under direction of Carol Blain put in many hours of hard work whipping the contest show to perfection, and the band's performance at Canyon obviously pleased the three judges as all three awarded Div. I marks. Twirlers Diane Clayton and Boycene Bruce received Div. I marks in the twirling routines. Shari Posey received a Div. II on her routine and Director Blain cited her for participating as she was hospitalized with a pinched nerve recently. The band is under field direction of Band Captain Meredith Douthit.

The Vice President Resigns!

The Vice President of the United States resigned from the second highest public office in the United States last week. His resignation became public knowledge Wednesday afternoon and the news spread across the nation like wildfire spreads in a dry field.

Spiro T. Agnew resigned and entered a no contest plea to charges of Income Tax evasion, charges brought by the Department of Justice. He was fined \$10,000 and given a three year probated sentence.

Americans have been lead to believe that Spiro T. Agnew was a man of excellent character, a man almost perfect in his dress and manner. He was outspoken on many issues, and became a household word. He even directed some of the most bitter and stinging attacks upon this nation's free press and journalistic fraternity, that has ever been done by a high placed public official.

Coming on the heels of months of Watergate investigation, many probably believe that charges brought against the Ex-Vice President came out of this situation, but according to knowledgeable sources it was the Justice Department's investigation which uncovered solid, incriminating evidence. Apparently, nothing about Agnew's problems came from a political investigation, or the press.

Watergate has been called a political assault, lead by Democrats and the news media. The Republican Party word is, "The Republican Party is not to be blamed nor is it responsible for, the acts or activities of a few people (apparently referring to President Nixon and The Committee to Elect The President.) The question we raise is, "What was the Republican National Committee doing or thinking about when they allowed a group of men calling themselves The Committee to Elect The President to take over and run a political election, raise separate funds, and handle most if not all of the duties the Republican Party was supposed to do during the 1972 election?"

Americans are naturally shaken about events which have been transpiring. Most Americans are trapped and have to pay full amounts of taxation, face swift and sure justice for law violations. Americans can and should expect their leaders to be men of principle, who not only are sincere in making laws but who are just as sincere to obey laws.

Laws govern all of us in every walk of life. Violators of our laws should be punished regardless of what position they hold in government.

If there is a lesson to be learned, Americans should demand more information about their candidates for public office. Americans should become even more active in participation in the selective process, and finally, Americans should not become complacent or lose interest in their right to vote on election day.

There is nothing wrong with the American system. We should not lose faith in our form of government, nor in our Congress, nor in our Executive Branch, and most of all we should support our Judiciary and obey our laws.

Whenever power hungry men adopt the philosophy that capturing a goal is more important than anything else, and use methods illegal and unfair, truth and justice are not served. A price must be paid either now or at some future date.

Sun's Rays Needed

Rep. Jim Wright believes that solar power is the only long range answer to the world's energy problems.

In a newsletter to his constituents Mr. Wright presents a convincing argument that extraction of energy from the rays of the sun indeed does offer the best hope for the future.

The energy of the sun is safe, clean and inexhaustible, its rays cannot explode, they do not produce radioactive waste, they do not defoul the land, air or water and they will be around as long as mankind is, he maintains.

Sunlight, Representative Wright contends, can be captured and used directly with a fluid system for heating and cooling and solar cells activated by sunlight can generate electricity which can be stored in batteries and made to run autos and other machines.

Israel, he points out, already is using solar power to convert salt water into fresh water.

"The true potential of solar power all but boggles the mind. Scientists say the energy which falls on the United States in the form of sunlight each year is equal to 9,000,000,000,000 (nine quadrillion) kilowatt hours of electricity . . . almost 500 times as much energy as we use for all purposes in this country each year," says Mr. Wright.

The problem is as he sees it, and we are inclined to agree, not very much real effort is being put forth to tap the vast potential of solar energy.

"While the Administration presently pays a certain amount of lip service to the need for solar energy development, its current budget seeks only \$12 million for this purpose. We are merely trifling with the greatest potential on earth, and this is incredibly shortsighted," says Representative Wright.

He goes on to point out, the de-

velopment of solar energy into useful form depends upon our willingness to spend the money to perfect the methods and build the machines to harness it effectively.

For a nation that had the will and the capacity to develop the atomic bomb in such a short span of time and to put men on the moon in less than a decade after the decision to do it was made, we do not think it unreasonable to give development of solar energy equal priority.

The truth, as we see it, is that harnessing the rays of the sun to work for us probably will prove to be more essential to our survival as a nation than was the development of the atom bomb or putting the first man on the moon.

Wheat Deal Aftermath

The other day a bushel of No. 2 ordinary hard wheat cost \$4.92 in Kansas City.

A year ago it cost \$2.02. The price more than doubled in a year.

