BRACKETTVILLE, TEXAS

HEALTH & SAFETY FAIR

CHIEF OF POLICE RESIGNS

The City Council of the City of Brackettville accepted the resignation of City Police Chief Richard Dempkowski at a called special meeting of the council Tuesday, September 18, 1984. The City Manager was directed to advertise for applicants and fill opening as directed by city ordinances.

HEALTH AND SAFETY FAIR IN BRACKETTVILLE

BRACKETTVILLE -- Safety features have been added to this year's model of the annual Health Fair held here.

The Health and Safety Fair will be held for residents of Kinney and surrounding counties on October 20.

An important feature of the fair will be an exhibit on children's safety seats. The child safety seat law was passed by the Texas legislature and goes into effect on October 31, 1984. This new law will require residents of Texas to transport children up to two years of age in federally approved child safety seats and children from two up to four years old in the child safety seats or with safety belts. Offenders can be fined from \$25 to \$50.

"Poison Perils" will be the theme of another safety exhibit at the fair. Events are sponsored by the Texas Agricultural Extension Service, the Kinney County Program Building Committee and the Kinney-Maverick County Out-

Patient Clinic. Assisting with the fair will be the Brackettville Lions Club.

A 5-Kilometer race will kick off events that morning at 8:30. Trophies will be awarded to overall male and female winners, plus certificates will be given for the first three places in each age division. T-shirts will be given to everyone who participates. The entry fee is \$6.

Free health screening will be held at the Civic Center from 10 a.m. until 4 p.m. Participants will be able to analyze their diets, courtesy of computers, for sodium levels and nutrition, and the American Cancer Society and the Arthritis Foundation will have exhibits. Information on exercise will also be available.

Children from Brackettville elementary schools have been invited to participate. A Kid's Poster Contest will be held and winning entries displayed at businesses in Brackettville.

A local pharmacist will be on hand to give participants advice on storing and the shelf life of prescription and non-prescription drugs. A prize will be given for the oldest dated prescription bottle brought to the fair.

Further information may be received from Mrs. Sylvia Baker, Extension Agent - Home Economics, at the Texas A&M Research and Extension Center in Uvalde, telephone (512-278-9151).

"Education is teaching a child how to talk - and then how to keep quiet." Anonymous

"PITFALLS OF PAULINE"

The Upstagers of Del Rio, Texas will again travel to Fort Clark Springs for their third annual melodrama to be performed on Saturday, Sept. 22nd at the Old Quarry Amphitheatre.

Among the returning favorites are play director, Jim Bob McMillan, Villain, Richard Blevins, 2nd Villian, Gloria Culpepper, first heroine, David Hawley, second hero, Liz Miller, Heroine's mother, and Sharon Roberts, Villains mother. Newcomers to the play group include Mark Frankum, hero, Dolly Dupree, second heroine and Sue Collender, saloon gal. The first time cast members bring a wealth of experience in the theatre arts to the show.

Mark Frankum is a full time weather forecaster at Laughlin Air Force Base. His theatre experience includes work with a play group while stationed in Germany with the armed forces. He has an associate of Arts degree and is a graduate of the Department of Defense Weather Technicians School. His hobbies include water sports, model aircraft and he is single.

Dolly Dupree is a liscensed radio broadcaster, 3rd class with a years' experience on the air in Anaheim, California. Her theatre experience has been with a high school drama group. She is single with two children, who are very supportive of her acting debut and she enjoys

sewing, horse back riding and water activities.

Sue Callender has spent the last 12 years involved in theatre activities, primarily in the areas of stage managing, lighting engineer, props mistress and technical director. She has a Bachelor of Arts degree in theatre and English from the University of Wisconsin. She spent the past 2 years as a Camp Director for the Girl Scouts of Chicago Program Center and now finds herself a teacher of Language Arts in the San Felipe Del Rio Independent School District. She is a member of the Amistad Singers, single, enjoys writing and people.

The curtain goes up on the "Pitfalls of Pauline" or "Love Lies Ableedin" at 8:15 p.m. Tickets are \$4.00 for adults and \$1.00 for students and may be purchased at the time and place of the performance.

WATER USE AND MANAGEMENT

UVALDE--Water use and management for dryland and irrigated farming will be the focus of a day long seminar scheduled for November 1 at the Uvalde Civic Center in Uvalde.

Researchers and water use experts from all over Texas will be on hand to discuss problems that many Wintergarden producers face. Registration will begin at 8:30 a.m. and the program will begin at 9 a.m.

