the Kinney Cavalryman

VOL. 14 NO. 36 SEPTEMBER 10, 1987 BRACKETTVILLE, TEXAS

EARLIER OPENING DESIRED FOR KICKAPOO CAVERNS

CHAMBER TO ISSUE PETITION

The Chamber of Commerce has joined with the Edwards County Chamber of Commerce to "push" the opening of Kickapoo Caverns and Devils Sink Hole State Parks. The Edwards Chamber is securing a petition with signatures of citizens asking the state to speed up the development and opening of these parks, the Brackettville Chamber will do the same. These

documents will be mailed to Lt. Gov. Bill Hobby and Mr. Edwin L. Cox, Jr., Chairman of the Texas Parks and Wildlife Commission. An estimated minimum of 40,000 visitors a year can be expected, this can only stimulate the economy in this area.

The Chamber will make an announcement when the petition is ready for signatures.

B.I.S.D. TRUSTEES SET TAX RATE

In a special meeting on August 21, 1987, the Brackett Independent School District trustees set the school tax rate for 1987-88 at .83 per \$100 of valuation. Superintendent Bob McCall stated that several factors contributed to the increase. The state now gives aid to the schools in categories. If you have more vocational, or special education money than you need, you can no longer use that money in other areas. Also, there are increasing limitations on the use of state compensatory money.

Another factor is the increasing cost of mandated state programs without a corresponding increase in state revenue. School districts must increase teacher's salaries by about 5% to 6% per year. The state no longer funds sick leave, but the Texas Education Agency (TEA) requires at least five sick leave days per teacher. Prekindergarten is required for students who are disadvantaged, or are limited in their use of English. There are just a few of the programs that the local districts do not have a choice about, and which the state does not fund fully, or in some cases, does not fund at all.

The tax increase amounts to less

than three percent overall, and an actual decline in the maintenance and operations last year was .72, this years rate will be .6825. The interest and sinking (bonded debt) rate increased from .069 in 1986-87 to .1475 in 1987-88. Mr. McCall reported that payments on school debt should not level out until the bonds are retired in 1999.

Voting for the tax rate of .83 were Beth Ann Smith, Diane Bravo, Tony Frerich, Jimmy Bader, and Lingo Sandoval. Zack Davis was absent and not voting.

BRACKETT KNIGHTS OF COLUMBUS HOST GOLF TOURNAMENT

Brackettville K.C.'s will be hosting a golf tournament for District 21 at Fort Clark Springs Country Club on Saturday, September 19. Play will begin at 10:00 a.m. with a four-man scramble format. District Warden Eugene Jankowski from Del Rio is the tournament chairman.

Pictured above is Texas A & M Graduate Brenda Foust Weathers and husband Jerry Weathers.

BRENDA FOUST RECEIVES DEGREE

COLLEGE STATION--Brenda L. Foust of Brackettville received a bachelor's degree in sociology at Texas A&M University's 1987 summer commencement exercises.

A total of 1,545 degrees were awarded, including 1,099 bachelor's, 324 master's and 122 doctorates.

1987 TAX RATE ORDINANCE #243

AN ORDINANCE TO SET THE 1987 TAX RATE FOR THE CITY OF BRACKETTVILLE 1987 AD VALOREM TAXES AS REQUIRED BY STATE PROPERTY TAX LAW SECTION 26.04 (e).

WHEREAS, the City Council of the City of Brackettville in conformance to established State laws met and passed the City of Brackettville 1987/1988 Budget; and

WHEREAS, in accordance with Section 26.04 (e) of the State Property Tax Law the City Council has established and set a \$.60 per \$100 Market Value rate for Ad Valorem Taxes to effectively carry out the 1987/1988 Budget; and

WHEREAS, the tax rate established does not exceed the 3% or 8% effective tax rate as outlined in the Statutes; THEREFORE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRACKETTVILLE THAT:

The effective tax rate for the City of Brackettville 1987/1988 Annual Budget be set at \$.60 per \$100 valuation of market value.