A big factor was the Russian wheat deal which was subsidized by the American taxpayers.

It cost \$380 million in direct subsidies but the indirect cost to the American consumer in increased grain, poultry, meat and egg prices may run into the billions.

The U. S. Department of Agriculture cannot count that grain deal as one of its proudest achievements.

The housewife today as she stares in astonishment eggs and meat prices in the supermarket can give some of the credit to the USDA.

IF A BUSINESSMAN had been responsible for making such a deal he would either be bankrupt or be fired.

The department says it was not

aware of the pending wheat deal last summer although grain dealers say they told the department. Someone is lying. A Senate subcommittee headed by Sen. Henry M. Jackson of Washington is trying to find out who.

The department continued to pay export subsidies on the wheat even though the Russians got it at what turned out to be a bargain price.

The department either did not realize that an acute grain shortage was developing in the international market or the department failed to realize the significance of this shortage.

Obviously the department had been thinking for so long in terms of protecting the farmer against low prices by means of production limitations and price supports that it was unable to change gears and think about protecting the U. S. consumers against high prices and a shortage of grain.

The problem on the department's mind continued to be a surplus even when it was clear that a shortage was developing.

THE RUSSIANS moved quietly to make their huge deals with the grain dealers last summer before the farmers or the dealers caught on and raised the price.

The American capitalists were outsmarted by the Communists and by their own government.

In the future, the USDA should have a more realistic viewpoint. Sen. Jackson's investigation may help promote a new sense of realism and responsibility among the department's bureaucrats.

And in the future, Uncle Sam should sharpen his pencil and deal more shrewdly when he undertakes to do business with the Communists.

BYRON BALDWIN

(Nada) Ammons had guests in Heritage Hall, Mrs. C. R. Cross, Sr. of Hereford and Annette Osburne of Clarendon. Mrs. Cross will be remembered by early days residents as Alma Hudson, daughter of the late Mr. and Mrs. N. D. Hudson who moved to the Brice area in 1909. Alma attended school at Brice and married C. R. in 1913. They lived at Brice until 1947 and moved to Goodnight where they lived 5 years and then to Clarendon where they lived 20 years. They had 3 sons, all now living, C. R., Jr. in California, Murry of St. Petersburg, Fla., and Herman of Memphis. Annette Osburne is the daughter of Mr. and Mrs. Herman Cross. Mrs. C. R. Cross, Sr. is now living at Kings Manor in Hereford where she has resided for the past 6 months.

John Klenner of Pasadena, Calif., was a visitor in Heritage Hall. He married Gladys Weston, niece of Mrs. F. M. Adison, who was a native of Arkansas. She and John have been living in California since 1922.

Congratulations to Mr. and Mrs. Harold Hodges on their 50th wedding anniversary that was observed in the Community Building. We met a lot of kin, friends and neighbors of their's for this celebration. I have known 5 generations of this family and met four of these generations last

Sunday. This family has always believed in the scripture, "If you eat, you must work."

We hear some of our "old timers" talk about the "good old days". Mrs. J. W. Fitzjarrald brought me a clipping a few days ago that was published in the Greenwood, Ark., Democrat Aug. 23, 1973. This article was given by a friend to Mrs. Fitzjarrald, W. C. Edwards, who is now 96 years old, which describes a part of the good times in his day. I will give some of the highlights from Mr. Edwards' memories. He did not attend much school, but was a good worker. Few people were educated in his day as they were all very poor and a school year was only four months. Teachers were paid \$12 per month. In their family they raised chickens and sold eggs from 3c to 10c a dozen. He remembered buying 2 hogs weighing 200 pounds each for 5c a pound. They raised cotton which sold for 3 to 5c a pound. He remembered hauling timber to Huntington mines where he was paid in gold. His most vivid memories lie around his strawberries. He remembered one year he raised so many of the berries and could not sell them, so he piled them up knee high behind the barn. He remembered when he had about 50 pickers and two of them ran a race at picking strawberries. One of them picked 107 quarts and the winner picked 108 quarts. They sold for 80c a crate. He remembered his potato crop went bad from too much rain and what he had left, he sold for 50c a bushel and his tomatoes he sold for \$5 a tubful. Mr. Edwards married Mabel White in 1900. She lived to celebrate their Golden Wedding Anniversary. They had 10 children and 8 are now living. Mr. Edwards still plants a small garden. This year his garden is located behind the Wilson Nursing Home where he now lives. Mr. Edwards contributes his health and ability to get around so well to, "I walk daily and eat most any kind of food, especially like black-eyed peas, cornbread and drink lots of milk."

