Scout Pack—

Pancake Supper Set Fri. at Travis

Cub Scout Pack No. 35 is sponsoring a Pancake Supper from 5 to 6:45 p. m. Nov. 2, in the Cafeteria and citizens are invited to eat with the pack at the Memphis-Wellington game.

local Cub Scouts are out this week selling tickets for the pancake supper, with will feature pancakes, bacon or sausage, coffee and milk, at \$1.50 for adults and \$1 for children under 12. Tickets are available at the door.

"This is the Cub Scout Pack's only fund raising activity of the year," Cubmaster Combs said, "and last year the Pack did not have a fund raising event so the Pack will appreciate a good turnout for this Pancake Supper."

"Scout leaders are very grateful for our grocery store owners cooperation, and the cooperation of food suppliers, and for the men and women who have volunteered to help the Pack to put this event on," Cubmaster Combs said.

Cub Pack 35 has five active den leaders at this time and will possibly have a sixth den before the year is out. Each winter, the Pack has a Blue and Gold banquet, financed entirely out of Pack funds.

Any men who would like to help cook the pancakes or help out with the Pancake Supper should plan to be at Travis Cafeteria no later than 3 p. m. Friday, Combs said.

Food Stamps May Be Bought At Post Office

Beginning in Nov. food stamps will be available for purchase at the post office in Memphis on Monday through Friday, except on Federal holidays, Gene Lindsey, postmaster, announced today.

Food stamps may be purchased between the hours of 10:00 A. M. and 3:00 P. M. by persons certified as being eligible by the State Department of Public Welfare. The person will receive an identification card at the time he is certified and will receive an Authorization of Purchase (ATP) card in the mail each month. Both cards must be presented at the time of food stamp purchase.

ENDURO WINNER—Tom Penton of Lorain, Ohio, is pictured above with the Overall Winning Trophy (head high) which he won for having the best score in the National Enduro held here Sunday. He was cut one point. Nat'l. Enduro Queen Laveta Bryan of Amarillo presented the trophy.

Tom Penton Is Best Rider In Enduro Sun.

Tom Penton of Lorain, Ohio, a member of the Penton family of Penton Motorcycles of Ohio, was the best rider in the Cotton Boll National Enduro held in Hall County Sunday.

Tom Penton was assessed one penalty point, which would otherwise have been a perfect ride over the 120 mile course. Asked about how testing the course was, penton said, "there were two or three interesting portions on the course."

Penton received the tallest trophy of all, of the \$1,825 worth of trophies, and the trophy was as tall as he was.

Winner of the Overall Class A division (second best) was Jack Penton of Lorain, Ohio, who had a 3 point cut. Winner of the Overall Class B trophy was Gaylon Barclay of Amarillo, with a 10-point cut.

There were 471 riders entered in the enduro and several thousands from 18 states were here for the activities.

Following is a list of the top four places in each of classes in division A and Division B and their point cuts:

- 9-100cc (A) 1. Bill Pando, Dallas 20, 2. Fred Brown, Rural Retreat, Va. 21, 3. Carlisle Langley, Merkle, 44, 4. James Henry, Temple 45.
- 0-100cc (A) 1. Dan Holman, Kansas City 8 2. James Reynolds, Dallas 3 3. E. W. Bryan, Amarillo 43 4. Jim Sherrill, 78, 101-200cc (B) 1. Bob Myers, Springfield, Mo., 12; 2. George McMahon, Lubbock, 13; 3. Robert Daniel, Oklahoma City, 15; 4. Jimmy Hill, Houston, 15.
- 101-200cc (A) 1. Tom Penton, Lorain, Ohio, 1; 2. Vern Street, Amarillo, 5; 3. Bill Uzzell, Chanute, Kans., 8; 4. Dee Williams, Nacogdoches, 11.
- 201-250cc (B) 1. Mike Thompson, Lawton, Okla., 14; 2. Craig Vogel, Denver, 18; 3. Dennis Nunan, Boulder, Colo., 20; 4. Ronald Brady, Lubbock, 21.
- 201-250 cc (A) 1. Jack Penton, Lorain, Ohio, 3; 2. Mike Lewis, Lawton Okla., 6; 3. Alvin Sharp, Amarillo, 7; 4. Mike Terry, Amarillo, 9.
- Open (B) 1. Gaylon Barclay, Amarillo, 10; 2. Ronnie Webb, Wichita Falls, 15; 3. Richie Gardner, Irving, 15; 4. Kenneth Creigh, Columbia, Mo., 15.
- Open (A) 1. Al Covington, Westminster, Calif., 9; 2. Tommy Damron, Plainview, 10; 3. Gerald Obrian, Irving, 10; 4. Charles McDonald, Boulder, 12.
- Father and Son, Jr. Class: 1. Drew and Walter Johnson, Amarillo; 2. Glenn and John Terry, Amarillo; 3. Jackie Hopper and Craig Boyd, Lubbock; 4. Bob Lewis and Curt Stagle, Tulsa, Okla.
- Father and Son, Sr. Class: 1. L. J. and Mike Tow, Canyon; 2. Arlie and Ben Abbott, Shawnee, Okla.; 3. Joe and Loren Walters, Ftone; 4. Don Stone and Brad Stone, Amarillo.

Hall County Singers To Meet Sunday

The Hall County Singing Association will meet at the Recreation Center of the Housing Project Sunday afternoon at 2 p. m. A. L. Rogers, president, announced today.

All persons who enjoy good singing are cordially invited to attend. The meeting will be concluded at 4 p. m.

MHS Homecoming Game Has Wind-Rocket Clash

Polls Open At 8 A. M. Tuesday On 9 Texas Constitutional Amendments

Polls will open at 8 a. m. and close at 7 p. m. Tuesday, Nov. 6, as County voters cast ballots in the Constitution Amendment Election.

Precinct No. 1 and No. 13, Memphis, will vote in a combined box at the Councilroom of the Community Center in Memphis.

Boxes will be open in regular polling places in Lakeview, Estelline and Turkey.

Little interest has been shown in the election, as only a few have voted absentee in the County Clerk's Office. All are predicting a light turnout over the state.

Branigan Jewelry Takes First Place in Parade; Laveta Bryan is Queen

One highlight of the Cotton Boll National Enduro held last weekend was the parade down town Saturday afternoon at 3 p. m. Many who saw the parade commented it was one of the best to be held here.

Branigan Jewelry took first place in the parade with a float most fitting for the occasion. The float featured a motorcycle display. Riding on the motorcycle was little Michelle Branigan, daughter of Mr. and Mrs. Mike Branigan.

Other winners included The Security State Bank of Hedley, 287 Cafe, Donley County Feed Lot and the Hedley Lions Club.

Also featured down town on the square Saturday was live music and Gun fights which were enjoyed by a large group.

Following the Texas Beefburger feast at the Community Center, Saturday evening where more than 600 were served by the Memphis Lions Club, a queen contest was held to name the Cotton Boll National Enduro Queen.

Furnishing musical entertainment for this event were Zipp Durrett, Jerrel Rapp and David Lindley.

