## \$ 100,000 FOR STREETS

### BRACKETT GETS FEDERAL GRANT for STREET PAVING

U. S. Representative, "Chick" Kazen, informed the Brackettville City Hall late last Friday, that their grant for \$100,000.00 for Street Paving, had been approved by the Department of Housing and Urban Development.

City Secretary, Roland Williams, stated that he received conformation of the grant this Tuesday from H.U.D. He further stated: "That the City must file an Environmental Impact Statement and wait fifteen (15) days. It will take approximately 30 days before work can be started."

The tentative streets to be paved under the grant are: Beaumont St.; Brown; Sweeney; Fort; El Paso; Fulton; Edwards; and others depending on the costs incurred.

LET'S GIVE THEM A PAT ON THE BACK

Our city staff did an outstanding job recently in compiling all the necessary information to file for the Paving Grant that was just received.

They were short handed and under staffed yet, they were able to get a grant of \$100,000, (the City of Del Rio only received \$150,000.)

Someone made the statement the other day to City Secretary Roland Williams that: "\$100,000 won't pave all the streets." His reply was, "No, but it will pave \$100,000.00 more than we have!"  
AMEN.....

COMMUNITY CALENDAR.....

The last couple of weeks we have dropped the Community Calendar from the CAVALRYMAN due to the lack of interest. No one has called in any School, Civic, Social, or Church activities. I have a feeling that the same thing is about to happen that happened just prior to us starting the CALENDAR several months ago. That is several organizations holding activities on the same conflicting dates. If you have any activities planned call them in (563-2696). There is NO-CHARGE for non-commercial functions.

INDIVIDUAL CAVALRYMAN COPIES AVAILABLE.....

Starting this week individual copies of the CAVALRYMAN will be for sale for 25¢ each at the

CAVALRYMAN OFFICE for those of you that don't subscribe and would like to have a copy. (All Little Leaguers get a free copy this week.)

NEW CAVALRYMAN OFFICE

As most of you know we have opened up an office, behind the Alamo Cafe, on Ann Street. As always moving was more than we anticipated. However, we are pretty well settled now and will be able to serve you better. Come by and visit us, give us your ideas, opinions, or just come by and visit.

FLASH

The Brackettville Little League All-Stars made a strong victory over the Laughlin AFB Little League All-Star Team Tuesday night, at Laughlin Field. The local team trounced their opposing team 7-4.

This means that Brackett will play the Del Rio All-Stars Friday night, July 18th, at 8 p.m. at the UCO Field in Del Rio.

CITY

City Secretary, Roland Williams and Frank Sanchez have returned after attending a Water and Sewer School conducted by Texas A&M in San Marcos.

The City is planning to contact the City of Del Rio regarding possible use of a Street Sign Making Machine.

## COUNTY AGENT REPORT

BY: CARL ESSER

Weather conditions continue favorable for the spread of the tenacious screwworm, and livestock producers in Kinney County should keep on the alert for possible cases in their herds, cautions Carl Esser, county agent with the Texas Agriculture Extension Service.

"Screwworm cases have been increasing by leaps and bounds in South and Southwest Texas," says Esser, "and the flies are continuing to move out to other areas of the state. So it's vital to check animals regularly, to treat all types of wounds and to submit all worm samples for identification."

Samples should be sent to the Screwworm Lab, Box 969, Mission, Texas, 78572. Containers for mailing samples are available at the County Extension Office and from local veterinarians.

At the end of June, 1,744 screwworm cases has been confirmed in Texas for 1975, well above the number recorded during the same period last year. To make matters worse, 1,164 of 1975 cases were recorded during June. Screwworms are pop-

ping up in some counties that have not recorded cases since 1972.

"This means that producers' had better prepare for an onslaught of screwworms unless cases are reported rapidly so that sterile flies can be dispersed over the areas where cases are confirmed," points out Esser. "Unless target areas are identified by virtue of sample submitted and identified the sterile fly program cannot function effectively."

Esser notes that a large number of the screwworm cases confirmed this year in Texas gave come from the navels of newborn calves. "Working" wounds such as those resulting from shearing, docking, ear marking, branding, and castrating are also prime locations for screwworm flies to lay their eggs.

"Any working of livestock should be delayed until this fall if at all possible," advises Esser. "If such work is absolutely necessary, a USDA-approved spray or dip should be applied to any and all wounds."

## OUTSTANDING CITIZEN

MISS CHARLES E. WILSON

Miss Wilson is a native born, Brackett villian, who chose to spend her life here bettering the community. After attending local schools she worked her way through College, graduating from Prairie View College. After graduation she returned to Brackett where she has been teaching school for over thirty years.

She is Matron of Nova Light Court #413, Secretary of The Seminole Indian Scout Association, Member of the Board of Directors of the Chamber of Commerce.

She has served on the Mayor's Community Council, The American Cancer Society and is a member of the Women's Home Mission, St. John's Baptist Church.