Word came to us last Sunday morning that Fritz Shankle had passed away on Saturday in California where he had lived the past several years. He was one of our Hall County boys who taught school here and served in the Air Force in World War I. He landed one of the first airplanes to land in Hall County about 55 years ago, which caused a lot of com-

motion. His sisters, Thelma and Zola, and brother, Homer of Big Springs, flew to California for the final rites.

A remembered quote: "Not all women are guilty of repeating gossip. Someone has to start it."

Sometime ago I found out that Mrs. Harry Aspgren had spent her life in this area and I asked her to give me some history of her family. She did a good job of writing a complete history of her family which will be filed in Hall County Heritage Hall. Mrs. Aspgren was brought into the world on the Paul Starr ranch in Collingsworth County by Dr. Moss of Wellington. She was the first child born to Virgil Leo and

Maude Ellen (Hackworth) Thurman. Virgil was reared by his father and mother on the farm owned by the M. O. Goodpasture family in Celina, Tenn. This family followed Milton Goodpasture (late Hall County judge and father of Orville) to Quail, Texas. Virgil made a trip back to Tenn. where he found his wife, who was a friend of Mrs. Dick Jones (at that time Birdie Barton). Mr. and Mrs. Thurman and two daughters moved to Memphis in 1919 and Mr. Thurman worked at the Rosamond Gin as he was a good ringer and carpenter. He also helped Mr. Lokey build a cotton burr machine that he got a patent on. They first lived in the Rainey home in the south part of town across the street from

Grandma Bishop's where they bought milk. She and her sister, Fay (now Mrs. Floyd Barnhart of Pueblo, Colo.) carried their peanut buckets to get them filled with milk. Some of their other first neighbors here were the Hodge family, the Fred and Arthur Gossett families, the Mixons, also Vandiver family.

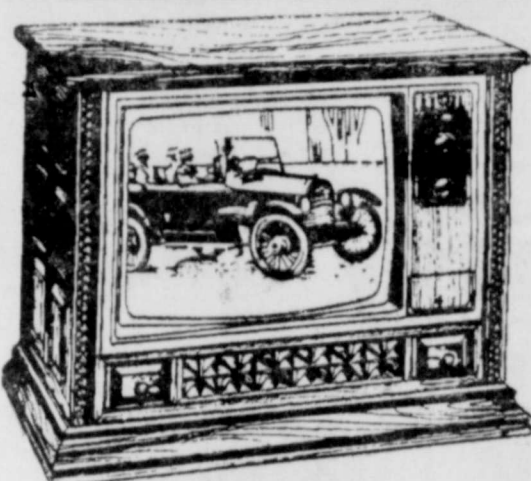

She remembers her first trip to town by herself was to buy grapes from Mr. Hale's confectionary store and to the post office which was located where Mr. Potts' office is now. She remembered when Mr. Hollified would give them that striped peppermint candy. Mrs. Aspgren's

dad worked on the court house, Memphis Hotel and other buildings. Other neighbors she remembered in early 20's and 30's were the Masseys, V. B. Rogers, Curtis Hackabays, Marks family, R. D. Evans, Gilliams, Johnny James, Tom Martin, Tribble family, Preacher Helm, Rube Sisks.

The first time she met Harry was when she went to the little store on the triangle on North 10th Street to buy a loaf of bread. Harry and his uncle were operating this at that time in connection with the first tourist court built in Memphis. At the time, this was owned by Scott (Continued on Page 9)

Posey Family Honored With Fellowship Dinner Wed.

A special "Christmas in Fellowship Supper was Wednesday evening, Oct. 17, at the home of the members of the First Church.

The fellowship hall was beautifully decorated with Christmas lights and a Christmas tree. The table was set with white covers, centerpieces of candles and flowers, and a silver arrangement of red and greenery in a silver candelabra with white candles and place cards.

At the head table was an arrangement of red and greenery in a silver candelabra with white candles and place cards.

cards for the minister, Tom Posey, Mrs. Posey, Kay Posey, Dick Fowler and his wife, Louise.

Noted on the piano were figurines of three wise men in elaborate velvet robes and a gold angel, all hand-made and dressed by Mrs. Ira Lawrence, who graciously loaned them for this occasion.

There was a church treasury receptacle stand at the north end of the hall and a missionary offering was given as people arrived. This will be sent to a missionary or mission project to be used for Christmas for a special project.

Thanks for the food that was given by Bro Posey and a bountiful meal was enjoyed by all. Bro Posey then introduced Jackie Martin who led the assembled group in singing Christmas carols with Veo Knight at the piano.

