NEW BUSINESS

ANOTHER NEW BUSINESS---- Mr. and Mrs. Ray Smallwood are pictured above in the Hi/Fi and appliance section of Brackettville's new Western Auto Store that opens today.

Ray and Nell Smallwood ask all their friends to come by for a visit at their location at the newly remodeled "El Rancho" building.

HAPPY 85th BIRTHDAY

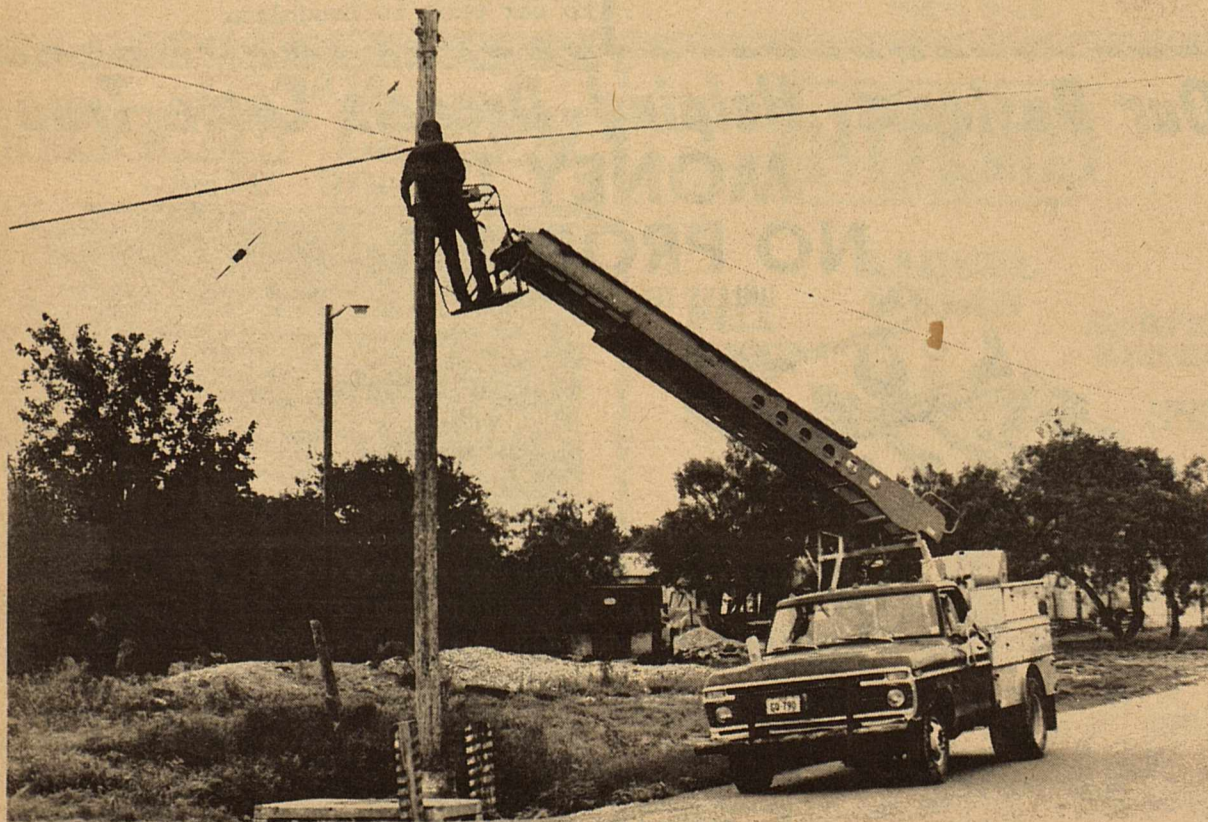

The Jesus (Chuy) Munoz, Jr. home was the center for a birthday celebration on July 8th of Mrs. Isabel Munoz's 85th birthday.

Mrs. Munoz is the proud grandmother of ten and great-grandmother of 13.

