This is the only seminar in the United States and Scouts from two Councils, the Llano Estacado and Adobe Walls are participating and adults from Mason and Hanger, Pantex Plant, are the instructors.

Farmers Union To Meet Here Next Tuesday

A meeting of the county members of the Farmers Union will be held at 8 p. m. Tuesday, Nov. 13, it was announced this week. The meeting will be held in the Councilroom of the Memphis Community Center.

Area Farmers Concerned About Harvesting Fuel

RIBBON CUTTING—Mayor Kenneth Dale cut the ribbon Thursday morning opening a new Sears Authorized Catalog Sales in Memphis. The store is located on the southwest corner of the square and is operated by Mr. and Mrs. Johnny Harrell.

The fuel shortage is becoming a major concern of area farmers faced with their largest fuel consumption period, harvest, and strong possibility that fuel for tractors and vehicles will be severely limited and controlled.

A meeting was held Monday night and many telephone calls and telegrams were sent concerning the situation to U. S. Senators and Congressman Bob Price.

The problem as explained by some farm leaders is this. Rationing has been set up to supply fuel to farmers at the same rate and time as last year. Last year, weather prevented harvesting until January, February and March, so area farmers would like to have their quotas from these months switched to November, December and January, normally the peak months for harvesting if weather cooperates.

Then there is several other factors which complicate the situation, as new equipment uses more fuel than old equipment, etc., and new farmers did not purchase any fuel last year because they were not farming.

Hall County's new County Agent Warren Mitchell told Rotarians Tuesday that the fuel shortage is one thing he has been working on to assist area farmers as he can.

The whole situation is compounded in that this area has about the most valuable cotton must do in face of the energy farmers want and need to harvest as soon as possible to protect grade and staple, and micronaire.

President's Message
Last night President Richard Nixon spoke on what this nation must do in face of the energy crisis.

Points the President requested included: switching from natural gas to coal for industrial uses especially in manufacturing of electrical power; cutting air travel by 10 percent, cutting 15 percent on heating fuel by lowering thermostats to 65 to 68 degrees, reducing lighting at night; ordering federal vehicles to drive at 50 m. p. h., and requesting State Governors to order 50 m. p. h. speed limits in their states; putting the Atomic Energy Commission on a rush program to use atomic power to manufacture electricity; pooling cars and using

Democrat Readers Invited To Enter Annual Cotton Guessing Contest

The Annual Cotton Guessing Contest held each year by The Memphis Democrat is now underway. All readers of the paper are invited to enter the contest.

Guesses may be made by coming by the office or simply mailing a post card to Box 190, Memphis, Texas 79245, listing name, address and number of bales to be harvested this season.

Reports indicate that a bumper crop will be harvested in the county. Farmers, who defoliated their fields, are now ready to start harvesting as soon as weather permits, it has been reported. Hall County has 89,000 acres planted to cotton this year as

compared to approximately 80,000 last year.
Winners in the Cotton Guessing Contest will be named after The Democrat receives the official figures from the Bureau of Census in the spring.
First place winner will receive a three-year subscription to The Memphis Democrat, second place a two year subscription and third place a one-year subscription. Duplicate prizes will be awarded in case of a tie.
Guesses listed to date include: Danny Clark, 77,086; Charlotte Clark, 80,000; Kathaleen Pierce, 90,003; George Pierce, 86,886; (Continued on Page 12)

County Voters Favor Four Of 9 Amendments

Hall County voters Tuesday disapproved, by one margin or the other, five of the nine proposed Constitutional Amendments in a predicted light turnout, Tuesday.

The largest number of ballots marked during the election was on Amendment No. 1, the salary raise and annual session amendment, which 68 voters approved and 199 voters disapproved, totaling 267 ballots marked.

There were more than 267 voters at the polls Tuesday, for some would only mark one amendment, but generally the voting was very light in the four Hall County boxes, however, Hall

County's vote, percentage wise was above the State average. Actually, 270 ballots were marked in the election.
Early returns from over the state indicated that three amendments were being defeated. These are No. 1, as mentioned above, No. 6, the amendment on district courts having probate court jurisdiction, and No. 8, the amendment concerning the levy of ad valorem taxes to pay for new bonds.
Hall County Voters disapproved of all three of these amendments, No. 1 by 68 to 199, No. 6 78 to 164, and No. 8, 99 to 147. (Continued on Page 12)

EDITORIAL

Halloween, A Quiet Evening!

Memphis survived the 1973 Halloween session in remarkably good shape, and any property damage that came to the attention of authorities was traced to a group of out-of-towners and not perpetrated by local young people.

Some property damage was reported by Memphis School officials and indication was that this damage was motivated by spirited competition from an area rival town, and Halloween was a convenient time.

Let us all be forewarned. Our young people have, generally speaking, grown above the destructive spirit which may have been characteristic of youths of years gone. This is not to say that circumstances could not grow and bring back intra-community confrontations of by-gone years, but we feel strongly that this is a poor state of affairs whenever it breaks out, regardless of the communities or individuals involved.

To be quite frank, fans add little to athletic contests when they misbehave, and communities develop ill will toward other communities because of ugly signs, damaged buildings, etc., rather than success of one football team over another.

Things of this nature should be overlooked, ignored, and otherwise forgotten, rather than allowed to smolder into flames of an eye for an eye, tooth for a tooth. Football teams, when the chips are really down and players really want to win, refrain from committing fouls (dirty or otherwise) because the penalty is worse than any advantage which could be gained by the fouling.

On a far brighter note is the conduct of Memphis young people on Halloween. Sure there was the usual amount of water balloon throwing, shaving cream spreading, trick or treating, etc., which is all a part of the occasion. But missing was the destructive pranks. Older folks can remember and tell some really hairy tales about Halloween in years gone by.

This situation is not only true in Memphis, but we have noticed other editors mention the same observation in their communities over the Panhandle. Also it is agreed that the young people ought to be complimented for refraining from Halloween vandalism.

ACROSS THE DESK

What Other Editors Say

Prison Reform

Uprisings at Attica in New York and McAlister in Oklahoma have called attention to prison conditions in the U. S. and a lot of people are clamoring for reform.

Most of the discussions about reforming the criminal justice system now revolve as much around prison reform as around modernizing the courts, upgrading law enforcement agencies and improving social conditions that sometimes spawn crime.

Many discussions of prison reform give the impression that the prisoners' comfort must be uppermost in mind. For example, one widely publicized new book suggests that prisons be abolished entirely, without any apparent regard for society's right to be safe from violent individuals.

The area of prison reform needs to be approached with a sober view and a good look at the facts.

Despite what some do-gooders say, most inmates of prisons are not there because justice became miscarried or because their home life was sordid or because society turned a cold shoulder on them.

Most are there because of a history of criminal acts. For most inmates, prison was not their first stop, but merely the result of repeated attempts by judges to give out probated sentences, short jail terms, fines, etc., in the hope that the criminal would straighten up and perform no more offenses.

Maybe a prison term does not rehabilitate criminals and make them law abiding citizens when they are released. This is a laudable goal, but an unattainable one, to be brutally honest about it.

Yet, while a criminal is locked up, he is at least isolated for a while and will not be performing criminal acts during that

period of time. That's something, anyway.

