### Kim Coker, Steve Eudy Of Turkey To Receive American Farmer Degree

Kim Coker and Steve Eudy of Turkey have been nominated to receive the American Farmer Degree, highest degree presented by the National FFA Organization. Kim and Steve were nominated for the degree by the Texas FFA Association. The nomination was approved at a recent meeting of the national FFA board of Directors in Alexandria, Virginia. Two of 701 FFA members nominated for the American Farmer degree, Kim and Steve will receive the degree in a special ceremony on Thursday, Nov. 13, pending a final vote of approval of 119 student delegates who represent FFA members in convention business sessions. Steve is the son of Mr. and Mrs. Jay Eudy, while Kim is the son of Mr. and Mrs. U. F. Coker, Jr., all of Turkey, and both young men are currently students at Texas Tech. Both are engaged in farming during the summer. They earned the American Farmer Degree on the basis of Project Programs that included cotton, milo, forage, sheep, beef and swine. Both boys were very active in the local chapter serving as President and Vice President as well as being members of all leadership and judging teams. Both were delegates to the district, area and state conventions. Steve served as President of the Greenbelt District and Vice President of Area I. Both boys were members of the State courtesy Corps and are currently on the Dean's Honor roll at Texas Tech majoring in Agriculture. Valley high school vocational agriculture instructor and FFA advisor is Jay Eudy of Turkey. The American Farmer Degree is a highly coveted award because it is presented to approximately one member in 700 of the 485,793 total FFA membership. It is presented only by the National FFA Organization to members who have demonstrated exceptional agricultural and leadership ability. Each American Farmer Degree recipient will be presented a gold key and certificate by the National FFA Organization. Recipients who attend the convention will also be presented a check from the National FFA Foundation to help pay their travel expenses. To qualify for the American Farmer Degree, FFA members must have advanced through a system of degrees unique to the FFA organization. All members begin as Greenhands and after one year of membership may be advanced by the local chapter to the degree of "Chapter Farmer." The third degree, that of "State Farmer," is presented by the State FFA Association to two percent of the State's FFA membership in any one year. Only students who have earned the State Farmer Degree are eligible for the American Farmer Degree. The national FFA convention is an annual event of the Future Farmers of America and is carried out in cooperation with the U. S. Office of Education, of the Department of Health, Education, and Welfare. This year over 15,000 FFA members, Vocational agriculture teachers, parents, and guests are expected to take part in the 48th National FFA Convention. In addition to the American Farmer Degree many other FFA awards are presented during the convention. Contests are held in dairy, livestock, poultry, meats, milk quality and dairy foods, agricultural mechanics, horticulture, and public speaking. Several guest speakers of national prominence

The Memphis Cyclone Band came home from Canyon Tuesday evening with a lot of jubilation following the awarding of a Division I rating in marching contest. Six Class A bands of 15 competing, were awarded Division I ratings (for superior performance). These included Stratford, Gruver, Sanford - Fritch, White Deer, Sunray and Memphis. Twirlers Borene Bruce, Sandra Allen, Renee Wilson and Brenda Davis, twirling as a quartet, took First Division on their quartet performance, and qualify for state. They were coached by Shari Posey and drilled by Head Twirler Boycene Bruce. Boycene, Brenda and Renee were awarded First Division on their solos, and Sandra a Second Division, which is an excellent rating. Sandra has been drilling the Jr. High twirlers most of the time as well as quartet practice. "I'm real proud of the effort that the band members put forth," Carol Blain said. "The group worked harder than any previous group at the three and a half hour clinic and have improved 100 per cent since last Tuesday." "We want to thank Coach McMurray for letting us use the video - tape machine and Terry Fowler for doing an excellent job of shooting the performance. We also want to thank Mark Hutcherson for taking candid shots of the performance," Carol Blain said.

**JUDGES COMMENTS**  
Dan Gibbs of Manahans, one of the three judges for the marching contest, said, "Offbeats much too heavy on 'Hill Country' and percussion shaky due to rushing the dotted quarter eight rhythm everytime. The tempo must not 'neal' ahead. Nice 8 to 5 stride, but you do not take 8 equal - size steps - causes ragged alignment. The big problem today is shaky precision. Some good effects band, but bad tuning, balance, and faulty precision really hurt most of the time. Some wrong notes on ending of 'My Way. Work for better intonation, balance, and rhythmic precision. Make your playing as good as your marching." Division II. Richard Crain of Belton: "Playing seems to suffer in quality on opening drill 'Hill Country' theme - diagonals suffer after countermarch - individual mistakes hurt end of this drill - good percussion - cornets seem to be having problems - alignment after flanks to the rear suffers, again cornets seem to be having trouble in outer flank drill - nice 'horns down.' You generally keep your marching stride thru out. Look good most of the time. Be careful of phrasing, cornets. Nice 'horns down' - playing seems to get thin at times band sounds good, other times weak and insecure with lack of control." Division I. Harry Haines of Phillips University: "Unique entry (I like it) Impressive opening! Nice sound. Excellent posture position. French horn missed halt. Good 8 to 5 stride also. Nice to see 'instruments up' together. Pivot and halt was 100 percent on 'Friends'. Nice arrangement of 'My Way'. Tuning suffers near end. Most impressive aspect of show today was attention to small details - 'Instruments up! pivots, congrats' (Continued On Page 10)

