Parade

The 25th Annual Festival Grand Parade will be featured at 2 p.m. and will be a highlight of the afternoon activities.

Following the parade the Maverick Club Boys of Amarillo will give their 24th performance and a number of musical groups will perform.

At 5 p.m. Hedley's first bale of cotton for the 1976 season, which has been purchased by the Lion's Club, will be given away. The first bale was brought in last Tuesday by Bobby Joe Wiggins and was ginned at West Texas Gin and made a 550 lb.

The Old Fiddlers and Banjo picking contest will be held at 6:30 p.m. at the Speakers Stand. That evening at 8 p.m. Coronation ceremonies at Hedley High School gym will be held and Lion Lt. Dist. Gov. Felix Ryals will crown the New Cotton Festival Queen. And the Future Festival Queen, Beckie Johnson is the retiring queen and Debbie Clubb is the Retiring "Little Future Queen."

Ray Frisbie and his County Western Playboys will play for a dance at 9 p.m. Saturday night to conclude the activities.

The Model A Club and the V-8 Auto Club of Amarillo will have their cars on display before the Parade. There will be ducking boards, flea markets, bingo and many other things for entertainment during the celebration.

The Memphis Volunteer Fire Department is again this year sponsoring Fire Prevention Week activities, including Fire Prevention Poster contest, rides on Fire Trucks for younger school children, and an open house at the Fire Station Saturday.

This morning, local firemen took children of kindergarten through third grade for a fire truck ride.

Saturday, from 2 to 4 p.m., an open house will be held at the Fire Station. All the Fire Prevention Posters will be displayed, including the winning posters, and local firemen will be present to explain equipment the firemen use which will be displayed.

National Fire Prevention Week is being observed all over the country this week, Oct. 3 through 9. The purpose of the annual observance is to make the general public more aware of the dangers of fire. An active fire prevention program can certainly reduce fire losses.

Volunteer Fire departments such as the one in Memphis, are big assets to a community. Firemen, here, feel that a fire prevention program directed to a large extent toward the younger children, teaches safety practices to a group that in a few years will be directly involved in all aspects of community life.

The Memphis Cyclone, 3-1 for the season, will be hosting the Amarillo River Road Wildcats at 8 p.m. Friday night in Cyclone Stadium. The Wildcats are looking for their first victory of the year.

River Road is an expansion school and this year has only juniors, sophomores and freshmen. There are no senior football players because the school does not have a senior class as yet.

Due to the large number of students in the school, River Road is playing in Class AA ranks, and being a new school just starting out in athletics, their team has not fared as well against more seasoned ball clubs.

"River Road played Sanford - Fritch a real good first half," Coach Clyde McMurray told local boosters Tuesday, "and they are capable of getting it all together."

"Our coaching staff was pleased with the progress the local team made last week which showed up in the Quannah game," he said.

"The coaches selected Steve Browning as defensive lineman, Rodney Hall for 'Big Lick', Kirk Fields for offensive back, Ricky Bloxom for offensive linemen and Steve Flemmons for defensive secondary," Coach McMurray announced Tuesday.

"We were happy that a different group of players earned these honors this week for play against Quannah. This is a good indication that the players themselves are improving and giving good effort," he said.

"We have more people capable of playing more than one position now, which is adding to our team depth," Coach McMurray said.

The Cyclone coach, however, indicated that the Cyclone still has room for improvement before district play begins in earnest.

"We gave up almost 250 yards rushing to Quannah," he said, "and we haven't had impressive stats in any of our games despite the scoreboard. Our defensive team has a lot of work to do and the whole team needs to be more intent throughout the whole game," he said.

"We're playing our schedule, one team at a time, and we're taking the season one day at a time. This week, workouts were real good, spirits are high and this bunch of players have made the coaches proud of them, and I think our fans are really enjoying the season," Coach McMurray said.

Starting Lineups

For the River Road Wildcats, offensively, the team starts nine juniors and two sophomores. Jimmy Winn (150) and Ronald Hobbs (170) are the ends. Allen Hill (185) and Jim Bob Walsh (188) are tackles; Derrell Podzemny (172) and Lonnie Ferril (173) are guards; with Darrell Phillely the 155-lb center.

Quarterback is Randy Rogers (160), the signal caller for the wishbone backfield. Kevin Brown (151) is the fullback and Steve Burdett (140) and Wes Spangler (178) the halfbacks. No. 33 Spangler is the star of the Wildcats offense and he is used as a ball carrier and a receiver.

Defensively, Spangler is the middle linebacker, the best of the LBs for the Wildcats. The Wildcats field a large defensive squad, with linebackers averaging 180 and defensive linemen about the same.

For the Cyclone, there will be no starting lineup changes this week, from last week.

Offensively, Johnson and Guy are the ends, Bloxom and Stone the tackles, Orcutt and Martin the guards, Murdock

EDITORIAL

Bob Price's Statement Not True!

Monday in the Wichita Falls debate between Challenger Bob Price and U. S. Representative Jack Hightower, Bob Price made a statement that this newspaper in the past, specifically four years ago in 1972, refused to publish news stories and advertising from him.

The kindest rebuttal this editor can make concerning this statement by Mr. Price is that . . . the statement is not true concerning advertising. About the news stories, the statement would be true about every candidate for state and national offices, because this newspaper never publishes all the news releases which flood our mail box during election years.

Every editor must select which news releases have the most news value and publish those, if sufficient room remains in the pages after getting in the local news, for after all, this newspaper's priority is to inform local citizens about local events.

About Bob Price's advertising in 1972. Before the primary election, this newspaper inserted a four-page tabloid for Congressman Price entitled "Price Is Right For Texas". Before the General Election Mr. Price ran a \$105.00 advertisement, five columns by 20 inches. Readers will remember that Bob Price carried Hall County 995 to 959 over Graham Purcell in 1972.

Back to the news stories, however, in the issue before the general election that year, this newspaper published a front page picture of Mrs. Bob Price along with other local ladies at a coffee in her honor, and in another portion of the newspaper a 15-inch news article was run about Cong. Price's work with USDA leaders on a tour. Either Bob Price's memory is slipping or he was just grasping at straws to try and defend his practice of mailing out thousands of newsletters at taxpayer's expense in behalf of his candidacy.

The reference to the Memphis newspaper come in a statement about the Wichita Falls newspaper and many of the area weekly newspapers "spouting Democrat slogans". The word for word statement is as follows:

"Frankly, folks, since I've been in public office, we have some 52 or 58 weekly newspapers in this district, most all of whom are Democrat newspapers who would not publish my . . . err, my remarks and in some cases we could not even buy space in those papers."

"The advent of the weekly newspapers and some of the other papers and this paper right in this town . . . has been so slanted against me everytime I run for public office it has been atrocious."

