## CACTUS JACK FESTIVAL

### THE OLD QUARRY SOCIETY PRESENT NEW PLAY

The Old Quarry Society For The Performing Arts will present the Del Rio Iltagers in "The Shakey Tale of Doctor Jakey" on Saturday, October 18, 8:00 pm at the Old Quarry Amphitheatre.

Director Sharon Roberts has released the cast of the comedymelodrama. The pivotal role of the announcer will be played by Del Rio newcomer Saxon Staaz.

This lively comedy revolves around a medicine show led by Doctor Jakey. Kim Bob McMillan will play Dr. Jakey and will be assisted by Mike Mortenson as David Darling and Doug Wilson as Adolph Schultz.

The rest of the medicine troupe includes Lee Roberts as Big Abner, Mozelle Vickers as Rhonda, Sharon Roiberts as Sheri, and Wanda Humada and Linda Juarez as Dr. Jakey's Jiggletts.

The townspeople are led by Mayor Theophilus X. Hide played by Wayne Hyde. The mayor's daughter, Formalda, is played by Gloria Culpepper.

The town doctor, Hooza Fraidy, will be played by Liz Miller and her daughter, Ima Fraidy, will be played by Maria Gutierrez.

The town gossip is Mrs. Yaksalotsky played by Kathy Dorsey and the long arm of the law will be played by Bobby McElrath.

Adults, \$3.00. THE PUBLIC IS INVITED TO ATTEND. If the weather is bad, the production will be held at Town Hall.

### BRACKETT SCHOOL OFFERS SATELLITE ADULT PROGRAMS

Brackett Independent School District's TI-IN Satellite Network feed-in is prepared to help area residents in a number of ways during the months of October and November. Two and three hour presentations on financial management stressing the new tax code, helping students by helping parents raise grades and provide other successes, gymnastics, and computers in the office are scheduled. Interested community members ±parents and non-parents<sup>2</sup> may let the school office know which session they plan to attend, or be present for the sessions listed below which are scheduled in the high school library.

October 20, 6 - 8 pm, Managing your Finances in a New Environment, October 22, 6 - 9 pm, Computerizing Your Office: Spreadsheets, October 29, 6 - 8 pm, Gymnastics: Perfect Ten The Karolyi Way, November 4, 7 - 9 pm, Helping Your Child Become a Better Student: Time Management, Study Skills and Much, Much More.

### HOLE IN ONE AT FORT CLARK GOLF COURSE

Tom Linton made a hole in one on the number two hole at Fort Clark golf course with a number five iron. Mr. Linton was playing golf with his wife and a friend who witnessed the hole in one.

### FESTIVAL EVENTS 'COME TOGETHER'

Activites are "starting to come together" for the 11th annual Cactus Jack Festival with popular traditional events and exciting new contests to premiere, festival Coordinator Bill Dillahunty said Monday.

"Everything is shaping up real good. We're expecting big crowds and lots of fund," he said of the events that will be held Oct. 10-12.

Dillahunty noted the festival will be held for the first time in October, a change from past observances in June, saying he hopes the fall activities will spur attendance "because it will be cooler and not on vacation.

New events to appear this year include bicycle races of two miles and 10 kilometers and a cow chip toss along with the traditional parade, musical entertainment, barbecue cookoff and rodeo.

Pre-festival activities include a dance on Oct. 10 at the Civic Center that will feature La Sombra, a musical group from Chicago, and the Montana Band featuring Ram Herrera. Tickets are \$10 presale and \$12 at the door.

Featured entertainment for the festival will be a concert and dance starring Gary Morris at the Purple Sage on Oct. 11. Tickets are \$12.50 with all tickets available at the Uvalde Chamber of Commerce office.

Festival activities will unfurl at 9 a.m. on Oct. 11

**DUDLEY HARRISON STATE REPRESENTATIVE FILES BILL**

Austin--State Representative Dudley Harrison, D-Sanderson, played a big role in the recent special sessions of the legislature. As a member of the Appropriations Committee, he was able to guard against cuts in the Agriculture Department and to keep Sul Ross cuts down to a minimum. Representative Harrison also filed and passed H.B. 81, a bill to raise the state highway speed limits, and he was appointed to serve on the Joint Committee on Liability Insurance and Tort Law and Procedure by the Speaker of the House.

While the average cut in Higher Education was 10.7%, Representative Harrison fought to keep Sul Ross's appropriations intact. Sul Ross loss only 3.1% of it's appropriated funds for fiscal year 1987.

Representative Harrison attended the Conference Committee meetings in order to keep close tabs on the cuts in the Agriculture Department, of which he is Chairman for Budget and Oversight for the Agriculture and Livestock Committee. The U.S. Congress will soon be passing a bill to allow states to raise their speed limits to 65 miles per hour in some rural areas. Texas, thanks to Representative Harrison, will automatically raise the speed limit when Congress enacts this bill.