Guests present were: Mrs. Harotiza Castro, Mrs. Aurora Davalos, Mrs. Sara Hoover, Mr. and Mrs. William Mendeke, Mr. and Mrs. Gilbert Munoz, Sr., Gregorio Juarez, Mrs. Antonia Rodriguez, Mrs. Iñez Cabral and Dora, and Mr. and Mrs. Joe Munoz.

Joe surprised his family by arriving home on Tuesday, July 6th from Germany, where he is stationed, and bringing home, for the first time, his beautiful bride, Maria.

CABLE SYSTEM MODERNIZED

CABLE TV SYSTEM BEING MODERNIZED---- Television Cable Company of Brackettville's local manager, Jackie Williams, announced this week that the company is replacing cable lines in the area with a new improved type of cable. In addition, Mrs. Williams announced they are replacing their tube type electronic equipment with modern semi-conductor devices for better and more reliable services.

LETTERS to the editor

July 12, 1976

George Loos, Jr.
Editor
The Kinney Cavalryman
Dear Mr. Loos,

Brackett is my home, all my family lives here--Why do I have to leave? Because I can't find a job. How I wish there were small businesses here so young people like myself could find employment in our town that we love. But with out decent paying job opportunities, we young people haven't any choice except welfare or leave home to seek employment. We would prefer to stay at home and make an honest living and stay off welfare.

Dear Mr. Loos,

Enclosed is my check for one year's subscription.

I think I can qualify for an "Old Timer", and I am glad to see you plugging for an airport.

I've lived seventy years just half-way between Brackett and Rocksprings on Highway 674--on the banks of the beautiful West Nueces.

I am glad we are to have a heliport, thanks to the Lion's Club--Now lets reach out for an airport.

/s/ Ima Mayes

July 14, 1976

Dear George,

I couldn't help but notice the letter that was printed last week about keeping Brackettville a nice bucolic community. I have lived here approximately a year. However, I did sell everything I owned and moved 400 miles just to get here.

This is a great place to live and work. The people are friendly and I have thoroughly enjoyed being here. However, we do have to be realistic and realize that if our children cannot live and work here, they will move away. If they keep moving away, how long will we have a town? Times are changing and values must change also. An airport should not be just idle speculation. It would help bring jobs and economic stability to our town. This would be just a beginning.

Brackettville will never be a city the scope of Austin, San Antonio, or Houston, but it can be alive, aware, and growing for tomorrow. It will take all of us working together and forgetting our petty differences in honor of the common cause.

Sincerely,
/s/ Vicki

July 14, 1976

Dear Editor,

I know that you occasionally misspell words and the punctuation and English grammar are not always perfect.

However, you get the message across and have given us information about what's really happening in our community. Your newspaper keeps us informed and aware of the problems we face. We do know what is going on. In addition, I know you have also donated your time, money, and newspaper space to almost every civic organization in this community. So what are a few misspelled words and misplaced commas if people find out what they need to know?

Sincerely,
/s/ Sharon Trant

Between Us

by:

JOE TOWNSEND

It's interesting to sit in the Shop and watch the cars go by. Here's one from New York, now one from California and another from Minnesota. Some are the latest model and highest priced. Some are plain vanilla medium cars and others the smallest compacts. These speak much for the spending habits of people. Long ago I learned that the persons driving the most expensive cars were not necessarily the wealthiest people. Some people like to ride in comfort and are willing to pay for it while others simply want to ride. Some of the cars are piled high with suitcases, camping equipment, etc. Others seem scarcely to have anything but the people. Some go by with apparent determination while others seem to warily, questioningly approach the miles ahead.

Then there is the endless number of local cars that simply drive up, turn around and drive back. This a revelation indeed to watch. Here are resolute people, disciplined, energetic thinking people. Also however, there are unthinking people, undisciplined people, people lacking in purpose and disinterested in accomplishment for themselves and their lives. I guess this is to be expected since a cross section of America would reveal just what passing cars do have on the highways. Too bad that all people can't be disciplined, purposeful, energetic, reasonable folks. Just think what our world would be if they were.

