Cyclone Relays Are Here Saturday

Gerald Knight Longtime Res., Is Buried Saturday

Funeral services for Gerald T. Knight, 61, were held at 3 p.m. Saturday, March 20, in the First Christian Church. Officiating were Tom Posey, minister, and Bill Posey, minister from Paducah. Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Knight passed away Thursday, March 18, in High Plains Baptist Hospital in Amarillo.

He was born August 5, 1914, in Paradise and moved to Hall County and Memphis in 1916 at the age of two. Mr. Knight was united in marriage to Vero Smith in 1930 at Hollis, Okla.

A farmer and rancher in both Donley and Hall counties, he was a member and deacon of the First Christian Church.

Survivors include: his widow of the home; one son, Gerry E. of Memphis; two sisters, Miss Frances Knight of Memphis and Mrs. Cecil Thomas of Hale Center; and one grandson.

Pallbearers were Bill Maddox, Russell Norton, Dick Fowler, M. A. Beasley, Coy Davis, Ernest Lee Kilgore, Buster McKee and Ben Parks.

Honorary pallbearers were T. B. Rogers, E. E. Roberts, Bob Montgomery, Orville Goodpasture, Don Davis, Don Long, Junior Welch, Wilford Martin, Pat Wells, Dr. H. R. Stevenson, Dr. O. R. Goodall, Les Sims, Floyd McIntosh, Rusty Hennerd, Fred Collins and Cecil Stargel.

Band Makes Div. I, Div. II At Contest

The Memphis High School Band received Division I marks in sight-reading and Division II marks from judges in concert in the Region NIL Contest held Tuesday in Panhandle.

Memphis missed being a sweepstakes band by not making a Division I in concert. Stratford and Sanford - Fritch were the only two bands in Class A making sweepstakes. Judges gave Div. I ratings to three bands in concert and five Div. I ratings in sight-reading.

Carol Blain said, "The band was better prepared and more excited about contest this year than in a long time. On stage, they were ready to play and did a very splendid and musical performance. The sight-reading was the best this band has performed in the last five years."

"They responded well to the baton. We are very proud of our type of the performance and have no regrets in the way we played. The band represented the town very well."

"I want to thank each Cyclone band member for their effort and work especially since last Monday and for all the flowers. The last week and their performance Tuesday have made all our efforts worth our time."

Some of the comments from sight-reading judges are as follows:

Dr. James Currens, Southwest

ern State — "Nice cres. and expressive parts, the basic fundamentals were generally well done."

"James Streit, Crowell — "A nice looking well disciplined band. Good instructions by director. This was an overall nice reading job. Watch your director on entrance. First note a little shaky. The band observed dynamic markings well. The overall sound of the band was good. There were very nice full band sounds during full band passages. The flutes and clarinets intonation suffered a little in the exposed woodwind passages. There was a strong ending and good sound. Nice job by band and director. A very musical group, congratulations."

Gary Brown, Norman, Okla. — "This is a nice job of reading, a well disciplined band. I feel that balance is their biggest problem. The chords need to be balanced from the bottom up."

Concert judges gave the band Div. II ratings and some of their comments are as follows:

Dr. Charles Traylor, ACC — "This is a good band. Some real pretty things happening. Nice style (some I would disagree with) but you show evidence of

James Beck (MHS 1975) holds the 440 mark at 51.3 which will possibly survive and Lewis Davis (MHS 1972) who holds the 330 I. H. best of 40.2 will also survive this year's meet.

King's time of 23.0 in the 220 set last year is again in jeopardy by Rickie Spruill of Memphis who was clocked at a 22.7 at White Deer last week.

Shamrock miler Ramsey ran a 4:47.8 last year to set the meet record and he will be back this year possibly to break this mark, although he ran a 4:49 at White Deer last week in windy conditions.

Clarendon's Mile relay time of 3:32.9 set in 1972 will probably survive.

King holds the long jump at 21'0" set in 1973 which could possibly survive, although Spruill will also be jumping at this mark.

Hollan of Childress in 1972 cleared the high jump bar at 6'3" which will be hard to beat, much less equal, as will be 12'6" pole vault mark set by Davidson of Hollis in 1972.

In the weight events, no one's going to better the marks set by Marvin Self of Silverton in 1972, when he tossed the discus 133'6" (knocking the headlight out of a local car on the first bounce) are the 56'7" toss of the shot put.

The race for the trophies this year boils down to two factors and a dark horse. Only three years have the team depth to capture enough points to win the meet. These are Memphis, seeking its fifth straight meet victory, Childress, a team with a lot of depth, especially in field events, and Shamrock, a team which is going to capture its share of points with competitive relay teams and individuals. Other schools are also going to capture points.

Local trackmen are hoping for good weather for the meet.

The Cyclone Mothers' Club will have a concession stand open at the meet. The club sold out of refreshments at the Jr. High meet recently but are planning for a larger crowd for the varsity and B Team meet here Saturday.

Rebekahs To Serve Supper Mon. Night

The monthly supper served by members of the Rebekah Lodge will be held Monday night, March 29, in the IOOF Hall located on the corner of 5th and Bradford Streets.

Serving will begin at 6:30 p.m. The public is cordially invited to come and eat with the ladies.

Hall County Farmers Union Plans Meal, Meeting Friday; Jay Naman To Speak

The Hall County Farmers Union will have a meeting Friday, March 26, at 7:30 p.m. in the Memphis Community Center.

State President Jay Naman will be here to make the principal address and will be flying in for the evening. Plans call for Mr. Naman to lead at the Memphis Airport about 5 p.m. and it is hoped that a number of farmers of Hall County will be on hand at the airport to greet him.

Robert Galloway will cater the meal for the evening and tickets will be on sale. They may be obtained from any of the Farmers Union directors or at the insurance office.

The evening will also feature entertainment and door prizes.

Everyone is invited to hear Mr.

Naman discuss the problems facing farmers and the effect of government regulations on the industry.

Burial was in Rowe Cemetery under the direction of Spicer Funeral Home.

Mrs. Hill passed away Thursday, March 18, in Hedley.

She was born July 16, 1888, in Lancaster, Tenn., and moved to Donley County in 1902. Mrs. Hill was a member of the First Baptist Church at Hedley.

Survivors include: one son, William O. of Dallas; one daughter, Mrs. Edith Cunningham of Enid, Okla.; 11 grandchildren, 22 great-grandchildren and four great-great-grandchildren.

Pallbearers were Don Hill, Jim Hill, John Hill, Max Hill, Mike Hill and Bill Tucker.

The public is cordially invited to attend.

Jr. Class To Sponsor Basketball With KVII MHS Faculty

The Memphis High School Junior Class is sponsoring a basketball game between the KVII-TV All Stars of Amarillo and the MHS faculty on Saturday, April 3, at 7:30 p.m. The game will be played in the Cyclone Gym.