## 536 Cyclists Vie In Enduro Sun.

Vern Street was the best Overall "A" rider and Jim Beckham the best Overall "B" rider in the 4th Annual Cotton Boll Enduro race held here Sunday. Vern Street lost only four points in capturing the large trophy awarded to the best rider in the "A" Division, while Jim Beckham lost only 8 points in being the best Overall B rider. There were 536 cyclists participating in the 1975 Enduro sponsored by the Amarillo Track and Trail Riders and the Memphis Chamber of Commerce, and the entire event was declared a huge success with the largest field ever, except when it was designated as a National Enduro in 1974. Since the 11 mile enduro track was not wet this year, motorcyclists had fewer problems, and it was reported that all stranded riders were removed from the track by dark Sunday. Some had to return during the night-time hours to remove stranded cycles, however. Only five riders required medical attention, was reported. One, a rider from Denver, Colo., received a back injury, the most serious of those injured. State Rep. Phil Cates served as honorary parade marshal and rode in the lead of the parade, behind the Army Color Guard. Parade trophies were awarded to the following: Big Texan Steak Ranch of Amarillo, Security State Bank of Hedley, Branigan Jewelry, Amarillo Dune Buggy Club, Khiva Shrine Temple of Wellington Cycle Club, Hedley Lions Club Royal Ambassadors of the First Baptist Church, the American Legion Auxiliary of Memphis, and the U. ed up voters and a larger than average turnout is expected. Hall County will have four polling places, in the Memphis Community Center in Memphis, and at the regular places in Estelline, Turkey and Lakeview. The Memphis boxes have been joined together into one box for this election. Polls will open at 8 a.m. and close at 7 p.m. in this special election.

## Polls To Open Tuesday As Voters Decide Const. Fate

There have been a number of Government officials and state-wide organizations urging the passage of the propositions, while there have been other State officials such as Texas Governor Briscoe and other groups opposing the passage. Voters will be deciding each of the eight proposals on its own merit. It is possible that some will pass, and others will be defeated in the Tuesday election.

## Memphis Travels To Silvertown Fri.

The Memphis Cyclone will be on the road Friday, traveling to Silvertown for a District 2-A game with the Silvertown Owls. This will be the last meeting between the two teams as Silvertown will be dropping back to Class B next season. The Cyclone, with a 3-4 season record, will be going against the Silvertown Owls Friday night, and the game features one of the stronger teams of the district going against one of the weaker ones, but a good ball game could be in the making if Silvertown is avengeful mood. Silvertown comes into the game following a 50-0 loss to Wellington last week, while the Cyclone suffered a 14-13 loss to Clarendon. Silvertown has been hurt by numerous injuries this year which has hampered a great deal to their season mark at this point. They do have Dane Mayfield, one of the districts best, on their roster. As for the Cyclone, Coach McMurray said Wednesday, "I can't name a starting lineup at this point, because we just don't know which players we'll use against Silvertown." Since the Cyclone is out of the district race, with two losses, emphasis in workout sessions this week have been centering around younger players on the squad, and the opportunity presents itself for younger players to get in game experience. This situation brings about an interesting ball game with Memphis fans getting opportunity to see new faces in the line-up and look at what next year's team may be. It would seem, that after the Cyclone squad has suffered so many injuries already this season, that luck would change, but Clarendon game last week brought on a few more. The Memphis Whirlwinds will be playing the only game Thursday, hosting the Silvertown 8th grade at 6 p.m. here tonight. The Memphis 8th grade is undefeated in district play and has its sights set for a district championship. McMurray discussed next week's scheduling. District 2-A consists of Memphis, Clarendon, Wellington, Shamrock and Claude. So far, games with Childress, Crowell, Quannah and Class AA Lubbock Roosevelt have been scheduled, but remaining games are still being negotiated. "We have picked up two more AA schools," Coach McMurray said, "a situation we would rather have avoided, and we may have to play some Oklahoma team to fill out our schedule." Also a contract has been sent to River Road in Amarillo.

EDITORIAL

It's Decision Time!

It's decision time, or will be next Tuesday, on the proposed re-write of the Texas Constitution excluding the Bill of Rights. Texas voters could easily "duck" this "responsibility" by just staying at home and ignoring the whole affair...

One news report stated that voters in Houston will be voting in stronger numbers than anywhere else in the state because of some local issues tied in with the election.

We note, editorially, that State Senator Ray Farabee and State Representative Phil Cates, have both gone on record as supporting the passage of the proposed new State Constitution.

Texas Governor Dolph Briscoe, in a news conference recently, did just the opposite. He is not supporting any of the proposals.

This editor has taken a mini-poll among local residents, and a few travelers. Answers are as varied as is the number polled.

Comptroller Bob Bullock said in a Monday news release, that Texans are entitled to know that the finance article of the proposed constitution will establish taxing of real property at true market value.

Bullock said, "The required re-evaluation could add \$75 billion to the \$125 billion in property values now 'claimed' on the tax rolls, and at today's tax rates that would be approximately \$750 million in new property taxes each year.

He indicated, however, that many schools, counties and cities would lower their rate to compensate for increases in valuation, but during the past ten years, statewide, property owners have seen their taxes double.

The basic and fundamental issue before Texas voters is this. Texas, for 100 years, has had state government by businessmen - legislatures, meeting every two years to make laws and appropriate taxes to run the state for two years.