Jim Mulkey of Uvalde, with the Texas Agricultural Experiment Station, has been scheduled to speak on crop water requirements for dryland and irrigated production. Other topics to be covered include soil management practices for water conservation: irrigation well design and construction: trickle/drip irrigation systems; pumping plant efficiency measurements; and irrigation research in the Wintergarden area.

Lunch will be served. Tickets are available at \$10 each from the Uvalde County Extension Office, telephone 512-278-6661.

KNIGHTS OF COLUMBUS

The Knights of Columbus would like to express their "THANKS" to the following for their participation in the Diez-Y-Seis Bazaar recently held: The Brackettville Lions Club, the City of Brackettville, C & L Minimax, Stop & Shop, Deasons, Hillcrest Funeral Home, Kinney County Land Co., Mr. & Mrs Oscar Payne, City Grocery, Gonzales Store, Fuentes Grocery, Marios Grocery, Lozano's Welding Shop, Altar Society, The Parishoners of St. Mary Magdalen and all their friends.

Brackettville TV Cable Co., Jeep Parts and Service, Gomez "Phillips 66", Nash Dry Goods, Ora's Drive Inn, Rob's Mini-Store, Sagebrush 11, Western Auto, Mrs Oscar Martinez and the Honorable Mayor, William Mendeke.

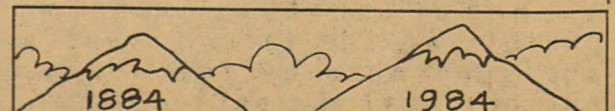

Without their donations of equipment, time or materials our Bazaar would not have been successful.

FORT CLARK HISTORICAL SOCIETY

The Fort Clark Historical Society will meet September 22nd at 2:00 p.m. in the members lounge over the Las Moras Inn. The speaker will be Fred Hicks of Austin, who was a member of Troop F, 5th Cavalry from 1937-1941. Mr. Hicks will tell of his experiences in a talk entitled "The Life and Times of a Soldier in the 5th Cavalry."

LOST PUPPY: Lost Saturday in the vicinity of Thomas & Gove St., small yellow female puppy, black on tips of ears, around mouth & eyes and tip of tail. Wearing a black nylon collar, answers to the name of "BIDDY" \$25.00 reward. Call Kenneth Hobbs - 563-2679 after 2:00 p.m.

Mount Everest is a foot higher today than it was a century ago, and it may be growing at an accelerating rate.

A PLEA TO THE PEOPLE OF BRACKETTVILLE:

The scouting registration was a fair success. Girls showed up enthusiastic and wide-eyed with anticipation to sign up for the girl scout program and they did. But it was only a fair success because WE STILL DON'T HAVE A LEADER. The hope was that one of the parents would be willing to take on the task. Unfortunately none did.

SO MY PLEA TO THE PEOPLE OF BRACKETTVILLE IS THIS: Don't leave these girls without a leader any more than you would leave a child alone in the dark and cold. I know that there are those of you that do have the time, the energy, the willingness to step forward and fill this role. Don't let a good thing fall by the wayside--Call: Mrs. Robert Martinez, at 3-2196 or 774-2071 and tell me you would like to be a leader.

PUBLIC NOTICE

FORT CLARK M.U.D. ESTIMATE OF UNENCUMBERED FUND BALANCE AND EFFECTIVE TAX RATE:

I, Trudy Harber, tax assessor-collector for Fort Clark M.U.D., in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than 3% by the governing body of Fort Clark M.U.D. without holding a public hearing as required by law. The rate is as follows: \$00.74 per \$100 of value. Estimated unencumbered fund balance for Interest & Sinking fund: \$9,000.

Land Value	\$	3,269,250
Improvements		11,365,750
Personal Property		859,580
Total Valuation	\$	15,494,580

Tax Office Expense	\$	8,000
Debt Service on Bonds	\$	114,787
Less Surplus in Interest & Sink	\$	9,000
1984 Tax Revenue	\$	114,660

1984 Effective Tax Rate	\$.74
1983 Tax Rate	\$.08

ANTIQUESHOW

Plans are in full swing now for the third Annual Antique Show at the Uvalde Civic Center on Saturday and Sunday, September 22nd and 23rd. The Uvalde Animal Shelter sponsors the show each year which brings over 30 dealers of fine antiques and country collectibles from across Texas.

The show will run Saturday from 10:00 a.m. - 8:00 p.m. and Sunday from 12:00 noon - 6:00 p.m. in the Civic Center on East Main St. According to Laura Hicks, chairman, the fine quality of previous shows will be maintained as no reproductions and no English imports later than 1940 will be allowed. Dealers will offer their best oak furniture, quilts, glassware, jewelry, decorative folk art, Texana, country furnishings, trunks, linens, primitives and more.