Dick Fowler then stood up and after asking Jackie's pardon for interrupting the singing, made an informal and important speech, expressing appreciation of the congregation to the Posey Family for all they have meant to the congregation and the many things they have done all through the years they have served the church here. This came as a complete surprise to the Poseys and as Mr. Fowler spoke, a beautiful array of gifts in a large grocery cart, was wheeled in by some of the boys of the congregation led by E. E. Roberts who presented a "money tree" to those being honored. The cart contained gifts of linens, towels, etc., which were unwrapped by Mrs. Posey and Kay. Also included in the cart was an abundance of food items, including home canned products.

Minister Posey expressed their thanks in his simple, sincere manner of speech and offered the benediction.

Despite the weather and storm warnings alert to the area, a goodly turn out of people was on hand and special guests were the Bill Posey, Tom's brother and sister-in-law who is minister of the Crowell Christian Church, and Mrs. Posey's sisters, Mrs. Calvin Marshall, of Ft. Cobb, Okla., Mrs. Ott Thrower of Lawton and Mrs. M. B. Fanning of Carnegie, Okla. Other Poseys present included Joe Ella (Posey) Pate, her husband, Tony and daughter Trudy and Kelli and Kim Pride, daughter of Sue Posey Pride. She was unable to attend having a class in Canyon that evening. The sisters from Oklahoma were overnight guests in the Posey Home.

APPRECIATED PASTOR—Rev. and Mrs. W. L. Sanders of the Memphis Assembly of God Church, shown above, were awarded the title of "Most Appreciated Pastor of the Year," in the East Plains section of the Assembly of God Churches. They received a trophy, king crown, and a bouquet of red roses during a Youth Rally in Lockney two weeks ago. Second place was awarded to Quitaque and third place to Lockney, with 18 churches participating. Points were accumulated by gifts to the Pastor and Rev. Sanders extended a special vote of appreciation and thanks to members of the Assembly of God church here for making the honor possible.

Mrs. Bill Kilpatrick and Teresa, business last Wednesday. They Truett Stovall of Kress. Kilpatrick were in Plainview on also visited with Mr. and Mrs.

Funeral Services For Mrs. Carruth To Be In Canyon

Funeral services for Mrs. Margaret Elizabeth Carruth, who was reared in Memphis and a graduate of the local high school, will be held Friday at the Presbyterian Church in Canyon with burial in Dreamland Cemetery at Canyon.

A long-time teacher and church leader in Canyon, Mrs. Carruth had been making her home in Austin since her marriage to Dr. Carruth, a former superintendent of schools at Canyon and Austin and a member of the WTSU Board of Regents.

Mr. Carruth was the widow of Robert Lee Foster, former Randall County tax assessor-collector. She died Monday night in St. David's Community Hospital in Austin.

A resident of Canyon 43 years, Mrs. Carruth had taught music, English and drama at Canyon High School and had been organist at Presbyterian Church for a number of years.

She was a member of the Presbyterian Women's organization of the Panhandle and the Amarillo Presbyterian.

Survivors, in addition to her husband of Austin, include a daughter, Mrs. Sally Brauer of Bryan; a stepson, Stanley B. Carruth

69ers Club Meets In Home Of Mrs. Opal Waites

The 69ers Club met in the home of Opal Waites Tuesday afternoon, Oct. 16. The afternoon was spent quilting for the hostess.

About 3:30 p.m. the hostess passed out numbers for the lucky Lady drawing. Mrs. L. O. Dennis was the lucky member. Secret pal birthday gifts were passed out to those having birthdays in October, Ruth Gardenhire, Carrie Dennis and Mona Robertson.

The hostess served Cokes and cookies to Mmes. Inez Aspren, Ruth Gardenhire, Carrie Dennis, Faye Maddox, Ruth Misenhimer, Ethel Lambert, Mona Robertson, Ima Widener, and her mother, Mrs. Johnny Martin.

Memphis Wins Over McLean 57 to 8

Cyclone mounted an impressive offensive in the year Friday game as the visiting McLean 57 to 8 before a crowd of hometown fans. The Cyclone first developed late in the game and in the fourth quarter the Cyclone first unit had put 35 points on the scoreboard, and Coach Murray elected to give the offensive unit some time.

They are aware that, due to the Cyclone's strong bench and the Cyclone fields an all second unit. This unit scored three TDs before the game.

Fans and coaches were pleased with the team's showing when the Cyclone scored 21 big points on the field, the first one on a 45-yard pass to the second yard line and the second on a fumble recovery by Ben Smith on the McLean 16. The Cyclone's third score was on a 65-yard drive.

They mounted only two drives all night, the first in the opening series when the Tigers moved back for three first downs in their end of the field to the mid-field strip. The drive was a big 12-yard McLean quarterback went back to pass on a 30-yard pass to the end zone and three and he was out for the big loss. A 27-yard pass to the Cyclone's back Wayne Davis ripped for 30 yards on the Cyclone's play from scrimmage, and to End Ben Smith for 11 more on the end and McLean was called for a major penalty and a major penalty was stepped off to the Cyclone.