TIPS FOR GREEN THUMBS

by: **JOE TOWNSEND**

With all the rain it's about time to think of fall gardens. In our particular area you can grow almost anything in the fall you can in the spring. Green beans, tomatoes, greens of various sorts, turnips all do very well indeed in a fall garden. A little later you would do well to plant cabbage, brussel sprouts, lettuce and the like. These do better in cooler or cold weather so you should have these all through the winter. If you plan to have a fall garden its about time to prepare your soil. Loosen it well, fertilize it and be ready. Most things for the fall garden can be planted soon. You should count on about 90 days for a harvest of vegetables. Planting before August guarantees your food for the table in good time before frost. Happy Gardening!

CB BREAK

BY THE SKY PILOT

KOY 2103---How many many times we hear this signal on the band. This base station is a good example of how beneficially a CB base can be used. I think these folks must sleep with a speaker on their pillows. There seems never to be a time this station can't be reached. In threatening weather conditions they gladly give the latest word. If there is a "1033" they help all they can to reach the needs of the person/persons at the wreck. If there is a fire they give all the information they can. These are only a few of the ways the Robinsons help the community and people in the county. If a person is needed in an emergency they can be counted on to do all they can to reach the

needed one. In addition, they do not tie up the channel for extended periods of time just to chatter. Most often you'll hear they call one time for an individual and if there is no answer in a very short while they "clean" the channel and wait till later to try again. Quite a contrast to some who will hold the channel to call several times to the same person. I have never heard a call to this base that went unanswered. It's great to have this source of disseminating information, especially in a situation such as ours in Brackettville. Thanks Robinsons; I for one appreciate your interest and contribution to Brackettville and Kinney County. All the good numbers to you; don't be surprised if I give you a shout when I need something and you give me a call anytime I can help anyway

at all. We'll catch you on the flipper. We're doing our thing this-a-way, we'll be clear".

**BIRTHDAY PARTY
FOR MRS MAYES**

On July 11, a party was given in Rocksprings by Imagene Gentry for her mother, Mrs. Ima Mayes, on her 81st birthday.

In spite of rain and high water, a nice crowd, a wonderful feast and much fun was had by all. Those present were: Ruby Lodge, Mrs. Mattie Babb of Kerrville; Mr. and Mrs. Roland Williams; Seiker Fisher and Mrs. Dude Knott of Brackettville; Mr and Mrs Buddie Thurman, Allie Edwards, Charlie Peak and Mr. and Mrs. Bob Fred of Rocksprings; Coit Lawrence of San Antonio; Mr and Mrs. Gene Mayes and baby, Colinda, of Sequin came as far as Brackett and spent the night with his grandmother, Ima Mayes. High water kept them from joining the birthday party.

VISITORS

Etta Greenhouse of Deerfield, Florida and Bobby Sokel and daughter Linda, from Long Island, are arriving today, July 16th, at the home of Mr. and Mrs. Marvin Ellner, who live at Fort Clark Springs. Mr. Ellner is Assistant Sale Manager at the Fort.

Ms. Greenhouse is Mrs. Joan Ellner's mother and Ms. Sokel is Joan's sister.

Linda just graduated from High School and plans to continue her education in the medical field.

Bobby has received her degree and plans to start teaching in the fall.

TEXAS 1876

JULY 16-22

SAN ANTONIO—The number of cattle driven from Texas the present year is 311,390. Of these 190,580 have passed Fort Worth, 108,810 have passed Fort Griffin and 12,000 came up the Pecos. The number driven North is 259,530, the balance being held in Northern Texas.

AUSTIN—Company C of the Frontier Battalion overtook the raiding Indians of the head waters of the Colorado, a few days ago, and took from them a lot of horses stolen from the frontier. The savages subsequently recaptured the stolen stock. The casualties, if any, are not known.

SEGUIN—The convicts employed on the Pierce road are constantly escaping. The guards say they can not hold them; the country is so overgrown with brush that when they get outside of the roadway you can not see them. They say they have no doubt that an escaping prisoner would kill a man for a suit of clothes.