Tickets are \$1.50 for both days and include a door prize drawing for a prized collectible as well as admission. Advance tickets may be purchased at the Uvalde Animal Shelter, Rexall Drug Store, the Kincaid Hotel, the Uvalde Chamber of Commerce, and Lori's.

A concession stand will offer coffee, cokes, chips, homemade sandwiches, pies, cakes, cookies and brownies.

For more information contact the Uvalde Animal Shelter at (512) 278-1407.

THE SHERIFF'S CORNER

by Norman H. Hooten, Sheriff

I have received many requests this past week from local citizens to explain the concept of the Detention Center proposal that will be voted on by Kinney County voters on Saturday, September 29th.

First of all I want to clear the air of one important fact. The proposed Detention Center is not and will not be a prison. It will be exactly what its name implies, a facility in which to detain low-risk, minimum security prisoners until they can be processed and tried in federal court, at which time they will be convicted and sentenced or found innocent and released.

The concept of a Detention Center in Kinney County has been reviewed, discussed, and studied by the Commissioner's Court and myself for nearly a year now. The financial advantages to the overall economy of this county and community in jobs, cash flow direct to the county treasury, increased purchasing from local merchants, and increased tax revenue to the county and school tax roll has been the main reason for even considering the proposal.

We have talked to officials throughout the state in counties where detention centers and even federal and state prisons are located in an effort to determine the impact on the local economy and to determine the adverse effects, if any, that such a facility would have here. The overwhelming response has been positive in all areas. Many of the locations were skeptical at first and there were even organized opposition groups trying to prevent the

facilities from being constructed and operated in their area. In every location where the facilities were constructed and are now in operation the citizens are now, for the most part, well satisfied with the increased economic advantages and the security of the various facilities.

The commissioners and I decided months ago that even though the law does not provide for an election on this issue, the people should have an opportunity to voice their approval or disapproval of the proposal by a Voter Preference Referendum. Anyone with an open mind should realize that this indicates that we are open and fair about this issue and that NO secret deals are involved and certainly NO FINAL ACTION will be taken until the voice of the people is heard through the voter preference election to be held on September 29th.

There are several factors to be considered on this issue and I had hoped by now that after all these months most citizens would have a reasonably clear picture of just what the Detention Center would be and would be able to make their decision either FOR or AGAINST the proposal with a full knowledge of the true facts of the issue.

I cannot understand why the Commissioners or myself should receive adverse criticism for hearing the various proposals on a Detention Center and presenting what we considered the best one to the public for consideration and final approval or disapproval in the form of a voter preference referendum. This action should show the people that we are trying to be open and fair to ALL the people of Kinney County. Any issue that concerns those of us who live and work together in our community should be settled in an adult, peaceful manner and

still allow us to remain friends and neighbors. Just because you might not agree with me on a certain issue does not make you my enemy.

Some of the opponents of the Detention Center proposal are distorting the facts of the issue. This is not fair to those who are sincerely interested in the true facts of the issue before making up their minds FOR or AGAINST the proposal. Listed below are the basic TRUE facts of the proposal and the decision you make either FOR or AGAINST the Detention Center is your right as an American and citizen of Kinney County.

FACTS:

1. The Detention Center would be owned, operated, and maintained by a private enterprise company.
2. The company would contract with Kinney County to detain low-risk, minimum security prisoners (primarily illegal aliens and/or smugglers of illegal aliens).
3. Kinney County would receive 7% of the gross revenue generated by prisoner care fees paid by the U.S. Border Patrol and the U.S. Marshal's Service to the company.

4. The Detention Center WOULD NOT be a prison, but would be a safe, secure facility in which to detain pre-trial; low risk prisoners until they could be processed, tried, and sentenced in federal court.

5. The Detention Center would provide jobs for local citizens who desire employment. Some of the jobs available would be as follows: Secretarial positions, jail guards, maintenance men, cooks, etc.

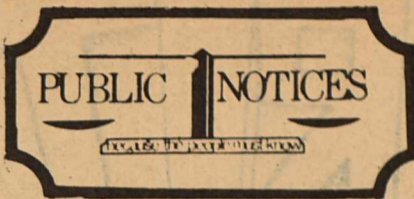

6. The Detention Center would be located in rural Kinney County far from homes and several miles outside Brackettville.

7. The estimated annual payroll to employees of the facility would be in excess of \$900,000.00.

8. The estimated annual income direct to the county treasury would be \$250,000.00 plus.

9. The project will not cost Kinney County anything, all expenses for construction, operation, and maintenance would be paid for by the owners of the facility.

