MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, OCT. 16, 1975 \*\*\* 15c (Inc. 1c sales tax) \*\*\* NUMBER 24

**OTHER SUMMARY**  
Hall County area received... Memphis itself... other areas received... Rain seemed to be... the southern portion.

**KEY SCORES** — Aided by effective blocking FB Charles Bryley dives into the end zone during the Cyclone's go-ahead touchdown in the third quarter of the Shamrock game Friday. On the right is pictured End Joe Reyes, and on the left of Bryley is Kirk Fields.

## Memphis-McLean Play Football Here Friday

Memphis Cyclone will be the McLean Tigers Friday night in Cyclone Stadium as the 3-A play enters the third night. Game time is 7:30 p.m.

The Tigers, under Coach Robert Mears, have two senior backs, No. 10 Marty Dunivan, 165 lbs. at quarterback, and No. 40 Gary Bonner, 176 lbs. at fullback, and two sophomore backs, No. 44 Curtis Simpson 155, and No. 20, Sammy Haynes, 165, at halfback, making up their offensive backfield.

Ends are No. 80 Billy Terry, 155, and No. 87 Morse Haynes, 160, while No. 75 Chris Moore, 150, and No. 70 Ken Parker, 190, are at tackle positions. Guards are No. 62 Todd Darsey, 145, and No. 66 Dean Trew, 155. Randy Kennedy, No. 72, 170 lbs. plays center.

## 34 Students Listed On MHS Honor Roll

Clinton Voyles, principal of Memphis High School, this week released the honor roll for the first six-week period of school.

Listed were 13 seniors, five juniors, four sophomores and 12 freshmen.

Students listed were as follows:

Seniors: Zetta Austin, Bonita Ballew, Helen Bolden, Lynn Brumbalow, Dorothy Cabler, Martha Clark, Sara Fowler, Charlene Richardson, Melba Walker, Steve Boney, Charles Phillips, Dale Wiginton and Randy Wilson.

Juniors: Jana Davis, Steve Browning, Joe Hillhouse, Pedro Salinas and J. Frank Spry.

Sophomores: Alice Anglin, Debbie Atkisson, Gynell Roberts and Sonny Morris.

Freshmen: Tammy Browning, Theresa Davis, Donna Ferrel, Lisa Ferris, Peggy Fowler, Tina Foxhall, Donna Maddox, Patricia Wheeler, Sheri Woodward, Robert Kehr, Lance Long and Michael Roden.

## Lakeview School Announces Six Weeks Honor Roll

The Lakeview High School honor roll for the first six weeks has been announced this week by Alexander Swann, superintendent.

Named were: Seniors — "A" Honor Roll, Sidney Gardenhire; "B" Honor Roll, Jean Berry, Theresa Chapman and Sherry Lemons.

Juniors — "A" Honor Roll, Belinda Barbee, Billy Chapman, Karen Cofer, Gorinda Hall and Christi Whitten; "B" Honor Roll, Brad Byers, Gary Gregory, Debbie Hodges, Chris Molloy, Susie Reyes, Tina Watson and Irene Morquecho.

Freshmen — "B" Honor Roll, Rachelle Barbee, Gregg Clark and Leslie Cofer.

Eighth and Seventh graders who were listed on the Jr. High Honor Roll for the same period include: Eighth Grade — "A" (Continued On Page 10)

## County's Bank Figures Show Slight Increases

## Tech Drummers Are Half-time Feature

The third quarter financial statements of condition of the three Hall County banking institutions published this week reveal that county citizens have about one-half million dollars more in the banks now than they did last October.

The combined total assets figure of the three banks is \$30,839,030.94 as of September 30, 1975, which is an increase of \$432,776.46 over the October 15, 1974 total assets figure.

Total deposits as of Sept. 30 of this year totaled \$27,481,003.90 or an increase of \$473,137.79 over last October 15 figure.

Also increased is the loan figures of the three banks which has climbed to \$16,629,847.76, up \$1.7 million over last year.

Statements of Condition of First National Bank of Memphis, First State Bank of Memphis, and Peoples State Bank of Turkey, are published elsewhere in this issue.

Crop prospects appear to be some brighter than they were last October, as warm fall weather has allowed for greater maturity of the county's cotton crop.

## Texas Ind. Comm. Team To Be Here Next Tues.

The Texas Industrial Commission will have their industrial development team of consultants in Memphis Tuesday, October 21, for an area-wide industrial development seminar.

The seminar will be hosted by the Memphis Chamber of Commerce for officials and civic leaders of Claude, Clarendon, McLean, and Memphis. The seminar will be held in the Memphis Community Center and will begin at 9:30 a.m. and conclude at 4:30 p.m.

The seminar delegates will meet with the Memphis Rotary Club and will be served lunch compliments of Long Star Gas Company and West Texas Utilities Company both of Memphis.

"In the past communities traveled to Austin in order to receive the benefits of the development seminar; however through the assistance of State Representative Phil Cates we have been given the opportunity of receiving the same format of the seminar here in the Texas Panhandle." Jim Ed Wines, Executive Vice President of the Memphis Chamber of Commerce stated.

