"I am seeking a third term to the Texas House and pledge my continued support for (1) the development of a sufficient water supply for the Panhandle-Plains region, (2) frugal fiscal practices at all levels of state government, and (3) making good government subservient to the people, rather than the people being slaves to government red tape," Cates said in his announcement.

Winners Of Cotton Contest Announced

A report on cotton ginning for the crop of 1973 was received by the Memphis Democrat from the U. S. Department of Commerce this week.

Reports from ginners of cotton show there were 12,594,370 bales of cotton ginned in the United States from the crop of 1973 compared with 13,267,428 for 1972.

The report stated that cotton ginned in Hall County amounted to 89,286 bales. This was a record breaking harvest for the county.

Winners of the Memphis Democrat's Annual Cotton Guessing Contest were selected according to this report. Guesses in the contest ranged from 68,523 to 111,250 bales.

Mr. T. E. Gibson of Memphis turned in the winning guess of 89,980 bales.

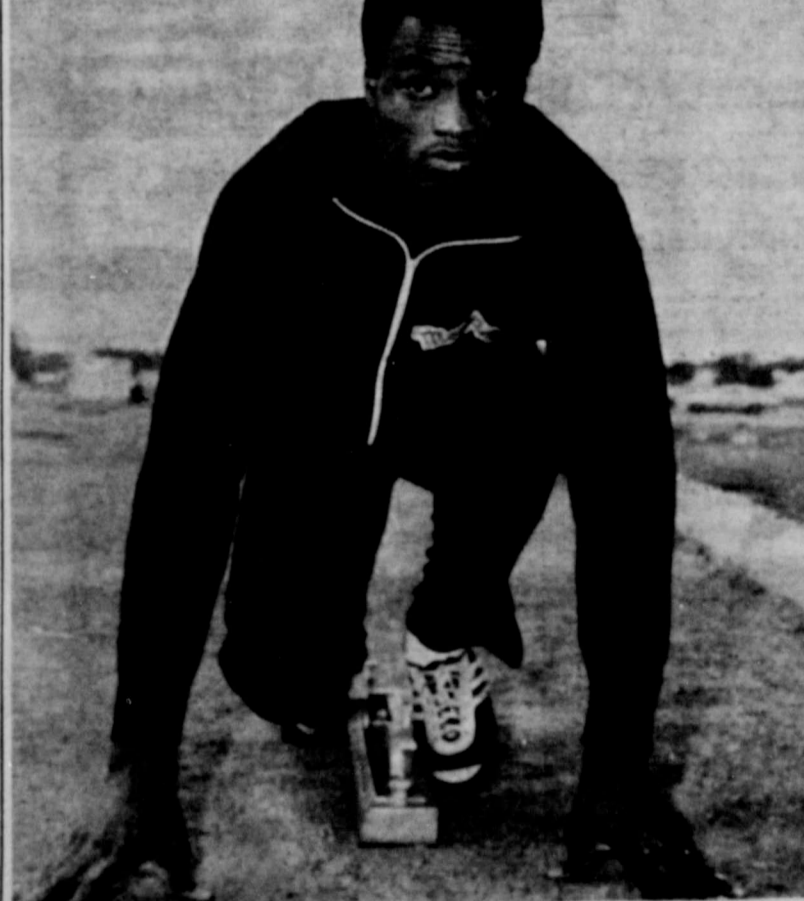

Second winner was Bruce Dameron of Estelle who guessed 99,000 bales.

Ezra McElrath of Memphis was third place winner with a guess of 106,000 bales.

The first place winner will receive a 2 year subscription to the Memphis Democrat. Second place

will receive a 2 year subscription, and third place a 1 year subscription.

Most guesses received were in the 80,000 range.

OPEN QUARTER—James Beck, a MHS junior, has a double goal at Austin Saturday. He wants to break a 49.4 in the open quarter, and he wants to win. That's the MHS school record in this event. James also wants to anchor a state record in this relay team. He had a 49.8 at region in the champion mile relay quarter. He said Tuesday, "I feel I'm ready."

Mother Nature has unleashed two weeks of violent weather on this area and damage to property in Memphis alone is running over the \$2 million mark, some guesses as to the total property damage are being made.

The hail storm which hit in late afternoon on Friday, April 19, and then three days of rainfall this week which have dumped about three inches of rain in Memphis are responsible for the property losses.