The above facts are the true ones of the proposal and of course there will be those of you who are opposed to the whole idea. This is your right and I certainly have no problem with accepting that. But let us try and decide this issue with a touch of class and a calm adult attitude. We do not need to become enemies simply because we do not agree with one another. You, the people of Kinney County, will have the opportunity to voice your opinion either FOR or AGAINST the issue on Saturday, September 29th. Regardless of the end results of the vote, we still need to live and work together as friends and neighbors.

PUBLIC NOTICE

The City of Brackettville is accepting applications for the position of Chief of Police and/or Patrolman.

All applicants must be certified or be certified within one year upon temporary assignment. Pay and allowances commensurate with experience and qualifications. Workmans Comp. and Uniform allowance upon employment. Health Insurance, Annual Holidays, Sick Leave upon six months service. Applications available at City Hall, City of Brackettville.

U.S. Army Reserve

There's more to the army Reserve Than Just a part-time job.

If you are 17 or older and looking for a way to make some extra money, gain on-the-job experience, qualify for college financial aid-- or all three--the U.S. Army Reserve may be you answer.

In exchange for attending one weekend training session per month, plus two weeks of annual training each year, you earn a steady part-time income while gaining solid practical experience. It's a pretty good deal for just 38 days of duty a year.

Here are a few examples of available programs. The college-bound student who enlists in high priority units can look forward to up to 4,000 in tuition assistance which can be applied to any accredited two-or four year college program or vocational school. Yet another program could help the college student earn upwards of 14,000 by enrolling in the Army Reserve's Simultaneous Membership Program (SMP)- that is, joining both the Army Reserve and Army Senior ROTC. In addition to the education bonus, you will receive Army Reserve pay at the higher officer trainee scale and an Army Senior ROTC allowance.

Tiger Times
 Editor: Pat Rodriguez
 Sponsor: Ronald Kelly
 Staff: Beth Bowlin, Benjamin Benacci, Alma DeHoyos, Kay Dimery, Walter Dyer, Margaret Gomez, Jesusita Lopez, Jesse Perez, Bea Reyes, Francis Rodriguez, Susana Terrazas, Ana Rodledo, Henry Schwandner.

The Tiger times is a cooperative effort of the Brackettville High School Journalism class and the Kinney Cavalryman.

College students may also qualify for a government-financed student loan forgiveness program. For each year of Reserve Service, the government will repay the lending institution 15% of the loan or \$500, whichever is greater, plus interest on the balance.

High school graduates who join certain high priority Army Reserve units may qualify for a bonus of \$1,500 or \$2,000.

In addition, membership in the Army Reserve can provide you a full-time summer job for consecutive years. This opportunity, called Split Training allows enlisting students to "split" their required 16 weeks of preliminary training-basic and advance individual-training into two summer of eight weeks each, with good pay.

For more information contact your local Army Reserve unit listed in the White Pages under "U.S. Government."

Susana Terrazas

JONES ELEMENTARY

NOTES

The first PTA meeting of the year was held on Tuesday, September 11. New officers were appointed after the meeting.

Mr. Hector Jiminez is the new president. Serving as vice-president will be Mrs. Joy Ralston. The secretary for the coming year will be Blasa Flores.

During the meeting, Mr. Mc Call and Mr. Wills discussed House Bill 246 and Chapter 75. After the discussion, questions were asked and parents were urged to contact faculty members in case of problems caused by the legislation.

FROM MR. McCALL:

School pictures will be taken on Monday, October 8. Senior group photographs will be made on the same day.

Seniors who did not have their studio pictures made this summer should plan to have those taken. The Picture Place in Del Rio will be ready to do so on Saturday, September 29.

NATIONAL HONOR

SOCIETY NEWS

Mrs. Martha Bunsen is the National Honor Society sponsor. There are twelve members. They are Ethel Arrant, Rosie Esparza, Juan Lozano, Rita Diaz, Andy Malinousky, Patsy Sandoval, Nakai Breen, Mark Frerich, Grace Hernandez, Shawn Ralston, Ana Robledo, and Rhea Slaughter.

These students were invited to join the National Honor Society, as they had to have attained a minimum Grade Point Average of 87. These students who have reached this academic level are given to a faculty committee who then select the students that meet the criteria for leadership, character, and service.

The changes in academic standard of the new rules will have little affect on students already working at this level of excellence. Members have special feeling of pride because their service to school and community, their development of character, their potential for leadership, as well as their academic standing has given them this honor.

There will be an invitation for parents, in honor of their child's academic achievement. This invitation will be given in late September.

HIGH SCHOOL TWIRLERS

The high school twirlers this year are : Robin Moore, Frances Sandoval and Sandra Green.