The industrial development team will be led by industrial consultant, Homer Tucker, former Memphis resident. Industrial development procedures and assistance will be furnished to delegates to fit his own community in the search of future industrial expansion.

Attending the meeting here Tuesday will be: State Rep. Phil Cates, who will give the welcome address, Homer Tucker of Austin, Sr. Industrial Development Consultant, Jerry Heare, Dir. of Community Services, Collier Watson, Texas Dept. of Community Affairs, E. H. Sheffield, Manager of Community Service of TIC, Richard Petree, Mgr. of Ind. Dev. Dept. WTU of Abilene, and Richard Pierce, Mgr. of Travel Dev. and Inf. Division of Austin.

Chamber President Mike Branigan and Vice President Don-Long will be in charge of the Industrial Development Seminar this Tuesday.

Any interested Chamber of Commerce member should contact either one for more information concerning the all day seminar.

## Hall County Farm Bureau To Have Convention, Chili Supper Saturday

Hall County Farm Bureau will have its annual convention and chili supper beginning at 6:30 p.m. Saturday, October 18, at the Community Center, Leon Helm announced.

Eight Proposed Texas Constitutional amendments will be presented.

The business session is scheduled to begin at 7:30 p.m. The convention will elect seven directors, and the adoption of resolutions will be the order of business during the session.

All Farm Bureau members are invited to attend the chili supper and annual convention Saturday evening.

## Quarter Horse Show To Be Held Here Saturday

The Hall County 4-H Quarter Horse Show, an approved show by American Quarter Horse Association, will begin at 9 a.m. Saturday, October 18, at the Horse arena located four miles north-east of Memphis on the Quail Highway.

The show is approved by AQHA, Golden Spread Quarter Horse Assn., Panhandle Exhibitors Assn. and Quarter Horse Assn. of West Texas.

Horses from three states are expected, Texas, Oklahoma and New Mexico, and if weather is good, a large field is expected.

Sponsored by the Hall County 4-H, ribbons, trophies and spurs will be awarded as prizes.

In the Performances Classes, entry fee is \$7.00 while in the Youth Activities, entry fee is \$4.00. One pair of spurs will be awarded for All-Around Horse. Trophies will be awarded to Grand and Reserve Champion horse in each division at halter.

A total of 25 classes will be judged in the morning, including mares, stallions, and geldings, with grand and reserve champions selected for each group.

The afternoon session will include Western Pleasure, Western Horsemanship, Western Riding, Trail Horse, Reining, Barrel Race, and Pole Bending.

The judge will be Roland Moore, and Roy Molloy will serve as show manager.

It is expected to take all day, until possibly dusk, to complete the events of the show.

There is no admission charge and the sponsoring organization will have refreshment stand open.

This is the first Quarter Horse show to ever be held in Hall County and all entry requirements and regulations governing the conduct of the show will be in accord with the latest official AQHA handbook.

**POSTER WINNERS** — Fire Prevention poster winners from Travis Elementary are pictured above. From left to right are: Third place, Stephen Cruze, First place, Carolyn Evans, and Second place DeEdra Evans. Faculty members of Travis extended a special "thank you" to Memphis Firemen for sponsoring the Fire Prevention Week activities. Winners received checks from the firemen as prizes.

**AUSTIN WINNERS** — Shown above are Fire Prevention Poster winners from Austin Elementary (4th and 5th grades). On the left is second place winner Jesse Marines. Standing in First place winner Denise Lemons, and on the right is third place Terry Pepper. The six winners from Memphis will go to the regional contest for judging. Students may pick up their posters at the Fire Hall with the exception of winning posters.

## EDITORIAL

### Absentee Voting Begins!

As the date of the November 4, Special Election on the eight Propositions of the Texas Constitution nears, the date for the beginning of absentee balloting has just passed, being October 15.

Eligible voters can request absentee ballots from their County Clerk's office now, if they will be unable to vote in the voting box of their residence come Tuesday, Nov. 4, for any reason.

The big question is whether or not Texas voters will turn out in significant numbers to make the whole thing of voting on a Proposed Constitution worthwhile in the first place, or whether or not the voters themselves actually understand what they are voting upon when they read the eight different proposals contained on the ballot.

Take Proposition No. 1 for example. The ballot states: for or against—The constitutional amendment revising the separation of powers, legislative, and executive provisions of the Texas Constitution.

Proposition No. 1 contains four Articles. Article I and Article II provides for the separation of powers of the Legislative, Executive and Judicial branches, while Article III sets the size of the Senate at 31 members and the House at 150 members, sets provisions concerning the organization and procedure of the legislature, sets provisions on conflict of interest, continues the governor's power to veto bills or line items on appropriation bills, requires single-member senatorial, representative, and congressional districts, provides a compensation commission to set allowances (salaries) received by members of the legislature, provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house, and allows the legislature to meet in organizational sessions prior to the convening of the legislature in regular session.