Miss Laveta Bryan of Amarillo was selected as the Cotton Boll Nat'l. Enduro Queen. She is the daughter of Mr. and Mrs. E. W. Bryan of Amarillo and will reign until the enduro here next year.

The Chamber of Commerce expressed appreciation to all the queen candidates who served as hostesses to visitors here during the event.

Queen candidates were: Lisa Williamson of Amarillo, Connie Miller, Vivian McQueen of Hedley, Lisa Knighton, Diane Clayton Sydney Johnson, Debbie Combs, Sondra Elem, Dedria Evans, Susan Godfrey, Andrea Bachman, Angie Mitchell of Wellington, Malisia Cheek of Amarillo, Geneva Naylor of Hedley, Jamie Moss, Karyn Smith, Karlene Little of Amarillo, Mary Lou Simmons, Ray Nell Martin, Meredith Douthit, E. A. Roge, Shauna White, and Jacquetta Lodges of Lawton, Okla.

Other winners included The Security State Bank of Hedley, 287 Cafe, Donley County Feed Lot and the Hedley Lions Club.

Also featured down town on the square Saturday was live music and Gun fights which were enjoyed by a large group.

The highlight of Homecoming activities for Memphis High this weekend will be the traditional clash between the Memphis Cyclone and the Wellington Skyrocks at Cyclone Stadium beginning a 7:30 p.m.

The game has added significance as the Cyclone has been elevated to a first place tie with Claude and Clarendon in the District standings, by virtue of the Claude 29 to 19 victory over Clarendon last week.

For the Cyclone, opportunity presents itself to be a district champion, and if these dreams are to be realized, a victory over Wellington is a must.

Spirits in Cyclone camp rose considerably this week and the contest with the age-old rival, Wellington, a team which would enjoy nothing better than to spoil Memphis' homecoming, has taken on deadly seriousness.

The Rockets have a loss against Clarendon and a tie (losing on penetrations) against Wheeler, a game in which the Rockets had two TDs called back on infractions.

Wellington defeated Childress in pre-district play and the team is considered one of the tough ones in the district.

Regardless of what was in the Amarillo newspaper this week, should the district race end in a three-way tie, a flip of the coin would decide the district representative.

Memphis could earn play-off berth rights outright should Clarendon lose another game, if the Cyclone finishes the season undefeated. However, if Clarendon and Memphis remain undefeated for the remainder of the season and Claude should lose a game, then Clarendon would advance into post-season play-offs.

A Homecoming Queen coronation will be held at half-time of the game. A Queen will be selected from the following three candidates: Miss Karyn Smith, Miss Susan Godfrey and Miss Meredith Douthit, all MHS seniors.

The Memphis Cyclone Band will provide music for the coronation. Memphis seniors are selling mums for the homecoming game. A Pep Rally is scheduled for 3:15 p.m. in Cyclone Gymnasium and all fans are invited to attend.

Coach Clyde McMurray, in discussing last week's game with Wheeler, said, "We are giving our defense credit for the one sided victory over Wheeler. The defense forced four key fumble turnovers and a pass interception and gave our offense excellent field position throughout the first half."

Tops Gilreath Will Attend Canyon Seminar

Miss Tops Gilreath of Memphis will attend an all-day student seminar on smoking and health Saturday at West Texas State University in Canyon, held in conjunction with an area meeting of the American Lung Association of Texas. Miss Gilreath serves as Hall County director on the Assn. Top of Texas area program board.

She said the seminar is a pilot experiment co-sponsored by PTA Dist. 8 and the Lung Association to test the feasibility of preparing teams of older students to teach younger students the dangers and social undesirability of smoking. An earlier pilot worked extremely well in the Sunray schools, she said.

PARADE WINNER—Branigan Jewelry took first place in the Parade and was awarded the first place cash prize. Riding on the motorcycle is little Miss Michelle Branigan, daughter of Mr. and Mrs. Mike Branigan and granddaughter of Mr. and Mrs. Elmont Branigan.

County Bank Figures Continue To Be High

County's three banks continue to show yearly increases in deposits from a year ago, in total deposits and assets are published this month. Figures are published in this issue of the Democrat.

Assets figure for Hall County banks is \$2,569,918.15 as of Oct. 1972, a 10.5 percent increase. As of Oct. 17, 1973, combined total assets are \$2,886,394.74, while at this time it was a half million.

County Bankers are optimistic about the next two reporting periods as Hall County has, what is being considered, a \$20 million cotton crop to be harvested within the next four months, weather permitting.

Added to this is a good market for grain sorghum which brightens hopes that new record high statements of condition for county banks will be reached by Dec. 31, 1973, and these surpassed in January, February or March, depending upon when the 1973 crop is sold.

Annual Cotton Guessing Contest To Open Friday

Memphis Democrat's Annual Cotton Guessing Contest will open Friday, Nov. 2, Mrs. Herma, publisher, announced. The contest will end Nov. 17.

The contest has been held for the 27th consecutive year and is a contest for readers of the newspaper to guess the number of cotton harvested in this county.

Reports indicate that a bumper crop will be harvested in the county. A few farmers, who de-

EDITORIAL

Vote Tues. On Constitutional Amendments

Polls will be open in all four of Hall County's communities, Memphis, Estelline, Turkey and Lakeview, and voters can cast their ballots on nine proposed constitutional amendments, Tuesday, Nov. 6.

Some are asking, "why should we vote if we are going to have a new constitution in Texas?" as we see it, the day hasn't arrived when Texas is guaranteed to have a new constitution. This re-writing of the old state constitution may take years and years and this state must go on revising and changing the old one until it happens.

Several of the amendments on the ballot are really important and deserve a fair shake at the polls come Tuesday. One of these is Amendment No. 9. This is an amendment which would amend the Texas Constitution to authorize the legislature to exempt certain water supply corporations and cooperatives from property tax on certain facilities. Rural Texans need a good supply of water. The development of rural Texas is of benefit to the entire state. Water is necessary to the development of rural Texas and is being furnished by non-profit Rural Water Corporations which need as much help as they can get. Other similar water systems are not taxed and rural water corporations need the same advantage to keep Texas going.

Proposition No. 8 on the November 6 ballot relates to the ad valorem tax rate a city may levy to pay principal and interest on its bonded indebtedness. Proposition 8 deals with the method of setting limits on municipal indebtedness, rather than with the limits themselves. Substituting a statutory limitation in lieu of the present constitutional limitations on municipal debt will save city taxpayers millions of dollars in future municipal bond interest costs. This amendment is complex in nature, but generally, it would give the Legislature authority to fix the debt limit for Texas cities as is already the case with respect to school districts. The Legislature has fixed the debt limit for school districts at 10 per cent of the assessed valuation of taxable property, and Proposition No. 8 says that unless the Legislature prescribes a different limit, then the debt limit for cities shall be the same as for school districts. School bonds have a far better interest rate than do municipal bonds under present regulations. In times like these, when interest rates even under ideal conditions are intolerably high, the provisions of this amendment are sorely needed.

