"The Country Store" a 25-foot front clothing store on the south side of the Memphis square, burst into flames at 6 p. m. last Thursday and Memphis Volunteer Firemen put two pumper trucks into service battling the blaze.

By 6:40 p. m. the fire threat to the entire south side of the Memphis square was passed, but the building and contents of The Country Store were a total loss as flames gutted the structure.

Barron Smith, owner of the store, this week has been investigating possible sites to reopen the store in another location, or at the same location if the structure is replaced.

Hollis Boren is owner of the property. Estimates of total damage run in the \$30,000 range. The store was completely gutted and the roof collapsed during the blaze. Flames, at times, billowed from the front and roof of the store. Smoke darkened the sky on the square.

Fowlers Drug Store, located just west of the burning structure, sustained considerable smoke damage and flames almost caught the roof on fire. The Movie House, located to the east, also had smoke damage.

Firemen attack the blaze from the rear and from the front, with others working on top of the two building next door. Brick walls between The Movie House and Fowlers Drug Store prevented the fire from spreading into these structures.

The fire walls plus the efficient and fast work of Memphis Volunteer Firemen saved the rest of the block. Firemen report it was tough and go for a time. The cause of the fire has not been determined but it is ap- (Continued on Page 8)

Clayton had just shut off the gasoline from a 2,000-gal. trailer, when filling the storage tank. Fumes were ignited by an air conditioning unit nearby.

AN EDITORIAL It's An Outrage!

It finally happened. This editor is angry. Seldom do things occur in our community which really sets him off but an event occurred Monday evening in the Memphis City Park which should bring an anguished cry from everyone.

Someone killed a mother monkey, with her baby clinging to her back, with a rock, and stole the baby monkey. The baby of the mother, named "Misty", was lying on the ground with the side of her skull bashed in and no trace has been found of the infant.

Now the monkey population in the Memphis City Park has been reduced to three, thanks to this cruel, vicious act of someone who cannot accept seeing people enjoy pleasure.

Children and people throughout the area have enjoyed the monkeys living in the Memphis City Park, placed there by P. A. Cowan. It began with two, then grew to five, a male, two females and two infants. Now there are three.

Reports have come in to us in the past of youngsters chunking rocks at the monkeys. These reports have been passed on to city officials but no one was caught. The baby monkey needs to be returned to the monkey colony. They require special attention and special environment and diet. By living in the trees they are relatively safe from humans, unless humans chunk them with rocks or shoot them with guns.

Mr. Cowan has donated the monkeys to the City Park and the people, and accepted the responsibility of seeing after their welfare, night and day, winter and summer, providing food and care.

His only reward is the happy voices and enjoyment he sees in visitors' smiles and voices as they follow the animals throughout the trees in the park.

What can we do now? The least we can do is to prevent this from ever happening again. We, citizens, can put a stop to this if we are concerned and really care. Responsible youngsters themselves can lead the effort. They usually are in and out of the park constantly.

What of the fate of the baby monkey? We don't know. someone, somewhere, does know. It's a good bet that there was more than one involved in the chunking episodes which resulted in the lucky throw and the fatal results.

DAVID COFER, 1974 CLUB GOLF CHAMPION

David Cofer Wins Golf Championship

David Cofer, 17-year-old son of Mr. and Mrs. Melroy Cofer, posted rounds of 72-73 for a total of 145 to take a two-stroke victory in the Memphis Country Club championship golf tournament last weekend.

David, who plays golf left handed, was two strokes off the pace after Saturday's rounds, but after the 27th hole Sunday afternoon he was in sole possession of first place, by playing the front nine even par.

The match, however, became all tied up when Cofer bogged the 34th hole and was nine over par at that point. Barry Ward was nine over at that point also.

"I had five boggies on the back nine and I knew I had to par the last two holes if I was going to win," David said. David's wedge chip shots from the frog hair around the greens was the outstanding point of his game Sunday, coupled with an effective putting stroke.

