\$100.00 REWARD FOR BURGLARS

MRS. MERRELL BAXTER AND HER DAUGHTER, KIM, stand at the entry point where burglars broke into the "Swap Shop" Thursday, July 16th. Mrs. Baxter, the owner, reported the following items as stolen in the burglary: a cornet; electronic organ; tape deck; stereo tapes; T.V. set; two radios; and cash. The totals amount taken was approximately valued at \$800.00.

Although crimes of this type are rare in our community the CAVALRYMAN would like to make them even rarer!!!!

THE CAVALRYMAN AND MRS. BAXTER ARE OFFERING A \$100.00 REWARD FOR INFORMATION LEADING TO THE ARREST AND CONVICTION OF PERSON OR/PERSONS RESPONSIBLE FOR THIS THEFT.

THE CAVALRYMAN further proposes additional steps to keep our community crime free by assisting our local law enforcement agencies. (See Editorial)

LET'S STOP CRIME IN KINNEY COUNTY BEFORE IT STARTS.....

During the past week we know of at least two burglaries that have occurred in the area. I

think that all of us realize that we have been blessed with a very low crime rate. We can attribute this mainly to our excellent law enforcement officers and their diligence. One of these burglaries occurred at Ft. Clark Springs. The Fort has an excellent and capable security force.....BUT THEY CAN'T BE EVERYWHERE ALL THE TIME.....

The CAVALRYMAN does not propose any vigilante type of operations, we do have adequate and capable lawmen.

We are proposing a reward system, similar to that sponsored by one of the San Antonio newspapers (that has been very successful). In co-operation with our law enforcement agencies a crime could be called to this paper, give us the information, leaving a code number, and when the offenders are prosecuted and convicted, they would receive the posted reward.

Before undertaking such action

the CAVALRYMAN would like to have the comments from all the local law enforcement agencies and local governments. Please give us your written comments so they may be printed in the CAVALRYMAN. Any interested citizens are also requested to write the CAVALRYMAN and we will print their comments.

PLEASE LET US HAVE YOUR VIEWS...

As an interim step the CAVALRYMAN is placing \$50.00 reward and Mrs. Baxter, of the SWAP SHOP, is matching this amount to make a total of \$100.00 for information leading to the arrest and conviction of person/ or persons involved in the burglary of the SWAP SHOP. Anyone havin the information on persons involved call the CAVALRYMAN, give us the information--- DO NOT GIVE YOUR NAME---- give us a code number and upon conviction the reward will be paid to the party that can verify the code number. Names of persons supplying this information will not be disclosed under any circumstance.

STREET SIGNS.....

This week at least a half a dozen strangers have ben by our office for directions. Several local residents have indicated to us (some of the local clergy, doctor, utilities, and business men, etc.) the dire need for street signs and numbering. Several issues ago we brought this out.....We know it has been brought before the city councilWe also know that City Hall has done a darn good job for the manpower it has with the present programs.....However, if some of the councilmen had to act as traffic directors...they may see fit to expand the budget to take care of this need. After all- with our new doctor,

ambulance, and pharmacist..... THIS COULD COST SOMEONE'S LIFE.

LETTERS TO THE EDITOR.....

We will welcom any responsible letters from our readers and will be glad to print your views.

COMMUNITY CALENDAR.....

Is back in action again... lets keep the information coming in so we won't have the situation of several conflicting events happening at the same time.

HAPPY BIRTHDAY AND ANNIVERSARY ANNOUNCEMENTS.....

Beginning with this issue we are starting a list for "Happy Birthdays" and "Happy Anniversary" If you have a friend or relative that has an upcoming birthday or anniversary, just call us at 563-2696 and let us have the date and names. NO CHARGE.

A PARAMOUNT RELEASE

COUNTY AGENT REPORT

BY: CARL ESSER

Farmers and ranchers put a considerable amount of time into planning their production operation. Yet, one of the most important plans---a farm safety plan---is often neglected.

Farm safety plans are being given special emphasis this year during National Farm Safety Week July 25-31, points out Carl Esser county agent with the Texas Agricultural Extension Service.