"And I'm laying it on the line because that's what you want! There's no way a Republican can run in this town, and in this part of the country with these weekly newspapers spouting the Democrats' slogans in every way they turn."

"And I'll name some of 'um—in the paper in Memphis, Texas, we could not even buy space for our advertising four years ago in my political campaigns," Bob Price said.

To this editor's knowledge, no advertising, political or otherwise, has every been turned down. Frankly, readers, our financial position has never been secure enough to allow for a policy of "pick and choose" where the advertising dollar is concerned.

Furthermore . . . we hope that all this TV and radio publicity this newspaper has been receiving since Mr. Price made his statement Monday, will somehow work for us as does news stories about lawyers work for them. Lawyers love to see their names in print for it helps attract clients we have been told many times.

This editor certainly hopes this editorial is not "atrocious" as Mr. Price seems to feel our coverage always is when he runs for public office. Republican ads are just as welcome as Democrat ads on our pages.

As far as news stories are concerned, this newspaper reserves the right to allow the editorial staff to select what stories will or will not be run. Our news columns are not for sale, they are free to the general public, that's where the whole idea of freedom of the press come in.

News stories run as advertising have the abbreviation (adv.) following the last paragraph to alert readers that the message, published in news style, was an advertisement. This practice is very rare in our news columns but occasionally advertisers select this form in presenting their advertising message.

CASHLESS SOCIETY
It used to be that a person got his weekly pay in cold cash and could savor the feel of it before he had to turn it over to his creditors.

We long ago passed that stage and now practically all of the pay is provided by checks which are promptly deposited and other checks written against these.

Now it appears that we are approaching a cashless and even a checkless society.

Bank debit cards are expected to go into nationwide use soon and this means that computers will quickly transfer money from account to account quicker than we can get a glimpse of it.

Under this system, the supermarket checkers will merely take the customer's debit card and then wave the wand over the computer printed prices on the items in the grocery basket, and the money will be transferred without either party getting to look at it.

Paychecks will be deposited by employers on master sheets and in the wink of an eye the entire payroll is distributed to the various bank accounts of employees.

We are into the computer age as science learns how to make the computer smaller and smaller and cost less and less. The common hand held computer that sold for a couple of hundred dollars a year or so ago now can be bought for as little as a ten dollar bill.

Computer gadgets attached to typewriters enable legal secretaries to call up entire sections of legal documents, error free, and repeat these time after time.

In a lot of cities there are devices which allow a user to

insert a plastic charge plate and do away with coins and bills.

MORALITY!
The world has changed. Time was when a young girl who slipped morally was ruined for life. There was no redemption, no salvation. She was doomed to a life of disgrace. She never recovered from the stigma.

Without relaxing moral principles, it is good to exhibit a spirit of reconciliation, to grant a second chance. Our own lieutenant governor, Bill Hobby, was arrested for DWI and apparently used it as an incentive to reform. Congress has been hit hard. Some win. Some lose.

Time was when a divorced person or a divorcee was barred by tradition, at least, from the White House. Our present President married a divorcee, our Vice President is divorced, and both the Reagans are divorced. But that certainly was not why Reagan was denied the nomination by the Republican moralists.

American morals have slipped. We should try to maintain high standards, but not double standards. Compassion is needed more than self righteousness.

Pall bearers were Mosley Booker, Travis Austin, J. E. Butler, George M. Berry, Virgil Anderson and Frankie Lee George.

Flower bearers were Sheila Johnson, Tonya Matthews, Vickie Johnson, Thyrus Matthews, Mrs. Rosa Lee Smith and Mrs. Vera Howard.

Texans Throughout The State Will Participate In Dem., Unity Day

Citizens in nearly every county in Texas will participate in Democratic Unity Day on Monday, October 11th, in support of Democratic election victories from the courthouse to the White House.

Texas Land Commissioner Bob Armstrong and Texas Democratic Party Chairman Calvin Guest, co-chairmen of the Carter-Mondale campaign in Texas said the events planned to mark Unity Day in Texas' 254 counties will range from airport rallies to barbecues, from the opening of campaign headquarters to parades. "Never before to our knowledge have simultaneous political campaign events been held in every county in Texas," noted Armstrong and Guest. "We are proud and happy that Democrats throughout Texas have shown such an enthusiastic interest in unifying for the election of all Democratic candidates from the courthouse to the White House."

Democratic Unity Day was proclaimed last month by Governor Dolph Briscoe and the events have been planned and organized by Democratic County Chairmen and are to be commended for their efforts in putting together this dramatic program in support of all Democratic candidates," said Armstrong and Guest.

"The occasion is designed to demonstrate unified support of Texas Democrats for Democratic presidential candidate Jimmy Carter and vice-presidential candidate Walter Mondale, as well as other Democratic candidates."

Special events are being planned for major cities in Texas including Houston, Dallas, Fort Worth, San Antonio, Beaumont, Austin, and San Angelo, among others. Participating in these events will be various nationally known Democratic officials and other supporters of the Carter-Mondale ticket. Details concerning the major urban events will be announced as they become final.

Specifics concerning other Unity Day observances planned for each of Texas' 254 counties may be obtained from the Democratic Chair-

Steven Davis Is Birthday Honoree

Steven Davis, son of Mr. and Mrs. Cagle Davis of Lakeview was honoree at a party on his second birthday Wednesday, Sept. 29.

The party was given in the home of Mr. and Mrs. A. O. Proffitt of Lakeview. The birthday cake was baked by Mrs. W. M. Gowdy, Sr. Guests were Steven's grand-

mother, Mrs. Beulah Rhoades of Panhandle and Shannon, Scott and Mrs. Carolyn Myers, Terry and Carena Treadwell, Medley Morgan and the honoree's sister, Jenifer Davis.

SENATOR SHERMAN

Sherman To Speak At Panhandle Planned Parenthood Assn. Meeting

Dr. Mitchell Jones, President of the Panhandle Planned Parenthood Association announced that Senator Sherman will be the guest speaker at the Association's Sixth Annual Meeting, which will be held October 12, 1976, at 12:00 noon, at the Amarillo Country Club.

Senator Sherman helped organize the Panhandle Planned Parenthood Association and has actively participated in the Planned Parenthood program since 1968. Senator Sherman is a native of Phillips. He is a graduate of Baylor University and holds a law degree from the University of Texas. He is very active in church work in Amarillo, as is Mrs. Sherman, who is the church organist.

In addition to the Senator's many official duties and committee assignments, he finds time to be active in Kiwanis and Jaycees having been honored by receiving the "Young Man of the Year" award. The Panhandle Planned Parenthood provides family

planning services for a twenty-six county area of the Texas Panhandle. There are approximately three hundred people in the Texas Panhandle who are directly involved in the program, working as physicians, pharmacists, volunteers, board members, committee members and staff workers.