If all the eight proposals facing voters Tuesday are passed, Texas will have a state government whereby the legislative branch and the executive branch, will have more authority, more control, there will be greater flexibility at all levels of government, from the city to the state capital.

The proposal concerning the re-vision of the Texas Court System is one that has attracted a lot of attention, and one that some members of the legislature are opposed, while others are favoring.

Each registered voter in Texas, next Tuesday, will have the opportunity to go to the polls and vote to determine the constitution that will govern our state.

The most important thing, at this point, is for citizens to go to the polls and vote on Tuesday. Considering the complexity of the situation, it would help each citizen to take a little time to read about the eight separate propositions before voting their beliefs.

Whatever decision is made next Tuesday, Texas government is in for change, and the lives of Texans will be effected one way or the other for years to come.

What Other Editors Say

AGAINST ALL EIGHT

Members of the Texas Legislature who authorized the proposed new Constitution, and a few other ardent proponents in the state government hierarchy, seem to view the campaign to get the new charter approved by the people of Texas as some sort of Holy Crusade in which all opposition must be destroyed at any cost.

Such massive campaigns as the one currently mounted to promote passage of the new Constitution are usually reserved for important political offices, such as Governorships or United States Senate seats, where political control by some power-structure is at stake.

So are the sort of derogatory attacks which have been directed against those who express opposition to one section or another of the proposed new charter. It seems to us that open debate on the provisions of a document as important to the people and government of this state as a new Constitution ought to be encouraged.

The Governor of Texas a few days ago declared, rather mildly we thought, that after studying the document he had concluded that he, personally, would vote against all eight propositions.

words to that effect.

The Attorney General's intemperate remarks were typical of the almost virulent attack which seems to be in store for all who oppose this creation of the Legislature.

We began an intensive and in-depth study of the proposed new Constitution several weeks ago with what we hoped was an open-minded approach ... an effort to determine the meaning of a number of provisions in the proposed new charter which seemed not quite clear.

This approach has characterized the whole debate to date. We are told that the proposed new state constitution has already cost more than \$4.5 million, and that we cannot afford to vote against the new charter because all of that

money will be wasted. If the new package has defects however ... (and obviously it does have, even its proponents admit that it isn't a "perfect" document) ... then we need to weigh those defects carefully against the cost. They need to be debated, not brushed aside.

It is possible that the potential future cost of adopting a flawed charter may vastly outweigh the certain loss of past expenses if we discard it.

We may be wrong about that, and so may Governor Briscoe be wrong about that, but neither of us is speaking from ignorance, because we've read those propositions and studied them carefully. The extent of our stupidity, or of Attorney General Hill's, remains to be seen.

But we are going to join Governor Briscoe in voting against all eight.

Texans:

If you are tired of bigger government and higher taxes, vote NO on the proposed new constitution November 4.

Don't give future Legislatures a blank check.

The Houston Chronicle calls the new constitution "a dangerous document." Governor Dolph Briscoe warns it will "lead us down the road to a state income tax."

Governor Briscoe says: "It is my personal view that the current Constitution under which Texas has grown and prospered for a century is preferable to the proposed new constitution. Accordingly, I believe it is in the best interest of Texas that all eight propositions on the ballot be rejected."

Play it safe. Keep our present Constitution by voting NO on Tuesday, November 4.

## Little Theatre Meets In Home Of Mrs. Gayle Greene

The members of the Memphis Little Theatre convened in the home of Mrs. Gayle Greene the afternoon of October 22 with Mrs. R. S. Greene and Clinton Voyles assisting with hostess duties.

A brief business session conducted by the president, Virginia Browder, preceded the program. Welcomed guests were Mmes. Mac Tarver, F. W. Foxhall, and Pothorst. The regular members were delighted to accept Mrs. Andy Gardenhire as a new member of the group. The usual roll calls consisting of current events of the theatre world were omitted as the two young ladies, characters of the cast of one of the plays to be presented November 10 in the Dinner Theatre production were dressed and waiting upstairs to be announced.

Myrtle Helm as 'the southern belle' and Patricia Gardenhire as 'the French mademoiselle' delighted their audience with a skit from the play, "Florence Unlimited." Each member is to sell ten tickets to the performance.

Following the program, delicious refreshments were served to fourteen active members including Mmes. D. L. C. Kinard, Jim Harrison, Andy Gardenhire, Leon Helm, Mildred Stephens, Clyde McMurray, Lonnie Widener Jr., Jim Wakefield, one associate member, Mrs. John Deaver Sr., Ethel Hillhouse, Virginia Browder, and the three guests.

# Clarendon Eliminates Memphis From Race

The Memphis Cyclone went to a two-point conversion following a successful 80-yard touchdown drive Friday night, to try to capture a come-from-behind victory over the Clarendon Bronchos over the conversion attempt, but the conversion attempt was unsuccessful and the Bronchos won the game 14-13.

Memphis fans have speculated on the advisability of kicking the ball after a tie, rather than going for the two-point conversion, but local fans may not be aware of District rules as are Memphis coaches. In our district play-off games, with the record as tie games, with the team receiving one-half

loss on a QB sneek. A fourth down try by Hutcherson was stopped by the Bronchos alert defense and Clarendon took over on the 1-yard line.

The Bronchos couldn't make down yardage, so Walter Riggs punted, but the ball was high and short and Memphis took over on the Clarendon 25.