READ, APPROVED, and ADOPTED this 28th day of August in the year of our Lord 1987.

Attest: ss/William Mendeke
Mayor

ss/Charles J. Olsen

A few thousand years ago the spot which is now called the White Sands in New Mexico was a lake or an inland sea. When the lake began to dry up gypsum crystals began to form. As more and more evaporation took place more crystals formed and began to pile up in rippling dunes like snow.

There are now 176,000 acres of these alabaster sand dunes from thirty to sixty feet high. They look like sugar, wind blown into drifts like the snow. They are blown into drifts on the average of eight inches a year over a thirty mile front.

Here one sees now and then, white lizards, mice and insects. Until man began to come and go, there were no flies and mosquitoes. I guess they like picnics too.

Although the dunes are called The Great White Sands, they are actually not sand, but gypsum. Ordinary silica sand makes glass when heated. These gypsum crystals, when heated, make plaster of Paris.

Within the White Sands National Monument there are plants that are found nowhere else in the world. The unusual thing about these plants are that the Dunes contain no nitrogen and no one has ever discovered how these plants get nitrogen from the air.

One of the old time residents who lived near the Dunes was riding horseback and came upon a Mexican Carreta sitting all by itself on top of a dune. The wheels, axle, tongue and part of the body, had been preserved under the sand for over fifty years.

Another unsolved mystery of the Dunes were the human footprints found by National Service personnel. The footprints were twenty-two inches long.

The ranchers watering holes and lakes sometimes turn blood red, usually in the fall, but this mystery was solved when scientists discovered an algae that makes its appearance when evaporation has reached a certain stage which turns the water the color of blood.

The white mice of the Sands cause a lot of interest. Dr. Lee Dice of the University of Michigan discovered the white mice in the white sands in the 1920's. Twenty miles north of the Dunes are the

lava beds in which are found black mice.

Mirages use the White Sands as a favorite playground, especially in the old lake bed. This part of the Dunes is dangerous to try to cross even for people who know the country.

There is enough gypsum in the Dunes to furnish the whole world for 60,000 years, but everyone has all the alabaster they need.

Then there is a tragic incident that happened in the dunes. A well known politician and his young son in a horse and wagon drove into the Dunes and were never seen again.

The White Sands are a mystery themselves, and is the only place of its kind in the world, but the sixty-two species of plants that live there are the greatest mystery of them all because they are not supposed to be able to live and grow there.

FT. CLARK SHRINE CLUB NEWS

BY BRUCE CLEMENTS

The Fort Clark Shrine Club Scooters rides again. This time in Boerne at the Kendall County Fair. Saturday, September 5th found Jack and Marge Taunt and Bruce and Dorothea Clements on their way to Boerne to join with other Alzafar Units in the parade.

The day started off as if it was going to be a hectic one. Earlier in the week I had had some welding done on my trailer and in so doing, it had burned the insulation off the light wires, so at 5:00 a.m. as I hooked up to it and turned the lights on I blew all the fuses on the truck. By the time I got the lights burning again on the truck, Jack was here ready to go, so I decided to travel without trailer lights.

We arrived in Boerne and unloaded our scooters and joined the other Shrine Units. As this was a Labor Day Weekend, many of the units, like ours, were small in number of participants, due to members having made other commitments.

Since our unit and the Red Roadsters had only two riders each, we decided to join forces and ride together. This made quite a combination with two white scooters and two red cars intermingling in our maneuvers. We just followed our fearless leader, Col. Jack Taunt. He took us weaving and winding our way down the street without any mishaps. However we had a few near misses.

SEPT. 11 PROCLAIMED "911 DAY" IN TEXAS

Governor Bill Clements has declared September 11, 1987 as "911 Day" in Texas. President Reagan has designated the date as "National 911 Day."

The proclamations are in recognition of individuals who serve their communities as emergency response professionals.