Tickets are \$1.25 for adults and 75c for students and children.

The public is cordially invited to attend.

Clara W. Dunn Dies Sunday; Rites Held Here Wed.

Mrs. Clara W. Dunn, 81, passed away Sunday, March 21, in Hall County Hospital.

Funeral services for Mrs. Dunn were held at 10 a.m. Wednesday, March 24, in the First Baptist Church with the Rev. Gene Joplin of Plainview officiating.

Burial was in the IOOF Cemetery at Lakeview under the direction of Spicer Funeral Home.

Mrs. Dunn was born Oct. 1, 1894, in Arkansas and was united in marriage to Gattie Dunn in 1910 at Lakeview. He preceded her in death in 1968. She had been a resident of Hall County 62 years and was a member of the First Baptist Church.

Surviving are one daughter, Mrs. Viola Hoffman of California; two granddaughters, Mrs. Gerald Bello of Pasco Robles, Calif., and Mrs. G. D. Hall of Memphis; six great-grandchildren and three great-great-grandchildren; and four sisters, Mrs. A. C. Loftis of Springlake and Mrs. A. W. Tucker, Mrs. H. S. Chamberlain and Mrs. A. L. Summer, all of El Paso; and two brothers, Vernon Baker of Covington and Ernest Baker of Springlake.

Pallbearers were Raymond Moore, Russell Payne, Jiggs Walls, Lee M. Robertson, W. O. Clark and Jess Watson.

Mike Branigan was presented the "Boss of the Year" award at the annual bosses get given by the Business Women's Club on Thursday evening at the community center presiding at the banquet was Myrtle Helm, pictured right, president of the club. The award was made by Kathryn Jones, program chairman. Approximately 60 members, their husbands and bosses and their wives attended the social. Guests were entertained with a humorous talk entitled "Men's Lib" by Virginia Browder and a twirling routine by little Twana Beth Garland, of Clarendon granddaughter of Mr. and Mrs. Barney Burnett of this.

White Deer Victory Is Mile in Row For Trackmen

Memphis High Track Team won fourth straight meet at White Deer last Saturday, capturing 106 points, to outdistanced-Fritch with 73, Panhandle with 66, Shamrock 48, Stinson 36, White Deer 34, Groom 27, Sunray 25, Wheeler 25, Phil Sunday 17, Clarendon 10, and River Road 4 and 0.

Local trackmen brought the meet trophy and the relay trophy. The Memphis relay team set a new record with a time of 45.0 members Charles Bryley, Rick Spruill, Fred Alexander, Kirk Salinas took third in the 220-yd. dash with a time of 2:10.2, fourth of a second off the place team.

Salinas took third in the 100-yd. dash with a time of 10.1. Eddie Williams had a 54.9 to place fourth.

The 220-yd. dash, Spruill placed one and two, both with times of 22.7.

In the mile run, Randall Shahan ran a 4:50.5 for the third place.

The Memphis Mile relay team placed second with a time of 3:41.1 behind Sanford-Fritch.

Spruill won the long jump with a leap of 20' two and three-fourths inches and Kenneth Bryley placed sixth.

Coach George Berry said he was pleased with the performance of the local trackmen, who have been working hard to better individual bests in many of the events.

"I think our trackmen will be doing their best to win the Cyclone Relays here Saturday as a matter of pride. The victory would be our fifth of the season, but it will take real team depth to capture enough points to outdistance Childress," the coach said.

"Some of our team members are looking at bettering the meet records in their events and getting their names written down in the record book," Coach Berry said.

Fans should come out to the meet Saturday and watch the various events.

Memphis Netters, Golfers Win Meets

Memphis tennis players and golfers have been most successful this past week, winning meets they have entered.

The golfers, both the boys team and the girl medalist won the Quannah Inv. tournament Tuesday, while MHS singles player, Ted Phillips won the Canyon tournament last Friday and Saturday.

The MHS team, lead by medalist Ricky Guy with a 76, with two 77s posted by Don Cofer and Matt Monzingo, and 84 by Rodney Hall, posted at 314 to win the team trophy, medalist trophy and individual trophies at Quannah.

Tina Foxhall returned to her scoring form by firing an 83 to tie for medalist honors at Quannah, and the freshman linkster won a sudden death playoff for medalist honors at Quannah, a sudden death playoff for medalist honors over Janet Baucum of Quannah.

At the Plains Tennis Association in Canyon last Saturday, Ted Phillips in boys singles won first place as he defeated Waits from Higgins 6-0, 6-2, Ernie Lucero from Valley 7-5, 0-6, 6-4, and Joey Barefield of Valley 5-7, 6-4, 6-3.

Charles Phillips and Tracy Galloway in boys doubles, lost their first match to Abenathy, 6-1, 6-4. They won their second match against Gregg Clark and Brad Byars of Lakeview, and went on to win consolation.

In girls singles, Julie Fowler lost her first match against a girl from Higgins, 6-1, 6-0, the girls who eventually won the tournament. In consolation play, Julie defeated a Tulsa girl 8-3 in a pro set, an Abenathy girl 8-1 in a pro set, and Terri Orr from Tulsa 8-1 to win consolation.

Jana Davis and Jane Richardson, in girls doubles, won second place, after defeating a team from Happy, 6-1, a team from Abenathy, 6-0, 6-2, a Nazareth team 6-0, 6-3, and lost in the finals to a Nazareth team 6-2, 6-4.

Traffic Death Toll Again Rising!

Figures released this week by the Texas Department of Public Safety show that 1975 traffic deaths in Texas rose 13 per cent over 1974, but the toll fell 263 short of the all-time record set in 1973.

If this trend continues, it will just be a matter of a few years before Texas again begins setting new all-time high figures in traffic deaths.

DPS says a total of 3,429 persons lost their lives last year in 2,945 fatal accidents. The figure compares to 3,046 who died in 2,626 fatal accidents during 1974 and 3,692 who were killed in 1973's 3,074 fatal mishaps.

Col. Wilson E. Speir said the traffic death rate per 100-million vehicle miles was 4.054 last year-up from the 3.9 rate in 1974 but under the 1973 death rate of 4.6.

The DPS director said reports were received on 92,510 injury accidents which resulted in injuries to 138,962 persons. In 1974 there were 83,341 injury accidents and 123,611 injuries, while in 1973 some 87,631 accidents resulted in 132,635 injuries. Non-injury accidents for 1975 totaled 373,141, compared to 348,227 in 1974 and 373,521 in 1973.

Considering all types of traffic accidents in Texas, Speir said there were 34,402 more total accidents in 1975 than in 1974, and 4,370 more than in 1973.