Invitations are extended to anyone interested in attending the Sixth Annual Meeting of the Panhandle Planned Parenthood Association. Tickets for the meeting and luncheon are \$5.00 per person. Reservations can be made at the Amarillo Planned Parenthood office, 604 West 8th, Amarillo, Texas, by October 8, 1976.

The unemployment rate for veterans who complete GI Bill training is 3.3 per cent, compared to a 6.7 per cent rate for those who do not complete training, according to the Veterans Administration.

Mrs. Mae Cooper, Former Turkey Teacher, Dies

Mrs. Mae Cooper, 77, died Saturday at a Rudoso, N. M. hospital.

Requiem mass was held at 2 p.m. Tuesday at the First United Methodist Church in Turkey with Father David Greka, pastor of our Lady Loretta Catholic Church in Silverton, officiating as officiating group.

Burial was in Dreamland Cemetery by Seigler Funeral Home.

Mrs. Cooper the former Magdalene Paschal Dipilla, was born in Lewisville, Colo. She married Winfred W. Cooper in 1937 in Denver, Colo. She taught school in Turkey for many years.

Survivors include her husband of Turkey; two daughters, Deanna Mae Seitz of Los Alamos, N. M. and Lucille Marie Tupin of Silverton; one son, Freddy of Lubbock; one sister, Mrs. Lou Baird of Lebanon, Mo.; one brother Paschal Dipilla of Tucson, Ariz., and nine grandchildren.

Burnett, son of Mr. and Mrs. John L. Burnett. This C. of C. was organized in 1920. Presently, the Oak Cliff C. of C. stands as the largest area C. of C. in the United States with 1600 members representing 1200 firms. The zoo located in Marsalis Park of Oak Cliff has over 2,000 mamals, birds and reptiles, representing 700 species. Congratulations to Jerry in his part in improving business and making Oak Cliff a better place to live. They are now building a new Dallas Post Office in Oak Cliff at a cost of 30 million dollars on a 37 1/2 acre plot of land. The building alone has 10 acres of floor space to be completed in 1978. When in full operations, there will be 2,500 people on the payroll which will be 37 1/2 million dollars a year. This will help us see why stamps cost 13c to mail a letter.

Others I met in Heritage Hall were Mr. and Mrs. L. R. Nees of Kerrville. Mrs. Nees will be remembered as Marie, the mother of Billy, Omega Gwendolyn and Buddy Ballew. Marie lived here from 1918 until 1935. She was having a good time trying to identify her old friends here that had changed in looks in the past 41 years.

Visitors in Hall County Heritage Hall on Saturday, Sept. 18, whom I met the short time I was there, were Mr. and Mrs. Dick Land of Fort Worth. The J. J. Lands moved to Tell in 1888. Their son, Dick, was born in Estelline. He remembered when Mrs. Ben Prewitt was a school teacher at Baylor. The ox yoke in Heritage Hall was brought to this country where they did their first plowing with a yoke of oxen. Dick worked for the Mill Iron ranches, more time on the Rockin Chair and on ranches in Wyoming. He followed the rodeo circuit for 15 years and had won the world's championship cowboy. After winning this award, he had started on his way to Madison Square Garden in New York for a performance as the champion when he made a mis-step and broke his leg (after no accident riding all of those bucking broncs.) Dick's wife will be remembered by many of you as Maggie Tribble, sister of Homer. She graduated from MHS in 1925. She and Dick retired to Fort Worth 27 years ago. I lost some of my notes about different ones I met. Del Wells had as his guest in Heritage Hall his cousin, Paul Wells and his wife of California. Paul will be remembered as the son of the late Mr. and Mrs. Poland Wells of Lakeview, where Paul attended school. He left here forty-two years ago. He married a North Dakota girl in 1946. She reported that she never did get to sing with the Lawrence Welk Show even though she was from his native state.

In rechecking on the visit of Dick Land to the Hall County Picnic, he seemed to enjoy his stay with his brother-law and wife, Mr. and Mrs. Homer Tribble. He thought they had good judgement in their operation of their home

RETIREES—Mrs. Merylene Sargent, pictured center, was honored last Thursday by employees of Postex Mills, Hall Plant, and presented with a gift as she retires after 13 years with the local plant. Pictured with Mrs. Sargent is Mrs. Billie Alexander, supervisor and Leon Davis, plant manager.

Quote — "A mother is born handicapped, as she only has two hands."

Mr. and Mrs. Jimmie Hammond of Clovis, N. M., were visitors in Heritage Hall. Jimmie will be remembered as the son of the late Mr. and Mrs. Geo. Hammond and brother of Mrs. Irvin Johnsey of Memphis. His wife will be remembered as Omega Ballew, daughter of Marie and Raymond Ballew. Jimmie and Omega attended Memphis High School. They have been married 39 years and have 6 children and 8 grandchildren.

Wes Campbell and his wife Annie Bell, were visitors in Heritage Hall. Wes will be remembered as the son of D. H. Campbell and wife who were early day residents of Hall County. They were the grandparents of Hershel and T. C. Pounds. Wes and Annie Bell Perkins were married in 1918, moved from Hall County in 1922 and have lived in Amarillo the past 35 years. They had four children (three deceased), 6 grandchildren and five great-grandchildren. Anna Bell will be remembered as the daughter of the late Mr. and Mrs. C. D. Perkins who moved to Hall County in 1907 and first lived on the Jack Owens farm near Plaska. There were five children in the Perkins family who attended school at Plaska. Two of the Perkins children are now deceased.

Edith Ward and her cousin, Wesley Ward of California, were enjoying their visit here going through Heritage Hall. Edith has been making the picnic by herself the past few years. Wesley came with her this year.

Other visitors in Heritage Hall were Mr. and Mrs. Clonda Jones of California. Clonda will be remembered as the son of the late Mr. and Mrs. Buck Jones, who lived on what we used to call the Melton place west of Salisbury. There were 9 children in the Buck Jones family, 5

are now living, Vera, Ward, Casey, Esther and Lena B. Clonda married Sarah Campbell in 1931. Her family lived on the Lee Thornton farm. They have 5 children, 18 grandchildren and one great-grandchild. They moved from Hall County in 1932.

John Alex Rowell of Childress was visiting in Heritage Hall during the picnic. John was born in Hall County near Newlin and has helped us with Heritage Hall since it was first opened.

A few days ago, I looked out the front door to see who was coming to see us. My first thought was that it was "Buffalo Bill" and "Annie Oakley", but not so, as it turned out to be "Calamity Jane" and "Texas Tycoon" Neal, with their arms full of the "Cross Breed" sugar-sweet water melons which was a welcome sight.