Robin Moore is a sophomore at Brackettville High. She has been a high school twirler for two years.

The other two twirlers are Frances Sandoval and Sandra Green, they are both Freshmen. This is their first year being high school twirlers.

The twirlers practices every evening for football games. They put routines together and they try to get it to profecion in marching.

The twirlers have Twirling Contest coming up on October 6th.

By: Kay Dimery

**ENFORCERS DIG IN
AS OFFENSE JELLS
LATE**

The new Tiger offense jelled late as the Rocksprings Angoras defeated the Tigers 12-6 in Rocksprings. The Angoras scored all their points in the first half from the halfback position. Brackett scored in the second half when Walter Dyer ran 12 yards to score. The Tiger defense did a gritty job early in the game when Rocksprings had numerous opportunities. Coach Cliff Baker did say that "we were effective when we got outside and the Tigers never gave up."

Brackettville faces Hueces Canyon this Friday in the Tiger Den at 8:00 p.m. The Panther offense is directed by a sophomore quaterback Ricky Sifuentes, who coach Baker said the Tigers must contain .

**C & L'S MINIMAX, INC.
SUPPORTS THE TIGERS**

Editorial

We would like to give C&L Minimax and O'Rourke Realty a great big thank you for their support of our pages in the Cavalryman. Our journalism class and some students at Brackettville High School and Junior High School know that a newspaper run well or not at all through its advertisers.

Mr. McCall shared some more thank you information with us. We have a new basketball scoreboard in the gymnasium. It was donated by General Beverages of Texas, Inc. This company has been very supportive of our school system-Brackettville ISD. The efforts of John "Jay" Jouriqi, special events and advertising representative for the company deserve special recognition for this service.

Pat R.

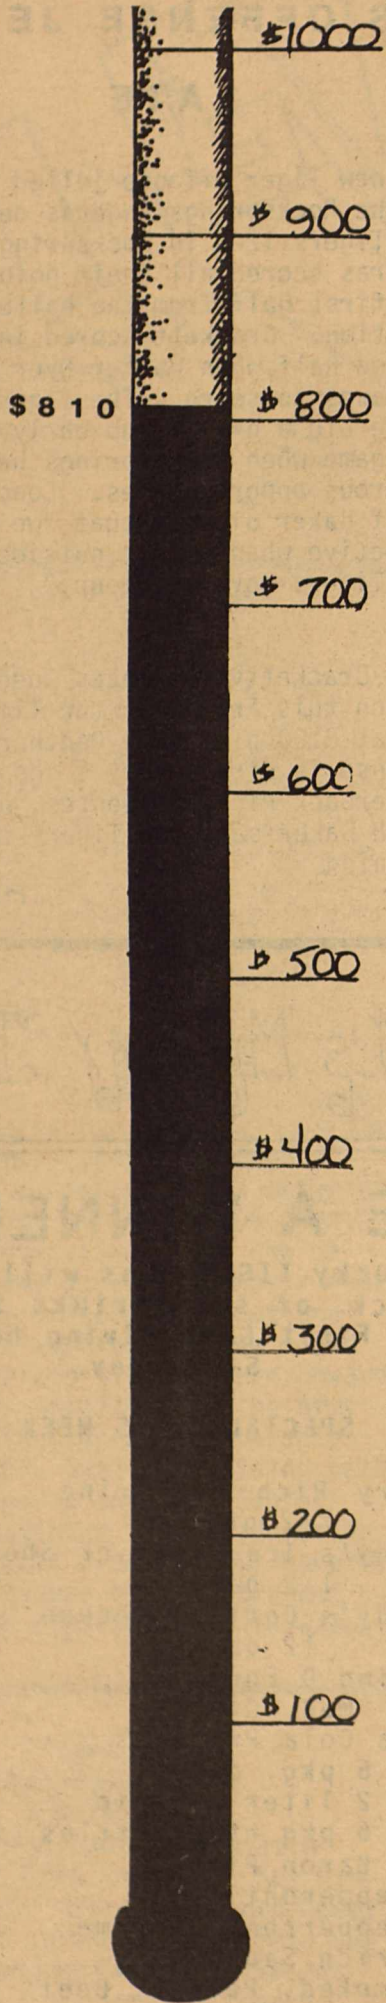

TIGER SPOTLIGHT

This weeks spotlight shines upon two Tiger athletes that will be talked about throughout the season. These athletes are seniors Roger Brown and David Benites.

Both David and Roger are favorite receivers of Senior quarter back Walter Dyer(5'11, 160 pounds). David plays at 5'7", 138 pounds and has good concentration when catching the ball, according to the statistics. He is also known for his hitting abilities on defense. His parents are Jovita and Pedro Benites. David plans on going to college and getting into the game warden.

