BRACKETT CHOSEN FOR MOVIE LOCATION

"HAWMPS"

Johnny Pierce and Shari Rhodes of Mulberry Square Productions were in town this week looking at some of the old buildings in Brackettville for possible scenes in the up-coming production of "HAWMPS !" which is scheduled to start production here in mid-November.

Mr. Pierce, recently completed the movie "MacIntosh and T.J.", in which he was Roy Rogers' stunt man and double.

Miss Rhodes, who is the casting director for the new film, has reached fame as casting director in such movies as Jaws; Waldo Pepper; Sugarland Express and Race with the Devil.

The new movie will be from the same people who produced "Benji" and will be loosely based on the U.S. Cavalry's experiences in converting from horses to camels, a situation which took place in this area.

Direct Distance Dialing Starts Tomorrow

D.L. Riemenschneider, Western Electric Company-Direct Distance Dialing Installing specialist and Brackett installer/repairman, Bobby McIntosh, are shown above putting the final touches on the new DDD to go into effect tomorrow.

Beginning Saturday, Brackettville telephone customers will be able to dial their own station-to-station and operator-assisted long distance calls.

At the same time, the number for Directory Assistance will be changed to "1411."

"One-Plus Dialing will let callers place their own station-to-station calls by dialing "1", then the area's code if different from 512, and the distant number," Valentine said. "These calls go through at special One-Plus rates that are lower than rates for operator-handled calls."

He said, "Zero-Plus Dialing will allow customers to dial their own person-to-person, collect, credit card, and bill-to-third-number calls.

To make a Zero-Plus call, customers should dial "0", plus the area code if different from 512, plus the number. An operator will come on the line to ask for information to give the call special handling. While the operator is getting this information, the call is being completed automatically.

CITY HALL

BY: ROLAND WILLIAMS

One of the most important items on the agenda for the Regular Meeting of October was the solid waste problem. The Council has been studying this matter for several months now and has had several proposals from different contractors. The Council feels they can no longer delay the decisions on this matter.

Very soon each householder will receive a letter explaining all the details and will be asked to state their choice in the manner of collection on solid waste. It will be very necessary for each one to answer the questionaire.

TAXI CAB

Mr. Eddie Antu of the Yellow Cab Company of Del Rio, had submitted an application to operate a Cab Service in the City. Mr. Antu's application was approved by the City Council.

STREET SIGNS

Upon request by the Rotary and Lion's Clubs the City has prepared a plan for street signs. Due to limited funds a basic plan was submitted, but it is felt that it will be sufficient to ease the needs at the present time. The Council approved the plan.

PHASE II

Word was received from City Attorney Ralph Brown the Fort Clark Springs had not approved the easements for the new Water Drainage Program. Secretary Williams is trying to get another extension from EDA as the time has elapsed on the project and the City is in danger of losing the Grant.

PAVING WORK

Work has started on the sub-base and cleaning of the right-of-way for the paving of Beaumont Street. Some machinery has been leased and more help is expected from the County this week.

ZONING

The Council approved the changing of Lots 1, 2, Block C, Brackett Addition and Lots 6,7, Block 21, Brackett Addition from residential to business, which was acted on and recommended by the Zoning Committee. It is anticipated a Dress Shop will be constructed on Block 1,2 and a Store & Lock Business on Lots 6,7.

LETTERS to the editor

October 15, 1975

Dear Editor:

The Jack Long's, Pat Rose, Jr.'s and the Toft Ranch wish to sincerely THANK the Volunteer Fire Department for their assistance in containing the fires last week.

We know that the County Fire Truck was bought by donations from Citizens in the area and we would like to thank them also.

Yours truly,

/s/ Sharon Trant

Dear Mr. Editor:

I want to thank my voice impersonator using my name to call folks and inviting them to our home for a big poker game.

In the first place my husband and I don't play poker, so maybe in this way we can learn.

Some of the people that received calls, did come and saw our Indian artifacts and my husband's painting and we sold all the paintings we had on hand.

Thanks Voice Impersonator.

Between Us

BY: JOE TOWNSEND

Nothing so enlivens the enjoyment of nature at night as the heavenly aroma of "Bueno de Noches". Nothing so disturbs the world of enjoyment of nature as to be awakened in the midst of solid sleep by the almost suffocating stench of a skunk aggravated to self defense.

About midnight the other night I came to the shop from the house to get something. As I passed by the shed in the back I smelled the "Bueno de Noche". It made me want to stop and smell it up a while. I walked over near it and noticed a skunk nosing around the plant searching for bugs on the ground. I thought, "What a contrast!" Then I thought--yes several contrasts. How objectionable becomes the skunk when he's mad or afraid. However, how much more beautiful the skunk when he is left to his own affairs. Many an unthinking person would have immediately started chunking rocks at the skunk and some would even run to get a gun to kill it. How quick and obnoxious would come the reward for their efforts. I simply waited a few minutes and rather enjoyed watching the skunk as I fully enjoyed the aroma from the night blooming jasmine.