Did you know that all that was in Proposition No. 1? If you didn't, you haven't read that 24-page tabloid newspaper the State of Texas mailed to each box holder and postal patron. In order to know what is contained behind the wording on the ballot, each voter needs to read the entire thing.

Continuing on with Proposition No. 1, Article IV, which provides for the status of the governor, lieutenant governor, attorney general, comptroller of public accounts, treasurer, commissioner of the general land office, and secretary of state as executive department officers. It provides for four-year terms for elected executive department officers, for a Board of Pardons and Paroles, and specifies terms and number of members of the Railroad Commission. New provisions includes the commissioner of agriculture as an executive department officer, authorizes the governor to designate chairmen of state boards and to remove those gubernatorial appointments to state agencies for cause unless the removal is vetoed by the senate, mandates the legislature to provide a new governor-elect and appropriation in order to allow the governor to organize an office prior to inauguration, permits the legislature to grant powers of fiscal control to the governor, mandates a periodic review of state agencies by the governor, and provides that all governmental agencies, with several exceptions, have a life of not more than 10 years unless extended by the legislature, and limits the governor to two consecutive terms.

Each of the Eight Proposals are just as detailed as No. 1, selected here for an example, of what is involved in this special election.

Texas voters don't need to be haphazard about marking their ballots. Nor should they just mark "against" on all of the propositions just because they don't understand what's involved or as one voter said, "I always vote against things I haven't bothered with finding out about."

Texas have paid a lot of tax dollars to just get the opportunity to vote on a new constitution. At least, we owe it to ourselves, to be knowledgeable voters when we go to the polls. We owe it to our state to go and vote.

## NOTICE... FARMERS

I have cotton trailers ready for you to pull home, from 20 ft. open front to 32 ft. boxed in.

I enjoy the business in and around Memphis and would like to serve your cotton trailer needs this year.

## ACROSS THE DESK

What Other Editors Say

### Progress On Energy Front

Of all the publicity "poop" which flows across the editor's desk here at The Dispatch, one we find of great interest is the "energy Reporter," a monthly citizen newsletter distributed by the Federal Energy Administration.

We read of advances, large and small, in the constant battle to solve the nation's energy shortage.

For example under a headline, "Crash Diet for Overweight Cars" is a short article reporting results of a study showing how much energy can be gained by taking some of the weight out of America's automobiles.

If the average weight of our cars is reduced from the present 3,500 pounds, car owners would save around 100 gallons of gasoline a year — or 2.1 million barrels of oil a day — about a third of vehicle fuel consumption.

The owner who drives 10,000 miles annually saves up to 25 gallons in the average 1974 car because it uses 80 pounds of aluminum instead of heavier material. Properly designed aluminum parts have been tested as safer too than some conventional equipment — an aluminum bumper which costs half as less and with stands impact better is just one example.

Another item: Hawaii is studying a project to generate electric power by harnessing heat from its volcanoes.

Another item: New legal incentives are needed say scientists studying solar energy which establish "sun rights", which prevent new structures from obstructing the sun's rays. A new Florida law requires new residences must have plumbing which would permit installation of solar energy equipment at a later date.

Another Item: Attendance at the International Solar Energy Society's annual congress reflects growing interest in this technology. In 1970, only 150 participated. Last month 1,900 delegates met at the University of California at Los Angeles to discuss "using Today's Solar Energy for Today's Needs." About 75 companies and organizations displayed exhibits.

Another Item: An elementary school in Atlanta, which opened this semester has become the fifth school in the nation to rely primarily on solar energy for space heating. It uses about 10,000 square feet of flat-plate solar collectors with sunlight used to heat, air-condition, and supply hot water for the school building.

Gains are being made all along the energy front. It's not a full crash program by the federal government, but things are happening. Just as important almost

as the "happenings" is the need for the public to keep aware of energy progress. Americans are an "idea people" and avenues are being established to carry the flow of energy ideas to scientists both in government and industry so worthy ones can be developed. Something is being done about the energy problem — on many fronts in many ways. Be patient, be knowledgeable. When the opportunity comes along for you to save energy by adopting one of the new ideas, give it a try. —The Post Dispatch

Debbie Roden, accompanied by two college friends from West Texas State University, spent the weekend here with Debbie's parents, Mr. and Mrs. Billy Darrell Roden.

### Relatives and Friends Here For Boswell Service

Dr. C. H. Smith and Mark of Duncan, Okla., were here to attend funeral services for Mrs. Alla Boswell and were guests in the home of Miss Imogene King and Mrs. J. R. Martin.

Other relatives and friends here included Mr. and Mrs. Charles F. Jones of San Bernardino, Calif., Mr. and Mrs. Art Brawley and Mr. and Mrs. Joe Bob Brawley of Amarillo, Mrs. J. M. Turner, Mrs. Grant Anderson and Mrs. Frances Appleby, all of Pampa and Mr. and Mrs. Flip Breedlove of Clarendon.