All homes covered by insurance in Memphis were damaged by the larger than golf ball size hail stones which fell about seven inches apart during the April 19 storm. Very little rain accompanied this storm.

Cars and other vehicles sitting out received deep dents and broken paint from the storm and damage on each is running in the \$500 to \$1,000 bracket.

Homes have received from about \$750 to \$3,000 damage depending on the type of roofing material used, etc.

The hail storm approached Memphis from the Lakeview area, where damage also occurred and swept on to the north east. Funnel clouds were cited from the system in the Dodson vicinity.

Storm systems this week brought much needed moisture to a portion of the area. Sunday night about an inch of moisture fell north of Red River. Monday, the area from Memphis northward received good rains from another storm, with Memphis receiving about one inch. Early Wednesday morning general rainfall set in and the local area received another inch of moisture, with more promised for Wednesday night and early Thursday.

Farmers in the area have been concerned about planting moisture to start the 1974 cotton crop. This week, some have received enough others, including the area south of Red River — Estelle and Turkey areas missed the rains Monday and Tuesday Estelle did get .20 of an inch earlier in the week.

The hail storm two weeks ago has brought a flurry of activity from insurance adjusters and several roofing companies have moved into the area. Rains this week have caused additional damage to homes and businesses due to leaking roofs.

POLE VAULTER—Ben Smith of Memphis will be competing in Austin tomorrow morning in the Class A state pole vault. The second man in recent track history to earn the honor Smith hopes to vault 13 feet, 6 inches, a height he has never obtained, but one he hopes will win. "I've lost some weight", he said. Smith, an outstanding athlete and competitor, could very well realize his dream at Austin.

EDITORIAL Vote On Saturday!

This Saturday, May 4, is the Primary Elections, and Hall County voters are urged to go to the polls and vote, as there are several contested election races to be decided, primarily by the primary election.
Also voters will have a choice of casting a "straw" vote on paramutual betting (horse racing) in Texas. This issue has created a lot of interest over the state, as several Church groups have been most active in voicing opposition to this issue, while another group has been vocal in support of race track betting.
Horse racing in neighboring state of New Mexico has been a major source of attracting Texas tourists to New Mexico. Texas raises some of the finest horses in the nation, but there are no race tracks in the state.

The opposition points out that gambling attracts the organized underworld and is more harmful than any amount of tourist dollars which could be derived, or tax funds raised.

However voters decide on this issue, it will go a long way influencing the Texas Legislature during their next session.

The important thing, however, is for voters in Hall County to go to the polls and vote. Our rural voice can be heard more strongly when all eligible voters, almost 3,000 of them, mark a ballot in the election.

If you have cast a ballot in an election in this county since 1971, you are an eligible, registered voter. If you have a doubt about your voter eligibility, the County Tax Office can answer any questions you might have.

Residents should remember that they are voting in a Party Primary, and can only vote in either the Democratic Party primary or the Republican Party primary.

There will be some telephone efforts to try and get out a good vote on election day.

Memphis voters in Box 1 and 13 will be voting in the High School Building in the Democratic Primary.

There are several good people who are seeking election in the precincts, county, district and state races. Voters owe these people the courtesy of going to the polls and casting a ballot. Voters should also vote on all the races, not just the very few they are most interested in.

It is a real tragic to hear someone say, "I know both of the candidates but I just couldn't make up my mind which one to vote for so I just skipped that race." When you know the candidates, you are the best qualified voter there can be. Make a choice. Your decision will be the best.

Many times, voters have to choose from candidates they know very little about, other than what they have read about them. Have you noticed how many times a particular candidate from a particular area will fail to carry his home box? It makes you wonder what his home folks know about him that others did not know.

The time has come when Americans, Texas, and people living right here had better start taking voting privileges seriously. Now is the time, Saturday is the day. Go vote your convictions.