**PUBLIC NOTICE**

City of Brackettville and Kinney County will be accepting applications for Middle Rio Grande work experience program. Applicants must be 16 years of age or older to qualify. Applications are available at City Hall and the Judges Office at the court house.

Snakes have an "egg" tooth which they use to hatch out of their shells. This tooth falls off shortly after hatching.

**SHERIFF'S CORNER**

**NORMAN HOOTEN**  
**SHERIFF**

This week's column will be primarily a summary of the activities of the Sheriff's Department for the past fiscal year 1985-86<sup>2</sup> which ended on September 30th. I will summarize crimes reported versus crimes cleared by arrest, value of stolen property versus value of stolen property recovered, and give a brief breakdown on income received by the Sheriff's Department for prisoner care fees and the cost of feeding the prisoners. Total operational costs are not available at this time as I will have to wait until the annual audit is complete before these cost are tabulated.

NOTE; It is believed by investigators that all stolen autos were taken by illegal aliens. This belief is caused by evidence at the scenes of the crimes and the Method of Operation used by the car thieves and the fact that most of the stolen cars were recovered abandoned in the interior of Texas on highways commonly used by illegal aliens. Of the four vehicles that have not been recovered as of this date, one has been located in Mexico and we have not been able to breach the tangled web of red tape caused by Mexican authorities. The other three unrecovered vehicles have not been located.

I recently compiled a report for the U.S. Border Patrol on crimes committed in Kinney County since January 1, 1985 that have been directly linked to illegal aliens. In this report it was determined that 41 crimes were involved with a

total value of stolen or damaged property being \$132,506.95. There was a total of \$84,325.00 recovered and only fact that illegal aliens are pouring through our county in such high numbers and are very mobile. They are also extremely hard to identify and most have no prior records in the U.S. or Texas thereby having no identification files on hand with various law enforcement agencies. They hit and run, usually leaving little evidence with which to trace them. As the records show, crim in our county caused by illegal aliens is very expensive and approx. 90% of all few long crimes being committed in our county at this time are being committed by illegal aliens.

I was recently approached by Mr. and Mrs. Dick Lamb, Safety Coordinators with the National Child Safety Council, they presented a program designed

to make parents and children more aware of safety precautions that can be taken to protect our kids. This program will be primarily for children from kindergarden through the 6th grade. Handouts and other material will be provided to children of those ages later this year as soon as the printing is completed. I will coordinate this with school officials. This program would not have been possible without the generous donations of the following citizens and businesses: First State Bank of Brackettville, B & S Grocery, C & L Minimax, Burger & Shake, Alamo Village, The News-Post, Frontier Gallery, Sagebrush Shoppe, Southwestern Communications, Dennis Slubar, Ft. Clark Springs, Kinney

County Land Company, and Rio Grande Electric Coop.

We should all be thankful these citizens have shown their desire to join with me in a program that will better educate our youngsters in safety habits and information that may prevent injury, death, or heartache later on.

The Kinney County Sheriff's Department took in a total of \$197,708.00 in prisoner care fees through the county jail for FY 85-86, the breakdown is as follows: Bureau of Prisons, \$142,828.00, US Marshalls, \$48,244.00, US Border Patrol, \$6,636.00.

There were 28,199 meals served prisoners at the jail at an average cost of 95 cents per meal. I had predicted that we would take in \$204,000.00 in prisoner care fees for FY 85-86 and we would have made it had we not cut down on prisoners during the month of February in order to paint the jail interior and do other repairs.

The FY 86-87 budget for the Sheriff's Department and County Jail, including salaries has been set at \$199,553.34. We have estimated an income generated by prisoner care fees at \$200,000.00. This means that the Sheriff's Department and County Jail is self supported without placing a burden on the taxpayers of this county. Therefore the county can use funds generated by taxes and other sources for other projects.