We hope that this obsession with criminal reform keeps in mind that the rest of us have some rights, too. Let's not devote all attention to the lawbreaker.

Growth in the nation's veteran population, from 24 million to over 29 million since 1965, will continue until 1975, then begin a steady decline to the 1965 level by the year 2000, according to a Veterans Administration projection.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for your many acts of kindness to us in our sad hour. We are indeed grateful for your prayers, the beautiful service, music, floral offerings, memorials and words of sympathy, and the food that was served. May God bless you in your prayer.

W. M. U. Of Travis Meets Tues. Nov. 6

The W. M. U. of Travis Baptist Church met Tuesday, Nov. 6 at 9:30 a. m. at the church.

Mrs. Lynn B. Jones was in charge of the meeting and held a short business session. A goal of \$1,000 was set for the Lottie Moon Christmas offering for Foreign Missions.

Mrs. J. I. Herndon read Acts (4:1-12) and the prayer calendar. The missionaries were remembered in prayer by Mrs. T. C. Stevens.

The program, "Medical Help for Paraguay", was given in drama form. The scene was a conference room in the Baptist Hospital, Asuncion, Paraguay in August 1973.

The characters were Dr. McDowell, Mrs. Cap Byars, Miss Yates, Mrs. Wilburn Coffman, Mrs. Harper, Mrs. J. W. Chappell, Mr. Watson, Mrs. T. C. Stevens, Mrs. Watson, Mrs. Eula Moreland, Mr. Harper, and Mrs. Lynn B. Jones. All the characters were missionaries in Paraguay. There were seven members present and all took part in the program.

Girl Scouts Sell 1974 Calendars

The Quivira Girl Scout Council held its annual Leaders Conference Nov. 1, 1973 at Furr's Cafeteria in Pampa, Texas. Mrs. Robert Breedlove and Mrs. Tom Adkinson represented the Memphis Neighborhood at this meeting.

The theme for the conference was "Tomorrow Begins Today", and Mrs. C. C. Hoover of Pampa, chairman of the conference gave the welcome to those attending. The invocation was given by Mrs. Vaden Forier of Borger.

Mrs. Richard Stowers of Pampa introduced the guest speaker, Mr. Eob Muns who presented an interesting program on "Drug Abuse". Mr. Muns worked ten and one-half years with the U. S. Park Police in Washington, D. C., a federal police agency charged with law enforcement primarily in area administered by the U. S. Department of Interior. Mr. Muns said there was a real need for a continuous drug program in the schools from the first grad up. He showed and described the leaves of a marijuana plant and told of the different drugs and how they are used. He also showed some of the equipment that drug addicts use.

Another interesting speaker was Mr. Jack Skelly who spoke on "A Father's View of Girl Scouting". Mr. Skelly is the father of seven daughters, all of whom were Girl Scouts. His scouting began 30 years ago with his oldest daughter, which is a good example of the importance of fathers being interested in participating in the Scouting program.

After lunch, buzz sessions were held for adults working with Brownie, Junior, Cadette and Senior Troops. The sessions were under the leadership of Mrs. D. B. McDaniel, Borger, Mrs. Peggy Anderson, Clarendon, and Mrs. Don Hooper, Borger.

Several of the leaders present were given service pins for five, ten and fifteen years. Leaders attended from Borger, Memphis, Phillips, Fritch, Clarendon, Pampa, Canadian and Stinnett. Approximately 45 Girl Scouts Adults attended. Conferences of this type are offered several times each year and are a big help to volunteer leaders.

During November, the Memphis Girl Scouts will be selling 1974 calendars. This is one of the two projects in which individual troops engage for money raising.

The annual cookie sale in March helps in raising money for Councilwide projects and needs, for example, work done on Camp Cibola in Clarendon. However, the calendar sale in November is specifically set up as a money raising project for the troops. Calendars sell for 50c each, with the troop keeping 17c from each calendar sold.

One of the many worthwhile goals in the calendar sale is learning how to sell a product. It also can be said that these calendars make good Christmas gifts. Large spaces are left for every day to write appointments, and notes. Colorful pictures add to the attraction of the 1974 calendars.

Neighborhood Calendar Chairman for Memphis is Mrs. Carl Morris, Jr., Mrs. James McAnear of Clarendon is serving as District chairman.

Cyclone Wins Over Rockets 41-9

The Cyclone retained a three-way tie with a 41-9 victory over the Wellington Skyrocks in the improved game of the heaviest day, and eliminating the obstacle in the path to an 8-2 season.

Games against Silverton, both the weakest in the district. Silverton led victory over Valeriano out of the district. Clarendon and Duck Richards downed QB Brewer for minus one, and Linebacker Candy Reyes put the stop to Hodges for no gain set the pattern for the action in the second quarter, and the Rockets managed only three first downs in five possessions.

The Cyclone had a good drive on the Wellington 13 when TB Dixon fell inches short on a fourth and two attempt. Memphis got the ball back on the next play when Safety Beck intercepted a Wellington pass, one of three interceptions the Cyclone grabbed during the evening, as Earl Ray Wright and George Wiggins intercepted the Cyclone grabbed during the evening, as Earl Ray Wright and George Wiggins intercepted in the final period of play.

The Cyclone second TD came when Earl Ray Wright fielded a short Wellington punt and made it down to the Rockets 37. From here, a first down pass from QB Davis to Wide Receiver Ronnie Browning clicked for a 17-yd. gain to the visitors' 10. On the next play, HB Charles Bryley skirted right end for the distance. Ben Smith kicked the point after and was roughed by Wellington in the process, with the penalty added on the kickoff.

Kicking off from the Rocket 45-yd. line, the visitors only managed a 16-yd. return. Eleven of these yards were lost when No. 10 Brewer was trapped for a big loss. Then, the Rockets tried a wide pitchout and the fumble was recovered by Defensive End Jimmy Booth who came up with two fumble recoveries during the night.

Taking possession of the football on Wellington's 6-yd. line, it took a quick, look-in pass from QB Davis to Receiver James Beck to put six more points on the board. With Smith's kick good, the score was 21 to 3 at halftime.

The Cyclone took the kickoff, opening the second half, and ripped the Rockets defense to pieces. FB Don Davis knifed through a gaping hole opened by Cyclone offensive linemen to race 16 yards. HB Charles Bryley found outside room for another good gain to the Wellington 29.

Here things got sticky, as TB Dixon made four yards; then, FB Davis was met soundly for no gain on the second down and he

managed only two more on the next attempt. Facing fourth down, QB Davis passed to Ronnie Browning who picked up valuable yardage to the Wellington 15. In the next series, TB Dixon managed four yards. QB Davis was brought down by the face mask and penalty yardage took the ball to the 6. TB Dixon played for yardage to the Wellington two.

On the next play, behind blocks thrown by Center Jay Campbell, Guard Jimmy Booth and Tackle Kenneth Fields, led by FB Davis, TB Dixon plowed his way through for the score. Ben Smith's kick was good for a 28 to 3 score.

Shortly after this, Wellington intercepted a Memphis pass and got field position on the Cyclone 43. No. 35 Randall Hodges carried the ball three times scoring on a 31-yd. carry. Gonzales carried for a two-point conversion but he was met by the whole side of the Cyclone defensive line and failed.