We had another visitor a few days ago with one of her sugar sweet cantaloupes that Ruth (Mrs. Otis) Cobb brought to Heritage Hall when she was working with me there. I had word a few days ago that Ruth's sister, Gladys Reed of Lubbock, had saved every copy of the Democrat since I started B. B. Shots, the day that Herschel and Helen had a new grandson born in El Paso. I guess Gladys is saving up all of these papers for an energy shortage to start some heat. Gladys' husband, Charlie Reed, has been seriously ill in the hospital, and they did not make the picnic where they have been in regular attendance each year. We also missed Gladys' sister, Anna Margaret Clark. We missed seeing so many people that were here for the picnic.

Wallace Lawrence of California was visiting in Heritage Hall. He will be remem-

you can BANK on it!

Don Long President FIRST STATE BANK

You may have heard the word "float" used in banking and wondered what it means. In the customer sense, float is a free service whether it is advertised that way or not. It works this way:

Say your employer banks at a bank in another city and you bank here. When you deposit your paycheck in your bank, you have the "immediate" use of the money. You can write checks at the grocers, florist, clothing store, but your bank may have to wait 1-2 days or longer for its money to come from your employer's bank. Float has been defined as "Two credit balances represented by the same funds," and that's just what it is.

Float is a convenience and allows you to use our money free while we wait for ours from your employer's bank.

"The more you know about our business, the more we can help you!"

D. W. Jones, Former Resident, Dies In Calif.

Donnie Wayne Jones of Elcentro, Calif., 62, passed away suddenly about 3:30 p.m. Sept. 14, at his welding shop in California. Mr. Jones and his son, Jimmy, owned and operated the shop in Elcentro.

Funeral services for Mr. Jones were held at the Church of Christ in Elcentro where he was a member.

Son of the late Mr. and Mrs. Henry C. Jones, he was born May 17 1914 in Oklahoma. The family lived in Hall County until 1938 when they moved to California.

Survivors include his wife, Erma, of the home in Elcentro; one son, Jimmy of Elcentro, Calif.; one granddaughter; one step-daughter; one step-son; three step-grandchildren; five sisters, Mrs. Perney Bell of Fort Collins, Colo., Mrs. Everett Bell of Wellington, Mrs. Nellie Belle Munderwood and Mrs. Roy Ramsey of San Jose, Calif., and Miss Lois Jones of Milpitas, Calif.; three brothers, Arthur of San Antonio, Leonard of San Mateo, Calif., and Coy of Anchorage, Alaska.

ment and co-workers recently upon her retirement. Mrs. Sargent came to work with Postex-Mills on August 2, 1963 as a flat sheet inspector. Since that date she had worked as a re-inspector and a vestibule instructor. One of the original employees of Hall plant, she was presented a necklace by her co-workers.

Cake and other refreshments were served during the celebration at the plant.

Department manager Leon Davis said, "We will miss Merylene very much. Over the years she has been an inspiration for us all. Merylene is the type of employee that makes it a pleasure to want to come to work. Her attitude and cooperation has made everyone's job easier."

Mrs. Sargent is at home with her daughter in Hedley.

Mr. and Mrs. Ruben H. Meeks of San Marcos visited over the weekend with Miss Agnes Nelson and other relatives. They were en route to New Mexico to view the colorful autumn foliage.

COUSINS HOME

The month of September started off with a Labor Day party September 2 given by Mrs. Mackie Allen honoring Mrs. Amanda Martin who will be celebrating her 100th birthday in October. Mrs. Allen presented Mrs. Martin with a beautiful red, white and blue corsage and a cake decorated with red, white and blue and a miniature United States flag in each corner. Printed across the top of the cake was the years 1876 and 1976. Mrs. Allen brought other refreshments consisting of candy, cookies and punch and served the entire group.

Mrs. Eddy played the piano for the party and her daughter, Keesha, sang. Everyone enjoyed the afternoon.

Religious groups coming to the home to have services during the month were The First Christian Church each Sunday afternoon at 3 p.m.; the Church of Christ each Tuesday evening at 7:15 p.m. and the Assembly of God from Estelline each Friday evening at 7:00 p.m.

Mrs. Cle McQueen played the piano Friday morning, Sept. 10, for the sing along period and Mrs. Shirley Patrick played for the sing along period Friday, Sept. 17.

A birthday party was given Monday, Sept. 20 at 2:00 o'clock for Mrs. Emma Smith who was 94 years old on Sept. 22; Mrs. Gertie McWhorter who was 89 on September 29 and Mr. Dot Web-

FREE ANTI-POLLUTION BOOKLET AVAILABLE LOCALLY

A new, free, eight-page illustrated booklet, entitled "The Story of Willie Bacteria, or 'How To Take Care Of Your Septic Tank Or Cesspool'", is now available to owners of septic tanks and cesspools from: Thompson Bros. Hardware Co., 702 Noel St., Memphis, Texas.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the booklet is a humanized "Willie Bacteria", who is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact that "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents, acids, lyes, caustics and other irritants, "Willie" is very unhappy, and more often than not, just stops working.

But, there is a bright side to the story too. For "Willie Bacteria" has found a way to educate the septic tank or cesspool user, so that "Willie" can do his job under modern, up-to-date working conditions, and prevent the fuss, mess, inconvenience, and

Cyclones Win 42-12 Precision Over Quanah

Memphis Cyclone, after a rather sluggish start at Friday night, came to life in the final three quarters of the football game 42 over a scrappy bunch of Quanah Indians. This gives the Cyclone a 3-1 record over Quanah to 0-4.

The Cyclone lost possession of the opening kickoff of the football game by Quanah along the way before a Memphis lad recovered it.

Cyclone defense came to rescue and Memphis over on their own 34. The Indian defense had undergone alterations in the two-week period to the contest and in a five-man front, the Cyclone jumped into an eight-point. This move created problems for the offensive players and backs early in the contest.

Cyclone was held three and Ricky Guy got off a punt. Guy punted all over the field twice all over the field and both punts came back to the Cyclone in the first quarter.

Quanah looked like the Indians had good field position and Memphis' Terry Richardson fell on the football on the Cyclone.

Cyclone tried four times to advance the ball to the 37 before giving up the ball on downs.

Indians offense suddenly came to life, as FB Jalomo carried 17 yards and 17 yards made down yardage. Then Christopher added another 17 yards to the Cyclone and things looked serious for the Cyclone defense.