No. 7 on the ballot deals with Veterans' Land Fund. The American Legion in Texas is strongly in favor of this amendment to continue to aid veterans, to purchase land through the Veteran's Land Program. The total \$400 million of bonds and obligations, which the Texas Constitution now authorizes has already been issued. The proposed amendment makes such an authorization in the amount of an additional \$100 million of bonds and obligations which may be sold.

No. 6 would grant the district court the general jurisdiction of a probate court in addition to the jurisdiction otherwise conferred on it by law in probate proceedings. This would streamline the judicial process by adjusting probate jurisdiction to either the district court or the County court, or both courts, by local general law, to serve the needs of this area.

Amendment No. 5 has to do with counties and cities bordering on the Gulf of Mexico and has little bearing on this part of the state.

Amendment No. 4 requires notice and approval or disapproval by cities and counties of the creation of conservation and reclamation districts. Since this area already has these districts established, it has little bearing here.

Amendment No. 3 would extend the \$3,000 ad valorem tax exemption to the homestead of unmarried adults.
Amendment No. 2 would include within the scope of homestead protection the real property of a single adult which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned without consent of both spouses.
Amendment No. 1 is the big one, which would provide for annual regular sessions of the legislature, and to provide an annual salary of \$15,000 and a per diem allowance of \$18 for members of the legislature. If Texas is to have good representatives and senators, the salary of these men must be adequate to finance their needs, otherwise they will be more prone to receive financial help from special interest groups. We are recommending the passage of this amendment, both the annual sessions and the salary raises.

What Other Editors Say

Nuclear Power

Over the next 30 years the United States is expected to consume more energy than it has since the Mayflower landed. Put another way, by the year 2000, our consumption of energy will have tripled over what it is today.

This is the long-term "energy," as opposed to the current one involving shortages of gasoline and heating oil.

Where is all this energy going to come from? The mathematics of the situation are simple, according to many industry observers.

The United States consumes 49 per cent of the world's energy sources, yet has only 22 per cent of the world's gas and 7 per cent of its oil reserves.

At the same time, point out John P. Fanaritis, executive vice president of Struthers Wells Corp., which designs and manufactures heat exchangers and other equipment for both fossil fuel and nuclear installations, the United States has nearly 40 per cent of the world's natural uranium resources.

The combination of insufficient oil and gas supplies and plentiful reserves of uranium, he said, "is a most compelling reason for the United States to go predominantly to nuclear power."

Today, the 29 nuclear plants in operation in the United States

supply less than two per cent of our total electricity. The Atomic Energy Commission (AEC) estimates that the number of plants could approach the 1000 mark by the end of the century and account for 45 to 60 per cent of all our generated power.

It is also conceivable that half of these plants could be "fast breeder" nuclear reactors.

The fast breeder nuclear reactor is a unique source of energy. In the process of generating power to produce electricity, it achieves a breeding gain — that is, it makes more fuel than it uses.

What that means is that the amount of fissionable material within the reactors could be doubled in five to eight years. Since demand for electricity doubles about every nine years, the breeder reactor would provide fuel for itself and its own expansion.

There's a problem with the breeder reactor, however — the amount of excess heat generated; which must be dissipated one way or another.

This may be done in a non-polluting manner, says Fanaritis, by the use of dump heat exchangers. Struthers Wells is currently building 12 such exchangers for the AEC's test facility in Richland, Wash.

As for concern over nuclear hazards, this is misplaced, he claims. "Equipment exists or is being built for emergency core cooling of reactors so that catastrophic failures cannot occur."

Environmentalists will counter that despite the best laid plans of mice and men and all that, things that "cannot" occur, sometimes do occur. Yet according to a report by University of California experts, the public health risks from nuclear power plants are smaller than from oil-fired plants.

Based on an eight-month evaluation of oil-fired and nuclear plants in urban settings last year, the report concluded that the risk from either type of plants is roughly comparable to the hazards to which the public is exposed by uncontrollable natural events, such as being struck by lightning or being bitten by a venomous animal.
—Ft. Worth Press

Europe's record unenviable

For harried American traffic safety experts, there's one consolation: The U. S. situation is bad but not as bad as that in Europe. Of the 250,000 or more killed annually throughout the world in traffic accidents, about 45 per cent are Europeans. That compares to 28 per cent for

North America. And in France, about half of the handicapped suffered their disabilities from automobile mishaps.

Outlook for the future is dismal unless there is a change of direction. In Western Europe now every car has about 150 feet of roadway to call its own, but by the end of the century that figure will have shrunk to slightly more than 30 feet.

Naturally they're concerned, and corrective steps are under way. The European auto industry is developing prototype safety vehicles and the Commission on European Communities is promoting environmental protection and driver and passenger safety.

And, wonder of wonders, where only a few years ago speed limits on European highways were virtually unknown, today most countries have speed control on all but superhighways.

Cyclones Win Over Wheeler 43 to 7

The Cyclone's 43 to 7 victory over the Wheeler Mustangs, coupled with a 19 victory over the Mustangs on Friday night and the Cyclone's hopes of the district.

The Cyclone finishes its season with victories over Valley High and the Mustangs. The Memphis team will be a Co-Champion in the district lie in the district.

Claude must win Wheeler and Wellington wins games with Wheeler and Silver-Cyclone win their three games for a toss of the district tie.

One-third chance to the state play-offs. Claude drop a game, and Memphis winning game, then would advance by 13 to 12 victory over the Mustangs. Should Clarendon win, however, Memphis would win the district by 15 to 18 victory over the Mustangs.

The Cyclone camp news of the Claude Clarendon was the 1973 Cyclone already proven a fete, by literally in the Wheeler Mustangs.

again, and again the Cyclone was called for off-sides, and the ball went back to the six-yd. line and third down.

Then, QB Davis carried for a five yard gain to the one. On fourth down, QB Davis dived over for the score, and repeated the same play and a similar dive for the two-point conversion making the score 14-0.

Another fumble gave Memphis possession on the Wheeler 34, and an 8-yd. carry by HB Bryley plus a 13-yd. penalty against Wheeler for hitting late moved the football to the 13.

The Mustang defense held at this point and Wheeler took over on the 13. Three plays later, Wheeler lost a fumble on the 13-yd. line and Gary McKay recovered for the Cyclone.

Again, HB Bryley swept the end for a 12-yd. gain to the one-yd. line, and TB Dixon blasted over for the score on the next play. Ben Smith's kick for the PAT was good.

The Mustangs got off a good punt moving Memphis back to the Cyclone 25-yd. line as the local team came into possession.

One play, and FB Don Davis romped, broke tackles, squirmed, shook loose and raced 75 yards to paydirt, but clipping was called on the Wheeler 33 and 15 yards was stepped off giving the Cyclone a first down to the Wheeler 47. On the next play, HB Bryley raced for 27 yards to the Wheeler 20.

In the next series, FB Davis made three yards, which were wiped out by a 5-step penalty against the Mustangs.

ter the next play was run. Then, QB Davis drilled a pass to End Bobby Hall for 10 yards, and HB Bryley carried for five more and a first down to the Wheeler 7.

Wide Receiver Ronnie Browning caught a perfect strike thrown by QB Davis for the score on the next play and Ben Smith kicked the point after making it 28-0.