911 is the special three-digit number designated for public use throughout the United States for reporting emergencies or requesting emergency assistance. Where it is in place, 911 gives the public direct access to local public safety officials.

The special day also recognizes the growth of 911 service in Texas.

Thirty-eight Texas cities and counties either have 911 systems in operation or in various stages of implementation. When all are completed, the systems will serve more than one-half of all Texans.

Southwestern Bell Telephone currently provides service for 24 of the systems in Texas; General Telephone provides service to 14 systems.

In 1987, the Texas Legislature mandated that basic 911 service be made available by 1995 in all Texas counties with populations of more than 120,000.

Under the new law, a state 911 Advisory Commission and 24 regional planning commissions have been established in Texas to plan and administer 911 service in those areas where it currently is not available.

Gravel or baking soda in the bottom of your car ashtray can keep cigarettes from smoldering there when they're supposed to be out.

B.I.S.D. BUDGET COMPOSED

Last year local school trustees in 1067 local school districts adopted budgets totaling \$12.2 billion and levied local property taxes totaling \$5 billion. The state provided \$4.8 billion of foundation aid, and the remainder was earned by school lunch, extracurricular fees, federal aid, bond sales, and miscellaneous revenue.

Locally, Brackett Independent School District taxes decreased last year by 1.2% as compared to an 8.2% increase for the average school district in Texas and a 20.7% increase for schools in Education Region 20. These figures come from the latest issue of Benchmarks for 1987-88 school District Budgets in Texas, published by the Texas Research League.

The average salary for school teachers in Brackett Independent School District was \$22,502 compared to a Region 20 average of \$25,042 and a state average of \$24,487. Administrators in Brackett Independent School District average \$33,836 compared to \$40,585 in the Region 20 area and \$39,965 state-wide. Support personnel for Brackett Independent School District averaged \$20,970 versus \$30,178 in Region and \$28,982 for the state. The teacher-student ratio in Region 20 17.8:1 and state-wide 17.4:1. In Brackett Independent School District the ratio was one teacher for every 13.1 pupils (13.1:1)

The average tax rate for the state was .793 per \$100 valuation based on property appraised at 93.8% of market value. The tax rate in Brackett Independent School District was .79 based upon property appraised at 82% of market. Thus the true tax rate (.793 x 93.8%) for the state was 743 per \$100, while the true tax rate for Brackett Independent School District (.79 x 82%) was 648 per \$100. Brackett Independent School District spends \$3,580.71 per students with \$179.99 per child for debt service, and \$403.14 for capitol outlay. Corresponding state figures are \$3,088.13 per student, and \$280.76 for debt service and \$464.56 for capital outlay.

The future of public education funding in Texas is bleak. There are no new state monies allocated for education so teacher pay raises and instructional material costs will have to be funded by local property taxes. Most school financial advisors project a minimum tax rate increase of 6% per year through 1991.

"ALERT"

BY JIM MATTOX

ATTORNEY GENERAL

ABUSE OF THE ELDERLY: A SERIOUS AND GROWING PROBLEM

Investigations into abuse of the elderly by the Texas Department of Human Services have risen by more than 150% since 1983. DHS estimates that at least 110,000

incidents of elder abuse occur every year in Texas, many of which go unreported.

The U.S. Census reported 1.9 million Texans age 60 or older in 1980 and projects 2.4 million by 1990 and more than 3 million by the year 2000. Abuse of the elderly will undoubtedly increase as well, unless we do something about it.

KINDS OF ABUSE

The elderly can be abused by their children or other family members and they can be abused by caretakers including nursing home personnel.

Abuse takes many forms: it can be psychological or physical; it can range from neglect of basic dietary needs to sexual assault.

Evidence of psychological abuse is hard for untrained observers to recognize. But many warning signs of physical abuse, neglect and sexual abuse are visible and apparent.