On the 21, the Cyclone was holding and the ball was back to the 36. It took a score, a six yard pass to HB Charles Bryley, a run by FB Don Davis, a gain by Bryley and a punter by Don Davis with the first quarter. Ben Smith added the point after.

They moved for two first downs and the Cyclone's punter waiting arms of Safety Brown, who fielded the ball and used his blockers well to the Cyclone to the McLean 50-yard punt return. Bryley ripped for five yards and Tailback Jim Dixon a 17-yard gain to the Cyclone's line.

He showed his way to the Cyclone's backfield and No. 1 McLean recovered it. The Cyclone possession for one yard and Jimmy added the loose football and black Cyclones and black Cyclones.

Wayne Davis on the next play and the Cyclone's punter outran the McLean defense over at the flag yard. touchdown gallop. The Cyclone's next possession in Memphis end of the field two pass plays, one to Hall for 18 yards and to End James Beck for 10 yards. The Cyclone out of the field. Beck had a 10-yard run from under him and the Cyclone's punter kept some of his tumbling as he did a perfect punt and came up on his own.

The Cyclone exchanged punts with McLean and Memphis was on the home 35. HB Bryley a 33-yard scamper got the Cyclone a successful drive going. The 32, FB Jim Dixon ripped for 19 yards. Then, QB Davis ripped for 19 big yards, 15 of which were nullified by a clipping by the team still netted the Cyclone and retained the down. The Cyclone's successful pass attempts were by Bryley and 3. FB Don Davis and he picked up a 10-yardage to the McLean.

17. QB Davis, saw daylight on a pass-run option play and scampered down to the McLean two. Tailback Jim Dixon carried over for the score on the next play and Smith added the point after.

After the half, the Cyclone scored on a 67-yd. drive on seven plays, with Wayne Davis picking up 28 of these yards, and FB Don Davis carrying over from the nine. QB Davis passed to End Ben Smith for two points making the score 29 to 0.

The Tigers fumbled to Memphis on the 21 after the kickoff and Noseguard Duck Richards fell on the football.

Striking like lightning, HB Charles Bryley jumped over a would-be tackler at the line of scrimmage and he weaved in and out as he galloped for paydirt. The point after kick was no good and the Cyclone had 35 points, still early in the third period.

At this point, the Cyclone starting offensive unit came out of the

game, however, the team's scoring pace continued.

The Tigers committed another mistake when a punt snap went over the punters head and he was downed on the McLean 5. HB Earl Ray Wright scored his first varsity TD on his second attempt. The point after kick missed its mark and the score was 41 to 0.

The Cyclone's second unit scored on a 60-yd. drive early in the fourth period in three plays. FB Gary McKay carried of eight and 23 yards gave the Cyclone a first down to the McLean 29. Then, HB Earl Ray Wright found outside running room and raced the distance.

The point after touchdown turned into two points when QB Ronnie Browning passed to End George Wiggins for the conversion and the score was 49 to 0.

The Tigers mounted a 67-yd. scoring drive in 14 plays, with HB Gary Griffin, who did yeoman service for the Tigers as a ball carrier taking it over from the six-yd. line. Tony Henley carried for the two-point conversion.

HB Ronnie Browning intercepted a Tiger pass on the Memphis 20 with only seconds left in the game. HB Earl Ray Wright got the call and swept right end for

an 80-yd. touchdown carry. FB Gary McKay carried over for the two-point conversion making the final score 57 to 8.

Wellington To Hold Sidewalk Sale Oct. 19-20

WELLINGTON — Wellington merchants will hold their annual fall Sidewalk Sale on Friday and Saturday, October 19 and 20, when a wide variety of merchandise will be offered to Southeastern Panhandle residents.

The event is sponsored by the Collingsworth Chamber of Commerce, according to Dan Hiett, president.

Merchants will set up tables and racks on sidewalks in front of their stores for the greater convenience of shoppers. In addition, some offer regular weekend specials which will be found inside the buildings.

Mrs. Elmont Branigan went to Pampa Monday evening to attend a board meeting of Quiveria Girl Scout Council.

Mr. and Mrs. Lloyd Robertson were dinner guests of Mr. and Mrs. L. D. Messer in Hedley Sunday. Also spending the weekend with them were their grandchildren, Donna Lynn, Terry and Tommy Messer of Memphis.

CARD OF THANKS

We would like to express our sincere appreciation to all for their concern while A. J. was in Hall County Hospital and in Methodist Hospital in Lubbock. All the visits, cards, telephone calls, flowers, and special prayers gave us the strength we needed during those days. Thanks to Brother Murphy and Brother Nelson for their visits and prayers; also Dr. Clark and the staff at the Hall County Hospital. We are home and A. J. is improving some. May God bless each of you.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, TEXAS
The chairman of the State Railroad Commission has issued a grim new warning that natural gas shortages will hit Texans hard this winter.