The Mustangs committed their fifth turnover of the first half when Def. Tackle Ben Smith intercepted a Wheeler aerial along the sideline giving Memphis possession on the Wheeler 44. A pass from FB Don Davis to Receiver Ronnie Browning netted 24 yards, then QB Davis hit End James Beck for 11 yards, and the Cyclone was on the 9, with only seconds remaining before the half ended.

QB Davis bootlegged the football across on the next play, but it was called back and five yards stepped off against the Cyclone. Then, QB Davis made 13 yards, and a hurry up situation saw him plunge over for the score. Smith kicked the point after and the halftime score was 35 to 0.

Second Half

The Mustangs took advantage of a Cyclone fumble on the Memphis 32 to put points on the scoreboard early in the third period.

Scoring on a wingback counter play on a fourth down and six from the 18-yd. line was Larry Rives, who carried the football twice all evening. The point after kick was good and the score was 35 to 7.

35 to 7.

The Cyclone's final score of the night came on a drive which began with a good punt return by Ronnie Browning to the Wheeler 48 early in the fourth period.

Carries by Bryley, Wayne Davis and Bryley netted first down yardage, and Jim Dixon and Wayne Davis added 11 more yards in the next four plays.

From the Wheeler 24, three running plays, two by Earl Ray Wright and one by James Beck netted only 5 yards, and Ben Smith attempted a field goal, which missed, but Wheeler was off sides.

Facing a fourth and one, QB Ronnie Browning rolled out and carried for a first down to the 13-yd. line. Then, QB Browning passed to End Ben Smith who made a one-handed catch at the goal line and ran over two would-be tacklers to score. The two-point conversion which followed was not designed that way as Smith attempted to place kick the football, only to see it slide off the tee. Smith picked the ball up and passed it to End Bobby Hall who carried over for the conversion.

Conservation District Directors Meet In Childress On October 17

The October meeting of the Directors of the Hall-Childress Soil and Water Conservation District was held in Childress on October 17 at the Agriculture Building. Chairman Mack Richards announced that George Foard of Community Center had been re-elected as the District Director for Zone 5. This zone covers the southeast portion of Childress County.

The Directors discussed a proposed change in the work areas for the Childress and Memphis field offices of the Soil Conservation Service. In the past, the Childress Field Office of the SCS has serviced all of Childress County except the northwest portion and has in addition, serviced the south east portion of Hall County and the portion of Cottle County north of the Pease River.

The Memphis Field Office of the SCS has serviced all of Hall County except the southeast portion as well as the northwest corner of Childress County.

This plan has, over the years, resulted in less driving for both the farmers and ranchers involved with soil conservation work and the SCS technicians giving them assistance. Improved roads made this less important now.

Richards stated that effective Oct. 28, 1973 the work areas of the Childress and Memphis Field Offices will be changed to the county line of each county. This means that the Childress Field Office of the SCS will in the future furnish technical assistance to Hall-Childress Conservation District cooperators in Childress County. The Memphis Field Office of the SCS will provide this assistance for those in Hall County Farmers and Ranchers of Cottle County that have received assistance from the Childress SCS office in the past will be served by the Paducah SCS Field Office.

According to Richards, it is felt by some that this plan of county by county service will permit more effective work to be done with future agriculture programs coming up.

Richards said, "this change in work alignment is ment to be flexible". He stated that the agreement between the Hall-Childress SWCD and the SCS took into consideration the fact

that some farmers and ranchers may have work started with either the Memphis or Childress Field Offices that they prefer to complete before any changes are made. Richards also said - "this means that those farmers or ranchers that have existing Great Plains Contracts may complete these contracts before any change is made if the producer so desires".

Richards pointed out that there may be a few other situations, such as where a county line goes through a place, where the producer may wish to continue with his present set up.

In other business the District Directors made plans to attend the state convention of the Soil and Water Conservation Association. This will be held in Fort Worth, Texas during the last week in October.

Attending the meeting in Childress besides Chairman Richards were Directors Scrivner of Turkey Ernest Rea of Childress and George Foard. Director Don Ray Crook of Childress was in College Station Texas on other business. The Soil Conservation Service was represented by Area Conservationist Marvin A. Daniel of Vernon and District Conservationists Henry Gregory of Memphis and Chester Hufstetler of Childress.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for your kindness to us in our sad hour.

We are indeed grateful for the beautiful service, music, floral offerings, memorials, words of sympathy, and for the food that was served. May God's blessing be upon you, is our prayer.

O. Z. Martin of New Orleans visited here the past week with his relatives, Mrs. Starr Johnson, and the Roland Salmons.

Mrs. T. H. Gattis and Mrs. J. C. Johnson were Amarillo business visitors Tuesday.

Mr. and Mrs. Elmer Wood of California visited here the past week with his brother Joe Wood.

Mr. and Mrs. C. B. Wood of Red Bluff, Calif. are visiting here with her sister Mrs. Starr Johnson.

Mr. and Mrs. Jimmy Earl Duke moved Friday to Lakeview. We are very sorry to lose them from this community.

Mmes. C. V. Murff, T. H. Gattis, J. C. Johnson, and Starr Johnson, were Amarillo visitors the past week.

Mrs. G. W. Selmon visited daughter Mrs. John Carlile and family.

James McAnear ginned the first 1973 bale of cotton at Brice gin.

Aubry Martin visited Monday in Plains with his daughter Mrs. Mack McWhorter and family.

Texas Nurses Attend Conference In Amarillo

The Texas Nurses Association sponsored a workshop in Amarillo recently, and Nursing Home Administrators and Licensed Vocational Nurses were invited. Mrs. Mildred Stephens, Administrator, and Mrs. Vera Havens, Director of Nursing, Cousins Home, Inc., attended, at the Quality Inn.

This was a conference on care of the aged in Nursing Homes, but there were nurses in attendance that did not work in nursing homes but received credit for hours in continued education.

Donation Given To Cancer Society

Many years ago, when the Harrell Chappel Community was populated by a thriving rural citizenship, and after the school consolidated with the Memphis School, a group of interested men secured a small building and located it on the land belonging to Louis Richards. The building was used for meetings of all sorts: home demonstration club, community welfare, voting box, and so forth.

Now, since many of the citizens have left the community, it is no longer needed. Recently, those interested decided to sell it and give the receipt \$100.00 to the American Cancer Society. The men consulted about the transaction included Trillton Davis, Cecil Phillips, Lon Moore, O. S. Callahan, Mack Richards, and perhaps others.

Louis Richards in making the presentation stated emphatically, "We had the very best community in all the country!"

The members of the Hall County Unit of the American Cancer Society are humbly grateful for this generous gift and for the consideration that prompted it.

Future Homemakers Meet Oct. 22

The Future Homemakers of America met in their regular meeting Oct. 22, 1973. The meeting was called to order by President Kaye Posey. Mrs. McDonald was there to help F. H. A members start selling Stanley Products. The program was given by Janet McNally. She talked about attending Girls State this past summer.

