TEXAS NUCLEAR SCIENCE SYMPOSIUM ----- JOE BALADEZ, LEFT, OF CENTRAL POWER AND LIGHT COMPANY DISCUSSES NUCLEAR POWER FOR THE PRODUCTION OF ELECTRICITY WITH FIDENCIO PINOLES, SECOND FROM LEFT, FLORENTINO GOMEZ AND RIGHT, TEACHER, LEE SCHERMERHORN, FROM BRACKETTVILLE WHO ATTENDED THE NUCLEAR SCIENCE SYMPOSIUM IN AUSTIN THIS WEEK.

AUSTIN, JUNE 1---Over sixty South Texas science students and teachers are learning about continuing fusion at the University of Texas at Austin.

While attending the 16th Annual Science Symposium, held June 1-4, the participants are also learning about the Texas Tokamak, a fusion research project located at the university. Those attending from South Texas are sponsored by Central Power and Light Company which, joined with nine other investor-owned electric companies in Texas, form the Texas Atomic Energy Research Foundation.

Dr. W.E. Drummond, a leading nuclear physicist, said here today that nuclear fusion, which is the joining together of light atoms to form heavier ones, may someday be the source of fuel for electric generation. Man's efforts to control fusion, responsible for the energy generation in the sun and stars, is becoming a reality, he said.

"High heat energy is released when light atoms are fused or combined, and this energy can hopefully become fuel for operating a conventional steam power plant," said Drummond.

"This is potentially more productive than nuclear fission, which

derives energy from splitting heavier atoms."

Important to the energy issue is the fact that fusion would use heavy hydrogen atoms, known as deuterium, as a basic fuel. "Deuterium is a universal component of water, is cheap and virtually inexhaustible."

The 500 students and teachers attending the annual conference are assuming roles of nuclear scientists for almost a week. They are working on complicated math and physics problems, and will attend lectures and participate in basic nuclear research.

Two afternoons will be spent touring University science laboratories, including those where research projects sponsored by the foundation are being conducted in thermonuclear fusion reactions.

The symposium sessions not only consist of lectures by outstanding scientists from throughout the nation but also provide the students with an opportunity to obtain answers to questions about scientific careers and college curricula.

The students attending the conference were chosen by participating schools on the basis of Scholarship in Science.

PUBLIC NOTICES

The following Public Notice is printed as a Public Service by the KINNEY CAVALRYMAN:

PUBLIC NOTICES

NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Brackettville, Texas, Kinney County, Texas, at 11:00 a.m., beginning on Monday, the 14 day of June, 1976, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Kinney County, Texas, until such values have finally been determined for taxable purposes for the year 1976, and any and all persons interested or having business with said Board are hereby notified to be present.

Dalores Raney  
Kinney County, Texas  
Kinney County,  
Brackettville, Texas  
THIS 1st day of June, 1976.

The above Notice was printed in the Del Rio News-Herald following a meeting of the Kinney County Board of Equalization on May 10th.

The following is a part of the minutes of that meeting:

ORDER DIRECTING THE COUNTY CLERK TO ADVERTISE MEETING OF THE BOARD OF EQUALIZATION

BE IT REMEMBERED that the Board of Equalization in and for Kinney County, Texas, having been in session on this the 10th day of May, A.D., 1976, the following order was, upon motion of Commissioner Manuel Fuentes,

and duly seconded by Commissioner L.S. Johnson unanimously carried and adopted, to-wit:

The County Clerk is hereby authorized and directed to give notice of the meeting of the Board of Equalization by publication in a newspaper published in Kinney County, Texas, on a date at least ten days prior to said meeting of said Board.

The County Clerk is also instructed to give additional notices to all taxpayers whose properties are raised if their addresses are known.

BY ORDER OF THE COMMISSIONERS' COURT SITTING AS A BOARD OF EQUALIZATION.

/s/ Tommy Seargeant, County Judge and Chairman of the Board of Equalization

Kinney County  
Brackettville, Texas

This 10th day of May, 1976.

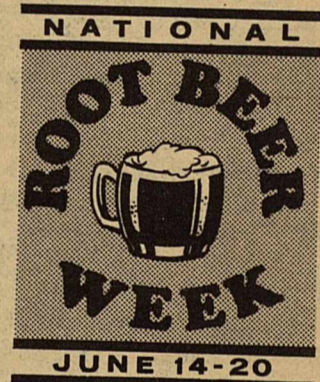

You will note, that it states "in a newspaper published in Kinney County."