After Jalomo made one yard on the next play, a major penalty was assessed against the Indians on the next play, Quanah's QB Richardson went to the air on a play for net yardage of only a minus 5 yards. The minus five yards came when Steve Browning picked up a screen pass by Mike Haltom just as Christopher caught the pass. Christopher punted the ball to the Memphis 14 yd. line.

The Cyclone has been an offensive team all year, but in the next play was just another of those plays that fans to their feet and stunts stunned into silence.

It was an innocent enough pitchout to FB Kirk Fields around the left end, the blocking was so good the ball carrying ability of the Cyclone Junior fullback perfect, the play went for 17 yards for a touchdown. Christopher had clear sailing for 17 yards, then darts back and fourth, splitting the tacklers as he made the goal line. With :46 left showing on the clock, Cofer kicked the first six point after conversion. The score was 7-0.

After the kickoff by Cofer, the teams exchanged punts. Quanah coming into position on the mid-field strip for a 35-yd. punt.

Quanah again started with Jalomo and Christopher doing most of the carrying. Setting up a drive on the Memphis 10 the Indians tried four times to make a first and the Cyclone defense stopped Jalomo on a 4th and one, and the chain revealed that it was Memphis' football on the Cyclone.

Don Cofer went to the line firing the football into the arms of Pete Salinas for 40 yards. Then Cofer connected with Tracy Galloway

for 40 yards to the Quanah 30. Cofer went back to pass again, and this time connected with Anthony Johnson who caught the ball on about the Indian 20, twisted and squirmed his way to the 10 but got caught between two Indian defenders and was separated from the football and Quanah recovered on the 10.

The Indians were held and punted to their own 40, where the Cyclone offense took over. It took two plays to score. FB Fields made four yards, then circling right end behind good blocking raced to the end zone with 4:12 left in the second quarter. Cofer's kick made it 14-0.

The half ended with Memphis in possession.

Coach Clyde McMurray told Memphis Booster Tuesday evening that at halftime he did not have a lot to say to the team, other than to encourage them to be more intent in their play. "I feel our players paid more attention to assignments and had a better second half against Quanah," he said.

Second Half

Quanah took over on their own 20 after Cofer's kickoff starting the second half of play. Memphis fans almost fell out of their seats, however, on the first play as QB Richardson passed to an open Indian receiver behind a defender, but the pass went incomplete. Quanah punted on the 4th down and Kirk Fields returned it, but 15 yards were stepped off against the Cyclone, placing the ball back on the Memphis 41.

On the next play, Quanah's noseguard recovered a Cyclone fumble and the Indians had first down on the Memphis 41. This set up a first scoring drive of the night for Quanah.

A key play in the drive was a 16-yard pass from Richardson to Mike Haltom making it first down on the Memphis 24.

The Cyclone defense held for three plays and Quanah faced a 4th and 8 on the 22. QB Richardson rolled out, saw daylight and weaved his way for first down yardage to the Cyclone 10.

Quanah made four yards on two plays. On third down, Chris Christopher got the handoff, and he saw daylight and plowed his way over for the score. Christopher got the ball on the point - after attempt but was met soundly by several Cyclone defenders and the score was 14-6.

Coach McMurray in discussing the game film with Boosters, said, "not taking anything away from Quanah on this drive, but we lined up wrong on this goal line formation. We had only one inside linebacker and we're supposed to have two. Quanah ran the play right where our other linebacker was supposed to be."

End Steve Flemmons returned the Quanah kickoff to the Memphis 38 on a fine return. Steve played outstanding on defense for the Cyclone in the secondary, intercepting passes and making several key tackles.

With the score 14-6, the Cyclone offense seemed to catch fire. It took 10 plays, all on the ground, to eat up the yardage to paydirt. The drive was not marred by penalties as so much of the game was, nor did the Cyclone use any fancy plays.

TB Pete Salinas got the drive going with a six-yd. carry, then FB Fields, playing one of his finest games of his career, stepped his way for seven more and a first

down. Then Salinas added two yards and Fields battled his way for 12 more.

From the Quanah 35, Fields fought for five tough yards. He was slow getting up so he left the field to catch his breath following a hard tackle. QB Cofer carried on the keeper for eight yards making a first to the Indian 22.

TB Salinas made seven yds. on a sweep. Then, on the wingback counter, WB Rodney Hall popped through the defensive wall and raced to the five-yd. line before being pulled down.

FB Fields was back into the lineup by this time and on two consecutive power plays he scored. Cofer's point after kick was good and it was 21-6. The clock showed 3:26 in the third period.

Memphis got the football back right after the kickoff, when Safety Steve Flemmons intercepted a Quanah pass on the Indian 44.

But QB Cofer, facing third and long, had the misfortune to have one of his passes picked off by Quanah's Mike Haltom on the Indian 29.

The Indians offense caught fire at this point as Jalomo raced 28 yards to the Memphis 43. Then carries by Christopher and Jalomo made first down yardage to the Cyclone 30.

Three running plays set up 4th down and two needed for the Indians on the 22. QB Richardson rolled out to his left, found a crack in the Cyclone defense, slipped through, cut back across the field and scored from 22 yds. out. Richardson tried to repeat the performance for extra points but the Cyclone defense was waiting for him so the score was 21-12, early in the final stanza.

Pete Salinas returned the kickoff to the Memphis 37, and the Cyclone marched down the field to score again. The drive was a mixture of passing and running plays. Key play in the drive was a passing and running play. Key play in the drive was a 13-yd. pass reception by Tracy Galloway on a diving catch of a tipped ball off the fingers of an Indian defender moving for a first down to the Quanah 37.

On the next play, QB Cofer went to End Anthony Johnson who battled his way to the Quanah six yd. line. A flag was thrown against the defense and three additional yards were stepped off giving Memphis a first and goal from the three.

FB Kirk Fields knifed over on the next play. The score was then 28-12, after Cofer's kick.

Tracy Galloway recovered a Quanah fumble on the Indians 37 setting up the Cyclone's next score. This drive got off slowly, however, as Memphis faced a fourth and seven on the 34. QB Cofer rolled out to pass, elected to run and dived for the first down. Officials spotted the ball shy, but a yellow flag indicated Quanah was off-sides, so Memphis elected the penalty, giving the Cyclone renewed life facing a fourth and two.

KEY RECEPTION—Tracy Galloway, No. 20, is shown turning a 20-yd. pass catch into a 40-yd. gain by avoiding the reaching arms of Quanah's No. 24. He was downed finally on the Indians' 30.

FB Kirk Fields was called on for the needed yardage, and he picked up four and a first down on the Indian 25.

On the next play, Fields carried on the sweep and went the distance, but the play was called back and 15 yards were stepped off.

Moved all the way back to the 40-yd. line, QB Cofer went back to pass, spotted the fullback in the flat and fired a strike to him. Fields hauled the pass in and set sail for the goal line. Aided by two key blocks by other receivers he scored. Cofer's kick was good and it was 35-12.