Stanley Products may be purchased by contacting any of the following: Kaye Posey, Meredith Douthit, Sheri Davis, Boycene Bruce, Susan Godfrey, Karyn Smith, Janet McNally, Terri Rogers, Lisa Knighton, Stacy Farnsworth, Cynthia Watson, Tammy Lockhart, Bonita Ballew, Sondra Elem, Ray Nell Martin, Dedria Evans, Sydney Johnson, Mary Lou Simmons, Kathy Hall, Dana Coldirn, Debbie Roden, Tanya Siegler, Debra Norton, Barbara Haire, Janie Garcia, Pam Penny, Audrey Phillips, Sarah Fowler, Audrey Wolfe, Elaine Shahan.

November 3, 1973 the F. H. A. is having a Decorator Party in the Bronze Room of the First National Bank. It will be all day Saturday. Every one come by and browse around.

Farm Bureau Has Positions On 2 Amendments

Farm Bureau has definite positions on two of the nine proposed amendments to be voted on in the Nov. 6 general election, according to Melvin Srygley of Memphis, president of the Hall County Farm Bureau.

These are propositions No. 1 and No. 9, the county leader said. Amendment No. 1 provides for annual regular sessions of the Legislature and provides for an annual salary of \$15,000 and a per diem allowance of \$18 for members of the Legislature.

Farm Bureau policy is against regular sessions, Srygley said. He added that the organization has no policy regarding legislators' salaries.

Amendment No. 9 authorizes the Legislature to exempt certain water supply corporations and cooperatives from the property tax on certain facilities.

Farm Bureau favors this amendment, the County Farm Bureau president said.

Farm Bureau state policy is adopted each year in Texas Farm

Birthday Party For Wesley Shire In Bronze Room

Wesley Shire was the guest of honor at a birthday party, Wednesday, Oct. 24 at the First National Bank Bronze Room.

Cake and punch were served by the following: Elnor Stewart, Lee Ann Elmer, Floyd and Carol Ann Elmer.

Mothers presents were given by Mrs. Hester Collins, grandmother.

Christi McQueen and Maddox were unable to attend but sent gifts.

Mrs. Kenneth Smith daughter Lexie, of Grand Sunday with her parents and Mrs. Jack McWhorter grandmother Mrs. Ina Lee.

Bureau annual meeting called farm leader said. Legates from counties the House of Delegates adopt policies. The strength of counties number of paid-up members the county, he added.

BYRON BALDWIN

Juanita's mother, Mrs. Hartzog still makes her home in Brice, and at the age of 90, wears a smile and enjoys life. Her other children now living are, Harry of Fairbanks, Alaska, Carl of Dallas, Louis B. of Illinois, Alice Johnson of Brice, and Ruth Perkins of Clarendon.

If I can get Joe Wood to teach Roy Rea to sing and Roy to teach Joe to play the fiddle, I think we would have some good talent to send to "Hee Haw".

Monday Oct. 29, 1929 will be remembered by many of you as a tragic day in the history of the United States, when the bottom dropped out of our financial affairs. The stock market hit bottom and Wall Street was in a turmoil. This caused thousands of people to lose all of their savings, which caused a lot of deaths by suicide. This was the beginning of the dirty thirties, with the dust bowl added on in this section. The price of cotton and merchandise had a big fall out which caused many cotton and retail merchants to fail at that time. With short crops in this area, we had to depend on the cow, sow and hen to pull us through. New businesses were started after this collapse. I talk to a man several years ago who had been a large broker. When this reverse hit him he was supposed to be a rich man, but was wiped out over night with a large home left with 4 automobiles in his garage. This man had some determination to start over. He had sold 3 of his cars and he and his wife started bottling and packaging Spices in the garage for resale, but could not find an outlet. He finally insisted on one of the department stores putting on his shelves on a commission basis. This line clicked off after customers used it. They had orders stacking up on them so fast they had to move out of the garage to a larger building, and it kept growing until it was one of the best known spice lines in the world. Another big business I know of is a toy line that a man and his wife started in their garage, and today this line of toys is known nationally and internationally. So mighty oaks have grown from small acorns planted 44 years ago, after that gloomy day.

Sn. N. (Nolan) Baker of Ft. Worth sent Heritage Hall a sample of one of his creations that he has a patent on. This is an adjustable level that he has been trying to get on the market since 1950. This is especially suited for plumbers and mechanics as it can be set at different angles. In his letter he says he has one thousand to deliver new and material on order for 10 thousand more as he is contacting large outlets. Nolan has been a manufacture for several years and a strong supporter of Heritage Hall.

The Enduro races have come and gone. I tried to count the motorcycles in the parade with all the sound of the motors and with over a block long with riders besides the ones on trailers. I estimate 2 grandchildren.

Mrs. Joe Wood of Brice, as their guests in Heritage Hall, Mr. and Mrs. W. Wood of Santa Anna, Texas, is the son of the late Mrs. L. H. Wood who lived in Brice in 1920 and home at Brice where he attended school and he remembered his mother Mrs. J. W. Chapman moved to Calif. in 1943, and married B. White in Brice, Okla. He has three of the L. H. Wood's now living: Walter, Jess, and Clarendon of Brice. Joe married Juanita Hartzog of Brice. They have a daughter Joan (Wood) and 2 grandchildren.

Hall County Has Over 2,500 Miles Of Damaged Terraces From Heavy Rains

The Memphis Field Office of the Soil Conservation Service estimates that over 2,500 miles of terraces in Hall County are so severely damaged that restoration will cost more than the original cost of construction.

David Seitz of the SCS stated that rains of up to six and eight inches in a few hours on June 1, 1973 started the erosion problem by breaking terraces and other conservation measures. Seitz also stated that the June rain which washed out bridges, roads, streets, flooded homes, crops, destroyed

terraces, and other conservation measures only started the problem. Since it was too late in the farming season to do needed repairs most Hall County farmers replanted their crops and left the breaks in the terraces.

The broken terraces have since concentrated runoff from other rains in June, July and August as well as September to magnify the problems.

Douglas Cunningham, Area Conservationist of the SCS from Pampa has stated that he will do what can be added additional funds

for the Great Plains Conservation Program in Hall County. The Great Plains Conservation Program (GPCP) is a federal program to cost share up to 60 per cent of the cost of constructing terraces, up to 80 per cent of the cost of establishing permanent grasses, and 50 per cent of the cost share of fences, wells, and other measures to help distribute grazing of livestock.

Seitz stated that the following five Hall County land users have entered the GPCP Program this fall: J. C. Stepp of Lakeview, who will construct a system of parallel terraces and plant some Lovegrass; Homer Hawkins of Turkey, who will construct parallel terraces; Zack Fisher of Memphis, who will establish Weeping Lovegrass and a livestock water storage facility;

Chubby Waddill, who will construct parallel terraces, and Mack Richards and Mrs. Cochran, who will construct parallel terraces and establish Weeping Lovegrass.

Anyone interested in the Great Plains Conservation Program should contact the Soil Conservation Service in the Ag. Building at 10th and Noel in Memphis.

Mr. and Mrs. J. K. Williams of Childress spent Sunday in the home of his sister, Mrs. Charlie Foster.