According to David Luna, who attended the meeting, Commissioner G.C. Talamantez suggested that these notices should be published in the CAVALRYMAN, but was over ruled.

A later conversation with Commissioner Talamantez confirmed this. I found none of this conversation in the minutes.

It is obvious from the minutes these Gentlemen know the LAW!!!

Let's inform the people according to the State Law (VATS 7206).

"You've got the Sky Pilot--bring it back?" These words on C.B. have led to some rich experiences and have taken the tedium out of long tiresome miles of driving. Granted much of the talk on the location of "Smokey" or the "Local" and perhaps in some cases contributes to speeding. But it is great to visit with people from out of the state going through or truckers on their way. It seems to me the C.B. has promoted more to friendly driving than the Governors "Drive Friendly" campaign. The greeting "good buddy" is worn smooth but the greeting to someone you've probably never seen and perhaps never will, the wishing them a good trip and "all the good numbers" surely makes one feel like the world isn't such a cold, heartless place after all. When the skip is rolling it's great to listen to "The Georgia Peach", from northeast Georgia, or "The Cactus Patch" from Tucson, Arizona, or "Triple Deuce & Snooky" from Bennett, Nebraska or the "Chainsaw" from Central Tennessee, or even Montego Bay, Jamaica. This makes

the world seem much more a neighborhood. When you've been the "back door" or "front door" or in the rocking chair" or even just in the convoy" for a hundred miles or so you feel like you've made some new friends and certainly the trip has been enjoyable. Amazing how much zest can be added to life by such a simple thing as a C.B. Radio when properly used and enjoyed.

Saturday, June 12, 1876, was the birth of the Las Moras Lodge 444, here in Brackett. This Saturday the Masons and their wives and the Eastern Star and their husbands will celebrate the 100th Anniversary of the Lodge with a Bar-B-Que at the Brackettville Civic Center with visting Lodges from a 100 mile radius.

**SCHOLARSHIP AWARDED**

SAN MARCOS---Jamie Elizabeth Davis, daughter of Mr. and Mrs. Lloyd Davis, of Brackettville, was selected to receive a "University Scholar" scholarship to Southwest Texas State University in San Marcos. This is the highest scholarship award conferred by Southwest Texas State University.

Miss Davis, a 1976 graduate of Brackett High School, will major in elementary education with a math specialization.

The University Scholar program "selected scholars" receive \$1,000 per year scholarships at SWT. The scholarships are renewable for up to four years, based on the student's academic progress. The announcement was made by Dr. Ralph Harrel, Vice President and co-ordinator of the scholarship program.

Web worms are in epidemic proportions now. You should check your trees carefully and if you see even the smallest web you should treat the tree immediately. If the web is in reach it is a good idea to cut off the end bearing the web and burn it. If you want to go first class you should spray the entire tree. It is good to mix some household ammonia with the spray mixture. This will markedly increase the effectiveness of the insecticide.

The tree should be saturated, limbs and both sides of the leaves. A good insecticide will leave a residue that will keep on killing for several days. One of the best is diazanon. This is sold by a number of companies under brand names. Spectracide is perhaps the better known and most widely used in this area. By all means follow the directions and warnings on the labels. They mean just what they say. These insecticides are not to be treated lightly. They can be dangerous. As early as the worms are starting they can decimate the trees of the area before frost. Protect your trees now and by all means don't be guilty of letting web worms spread from your trees to your neighbors.

**KAZEN IN WASHINGTON**

The arrival of June is annually marked in my office by increased mail from constituents planning family trips to Washington. The bicentennial celebration makes the nation's capitol even more of a magnet for travellers so I offer some suggestions.

Advance preparation are essential for housing reservations at hotels or motels, and should be made directly with the reservation managers. Indications are that the larger establishments anticipate heavy demand for rooms, but still can handle requests for July and August. Similarly, if constituents want my help on arranging White House tours, advance notice is essential. Tickets for these tours are limited, I shall do my best to make arrangements.

Tours of the Capitol building, the Federal Bureau of Investigation and the Pentagon can be arranged by my office. As usual, if visitors want admission to the House or Senate gallery to observe Congressional sessions, passes may be obtained from my office.