The rest of the game was under Memphis control, with the local lads scoring following a fumble recovery by Candy Reyes on the Wellington 18. A holding penalty moved the ball back to the Wellington 33. FB Don Davis, who has come so close to breaking for a touchdown in several games, finally broke one loose and raced 33 yards for paydirt. Smith kicked the point after for a 35 to 9 score.

The Cyclone's final score came

with 6:20 remaining in the final stanza. Setting the stage for the score was an 8-yd. carry by QB Wayne Davis on the option, and a 10-yd. pass from QB Davis to End Beck.

The scoring play was a little bit of razzle-dazzle, something rarely used by a Cyclone squad in recent years. The play featured the sweep action as QB Davis handed the football to TB Jim Dixon, who began to sweep right end, but Dixon (a converted

quarterback from his earlier career) cocked his arm and fired a beautiful strike into the waiting arms of Receiver Ronnie Browning, 10 yards behind everybody at the goal line. Ben Smith missed the try for point and the score was 41 to 9.

The Cyclone defense came up to a fumble recovery by Gary McKay, and pass interceptions by Earl Wright and George Wiggins in the final minutes of play.

The Wellington defense against the run, was possibly the toughest the Cyclone has faced, excepting Childress and Clarendon, and possibly Crowell, but the Cyclone's passing was too sharp in key situations.

FB Don Davis was leading ground gainer for the Cyclone with 112 yards gained rushing on 15 carries for a 7.5 yard average, one of Davis' best nights. TB Jim Dixon carried 22 times for 66 yards for a 3-yd. average and Charles Bryley carried 8 times for 38 yards averaging 4.8.

Ronnie Browning caught three passes for 67 yards, James

Beck caught three passes for 51 yards, and Bobby Hall caught one pass for 10 yards. This was the first game for the Cyclone passing attack to net over 100 yards.