In a speech to Texas Mid-Continent Oil and Gas Association at Dallas, Chairman Jim Langdon said:

Propane already is in short supply due to stockpiling to offset the natural gas shortage.

As much as 500,000 barrels daily of distillate fuel oil will be needed from November to March.

If distillate use is as high as predicted in the state, three to five times above normal, shipments to out-of-state consumers may have to be cut 50 per cent.

Out-of-state commitments, mandatory federal allocations and other factors may require that Texans share proportionally in shortages.

"This means that Texas might not only be denied access to its total distillate needs, but that access to its normal requirements could be cut," said Langdon.

"The gasoline supply-demand situation, as well as every other petroleum product, will experience shortages this winter. As in the case of natural gas, a shortage in any type of fuel which results in an unsatisfied demand will exert pressure on available supplies of other fuels, setting up a domino-like effect."

Langdon recommended early construction of offshore deep-water ports to accommodate super-tankers from foreign countries and stepped-up development of domestic reserves of oil and gas (including shale oil) and increased use of coal.

Meanwhile, only one major customer of Lo-Vaca Gathering Company, Lone Star Gas Company of Dallas, rejected a Railroad Commission temporary rate increase—to 29.55 cents per 1,000 cubic feet—on natural gas delivered by the big Houston-

based company to its customers around the state.

CREDIT INSURANCE CUT UNCERTAIN

Credit life insurance rates, which haven't been cut since 1968 in spite of reductions in losses, are going down, but it isn't certain how much.

The subject caused a minor hassle between State Insurance Board Chairman Joe Christie and Marcom Shockley, Board life insurance division head, at a hearing on credit insurance.

Shockley recommended a 23 per cent cut in single premium reducing term rates and 10 per cent reduction in rates for level-term coverage based on a three-year experience factor.

Christie wanted to figure on the basis of 1972 losses only, which would cut reducing term rates 25.3 per cent and level term rates 18.6 per cent. The chairman later told newsmen Shockley had recommended the larger reduction during Board conferences.

Board statistics point to \$15 million to \$18 million overcharges annually.

TASK FORCE CREATED

Gov. Dolph Briscoe set up a multi-agency task force on youth care and rehabilitation to coordinate efforts at problem solving in the area.

Said Briscoe: "There is too much duplication of effort and overlapping of service; too much emphasis on institutionalization and not enough on prevention; not enough interplay between governmental agencies; not enough study to determine how to correct deficiencies; and too many cases of child abuse and neglect."

He named his executive assistant, Charles Purnell, chairman. Other members of the task force are the Welfare Commissioner, Mental Health, Mental Retardation Commissioner; Health Commissioner; Education Commis-

sioner and executive director of the Texas Rehabilitation Commission and Texas Youth Council. Units of the Governor's office will assist in evolving a statewide plan for development of effective programs of youth social services.

COURTS SPEAK

The Court of Criminal Appeals held unconstitutional a resentencing provision of the new law reducing marijuana penalties, designed to permit lighter sentences for those convicted under old statutes.

U. S. District Judge Jack Roberts directed the federal government to spend the entire \$11 billion appropriated by Congress to build water treatment plants. He granted a summary judgment sought by Texas.

The State Supreme Court agreed to review a case involving the amount of recoveries under uninsured motorist insurance policies.

The U. S. Supreme Court held Texas cannot hold back on giving prisoners credit for good behavior until their appeals are final. The decision affirmed lower court findings that the system rewards some prisoners while denying time credit to others.

AG OPINIONS

Atty. Gen. John Hill held cities can charge regulatory fees (but not taxes) on coin-operated amusement machines for children.

In other opinions, Hill concluded: Appeals court judges must be paid at least \$1,000 a year more than state district judges; and courts of civil appeals judges must get at least \$1,000 less than

State Supreme Court justices.

Texas Mass Transportation Commission may accept federal grants when authorized by the legislature or an agency. It may grant financial aid to political subdivisions for planning public mass transportation either private gifts or federal grants for the purpose.

An appraisal study on assets of a Houston rapid transit line can be withheld from public disclosure under an exception to the open records law because the city is negotiating for purchase of the company, and publicity may have a detrimental effect on the negotiating position of the governing body.

The chairman of the 1973 constitutional convention must be one of the 181 legislators who are delegates.

State law does not permit deduction of the value of real property owned by a subsidiary of a bank or held in trust for the bank, though it allows reduction of the actual cash value of bank shares by a proportionate amount per share at which the real estate directly owned by the bank is assessed to it for taxes.