This set up the Cyclone's first scoring drive. The Drive got going when HB Bryley raced through a hole for a 11-yard gain to the Clarendon 14.

Then, HB Fields behind good blocking made 9 yards to the 5. FB Hutcherson was stopped shy on two consecutive carries and Memphis faced a fourth and two for a first down, and four for the TD.

Hutcherson carried on the belly-option, saw daylight outside and raced for the right-hand flag in the end zone and dived over Brocho defenders for the score, a fine job of carrying the football by the senior captain who has recovered from a broken hand to see steady offensive action for the first time this season.

Place kicker Joe Reyes booted the point after through the center of the goal post and the score was 7-7.

In the final two minutes before halftime, Clarendon got into scoring position when a "freak" type incident occurred when the Cyclone was snapping for a punt.

The snap just cleared the centers legs. Memphis was called for illegal procedure and Clarendon declined the penalty and took possession on the Memphis 25.

A pass from QB Gary Jack to Walter Riggs made a first down to the Memphis 13-yard line. On a delayed hand-off to HB Barry Schafer, the Clarendon back found a hole in the Cyclone defense and went 14 yards to paydirt. Jack booted the extra point and the score was 14-7 at halftime.

The Brocho offense only managed three first downs the second half, while the Cyclone offense marched the ball up and down the field, only to have one scoring drive.

Clarendon mounted one drive at the end of the third quarter, which ended with a 30-yard field goal attempt, which was no good.

Fumble turnovers cost Memphis the football on two drives, before the Cyclone took over on the Clarendon 20 after a Jack punt went into the end zone.

The 80-yard scoring drive was one of the finest offensive moments of the 1975 season. FB Bryley made short yardage getting the drive underway, then FB Hutcherson went outside for 10 yards to the Memphis 32.

Hutcherson carried on two plays and moved the Cyclone to the Memphis 43 and another first. Then, Charles Bryley added gains of 9 and 5 yards and another first to the Clarendon 43.

Bryley went outside on a second and 8, and made first down yardage to the Clarendon 32.

Here, the Broncho defense stiffened, as Salinas made seven yards, and Hutcherson two yards on two carries. Facing fourth and one, HB Bryley plowed his way

Strike Up The Band! Hang Out The Flags! For several days now, the rehearsals for two clever one-act comedies have been under way in preparation for The Memphis Little Theatre's "Dinner Theatre", a star-spangled production scheduled for the evening of November 10 at The Community Center.

Besides a delicious dinner, catered by our own Mrs. Barber, two

delightful plays will follow. Those in the cast for the first comedy entitled, "Florence Unlimited" are Wilma Voyles, Annette Boswell, Myrtle Helm, Patricia Gardenhire, Tanga Widener, and Carline Greene. The acting will be directed by Nell Beeson.

The second one-act, also a comedy directed by Virginia Browder, is entitled "Who's Who" with only two in the cast of characters, Janet McMurray and Johnny Harrell.

Our Dinner Theatre production was so well received last year that we decided to do it again. It is all in fun and fun for all. More particulars will be forthcoming in the next two weeks but ring your calendars now. The tickets go on sale this week for \$3.50. Any member of The Little Theatre will be glad to supply your needs. Only 250 tickets will be printed. So decide and act early lest you be left outside with those inside rolling in the aisles with laughter.

Her daughter, Teresa Johnson, who is a student at WTSU, also visited here with her grandparents Sunday night. Monday afternoon Mrs. Johnson and her mother visited in Dimmitt with their daughter and sister and family, the Lindseys.

to the Clarendon 20 and a first down.

QB Miller, on the play-action pass, tucked the ball and rounded right end for nine yards. Bryley picked up first down yardage to the Clarendon 7.

On the next play, QB Miller faked to Hutcherson and pitched to Bryley who swept right end and went over for the touchdown. The clock showed 0:40 left in the game when the Cyclone tried the unsuccessful two-point conversion.

An on-side kick by the Cyclone was unsuccessful and the game ended two plays later.

**A DIP IN SUGAR PRICES**  
Sugar prices may dip slightly in the coming year due to plentiful sugar supplies, points out an economist for the Texas Agricultural Extension Service. Sugar-cane production in the U. S. is expected to be up about 14 per cent while sugar beet production may be up as much as 25 per cent above a year ago level. The world sugar crop may exceed 83 million tons—up four to six million tons from a year ago. At the same time, per capita consumption of refined sugar in the U. S. is down and may be less than 90 pounds this year, the lowest level since the sugar-short years of World War II. Consumption is also down in a number of other countries.

### AG FINANCIES TO LOOK AT NEXT 100 YEARS

Texas bankers will take an in-depth look at the economic political setting of the agricultural finance community at the beginning of the next 100 years of this nation during the Texas Farm and Ranch Credit School at Texas University, next Feb. 9-11. The role, responsibilities and opportunities of the financial community in supporting agricultural production and marketing will be a key issue to be discussed. Speakers will also provide insight on such critical areas as the outlook for grain, cotton, livestock and the money market. The role of bank examiners and the mechanics of making agricultural loans will also be discussed, says an economist for the Texas Agricultural Extension Service.