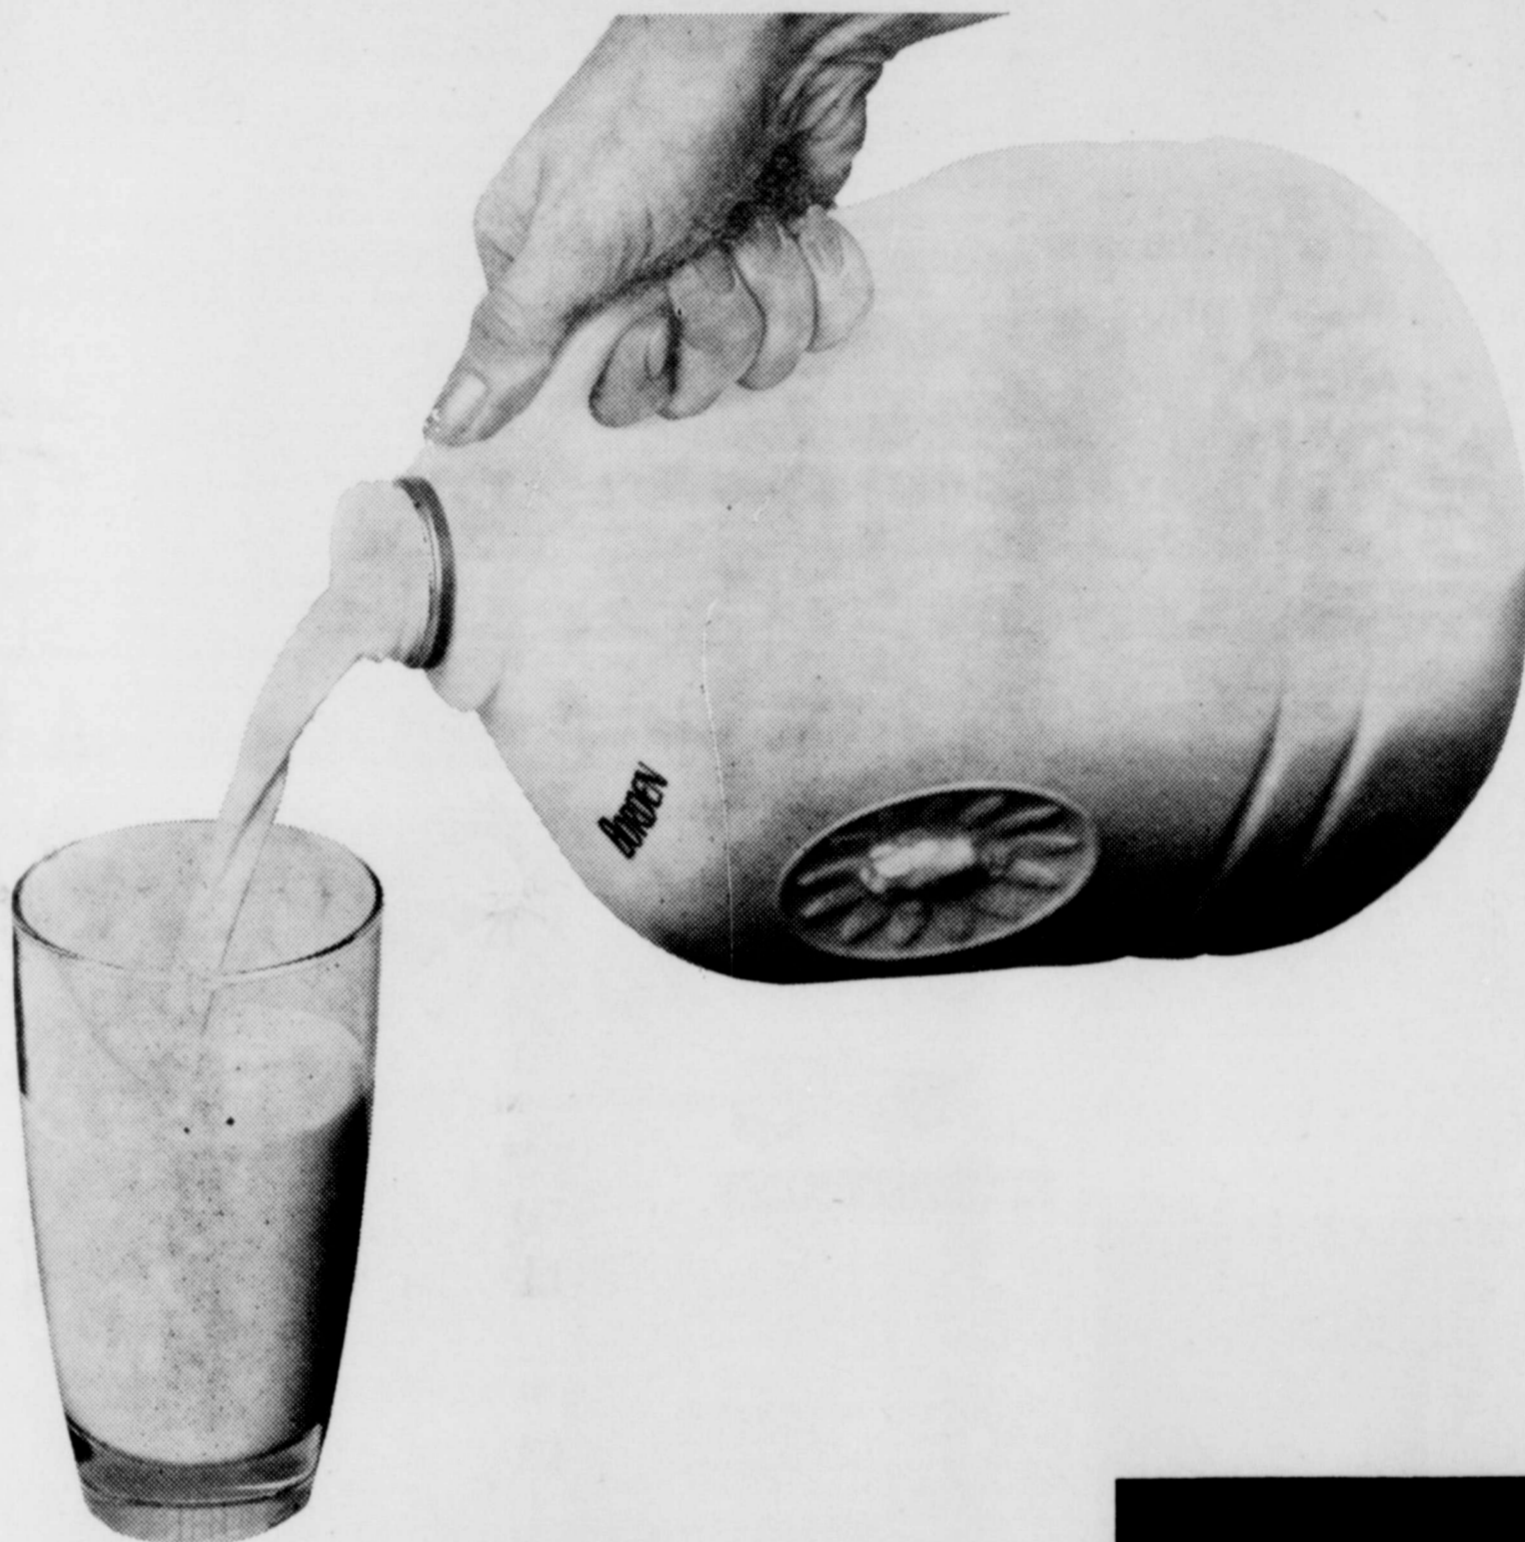

Cooperatives Serve

October has been designated as Cooperative Month across the nation. This year's theme is "Cooperatives . . . People with Purpose." Cooperatives provide a way for rural people to work together to obtain many different services, says an economist for the Texas Agricultural Extension Service. Texas boasts 745 agricultural cooperatives. In 1970 these did a total business of almost \$1 billion and had a total membership of 170,000.

Band Booster Club Meets And Makes Plans For Money Raising Projects

The Memphis Band Booster Club held its regular meeting on Monday evening, Nov. 5, at 7:30 p. m. in the Cyclone Band Hall. Mrs. Raymond Martin, president, was in charge of the business meeting.

The minutes of the previous meeting were read by the secretary, Mrs. Marion Posey. A financial report was given concerning the treasury. An up-to-date report was given on the membership drive and the Community Calendar sales.

The Booster Club wishes to thank those who purchased memberships and to those who bought calendars. A special thanks is extended to those merchants who purchased ads in the calendar. It is through the financial support of these people who helped make these projects a success. All money made from these projects will be used directly on the bands.

An announcement from director of bands, Miss Carol Blain, was given concerning up coming

dates for the bands. December 1 is the date set for All Region Band tryouts. These try-outs will be held in Canyon this year. Only outstanding bandsmen will be selected to participate in the All Region Band next January. It is hoped that Memphis will be well represented December 16, Sunday afternoon, will be the annual Pops Concert. All three bands, Cyclone, Junior High and Beginner bands will be performing.

The Booster Club has expected the project of raising money to help finance a trip to the annual Festival of Bands at Six Flags Over Texas for the Cyclone Band next spring. The club voted to sponsor a bake sale on Saturday, Nov. 17, beginning at 9:00 a. m. The club will have home baked goodies on sale in front of Fowlers and Lockhart Drug Stores. The club stated that items will be home baked and no mixes will be used. Only high school mothers are being asked to participate; however, any donations for sale will be welcomed.

The club also voted to have a luncheon on Sunday, Dec. 16, following church services. The meal will be served in the community Center and delicious home cooked food will be served. Tickets will be on sale later this month. Make plans now to attend the Booster Luncheon and then the Pops Concert later in the afternoon. Members of the club urged.

Miss Blain also stated that the annual Cyclone Band students money raising project is now in full swing. This is the only project the band students will have, so it is hoped they will be able to raise enough to help with the spring trip and to purchase some needed music. The fruit cakes the students are selling are delicious and they are the same brand that has been sold in the past. These sales will end this weekend and no extras will be ordered, so place your order now from any Cyclone Band student.

Miss Blain also thanked the Booster Club for the bouquet of flowers sent to the Cyclone Band students. The club sent the flowers to express their appreciation for a superior performance at marching contest and for bringing home another Division I trophy.

The next Band Booster meeting will be held Monday evening Dec. 3, at 7:30 p. m.

Area Farmers Ranchers Urged To Make Reports

All area farmers and ranchers are urged to collect samples and report any suspected cases of screwworms. The samples must be sent in for verification in order that Hall County may obtain assistance if it is necessary.

Mr. Dub Hodges, Livestock Inspector, Texas Animal Health Commission, Childress, informed the Hall County Extension Agent of a confirmed screwworm case in Hall County on Wednesday of this week. Mr. Hodges also stated that there were several cases in the area with many more cases being unreported.

The confirmed case of screwworms in Hall County was on the Jack House farm in the Weatherly community.

Warren Mitchell, Hall County Extension Agent, has available for use in reporting screwworm cases or suspected screwworm cases, sample vials and the form to be completed. This material is of no expense to the farmer or rancher but there are many benefits to be obtained in reporting as required by the Screwworm Control Program of Texas.

Pancake Supper Was Success Says Cubmaster

The Pancake Supper of the Memphis Cub Pack No. 35 was most successful Friday night and Cubmaster Bill Combs expressed appreciation to all those helping with the affair.

"The Memphis Rotary Club supplied most of the male workers and we certainly appreciated the Rotarians, James Davis, Coy Miller, Bill Wood, Thomas Clayton, Jim Markgraf, and Don Curl. Also W. M. Davis, Jr., Charles Waller and Bob Hutcherson worked throughout the cooking hours of 2:30 to 6:30," Cubmaster Combs said.

"Our den mothers, Mrs. Bill Combs, Mrs. Ted Wheeler, Mrs. Charles Waller, Mrs. James Canada, Mrs. Buster McQueen, along with Mrs. Monty Paul Rogers, who was in charge of the coffee," assisted.

"We also want to thank the ladies in Travis Cafeteria for accepting the chore of cleaning up the kitchen so our workers could attend the football game immediately following the supper," he said.