"The press" probably had to ship over to deliver the Sunday's Dallas News in of the billionaire, H. L. Dallas, reported to have worth of 2 to 5 billion dol- the 10 motor vehicles

parked at his home on Lawther Drive were included Lincolns, Buicks and Chevrolets. Reported to be one of the richest men in the world he had only one vehicle in his own name which was a 1974 pickup valued at \$2,500 which was his personal car. His personal bank account showed \$5,443, but his community property bank account was over \$275,000. Anyway, it looks like he did not belong in the soup line with a Texas value of property of over \$55 million and a half-million dollar home. He was known for his austere habits.

Ed McMurry had as his guest in Heritage Hall, his son, Ernest Ray of San Carlos, Calif., the past week. Ernest Ray graduated from MHS in 1942. He served in the Navy three years and has been in California the past 28 years. He has worked for the Southern Pacific Railroads the past 25 years. He is now in the personnel department. He met a Tennessee girl, Dorothy Andre, in California; and they were married in San Francisco in 1949. They have one daughter, age 22, and one son, 19. Some of his schoolmates he remembered were Jo Prater, Jane Tarver, Hubert Jones, Dwight Kinard and James Baldwin. He also remembered meeting Jack Hightower in San Francisco when they were both in the Navy.

Ernest Ray McMurry's grand- parents were early day residents of Hall County. The D. P. Webster family was one of the first families to make Memphis their home. There are only two children now living of the D. P. Webster family, Dot, and his sister, Lulu, who is the wife of Ed McMurry and mother of Ernest Ray. His other grandparents were the late Mr. and Mrs. T. M. McMurry.

The children of Mr. and Mrs. McMurry now living are Gip and Ed of Memphis, Mutt, Dyke, Gene, Bill, Evelyn Powell, Jane Baxo and Nell Dalton of Dumas and Katherine of San Diego, Calif. Ed was telling me about Sallie (Burnett) McMurry, wife of the late Albert McMurry, who recently bought her a new home in Dumas with three bathrooms and she told Ed she wanted to catch up on bathrooms as she remembered the No. 3 tub bath in Hall County on the farm. Sallie will be remembered as the daughter of the late Mr. and Mrs. O. B. Burnett, who

moved to Dumas and introduced Moore County to King Cotton. O. B. Burnett was called the Cotton King of Hall County before moving to Dumas.

Word came to me the past week from Ed McMurry that Raymond McMurry, son of the late Albert and Sallie McMurry, now owns the land in Moore County that was formerly owned by the late Mr. and Mrs. J. Claude Wells who did so much for us from this section of land in their gifts to Hall County Hospital and our local churches. We hope this section of land will continue to do good work.

In the passing away the past week of Mrs. Alla Boswell whom I had known for the past 68 years, my tribute to her would be Mrs. "Inspiration" as she inspired me and many others to get up and get going. She never complained of her troubles, pains and aches and even after she had to use a crutch to get around, I had seen her working in her yard with a hoe. And when Sunday arrived, she would make Sunday School and church services regard- less of weather. That old motto comes back to me, "Let nothing discourage you, never give up." She was a good and faithful pioneer of Hall County. She was the daughter of the late Mr. and Mrs. B. F. King. Mary and Imogene of Memphis are the only survivors of the B. F. King family.

Some of you who moved away from the Harrell Chappell Community and attended church services there in the early days may be surprised to know that the church is still carrying on in Mem- phis where the building was first given to the First Baptist Church for a Mission Baptist Church for the sum of \$1. This building led to what is now known as Travis Baptist Church on 13th and Grundy Sts. I attended the 20th birth- day of Travis Church recently and found out that they have a mone- yary value in their buildings and equipment of about \$200,000. So the early day members of Harrell Chappell Church made a great contribution and still lives on.

Very few stocks pay off 6 to 1 in our present financial oper- ation. I heard of one a few days ago. Billie Thompson had been looking for a Collie dog. A friend gave him this Collie and just 2 1/2 weeks later this dog presented him with 6 little Collie pups. This was a good return on your invest- ment (If you want dogs.)

The B&PW made an outstand- ing contribution to the Commu- nity Building when they saved their money for three years and bought the "Lectern", solid state P. A. system, to be used in the banquet hall. It is operated by batteries or electric current, and will cover the sound for as many as 3,000 people. Each one of the civic clubs should give them a vote of thanks.

In the past few years, so many of our small towns have lost a lot of their population. They have even counted our college kids in the town where they were attend- ing college. I read an article a few days ago in the daily news- paper that made me think there was a chance for some comeback in population after being filled with pollution. The town of Krum, Texas, had a population of 750 people in 1950 and in 1960 the population had dropped to 375, and now in 1975, they have gone up to a population of 475. Some of the younger generation are moving back. One of them was a pharmacist who opened up a drug store without a doctor in the town. Still another young man opened up a garage business and has more business than he can handle.