Texas, according to DPS are driving more in 1975 than they did in 1974, a year when total driving fell drastically due to the impact of the national energy crisis.

Col. Speir noted that even though 1975 mileage was well above 1973 figures, and even though there were more total accidents in 1975 than in 1973, the 55 mile speed limit apparently made a sizable contribution to the reduction of 263 deaths when compared to 1973's record toll.

Texas are warned by DPS that its officers are both obligated and committed to enforcement of the 55 mile speed limit. "Only through responsible driving on the part of all our citizens can future increases in traffic deaths be averted," he added.

Along with this report comes further reports to indicate that traffic accidents are causing increases in insurance rates brought on because of higher repair bills, higher medical and hospital treatment costs.

Unfortunately, despite the many excellent pamphlets and safety brochures available to the driving public, few changes in the driving habits of motorists on our streets and highways will come about.

Driver's error causes 90 per cent of all traffic accident's. Mechanical failure and roads cause the other 10 per cent. Many drivers never realize just how fast they are traveling until it is too late to stop. At 68 m. p. h. your car is traveling 100 feet per second. A sneeze closes the drivers eyes for just that long, one second. Many accidents are caused because of driver's vision, which could have been avoided if one or both drivers had been more alert.

Nighttime driving is more dangerous than daytime driving. Driving past three hours after normal bedtime is an extremely dangerous practice, almost as dangerous as driving after consuming two shots of alcoholic beverage.

A bright, alert driver takes three-fourths of a second getting his foot from the gas pedal to the brake.

Drivers should also make a conscious effort to learn to drive with only one hand on the wheel. Why? Studies show that many wrecks occur when a driver has only one hand on the wheel (using the other to light a smoke, change a radio, control children or pets, or being romantic). Suddenly an obstruction appears and it takes another whole second to get the hand back on the wheel and in position to apply the brake or avoid the obstruction.

That one second may be the difference between life and death.

GOVERNMENT REGULATIONS

It used to be that the country editor ignored the national issues and commented only on those matters close at hand that had a direct influence on his community.

It was a good policy because it left the daily newspaper editors the field for the state and national scene. But today, with increasing government regulations, the weekly editor simply can't avoid running into some bureaucratic maze.

Take for instance the article in Monday's daily paper about some 500 community water systems in the state which will not meet standards for fluoride or nitrate levels as set out in the federal Safe Drinking Water Act.

The State Board of Health Resources has voted to designate the Texas Department of Health Resources as the sole state agency charged with the implementation and enforcement of the new law. Although the state standards are substantially in line with the new federal act, it will have an impact in the minimum standards for certain "contaminants," including fluoride and nitrate.

Such standards, according to Mayor Bob Clark, will directly affect Seminole and most West Texas cities who derive their drinking water from the underground formations.

Some 500 communities will have to seek variances or exemptions from the regulatory agencies. There will be additional reporting to the U. S. Environmental Protection Agency and record keeping will increase. According to one official, more persons will have to be hired to meet the increased monitoring requirements.

The ERA will furnish Texas \$418,000 in grant monies which is 75 per cent of the total program

startup cost. The state will pay the balance of \$139,400.

For those communities which will be \$50,000 low-interest loans.

Such nonsense. According to our Mayor, one such filter system would cost the city in excess of \$350,000. The other alternative is to find another source of consumer water.

Good grief!

We have never heard of anyone dying from the West Texas water. We can always remember a few stains on the teeth, but we remember one doctor who argued that the added minerals in the West Texas water helped in the hardness of the tooth and far off-

sets any negative benefit.

Here's what Seminole and surrounding communities can expect:

They can buy the time necessary to bring their water systems in line with federal standards by going through a hearing procedure to obtain a variance of exemption from the act. And if the extension is granted, the community will have to file a schedule of compliance with the health agency indicating what they plan to bring their system into compliance.

Now isn't that bureaucratic double-talk just wonderful. It makes us wonder how we poor ignorant rural folks have survived all these years.

Lakeview Senior Talent Show Acclaimed Huge Success

The Lakeview Senior Talent Show, which was held on Friday, March 12, was a great success. The Master of Ceremonies, Burl Simpson, added to the effectiveness of the entertainment. Mr. Simpson, Bennie Foard and Mark Gardenhire further enhanced the production by providing entertainment between the various acts.

First place in the elementary division was awarded to Dusty Jones, Phillip Hancock, Valentine and Oren Don Molloy. A pantomime of the popular song, "Convoy," Brent Foard, was accompanied by Mark Gardenhire, captured second place singing "Rhinstone Cowboy" Maurice, Kay and Craig. Right then received third place singing a popular dance, the Bump. In the high school division Sidney Gardenhire won first place singing "Kiss an Angel Good Morning" and "Queen of the Silly Dollar." Second place was awarded to Jay McKay, who did an imitation of Elvis Presley. His imitation of "Blue Suede Shoes" inspired a great reaction from the young girls in the audience. Third place went to Janie Reyes who did an excellent vocal and piano arrangement. She was then accompanied on another arrangement by Susie.

The Calendar Girl Competition is another exciting aspect of the

show. Girls were selected for each month of the year, and they styled in costumes depicting the weather, a special holiday or event found in each particular month. The elementary winner was Monica Molloy, who dressed as a patriotic November voter. The high school winner was Sandy Byars who was adorned in a lovely outfit depicting a February Valentine.

In the Open Division the Pounds Family received first place with Randy Wilson's band receiving second. Mr. John Stepp captured third with a spicy harmonica solo.

The Lakeview Senior Class would like to thank Mr. Clovis McCary of Quail who loaned the speaker system and the mothers who manned the concession stand. The Seniors; Janet Byars, Starla Byars, Joan Berry, Sidney Gardenhire, Theresa Chapman and Sherry Lemmons would also like to thank all those who entered the contest and all those who attended and the sponsors; Mrs. Bell Hughs and Mrs. B. H. Cook.

CARD OF THANKS

To our many friends and neighbors who were so kind to our Mother (Francis Neely) while she was in the hospital. The many cards and gifts were greatly appreciated, but most of all thank you for being there when we needed you at her death. Local Women Attend Abilene Rebekah Assembly

The 82nd session of the Rebekah Assembly and the 136th session of the I.O.O.F. Grand Lodge of Texas convened March 13-16th at the Civic Center in Abilene. This was designated as the 1776-1976 Bi-Centennial Year session.

Mrs. Patricia Jones of Smithville, Texas presided at the assembly. On Saturday, March 13th a school of instruction for the assembly representatives was held. Mattie Orah Jones, the representative from Memphis Rebekah Lodge No. 346 attended this meeting. On Saturday afternoon a school of instruction was held for the desk officers of each lodge. Nettie Morris of Waco, assembly secretary, led the school. Immediately afterwards the Rebekah Degree was exemplified with members of lodges in Amarillo taking part. That evening the Grand Masters and President's banquet was held. Immediately following was the Grand March and Ball.