It occurred to me how much more pleasant like would be if all would refrain from "Chunking rocks" or "seeking to kill" (figuratively) those whom they dislike. If all people would simply "live and let live" how much more they could enjoy the beautiful aromas of life and have no fear of the consequences of their acts. Throw a rock and hit a skunk and you'll be sorry. Throw a verbal rock and hit a person going about his own business and sooner or later the rock will return like a boomerang and wreak it's judgement.

LIBRARY NEWS

The stockings are hung by the chimney with care. How did the "Friends of the Kinney County Library" get the stockings to put there? Why, the "Beta Sigma Phi" busily cut and stitched all the stockings for the party at the Kinney County Livrary on Sunday, December 14th at 7:00p.m. as their contribution to the start of a coummunity tradition.

The following is the month of October Film Program at the Kinney County Library. For information on how to take advantage of this program contact the Library staff at the Library.

COMMENTS from THE SAGEBRUSH

There is no vacation time from the yard for the person who wants to have pretty flowers or a nice yard and lawn. There are several things that need doing now. If you have flower beds now is the time to work them and now is the time to get them ready for planting. Spring blooming bulbs should be planted before long and sooner that we think, it will be time to plant spring and summer flowers. Beds need to be turned. If they are packed hard there should be added a mulch to keep the soil loose. Peat moss has been surpassed in efficiency by pine bark mulch. Pine bark mulch keeps the soil looser and adds organic matter that begins to compost when it is put in the soil and continues to feed the soil for a long time. In some cases there is a need to add soil conditioners such as Verniculite and Pearlite. This does not deteriorate and helps keep the soil loosened. While doing this it is well to add some manure and work it into the soil with the mulch or soil conditioner. This will take care of much of the need for feeding the beds after the plants are growing. Even if there is to be no early spring bulbs blooming or early spring flowers, the soil thus prepared now will be all the more ready to grow good healthy flowers and plants when the bed is to be used.

Those of you who have visited Hearst Castle in San Simeon, California were, I am sure, as impressed with the Castle as I was. I have been to visit this palace three times and have found out much about the Hearst family and how they obtained their fortune. However, not much is said about Marion Davies. There is finally a book out that will fill you in on William Randolph Hearst and his relationship with Marion Davies. ("Life With William Randolph Hearst" by Marion Davies and published by Bobbs-Merrill, \$12.50.)

William Randolph Hearst's death in the early 50s and ended a 32-year liaison with Marion Davies. A couple of years after Hearst's death and eight years before her own, Miss Davies taped the material which serves as the basis for this book. It is a personal memoir, an interesting supplement to Swanberg's "citizen Hearst" and Guile's "Marion Davies." The long Davies narrative, edited by Ramels Pfau and Kenneth S. Marx, speaks for itself; the editors intruded only to organize and explain references that might seem obscure. As reminiscences go, it is mildly entertaining with its anecdotal recollections of film-making (Davies made 45 movies in the 20s and 30s with Hearst's backing), grand travels, celebrities and, of course, the exotic and quirky life at San Simeon, Hearst's California castle. Orson Wells contributes a friendly foreword disclaiming a relationship between Hearst and "Citizen Kane." 100 photos.

103rd ANNUAL SEMINOLE GATHERING

MISS CHARLES WILSON IS PICTURED IN FRONT OF THE HISTORIAL MARKER AT THE SEMINOLE INDIAN SCOUT'S CEMETERY AT THE RECENT 103RD ANNUAL ASSOCIATION MEETING.

Over fifty (50) descendants of the Seminole Indians Scouts gathered in Brackettville this past Saturday and Sunday for the 103rd time in that many years. "Most people don't realize that this is actually commemorating the Seminoles coming from Mexico in 1872, one hundred and three years ago, to serve the United States at Fort Clark." stated William Warrior, Association Chairman.

"Three of these scouts received our country's highest award, The Congressional Medal of Honor," stated Warrior. Two of these scouts are buried in the local cemetery, Pompey Factor and John Ward. John Ward, was one of the youngest, if not the youngest, to receive our nations highest honor, at the age of seventeen (17). All three received this Honor for saving the life of then Lt. John Bullis (later General Bullis, for which Camp Bullis, north of San Antonio is named.)

Issac Payne, the other medal of Honor Awardee, is buried elsewhere.

around the campus...

Homecoming for Brackett High has come and gone for another year and has added another chapter to a book of memories. Current students worked hard and long on activities designed to make homecoming very special. The traditional bonfire almost went up in smoke when the fire was set Wednesday night. Thursday, however, saw BHS students rushing against time together more wood and the blaze went as scheduled for Thursday night.