Mr. and Mrs. Treutt Stovall of Kress visited Mrs. Charlie Foster Sunday afternoon.

Mr. and Mrs. Hubert Jones visited in Carlton over the past weekend with their daughter, Mrs. Larry Helm and family.

Mrs. G. T. Foster Celebrates 84th Birthday Sat.

On Saturday, Oct. 27, from 2:00 until 4:00 p. m. friends and family came to help Mrs. G. T. Foster celebrate her 84th birthday.

The afternoon was spent visiting and admiring birthday gifts. Those who came were served birthday cake, ice cream, and iced tea.

Attending were Mmes. Sam Hamilton, Lillie White, Bertha Rea, T. C. Stevens, Ben Wilson, H. C. Stout, Louis Richards, Homer Greer, Charlie Foster and Mary Stotta.

Pvt. Rodney Neely Enjoying Leave From U. S. Army

Private first Class Rodney Neely is home on leave after eight weeks of training at Ft. Polk, La. He is the son of Mrs. Francis Neely and the late Clifton Neely and grandson of Mrs. Henry Blum.

He will be station at Ft. Meade, Md., for 13 weeks of schooling in artillery repair at the conclusion of his visit here.

Mrs. Florence Smith visited her parents in Tell Sunday.

More Local Families Reach Upper Brackets

NEW YORK, Oct. 20 — According to a nationwide survey of income levels and income distribution, most Hall County families have made significant gains in the last few years.

As a result, more of them than ever before are now in the middle and upper brackets. By the same token, there are fewer in the lower brackets.

The upward shift has been noted all along the line. Many local families who were in the \$8,000 to \$10,000 group formerly are now at the over-\$10,000 level.

Their former spots have been occupied, in turn, by families who had been in the \$5,000 to \$7,000 category. The changes have been noted in a special study published in Sales Management, a publication. Its copywriters analyze each community to determine what segments of the population fall within each income grouping. The purpose of the study is to obtain a clearer picture of family earnings and living standards in each area than was possible through its "average" figure by itself. It sheds light on what the average is enjoyed by a large portion of the population or what represents a small group with big incomes.

**(Bill) Hood,
Former Resident,
Dies October 20**

Bill A. (Bill) Hood, 74, of his home, Rt. 1, Brownwood, died Saturday, Oct. 20, at 2:00 p. m. at Wright Funeral Chapel with services at Resthaven Cemetery in officiating at the service. The pastor, J. Wm. Madsen, officiated at the service. Mr. Hood was born Sept. 19, 1894, in Brownwood. He was united in marriage to Margaret Johnson, 27, 1919, who preceded his death.

Mr. Hood was a retired armor and had resided in Memphis and Brady. He was a member of the First Church of Christ, the First Lodge and a Shriner. Survivors include his wife, Mrs. Lloyd Benton of Memphis; six grandchildren, Miss Vahaley of Odessa, Miss Lewis of Almodoro, Miss Benton of Brownwood, Miss Hood of Austin, Bruce Hood of Snyder and two grand-children.

**American Legion,
Dinner To Meet
Family Dinner**

The American Legion and will hold family night on Wednesday evening, Nov. 6, at the hall. Members are asked to bring a dish for the meal. The Star mother will be present at this time. Members are also asked to bring gifts for the Veteran's box, which will be placed in local stores so citizens can donate unopened Christmas gifts for patients to their families. Those who wish to donate to the project should take their gifts to a local store to be placed in the box. A gift shop will be held on Wednesday and 11, at the Education Center of the Veteran's Hospital in Amarillo, it was stated.

SWSC HOMECOMING QUEEN—Miss Ramona Ballew of Memphis, sophomore at Southwestern State College, was crowned homecoming queen for 1973 by the 1933 queen, Mrs. Steve England of Cantonment, Fla., pictured right. Miss Ballew is the daughter of Mrs. Raymond Ballew and is a graduate of Memphis High School.

**Mizpah Guild
Meets Oct. 24
In Rasco Home**

The Presbyterian Mizpah Guild met in the home of Mrs. Joe Rasco, and Gertrude, on Oct. 24. The meeting was called to order by the president, Virginia Browder. Miss Agnes Nelson gave a beautiful and timely meditation. She said, "With our nations recent disturbing trials and tribulations in mind, tonight's meditation, written by Charles H. Spurgeon, seems appropriate. It is entitled 'Why Dread The Clouds?', and is based on the 23rd verse of Psalms 78—'He had commanded the clouds from above, and opened the doors of Heaven'." Miss Nelson closed with one of Peter Marshall's prayers. After roll call, minutes of the previous meeting were read and approved. The Treasurer's report was given by Glenn Cosby. The Bible Study, "Joy for An Anxious Age", a guide on the

book of Philippians, was given by Wilma Leslie. Mrs. Leslie gave many good thoughts from Paul's letter to the Philippians. After the Mizpah benediction, tasty refreshments were served to the following: Virginia Browder, Glenn Cosby, Ruth Harrison, Wilma Leslie, Agnes Nelson, Gladys Power, Marcille Long and hostesses, Mrs. Joe Rasco and Gertrude Rasco. Mr. and Mrs. Dave Corley and children of Canyon visited here over the weekend with his parents, Mr. and Mrs. Gene Corley. Mrs. Albrt Gerlach and Mrs. Holmes Posey visited last Monday with Mrs. Martin Gravely in Childress. Mr. and Mrs. Holmes Posey and Mrs. Albert Gerlach visited last Thursday in the home of Mr. and Mrs. E. H. Crisler in Amarillo. Mrs. J. W. Johnson of Garland is visiting her mother, Mrs. A. B. Jones, and sisters, Mrs. Olamae Ward and Mrs. Mildred Stephens.

**Hall County Has
14 Governmental
Units In Use**

NEW YORK, (Oct. 27)—How large is the governmental establishment in Hall County, compared with that in other communities across the country? How many separate governmental bodies have been set up to administer the affairs of the local population? According to a special survey conducted by the Census Bureau, there are more such agencies in operation locally than in most other areas. The facts and figures are brought out in a 475-page report, just released by the Department of Commerce, entitled "Governmental Organization." It is the first study of the kind since 1967. Such data is compiled every five years to determine what it takes, in number and makeup of governmental units, to provide residents of each community with school services, water supply, police and fire protection, sanitation,

health and welfare needs, and the many other required services. In Hall County, it is shown, these functions are carried on through 14 governmental bodies, 10 of which have property-taxing power. In 1967 there were 13. A breakdown of the total reveals that there are 4 municipal governments in the county, no township governments, 4 independent school districts, the county government itself and 5 special districts. In terms of the population served, the number of these public agencies is greater than in most localities, the survey shows. Locally, there is one such agency for every 429 residents. This compares with one for every 2,676 in the rest of the United States and with one for 2,090 in the State of Texas. Nationally, there were 78,269 local governmental units in the country at the beginning of last year, a decrease of 3,030 since 1967. The change came principally in the number of independent school districts, which dropped from 21,782 to 15,782 in the period. The reduction was due,

for the most part, to reorganization and consolidation of districts. On the other hand, the number of special districts — with functions relating to bridges, toll roads, soil conservation, public housing and the like — has been on the rise. They now total 23,886, as against 21,264 in 1967.