On Sunday Vice President Zora Peddycord of Humble held a conference with district deputy Presidents and lodge deputies. There was a memorial service for all Odd Fellows, Rebekahs, Junior Odd Fellows and Theta Rhos who had died the past year. Morning worship was at 11:00 a.m. with Bro. C. R. Smelser of Rochester bringing the message.

At 2 p.m. on Sunday there was a joint opening ceremony with the mayor pro-tem of Abilene bringing the welcome, which was responded to by J. B. Cloberdants, Grand Master and Patricia Jones, President. A program by children from the IOOF and Rebekah Orphans Home at Corsicana was presented. At 4 p.m. the Decoration of Chivalry was conferred on twenty-four ladies of the LAPM and Rebekah sisters.

At 8:00 p.m. officers of both the Grand Lodge and Rebekah Assembly were presented. Marguerite Smith and Estelle Barber were introduced as District Deputy President of district 6 and Lodge Deputy of Memphis No. 346.

On Monday morning the opening of the Rebekah Assembly was for the public. At 9:00 a.m. the Rebekah Assembly Degree was conferred on Mattie Orah Jones and Abbie Kennon of the Memphis lodge along with ninety-five other Rebekah and one Odd Fellow. At noon Estelle Barber and Marguerite Smith attended the

Star Commanders luncheon. The Lone Star Commanders is an organization whose members are the present and past district Deputy Presidents of the Rebekah Assembly.

Regular business was transacted in the afternoon. Election of officers was held at 2:00 p.m. with Vice President Zora Peddycord of Humble being elevated to the office of president. Peggy McLean of Houston was elevated to vice-president and Corine Whitehead of Garland was elected Warden. At 8:00 p.m. a joint public installation of officers of the Grand Lodge and the Rebekah Assembly was held. Marguerite Smith of Memphis was installed as assistant chaplain for the State Assembly.

Mrs. Smith also served as assistant outside guardian for the assembly and at the Lone Star Commanders for the coming year.

On Tuesday morning the vice president's breakfast was held. The new president presented her program for the new year. There were well over seven hundred persons attending the breakfast. Regular business was transacted on Tuesday and the meeting adjourned in the afternoon to convene in Houston in 1977.

The Sovereign Grand Lodge of the World was represented by the Junior Sovereign Grand Master rank Shrives of Portland, Oregon. The International Association of Rebekah Assemblies was represented by The International President Hazel Lou Wallace of Bossier City, Louisiana.

Those attending from the Memphis Rebekah Lodge were Mattie Orah Jones, Representative; Abbie Kennon, Estelle Barber and Marguerite Smith.

Other members from District 6 were Louise Bunnell of Shamrock; Katie Isbell of Wellington and Nolan and Nellie Ebans of Childress.

Culture Club Meets on March 17

The Woman's Culture Club met March 17 in the Visual Aids room of Memphis High School with Mrs. Jeanette Irons as hostess.

Mrs. Robert Moss, president, presided over a short business session. The club voted to present Mrs. Roy Guthrie's name for the distinguished service award from West Texas State University. Mrs. R. E. Clark was elected delegate to the Santa Rosa District Convention at Vernon. Mrs. Frank Ellis was elected alternate.

Mrs. Robert Moss gave the prayer before the program on "Opportunity for Saving." Miss Jackie Culbert introduced the program with the quotation "America is a tune. It must be sung together," by Gerald Stanley Lee.

A film "An American Partnership" was shown by Mrs. Jim Lange. The film was a historical documentary telling how citizen participation in government financing by buying U. S. Savings Bonds helped in the building of America.

Mrs. L. A. Stillwell discussed "Take Stock in America," giving information about Series "E" Saving Bonds and Series "H" Saving Bonds, the importance of investigating in Saving Bonds, and instances where people helped out in a time of crises for the United States by buying them.

Members present were: Mmes. Ward Gurley, Jim Lange, Robert Moss, L. G. Rasco, L. A. Stillwell, Sylvia Lewis, Misses Esta McElreath, Sybil Gurley, Jackie Culbert, Alma Bruce, and hostess, Mrs. Jeanette Irons.

Mrs. Walter Hightower returned home from Houston after a three-month visit with her daughter and family, Mr. and Mrs. Hugh T. Lilly.

Fidelis Group Meets on the 23 of March

The Fidelis Fellowship of the First United Methodist Church met Monday, March 23. Neville Penn, president, called the meeting to order. In her introductory remarks she gave excerpts from a book by Rev. Harlan Faris in which he suggests Christians read the last chapter of Matthew, Luke Mark. These chapters bring the last days of Jesus on Earth to readers attention.

Following a brief business session, Hester Bounds, program leader, stated the purpose of the program which was to "broaden the relationship between the U. S. and the Indian Tribes." Rev. Metzger gave a detailed report of the Navajo Tribe at the Indian Mission in Farmington, New Mexico. Mildred Steuhens led the "Treaty of Rabbit Creek."

Members present, other than those mentioned above, were: Mae Phillips, Lucile Burnett, Mae Lavender, Helen Madden, Soe Stillwell, Viola Morris, Ora Schie, Ruby Compton, Beth Leons, Pauline Wynn, Bettie Johnson, Lenora Greenhaw and the hostess Annette Boswell.

You can BANK on It!

Don Long
President
FIRST STATE BANK

Here's a basic checkbook tip: Don't write checks you "intend" to cover with a future deposit — even if you think you're going to do it the very next day. The reason (other than it's just not good business) . . . computers are much faster than you are, and so are magnetic ink coding readers that read those funny looking numbers on your check very quickly.

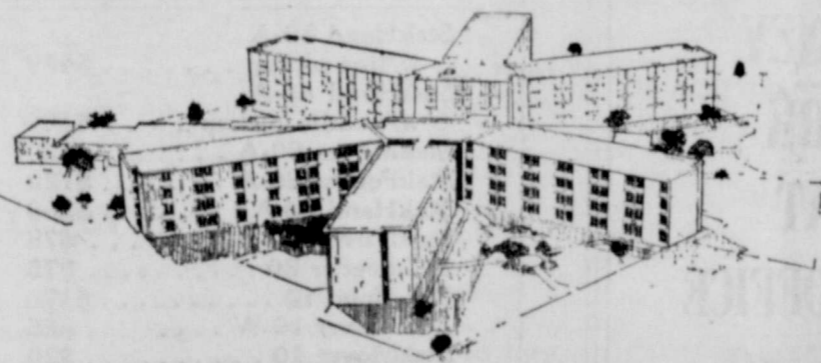

Computers and coding readers are machines, and therefore are impersonal. They do what their human masters tell them to do (they go wild once in a while, but it's the exception rather than the rule). Banks often cash checks the same day they are written because of this technology, and if your check reaches the bank before your deposit is recorded, you will probably wind up paying an "insufficient funds" charge. And, if something happens that is unforeseen, and you can't make the deposit, you can wind up with even more embarrassment (in some places it's downright unlawful, no matter how well intentioned you are).