The parade and Pep Rally downtown brought out the town to show spirit for the Brackett Tigers. The senior class was awarded the "Spirit Stick" First place float was fashioned by the FFA sponsored by Mr. Charlie Foust and led by Marcelino Valdez, Jr.; second place honors went to the senior class, sponsored by Mr. Lee Schermerhorn and led by class President, Peggy Postell. The junior class, led by Bill Pratt, won third place. The junior class is sponsored by Mr. James Collette and Mr. Thomas Lester. Guest speakers at the Pep Rally were: Terry Perry; Butch Hadsell; and Joe Williams, former BHS football stand-outs.

Half-time activities were particularly impressive. The BHS Band, as usual, looked great. The homecoming Duchesses: Martha Pena, Junior; Betty Meyers, sophomore; and Elvas Garcia, freshman, were introduced and the big moment came when Jamie Davis was presented as Homecoming Queen. Jamie was escorted by Mark Tidwell. Martha's escort was Ruben Cervantez while Raul Cervantez did the honors for Betty. Elva was escorted by Ruben Fuentes. Peggy Postell, accompanied by Kenneth Carnley and Lola Meyers escorted by Sammy Munoz, were runners-up in the queen contest.

A reception at the Brackettville Country Club was held after the game. Hosted by the Brackett Booster Club, the big event of the evening was the cutting of the homecoming cake, designed, baked and decorated by Mrs. Kenneth Leverett. The cake featured a huge tiger head and was a masterpiece of culinary art.

Over-all director for homecoming activities was Miss Sheri Foster. Brenda Alston, President of the Student Council and Becky Pena, Vice-President also put in a lot of time and hardwork.

By Monday, things were somewhat back to normal for BHS. Normal for this student body means full steam ahead. Wednesday, Jan Vincent presented a paid assembly on magic and Thursday, Mary Tumey, a Southwestern Bell Telephone representative explained "direct-distance dialing", which is slated to go into effect in this area.

Yesterday, and today were devoted to pep rally activities in preparation for the district opener with Dilley, Friday Night.

TIGER TALES

THE FIGHTING TIGER TEAM AFTER THEIR VICTORY OVER ROCKSPRINGS at the reception after the game at Brackettville Country Club Friday night.

If you've been around Brackettville any time at all, you know that the BHS Fighting Tiger Band plays "Jalisco" everytime the Tigers Scores. By the end of Homecoming game last Friday night, the band might have been tired of playing the song, but the over-flow crowd still wasn't tired of hearing it. By defeating the Rockspring's Angoras, 42-0, the Tigers kept the band busy.

The Angoras could not break through the solid Brackett defense. The Defensive unit held their opponents to 31 yards rushing and caused 11 fumbles recovering 8 in all. Tony Koch and Ruben Cervantez, juniors, were singled out by Coach Bobby Slaughter for particularly good performances. Joe Robledo defensive end, brought laurels for the defense when he recovered a fumble in the end zone for a touchdown.

Offensively, the Tigers compiled 213 yards rushing and 105 yards passing for a good evenings' work. Less than two minutes into the game, Mark Tidwell, quarterback, connected with Bill Pratt, end, for the first touchdown. Leading ground gainer, Raul Cervantez, fullback, scored in the second quarter. Raul accumulated 115 yards rushing during the game. John Jones, halfback, made the third TD on a 26 yard run.

The third quarter was scoreless, but five minutes into the fourth, Robledo alertly covered the loose ball. Ruben Fuentes accounted for the fifth TD from five yards out. Just seconds later, it was again Fuentes, this time stealing an Angora pass and racing for the Brackett goal.

Tony Samaniego was four of six, in the PAT department and punted twice for an average of 50 yards. Other outstanding players on offensive were Buck Smallwood, Charlie de la Rosa and Travis Meyer.

Tonight's game against Dilley, makes the opening district game. The game will be at Dilley. The BHS Tiger band will be there, ready to play "Jalisco".

Official football rules demand that eleven players be on the field during play. Since the BHS Junior Varsity has a squad of only fourteen, most of them play double roles and are deserving of double praise, even in defeat. The Dilley J.V., last Thursday, defeated the Brackett J.V., 14-0. Both touchdowns by the opposition were scored in the first half. The second half was like a pitcher's duel.-- The defense would almost aet in trouble and something would happen to bail them out. The entire team gave a good effort, but particularly impressive were Adrain Reyes, Daniel Samaniego and Lupe Flores. Steven Kral, sacked the Dilley quarterback twice for a good night's work.

If the Brackett J.V. has a manpower shortage, the Junior High squad went in the opposite direction. Talent is abounding at every position, as the Dilley Junior High Wolves found out last Thursday night. The score was 34-14 in favor of the home team. Touchdowns for the Cubs were made by Nelson Payne, Kevin Kaplan, Albert Fuentes and Richard Mantinez. Two six-pointers came on seventy year plus punt returns. Outstanding players for the Cubs included Armando Rivas, Chris Revels, Mike Hidalgo, and Jim Lindeman.