## B. B. Shots

By  
BYRON BALDWIN

Gayle Greene and his wife, Charline, made a flying trip to Los Angeles, Calif., a few days ago to visit with their daughter, Carol, and husband, who has been transferred by the A. B. C. network from Florida to California. Gayle says if you look at the time in Amarillo before leaving by jet, and look at the clock in the air terminal in Los Angeles, you have almost arrived in California before leaving Amarillo! Of course, Carol was showing the sights in California and on the tours, they made Universal Studios where they have shows going on and I guess looking for more talent for Hollywood in the audience. They asked for a man and wife team for a skit to act out the part of young honeymooners on a street car that was on the stage. Anyway, Carol held up the hands of her mother and dad for this skit. Out of all that group of people, they were chosen. Anyway, they went on stage to perform, and I don't think they qualified for Hollywood. Charline told me that after over 30 years of marriage, it was hard to put this show over as she could not do a thing with Gayle, as when they were supposed to be showing their affection and love for each other, that Gayle was looking the opposite direction from her, watching the younger girls go by. Maybe they should have cast them as Fibber and Mollie or Ma and Pa Kettle!

A letter was received the past week from Edith (Ward) Truttall of Apt. 210, 790 Ironwood Dr., San Jose, Calif. 95125. She was here for the Hall County Picnic this year, which she enjoyed so much that her son and daughter are already making plans for her to come in 1976. She says in her letter that she wants to thank all the nice people of Memphis and Lakeview, in fact, all of Hall County, for making her visit here so beautiful and happy. Some of the people she mentioned in this letter that she had good visits with were her cousins, Matt Ward, Earl Spry, T. J. Spry and family, Maude DeNita Foster and family, Ruby Murdock, also, Mrs. Tommie Payne, Kate McMurry, Essie Robertson, Nelson Helm, Sr., also with Del Wells. She also visited Union Hill Cemetery with a prayer for so many of her loved ones buried there. She is also sending us a quilt for Heritage Hall that was made by Mrs. J. B. Landis, who was the former Estella Lawrence, daughter of the late Mr. and Mrs. W. A. Lawrence who operated a hotel in Memphis in the early days. Mr. Lawrence was also in the real estate business here. The late J. B. Landis was county treasurer in Hall County for several years before moving to California.

We received the quilt the past

weekend and it is now on display in Heritage Hall. This quilt was made by Mrs. Landis when she was 85 years old. She lived to be 87 years of age and it is a very outstanding piece of work for an 85-year-old lady.

Last Saturday with the Enduro Race on, the sidewalks and streets of Memphis were full of people for the program and the parade. The parade was very outstanding with the local entrants and with the good bunch of floats from Hedley which were very attractive. The color guard from Ft. Sill, as well as the helicopter on the square, also, the Shrine Club of Amarillo float was outstanding, and the Steak House "Bull" gave a western atmosphere. The "Spirit of '76" float of the American Legion was outstanding and Branigan's watermelon float, one church float from the R. A.'s of the First Baptist Church.

The young ladies of the twirling school with their batons riding on bales of cotton were attractive and then, I think there must have been about 900 motorcycles in the parade and they sputtered as they turned the corner. Sorry I cannot remember the full parade. Everyone seemed to enjoy it except some of the people were a little jumpy when the shot gun fighter boys were firing.

Visiting in Heritage Hall the past week were Mrs. J. L. Wolfe of Jacksboro and her son, J. L. of San Diego, Calif. Mrs. Wolfe is the mother of Bill who is now in charge of the Federal Land Bank office for this area and her son, J. L., who served in the Air Force for about 8 years, has been a pilot for Western Airlines out of San Diego.

Other visitors in Heritage Hall were Angelo Watson of Wellington and Mr. and Mrs. E. M. Eslinger of 910 Gloucester, Houston.

I understand we have a new member of the "Honey Do" Club, who is none other than R. C. (Sug) Lemons, who sold his furniture store. Sug has been active in retail business for a number of years in Memphis.

I had a short visit with M. C. Ball of El Paso the past week. M. C. is the nephew of the Lee family as his mother, the late Etta Lee, was a sister of Carrie Bell King, Cora Lee and Lula Bryan and Ernest of Memphis and Ollie of Hobbs, N. M. M. C. Ball graduated from MHS in a class of 60 graduates. Some of his schoolmates he remembered were Gene Lindsey, Bill Johnson and Rusty Sanders. After graduating from MHS, he moved to Big Springs and served in the Air Force for 3 1/2 years. After his service discharge, he moved to El Paso where he has continued to make his home. He is now

associated with the State National Bank of El Paso. He married a girl who was a native of El Paso.

Visiting in Heritage Hall the past weekend was Mr. Alvin Mace of Farwell, Alvin, the son of the late Mr. and Mrs. W. M. Mace, was born and reared in Lelia Lake where he lived until 1942 when he moved to Farwell. Also visiting in Heritage Hall was Vivian Knox, wife of the late Willard Knox. She has lived in Lelia Lake since 1918. She operated the station and post office in Lelia Lake. Other visitors in Heritage Hall were Mr. and Mrs. G. B. Seright of Plainview. Mr. Seright is in the rehabilitation work.

The past Saturday we had 75 or 80 visitors in Heritage Hall. In a regular meeting of the Memphis Volunteer Fire Dept. May 19, 1914, at 8 p.m., the Constitution and By-Laws were passed by sections and adopted.

At this meeting, the matter of a means of raising money for an entertainment was referred to the finance committee.