It's never a good idea to give a post dated check, either (dating a check in the future, so you can cover it with a deposit before it is submitted to the bank). A post dated check likely can be cashed before you intended, and since bank clerks, who are as human as the rest of us, often watch the dollar amount rather than the date, you can again wind up with an "insufficient funds" charge on your checking account.

More than 7,700 Bites Were Tabulated During 1975 by Health Department

Ask a dog, "Who is man's best friend?" and it might just take a bite out of your leg.

Animal bites, whether or not you can joke about them, are no laughing matter, says the Texas Department of Health Resources.

More than 7,700 bites were tabulated during 1975 by the Bureau of Veterinary Public Health of the Department of Health Resources. These bite reports came from roughly a fifth of the state's population.

Animal bite incidents are reported regularly through a surveillance program operating through local health departments which cover an average human population of approximately 2.3 million persons per month.

The animal bite rate for 1975 was 336 per 100,000 population, a slight increase over the 1974 rate. Reports that year covered approximately 3.1 million people per month.

The surveillance report can put the finger on who is most likely to be bitten badly enough to report the injury.

Last year in Texas the most frequent victims were younger children. Of the 7,727 persons reported bitten in surveillance areas, 35 percent were less than 18 years of age. And, 89.5 percent were under 20 years old.

Man's best friend, the dog, was responsible for 83.2 percent of the bites, and cats were the villains in 11.6 percent of the bite cases. That leaves wild animals for the bulk of the remaining bites. These included three reports of fox bites and 18 by snakes. Rodents were responsible for 3.6 percent of bite cases during 1975.

How do you get close enough to a wild animal to be bitten? In most cases people come upon the critters unexpectedly, or run into them around barnyards. If an animal is rabid, it may lose all fear of humans. This could cause a bite victim to assume the animal is a lost pet and attempt to pet it, with disastrous results.

State health authorities point with concern to these biting incidents.

Rabies is a constant threat to domestic animals, especially in areas where pets may come in contact with wild animals.

Last year in Texas 329 animal rabies cases were confirmed, including 45 cases in pets—25 of them dogs. Twenty-one cases were confirmed in livestock and 263 rabids were confirmed in Texas wildlife. Skunks accounted for almost half of the wildlife total.

A study of vaccination records of the aggressive pets involved in biting episodes discloses an alarming fact. Of the 6,421 dogs and 895 cats involved, only 37.1 percent of the dogs and less than four percent of the cats were reported as vaccinated against rabies.

The vaccination status of dogs and cats involved in the reports has been low through the years, reports the Veterinary Public Health Bureau. Dogs last year showed a slightly higher vaccination percentage in 1975, compared to 1974, but cats showed a 5.4 percent decrease.

Cats normally are thought of as indoor pets, and owners seldom have them vaccinated against rabies. But, last year 14 people took the anti-rabies treatments because of one rabid cat.

Statewide, the Department of Health Resources Laboratories

furnished 615 series of antirabies treatments. Nationwide, about 30,000 persons receive post-exposure anti-rabies treatments. Animal bites are estimated at up to 1 1/2 million per year nationally, making bites a true epidemic.

The threat of rabies adds greatly to the expense and trauma of bite injury, especially in cases where the animal may run away from the scene.

In Texas the past year, three-fourths of the 7,722 animals reported involved in biting episodes were owned. These animals could be traced and observed for any signs of illness. Effects of the anxiety centered around a bite by an unowned — and perhaps unowned — animal can only be imagined.

The country has been in the midst of a pet explosion for several years. Many animals in cities and towns are allowed to run loose, which increases the possibility of bites by straying dogs.

While there is no truly accurate census of the pet population, some authorities consider the dog population to be as high as 25-35 million and the domestic cat population to be at least 30 million. A nationwide survey found populations of dogs and cats to be almost the same — one dog and one cat for each six humans. Thirty-eight percent of families own at least one dog.

Apparently humans are finding it desirable to have pets live among them. It may not be possible to avoid a bite, but you can help matters by teaching your children never to approach a stray or a dog which isn't familiar to them. Even pets of friends may bite if approached rapidly or frightened.

Mr. and Mrs. Travis W. Jameson of Matador are the parents of a daughter born March 18. She has been named Whitney Anne and weighed 9 pounds, 5 ounces.

Mr. and Mrs. Samuel Chacon announce the birth of a daughter on March 19. Weighing 7 pounds, 3 ounces, she has been named Sandy Dominguez.

Mr. and Mrs. Eddie LaWayne Hemphill of Childress announce the arrival of a son, Jackie LaWayne, on March 22. He weighed 4 pounds, 4 1/2 ounces.

The Eastern coyote male usually weighs 30 to 40 pounds, mates in the Northeast in February and stays mated for life. Although coyotes were virtually unknown east of Wisconsin at the turn of the century, the first true coyote appeared in New Hampshire in 1944 and in Vermont in 1948 and has since proliferated and moved south. The Eastern coyote, *Canis latrans var.*, should not be confused with coyote-dog hybrids, popularly known as coydogs. While the male Eastern coyote is a devoted father and teacher, the male coyote-dog takes no interest in his offspring.

Agri. Centennial Week Is April 5-9 Meets March 23

COLLEGE STATION — Agricultural Centennial Week at Texas A&M University April 5-9 will include special features for youth, state and national agricultural leaders, educators and producers. This is the opinion of Dr. L. S. Pope, program chairman and Texas A&M's associate dean of agriculture.

"Agricultural Centennial Week will be a special feature of the TAMU Centennial observance," Pope emphasized. "Agriculture in a Century of Change" is the week's theme. The public is invited to participate in the special activities.

The spotlight will be on youth the opening day, with the morning program to include talks by a national Future Farmers of America officer, state 4-H and Future Homemakers of America officers. Seminars and exhibits on agricultural career exploration are set that afternoon, and the annual Agricultural Convocation will be that evening, when special awards are to be made.

A two-day symposium on "Maintaining the Momentum of Agriculture in Century III" will feature national and state leaders who explore the future of Texas agriculture, April 6-7. Special Centennial awards for distinguished service to Texas agriculture will be presented to several key individuals during a luncheon on April 6, Pope added.

Among symposium discussions will be weather and food, the chemical revolution in U.S. agriculture, the young farmer, food and

Hall Co. Farmers Urged To Be Careful With 2,4-D

AUSTIN — Agriculture Commissioner John C. White urges all Hall County farmers who use 2,4-D and other hormone-type herbicides to be especially careful this spring and observe regulations for application of that material.