**AIR MUSEUM OPENING**

The several buildings of the Smithsonian institution provide a great variety of attractions, perhaps topped by the newest—the National Air and Space museum which opens July 4. The museum will have the Wright brothers' airplane, Charles Lindbergh's "Spirit of St. Louis," John Glenn's space craft, an Apollo command module that landed on the moon, and even one of the rocks brought back from the moon. There'll be a wide variety of other displays of man's progress in flight and space travel.

The Kennedy Center, Supreme Court, Library of Congress and many other historic sites also welcome visitors, as does the National Zoo.

**MONUMENTS INSPIRING**

The famous monuments in and near Washington always delight and inspire visitors. The tourist can get a full view of the area from atop the Washington monument, and with the summer rush, preparations have been made for advance ticket sales (at 10 cents) for the elevator ride to the top.

The majestic Lincoln Memorial now has a new elevator for use by the handicapped and aged, as efforts increase to make historic sites available to persons hindered in their mobility. The Jefferson and Iwo Jima memorials, the grave of President Kennedy and the Tomb of the Unknowns in Arlington cemetery, and the new Lyndon B. Johnson grove and Theodore Roosevelt memorial, on Potomac River Islands are all nearby attractions.

**PARKING IS A PROBLEM**

Though the height of the tourist season is still ahead, I am compelled to warn visitors that parking is a constant problem in Washington. Many

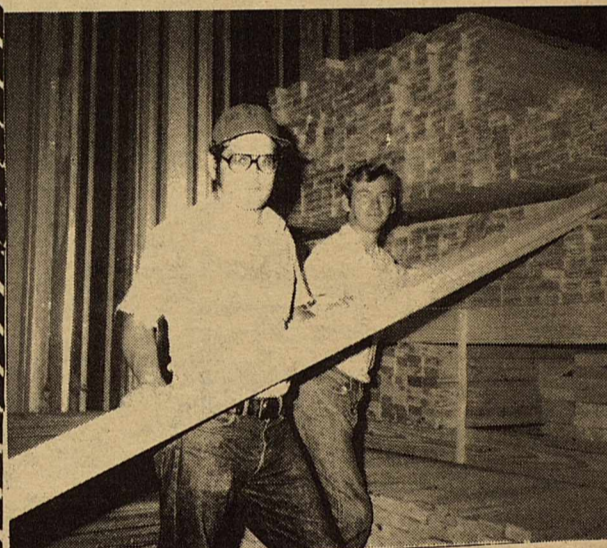

people find it wise to forego use of their cars in the city, and to rely on tour bus transportation. One

attractive system provides a series of vehicles following a prescribed route, with holders of daily tickets permitted to leave a bus at any stop and catch another later one after a sightseeing interval.

I should warn that highway police in the east generally enforce the 55 mile per hour speed limit, which leads me to another reminder as a footnote. Persons making quite different plans and intending to go to Mexico this summer are warned the drug laws are rigidly enforced. Experience has shown me that I can give sympathy but no help to a youngster arrested for transporting marijuana or hard drugs in Mexico or across the border. Those who suggest drug traffic as an easy way to finance a holiday trip are brutally misleading some young people who could face years in prison for their violations of Mexican Law.

# A Democratic Night in TEXAS

## A Salute to Robert S. Strauss June 17, 1976

The Texas Democratic Party's "Salute to Bob Strauss," a June 17 political extravaganza in Houston, is taking on national implications as a preview of the Democratic National Convention which follows less than a month later in New York City.

"The eyes of Texas and the entire nation will be on this tribute to Bob Strauss because of its timing just prior to the national convention and the fact that all major Democratic presidential contenders will be in Houston," said Texas Democratic Chairman Clavin R. Guest.

Jerry Brown, Jimmy Carter, Frank Church, Hubert Humphrey and Morris Udall have all accepted invitations to participate in the tribute to Strauss, the only Texan ever to serve as National Democratic Chairman.

"Each candidate's supporters seems to be trying to outdo the other in a last-minute show of strength, possibly aimed at influencing selection of the 32 additional delegates and 70 alternates to be named at the Texas Democratic Convention beginning the day after the Bob Strauss salute," said Guest.