What Other Editors Say

Frustrating indeed!
The shocking account of the robbery, murder, rape and torture of innocent victims in Ogden, Utah, this past week by a pair of black Air Force men adds fuel to the fire of outrage that the American public feels toward crime these days.
This robbery of a record store in Ogden resulted in the callous murder of two people, others were forced to drink caustic lye and had it poured over them, a girl employee was raped and killed, the father of one of the victims was beaten and had a ball point pen shoved in his ear and kicked by his assailants.
This sort of thing is hard to understand.
So is the current Zebra terror wave in San Francisco, where 12 persons have lost their lives in unprovoked attacks, apparently just because they are white.
These and other killings around the country in the past year have displayed a total disregard for human life. Why the upsurge?
It is increasingly evident that criminals are turning much bolder these days. A fellow newspaper editor, Troy Martin of the Canyon News, was robbed at gunpoint a while back outside a nice restaurant in Amarillo. When the robbers were caught in Little Rock Arkansas, they had the body of another victim in the trunk of their car. Martin may have narrowly escaped certain death from a stranger who apparently would just as soon kill a man as swat a fly.
Part of this cockiness on the part of criminals is their conviction that they will escape execution even if they do kill. The death penalty has been ruled unconstitutional as it was be-

ing applied and while some states, including Texas, have passed another death penalty law, there is no assurance it will hold up before the Supreme Court.
Something has to be wrong with the nation's criminal justice system when hardened outlaws can remain at large and law abiding citizens have to fear for their lives.
Part of the blame rest on judges too eager to grant probation or impose light sentences that allow the release of convicts without real rehabilitation.
A new Justice Department study shows that one of every three federal offenders commits a new crime within two years after his

release from prison. Long delays between arrest and trial, with suspects committing new crimes while free on bond, are a national scandal.

The "b" bond system itself needs an overhaul. Right here in Ochiltree county we have evidence that the bail bondsman has failed to produce his defendant and yet has not had to forfeit bail. At the present time he even has a suit filed to recover some bond money that was forfeited. Chances are that this will drag on until it is dismissed when it gets too old to try.

We need some streamlining of our courts and some help given to law enforcement officers who must surely be discouraged these days to bring in criminals and meet them on the street shortly afterward, thanks to our "enlightened" method of handling criminals these days.

VOTE AGAINST PARI-MUTUEL GAMBLING!!

• Experience in Texas and other states proves that an increase in illegal betting and other activities of organized crime follow the legalization of gambling.

• Legalized gambling is not a proper way for the state to raise money from its citizens.

• Organized crime is already taking at least one billion dollars per year out of Texas.

• We oppose the State of Texas giving official approval to any kind of gambling which results in an increased take for organized crime.

Hall Countians To Be Receiving Financial Uplift

Residents of Hall County will be getting a financial uplift during the next month or two by virtue of checks coming to them from Washington.

Most of this cash represents tax refunds due to people in the local area who paid a larger amount in withholding taxes during the past year, through payroll deductions, than they needed to.

On the receiving end, also, will be all persons who are getting Social Security benefits each month. Their current checks are running seven percent higher than they were in March. In July they will go up an additional four percent.

All of which means that there will be more spending money available to consumers in the area. Whether they will use it at once or will salt it away depends upon their individual attitudes toward present economic conditions.

With respect to the forthcoming tax refunds, they will go to some 1,600 persons in Hall County, it is estimated, and will total about \$588,000, based upon figures from the Treasury Department as to the size and the number of returns it expects to issue.

The total amount to be refunded, nationally, is a record \$22 billion. It will go to some 60 million taxpayers who overpaid in 1973. That is far more than last year.

Their checks will average \$361, it is estimated, as against \$345 previously.

Together with the \$2.4 billion additional that will be going to Social Security beneficiaries, it will mean that about \$24.4 billion will be pumped into the economy shortly from these two sources.

Assuming that Hall County gets its proportionate share of it, there will soon be approximately \$653,000 more available to local people. Just what they will do with it is anyone's guess at this time. The economists themselves are far apart in their forecasts of consumer reaction in this period of spiraling living costs.

The consumers themselves are of two minds. Should they cut down on their spending and reduce their debts or should they buy now before prices go out of sight? Each will decide for himself.

Mr. and Mrs. Dell Wells recently returned to Lakeview from California where they visited their son, Clayton.

Mr. and Mrs. V. A. Crisler had as their guests over the weekend Mr. and Mrs. Lee Crisler and Mr. and Mrs. Charlie McClenny, all from Amarillo.

A Revival of 'Saint's Roost Saga' Planned

By Virginia Browder

A one-night's performance of "Saint's Roost Saga", the story of Old Clarendon, was presented in the football stadium in that city in July 1967. Again in June 1968, a two-night stand was staged. The production was sponsored by Les Beaux Club of Clarendon and, on the three performances, close to \$3,000 was netted to be used as a museum fund.