Steve Flemmons intercepted a Quanah pass on the next series, and 15 yards were tacked on for late hitting by the officials, giving Memphis the football on the Indian 26.

Memphis stayed on the

ground to score this TD, with Pete Salinas making four, Rodney Hall seven, Kirk Fields six, and for the score, Pete Salinas skirted left end, threaded the sideline and dived over at the corner of the end zone. The score was 42-12.

In the closing minutes of the game, the Cyclone second unit had one TD called back because of clipping, and another long run called back for holding. FB Woodrow Richardson gained 44 yards on three carries during this drive and back-up quarterback Randall Shahan gained 13.

The Cyclone came home from the game without major injuries and local coaches were pleased, especially with play in the final three quarters.

energy talk by C.R. Gardner Consultant

The following tips should help in saving energy around the house and in stretching your budget.

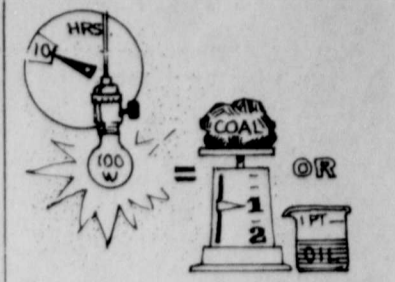

* Your refrigerator will use less energy if it is located away from heating equipment and direct sunlight. Of course, the same goes for your food freezer, too.

* Don't open your oven door to "peek in". Everytime you do, it lowers the temperature in the oven. Baking takes that much longer — and wastes energy.

* Also, use your broiler more. It requires no pre-heating.

* Did you know that a 100-watt bulb burning for 10 hours uses the equivalent of a pound of coal or one-half pint of oil. This is one more reason to "turn lights off"!

* To cut down on air conditioning operating costs in warm weather, and heating bills in cool weather — reflective window film insulation should be installed on all windows in direct sunlight.

The film makes an ideal all-year-round window insulation. It allows light to come in while keeping the hot sun's rays out in summer. On the other hand, in cool weather, the film "bounces" heat back into a room.

If you would like to learn more about this, write me: C. R. Gardner, ICI-US, New Murphy Road, Wilmington, DE 19897.

* Draw a pail of water out of your water heater once each month. This simple procedure will help eliminate rust and lime deposits — prolonging the life of the unit while maintaining high operating efficiency.

CONSERVE AND SAVE ON ELECTRIC COOKING

- * For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.
- * Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.
- * Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.
- * Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

AN OPEN LETTER TO THE VOTERS OF THE 13th CONGRESSIONAL DISTRICT FROM CONGRESSMAN JACK HIGHTOWER

Two years ago I was elected to Congress by an overwhelming margin against an incumbent Congressman. During the 1974 campaign I refrained from any personal attacks on my opponent.

At that time I made it a point with my volunteers and my staff that they should treat anyone who opposed me with the utmost respect. I thank all of my friends, supporters and staff for keeping the 1974 campaign on the highest level possible.

Responsiveness of government was a key issue. Our government does a poor job when it compounds our problems with red tape and burdensome regulations. Bureaucratic brush-offs of legitimate requests are very frustrating. I decided to organize my staff in such a way that people could deal at the local level with the bureaucratic maze of the federal agencies.

I promised two years ago that you would be able to call a number in the district and get an answer. When I took office I immediately established district offices in Amarillo, Vernon, and Wichita Falls — staffed by personnel who have been instructed personally to be responsive to the wishes and needs of my constituents. I am pleased that many people have told me they appreciate the work and attitude of my assistants. This is the only way I know to have a responsive Congressional office and I assure you I intend to try to improve this service constantly.

The Postal Service has been a bigger mess than ever since the Nixon Administration reorganized it. This is one reason I have chosen not to flood the mails with political propaganda such as newsletters. My alternative has been to communicate through the news media and to come home to the district at every opportunity for personal contact with constituents. All you ever heard about Washington having an artificial atmosphere is true. It has been my experience that the worst Congressmen are those who rarely come home. I am not going to let that happen to me. My policy is to talk with the people at home to see what they are thinking, and return to Washington and vote their philosophy and interests. I live in the district and commute to Washington.

As many of you know, I am being attacked, broadside, by my opponent in this 1976 campaign. His allegations and innuendos are based upon a misrepresentation of the record. I have voted in my two committees—Agriculture and Small Business—and on the floor in exactly the way I have reported to you and as I promised. My record is conservative by any measure. It is also independent of domination either by the Democratic leadership of the House or the Republican White House. I am neither an obstructionist nor a rubber stamp.

As this Congress adjourns, its overall record is mixed. This Congress has done some things it should not have done and left undone some things it should have done—such as enacting a "sunset" bill to cut down on federal bureaucracies or formulating an effective energy plan. We have been able to enact a bill to provide for prompt payment for the cattleman. We were able to pass a bill to provide for some relief on the estate tax problem which should benefit everyone who wants his or her property to remain in the family. These steps are not enough but they are movement in the right direction.

All of us feel sometimes that our views are not reflected properly in Washington. I would prefer a Congress that holds a tighter rein on spending, but I do not choose the other 434 members of the House. I work with them and try to influence them, but I cannot dictate their votes. I feel my job is to represent you—the people of the 13th District—and I pledge to do my best to represent you well.

Sincerely,
JACK HIGHTOWER

Tops Gilreath To Serve As Director For Spelling Bee In Hall County

Miss Tops Gilreath, county superintendent of school, Courthouse, Memphis, will be the Spelling Bee Director for Hall County for 1977. She has been director since 1959. The 29th Regional Spelling Bee, co-sponsored by the Amarillo Globe-News and West Texas State University, Canyon, will be held in Amarillo on April 25, 1977.

Four states — Texas, Oklahoma, New Mexico and Oklahoma — will be represented and there will be 46 finalists. The Bee is open to any student in a public or parochial school. The rules, established by the national sponsors (Scripps - Howard Newspapers, New York City) state that any student who has not reached his (or her) 16th birthday or gone beyond the eighth grade at the end of the current school term, will be eligible to enter any school contest and participate in county eliminations.

The top district winner when he (or she) is named on April 23, 1977, will take part in the 50th National Spelling Bee in Washington, D. C., early in June. The champion will be representing the regional sponsors and the expenses will be courtesy of the Amarillo Globe-News.

The national sponsors, under the supervision of the director, Jim Wagner, annually prepare a study booklet used in most school and county eliminations. It is "Words of the Champions". The 1977 issue will contain more than 500 new words and is available from the Amarillo Globe-News for 30 cents per copy.