AUSTIN—The House Committee of Finance has reported the General Appropriations Bill. The total budgeted for the next fiscal year is \$1,202,032. Among the items included for the Executive Department are \$4,000 for the governor's salary and \$10,000 for recovering fugitives from justice. Protection of the frontier will be budgeted \$150,000 and \$20,000 is allotted for the purchase of arms and ammunition. The Lunatic Asylum is allocated \$40,460 and the Blind Asylum \$15,170 for operating expenses. An extra session if required will cost an additional \$25,000.

"I AM SO GLAD I REDUCED WITH PAT WALKER'S," SAYS NITA MATTA OF EL PASO

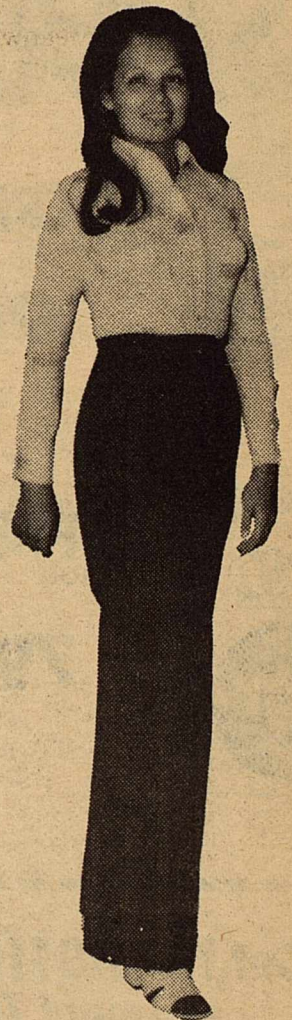

Here you see Nita Matta as she was when she came to Pat Walkers weighing 198½ pounds.

Ever since grade school I have had a weight problem. Believe me, I have tried every kind of fad diet including candy, pills and exercise class. Exercise classes would make me so hungry that I would get home and eat everything in sight. The other fad diets would make me lose the weight, but a few weeks later the weight was back and still as flabby as ever.

I had seen an ad in the newspaper and read the article, but at the time I thought it would be just like an exercise class and I didn't want to go through that again. A month or so later I saw a commercial on television and to my surprise it wasn't at all like a gym. So I decided to go for a free trial treatment. What did I have to lose?

It was fantastic! I have lost 61 pounds and 88½ inches and I feel terrific. Even my husband thinks it was worth it. I would recommend it to anyone. It really works!
(signed) Nita Matta

Here is Nita Matta as she is now, weighing 137½ pounds and a loss of 88½ inches and still going down.

1973 Rates Can't Cover CPL's 1976 Costs

We're making every effort to reduce expenses at Central Power and Light Company, but our costs continue to grow at a more rapid rate than our revenues. Virtually every aspect of our operation has been hit hard by inflation.

The last increase in our base rate, in 1973, added only about \$1.50 per month to the bill of the average customer. (Recent increases in your monthly bill have come from the fuel adjustment charge, which recovers the rising cost of the fuel needed to generate electricity.)

Meanwhile, CPL must spend considerably more than it did even a year ago for nearly all products and services necessary to provide you with reliable electric power.

- Although we have fewer employees on our payroll, salaries were 8.6% more in 1975 than in 1974.
- Taxes were up 13% in 1975.
- And during the same year operating expenses other than fuel, purchased power and salaries rose 9.9%.
- In contrast, the company's base revenues increased very little during 1975 — only 1.2%.

Inflated expenses, coupled with an out-of-date rate schedule, obviously are making our job much more difficult. If CPL is to continue a high standard of dependable service, we cannot go on absorbing these rising costs.

ALLERGY ITCH?
GET DOUBLE RELIEF ACTION WITH DIDELAMINE

Unlike most creams or lotions, Didelamine Gel is formulated with not just one, but two antihistamine ingredients. The result: faster, more complete relief from itching and discomforts of skin allergies, hives, bee stings, non-poisonous insect bites - even poison ivy and poison oak. Didelamine is truly different from ordinary single ingredient remedies. Gives you twice as much antihistamine relief action that works fast to help stop the maddening itch - plus medication to help prevent infection. And Didelamine is a clear, gentle gel that soothes away skin irritation. Colorless and greaseless, too - so it won't stain clothes. Try DIDELAMINE GEL today and get double relief action against allergy itch.