"Our biggest thanks go to Davis and Scott, Bylow, Memphis City Grocery, Morton Foods and Hoppy Trent, and Jimmy Lindsey of Memphis Dairy Products (Borden's) for their donations and contributions of food for the affair," Combs said.

"This year the meat was the most expensive item and Meat Companies, who in past years were willing to donate their products, were only willing this year to contribute a portion of the bacon. We are most grateful to First State Bank and First National Bank for their cash donations to pick up the tab on this," Combs said.

"With everyone being so generous, the Pack will possibly have the money for this year's program. We want all the Cubs and Den Mothers who have collected money and have not as yet turned in to turn the money in as soon as possible," Cubmaster Combs said.

AAFP Fellowship Is Awarded To Dr. Stevenson

KANSAS CITY MO.—Harold R Stevenson, M. D., from Memphis has been named a Fellow of the American Academy of Family Physicians.

The degree of Fellowship may be attained in either of two ways: successful completion of 600 or more hours of accredited continuing medical study, or achievement of diplomate status in the specialty of family medicine as a result of passing a certifying examination administered by the American Board of Family Practice.

Fellowship entitles the conferee to use the title, "Fellow of the American Academy of Family Physicians," or "FAAFP." The degree was conferred October 2 on some 3,000 members of the Academy in conjunction with the AAFP's annual convention and scientific assembly in Denver Colorado. Ceremonies were held in the Denver Convention Complex Arena before more than 8,000 persons. Fellowship candidates wore academic robes and mortarboard caps. They were recognized according to state chapter groups and the oath of fellowship was recited en masse.

The Academy, representing more than 34,000 family doctors, is the only national medical group requiring members to take continuing study, a minimum of 150 accredited hours every three years. The AAFP, headquartered in Kansas City, is the largest of medicine's specialty groups.

UNICEF Winners—Students pictured above collected the most money for UNICEF on Halloween and were presented money awards by the 1913 Study Club, sponsoring organization. Jim Bob Goldston, pictured right, received first place and was presented a \$2.50 cash award. Katherine King took second place and was awarded \$1.50 and Randy Bice was third place winner and received \$1.00

Junior Class To Hold Chili Supper Nov. 15

The Junior Class is sponsoring a Chili Supper Thursday night, Nov. 15, from 5:30 to 7:30 p. m. at the Travis Cafeteria. Ed Hutcherson, president of the class, has announced.

Tickets are \$1.25 for adults and 75c for children under 12 years of age. They may be purchased from any member of the Junior Class or at the door that evening.

Everyone is invited. The proceeds from the supper will be used for the Junior-Senior banquet.

Royce Chisler visited with his parents, Mr. and Mrs. V. A. Crisler over the weekend. His wife, Cherry, had been here for several days with Mrs. Crisler who is recovering from recent surgery. Mr. and Mrs. Crisler returned to their home in Midland Sunday.

Let's Talk Memphis!

Appreciation Events To Honor Jack Hightower This Month

Appreciation events honoring Jack Hightower of are scheduled this month in Memphis and Wichita Falls.

John Stoneman of Plainfield, N. J., will attend a dinner for Hightower Thursday, Nov. 15.

Senator Lloyd Bentsen will be a special guest, according to committee chairman Rhea Williams at a reception for Hightower in Wichita Falls on Friday, Nov. 30.

A dinner will be in honor of Hightower at the County Agriculture Center at 7 p. m. The Wichita Falls reception will be at Midwestern University's Clark Center at 7:30 p. m.

Hightower's top Democrats are in the double-barreled trip to a man who has served in the Senate since 1965. Hightower was elected President of the Senate in 1965 and served as Governor for four years in 1969. He represented counties in District 30.

he is one of five senators of the important Constitutional Convention Planning Committee and is also active in the interim as chairman of the West Texas Subcommittee of the Citizens Advisory Committee on Water.

As chairman of the Senate's Administration Committee during the 63rd Legislature, Hightower helped to cut more than \$200,000 from expenses in the previous session. This was accomplished by staff reductions and computerization of the bill filing and recording process.

Among his 24 bills passed, second highest in the Senate, was an air pollution control measure that will help clean up the Texas environment and attract industry at the same time.

On the energy front, Hightower introduced the only piece of legislation that would have provided more oil during the next five to 10 years.

Hightower served one term (1953-54) in the Texas House of Representatives before he was appointed then re-elected twice as District Attorney of the 46th Judicial District.

He was president of the Texas District and County Attorneys Association and was named "Outstanding District Attorney of Texas" for 1959. Hightower was appointed by Governor Price Daniel to the Texas Law Enforcement Commission in 1957 and has served as vice president of the Texas Junior Bar Association.

He was vice chairman of the Board of Regents of Midwestern University and is currently serving as a member of the Board of Trustees of Baylor University. A Navy veteran of World War II, Hightower earned his BA and LLB degrees from Baylor and received an honorary LLD degree from Howard Payne College.

Long active in church and fraternal and civic organizations, Hightower was a member of the board of directors of the Baptist Standard and the Human Welfare Commission of the Baptist General Convention of Texas. He served last year as Grand Master of Masons in Texas.

A native of Memphis where his mother still lives, Hightower is married to the former Colleen Ward of Tulsa. They have three daughters: Ann, Amy and Alison.

Judge Ruby Roden Attends School In Amarillo

AMARILLO—A justice of the peace from Hall County was among the 72 judges who participated in a regional 20-hour in-service training school held in Amarillo Oct. 23-26.

The training school was held under the auspices of the Texas Justice of the Peace Training Center, headquartered at Southwestern Texas State University in San Marcos. It was the second series of 10 which will be held throughout the state.

The justice of the peace training program is part of the State Criminal Justice Plan and is funded by the Governor's Criminal Justice Council.

The in-service training school was designed to help satisfy judicial training requirements set forth by the state legislature. As a result of bills passed by the 62nd and 63rd legislatures, justices of the peace must complete a 40 hour course in the performance of their duties within one year of taking office and then complete one 20-hour course each year thereafter.

The local judge participating in the Amarillo program was Judge Ruby Roden of Precinct 1, Place 1, Memphis.

UNICEF Donations Amount to \$300.00

The members of the 1913 Study Club wish to thank His Ethel Hillhouse and the teachers in Austin Elementary School for their work and support in making the UNICEF Drive such a success—the amount received was \$300.00. Mrs. D. L. C. Kinard, chairman of the project, stated.

"A very special thanks goes to the boys and girls who worked so faithfully in getting the wonderful contribution for the children of the world who need food, clothing and medicine," she added.

Five cents will cure one child of Trachoma and 25 cents will provide 175 vitamin tablets for children. Fifty cents will protect 7 children from Malaria for a year and \$1.00 will protect 80 children against tuberculosis. Mrs. Kinard explained.

UNICEF is working to eliminate the obstacles to growth faced by one billion children living in underdeveloped countries. Memphis boys and girls and Memphis citizens have helped in this worthy project and we thank you, Mrs. Kinard concluded.

Mr. and Mrs. Carl Wood are visiting with his sister and her husband, Mr. and Mrs. Wilson Womack in Houston this week.

Mrs. Payne Is Hostess For Buffet Supper

Valmon Payne enjoyed having as her guests at a buffet supper Thursday evening the following: Dorothy Duncan, Daisy White, Vera Gunstream, Blanche Archer and Merle Childress.