To obtain the booklet, please write to: Spelling Bee Editor, Amarillo Globe-News, Post Office Box 2001, Amarillo, Texas 79166. The 1976 champions from Hall County were: Senior winners: Jayne Eudy, a student in the Valley School, 7th grade, from Tur-

key. Junior Winner: Denise Maddox, a student in the Lakeview School, 6th grade, from Lakeview.

The AGN-WTSU offers a unique opportunity to the elementary students by promoting a Junior Bee. Boys and girls in the sixth and lower grades may compete in a "Junior Division" contest. Each county may select a champion in this division. The elementary winners will not take part in the regional bee unless they, by chance, have won both division in their respective counties.

All Junior and Senior county champions will be special guests of the Amarillo Globe-News at a luncheon, preceding the Regional Bee.

The sponsors will present each county winner in each division with a special award. All participants, beginning with classroom entries, will be eligible to receive certificates, suitable for framing. These are made available by the Amarillo newspaper.

Director of Placement at West Texas State University, Gene Parker, is Bee Coordinator. Mrs. Jeane Bartlett is the Amarillo Globe-News Spelling Bee Editor.

At the 1976 National Spelling Bee there were 87 contestants, and all-time high record.

Dale Wiginton, who is a student at Texas Tech in Lubbock and Mr. and Mrs. Larry Wiginton of Canyon were her over the week end to visit their parents Mr. and Mrs. L. M. Wiginton, other guests of the Wiginton's on Sunday were John Hammons and sons, Ronnie and Rusty, and Mrs. Omer Johnson all of Childress and Mrs. Mrytle Hammons. The occasion of the get-together was to celebrate Larry's birthday.

Ford's Light Trucks To Be Even More Fuel-Stingy In 1977 Models

Ford Motor Company's light conventional trucks will be even more fuel-stingy in 1977. That's the official word from the U. S. Environmental Protection Agency.

In figures released yesterday, the Ford F-100 pickup with a 300 cubic-inch-displacement engine and a manual transmission showed the best 49-state fuel economy of any 1977 full-size pickup truck with standard equipment. EPA rated the Ford pickup at 19 miles per gallon city, 26 mpg highway, and at a combined city-highway rating of 22 mpg.

The overall improvement for Ford's domestically-produced light truck fleet average fuel economy was 3.2 mpg, or 20 per cent above

1976. "The EPA's findings reflect our company's drive for truck leadership whether it's in sales, performance or economy," James A. Capolongo, Ford vice president and Truck and Recreation Products Operations general manager, said. "Fuel economy is still high on every new truck shopper's list and I'm certain the miles per gallon improvement in Ford's 1977 trucks will get serious consumer consideration."

Abbie Veteto has moved to Amarillo and is now residing at the Bryanwood Manor, 2423 Line Ave, according to her sister Mrs. E. L. McQueen who said she would appreciate cards from friends here.

Cystic Fibrosis Drive Conducted In Estelline

Volunteers recently made a drive in Estelline for the Cystic Fibrosis fund and raised \$94.35, Mrs. Noel Long, chairman, stated this week.

Assisting with the door-to-door campaign were Mrs. Don Morrow, Tammy Bates, Lesnee Abram, Jo Brent Nivens, Paula Stockton, LaJuana Davis and Norman Alfaro.

"All donations to the fund were sincerely appreciated," Mrs. Long stated.

Mr. and Mrs. Glynn Thompson left Thursday for Colorado to view the autumn colors. They plan to return home the first of next week.

Meet new friends, enjoy life more at the beautiful Leisure Lodge Nursing Center of Childress.

Ardella Lorene Benson: Administrator.

Who says a nursing home has to be dark, stuffy, cramped and no fun? At Leisure Lodge Nursing Center, we certainly don't think so! As a matter of fact, we've gone all-out to make our home a place to LIVE. You'll love the bright, cheerful colors, the drapes, pictures, furniture and home-like surroundings. But most of all, you'll love our people — because they'll love you!

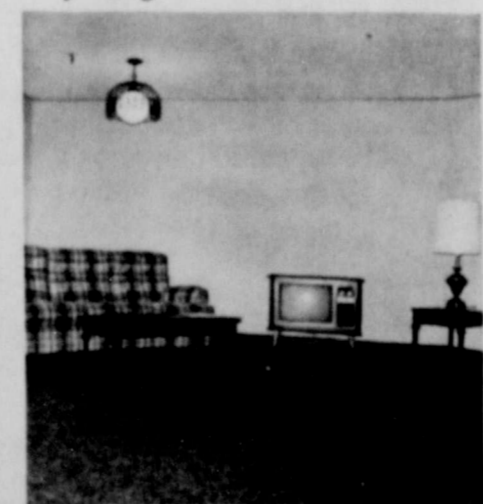

Guest rooms in Leisure Lodge Nursing Centers are large, comfortable, well-furnished, light and cheerful.

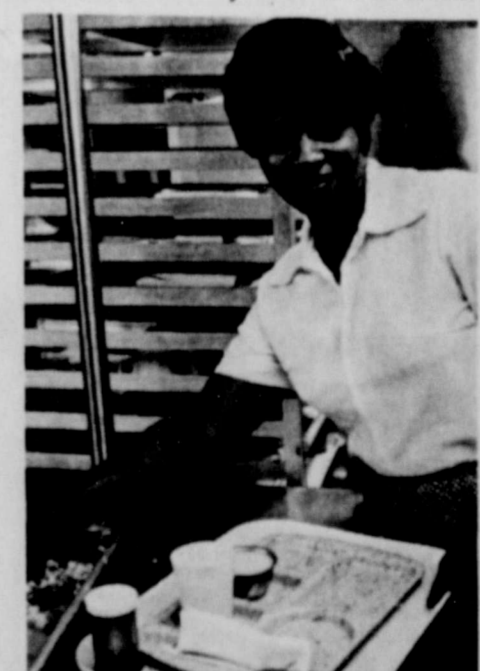

Compassionate, conscientious nurses who truly care about our guests are a trademark of every Leisure Lodge Nursing Center.

We have everything you'll find at any nursing home, plus a whole lot more. First of all, we have Licensed Nurses on duty around the clock. The regulations don't require us to have a Nurse on duty at night, but we want it that way. We have good food, and plenty of it. If your doctor says you need a special diet, we see that you get it. Our guests eat together, at regular dining tables, in a regular dining room, and enjoy the fun and fellowship of people their own age. We have planned and supervised activities, scheduled by a full-time Activities Director. And we have religious services, too. But what we have the most of, is FUN, and that's why our guests like it so well here.

At Leisure Lodge, spacious and well-appointed living rooms are a center of activity, where guests gather to visit, read, watch television.