Ward hit a "too good" shot at the par 3 (no. 8) hole and the ball went long over the flag. Recovery from a difficult lie was almost impossible and Ward came out of the hole with a six, finishing in third place along with Danny Scarbrough at 148s. Ward won the third place decision.

Gayle Monzingo, six strokes off the leader after Saturday's round turned in the best score in the championship flight Sunday a 71, to capture second place with 147. All the golfers were having (Continued on Page 8)

A Salute To The Firemen!

At 6 p. m. last Thursday the Memphis volunteer firemen were called to a big fire at The Country Store, on the south side of the Memphis square, heart of the business district.

Then they completed their work extinguishing the fire about thirty minutes later, the store was completely destroyed, but fortunately for our community, the major damage was confined to this one structure.

Fowlers Drug Store on the west was spared only smoke damage, as was The Movie House on the east, but fortunately, the fire did not sweep the entire south side of the square.

Firemen arrived at the scene with two pumper trucks, tied on the two fire hydrants on Fifth Street, notified Frank B. Foxhall of the Donley County WCID No. 1 to watch the water pressure, and attacked the fire from the front, rear and tops of both buildings.

The equipment functioned beautifully, the firemen worked as a well drilled team, despite hot weather, normal strain on the local water system, and a hot fire in a wooden structure, damage was confined to the one building. It was close for a while, concern was etched in the faces of the firemen. A Wellington fire unit was called in just in case, and stood by while firemen picked up hoses and cleared away debris.

Whenever a fire breaks out of the magnitude of the Thursday fire, it brings to mind how quickly a fire can get out of hand. As soon as the smoke was noticed in the building the firemen were called. Those that were first witnesses reported it seemed like hours before firemen arrived, when it was only a few moments. This is common in such circumstances when a fire can race throughout a structure in a two minute period.

It was just another few minutes, about the length of time it took this editor to rush two blocks to the newspaper office and pick up his camera and rush two more blocks to the scene, until the water was going on the fire.

Firemen work and practice on these maneuvers all the time. The whole effort depends on how quickly the fire can be contained.

Memphis is fortunate that a well trained volunteer fire department was ready to go. We can be thankful that the entire southside of the Memphis square didn't go up in flames Thursday afternoon. It was the work of the firemen which prevented this from happening.

What Other Editors Say

Staying Put

Some people stick to a job for years and others bounce around from one job to another without ever finding just the job they like.

A New York management expert and college professor has done some research on this and says that your job can be habit forming, just like smoking or drinking or marriage.

In fact, he says that if a person stays with the same firm for five years, it is hard to break that habit and move to another company.

And if a person does make a move after six years with the same firm, a certain restlessness takes over and chances are that he will take another job. And maybe another and another.

Oliver Neihouse, the manage-

ment expert, says that a study shows that of those who left a long term position after six to 20 years, between 37 and 40 per cent left their next jobs within two years.

The management expert attributes these frequent, swift changes to the fact that the executives are looking for the comfort, security and close relationships with fellow employees that they had in their first job.

"They can't find it," he said.

"They begin bouncing around like the proverbial ball. It's kind of pathetic. A man doesn't know what he is looking for. He doesn't know what is causing his uneasiness."

Naturally, Neihouse said, there is a new power structure and support service on every new job which many people can't cope with.

He said some people remain on the job because it is easier to continue than to break ties and start anew.

It may be that the job you have is better than the job you are eyeing. The grass is not always greener on the other side of the fence.

They won't recognize the place, for it really has grown. There are so many lovely new homes there now, and really does one's heart good to see what a lovely town it has become. They couldn't have picked a nicer town to be the Capitol of Cotton in the Panhandle."

The home of Mrs. Mack Richards, southeast of Memphis, was the scene on Friday evening, July 12, for a lovely prenuptial shower given to compliment Miss Carol Godfrey, bride-elect of Roger Wann of Adrian.

Guests, who called between the hours of 7:30 and 9:00 p. m., were greeted by Mrs. Richards and presented to the receiving line composed of the honoree, Miss Godfrey; her mother, Mrs. Benny Godfrey and the mother of the groom-to-be, Mrs. O. A. Wann of Adrian.