This county is one of 76 in the state which have elected to operate under the regulations administered by the Texas Department of Agriculture.

White reminded farmers that they must have a permit to use Hormone-type herbicides on plots of ten acres or more. On smaller plots, the operator must notify the Texas Department of Agriculture of his intent, prior to spraying.

"These hormone-type herbicides are essential in production

policy makers, energy, transportation and labor.

Concluding the symposium will be a panel discussion on "Texas Agriculture — Can We Climb to Number One?" Dr. H. O. Kunkel, A&M dean of agriculture and acting director of the Texas Agricultural Extension Service, will be moderator.

The Texas Animal Agriculture Conference on April 8 and 9 will feature production short courses in beef cattle, dairy, swine, horses, pastures and forages, and range and wildlife. "Environmental Management and the Private Landowner" will be the subject of the general session on April 8, said Pope.

plans of some farmers, but they can be a serious problem to others if wise practices are not followed," White explained.

Herbicides can drift during application from the target area and will affect susceptible crops such as cotton and broad-leaf plants. In addition, fruits, vegetables, and ornamentals can be damaged severely by herbicides.

Before applying them, the farmer should check the surrounding fields for susceptible crops, White advised.

He also suggested that a spray pressure of 20 to 30 pounds is best for applications of these herbicides.

"Proper pressure for ground rigs is one of the best ways to assure safety. Spraying is best done when winds are from 0-3 mph, and temperatures are less than 90 degrees. When winds reach 10 mph, and temperatures exceed 90 degrees F., the operations should be halted," White said.

"The best advice we can give anyone — farmers or home owners — is that in using any type of agricultural chemical, one should first read the label and follow the directions to the letter."

Mr. and Mrs. John Sadid and Terri were in Borger over the weekend to attend the wedding of Miss Georgeann Shadid, daughter of Dr. and Mrs. George Shadid. The wedding was on Saturday night at the First Baptist Church.

Memphians Attend FLBA Meeting In Houston Recently

Mr. and Mrs. M. A. Beasley, of Memphis have just returned from Houston where he represented the Federal Land Bank Association of Memphis at the annual stockholders meeting of The Federal Land Bank of Houston. The meeting held at the Houston Oaks Hotel, was attended by members of 66 Federal Land Bank Associations in Texas. There were about 550 persons in attendance.

George W. Cunningham, President, in his annual report to stockholders, reported that the demand for new loans declined from the previous two years; however, 1975 was still the third largest year in the bank's history and also the third consecutive year that loan closings had exceeded \$200 million. Dr. Phil Gramm, Economist on leave of absence from Texas A & M University and B. K. Johnson, a prominent South Texas rancher and director of the King Ranch Corporation, also addressed stockholders and guests during the meeting.

The Federal Land Bank of Houston makes long-term loans on farms and ranches throughout Texas and currently has 35,000 loans for more than \$1,145,000,000.00 outstanding.

The Federal Land Bank Association of Memphis makes and services loans in this area.

Others attending the meeting from this area were Mr. and Mrs. W. R. Wolfe.

Attending were Johnnie Hutchinson, Beulah Martin, Wanda Messick, Dora McQueen, Peggy Becker and the hostess, Yette Miller.

Fire Department Receives Farm Bureau Check

The Memphis Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Terry Monzingo, 817 N. 17th, Memphis, Texas 79245.

The money will be used for their loss prevention program.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Memphis Volunteer Fire Department in their program.

First Baptist Church Holds Note Burning Ceremony Sun.

The First Baptist Church held special services Sunday, March 21, in celebration of the note-burning of the indebtedness of the church.

The new building was completed in September, 1968, at a cost of \$250,000. A vote to build the new church was taken in 1966 and \$130,000 was raised to construct the building. The remainder of the money in the amount of \$120,000 was borrowed for the building on a 10 year loan. The amount of the note has now been paid off in seven years.

Two former pastors, Rev. John Bobo of Hurst, pastor of the Shady Oaks Baptist Church, and Rev. Fern Miller of Cleburne, area missionary of Trinity-Brazos area Baptist General Convention of Texas, filled the pulpit Sunday morning.

Former members and visitors were present for both the morning and afternoon services.

Following church services, members and guests went to the community center to enjoy a bountiful lunch.

At 3:00 p.m. members assembled back at the church for the note-burning services with J. M.

Ferrel presiding. Kipp Burnett led in the song service. Ace Gailey gave a testimony and facts of the building program when it was in the planning stages and also the building stages.

Mrs. Emma Baskerville was recognized during the services as having attended the most note burning services at the church. This was the third note burning service she had attended.

Participating in the actual note burning was R. B. Phillips, J. M. Ferrel, Gene Lindsey, C. H. Murphy, Jr., and Ace Gailey. Gene Lindsey read letters that were addressed to church members from former pastors and other churches congratulating the church on its accomplishments.

The song, "Amazing Grace" was sung by the congregation and then the choir sang a special number, "Rise Up, O Men of God." Rev. C. H. Murphy, Jr., pastor of the First Baptist Church of Friona, then brought the message.

The members of the church wish to express their appreciation to everyone who participated in this special service.

Members of the Note Burning Committee included: J. M. Ferrel,

chairman; A. L. Gailey, Mrs. Omer Hill, Mrs. Robert Moss, Mrs. W. R. Parker and Gene Lindsey.

Conservation Film Is Available Now For Showing

A short history of conservation in the U. S. is presented in "Limits", a bicentennial slide set produced by the U. S. Department of Agriculture's Soil Conservation Service and available to the public.

The 15-minute production traces the growing awareness of Americans that our natural resources — soil, water, timber, wildlife and scenic beauty — which at first had seemed inexhaustible, were not without limits and had to be protected against exploitation.