Roger Brown plays tight end on offense. Coach Steve Voissem has worked hard with the ends such as Roger Brown, teaching them how to run their routes and how to ignore the distractors and concentrate on catching the ball. Roger has good speed and has good jumping ability. At 6'1" and 160 pounds, Speed and jumping ability will help the Tigers down around the goalline. His mother is Mary Dixon. Roger does plan to go to college somewhere and hopefully stay in athletics.

KINNEY CAVALRYMAN LIBRARY VIDEO FUND

CAVALRYMAN SPONSORING FUND FOR VIDEO CENTER AT LIBRARY by GEORGE LOOS/EDITOR

The library needs approximately \$1000.00 for a video tape player and a video monitor.

Each week the Cavalryman will print the names of contributors--until our final goal is reached!

We hope to get responses from: Businesses, services, clubs and individuals.

Send your contributions to: The Kinney Cavalryman Drawer CQ Brackettville, TX 78832

or call 563-2696 and Crystal or I will be glad to pick them up.

ELECTION OF OFFICERS

The Brackettville Fire Ladies Auxillary held an election of officers at city hall, August 29, 1984.

Officers elected were:

- Pamela Ricks - President
- Gladys Hall - Vice Pres.
- Mary Jane Jaso - Secretary
- Kathy Mieare - Treasurer
- Sylvia Garcia - Asst. Sec.

and Captain of the Raacing Team.

The ladies are to have teams for pumper races. These races will be held at the Winter Garden Fireman's Convention, Sunday September 23, in Del Rio.

LIBRARY NOTES

CHAROLETTE COREY.

With October being the library's new fiscal year the patrons of our community may like to make some suggestions for magazines to be subscribed to during the 84-85 fiscal year.

I appreciate those of you who responded to suggesting titles for purchase in LARGE PRINT. This made the order through San Antonio Major Resource Center (federal money) a lot easier.

There have been suggestions for college classes to be held at the library. If anyone has a particular subject preference would you please contact the librarian (563-2884) because plans are tentatively being made for January 1985.

PERSONAL POINTERS

Today's Approach to Hairstyling

The natural look is "in" and the "finished" look is gone, say some of the country's leading hair stylists.

Today's hair fashions are very modern, very natural, according to the stylists.

The approach is different because it puts together the hair, the face, body and life-style. The result is hairstyles that work for every day.

This is a drastic change from the days when hair was molded into a style and most people came into salons several times a week to have their hair put back into place.

One of today's popular techniques is basically a hands-only method. Wet hair is dried at the roots, using a diffused blow-drying method. The hair is "scrunched" with

the hands as it's dried, eliminating the need for curlers and irons.

The look achieved with these methods is one where the hair actually looks as though it grows out of the head--that's what natural is.

To obtain this beautiful, no-fuss look, many women are using hair care products formulated to "turn up the volume in their hair," like Agree Shampoo and Agree Conditioner. Such products leave hair clean and full of natural body.

This beautiful, full, volume look goes perfectly with today's fluffy, feminine dresses and dramatic jewelry. Best of all, once the hair is well-cut, it takes only a few minutes from shampoo to finish.

THEATRE

UVALDE --- "Peter and the Wolf," a Russian folk tale set to music by Sergei Prokofiev, will be performed by David Syrotiak's National Marionette Theatre on Sunday, Sept. 23, at 2:30 p. m. in the Grand Opera House in downtown Uvalde. The 55-minute musical production is sponsored by the Uvalde Arts Council.