I. N. McCrary made the department an offer to donate 10 percent of any day selected on sales of that day. On May 28, 1914, at a regular business meeting, it was decided to take up the offer of I. N. McCrary and also on the same day, the first Monday in July, and also on this date to make an exhibition run and have a water fight. On July 9 at the regular meeting, two teams for the water battle were selected as follows: for number 1 team were plugmen, Raymond Ballew and O. K. Webster, and for nozzlemen for No. 1 were Vernon Vaughn and Noel Lane. For the No. 2 team were John Powers and Ottilie Jones. That was a big day in Memphis when everyone turned out for the water fight. If I remember right, the hat was passed for a collection to give the winning team.

At a called meeting of the Memphis Volunteer Fire Dept. July 2, 1914, the Fire Chief reported securing a carnival for July 6, 7 and 8. Carnival management was turned over to a committee of three composed of Derrick, Presley and Johnson.

We received a letter the past week dated Oct. 21, which was a news release from the City of San Leandro, Calif., Recreational Dept. The letter is as follows with the congratulations to Katherine Frances and the City of San Leandro:

"Mrs. Frank B. Toner (nee Katherine F. Milam) was elected Chairman of San Leandro's 1976 American Revolution Bicentennial Committee by her fellow Historical - Cultural Advisory Commissioners with approval by Mayor Jack Maltester and City Council.

"Katherine is the sister of Mrs. J. F. Neel of Memphis and daughter of the late Clyde and Katherine Milam.

"Mrs. Toner has served on the Historical - Cultural Advisory Commission since City Council appointment in January 1973 from Councilman District No. 5 and representing Alta Mira Club, Federated.

"Frank and Katherine will cele-

brate their 30th anniversary this October. They have two daughters, Suzanne Toner of San Leandro and Mrs. Michael Cooney (Sandra) living in Milano, Italy."

## Drop-In Center News

Among recent contributions to the Drop-In Center are a set of quilting frames given by Miss Ira Hammond. These are especially timely since quilting is one of the most popular activities. The latest of the fifteen quilts finished have been quilted for Mrs. Merle Childress, Mrs. Sally Taylor, Mrs. Grace Sewell, and Mrs. Amanda Simpson. Also, Mrs. Lela Poard gave a floor furnace, which will add much comfort during the winter months. Plans for purchasing necessities and conveniences for the permanent home are progressing.

On last Thursday forty-five people came to have their blood pressure checked.

Friday, November 14, is the date for the regular monthly luncheon to be held in the Community Center. At ten o'clock the entertainment will begin with forty-two, dominoes, and other games. The senior citizens are anticipating much pleasure from the bountiful talent of the Pounds Family. Mert Cooper, Pastor of the First United Methodist Church, will offer the invocation, and after lunch will use the episode of "The Ten Lepers" for the nucleus of a Thanksgiving talk.

Through the thoughtfulness of certain people interested in the Center, money for purchasing turkey and dressing has been made available. Members are asked to bring vegetables, salads, and desserts.

**NEW EXTENSION HORSE SPECIALIST** — Douglas Householder, who has been an assistant in horse production for the Texas Agricultural Extension Service for the past four years, has been appointed to the position of horse specialist. ## HIGHTOWER WASHINGTON HIGHLIGHTS

from Congressman Jack Hightower

### NEW YORK CITY

Recently, I had the opportunity to criss-cross the district and visit personally with many of my constituents. It was my intent to learn what was on their minds about events in Washington. It seemed that everywhere, whether on the farms and ranches or in the towns and cities, people were concerned about the proposals for the federal government to bail out New York City. I share this concern.

The reasons for New York City's problems boiled down to one simple truth. The city has been living beyond its means for far too long. It has been spending more than it receives, and the city's condition should be an object lesson for the federal government.

Poor financial planning and money management should not be rewarded. I will oppose federal spending to save New York City unless I can be convinced that it is in the highest national interest.

### GRAIN SALES

Another frequently mentioned issue was President Ford's ban on grain sales to Russia and the State Department's negotiations for a long-range wheat deal. Although the ban has been lifted and the grain deal has been completed, I remain disturbed about the situation. It seems ironic that an Administration that applauds a "free market" in domestic agriculture is unwilling to allow demand and supply to play its natural role in international trade of agricultural commodities.

### ESTATE TAX

The estate tax exclusion rate has been attracting quite a bit of attention from law makers here in Washington. Many feel that a higher rate would be more equitable for all. It is also clear that farmers and ranchers have a special need for some kind of relief. Frequently a deceased farmer or rancher owned land that greatly increased in value during his lifetime. The size of the estate tax will be high. This presents a problem; even though the value of the property is high there is no guarantee that there will be

cash available to the estate to pay the tax. Frequently, valuable agricultural property must be sold in order to pay these taxes. This tragic situation should not compound the sorrow of those who have lost a loved one.

With several of my colleagues I have introduced a bill which is aimed specifically at providing relief in this area for agricultural land owners. Congressman Burleson of the 17th District of Texas has also introduced a bill which would raise the exclusion to \$200,000. I also strongly support this bill. Chairman Ullman of the Ways and Means Committee has promised to hold bills and several others dealing with the exclusion rate sometime in mid-Fall. I hope that these hearings will lead to the enactment of legislation that will provide the relief that is now badly needed.