**Atalantean Club
Meets In Home Of
Mrs. Jack Boney**

The Atalantean Club met for its regular meeting Oct. 3, 1973 in the home of Mrs. Jack Boney, Jr., with Mrs. W. R. Scott as co-hostess. A very interesting and informative program on Scotland was presented by Mmes. James Davis, Jerry Shields, and Bob Douthit. Lovely refreshments were served to fourteen members. Members present, other than the above mentioned were: Mmes. H. B. Estes, Henry Foster Jr., Raymond Hutcherson, C. H. Murphy Jr., Dub Parker, Robert Sexauer, Winfred Wilson, David Morris, Tom Atkisson and Miss Imogene King.

**W.M.U. Of Travis
Meets Oct. 30**

The W. M. U. of the Travis Baptist Church met Tuesday Oct. 30, at 9:30 a. m. at the church for Bible Study. Mrs. Lynn B. Jones presided over the meeting. Mrs. J. L. Herndon read Math. (1:18-25), and the names of missionaries that had birthdays on Oct. 30. The missionaries were remembered in prayer by Mrs. L. G. Rasco, Mrs. Eula Moreland, and Mrs. T. C. Stevens. Mrs. Wilburn Coffman led in prayer and taught the Bible Study from John (1:1-18), the origin of missions, Jesus the Medium. The sick were reported on and names of unsaved mentioned, and all were remembered in prayer led by Mrs. Herndon. Attending were Mmes. Jones, Herndon, Rasco, Moreland, Stevens, Coffman, Cap Byars, and J. W. Chappel. After the meeting Oct. 23rd, the women made 24 sheets for the nursery beds.

GOLDEN TOUCH OF HOSPITALITY

... from Best Foods Kitchens

Fry a Kettle of Fritters

The word, "fritter," comes from the French, "friture," meaning "something fried." Fritters may be French in origin, but Cottage Cheese Fritters are a German fritter.

Cottage Cheese Fritters

- 1 1/2 cups sifted flour
- 1/2 cup corn starch
- 1 teaspoon baking powder
- 1/4 cup margarine, softened
- 1/4 cup sugar
- 2 teaspoons grated lemon rind
- 1 egg, slightly beaten
- 1/2 cup creamed cottage cheese
- 1/4 cup milk
- 1 quart corn oil (about)
- Confectioners sugar

Sift together flour, corn starch and baking powder. With a spoon, blend margarine, sugar and lemon rind. Add egg and stir until mixed. Stir in cottage cheese and half the flour mixture, then milk, then remaining flour mixture. Pour corn oil into sturdy, flat bottomed kettle or deep fryer, filling utensil no more than 1/2 full. Heat over medium heat to 375 degrees F. (If using electric frypan, follow manufacturer's directions.) Carefully drop batter by rounded teaspoons into hot oil. Fry about 5 minutes or until crisp and browned on all sides. Drain on absorbent paper. Dust with confectioners sugar. Makes about 24 (1 1/2-inch) fritters.

AWARDS—Two local residents, Mrs. Mary Hudgins and J. B. Scott, pictured above, received awards at area meeting of Artist Studio Assn. recently in Amarillo. Mrs. Hudgins, outgoing president of the Memphis Artist Studio, received a trophy inscribed, "Co-founder 1971, most valuable member 1972 and president 1972-73." Mr. Scott was presented the 1973 Palette Award in appreciation for service rendered the local Artist Studio Club.

During fiscal year 1972, 39,359 veterans and other eligible persons pursued training in health-related programs with the aid of VA educational benefits. Of the total number 15,446 were training as physicians, 3,486 as medical technicians, 2,296 were in dental schools, 5,655 were in nursing programs and 4,844 were in medical technology programs.

Governor, Sen. Sherman To Be At PEP Meeting

Governor Dolph Briscoe and Senator Max Serman, along with specialists in beef cattle, grain marketing, and family living-youth, will headline the Panhandle Economic Program at Canyon Nov. 16, according to Hall County Extension Agent Warren Mitchell.

The event begins at 9:30 a. m. at the Activities Center on West Texas State University Campus. Mitchell said that people from across the 25-county PEP area will be on hand, along with key leaders from each county.

Crops, livestock and family living and youth will be singled out for specific discussions during task force meetings in the morning session.

"Senator Max Sherman of Senatorial District 30," said Mitchell "will be the first speaker, addressing the group on activities of the recently created Regional Water Council."

Governor Briscoe's address will be at 1:30 p. m. and is expected to center around the role that Texas will play in the nation's agriculture future.

Members of the PEP Board of directors from Hall County include: H. A. Hodges, Haulby Dean and Kenneth Dale.

"This event will provide an excellent opportunity for Hall County citizens to become involved in the future of the Panhandle," Mitchell said.

FFA Leadership Contest To Be Held At Clarendon College Saturday

The 1973 FFA Leadership Contest for the Top-O-Texas and the Greenbelt District will be held Saturday, Nov. 3, on the campus of Clarendon College. Winners of these two districts will compete in the Area Contest Saturday, Nov. 10, in Plainview. The

state contest will be held at Sam Houston State. The contests will be chapter conducting, junior farm skills, and farm radio broadcast. Chapters competing in County will be Memorial, Lakeview and Valley. Approximately 150 students are expected to attend in the competitive Clarendon College.

LOCALS

Mrs. E. P. Thompson is a patient at Baylor Hospital in Dallas. She is in room 7427.

Mrs. Helen Crisman and Karen of Lubbock visited over the weekend with their parents and grandparents, Mr. and Mrs. Lynn B. Jones. They attended the Cotton Boll Enduro shoot-out and parade Saturday afternoon and the Texas Beefburger feast Saturday night.

Mr. and Mrs. Holmes Posey visited Mrs. V. A. Crisler in High Plains Baptist Hospital in Amarillo last Thursday.

Mr. and Mrs. V. A. Crisler returned home this weekend from Amarillo, where Mrs. Crisler had surgery in High Plains Baptist Hospital two weeks ago.

Mr. and Mrs. M. E. McNally and Janet visited in Austin over the weekend with their son and brother, Alan McNally, who is attending the University of Texas.

Mrs. Jude Gable and Mrs. W. McQueen spent last week in Dallas attending market.

Mr. and Mrs. H. M. Amarillo spent Sunday in the home of Mrs. C. T. Foster and Mary Stotta.

Visitors in the home of T. Snowdon over the weekend were her children: Mrs. Snowdon of Amarillo, Mrs. Thomas Snowdon of and Miss Christy Thompson of Fred Earl Snowdon, Worth. The group parade and visited with who were in the crowd. A call from Richard Baker of pton, Va., completed the circle. The Bakers received a week in Florida. Last day they took an air tour in view the beautiful in Virginia.

Let's Talk Memphis

FHA To Sponsor Gift Show On Saturday, Nov. 3

The Memphis Future Homemakers of America are sponsoring a Home Interiors and Gift show on Saturday, Nov. 3, at the Bronze Room, First National Bank Building.