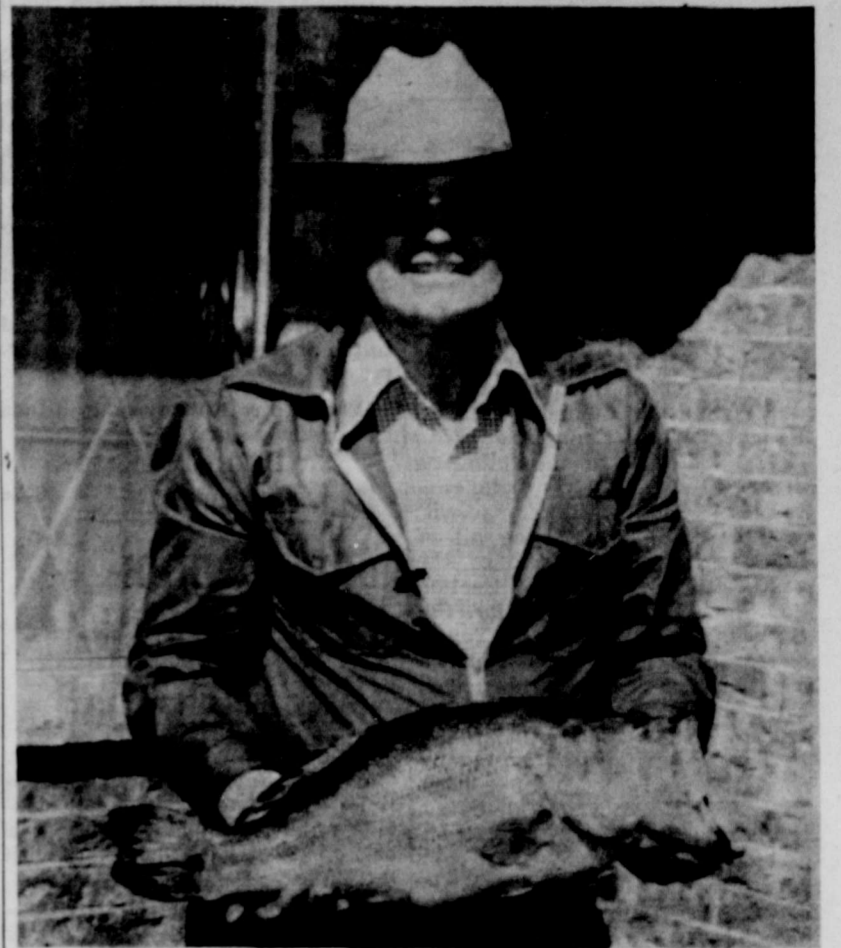

"Limits" is appropriate for showing to all audiences interested in conservation: schools, conservation groups, television audiences, civic clubs and organizations.

Copies of the slide set can be purchased for \$20.50 from the Photography Division, Office of Communication, U. S. Department of Agriculture, Washington D. C. 20250. The filmstrip can be ordered for \$12.50 from Photo Lab, Inc., 3825 Georgia Avenue, N. W., Washington D. C. 20011. A programmed cassette with soundtrack and two copies of the illustrated narrative guide are included in the price of both the slide set and filmstrip.

Henry D. Gregory, district conservationist for SCS at Memphis, said he can borrow a set for use locally if needed. It will, however, need to be scheduled well in advance of the day of showing.

Mr. and Mrs. David McKay of Lubbock are enjoying a week's spring break visiting here with his parents, Mr. and Mrs. Argie Lee McKay and her grandmother, Mrs. H. A. Combs. Mr. McKay is a senior student at Texas Tech.

Jane Denton Play With NY Girls Basketball

Jane Denton, daughter of Rev. and Mrs. Royce Denton of Penfield, N. Y., has received considerable publicity on her ability as a basketball player. She plays with the Webster Schoeder Girls' team. Miss Denton, who is five foot, ten inches, is a junior and averages 15 points and 18 rebounds while playing the Lions recently. Miss Denton, a B-plus student, briefly considered graduating a year early this June to advance to college basketball next year at Southern Baptist College in Jackson, Tenn. Her father is a Baptist minister as well as girl's junior varsity coach at Schroeder. But she decided to attend high school another year. She's one of the best big ball-handlers you'll see in high school, says coach Judy Bishop. "She even has a hook

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN — Three major state-judicial races on the May 1 Democratic primary ballot are attracting widespread interest among attorneys, although the general public remains largely unaware.

Resignation of veteran Judge W. A. Morrison from the court of Criminal Appeals effective March 31 created the third contest. The filing deadline will be reopened to permit candidates to get their names on the ballot. Gov. Dolph Briscoe has authority to fill the vacancy until the November general election.

In the other judicial races, Fourth Court of Civil Appeals Chief Justice Charles W. Barrow, 54, of San Antonio and Houston attorney Donald B. Yarbrough, 34, are contesting for a Texas Supreme Court seat being vacated.

Barrow outpolled Yarbrough 10,086 to 1,741 in a sampling of lawyer opinion through the State Bar. Yarbrough said that was the "greatest compliment" he could receive.

Court of Criminal Appeals Judge Truman Roberts, seeking his second term, is opposed by Dallas District Judge Jerome Chamberlain, 53.

Roberts topped Chamberlain in the Bar poll 8,894 to 2,751. Chamberlain has been criticizing Roberts' opinions as over-technical. Roberts says he follows the law strictly.

Allowable Set
For the 49th straight month, the Railroad Commission set the statewide oil allowable at 100 per cent.

Exceptions include the East Texas Field (86 per cent.)

Buyers asked more than 3.9 million barrels a day, a slight decrease of 2,174 from March. The commission acted after oil company executives lambasted federal energy policies at length during a day-long hearing.

Toll Rises
The 1975 traffic death toll in Texas rose 13 per cent, according to the Department of Public Safety.

At that, the number of deaths were 263 below the all-time-record year, 1973.

Voluntary compliance with the 55 miles per hour speed limit is not as good as it should be, but traffic continues to move slower than under the old 70 mph limit, according to DPS Director Wilson E. Speir.

The death toll last year was 3,249, compared to 2,945 in 1974 and 3,692 in 1973.

Unemployment Up
Texas unemployment increased by more than 7,000 during January, Texas Employment Commission reported.

TEC said 305,500 were seeking work, compared with 298,200 in December.

The jobless rate went up from 5.6 per cent to 5.8 per cent of the labor force. The total number employed dropped from 5,042,900 in December to 4,976,400 in January.

Courts Speak
Texas Supreme Court agreed

to hear arguments in a former Texas Tech football player's suit claiming the school should be liable for his knee injury since trainers didn't tape the knee properly.

The high court also upheld suspension of a Fort Worth dentist for publishing a booklet supporting nutritional supplements as a cancer cure.

Supreme Court justices upheld an order the Dallas Civil Service Board must consider charges against police officers in a beating and shooting death.

A divided Court of Criminal Appeals reversed a life sentence burglary conviction of an Abilene man, noting the lumber shed he was accused of entering was not an enclosed structure.

A San Antonio man sentenced to 15 years for manslaughter in the death of a two-year-old stepdaughter lost his appeal.

The Court of Criminal Appeals ordered a new trial for a Hidalgo County man convicted of violating probation terms due to an illegal search for weapons.

Another new trial was ordered in a Jefferson County case of probation revocation involving injection of a prescription drug.

AG Opinions
Atty. Gen. John Hill told The University of Texas it cannot withhold records of the UT Division of Extension on grounds they are part of a continuing internal investigation.