## American Legion Post Endorses New Constitution

According to Commander John E. Ables Post No. 175 has endorsed the newly revised state constitution to be voted upon by the citizens of Texas on November 4.

Commander Ables said, "While our post is backing the adoption of the entire document, we are especially concerned as an organization with the adoption of Proposition No. 5 and Proposition No. 7 which are of vital importance to our post."

Proposition No. 5 includes, among other things, provisions for relief from ad valorem taxes for disabled veterans with war connected conditions as well as for the surviving spouse or minor children of a disabled veteran, or by the surviving spouse or minor children of a member of the armed forces of the U. S. whose life was lost while on active duty.

In addition the proposition, if approved, would enable the Legislature to enact laws to make it possible for most properties owned by and used exclusively for federally chartered veterans' organizations to seek and secure relief from ad valorem taxes.

Proposition No. 7, when approved by the voters of Texas, will enable the Legislature to enact laws authorizing non-profit organizations such as veterans' organizations the right to conduct bingo and raffles when the proceeds are spent in the state for the purpose of the organization.

"We are real concerned about approval of Proposition No. 7 as this is one of our main sources of revenue, especially for a volunteer type organization such as The American Legion," he said.

Commander Ables said, "I wish to stress the fact that none of these funds leave the community but are spent right here on this type activity."

"I, as commander of our local post, urge all our members to go to the polls on November 4 and vote FOR the new constitution—especially Proposition Nos. 5 and 7. I also call on all other citizens in the area served by our post to do the same," Commander John E. Ables concluded.

Mr. and Mrs. Campbell Morris, Chris and Allen of Los Alamos, N. M., visited here this week-end with their parents and grandparents, Mr. and Mrs. Clyde Morris, and with other relatives and friends.

## Texas Farmers Union Endorses Const. Passage

An official of a statewide farm organization today called the constitution election of November 4 "the most important single election in which we will have an opportunity to vote."

Texas Farmers Union President Jay Naman of Waco, made the remark during a statement when he called on farmers and ranchers to support the passage of the proposed state constitution. Naman said that while all citizens of the state will benefit with the passage of the document "farmers and ranchers particularly will benefit from several provisions in the state charter. I strongly urge all rural people to vote in favor of the measure."

Naman said that the decision by the Farmers Union to support the proposed document came after a careful analysis by the farm organization's Executive Board. "We feel that the proposed constitution incorporates many of our recommendations and policy statements."

Naman said that the overall impact of the proposed constitution will be to return control of the governmental processes to the people and away from "court house" government and government by agency control.

Among the provisions of particular importance to farmers and ranchers Naman emphasized two provisions in the Finance Article. "The provision which requires the legislature to establish a separate formula for the appraisal of agricultural land for ad valorem tax purposes is a major breakthrough in the state's property tax system," the farm leader said. "Agricultural producers, particularly those in area of rapidly expanding metropolitan and recreation areas, will benefit greatly by having their land taxed at its productive value rather than at its speculative value. In the end, this measure will help keep much valuable land in agricultural production."

The other provision which Naman said is important to the agricultural industry is the constitutionally guaranteed prohibition of a retail sales tax on agricultural machinery and parts, feed, seed and fertilizer. "Although we currently have such an exemption, it is statutory only. By protecting it in the constitution we will assure continued savings of millions of dollars in added production costs," the Farmers Union president explained.

Naman termed the argument that the document is "liberal"

## Tops Gilreath To Direct County Spelling Bee

Miss Tops Gilreath, County Superintendent, Memphis, has been named to direct the activities for the 1976 Hall County Spelling Bee, to be held in conjunction with the 28th annual competition, co-sponsored by the Amarillo Globe-News and West Texas State University.

April 24, 1976, will be the date for the regional eliminations in Amarillo and the location will be the Stephen F. Austin Junior High School.

There will be 46 counties represented.

The area assigned the Amarillo Globe-News and West Texas State University covers 29 counties in the Texas Panhandle, 10 in Oklahoma, four in New Mexico and three in Kansas.

All students in the public and parochial schools are eligible to participate. Any student who will not have reached his (or her) 16th birthday or gone beyond the eighth grade at the end of the current school term, will be eligible to enter any school contest and participate in the county eliminations.

All details of the county's Bee will be available from the Director.

The champions from Hall County in 1975 were:

Senior Division: Jayne Eudy, a student in the Turkey-Quitauque Consol (Valley) School, from Turkey, Texas 79261.

Junior Division: Larry Pickens, a student in the Lakeview Elementary School, from Lesley, Texas.

Phillip Patrick of Odessa was here over the weekend to be with his mother, Mrs. R. S. Patrick, who is seriously ill in the local hospital after suffering a stroke. Also here to be with her mother is Mrs. Gene Robertson of Beaumont.

rather than "conservative" as "phony". "I do not believe you would find men such as GOP State Chairman Hutchison or Speaker Bill Clayton supporting the document if it were. The proposed document is neither liberal nor conservative," Naman declared. "It is simply a viable working document which will bring good management practices to local and state governments as well as some needed budgetary controls."

"The issue boils down to that of the special interests in the state vs. the people. I urge rural people to vote in their best interest and that of the state and vote for the constitution," Naman said.