The occasion was to bring to-

gether friends of Dorothy Duncan and Blanche Archer for a friendly visit. Dorothy was here for a two weeks visit. She is spending the fall with her daughter, Mrs. Brenda Rager and family in Grand Prairie. Mrs. Archer has spent the summer with her son and daughter in Colorado.

G. Peurifoy of Dallas as presiding judge of the first administrative judicial district, Dallas.

He named O. V. Mullins of Henderson to the board of managers of the Texas State Railroad, succeeding E. M. Decker Jr. of Jacksonville.

Frank B. Farrell of Dallas and Edwin H. Balschke of Houston were elected for State Board of Registration for Professional Engineers appointments.

Lt. Gov. Bill Hobby picked as his emergency interim successors (in case of disability due to enemy attack) Steven C. Oaks and Dr. June Hyer of Houston and Don Rives of Marshall.

Named to the board of regents of Texas State Technical Institute were Tom Patterson of Amarillo, O. Dale Seastruck of Irving and Lance Sears of Sweetwater.

James R. Arnold of Dallas is director of the governor's traffic safety office.

MARIJUANA CASE REVIEW ORDERED

The Board of Pardons and Paroles has been called on by Governor Briscoe to review marijuana possession felony convictions under old state law where less than four ounces of the substance was involved.

Although the Court of Criminal Appeals has struck down a portion of new state law providing for resentencing of prisoners convicted of felony possession, Briscoe said the legislature obviously intended that sentences of minor offenders would be lowered. New law effective last August lowered the penalty for first offense possession of small amounts of marijuana to a misdemeanor.

About 800 are serving time in Texas prisons for marijuana offenses. Briscoe is particularly interested in granting clemency to first-time offenders who had small amounts of marijuana in their possession.

GOVERNOR ANNOUNCES FOR RE-ELECTION

Governor Briscoe, addressing more than 9,000 at a record fund-raising dinner in his honor, announced he will run for a four-year term next year.

Estimates of income from the dinner ran in the \$750,000 range, less \$100,000 expenses.

The governor designated former Congressman Joe Kilgore attorney, as his 1974 campaign manager.

Sponsors of the Briscoe dinner termed it one of the most-successful of its kind ever staged for a state candidate in Texas.

TERMINAL DECISION POSTPONED

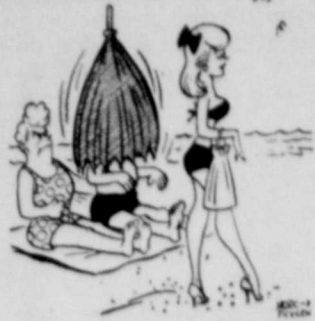

Texas Offshore Terminal Commission put off for a month a recommendation on endorsement of an offshore mooring system for unloading oil from supertankers to allow time for examining a proposal of Galveston officials to build an on-shore deep-water port.

Galveston Wharves proposed a 60-mile, 100-foot-deep channel to accommodate deep draft vessels. TOTC agreed to delay until Nov. 27, action on two phases of its seven-part report to the legislature on feasibility and site location of a future offshore terminal.

SHORT SNORTS

Tyler Oilman Jack Warren announced his candidacy for chairmanship of the State Republican party. The election, by the State GOP Executive Committee, will

The Lonely Heart

be held Nov. 19.

South Central Texas cotton farmers have been granted an extension on cotton stalk destruction on a personal-need basis only.

State agency heads received a briefing from top officials on benefits of new zero-base budgeting.

Sen. O. H. (Ike) Harris of Dallas will serve as governor for a day Dec. 1 — the first Republican to hold the position.

Linda Ruth Lane of Houston and Judith Ann Prince of Odessa are the first women graduates of the Texas Department of Public Safety's Academy.

Potential temporary directors of water districts in the future must be interviewed by Texas Water Rights Commission.

BYRON BALDWIN

visitors in Hall County in the past week and Mrs. William E. Fort Collins, Colo. will be remembered as the late Rev. B. Morgan, who moved from Fort Worth in 1910 as pastor of the First Church from 1910 to 1912. The building that was built for his first service in this area was a double wedding of D. L. C. Kinard and Mrs. Byron Gist and was being done on this day when this ceremony was held. Bill Morgan was a member of the Birdseye family moved here. Bill Morgan was at some of the old times over that he could remember. Bill and Leslie Foxhall were mates at Texas A & M. Bill served on the board after graduating. He was in the Air Force for 4 years and was president of Arkansas for 3 years. He is a member of the Board of Directors of the Colorado at Fort Worth where he was active president of the school for 20 years. Bill and Lily Bryan of Texas have one son and one daughter. Bill and Lily were married after time, and would make a return visit to the day in Heritage Hall about the rest of the B. Morgan family. Woodruff is now living in Texas. Roberta and Bill are living in Dallas. Emma is living in Austin, Texas. She and her husband (a son) are now making their home in Dallas, but are on Dallas now, and Bill will visit with all of his sisters. The only other son in the B. Morgan family was Bill R. B. Jr. whom you will remember was in an airplane accident and died in Fairview Cemetery. His wife was Margaret Garmon lives in Denton, R.

B. and Margaret had one son, who lives in Wise County.

I guess politics is a pleasure for a lot of people, even though not very profitable from a business viewpoint. I read in last Sunday's Dallas News about the 2 candidates for the office of mayor in Houston, Texas. It seems that both of these candidates spent about 1/2 million each for campaign expenses for a job that pays 20 thousand a year. They would have to hold that office 25 years to get their expense account back.

Mrs. Frank Cox was a visitor in Heritage Hall for the first time. Mrs. Cox will be remembered by early day residents of Estelline as Maud Aubury, daughter of the late Mr. and Mrs. Chas. Aubury, who moved to Estelline in 1898 from Jack County. Mr. Aubury was a saddle maker and had the Mill Iron Cowboys for customers. Maud attended school at Estelline and she remembered that Dr. Timmons was one of her teachers. She married Frank Cox in April of 1902. They lived for a time in Childress and Tell before moving to Amarillo in 1943. Frank was one of the Hall County Law men for about 25 years. He passed away January 31st, 1972. Their children, now living, are J. D. of Tell, Dorothy Poynor, and Frank Jr. of Amarillo, where Mrs. Cox retains her home. Mrs. Cox remembered the time when she and Mrs. Bill Moore made a dare-devil trip to Memphis in a buggy, crossing Red River quicksand before there was a highway bridge.

Mr. and Mrs. Cecil Culver of Quanah furnished transportation to Heritage Hall for Mrs. Cox. Mrs. Culver spent her school days at Turkey, as Mary Maud Mullins, daughter of the late Mr. and Mrs. Horace Mullins who moved to Turkey in 1906. Mary Maude's mother, Orena Aubury was a sister of Mrs. Cox and Mary Maud Culver is her name sake. There were 10 children in the Horace Mullins family and nine are now living.