On a coffee break a few days ago, I overheard a conversation which gave light on one of these men whose occupation was chang- ing by making a bad cheap cot- ton crop. This change in his life affected many others as he spent about 1/2 century teaching school. This all came about in his court- ing days and he almost had to have an automobile. As his crop looked good and with the co-op- eration of his banker, they agreed that he could afford to borrow \$800 and buy the automobile. So he bought the car and owed the note. The cotton crop deteriorated and the price went down, and the cows were turned in on this crop to graze. This man thought he was sunk, but being qualified to teach school, there was an open- ing for him at \$75 per month, and he signed the contract. We never know what will come from some of the things which happen to us that we think is hard luck. If this young man had gone on and made money off of his crop and paid off his note, the chances are that he would have spent his life work- ing just for himself. He now has the satisfaction knowing that he has helped several thousand kids gain their knowledge, and I would bet he gave them good financial advice: "To wait on their crop to mature, pick the cotton and sell it before investing ahead of time."

Car manufacturers are working on the ultimate economy car. You don't have to drive it. It just sits in the driveway and impresses your neighbors.

Last Thursday evening about 6:15, I noticed a picture of an outstanding young man that I thought at the first glance was a

## Locals

Mr. and Mrs. Lloyd Miller of Abilene were here to spend the weekend with Mr. and Mrs. Mike Branigan and family and attend the opening of Branigan's Keep- sake Diamond Center in Amarillo.

TV star until I read one lower part of the picture which said the name "Branigan" and it dawned on me then that it was our "Mike" of Memphis who is opening up a new place in Amarillo. Anyway, as handsome as Mike looked on TV, I think he had on his Sunday suit. Congratulations to him!

Congratulations to Hedley on putting over their cotton carnival in 1975. They do it, I think, with this slogan, "All for one and one for all."

The last report on Robert Sexa- uer who has been in Baylor Hospi- tal for several weeks was that he had made a turn for the better. Hope he will soon be on the up and up.

Mr. and Mrs. Nay Hale of Lub- bock visited here Tuesday with her brother and wife, Mr. and Mrs. Adrian Odom.

Mrs. Carl Harrison, who has been on a tour for the past three weeks, returned home the first of the week. The bus tour took the group into the northeastern states and into Canada.

Mr. and Mrs. Harold Smith visited with friends in Lubbock over the past weekend and at- tended the Tech - A & M football game.

Mrs. Nell Davis was in Altus, Oklahoma, Tuesday to attend funeral services for a cousin, Ray Kancannon.

Mr. and Mrs. Dwight Alewine and daughter of Berger spent the weekend here with his parents, Mr. and Mrs. Monty Alewine.

### Lakeview Young Farmers Meet; For Reorganization

The Lakeview Young Adult Farmers met last week and re- organized the chapter.

Forty-five guests and members enjoyed a steak supper and pro- gram furnished by the Cotton Classing office, Paul Crawford, representative.

Officers of the organization in- clude: president, Jimmy Lemons; vice president, Roy Gene Pate; secretary - treasurer, Keith Gra- ham; reporter, David Payne.

Visiting here with Exie Sweatt and Mr. and Mrs. Gene Hughs and other relatives over the week- end were Mr. Sweatt's grand- daughters, Mrs. Van Schooler and children of White Face and Lynn Bourland of Bryan.

Mr. and Mrs. Lester Campbell were in Lubbock over the week- end to attend the Tech-A&M foot- ball game and to visit with their son, Jay Campbell, who is a student at Texas Tech.

## Second Half Rally By Memphis Cyclone Downs Shamrock Irishmen 20-7 Friday

The Memphis Cyclone rallied for two touchdowns in the second half to defeat the Shamrock Irish in a District 2-A contest here Friday night 20 to 7.

The Cyclone defensive unit denied the Irish on two different occasions in the final half of play inside the local team's 20-yd. line to insure victory for the Cyclone.

The game was not tucked away by the Cyclone team until the closing minutes of the final period when HB Charles Bryley scored on a nine-yd. run climaxing a 38-yd. four-play drive, after the Irishman had tried to pick up a first down on a fake-punt, pass play. This play did not catch the Cyclone defense by surprise, however, and despite the fact the pass was completed, only eight yards was gained on the play, two shy of needed first down yardage.

The Cyclone's offense was sparked by the running of HB Bryley who gained 141 yards on 20 carries, scoring two touchdowns for the Cyclone, and setting up the third TD with a 41-yd. scamper in the first quarter. Cyclone Coach Clyde McMurray had indicated the Cyclone would be putting the ball into the air a lot against the Shamrock defense, but after several passes went in and out of the hands of receivers, the Cyclone began relying on the running game as the game progressed.

The Shamrock team, however, was nearly perfect passing the football, completing six of 10 passes, with the only mistake coming when QB David Ramsey tried to hit end Randy Copeland in the Cyclone endzone and Safety Charles Bryley intercepted for the local team.

The Cyclone's first score came in the first quarter on a 71-yd. drive in eight plays. The Cyclone defense held Shamrock after HB

James Kingston broke for a 58-yd. carry to the Cyclone 22, with Memphis taking over on their own 29-yd. line after four defensive plays set the Irishmen back.

The Cyclone ground game clicked during the scoring drive, with carries by Bryley for gains of seven and two yards, and a QB keeper by Don Cofer making a first to the Memphis 44.