The Chamber Corner

Jim Edd Wines

The 4th Annual Cotton Boll Enduro held last weekend in Memphis under the co-sponsorship of the Amarillo Track and Trail Riders and the Memphis Chamber of Commerce was a fantastic success. Our enduro entries was the largest number of contestants for a Memphis enduro, with exception of last year's national enduro.

The enduro started at the Burlington Mills - Hall Plant parking lot and went west of Memphis on Grundy farm and market road and also finished on the same farm road west of the city. We routed the enduro in order to not disturb local citizens of Memphis. The 100 plus miles of the ride through the Red River Valley of Hall County was termed by most of the finishing riders as the best enduro ever held in Memphis. Out of the 536 starters only 5 required medical treatment for minor bone fractures and one rider from Denver, Colorado received a back injury, however it was thought not to be serious.

Many local farmers, ranchers, and citizens were on hand all day Sunday helping with stranded bike riders and broken down bikes. Again, we received many comments from the out of town visitors who were delighted with the friendliness and "good neighbor" treatment of our local citizens. The Cotton Boll Enduro not only maintained its reputation as being a well organized and challenging enduro but Memphis and Hall County citizens still stand among the best as being good and friendly people.

Our thanks to the farmers and land owners who gave us permission to cross their land and take down fences for the one

day enduro. Again, we remind local bike riders that the enduro trail is closed and permission to cross private property was only given for last Sunday, October 26th. We encourage bike riders to respect the property and rights of others—in relation to the crossing of private property on motorcycles.

Cold and rainy weather during most of the early part of last Saturday held down many out of town parade floats and people expected for the Grand Enduro Parade in Memphis.

However, the sun finally came out and estimated look on parade crowd of 5,000 were on hand to view one of the best parades ever staged in Memphis.

State Rep. Phil Cates served as honorary parade Marshal and awarded parade trophies to the following: Big Texan Steak Ranch of Amarillo, Security State Bank of Hedley, Branigan Jewellery of Memphis, Amarillo Dune Buggy Club, Khiva Shrine Temple of Amarillo, Wellington Cycle Club, Hedley Lions Club, Royal Ambassadors of the First Baptist Church of Memphis, the American Legion Auxiliary of Memphis, and U. S. Army of Fort Sill, Lawton, Oklahoma.

Chamber of Commerce Directors: Coy Miller, Larry Parks, Hubert Dennis with the assistance of the Memphis Boy Scouts did an excellent job organizing the 30-minute parade. Master of Ceremonies J. R. Mitchell and James Floyd announced the parade and the entire parade and the Saturday afternoon activities was carried live on Radio KBGH.

Saturday is parade activities included: live music by the Mempo-

# Let Faith Be Your Light In The Roadway

"Thy word is a lamp unto my feet, and a light unto my path."

— Psalms 119:105

In the eternal conflict between light and darkness, remember that light is a positive force, while darkness is merely the absence of light, without power of its own. Therefore, it takes but a small amount of light to carry you through the darkest hours of your life; if faith is the source of it. By living one day at a time, you will allow this ray of light to cast its protective beam far enough ahead on the roadway to guide your footsteps. Then follow it to Church, where you will learn to walk in the light of faith and banish the darkness forever.

S. Army of Fort Sill, Lawton, Okla.

The U. S. Army also had on display a helicopter, which landed on the Memphis square at 1 p.m. Saturday and took off after the parade activities.

The Amarillo Gun Fighters Club gave several shows during the afternoon, and the Memphis High School Band and the Big Texan Steak Ranch band added musical programs.

One of the interesting features of this year's race was the large number of female riders competing. La Verne Phillips, with a cut of 47 points, won the women's open A class.

Womens Open B class winners were: 1. Lynda Brady with 18, 2. Barbara Hogan with 31, 3. Lisa Baker with 34, 4. Kay Atwood with 56, 5. Rita Rogers with 60, 6. Paula Henley with 60 and 7. Sarah Watts with 62. The women rode about 70 miles of the 111 mile course.

Winners in the Seniors men class were: 1. Glen Terry-25, 2. Lewis Ashby-26, 3. Troy Taylor-38, 4. J. R. Horne-51 and 5. Ken Almond-54.

In the buddy class, the team of Bryant - Martin with -131 won the class, with second going to Keating - Meers with -186, and third to Honen - Carroll with -209. Hawkins - Folson had -210. Vermillion - Vermillion had -245 and Sutton - Tittle -253.

In the Mini, Junior - Senior class, the team of Tow - Tow with 11-17 took first. Collins - Collins with 25-25 took second, Davis-Davis with 37-57 took third, Sorenson - Sorenson with 55-55 fourth, proesser-Proesser 65-65 fifth and Salter - Salter 66-66 sixth.

Maxi Junior - Senior class was won by John and Glen Terry with 50, while Randy Chamber and Tody Coker took second with 72 and Carl and Scott Davis with 434 took third.

In enduro racing, riders try to hit certain gates within a one-minute limit, or they are penalized points. Too many points or missed gates disqualify riders. Riders also compete in class according to the size of their bikes' engines.

On Channel 13, viewers see KETA of Oklahoma City, an educational channel.

Also Wolfe said, some work has been done on Channel 5, which carries KSWO, Channel 7, of Lawton, Okla., an ABC affiliate.

"We have had some problems down the way, in getting the new channels here, but things seem to be working out now. With new equipment, it takes time to 'burn in' new circuits so work will be continuing," Mr. Wolfe said.