APPOINTMENTS

Dr. William Thomas Arnold of Houston was named by Governor Briscoe to the Gulf Coast Disposal Authority.

Briscoe appointed Dr. Joseph C. Litrell of Waco and Dr. Isaac E. Willis Jr. of Longview to the Texas State Board of Podiatry Examiners.

Lt. Gov. Bill Hobby appointed Carlos G. Watson of Brownsville as a member of the board of directors of the Texas Navy Inc.

Lewis J. White will succeed Virgil J. McGee, who is retiring, as district highway engineer in Childress.

BOLLWORM DEADLINE EXTENDED

Upper Coast and Winter Garden cotton growers have been granted a 10-day deadline extension for cotton stalk destruction—until October 20—in the pink bollworm control program.

Rains forced the plowup extension in Aransas, Calhoun, Refugio, Jackson, Victoria, Goliad, Dewitt, Karnes, Live Oak, Wilson, Atascosa, Bexar, McMullen, Medina, Frio, La Salle, Dimmit, Zavala, Maverick, Uvalde, Kinney and Val Verde counties.

SHORT SNORTS

Texas Safety Association launched a campaign to eliminate "booby traps" on 187,000 miles of county roads and city streets.

Rep. Carlos Truan of Corpus Christi asked an investigation of 38 deaths in state mental institutions during the last two years.

A manpower policy report to the Governor recommends eliminating all discrimination in state hiring and creation of a Texas Fair Employment Practices Commission.

The Governor has asked for federal disaster aid in flood-damaged Guadalupe, Hidalgo and Wilson counties.

Texas is the first state in a single year to rehabilitate more than 5,000 through vocational retraining programs.

Orn Gerald Brooks of Jeff Davis County received the 1973 Lady Bird Johnson award for highway beautification efforts.

Homer Foerster, Texas State Board of Control executive director, received the employer of the

year award from the Association for Retarded Children for employment of persons.

Former Gov. and Daniel donated 10 acres in Liberty County for the east Texas San Antonio Library and Research regional archives depository.

Two Texas engineering designing firms have from TCB, INC., CECON, INC., creating the largest engineering and design the state of Texas.

pare with a 12.3 percent rise in the State of Texas.

According to the most recent figures from the Department of Agriculture, approximately 54 percent of the total received locally from the sale of farm products came from the marketings of crops and 46 percent from livestock, poultry and dairy goods.

Although the past year was a big one for the American farmer in terms of gross income, it was also a record one for expenses. However, there was some net gain.

The Agriculture Department reports gross income at \$68.9 billion, an increase of \$9.2 billion over the prior year.

Production expenses rose in the same period to \$49.2 billion, which was \$4.7 billion above 1971. As a result, net farm income went up \$4.5 billion in the past year.

All signs point to a much bigger improvement in the current year.

LOCALS

Mrs. George Greenhaw had as guests over the weekend her sisters, Mrs. Hester Stall of Tyler and Mrs. Bell Richards of Olton and her son and wife, Mr. and Mrs. Regnal Greenhaw of Amarillo.

Gross Farm Income Shows Gain For 1972

NEW YORK, Oct. 12 — Although farming and ranching have not been the most lucrative of occupations in recent years, Hall County's agricultural community has been making out better than most, it appears.

The majority of local farmers held their own last year and a number of them, especially those with well-equipped, commercial-sized setups, ended up well ahead of the previous year.

Credit for it is attributed to record output, made possible by generally favorable weather conditions, by greater merchandization and by more intensive use of fertilizers and pesticides.

Gains were made in nearly every section of the country. The Northeast, which was hit by heavy and continuous rains, was an exception.

The facts and figures, showing how local growers fared in relation to others, are contained in a survey released by the Standard Rate and Data Service.

It reports total receipts in Hall County from farm operations in the past year at \$15,643,000. Two years ago, when it made a similar survey, it listed the total at \$13,809,000.

That was the gross amount, before deductions for operating costs and taxes.

Included in it are the cash receipts from the sale of farm goods, together with government payments and income in kind, which is the value of products grown and consumed on the farm.

The increase, 13.3 percent, com-

70 years ago) not to eat too many sweet potatoes as they had gas in them. There is so much publicity given now on being short on gas and oil. Now Arabia is talking about cutting us off from their supply. We may have to start planting more sweet potatoes to help cut down on our gas shortage.

A remembered quote: "Some men remind us of blisters. They don't appear till all of the work is done."

A quote: "If you can live within your income these days, you'll live without worries and without a lot of other things, too."

The chairman of the 1973 constitutional convention must be one of the 181 legislators who are delegates.