I overheard a conversation of Mr. and Mrs. Robert Sexaur a few days ago, telling of their experience riding one of the jet planes making an emergency landing in Albuquerque, after having two tires blow out. They did say they had a lot of respect for them trying to take care of the passengers. When the emergency door was opened there was the chute with no handles on the side. They pushed them on that smooth chute and away they

went like lightning and landed on the ground without a cushion to fall on. I think Mary Helen said she turned over when she hit bottom of the chute, breaking her glasses and her wrist watch. Robert says that is was a pretty exciting landing with the fire-trucks and sirens greeting him on his bottom landing. They were fortunate on this trip with no other serious trouble.

I had the report a few days ago that there were 5 new babies in our local hospital. That day while shopping in the super market I heard 3 of these grandmothers talking and showing their (just happen to have) photographs. I heard one say she would have a new one in April and another said she was looking for a new grandchild in June. Another grandmother made her appearance on the scene and wanted to tell what a cute thing her little grandson did last summer. Mrs. Herb Curry said she was visiting in her son's home, and one night she awoke about 2 a. m. and this 2 year old surprised her by coming down the stairs with his dog, a piece of cornbread and a sack of potato chips, and on her bed this dog and grandson were having a free for all with this food. Grandmas are a little peculiar. If that had been her son that had pulled that stunt in would have been anything but cute. I can remember when grandmothers started getting grey streaks in their hair and took to the rocking chair, but not so now, they are blondes, brunettes and red heads, also solid silver, and they are up and going in high with social and other work besides home work. I think I counted 4 grandmas working in the Court House and about 50 working in local stores and offices here.

When Mr. and Mrs. Bill Lesley recently returned from their trip half around the world, they brought me a copy of the Hong Kong "Standard" which is one of the independent newspapers. The heading on one of the news columns was "Central Land Hits \$8,804 a Square Foot". This 761 square foot of commercial land is located in the central business district which was auctioned off to the high bidder for \$6.7 million dollars and is now considered the highest priced piece of land in the world. It seems to me that whatever they build will have to be sky high, and rented out at a pretty high price to come out on this deal. It seems like in Hong Kong they have a little Water-gate as another column in this paper was headed "Hunt gives not guilty plea". The police Supt. was alleged to have spent 150 thousand dollars more than his net salary between May 14th 1971 and Feb. 14th 1973. Some of his expense showed was while staying in a hotel at the rate of 120 dollars per day, while paying 2 servants \$1,000 a month each. He spent over 41 thousand on maintenance and repairs of his three cars. He divorced his wife and remarried in Hong Kong.

and expenses for his wedding reception at the Hotel were 48 hundred dollars and for catering service to his home was over 2 thousand dollars. His wife made a trip to Europe which cost over 7 thousand. This man spent 5 thousand on veterinarian bills for his 3 dogs. He belonged to four clubs which cost him near 4 thousand dollars. His telephone bill was 5 thousand and he spent over 40 thousand for jewelry. I would call this living "high on the hog" from tax money in Hong Kong.

Another very interesting news story told of the Chinese doctors performing an autopsy on a 2 thousand year old lady. The body had been enclosed within an airtight series of 6 coffins and buried at a depth of over 60 feet. The body was still soft and the research team came to a number of conclusions. This woman was about 50 years old, had given birth and had type A blood. The doctors came to the conclusion that it was a sudden death, probably a heart attack. The Scientists found 188 Mush Melon seed in the woman's esophagus, stomach, and intestines, and they concluded that she ate these a short time before she died. This is a pretty weird story, but we never know what scientist will come up with next. As we all know, you feed a cow green grass and she gives white milk and yellow butter.

We should be gaining in population. Word came to me that last Saturday night one of our local doctors delivered 4 new babies between 6:30 p. m. Saturday and 4:00 a. m. Sunday. It does not seem like many years since Ed Foxhall, James Arthur Anthony, Carl and Wendell Harri-

son went to Georgia Tech after finishing M. H. S. Wendell attended the homecoming of this college the past weekend and says things have changed a lot in the college. It is now co-ed. I imagine he did get an application blank for his new grand-daughter to enter Georgia Tech in 1992.

From Today's Best Laugh: Mickey Porter asked his wife what she wanted for her birthday and she sighed "The end of the Football season".

George Burns was kidded by Alan King on a T. V. show about

dating young girls, the 77 year old George replied "All my life I liked older women and now I can't find any."

Word came to us from Jo Carmen that R. E. Turrentine (husband of (Elwanda Jones) passed away the past week and memorial services were held at St. Johns Methodist Church in Lubbock, Texas last Friday. Mr. and Mrs. Turrentine and their son George were visitors here last August. George enrolled in Texas Tech at that time. This family has been living in New York since 1945. Mr. and Mrs. Turrentine have

been strong supporters of Hall County Heritage Hall since it was first started. Elwanda will be remembered as the daughter of the late Mr. and Mrs. Willie Jones. Our sympathy goes out to this family. Their address is 938 Birchwood Lane, Schenectady, N. Y. 12300.

In 1972 there was a discouraging reversal of the downward trend in traffic fatalities of 1970 and 1971. Last year, more than 55,700 persons died in traffic mishaps, according to The Travelers Insurance Companies.

Children under the age of five accounted for almost 30 percent of the 41 diphtheria cases reported in Texas last year, the State Health Department reports.

From The Chamber Corner

Our congratulations to the Robert Galloways with the grand opening of the Memphis Delicatessen and also to the Johnny Harrells with the Sears grand opening. Along with these two new businesses are the anniversaries of the John Shaddis with 'The Lady Fair' and the Clyde Smiths with Smith's Auto. We certainly appreciate these fine people and their businesses as supporting members of the Memphis Chamber of Commerce. We encourage everyone to trade with these merchants and also with all of the merchants in Memphis.

Christmas planning program for Memphis will be discussed and drawn up at the Retail affairs committee meeting this Wednesday at 3:00 p. m. in the Chamber office. Decisions on shopping hours and other Christmas activities will be conducted at the meeting. All retail merchants are invited to attend the Wednesday meeting at 3:00 p. m.

O. R. Kelley and P. O. Box 488 have been friends since the building of the post office in 1932. Mr. Kelley along with several other residents have had the same P. O. box for some time. If you know of someone with a longer record with a Memphis post office box, then contact B. E. Shot's Byron Baldwin.

The Amarillo Track and Trail Sport Riders presented a check for \$600.00 to the Chamber of Commerce to help cover the expenses incurred during the Enduro. All in all the Memphis Chamber lost \$30.00 from all of the expenses of the Cotton Boll National Enduro. Local businessmen estimate that National Enduro visitors spent between \$15,000.00 and \$20,000.00 dollars in Memphis during the two day celebration.

Several of the local bike riders helped with the Cotton Boll National Enduro and they were: Donny Bridges, Roy Richardson, Tommy Bell, R. B. Sprill, Dickey Braddock, Barron Smith, Ernie Spruill, Don Spruill, Bob Tribble, Bobby Hall, Terry Berry; also Albert Stone, Tex Stone, Lewis Fletcher and Kirk Anderson. We appreciate these men and their hard work with the enduro. We also appreciate Elmont Branigan and Arnold Cruze who escorted the Amarillo news media all day Sunday during the enduro.

Memphis Librarian, Fern Boone, did her part in promoting Memphis and Carnegie Library during the Amarillo Tri State Fair. We certainly appreciate everyone who supports our community.