Rehearsals for this gala outdoor historical drama will begin the middle of May and the drama will be presented in the same place the weekend of June 22 and 23. More publicity will be forthcoming but ring your calendars now and plan to be among those present for one of the performances.

Following those shows, Les Beaux Club named me a Patron (Saint) member and I have enjoyed attending their monthly meetings whenever possible since that time. This Friday, the mem-

bers of that organization will gather at Cedar Hills Ranch for a picnic luncheon and "Bird Watching" program. I have invited the birds to visit my feeding station (a gallon drum turned upside down, outside my breakfast room window) about one o'clock so my guests will have some real live entertainment. I trust the cardinals, the blue jays, the doves, quail, and rabbits will come. I'm sure the sparrows will be there.

Junior Campore Held Apr. 26, 27, 28 East Of Lefors

The Girl Scout Junior Camporee for experienced campers was held over the weekend, April 26, 27 and 28, at Camp Mel Davis, located east of Lefors. There were 161 girl scouts and adults attending this primitive type camp-out. Mrs. Jack Duke of Borger directed the camporee and Troop 124 of Borger was in charge of the skills contests.

Contests were held in the subject areas of knots, lasking, first aid, trail signs care and use of the knife, fire building and signaling. Winners overall were first place, Troop 43 of Canadian; second place, Troop 38 of Borger and third place was Troop 26 of Phillips.

Activities on Saturday included skills contests, hikes, play at river and a time for relaxing. The Saturday night campfire included a flag ceremony, songs and awards.

After a non-denominational church service at 9:00 a.m. Sunday all troops prepared to leave camp.

A camporee for beginner campers will be held May 3-5 at the same location. This will enable many girls to be on the same basis and not compete with experienced campers. The camporee is

the first to be held in this manner, and approximately 400 girl scouts are expected to attend.

Girl scouts of Troop 126 attending the camporee were Chanla Harrell, Nelda Stone, Tina Moore, Caron Collier, Beth Fowler, Velma Brock, Diana Breedlove, ZAnn Eller, Julie Davis, Dawnya Gilreath, Kim Pride, and Stephanie Montgomery. Mrs. Robert Breedlove, troop leader, and Mrs. Jack Montgomery accompanied the troop.

BYRON BALDWIN

Many of you can remember when Newlin was a thriving business town, with several business houses, and the Farmer's State Bank as well as a very thickly populated area with good schools and strong churches. Some of the younger generation would be hard to convince that there was so much going on in this town.

I visited a short time in the American Legion Hall last Sunday where they were having the Newlin, Texas homecoming. From the looks of the crowd attending this reunion, I would estimate that the offspring of Newlin would amount to ten thousand people to populate the U. S.

School teachers who taught in the Newlin Schools present at the reunion last Sunday were: Mrs. Schuyler Ballard, Mrs. Della Palmeyer, Mrs. Elsie Guthrie and Joe Allen Ballard. They were visiting with their former pupils.

The first people I met when I entered the Legion Hall were Mr. and Mrs. Frank Solomon now of Shamrock, Texas. Frank married Mable Newton. Others I met were: Jack Tucker, son of the late Mr. and Mrs. George Tucker and brother of Mrs. J. R. Mitchell; Mr. and Mrs. Stafford Spull of Amarillo; and Mr. and Mrs. Max Nail of Illinois. Mrs. Nail will be remembered as Eunice Leary, daughter of the late F. E. and Mrs. Leary of Memphis. Max is the son of the late Mr. and Mrs. Jim Nail. I met Mr. and Mrs. James May of Quitaque, Texas. Mrs. May will be remembered as Dorothy May who was a nurse in Odum hospital. Mr. and Mrs. Andy Gifford of Floydada were there. Andy is the son of the late F. R. of Turkey, where they moved from Hood County in 1920 travelling in a covered wagon. Andy married Marjorie Huckabee, a Newlin girl.

I met Mr. and Mrs. Carroll Berrymore of Lubbock. Carroll was an Estelline boy until he married that good looking Gresh-girl (sister of Roy), and that tied him to the Newlin tribe. Even though they have been away from Hall County several years, they still call Hall County their home county, where love and affection is more abundant than anywhere they have been.