Dick Hutcherson netted three yards out of the fullback position, then HB Bryley ripped for six more. Shamrock was cited for off-sides and Memphis had a first down on the Shamrock 47.

HB Bryley made four yards on

the next carry, and then, Bryley broke through several tacklers and raced to the goalline, only to be stopped on the Shamrock 2-yd. line.

QB Cofer carried to the keeper for the touchdown on the next play. Joe Reyes booted the place kick through the uprights and the score was 7-0 with 3:36 left in the first quarter.

The Irishmen came back in the second quarter, and drove the football 80 yards to paydirt. HB Kingston, and Steve Stokes, carried on most of the running plays, however, a fourth down, 18-yd. pass from QB Ramsey to Randy Copeland got the Irish into scoring position on the Cyclone 15. FB Alan Close scored on a 6-yard plunge, and Close added the point after to tie the score up.

Shamrock threatened just be-

fore the half ended, when Memphis lost the ball on a fumble on the Cyclone 45-yard line. A pass from QB Ramsey to Tony Doss made a first down to the Memphis 24. Another pass to Copeland moved to the Cyclone 20, where, on the final play before the half, a double reverse play was broken up when HB Stokes was downed before he could make the hand-off.

### Second Half

Memphis got a break on the opening kickoff when Stokes fumbled the kickoff return and the Cyclone recovered on the Shamrock 30.

The Cyclone offense, however,

couldn't get untracked, as a good gain by HB Kirk Fields was nullified by an illegal motion penalty.

Then, with a four-yard carry by Bryley and a nine-yard gain by Fields, Memphis had a 3rd and three situation. But QB Ricky Miller was dropped for a 10-yard loss on third down, and a pass on fourth down, was in and out of the hands of a Cyclone receiver so the football went over to Shamrock.

Four plays later, Memphis again had possession on the Cyclone 35, and the local team marched for a 65-yard scoring drive.

It took 10 plays, with Bryley carrying for gains of four, four, 27, and 14, while Kirk Fields had carries of four and 7, as the Cyclone moved to the Shamrock 5.

It took four plays to push the football across, with the scoring play on a one-yard plunge by Charles Bryley. Joe Reyes kicked the ball through the uprights and Memphis led 14-7.

The Irish were held for three downs deep in their end of the field, after the kickoff and Ramsey got off a high punt, which the Cyclone return men let bounce. The ball bounced into a Cyclone player and Shamrock recovered on the Cyclone 31.

The Irish went to work, moving for a first down to the Memphis 22, then on carries to the 10, for another first. Two running plays netted only two yards, when on third and 8, QB Ramsey rolled to his right and passed into the endzone, but it was Safety Charles Bryley for Memphis who caught the ball, and returned it to the Memphis 6.

QB Miller, on second down and 10, tried a long pass, but Shamrock defender Stokes came out of the pile-up with an interception on the Memphis 41. Again the Irish march downed the field, making first downs to the 31, and then to the 8-yard line.

The Cyclone defense, playing with its back to the goalline, raced Stokes to the east sideline and Linebacker Dick Hutcherson stopped him for a one-yard loss.

Then, Kingston tried the left side and gained four yards. QB Ramsey dropped back for a 7-yard loss. On fourth down, the Irish tried a pass into the right flat and Stokes caught the pass, but he was downed at the 10-yard line, and Memphis took possession.

Memphis began marching up the field, as Fields made seven, and Bryley made five. Then, QB Miller made 1 to the Memphis 33. The Cyclone drew a major penalty on the next play, and the drive fizzled, so Ricky Guy punted to the Shamrock 30.

With the final minutes running off on the clock, the Irish faced a fourth and 9 on their own 31, and tried a fake punt-pass play. The pass was completed, but the yardage was shy, and Memphis took over on the 38.

QB Miller made nine yards on a keeper, then, end Rickie Spruill raced for 12 yards to the Shamrock 18. HB Fields raced for near first down yardage around left end, and the clock was stopped while the chain was brought out.

The Cyclone offense was ready when officials marked the ball ready for play, and HB Bryley carried around right end and

bounced off two would-be tacklers to score. Reyes' kick was its mark and the final 20 to 7.

Memphis	Statistics

### Legal Notice

**ORDINANCE NO. 469**

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF MEMPHIS, HALL COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MEMPHIS:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Memphis by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 1,000 Cu. Ft. or Fraction Thereof \$2.5166 Gross; \$2.2649 Net.

Next 24,000 Cu. Ft. @ \$1.6932 Per Mcf Gross; \$1.5239 Per Mcf Net.

Next 25,000 Cu. Ft. @ \$1.5932 Per Mcf Gross; \$1.4339 Per Mcf Net.

Next 25,000 Cu. Ft. @ \$1.4932 Per Mcf Gross; \$1.3439 Per Mcf Net.