Mrs. Joe Ed Godfrey presided at the registration table to secure signatures of more than 50 guests who called during the receiving hours.

The bride-to-be's chosen colors of pink and white were noted in party decorations. The serving

table was laid with a lovely white cut-work cloth. Table appointments were in silver, near the end of the table was an arrangement of pink daisies in a basket flanked by pink tapers.

Alternating at the punch service were Susan Godfrey and Mrs. Barry Ward.

A lovely selection of gifts were on display in two of the rooms of the party suite. Display tables were covered in white and decorated with small clusters of pink flowers.

Miss Godfrey and Mr. Wann will be married here at the First Baptist Church August 10. They are both students at Southwestern State College, Weatherford, Okla.

Hostesses for the courtesy included Mmes. Barry Ward, Ben Moss, Robert Montgomery, Jo Carmen, Les Sims, Robert Moss, Bob Douthit, Harold Smith, Gene Lindsey, Bill G. Kesterson, Bill Lockhart, H. R. Lt. Col. Sim Goodall and family were visiting in Memphis a few days ago. They have been living in Canbury Australia for the past several years. We are glad to report that they are getting transferred to the States.

This will be shorter visit for Grandpa Goodall. Sim is being transferred to the War College at Maxwell Air Base which is located at Montgomery, Alabama. Sim's wife and children are now visiting with her family in South Texas.

Mrs. Clinton and Minnie Voyles had as their guest in Heritage Hall the past Saturday, Carol Sheppard of Longview, Tex. Mrs. Sheppard will be remembered as Carol Voyles, daughter of Clinton. She reported that she graduated from M.H.S. a long time ago, which was in 1966. She loves the pines in East Texas and was complimentary of Hall County Heritage Hall. Her sister Nancy graduated from M.H.S. in 1970 and is now living in Lubbock.

Mrs. Carl Jack Smith with Kim and Carl Jack III of Roanoke were visitors in Heritage Hall the past week. Little Kim is only 7 years old, but is a natural artist at painting pictures. Carl Jack is now busy on construction at Ben Hagan golf course.

Mrs. Charles McBee had as her guests in Heritage Hall, Mr. and Mrs. Johnnie Hammond of Corpus Christi. Johnnie and Mrs. Charles McBee are children of the late O. L. Hammond, who moved to Hall County in 1917. There were 3 daughters and 4 sons in this family. All are now living with the exception of Willie, who died in Germany while serving in the U. S. Army. Johnnie married Lela Hale in May of 1927. Lela will be remembered as the daughter of W. S. Hall who operated a Jewelry store on the north side of the square about 1928. They have 1 son and 1 daughter. Johnnie remembered working with Charles McBee for the J. C. Woolridge Lumber Co., when A. R. Evans was the Mgr. and Huck Berry was the bookkeeper. This family seems to be proud of Heritage Hall.

Mrs. Harry Aspgreen had as her guest in Heritage Hall, her

sister, Vida Faye Barnhart of Pueblo, Colo.

Mrs. Harry Aspgreen had as her guest in Heritage Hall, her sister, Vida Faye Barnhart of Pueblo, Colo.

She will be remembered as Vida Faye Thurman, while attending school here. She remembered some of her teachers were, Miss Ezzell, Marie Thornton, Ira Hammons, and Mrs. Jewel Stamford. Some of the school-mates she remembered were: Harold Foxhall, G. W. Smith, Jack Baldwin and Harold Hightower.

She said the nearest narrow escape she had in school was when the teacher returned to the room unexpectedly and caught her reading this Teacher's love letter. She did have a short study of love letters.

She remembered Dr. Tate's Medicine Show.

Zadie Bell Walker of Sperman, Tex. had as her guests in Heritage Hall, Mrs. O. L. Hughes, and Mrs. W. L. Moran of Houston, Tex. They attended school here and will be remembered as Lera and Jewish Martin, daughter of the late T. H. Martin, who moved to Hall County in 1909 and lived here for 15 years and moved to Lubbock, where they made their home until 1939. Then they moved to Houston, Tex.