Another old faithful to Hall County I met was Ruth Woodson Daniel of Floydada, who along with Gladys (Helm) Reed, makes most all of the Hall County celebrations. We missed Gladys' little sister, Anna Margaret Clark at this reunion.

Seeing Mrs. Elsey Rushing and her sons, Robert and A. J. and

also the nephew John Alex Rowell, brought back memories of the sign on the side of the building in Newlin of the General Merchandise Store they operated for a number of years.

About 66 years ago I made the acquaintance of an outstanding character, who was from Newlin, Tex. The man had on a pinched top cowboy hat, boots, and spurs, a silk cowboy handkerchief around his neck, a vest with a pocket watch attached to a heavy gold watch chain across his chest with gold pieces hanging on the chain and a 6 shooter on his hip. I met some of this man's descendants last Sunday, Mr. and Mrs. Tom Rowell of Estelline, and their grandson, Harry Clements, and W. H. (Bill) Rowell, named for the character I named above who would be his great-grandson. This third Bill Rowell I thought at first to be an undercover man with his long hair and whiskers. I guess he inherited the like for gold from his great-grandfather, as he is now in the jewelry manufacturing business at Levelland, and Bebe Lehman of Amarillo.

I wish I could have had all of names of the people, but it would be impossible.

From my understanding Judge, Ruby Roden, Joe Allen Ballard and Roy Greshman did a lot in promoting this reunion. I will say that from my observation this was a good looking, prosperous and healthy group of people with smiles and expressions of love for their friends. It made me think of that old time song, "Old Time Religion", that makes me love everybody.

They had a big dinner for all, and music was furnished by Dwight Floyd, Melvin Srygley, Mack Graham, James Cerna, Conrad Reyes and Clyde Saffell. Well as Larry Hooper would say, "I had a good time too," meeting all of these good people.

Another person I met when I first made my entrance to the Legion Hall was Mrs. F. E. Leary, who was an early day resident of Newlin, and I think she and Mr. Ed owned the first automobile in Newlin.

Mrs. Arvin Orr had as her guest in Hall County Heritage Hall Mrs. Ruby Quinlan of San Diego, Calif. Ruby and Mrs. Orr were school-mates at McAllister, Okla. 43 years ago. This was the 2nd time they had seen each other in 35 years.

Ruby's husband passed away in November of 1972. She has 3 daughters living in Calif., South Carolina, and Houston. She has 8 grandchildren.

The daughter of Mrs. Arvin Orr, Carolyn, has served as Stewardess for American Airlines the past 3 1/2 years and still likes this work in the air.

Una Vay Nabors had as her guest in Heritage Hall, Bonnie (Bradley) Taylor of Colorado Springs, Colo. She will be remembered as the daughter of Mr. and Mrs. John Bradley, who passed away in 1950 and 1937. Bonnie left Memphis in 1946 after graduating from M. H. S. She married Gene Taylor in 1946. They have one son and two daughters. The members of the John Bradley family now living other than Bonnie are: Rhebo of Amarillo and J. D. of Burlington, Vt., who retired as a warrant officer about 10 years ago. Bonnie mailed J. D. one of the Hall County miniature bales of cotton.

We had as guests in Heritage Hall Den 2 Cub Scouts, headed by the den mothers, Mrs. Billy Combs and Mrs. Charles Waller. This is the oldest den of Cubs under the Weberlow. They had a group of 7 and are now down to 4 as the others were promoted with their age. In this group were: Bret Combs, Rickey Mackey, Charles Waller, and Shelly Waller (Scout Mascot).

Mrs. G. W. Wiggins had as her guests in Heritage Hall, Mr. and Mrs. Stan Turner will be remembered as Ann Wiggins who was in the 1957 graduating class of M. H. S. After leaving Memphis she lived 10 years in Amarillo, and has lived in Wichita, Kans. the past 8 years. They have one daughter, Rhonda. Ann worked with me in the store in 1954.

Other visitors in Heritage Hall were Mr. and Mrs. Thurman and Mr. and Mrs. Byron Selle and daughters all of Del. Okla. Mrs. Thurman Selle will be remembered as Ruthie Lee McQueen, daughter of the late John and Mrs. McQueen of Memphis. She attended school at Harrell Chappell, Newlin and Clarendon. She was in the graduating class of 1929. She married Thurman in 1935. They have 3 daughters, and one son all married. They have 10 grandchildren. I asked why they named their son Byron, and she said Byron Todd was a good friend of hers and Thurman had 2 school teachers by that name.