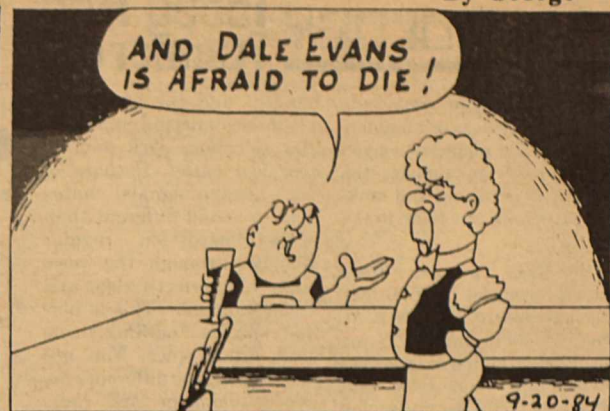

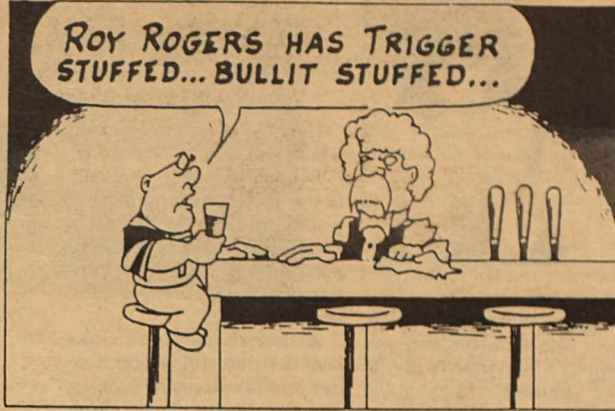

The National Marionette Theatre, based in Hartford, Connecticut, has won numerous awards, including a citation for excellence in the field of adult puppetry from the Union International de la Marionette. The group tours coast to coast each season and will tour in Yugoslavia, France, and England during the coming season.

Tickets are now on sale at the Opera House Box Office for \$5.00 each. For more information, the box office phone number is 1-278-4082

"Penny and penny, laid up, will be many." Thomas Fuller

PHROG

By George

Good News Department

Many communities save their taxpayers money by using a series of holding lagoons lined with Hot Mix Asphalt to treat sewage by aeration. This saves them the expense of a \$500,000 tertiary treatment facility and associated costly chemicals.

Asphalt is also used as a liner for landfills. It's not porous like clay and, unlike fabrics, is relatively puncture-proof.

Examples of major landfills lined with Hot Mix Asphalt can be found in Pennsylvania. It has been used extensively there for more than ten years. According to the National Asphalt Pavement Association, no other material can match the unique combination of its properties in strength, durability, flexibility, resistance to many hazardous materials and pollutants, and its impermeability.

National Cancer Institute Office of Cancer Communications

Some Important News

You can help yourself live longer if you're wise to the risk factors that cause cancer. Medical experts at the National Cancer Institute report you can reduce cancer risks by following these steps:

- Don't smoke or use tobacco products. Smoking of any kind causes cancer and increases risks from other cancer-causing agents.

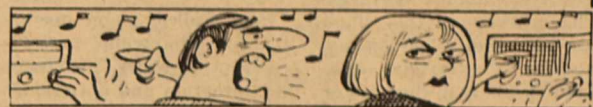

- Vary your diet to include low-fat foods that are low in calories, too. Include fresh fruits and vegetables and whole grain breads and cereals in your diet.
- Avoid excess sunlight. Wear protective clothing and use sunscreens.
- Avoid X-rays unless your doctor or dentist says they're necessary. Even then, ask for shields to protect the other parts of your body.

Free Booklet

For a free booklet about reducing cancer risks, call the Cancer Information Service toll-free at 1-800-4-CANCER, or write Best News, Cancer Prevention, National Cancer Institute, Bldg. 31, Rm. 10A18, Bethesda, MD 20205.

TECHNOLOGY Today And Tomorrow

Ring out the old, ring in the new with cordless telephones.

A cordless phone gives you freedom of movement—the flexibility of taking and making calls from any room in the house.

Cordless phones have ranges from 50 to 1500 feet. For example, AT&T's NOMAD models 4000 and 8000 are good for extended outdoor use away from their base unit with their 1500-foot range and intercom/paging features. The convenience this offers can be a major help in any number of everyday situations: working in the yard or on the car; anything that normally takes you away from the phone.

Cordless phones work on radio signals between the

handset and the base unit, which is connected to a modular telephone jack and an electrical outlet. Because of these radio signals, voices tend to sound different than when heard on regular phones, although the voice quality is perfectly clear and understandable. This is normal and has nothing to do with interference. You are just hearing the difference between telephone and radio transmissions.

Your cordless phone operates on rechargeable nickel cadmium batteries. For the best reception and optimum range you should always keep your handset battery fully recharged. With proper care the batteries in your cordless phone should last for years.

In selecting the right cordless phone for your home, the important thing is to first decide what features you are looking for—from pocket sized handset to memory dialer and a built-in AM/FM clock radio. NOMAD cordless phones are available at leading retail stores and at AT&T-owned Phone Centers.

For more information on cordless phones, write to Susan Ames, AT&T Home Consultant, P.O. Box 2763, Grand Central Station, New York, N.Y. 10017.

MAKING FAMILY LIFE MORE FUN

An Ideal Menu Choice For Your Family Celebration

Here's a barbecue idea which will appeal to men!

Let dad prepare a beef barbecue in the backyard for a wonderful and memorable meal. He will welcome the opportunity to share his culinary skills with the rest of the family.