The other member of this family is Ferman Martin, who was Editorial Cartoonist for the Houston Chronicle for over 25 years. He has now retired but is still painting pictures. We have 12 of his original cartoons framed and hanging in Heritage Hall.

The two sisters said, "Don't let Houston know it, but you have a better museum than Houston".

Zadie Bell Walker told me last year was her last year, but she has changed her mind and is going to teach another year before moving back to her home town.

Mr. and Mrs. Floyd McIntush had as their guests, Mrs. C. R. (Slats) Burk of Del Norte, Colo. and her daughter Merlene Wint-ham of Danville. Mrs. Burk will

be remembered by her school mates here, as Ruth Bean, daughter of the late Mr. and Mrs. E. Bean, and sister of Mrs. McIntush. Ruth graduated from M. H. S. in 1929. She and Slats were married in 1932. Slats served 3 years in the Navy. They left Memphis in 1942 and moved to Del Norte in 1946, where Slats passed away in 1968.

Ruth is now a dental assistant in Del Norte and has been for 6 years. The J. W. Burk family lived west of Memphis in the early 1900's. There were 7 sons and one daughter, Mrs. Floyd McElrath. The one survivor of this family is Al Burk of Tulia, Texas.

Merline Burk attended grade and Junior High School in Memphis. She graduated from Del Norte High School and attended college in Kansas. She married Wintham in Memphis in 1955, and still holds Tom Posey responsible for her getting tied up for life.

Merline has been an R. N. for almost 20 years. Warren has been flying Navy and Commercial planes since 1957. They have lived in Hutchinson, Kans.; Memphis, Tenn.; Long Beach; Guam; and Danville, Calif., where Warren is now flying D. C. 747's for Charter Carrier Service which is National and International. Merline said she spent 7 weeks in the Holy Land in 1965, visiting her daughter, Toni. Merline has the distinction of being the only grandchild of the E. Ben family. Merline says she and Warren have 1 daughter, 1 son-in-law, 1 grandson, and 1 granddaughter. The school pictures were very interesting to Ruth and Merline.

A letter and package was received the past week from Mrs. E. W. Bodfrey Jr. of 8308 Gulf Freeway, Houston, Tex 79017. The items in this package were a contractor's Handy book to T. K. Hinger from the Lehigh Uortland Cement, and a pair of reading glasses prescribed by the late J. A. Odom.

The Fire Department had trouble with timing the fire siren. I think what got it out of time was Edd Cudd's yodeling!

Other visitors in Heritage Hall were, Mrs. Bob Snowden Hatch of Portales, N. M., and her son, Bill Snowden, and wife, Pat, of Carson, Calif. Mrs. Hatch will be remembered by some of you as Liby Wallace, daughter of the late Mr. and Mrs. W. B. Wallace who moved to Hall County from Conway, Ark. in 1912. Liby graduated from Elite School in 1912. Bill's father, Bob passed away in 1944, the same year Bill graduated from M.H.S. Some of the teachers they remembered at Elite were, Maggie and Edna Bryan and also Baker Jones. Bill and his mother, both worked for the Kraft Cheese Plant while it was in operation in Memphis.

Other visitors in Heritage Hall were, Mrs. J. L. Winebrinner, Linda Payne and Olene Edwards of Turkey, Texas.

I had a short visit with Kermit Monzingo of Wichita Falls a few days ago, and he reports that he is now married to a grandma who has 7 grandchildren.

Bill along with Otis Mixon and

Carl Baker joined the Merchant Marines in 1944. Bill and his mother moved from Hall County to Portales, N. M., in 1947. Bill then joined the Air Force where he served 4 years in Electronics, and has now been working for Hughes Air Craft the past 17 years. Bill's wife' uncle, Arthur Starnes lived in N. W. of Eli about 1900. Bill's grandfather was a pioneer as he made the 2nd move from England before locating in the Panhandle. Before filling on land in Hall County, he operated a flour mill in Childress and Vernon.