While making the rounds in Hall County Hospital, I found Dub McCreary a patient and his wife, Zera Mae, and son, Jerrell trying to satisfy Dub's wants while lying flat on his back. Dub and Zera Mae (Gerlach) McCreary graduated from M. H. S. in 1934. They moved to Shamrock in 1947 where Dub worked for the West Texas Utilities for three years, before moving to Paducah, where he has continued work with this company, making him a total of 27 years. They have 3 sons and 6 grandchildren. Zera Mae reminded me of the fact that her first work serving the public was working for me 40 years ago. The way she has survived over the years I think she has spent part of this time at the fountain of youth.

I noticed the 12th street bicycle brigade riding down the street a few days ago and one particular thing I noticed in this brigade was that Patti Pope had not been liberated as her husband was doing the peddling and Patti was riding the backseat.

Our town has been over-run with insurance men. roof adjusters for roofs, window glass and automobiles, with roofing men with their ladders. This group of people have really had the spotlight on the stage as they have performed the past 2 weeks. Also there are a lot of extra clerks and typewriters clicking off the details of each insurance policy. There is a lot of difference in operation from a hall storm like we had recently than it was 60 years ago.

I remember one occasion when the Ladies Aid Society was serving dinner in one of the new buildings on the South side of the square. The principal mode of travel then was by horse and mule power. The horses were hitched to posts or sidewalk rings all around the square. The big chunks of hall came breaking out windows and some horses broke loose and ran away. The hailstones were so large that they killed some livestock and left

We received another picture of the 1926-27 graduating class of M. H. S.

Standard of Living Remains High Locally

NEW YORK, Apr. 20 — How high is the standard of living in Hall County?

How much have local residents been spending annually for gift-ticket items such as cars, washing machines, dishwashers, furniture, carpeting and the like?

Some idea of the amount of money that has been going for such equipment may be gleaned from a new government study.

It is based upon data gathered from all areas of the country through a sampling survey conducted by the Department of Commerce.

The purpose was to determine just how much of the average family's income, locally and elsewhere, went for such durables in the five years ending January 1973.

In Hall County, according to these and other figures, it was a period of rising incomes and bigger spending. Families were upgrading their way of life, buying better homes, more expensive cars and spending more for household equipment and leisure-time pursuits than ever before.

With the purchasing power at their command, their outlay for durable goods in the five years averaged approximately \$5,585 per household, based upon the overall survey findings and upon local income and spending data.

This compares with \$4,319 per family in the United States and with \$4,125 in the Southern States.

Of the total, some \$3,908 was spent for new and used cars.

Furniture took another \$519 per local family, color television sets, \$230, and refrigerators and freezers, \$131.

The rest went for air conditioners, washing machines, clothes dryers, kitchen ranges, dishwashers and the like.

The enormity of the car market is indicated by the figures in the government report, which show that families throughout the United States spent no less than \$125 billion in the five years in the purchase of 40 million new cars and another \$67 billion for 68 million used cars.

By way of comparison, all the 13 other kinds of durables covered in the survey totaled only \$82 billion.

Annually, on the average, one family out of eight bought a new car during the period and slightly more than one out of five bought a used car.

Travis Elementary To Hold Annual Spring Round-up Day Wednesday

The annual Spring Round-up Day for children who will enter school in the fall will be held Wednesday, May 8, at 9:30 a. m. at Travis Elementary School, Mrs. Brunetta Morris, principal, announced this week.

Children, who will be 5 years of age on or before Sept. 1, 1974, and plan to attend public kindergarten, will be registered between 10:00 and 11:00 a. m. and return home with their parents, Mrs. Morris stated.

Parents are requested to bring the child's birth certificate and his immunization record to school in order that it may be recorded that day. Children must be inoculated against all diseases required by the state law before they can enroll in school, Mrs. Morris explained.

Children who will be entering first grade in September are invited to stay and visit the classrooms after registering. "This will give your child an opportunity to get acquainted with the first grade teachers and to be introduced to the classroom procedure. He will also become acquainted with classmates with whom he will be associated in

school," Mrs. Morris said. "We want all students who will be entering first grade to have lunch as our guests at our cafeteria," Mrs. Morris concluded. Children should be picked up at 12:30 p. m.