It doesn't cost any more to live at Leisure Lodge than any other home. Don't let our nice building and grounds and our pretty decor fool you. It may look like an expensive place to live, but it isn't. In fact, it doesn't cost a bit more to live here than at any other nursing home. We're approved by the State Welfare Department, licensed by the State Department of Health, and we're approved for Medicaid. Regardless of where you live now, you can easily move to Leisure Lodge Nursing Center. And we know you'll like it here!

Anyone who has ever eaten a meal at a Leisure Lodge Nursing Center knows that the food is good, lovingly prepared, and that there's plenty of it.

We'd love to have you visit our home anytime, at your convenience. We're proud of Leisure Lodge Nursing Center, and we'd like for you to see it anytime. And especially, if you are in need of professional care; if you are living by yourself or with some family member who is unable for any reason to give you the attention and help you need; if you're just lonely for companionship; or if you know anyone in one of these categories — call or come by Leisure Lodge Nursing Center. Find out how much FUN living can be. You'll be glad you did!

Handcrafts and other activities are a large part of the program of rehabilitative care which is typical of every Leisure Lodge home.

Records of Lives and Deaths Of Texans Moves To New Austin Bldg

Some 20 million vital records of the lives and deaths of Texans moved to their new home recently. The Bureau of Vital Statistics of the Texas Department of Health Resources left its residence of 33 years, moving into a brand new, 32,000 - square-foot facility alongside the Department's headquarters in north central Austin.

The new facility is part of the Department's \$6.7 million construction program, authorized by the last Legislature and now nearing completion. An eight - story office tower and a 40,000 - square-foot service building also have been added to the complex.

For the Bureau of Vital Statistics, the move was the culmination of years of planning. Now, at last, the millions of records of Texans' births, marriages, divorces, and deaths will be housed on one level, carefully designed to afford maximum protection and practical access-

sibility. The Bureau routinely provides some 1.1 million services to the people of Texas each year, including searches for records and certification of copies.

According to Don Carroll, State Registrar of Vital Statistics and chief of the Bureau, the great bulk of the Bureau's work involves recording births and deaths. For every child born in Texas, the attendant at birth must file a certificate of birth with one of the one thousand local Registrars of Vital Statistics. Similarly, funeral directors file a certificate of death with the local Registrars of Vital Statistics. Similarly, funeral directors file a certificate of death with the local Registrar. The original records are then forwarded to the State Bureau.

Marriages are reported directly to the Bureau by the County Clerk in each county, and divorces are reported by the District Clerk for

the court where the divorce is made final.

There are, however, other kinds of important records that receive special handling,

Carroll explains. For example when a child is adopted, the District Clerk forwards a Certificate of Adoption to the Bureau. A new birth record

is then created, showing the child's adoptive name and the names of the adoptive parents. Carroll says, "The new certificate does not mention the fact of adoption."

At the same time, the Certificate of Adoption and the original birth certificate are placed in a sealed file. According to Carroll, "Any person wishing to examine the instruments contained in such a file must obtain an order from a court of competent jurisdiction."

Legitimations — where the parents marry subsequent to the child's birth — also are recorded by creating a new birth record.

Amendments some times must be made to birth records, when a person discovers that the record on file is inaccurate or incomplete. All that is necessary, Carroll says, is for the person to file an application to amend the record, stating clearly what information is to be added or corrected. These amendments are extremely important, since an inaccurate bit of information on the birth certificate can lead to all sorts of problems later in life.

Obtaining a copy of one's own birth certificate is relatively simple. Anyone who

J. Greenwood, Former Resident Dies In Okla. City

James Howard Greenwood, brother-in-law of Mrs. L. O. Dennis, died August 28 at Hillcrest Manor Nursing Home in Oklahoma City, Oklahoma.

Funeral services were held at 2 p.m. Wednesday at the Church of Christ in Hollis with Paul Evans, minister, officiating.

Burial was in Fairmount cemetery at Hollis, Okla.

Mr. Greenwood was born Aug. 20, 1911 at Memphis and had lived in Hollis most of his life. He was a former building contractor in Hollis and formerly served on the city council. He had made his home in Oklahoma City for the past three years. Greenwood was a member of the Church of Christ.

Survivors include his wife, Amy Greenwood of Oklahoma City, Okla., one daughter, Mrs. Faye Donaldson of Oklahoma City; one sister, Ruthie Brown of Fort Worth; one brother, Sterline Greenwood of Fort Worth and three grandchildren.

guilty as charged.

After the felony case was heard by District Judge Robert Montgomery, the Judge heard arguments on a motion for a new trial from Defense Counsel Larry Warner of Pampa, defending Antonio Garza, Jr., who was found guilty of murder recently.

After the defense counsel had presented arguments, Judge Montgomery over-ruled the motion for new trial and asked if counsel had any legal reason why sentence could not be passed at this time.

Judge Montgomery, with Mr. Garza and his attorney standing, facing the bench, announced the sentence of not less than five years nor more than 89 years confinement in the Texas Department of Correction, and that Mr. Garza be taken into custody by Hall County Sheriff Elmer Neel for transportation to the Superintendent of Texas, as Department of Correction facility at Huntsville to begin the sentence.

Sheriff Neel said if weather permitted, he would fly Tony Garza to Huntsville Wednesday, if weather did not permit, they would drive down.

Increasing numbers of automobiles, trucks and motorcycles in conjunction with more and more noisy labor saving power tools and appliances have combined to make noise pollution one of the most significant health hazards in the second half of the 20th Century, officials of the Beltone Crusade for Hearing Conservation observe.

With the return of the school year parents of school-aged children should see to it that their youngsters have their hearing ability tested, officials of the Beltone Crusade for Hearing Conservation advise. All too often a child who appears inattentive, pre-occupied, disobedient, withdrawn and even stupid is suffering from an undetected hearing loss, they said.

B. J. Robison Named Carter Co. Chairman

AUSTIN, Tex. — Jimmy Carter campaign leadership post in Hall County was announced today through the Democratic nominee's State headquarters.

B. J. Robison was named to chair the Carter presidential effort, according to Chuck Parrish, Texas Carter Coordinator.

"These Democrats are now linked up to a statewide effort that will end in a winning landslide vote for Jimmy Carter," Parrish said.

Bob Armstrong, State Land Commissioner, and Calvin Guest, Texas Democratic Party Chairman, co-chair the Carter/Mondale campaign at the state level.

Mr. Robison is a farmer and rancher in the Turkey area.

Parrish added that Carter campaign leadership at county levels through the state has developed into the strongest and largest of any recent presidential campaign.

Hall County Democrats are expected to quickly unite behind the newly appointed campaign leader in traditional Democratic fashion to produce the vote to elect Jimmy Carter.