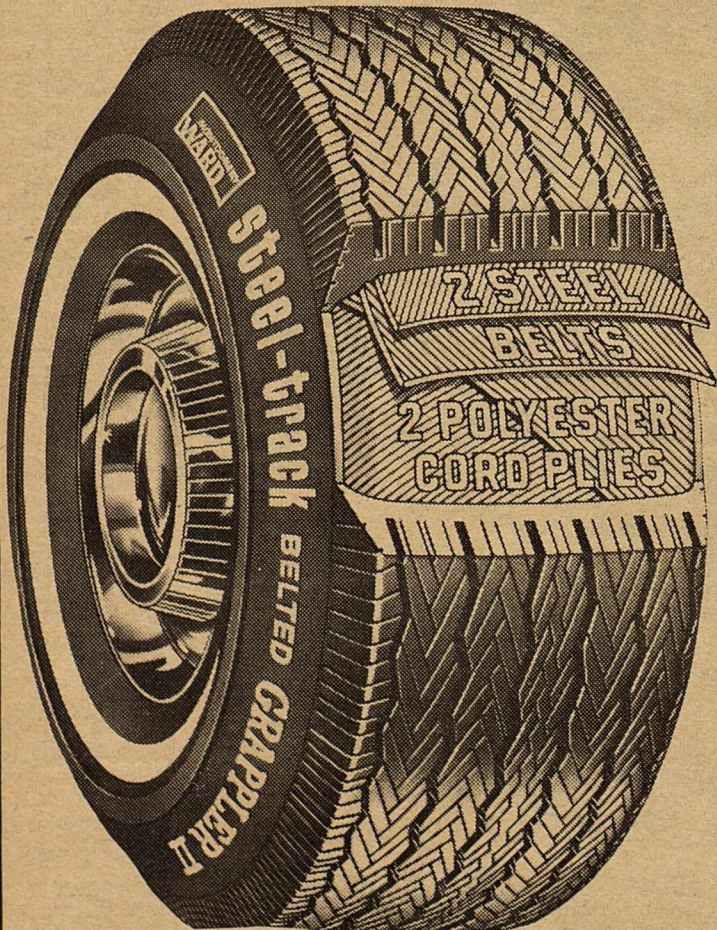

Proably more than anything else, she has shaped the lives and futures of many people by being an example of: Dedication, hard work and devotion to her community.

The CAVARLYMAN salutes you, Miss Charles E. Wilson.

SOME THOUGHTS

FROM SMOKEY JOE

IT'S A FACT

Columbus discovered America in fourteen ninety-two Or perhaps maybe it was fourteen ninety-three, When the great explorer crossed the ocean blue When his fleet sailed the spacious sea.

"When was the war of eighteen twelve fought?" The teacher inquired of little Billy. "It was fought the year of eighteen and naught, Why do you ask me a question so silly?"

The Volstead Act was effective in nineteen twenty So that folks wouldn't consume any intoxicant But the booze flowed on from sources a plenty As the prohibitionists would rave and rant.

Paper money went half size in nineteen twenty-nine So that it would take up far less space, But also it's value went on the decline. Now you need more money to take it's place.

WHAT IF

What if everybody were very rich, There wouldn't be anybody poor. You'd find nobdoy to dig a ditch Or to work at all, that's for sure.

What if the earth were flat And ships at sea fell into space? What if there were nobdy fat, The diet people would have no case.

What if the society had no crime, There's be no jobs for law men. What if we never kept track of time, No one would know when it's when.

What if everybody were very nice, There'd be no need to have a judge. That if there were no vices to entice, Life would be dull as chocolate fudge.

\*\*\*\*\*

THE GOOD KID

He doesn't smoke or partake of drink Or chase around with wild women. Never has he spent a night in the clink Of morality he is vivid speciman.

He always does whatever he is told Never questioning the value of his task His personality is a bit chilly and cold In his righteousness he likes to bask.

Never has he violated social acceptance Everything he does is proper and correct He even possesses a trait of arrogance Never from conventially would he defeat.

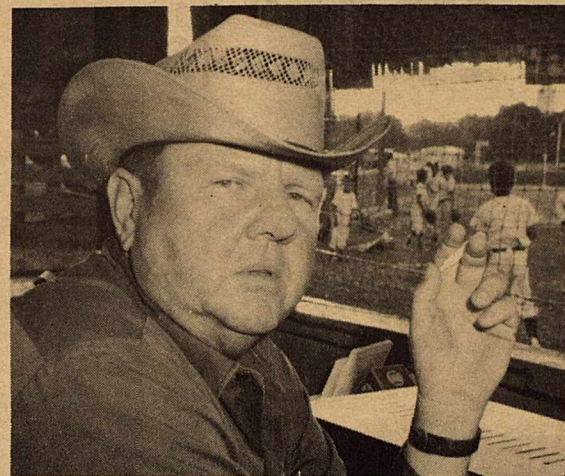

He protrays an attitude better than thou That everything he does is properly done Following the straight and narrow as a plow, Stern and serious, never having any fun.

SOME OF THE ADULT--LITTLE LEAGUE HEROES

Lingo Sandoval and Tim Murray braved the Little League Season as umpires without a single concussion from a "pop" bottle.

Bill Lindeman not only acted as Little League Manager, but also got a gravel throat from announcing all the games.

Last but not least the Brave Coaches are as follows: Howard Ragsdale; Kenneth Hobbs; Roy Dyer; Dennis Slubar and Alfred Pena.