Over 75,000 Cu. Ft. @ \$1.3932 Per Mcf Gross; \$1.2539 Per Mcf Net.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and/or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

**ADJUSTMENTS**

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the \$1.0399 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regula-

tory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases to the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1975, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's rights from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on

### Graveside Rites Held Here Wed. For Mrs. Veda Bishop

Funeral services for Veda Bishop, 82, were held at 11 a.m. Wednesday in the Turkey Church of Christ with Mr. Lewis Hunter, minister, officiating.

Graveside services were held at 2 p.m. Wednesday in Fairview Cemetery here under the direction of the Turkey funeral home. Mrs. Bishop died Monday.

She was a resident of the Turkey area 43 years, moving to Quana three years ago and was a member of the Turkey Church of Christ.

**CARD OF THANKS**

I would like to thank my many friends, neighbors and loved ones for their prayers, cards, visits, flowers, gifts and any kindness and thoughtfulness showed during my stay in St. Anthony's Hospital for heart surgery and after I have come home all the kind deeds sent my way.

I want to especially thank Lee M. Robertson and Mrs. Whitey Middleton for staying with my family while I was in surgery. You won't ever know what this meant to my family. May God bless you all is our prayer.

Pauline Thompson

**CARD OF THANKS**

On behalf of our father and mother, Mr. and Mrs. Roy Grimes, we wish to thank each and every one of their many friends for the wonderful gifts and their attendance at their 50th wedding anniversary in the beautiful Bronze Room Sunday, October 5.

Their daughters,  
Mrs. Maxine Arias of Bryan  
Mrs. Jarita Weddel of Odessa

### 1975 Christmas Seal Campaign To Open in Oct.

Miss Tops Gilreath of Memphis announced the opening of the 1975 Christmas Seal Campaign, with mailing of seals on October 13 throughout the Panhandle area.

She said the Campaign, which supports health programs in prevention and control of asthma, emphysema, TB, and other lung diseases, is badly needed. "Emphysema is the fastest-rising cause of death in the United States today," she said, "and our work to achieve better treatment medication, surgical technique and prevention for the control of these diseases has a bearing on the lung patient in all communities everywhere."

Miss Gilreath said last week's area symposium for parents of asthmatic children and health professionals engaged in the care of

### Prayer Meeting Held At Travis Baptist

The Baptist Women of the Travis Baptist Church met Tuesday, October 14, at 9:30 a.m. at church for a prayer meeting in interest of the revival.

Mrs. Lynn B. Jones presided at the meeting. Mrs. J. L. Herndon read Mark 8: 34-38 and the prayer calendar. The mission was remembered in prayer by Mrs. L. G. Rasco and Herndon. The remainder of the meeting was spent in a series of prayer remembering the uninitiated and unconcerned. Attending were Meses. L. Jones, J. I. Herndon, L. G. Rasco, J. W. Chappell and T. C. St.

Office Supplies at The De...

lung patients of this area as an example of Christmas Seal and its bearing upon the patient. She urged county residents to answer their Christmas Seal as generously as possible.

# HIGHTOWER WASHINGTON HIGHLIGHTS

from Congressman Jack Hightower

## THE PRESIDENT'S TAX-SPENDING REDUCTION PROPOSALS

President Ford surprised the American public and many of his closest advisers with his proposed \$28 billion tax reduction program. Although it had been an open secret for weeks that he would ask for an extension of the tax cuts enacted last spring, only a few top officials had expected the request for such a dramatic increase.

I commend the President's intent. Each of us would like to keep more of our earnings rather than carry the present tax burden. However, the President gave us the recipe for only half a loaf. In this instance half a loaf could be worse than no loaf at all. The reality is that a tax cut at our present levels of spending could create economic disaster. Although the President suggested specific areas in which tax cuts could be made, he did not suggest specific areas in which tax cuts could be made, he did not suggest specific spending programs that could be reduced. It would have been politically unpopular to do so, and it is also an extremely difficult task.

The President did say the Congress and the Administration must work together to reduce spending. I agree. I will support these efforts. He also said much of the programs were already on statute books. These programs must be examined closely, and time is very short if we are to enact tax cuts to become effective next January.

I hope the President will soon offer specific suggestions concerning how the national budget can be reduced and the national debt diminished.

### FIFRA

The House today passed a bill extending the Federal Insecticide, Fungicide and Rodenticide Act. The bill was not as strong as I would have liked but it became apparent during hearings conducted by the House Agriculture Committee that adoption of more stringent requirements for the Environmental Protection Agency would probably have assured the bill's defeat.

I believe the compromise bill provides important first steps toward assuring accountability by the EPA.

The bill states that the EPA must give the Department of Agriculture a chance to comment on any proposed agency regulations that would affect agriculture, as well as to notify the Agriculture Committees in the House and Senate of any proposed regulations. Equally important, the EPA is directed to provide an economic impact statement, which would apply a dollar and cents measurement to its regulations.

### GRAIN STANDARDS ACT

Recent indictments of individuals for illegal grain inspection practices in New Orleans and other ports have raised loud cries for federal or state operation of the inspection program. I think that the majority of the American public knows that government in-

volvement is not necessarily the best way to solve a problem. In fact, government attempts to solve relatively isolated problems caused by a small minority frequently make operations for the majority of honest businessmen ever more burdensome.