"The national importance of this event increases daily," said salute producer, Gordon R. Wynne, Jr. of Wills Point. "It will be the biggest national political event ever held in Texas and will be overshadowed in 1976 only by the National Convention which is just a short three weeks after the Salute."

"The National importance of this event is reflected by ticket reservations we've received from Democratic leaders in 16 other states," said Wynne.

"We have received reservations from senators, governors, mayors, and business and labor leaders, including Sen. Wendall H. Ford of Kentucky; Sen. Lloyd Bentsen of Texas, Rhode Island Governor Philip W. Noel, Gov. Wendell R. Anderson of Minnesota, Mayor Abraham Beame of New York, Mayor Kevin White of Boston, Mayor Henry Maier of Milwaukee, Henry Ford II, Edward Bennett Williams, New Mexico Gov. Jerry Apodaca, Don Anselmi, Wyoming Democratic Chairman, Don Fowler, President of the Democratic State Chairman's Association from South Carolina, and businessmen Ron Saypol, president of Lionel from New York, and Charles Ward, president of Ward Bus Company in Arkansas.

"Reponse continues to amaze me, said State Chairman Calvin R. Guest of Bryan. "If current trends continue, this will be the most financially successful single fundraising event ever sponsored by the Democratic Party of Texas. We've already raised over 100-thousand dollars and the figure grows daily."

The show will include many Hollywood celebrities and state and national leaders.

"Peter Duchin and his orchestra will provide music for the show which will be emceed by Hollywood star Lorne Greene," said Wynne.

"The list of persons attending will look like a who's who in Washington and Hollywood and the blockbuster show will make full use of all this talent," said Wynne. We'll have a million dollar cast in a ten-million dollar facility."

Most of the Democratic National Convention staff will be present at the event, led by convention chairman Representative Lindy Boggs and Director Andrew Shea.

Members of the Texas congressional delegation plan to fly on a special plane which will bring guests from Washinton.

The salute will be staged at The Summit in Houston, a new multi-facted sports and entertainment arena.

Included in the show will be multi-media presentations on the statewide Democratic officeholders, taped and live entertainment, live broadcasting of interviews, speeches, and happenings and a special multi-media salute to Bob Strauss.

The Salute included a \$50 per person reception at 7:00 p.m., followed by the \$25 per person dinner and show at 8:00 p.m. Sponsor boxes are \$1000 per box or \$250 per seat. Tickets are available from Democratic county chairmen throughout Texas.

## ACE REID JOINS DRIVE

ACE REID, left, and Chas. Schreiner 111 will be in rare form for this upcoming Texas Tech Bicentennial Trail Drive. Schreiner's interest is in getting the 70 Texas Longhorns safely to the Ranching Heritage Center, Texas Tech University. Reid's interest is in seeing that everyone involved has a fantastic time during the six-day drive. Chances are both will win.

SAN ANTONIO, TEXAS---Nationally-known cowboy cartoonist Ace Reid will be putting on his act, and it's a great one, daily as he helps ramrod the Texas Tech Bicentennial Trail Drive and its herd of 70 Texas Longhorns from San Antonio to Lubbock. Six hard days on the trail. The herd leaves San Antonio on June 27, with stops in Kerrville, San Angelo, Stamford and Midland, arriving at the Ranching Heritage Center, Texas Tech University, July 2, just in

time for opening ceremonies.

Reid is no newcomer to trail drives having played a big part in the drive from San Antonio to Dodge City, Kansas, in 1966.

And he's certainly no newcomer to readers of several hundred newspapers publishing his renowned "Cowpokes" cartoons. Nor to the millions of fans who purchase his books. His first "Cowpokes" sold more than a million copies. It led to five additional books over the years with still more in the making.

Heralded as the Cowpokes' answer to Will Rogers, Ace is of the same witty, jovial, enjoy life now you aren't going to get out of it alive anyhow, mold. Will Rogers made folks laugh and be happy. Ace Reid makes folks laugh and be happy.

There won't be a dull moment on this six-day Texas Tech Bicentennial Trail Drive and it won't all be because of the cantankerous Texas Longhorns.

Chas. Schreiner III, owner of the YO Ranch, is Trail Boss and he'll do what he can to keep Ace under control, but, as Schreiner knows, handling those Texas Longhorns will be much easier.

Want to help drive that herd to Lubbock? Contact Texas Tech Bicentennial Trail Drive, YO Ranch, Mountain Home, Texas, 78058 or call them at 512-640-3222.