### Activity Center Dedication

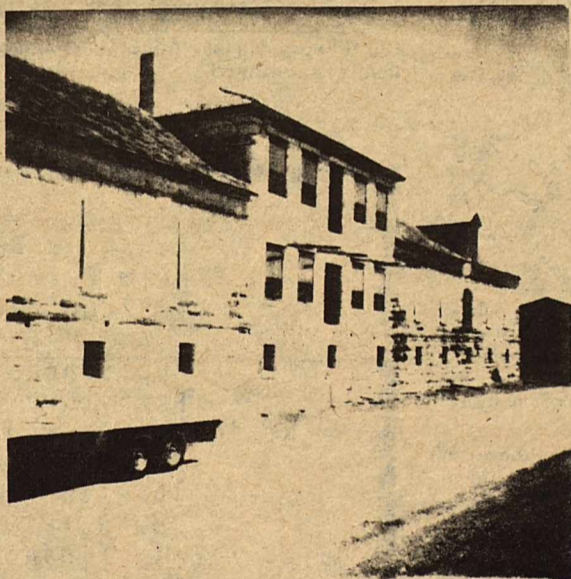

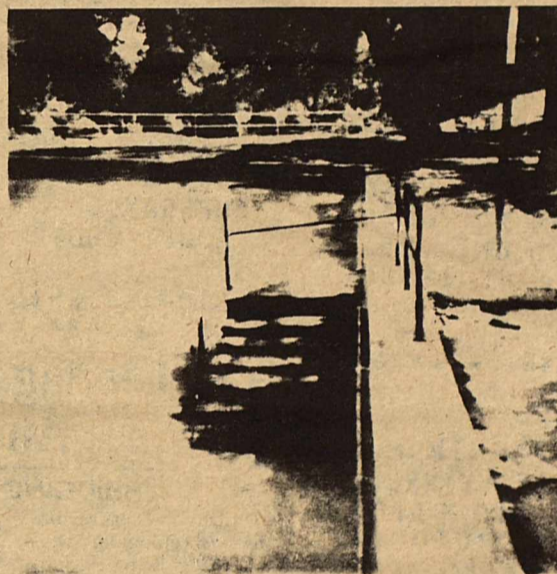

On August 23rd at 4:00 p.m. an official dedication ceremony was held as the permanent plaque was unveiled designating the NAT MENDELSON ACTIVITY CENTER. Nat's daughter, Janie, granddaughter Mirra and Board President, Ralph Beard did the official unveiling. Also on hand were Janie's husband Marc and Shirley Ward from North American Towns.

Our youth program this summer at the Activity Center was very successful. We saw an average of 35 children in attendance daily. Since the major work involving the building has been completed we will be concentrating on expanding our recreational games and equipment and the landscaping of the area for total involvement.

Winter hours at the Activity Center are Friday and Saturday 5-11 p.m. Sunday afternoon from 1-4 p.m.

### FLASH!! New Steps at Pool

A new addition of steps in the shallow end of the pool next to the dividing wall has been well received. This addition has made it possible for some to enjoy swimming who have difficulty using the pool ladders. Remember our water temperature in the pool is constant so swimming in the Fall is just as enjoyable as the summer for most.

### COMMISSARY GALLERY

As you can see from the picture above, work has begun on Phase II of the Commissary project. The Gallery should be completely restored by Thanksgiving. This project will certainly enhance the exterior of the Commissary and hopefully encourage others with this conservation project. Funds which were donated to the Historical Society for the restoration project have been received by the Association and will be used during this phase. Your continued support will insure that a timely progression can be made to one day see this remarkable building completely functional.

**Teenagers And Nutrition**

**BRIDGING THE GAP**

American teenagers find themselves coping daily with the trials of growing up, doing well in school and merely being accepted by their peers. Small wonder, then, that good nutrition is very low on their list of priorities.

Nutritional deficiency in teens has become prevalent enough to cause concern among health professionals. The statistics speak for themselves; as much as one-third of the teenage population is not getting enough of at least two nutrients such as vitamins A, B6, calcium and iron in their diets.

Teenagers' nutritional needs increase between the ages of 11 and 20. Teenage boys experience a rapid growth spurt during this time, increasing their need for certain nutrients. For teenage girls, the onset of menarche changes nutritional needs, especially for calcium and iron.

Often, these increased needs aren't met. Studies show that as many as one-third of adolescent girls are on weight-reducing diets at any given time, and that many of these diets contain improper amounts of protein and other essential nutrients. When they are not trying to lose weight, teen-

agers' diets often include high-calorie/low-nutrient-density foods such as desserts, sugared sodas, fats and oils, that are also nutritionally deficient.

Drug and alcohol abuse can also contribute to nutritional deficiency in teens. Most teenagers know about the dangers of addiction and overdose; what they may not know is that drugs, cigarettes and alcohol interfere with the body's nutrient absorption.

Health professionals recommend teenagers get more exercise (since today's teenagers are much more sedentary than in the past) and develop increased awareness of the daily nutritional needs of a healthy, growing body. A balanced vitamin/mineral supplement may also be a wise consideration to make sure that requirements for vitamins and minerals are met.

**SOUTH TEXAS REGIONAL BLOOD BANK**

Brackett High School will sponsor a blood drive Tuesday, October 14 from 2 to 6 p.m. The community is urged to join high school students in giving blood to help patients in neighboring south Texas hospitals.

All types of blood are needed, but type O blood donors are especially in demand at this time. Type O is the most common blood, and is therefore used the most for treating hospital patients.

Blood collected in Brackettville is taken to the South Texas Regional Blood Bank in San Antonio for extensive testing and processing. It is then returned to community hospitals as needed for patients.

The Brackett High School blood drive will be held in the home economics cottage from 2 to 6 p.m. Donors should be between the ages of 18 and 66, in good general health, and weigh at least 110 pounds (17-year-olds may also donate with written parental consent). Call Mary Schermerhorn, 563-2491, for more information.