A slow charcoal fire cooks beef to its most flavorful, tender and juicy best by cooking at low to moderate temperatures. Beef easily picks up the smoky barbecue flavor to enhance its own flavorful taste. Some like their beef unadorned, but other outdoor cooks add flavor variety with marinades, sauces, wood chips or chunks.

The whole family will enjoy the following recipe.

least once. Drain marinade from steak; and reserve. Broil steak over medium coals 10 to 15 minutes, to doneness desired (rare or medium); turn once. Meanwhile, cook onion in butter in frying pan until soft. Stir in 1/4 cup reserved marinade; cook 4 to 5 minutes. Carve steak into thin slices. Serve with

onion. 5 to 6 servings. More creative cookout ideas can be found in a booklet called: "American Beef Cookouts." For a copy, send your name and address and 75 cents to the Meat Board Test Kitchens & Beef Industry Council, 444 North Michigan Avenue, Chicago, Illinois 60611.

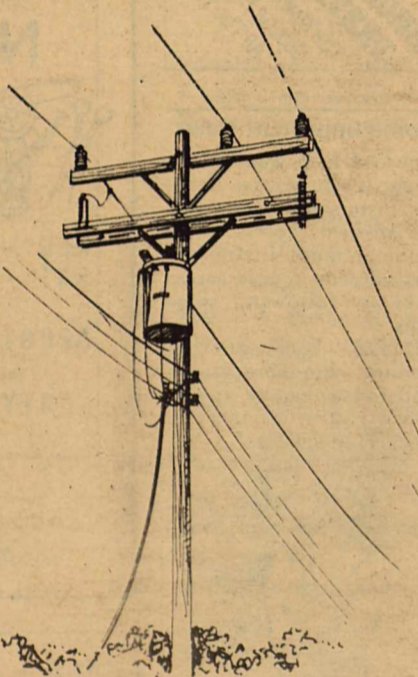

Stay alert and stay clear—

AVOID POWER LINES

Putting up the antenna for your TV set or for the base station of your CB radio can be dangerous unless you take certain precautions.

Plan the project carefully if you install the antenna yourself. First, know where all the power lines are—then stay well away from them. Any contact between a power line and you or your antenna can be serious.

Make sure you locate your antenna (including the supporting mast and guy wires) at least one and a half times its total height from all power lines. For example, an antenna 30 feet high should be 45 feet away from power lines in all directions.

Don't use a ladder near power lines—during an antenna installation or while performing any other task. The danger from using a metal ladder is obvious. But a wooden ladder can conduct electricity, too, if it's damp or if it has dirt or paint on it.

Electricity brings a more comfortable life to all of us, but it must be treated cautiously. Stay alert—and stay clear of power lines!

CENTRAL POWER AND LIGHT COMPANY

	1 1/2 inches	low-med.	28 to 35 min	26 to 30 min

**The timetable is based on the surface of the beef being four inches from the coals.

WATER facts & figures

One of the greatest bargains in history is drinking water. On average, Americans pay \$1.03 for 1,000 gallons delivered 24 hours a day to their homes and places of business.

A healthy family of four only needs to consume about 700 gallons a year, which is a little more than two quarts a day per person, reports the American Water Works Association. The typical American family, however uses more than 90,000 gallons a year.

Don't waste water. A single lawn sprinkler spraying only five gallons per minute uses 50 percent more water in just one hour than a combination of ten toilet flushes, two five-minute showers, two dishwasher loads and a full washer load of clothes.

Protecting Our Environment

Are you in the swim when it comes to saving water? These five easy-to-do tips from the American Water Works Association will help you stop wasting water.

1. At least twice a year check every faucet for leaks. A single slow drip can waste 15 or 20 gallons a day.
 2. Check all toilet tanks, which can silently leak 100 gallons or more daily through faulty fixtures.
 3. Don't shower too long or fill the tub too full. Five minutes for showers and five inches for tubs is plenty.
 4. Only use automatic dish and clothes washers when they have full loads.
 5. Water lawns and gardens with good sense, neither too much nor too little.
- Water is one of our most precious resources. Don't waste it.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 6, 1984

**PROPOSITION NO. 1
ON THE BALLOT**

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

**PROPOSITION NO. 2
ON THE BALLOT**

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (20% for The University of Texas System and 1/3 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

**PROPOSITION NO. 3
ON THE BALLOT**

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

**PROPOSITION NO. 4
ON THE BALLOT**

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

**PROPOSITION NO. 5
ON THE BALLOT**

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

**PROPOSITION NO. 6
ON THE BALLOT**

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

**PROPOSITION NO. 7
ON THE BALLOT**

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

**PROPOSITION NO. 8
ON THE BALLOT**

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.