## TEXAS 1876

JUNE 11-17

FORT WORTH—Drs. Burts and Field have had a new office erected, and you can have a leg cut off or your insides taken out and replaced in the most skillful manner known to the art. If the medical association objects to this gratuitous notice of these gentlemen, because it violates their rules of ethics, we will take it all back, and simply say they can fix up as nauseous a dose as anybody, when they try.

SAN ANTONIO—The time is not far distant in Texas when the only fences that will be necessary are those for enclosing stock. Farm fencing costs ten times more than the stock fencing would, and as there are and always will be ten farmers to one stock raiser, it is easy to see that stock fencing will be adopted as a relief from the great expense of farm fencing. The cost of farm fencing is the greatest tax paid by the people of the United States.

SAN ANTONIO—General Devlin, United States Army, commanding officer of the Rio Grande district, has effected arrangements with the Mexican authorities to prevent marauding from either side of the Rio Bravo.

BRENHAM—A tramp run out of Houston by the authorities there was arrested last night for stealing a hat out of a house. No more immigrants of this kind are wanted here, for our jail now contains thirty rascals, and heavy taxation is bankrupting us.

ANDERSON COUNTY—The prisoners now on trial before the District Court of this county for placing obstructions on the railroad tracks should be a warning to all young men to keep out of bad company and let whiskey alone. Some of these prisoners had the reputation of being good boys where they were raised.

On June 13, 14 and 15 some 31 volunteers will conduct a house-to-house march in Brackettville for funds to fight muscular dystrophy and related nueromusculr diseases. Mr. Albert Postell of the First State Bank will be serving as Campaign Treasurer. Muscular Dystrophy is a progressive muscle-destroying disease.

Thousands of Texas residents are afflicted and tragically two-thirds of these are children. The majority of child victims will not grow to maturity unless a cure is found. Funds are raised to support worldwide research programs, clinics, summer camp are well as provide wheel chairs, braces and other orthopedic equipment. The Muscular Dystrophy Clinic which serves patients throughout South Texas is located at the Santa Rosa Hospital in San Sntonio.

## Senator Lloyd Bentsen

# Watching Washington

BENTSEN SEEKS THOUGH TERRORISM PENALTIES MOVE AGAINST TERRORISTS AND COUNTRIES THAT HARBOR THEM

WASHINGTON, D.C.--Senator Lloyd Bentsen thursday introduced bills to make acts of terrorism a Federal crime, with a mandatory death penalty when someone is killed, and to withhold foreign aid from countries that harbor terrorists.

"No form of lawlessness is more senseless or vicious than an act of violent terrorism: a bomb left in a luggage locker at an airline terminal to kill and maim indiscriminately, a building set on fire, a sniper's bullet," Bentsen said in Senate remarks.

Under one of the two bills introduced by Bentsen crimes of terrorist organizations--such as kidnapping, sabotage, destruction of Federal property--would be punishable by the normal sentence for the offense in question plus an additional two-to-ten year sentence. Two years additional would be the minimum with no possibility of probation or parole.

If the terrorists act results in someone's death the offense would carry a mandatory death sentence.

Under the second Bentsen anti-terrorism bill the President is required to suspend foreign aid, loans and trade preferences to any country which wilfully aids and abets international terrorism.

"In spite of the fact that international terrorism has continued to grow, no legal solutions are in site. Many nations, particularly those in the Third World, are unwilling to cooperate in efforts to combat terrorism which, they say, can be justified under certain circumstances," Bentsen said.

"Sources report that almost half of those terrorists captured in the last five years have been released. The unwillingness of these nations to bring the full force of the law to bear against these international outlaws threatens the safety and peace of all nations."

Senator Bentsen said that 800 people have been killed, 1700 injured in international terrorist incidents since 1968. One hundred and fourteen U.S. Citizens have been involved, he said, 24 of them killed.

"The time has come for laws that state clearly and decisively that violent crimes to further a political viewpoint will not be tolerated. We will not put up with murder in the name of some higher cause. We will not allow violence under the guise of some higher belief," Bentsen said.

"we cannot permit an individual or group of individuals to seek to impose their beliefs through the destruction of lives and/or property, without incurring the severe punishment that such conduct deserves," Bentsen said.