Mrs. Jo Ann Lebow of Garland, decorator, will be at the Bronze Room from 10 a. m. to 4 p. m. to help make selections. A free demonstration on how to use accessories will be given by Mrs. Lebow.

The public is invited to come and register for a free door prize.

CARD OF THANKS

I want to thank my friends and neighbors for their visits, get well cards, gifts, and prayers while I was in High Plains Baptist Hospital at Amarillo. Your concern is deeply appreciated. May God bless you all.

Mrs. V. A. (Oma) Crisler

From The Chamber Corner

The two day celebration of the 2nd Annual Cotton Boll National Enduro was a total success. It was the largest celebration in Hall County history since the 1947 Cotton Festival. Many citizens expressed that they had witnessed the largest and best turnout for the parade, that they have ever seen.

The fine people of Hedley took most of the awards in the 20 minute parade. Parade winners are: Branigan Jewelry, 287 Cafe, Donley Co. Feedlot, Security State Bank of Hedley and Hedley Lions Club.

Parade MC, Billy Ed Dixon and J. R. Mitchell introduced several of the guests in the parade and they were: U. S. Congressman Bob Price, State Senator Jack Bobtowner, State Rep. Phil Cates, and Ray Ruffin a candidate for Congress.

A total of 476 entries in the Sunday enduro, representing 18 states, were on hand to enjoy the fine beefburger feast by the Memphis Loins Club. Over 600 people were served at the evening meal, and our men of the Lions Club did an outstanding job.

Channel 7 News Director Jim Frait introduced the fine entertainment group of Zip Durrett, J. B. Rapp and David Lindley, who performed before a cheering crowd of over 300 people. All 24 queen contestants were present and did an outstanding job of being official hostesses for the Enduro. The Miss Cotton Boll National Queen, Laveta Bryan of Amarillo, was presented a bouquet of white mums and cotton bolls.

Sunday's race started at 8:00 a. m. after playing of the National Anthem. The Amarillo Track and Trail riders were on hand to help with accidents and break-downs in the race.

Memphis made many new friends and did more for good public relations for the community than ever before.

Many visitors throughout the United States were received and welcomed into our community and they were very grateful for this. The Branigans received a pot plant from one racer for Elmont's help with a break-down at Oxbow. The bike rider is the owner of John Deere Industrial Equipment of Amarillo.

Memphis fireman Charles Walker met racers who were firemen of Oklahoma City and Omaha, Neb.

Helen Combs met Tony Darr, editor of the Franklin Sun in Winnsboro, La., who was also riding in the Enduro. Mr. Darr brought his wife and two small daughters to Memphis with him.

Lena Mae Adecock met several nice people from Denver, Colo., who were in Memphis for the Enduro.

Lester Campbell had an old friend from Amarillo visiting. He was in the race. This individual and his family were selected as family of the year by the Polk Street Methodist Church of Amarillo.

There was also a group from Fort Hood in Memphis for the race.

J. R. Horn, a motorcycle dealer of Amarillo who started the enduro in Memphis six years ago, was also riding. J. R. was one of the older riders. He is in his 52's.

One of the four women riders in this year's race is a secretary for the district office of Kirby Vacuum Cleaners of Amarillo.

Elmont Branigan met a medical surgeon from Lawton, Okla., a lawyer from Amarillo, and a dentist from New Mexico.

Mrs. John Fowler met several people from West Virginia, Louisiana, Minneapolis and Florida.

Bill Hall met several from Mississippi and California.

Minnie Ferrel said that she had never waited on nicer people than the people with the Enduro last Saturday.

Barry Ward met one couple from Los Angeles who were here for the race.

Thomas Clayton entertained several from Lake Charles, Miss. and let them use the shower and rest-room facilities at the Compress.

Dot Messer visited with a lady from California who was here last year and again this year for the races.

The Penton family who owns Penton Motorcycle of Ohio, were also in Memphis for the race. A national advertising scheme with a picture of the Cotton Boll National winners and Miss Cotton Boll National Queen dressed in Penton shirts will appear in posters, magazines, and various national advertising campaigns across the United States.

Over fifty camper units located in the City Park, left the park cleaner than they found it. Trash

cans were full and several trash bags were gathered with litter by the campers. Also the lots at the DeVille Motel were left clean. All in all the Enduro was very nice with many wonderful people in attendance.

Mike Branigan talked with one rider from Westminster, Calif., who said he would not be riding in the race next year. This person is 64 years old and this year is his last to ride. He did say he would return next year to watch.

One other rider who is 65 years old rode 50 miles and quit. He will be back again to ride another 50 miles.

The track for the race is closed and all riders will be trespassing upon private property. Local riders are to gain permission from various land owners to have the privilege of riding upon private property. The Chamber of Commerce and Track and Trail Sport Riders of Amarillo will not be responsible for any damage or trespassing caused by motorcycles and dune buggies.

All lost articles from the enduro are to be returned to the Chamber office.

Ted Elderman, district manager for the American Motorcycle Association, stated that the people of Memphis were extremely nice and friendly. Also he announced that Memphis will again be the site for a National race in 1974. Again we will have the only National race in Texas and one of very few in the Western part of the United States.

The Memphis Chamber of Commerce wants to thank all of the cooperating citizens of Memphis. The atmosphere was very friendly and we proved that Memphis is a small town with BIG PEOPLE!

"Let's Talk Memphis"

Delphian Club To Sponsor Dinner Nov. 11

The annual Scholarship luncheon, sponsored by the Delphian Club, will be held on Sunday, Nov. 11, it was announced this week.

The funds from this project are used to give a scholarship to a needy youth at Clarendon Junior College each year.

The traditional turkey dinner with Mrs. Barber's hot rolls will be served.

Tickets are now available from any Delphian Club members. Adults tickets are \$2.50 and children's tickets are \$1.25.

More Local

(Continued From Page 6)

large number with small incomes. The report shows that, in Hall County, some 53.0 percent of the households had disposable cash incomes of \$5,000 or more last year

after paying their personal taxes.

By way of comparison, the proportion was only 44.2 percent three years ago, when a similar study was made.

The gain was 8.8 percent, as against a 4.4 percent gain in the United States and 5.4 percent in the West South Central States.

Since the survey is concerned solely with cash income, farm families do not appear to their best advantage, as no adjustments are made for the income-in-kind that is available on farms.

The Hall County breakdown shows the position of each group

of local households on the income scale. It lists 24.1 percent of them with net cash incomes of \$5,000 to \$8,000. Another 9.6 percent are at the \$8,000 to \$10,000 level and 19.3 percent above \$10,000. The rest are below \$5,100 net.

Just how much better off people are with their higher incomes is a question. There are indications that inflation has wiped away nearly all the recent gains.

Planning For Spring Flowers

With Texas' growing winters, numerous flowers are fall-planted to provide a spring color. The Agricultural Extension Service has prepared a list of plants that require raised seedbeds, starting the plants from soil moisture is important, so, plant seed closer together as closer stands survive winter cold better.