"Cotton Capital of The Panhandle" is your slogan and we want to encourage everyone to use it in your advertising. Use it on news calendars, pencils, note pads, letterheads, or news media advertising. Hall County is by far the leading cotton producer in the Texas Panhandle with a 1972 production of 77,086 bales. Many of the local businesses are using the Cotton Capital slogan and we certainly appreciate this.

Cotton Boll National Enduro, Memphis, Texas patches have been distributed all over the United States. The patches are in red, white, and blue with a state of Texas and a cotton boll inside the state arranged in a seal fashion on a round patch. Over 600 of these patches will appear on jackets throughout the nation as a remembrance of the 1973 2nd annual Cotton Boll National.

Several new families have moved into Memphis the past few weeks. We welcome the Bill Crain family; Bill is production manager with Burlington's Hall Plant. Hall County Agriculture Extension Agent Warren Mitchell and his family are also making their home here. Department of Public Safety Jerry Leaverton and his family have recently moved to Memphis. DeRose Industries of Memphis also have a new family in Memphis. The Bill Boggs family moved into our community several weeks ago. We welcome these fine people and encourage the Memphis citizens to extend your own personal welcome.

The Chamber Board of Directors met last Monday and approved President Larry Parks' appointment of: Bill Cosby, Monty Alewine, and Bill Leslie to audit the Chamber books. The Memphis Chamber by-laws state that a committee of the membership must audit the financial records annually. The report of this audit will be given at the next board of directors meeting.

mass transportation systems. Then the President asked Congress to pass Emergency Energy Act to give him broad and new powers to enable the President to meet the problems.

He said the nation could go on Daylight Savings Time all year round, make highway speed limits subject to Presidential control, and make regulations of airplanes, ships and all carriers under regulations of the President, under the new law if Congress passes the Emergency Energy Act.

"Our goal should be to make our nation completely self-sufficient as far as our power needs are concerned by 1980," the President said.

He said the nation was definitely going to face gasoline rationing of one kind or another.

County Voters -

The two other amendments County voters were slightly unfavorable about were No. 4, about changing the law in creating certain conservation and reclamation districts, where the vote was 131 against, 101 for, and No. 9, the exemption amendment for non-profit water supply groups which was the closest of all the tabulations, 132 against, 130 for.

No. 2, homestead protection of a single adult, carried 195 to 66; and No. 3, to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults carried 186 to 74. No. 5, about the sea walls and breakwater bond issues to be put to voters along the Gulf of Mexico, carried 142 to 89 vote. Also passed by county voters was No. 7, the Veterans' Land Fund by a vote of 161 to 96.

An examination of voting in the various boxes in the county trends were seen to be almost completely uniform on all 9 of the amendments and in all four voting boxes. Amendment 9 was interesting in the Memphis area voters had mild disapproval with a vote of 87 against and 77 for, while Estelline went 31 to 11 against, Turkey 19 to 10 for and Lakeview went 23 to 4 for.

change will have Wayne Davis at safety in place of Earl Ray Wright, the Coach said.

Praise Given
Coach McMurray was high with praise of the Cyclones for their big victory over Wellington last Friday.

"We coaches were very, very pleased with James Beck and Don Davis on defense, and felt that the Cyclone's pass defense was outstanding because of the fine job our linebackers and secondary did. I really liked our pass coverage," Coach McMurray said.

"Offensively, I thought our line played very, very well with really fine efforts made by Kenneth Filds and Jimmy Booth. Also, Audie Moore improved over the week before especially with his trap blocking," the coach said.

"As for the backfield, Don Davis had his best night of the year, with 15 carries for 112 yards and executed good blocking. QB Wayne Davis, despite two interceptions,

threw the ball real well to give us our best yardage of the year through the air," McMurray said.

The coach said, "We have a fine team this year, and they have played real tough all season, and had another good night against Wellington."

The Patriots under Coach Matt Chalmers began this year's season facing a tough schedule with a young team, small in size and lacking another factor, speed. The

team, however, is an improved one over last year.

Valley suffered another setback when they lost No. 11 Ron Eudy, their freshman quarterback, and indications are they will have an end, Kim Coker, 135-lb. senior at the helm against the Cyclone tonight.

The Patriots are building, and they have a reputation of playing spirited football regardless of the score. No. 40, Brian Wheeler, FB, 149, a sophomore has been cited by the Patriots Coach for Player of the Week on both offense and defense and is the team's best running back.

Also Smitty Lane is another lad who has been praised by his coach.

Coach Chalmers said following the Wellington game, "Here is a bunch of youngsters, 0-8 for the season, 31 points behind on the scoreboard at halftime, and still out there battling a bigger bunch of guys right down to the final whistle. What more can you ask of them?"

The Patriots will possibly be facing one of the most physically tough defense Memphis High has fielded and an offense which continues to improve each week and has been riddling opponents defenses regularly.

Despite this, however, the Patriots have earned respect for their spirited play and brought favorable comments from many quarters.

"We expect Valley High to get after us as they did last year and our players have been forewarned to be ready when we take the field," the local coach said.

DIXON SCORES—Pictured above is an excellent example of why the Cyclone put 41 points on the scoreboard against Wellington Friday. This is TB Jim Dixon's second half TD carry for two yards. No. 50, Center Jay Campbell can be seen in the lower portion, No. 74 Kenneth Fields is shown leading Dixon, No. 62 Jimmy Booth can be seen partially, and FB No. 22 Don Davis has Wellington's No. 55 blocked out of the play. The Rockets No. 72 and No. 35, their best defenders were unable to stop this kind of pressure.

The Patriots are building, and they have a reputation of playing spirited football regardless of the score. No. 40, Brian Wheeler, FB, 149, a sophomore has been cited by the Patriots Coach for Player of the Week on both offense and defense and is the team's best running back.

Also Smitty Lane is another lad who has been praised by his coach.

Coach Chalmers said following the Wellington game, "Here is a bunch of youngsters, 0-8 for the season, 31 points behind on the scoreboard at halftime, and still out there battling a bigger bunch of guys right down to the final whistle. What more can you ask of them?"

The Patriots will possibly be facing one of the most physically tough defense Memphis High has fielded and an offense which continues to improve each week and has been riddling opponents defenses regularly.

Despite this, however, the Patriots have earned respect for their spirited play and brought favorable comments from many quarters.

"We expect Valley High to get after us as they did last year and our players have been forewarned to be ready when we take the field," the local coach said.

team, however, is an improved one over last year.

Valley suffered another setback when they lost No. 11 Ron Eudy, their freshman quarterback, and indications are they will have an end, Kim Coker, 135-lb. senior at the helm against the Cyclone tonight.

Mrs. Ruby Roden Is Co. Registrar For Selective Service

Justice of Peace Ruby Roden has been appointed by Judge E. (Gip) McMillin as registrar for Selective Service in Hall County.

All young men reaching the age of 18 are still required to register with Selective Service even though there are no more drafted at this time.

Mrs. Roden now has necessary supplies and can see young men during her hours in the south western office on the bottom floor of County Courthouse.

Young men are registered at Local Board No. 29 in Childress and they can register at the main office in Childress.