A good farm safety program will help avoid accidents, protect you and your workers, save lives and money, show that you are concerned and boost morale.

According to Esser, the first step in planning a farm safety program is to make a checklist of the potential accident hazard on your farm or ranch. Such a checklist might include the following:

1. Clear out rubbish and litter around buildings and yards, and roadways.

2. Check stairwells and ladder openings for secure handrails and check ladders for soundness.

3. Check roads, especially intersections, for good visibility.

4. See that guards and shields are secure on machinery and equipment.

5. Shut off power before servicing any power equipment.

6. Keep dry-chemical fire extinguishers and first-aid kits in place.

7. Give careful attention to electrical equipment. Check the wiring for proper insulation and possible breaks, be sure electrical circuits are protected by circuit breakers or fuses of the proper rating, use only tools with double-insulation construction or three wire ground cords, and watch for overhead wires when handling elevators, augers, irrigation pipe or ladders.

8. Store agricultural chemicals in original containers with legible labels and keep them under lock and key.

9. Wear protective equipment when using chemicals.

10. Keep elevated fuel tanks at least 40 feet from buildings.

11. Use special care if you smoke.

12. Keep small children away from barns, pens, and feedlots containing animals.

13. Keep livestock handling equipment---chutes, corrals, stalls---in good repair.

Planning does prevent accidents, emphasizes Esser. A little time spent in planning a safe farm operation can spare you the pain, grief, time and money losses accidents can inflict on you and your farming ranching success.

The theme for this year's Congress was "Our Texas Cultural Heritage" and was designed to help older 4-H members to better understand and appreciate the unique and rich cultural of our state. Besides visiting and touring the Institute of Texas Cultural and the Alamo, the 4-H members all contributed an input towards next years 4-H programs in the state. The 4-H members from District 13 were able to eat Thursday's evening meal at the Magic Time Machine before attending the Congress Ball, Thursday night. The 4-H Congress adjourned Friday morning after a Congress Breakfast for all Participants.

SOME THOUGHTS

FROM SMOKEY JOE

THE CRITICIZER

He finds fault with everything we do. Nothing we do suits him at all. We do our best, he goes pooh-pooh, According to him we're not on the ball.

Our clothes con't fit as they should. Our hair isn't combed the right way. Our occupations are no good. Our entire lives are in disarray.

There's not one thing he can find right. The world's all wrong-except him. He gives everybody a snobby slight Because he's so perfect and so prim.

He thinks he's better than the rest of us.

Nobody else is as perfect as he. He's so very proper and solicitous What a lonely life his must be.

DESIRE

Almost everyone has unfulfilled desire A goal to attain they cannot reach. Perhaps they have not the skill it requires. To attain the heights they so much beseech.

Lofty aims are commendable indeed. If they are within a person's capabilities. If they cannot attain them, they should concede And accept their lot with no anxieties.

Desires can make unattainable aspirations In this rat race based on materialism.

A lifetime can be spent in frustration It seems no matter what skills you acquire Or how hard you work in their application You will seldom, if ever, fulfill your desire.

(All rights reserved.)

BLOOD DRIVE

Brackettville Chamber of Commerce is sponsoring their fourth blood drive at the Bracket Civic Center on August 11th, from 12:00 NOON til 7:00 p.m.

Donating blood is a safe, painless, and satisfying experience. An average adult has 10 to 12 pints in his body and a normal donation is only one pint. Giving a unit of blood stimulates a helathy person's body to make more blood, and his blood count quickly returns to normal. Donating blood at intervals of at least eight weeks is considered safe for a healthy person under normal conditions.

When you become a Community Donor, Blood Services will tale responsibility for blood center charges which you or members of your immedidate family (spouse and unmarried dependent children under 19 years of age or 23 year if also a full-time student) may incur within the 12 month period following your donations Unfortunately this does not cover transfusions related to the treatment of hemophilia.

Anyone interested in signing up to give blood is asked to call the Brackettville Chamber of Commerce Office at 563-2466.