In other recent opinions, Hill concluded:
A court can grant an occupational drivers' license after drunk driving convictions only where it does not impose imprisonment.

Written applications are required for emergency admission of mental patients to state hospitals.

A livestock owner violates a county stock law when his cattle are on a county road uncontrolled.

Appointments
Gov. Dolph Briscoe named Glen E. Roney of McAllen to succeed W. E. Tinsley of Austin on Texas Water Development Board.

The governor picked Knute Dietze of Victoria as criminal district attorney for Victoria County.

He designated Joe LaManita of McAllen chairman of the Criminal Justice Division Advisory Board and T. L. Roach Jr. of Amarillo as vice-chairman.

Harry L. Ledbetter resigned from the comptroller's staff to become coordinator of finance in Phil Gramm's senate campaign.

Eastland Court of Civil Appeals Chief Justice Esco Walter and District Judge Darrell Hester

WINTER PEAS—Charles Wade, Range Conservationist, with the Memphis Field office, checks the winter peas that were interseeded into cotton at the last cultivation on the Thelma Robertson farm. A good cover as this will protect the land from wind and water erosion as well as adding humus and organic matter to the soil. The organic matter and humus contain plant nutrients and will improve the soil's ability to absorb and hold water as well as increase the soil's capacity for aeration and increased prosity.

of Harlingen were appointed to the Judicial Qualifications Commission.

Short Snorts
Texas oil and gas wells produced 8,051,979,641 mcf of gas in 1975, down from 8,907,428,815 mcf in 1974.

Forty-two Texans have received death penalty convictions since 1973.

The Railroad Commission ordered plugging of three wells in a far West Texas oil field to protect the water supply.

The Supreme Court has been asked to mandamus the Railroad Commission to set a permanent gas rate for Lo-Vaca Gathering Company customers.

Comptroller Bob Bullock said his auditors uncovered \$5.5 million in additional tax revenues owed the state last month.

School district taxable property values are expected to exceed

\$150 million, according to the governor's education resources office.

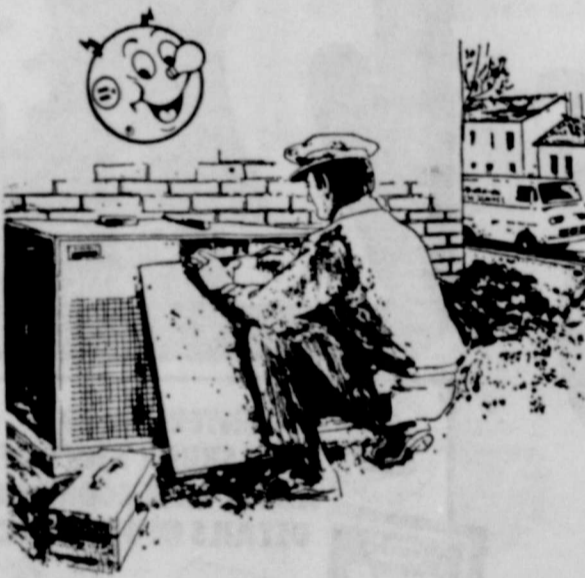

Governor Briscoe has been campaigning for Democratic candidates in Houston area special runoff election April 3.

Mrs. Imogene (Payne) McClure of Ft. Worth, niece of Mrs. Bill Gowdy, Edwin Payne and Russell Payne visited relatives at Lakeview last week.

Faith Teaches Us The Laws Of Retribution

"Whatever a man soweth, that shall he also reap."
— Galatians 6:7

One of the most commonly held fallacies is the notion that we can "get away with something". This false premise is strengthened by the sight of those around us who have apparently succeeded in doing so; while at the same time it would appear that others are being punished out of all proportion to any wrong they may have done. However, you are destined to learn that in the long run you will receive whatever reward or punishment you deserve, according to the way you have conducted your life. And that choice is yours, as is the Church you should go in order to learn how this divine merit system works.

Caprock Translator To Have Annual Stockholders Meeting On March 30

Caprock Translator will have its annual stockholders meeting at 8 p.m. Tuesday, March 30, in the Memphis Community Center. Everyone who is interested in the operation of the system is encouraged to attend this meeting.

Four new board members will be elected from the communities of Hedley, Lakeview and Estelline. Present members of the

board are Leon Helm, Melvin Srygley, J. A. Ballard and Danny Davidson.

"The Translator has collected enough to operate for one year and to renew its station license. The list of all paid users of the Caprock T. V. Translator are listed on page 10 of this issue of The Democrat," the directors announcement said.

The directors extended a public "thank you" to those citizens who paid their dues so the system could continue to operate.

Lakeview Seniors To Sponsor KIXZ Basketball Game Mon.

The Lakeview Sr. Class is sponsoring a KIXZ Basketball Game Monday, March 29, at 8 p.m. in the Lakeview gymnasium. The men's "All Star" team from Lakeview will play the exciting KIXZ disc jockeys.

A concession stand full of homemade "goodies" will be open. Class members stated that the game promises to be exciting and full of surprises for the first time in Lakeview history, it is planned to have two female referees.

Proceeds from the game will go to the Seniors for the Senior trip. Admission is \$1.25 for adults and 75c for students.

The public is cordially invited to attend the game.

Netters, Golfers—

(Continued From Page 1)
The Nazareth team won second place in the state Class B tournament last year.

Becky Morgan won fourth place as she beat an Abernathy girl 6-4, 6-1, and a Higgins girl, then lost to Diana Perceoll of Valley 7-6, and lost to a Nazareth girl 8-4 in a pro set.

Michael Roden lost to Higgins, 11-9, 6-4, after playing a very good match, then lost out in consolation to Nazareth 8-1 in a pro set.

Dick Hutcherson and Kenny Martin won their first match against Tulia, 6-1, 6-2, and lost their second to a team from Abernathy, 6-0, 6-0, who went on and won second place against Scotty Settler and Ron Eudy from Valley.

Lisa Ferris and Lisa Fields lost both their matches.

"All the players have worked very hard this year and so far it has paid off. I am very proud of the tennis team this year. I think they will do real good in district, April 7-8 in Wellington," Mrs. Dwayne Floyd said.

Sonja Hutcherson won first place in the sophomore and under division in singles, defeating the girls from Happy, Silverton and Romano Irebeck from Abernathy in the finals 6-1, 6-0.

The MHS netters will compete in a tournament this Friday and Saturday in Plainview, and the next weekend is the Amarillo Relays in Amarillo.

Band Makes—

being well taught, a disciplined group. Be extremely careful of balance and blend plus intonation. Lots of little things could be worked on for a smooth performance. Good band."

George Britte of Sapulpa, Okla. — "Students show results of good teaching . . . several little things detract from your performance but many good players in this band. Every detail needs to be carefully prepared for a really top performance."