State law does not permit deduction of the value of real property owned by a subsidiary of a bank or held in trust for the bank, though it allows reduction of the actual cash value of bank shares by a proportionate amount per share at which the real estate directly owned by the bank is assessed to it for taxes.

APPOINTMENTS

Dr. William Thomas Arnold of Houston was named by Governor Briscoe to the Gulf Coast Disposal Authority.

Briscoe appointed Dr. Joseph C. Litrell of Waco and Dr. Isaac E. Willis Jr. of Longview to the Texas State Board of Podiatry Examiners.

Gross Farm Income Shows Gain For 1972

NEW YORK, Oct. 12 — Although farming and ranching have not been the most lucrative of occupations in recent years, Hall County's agricultural community has been making out better than most, it appears.

The majority of local farmers held their own last year and a number of them, especially those with well-equipped, commercial-sized setups, ended up well ahead of the previous year.

Credit for it is attributed to record output, made possible by generally favorable weather conditions, by greater mechanization and by more intensive use of fertilizers and pesticides.

Gains were made in nearly every section of the country. The Northeast, which was hit by heavy and continuous rains, was an exception.

The facts and figures, showing how local growers fared in relation to others, are contained in a survey released by the Standard Rate and Data Service.

It reports total receipts in Hall County from farm operations in the past year at \$15,643,000. Two years ago, when it made a similar survey, it listed the total at \$13,809,000.

That was the gross amount, before deductions for operating costs and taxes.

Included in it are the cash receipts from the sale of farm goods, together with government payments and income in kind, which is the value of products grown and consumed on the farm.

The increase, 13.3 percent, com-

70 years ago) not to eat too many sweet potatoes as they had gas in them. There is so much publicity given now on being short on gas and oil. Now Arabia is talking about cutting us off from their supply. We may have to start planting more sweet potatoes to help cut down on our gas shortage.

A remembered quote: "Some men remind us of blisters. They don't appear till all of the work is done."

A quote: "If you can live within your income these days, you'll live without worries and without a lot of other things, too."

pared with a 12.3 percent rise in the State of Texas.

According to the most recent figures from the Department of Agriculture, approximately 54 percent of the total received locally from the sale of farm products came from the marketings of crops and 46 percent from livestock, poultry and dairy goods.

Although the past year was a big one for the American farmer in terms of gross income, it was also a record one for expenses. However, there was some net gain.

The Agriculture Department reports gross income at \$68.9 billion, an increase of \$9.2 billion over the prior year.

Production expenses rose in the same period to \$49.2 billion, which was \$4.7 billion above 1971. As a result, net farm income went up \$4.5 billion in the past year.

All signs point to a much bigger improvement in the current year.

Parnell Club To Hold Halloween Carnival Oct. 20

The Parnell Club will entertain with a Halloween Carnival on Saturday evening, Oct. 20, in the Parnell Club House. A cordial invitation is extended to the public to attend.

The evening will begin with a chili supper at 6:30 p.m. Price of a bowl of chili will be 80 cents with a child's bowl for 50 cents.

There will also be an assortment of sandwiches for those who do not care for chili. Dessert will include homemade pie with plenty of tea or coffee.

Starting about 7:30 p.m., games of bingo will be played with a fishing pond for the young children.

This is an annual event sponsored by the club and the money goes to help pay the caretaking of

Hulver Cemetery. They also contribute to the American Cancer Society and the Heart Fund.

Everyone is urged to be present for the occasion and club members promise a night of good food and fun to those attending.

Mrs. Herman Cross and daughter, Annette Osburn, were in Hereford Thursday to help their mother-in-law and grandmother, Mrs. C. R. Cross celebrate her 80th birthday. She returned to Memphis with them and Mr. and Mrs. Cross returned her to Hereford Sunday.

Adult Class In Bookkeeping Is Being Planned

Announcement of a new class to be offered to Memphis and Hall County residents has just been released by Mrs. Tessie Burbe, Coordinator of Collingsworth County Community Action Corporation.

This class will be a co-operative effort of the Lakeview School, Texas State Technical Institute and Texas Panhandle Community Action Corporation. The first class to be offered will be bookkeeping and will be taught by Mrs. Bell Hughes, business teacher at the Lakeview School.

Classes will be held at the Lakeview School each Thursday from 7 to 10 p.m. and will begin Thursday, Nov. 1. Applications may be obtained at the County Courthouse in the Planned Parenthood Office (County Court room on the third floor).

Tentative plans have been made for an upholstery course if space

can be obtained. Other classes that have been taught in the surrounding towns under the program are: typing, auto mechanics, welding, auto body repair and basic electricity.

Anyone interested in classes of this type should contact Mrs. Bea Levy at the Planned Parenthood Office. If there are enough applicants, classes will be organized, Mrs. Levy stated.