Other members in this group visiting in Heritage Hall were: Harold Hatch of Portales, Bob and Gene Snowden of Carson, Calif. There has been a lot of water and sand gone under the bridge since grandpa Snowden landed in Hall County.

Other visitors in Heritage Hall were, Mrs. J. L. Winebrinner, Linda Payne and Olene Edwards of Turkey, Texas.

I had a short visit with Kermit Monzingo of Wichita Falls a few days ago, and he reports that he is now married to a grandma who has 7 grandchildren.

We received a letter from Mrs. G. R. Sensabaugh Sr. of Dallas the past week and she asked that picnic cards be sent to the correct addresses of her brother and sisters. She had talked to Paul (Sonny) Jones Jr, who lives in Dallas, and he might make the picnic this year. We will look forward to this family reunion.

There are two different words you can use for a person, who retires. The first word you think of is, congratulations, and after thinking a little while you come use both of these words I will use Ruby Reynolds, who retired the past week after working for General Telephone Co. Many years.

My observation last week of the re-roofing of the First Christian Church, was that Pastor Tom Posey was training acrobats for the circus with all of the ropes hanging over the roof with them holding on to the ropes and driving nails.

With all of this roofing and shingling going on, it may be contagious, as I understand that the past week Ruby Thornton & Red Lindsey, now have the shingles. I hope they soon over-

FALSE WORSHIP

Thy shalt worship the Lord thy God, and him only shalt thy serve.

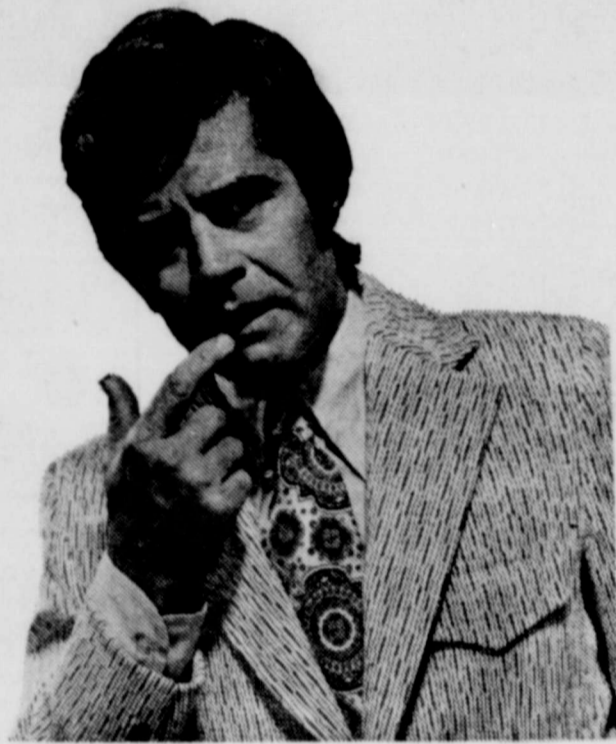

-Deuteronomy 6:13-14

We moderns do not believe in the worship of idols. And, we find it difficult to understand that in some remote corners of the earth men still pay homage to false gods or to creatures real and imaginary.

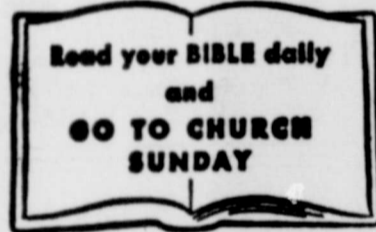

Yet, we are not so perfect that there is no message for us in the above quotation. It is not enough that we worship and serve God at least once a week, and, having done so, feel "free" for six full days.

We do not worship idols. We know better. Yet, perhaps, some of us spend too much time in search of material things, too little in service of God. We worship God—but what value do we place on other things—money, fame, social position, etc.

We need, from time to time, to examine our conscience—and measure our sense of values.

He restoreth your soul....Worship together this week