The House Agriculture Committee, of which I am a member, has just completed an extensive schedule of hearings concerning the scope of the grain inspection problem and will shortly be fashioning a bill to deal with irregularities that have been uncovered.

When the committee actually begins to draft the bill's language I will support strengthening criminal penalties in the present Grain Standards Act, as well as several other minor changes. I will do whatever I can to assure that government involvement is held to an absolute minimum.

### SERVICE ACADEMY NOMINATIONS

I am still accepting applications for nominations to our academies. I am authorized to fill three vacancies at the Air Force Academy, three at West Point and two at the Naval Academy. I can also nominate ten individuals to compete on a State-wide basis for admission to the U. S. Merchant Marine Academy.

I urge all high school seniors who are interested in attending one of the academies to contact me immediately at my Washington office: 1315 House Office Building, Washington, D. C. 20515 (202) 225-3706.

### SINAI AGREEMENT

The House has overwhelmingly passed a resolution authorizing the use of U. S. civilian observers in the Sinai. I voted for this measure because I believe that the use of civilian observers is a small price to pay for the chance of permanent political stability in the area. There is no military involvement, and we will not be allied with either the Egyptians or the Israelis. Disagreement with Mr. Kissinger's approach is understandable, yet this is a difficult situation where he appears to

# Mizpah Guild Meets In Home Of Mrs. McGarity

Seven members of The Mizpah Guild of The First Presbyterian Church traveled to Clarendon the evening of October 8th. to meet with the ladies of the Clarendon church in the home of the Owen McGaritys. Quite a group was gathered there.

A special treat was enjoyed by all present as Mrs. McGarity reviewed a book written by her mother, Chamintney Thomas entitled "HEAR THE LAMBS A-CRY-IN'." It proved to be a delightful story about the culture and customs of the Negroes of the Old South. Mrs. McGarity had her material well in hand and presented it in a charming manner to a responsive audience.

Following the review, tasty refreshments were served to ladies of the Clarendon church including: Mmes. Homer Taylor, C. J. Van Zant, Heckle Stark, Fred Smith, J. D. Little, Clyde Wilson, H. L. Shaller, and the Misses Edgar Mae and Mabel Mongole.

Those members from Memphis were: Mmes. Bill Cosby, Forrest Power, Paul Montgomery, Allen Grundy, Bill Leslie, Brode Hoover, and Mrs. Virginia Browder. Helping with host duties were the McGarity family, the Reverend Owen, Ralph and his sister, Mary Nell.

# Mrs. F. E. Leary Undergoes Surgery For Broken Hip

Mrs. F. E. Leary, who fell Friday evening at her home and received a broken hip, was carried to Northwest Texas Hospital in Amarillo Sunday.

Mrs. Leary underwent surgery the first of the week and is reported to be doing nicely.

Mrs. Leary is a long-time resident of Estelina but has been making her home in Memphis for the past two years.

have found a way to deal effectively with both sides of the conflict. The U. S. is the only country both sides would trust in the role of the observer. The U. S. has a vital interest in the preservation of peace in this area. Although the cost is high I do not think that it is as great as the cost of the various alternatives.

# Myrtle Hammons Is Hostess Tues. To Friendly Sewing club

The Friendly Sewing Club met Tuesday afternoon, October 14, in the home of Mrs. Myrtle Ham-

mons. Mrs. Amanda Simpson led the opening prayer and Mrs. Myrtle Hammons presided over the business meeting. Estelle Barber brought the "Thought for the Day", "The Commandments - How to Get Along with People", by Willard W. Green. Mrs. Emma Stevens read "Goodness". The minutes of the preceding meeting were read and approved. It was announced that the Thanksgiving Dinner would be with Mrs. Amanda Simpson November 25 at 5 p.m. Mrs. L. G. Yarbrough received the hostess gift.

The Club will meet next with Mrs. Jean Lamb, members said. Mrs. Lela Foard led the closing prayer.

The hostess, Mrs. Hammons, served lovely refreshment plates to Mmes. Amanda Simpson, Jean Lamb, Lela Foard, L. G. Yarbrough, Estelle Barber and Emma Stevens.

There are approximately 5,000 honey bees to the pound.

## Agri-Facts From GARY'S TEXACO

Some of the facts were hard to find. During the uproar about the grain sale to Russia the farmer came off as the fall guy. To keep things in proper perspective let's look at facts that were hard to find in the headlines. It takes one bushel of wheat to make seventy (70) loaves of ordinary white bread. Give or take a couple depending on wheat quality and milling methods. If wheat prices increased one dollar per bushel, then it takes less than a degree in calculus to figure out the increase is less than one and a half cents per loaf. The news media has a hang up on bread being a dollar a loaf. If bread were going to be a dollar a loaf . . . and if that increase were to be caused by farm prices . . . then wheat would have to go up FORTY DOLLARS A BUSHEL. If it happens you'll have less to read since the efforts used producing this column will be diverted to plowing up the back yard . . . the front yard . . . the neighbor's yard . . .