Frequent injuries, burns, bruises in unusual patterns, or passive and withdrawn behavior are warning signs of physical abuse.

Obvious weight loss, lack of personal cleanliness, dirty or torn clothes, and obvious fatigue and listlessness are warning signs of neglect.

Evidence of injury to the genital area, difficulty in sitting or walking, or physical signs of sexually transmitted diseases are warning signs of sexual abuse.

Texas law requires any person who has reasonable cause to believe an elderly or disabled person has been abused to report it to the Department of Human Services.

CONT. ON PAGE 8

PUBLIC NOTICE

PUBLIC HEARING

There will be a Public Hearing concerning the preparation and submission of an application by Kinney County to the Texas Department of Community Affairs for a grant under the Texas Community Development Program. The agenda for the hearing is as follows:

1. Sign In.
2. Explanation of legal and possible uses of grant funds and the maximum amount of grant that may be anticipated.
3. Statement as to competitive nature of application and potentials for an award.
4. Statements and questions from public as to desired use of such grant funds, if a grant is awarded.
5. Adjourn.

The Public Hearing will be held in the Commissioner's Court Room of the County Court House in Brackettville, Texas at 9:30 a.m. on September 14, 1987.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1987

PROPOSITION NO. 1
ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2
ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3
ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4
ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivi-

sion seeking such funding sources.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5
ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6
ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the

issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 7
ON THE BALLOT

Senate Joint Resolution 55 proposes a constitutional amendment to authorize the legislature to provide for the issuance of \$400 million in general obligation bonds to be used for loans to local governments for acquisition, construction, repair, renovation, and equipment of public facilities or for grants to local governments for planning public facilities. The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8
ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to corrections institutions and mental health and mental retardation facilities."

PROPOSITION NO. 9
ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not

receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10
ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11
ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12
ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting spouses to hold community property with right of survivorship."

CONT'D ON NEXT PAGE

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1987

PROPOSITION NO. 13
ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14
ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15
ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16
ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17
ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18
ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19
ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government,

and to make appropriate grants for such undertakings."

PROPOSITION NO. 20
ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21
ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22
ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23
ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also

authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24
ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25
ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENTS
FOR REFERENDUM #1 & 2

CONT'D ON PG. 8

STATEMENTS

CONT'D FROM PG. 7

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1987

**EXPLANATORY STATEMENT
FOR STATEWIDE
REFERENDUM NO. 1**

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

**EXPLANATORY STATEMENT
FOR STATEWIDE
REFERENDUM NO. 2**

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

VIDEO VIEWER

BY RORY WOODSON

Hi!

This week I got to watch "Light of Day" starring Michael J. Fox and Joan Jett.

This was a good movie, although there could have been improvements. For one, Joan Jett needs a little more practice at being an actress! Michael, on the other hand, was quite good in his first serious role.

The movie is about a family torn apart by the Generation Gap. Mike and Joan play brother and sister. Joan portrays a rebellious rock and roll star who can't seem to get along with her parents. Michael acts as a go-between; trying to keep the family together.

Another movie I watched was "Dead of Winter" starring Roddy McDowell and Mary Steenburgen. This was a very good movie with good acting on both Roddy and Mary's parts. It's a good who-dunnit type mystery.

Mary plays three different roles in the movie.

Another movie I got to watch was the animated adventures of Feivel Mouskowitz in Steven Spielberg's "An American Tail". This one was as good as most Walt Disney Productions. I recommend this one for viewers of all ages.

Until next week, Happy Viewing!

is immune from civil or criminal liability;

- * an elderly person may request protective services;
- * district courts can issue orders for emergency protection services for 72 hours, which may be renewed for another 72 hours.

HOW TO REPORT

If you know of a case of abuse, exploitation or neglect of an elderly Texan, report it to your nearest office of the Department of Human Services. If you cannot make the report during normal working hours (Mon. - Fri. 8 a.m. - 5 p.m.), call the 24-Hour Abuse Hotline: 1/800-252-5400 or the Nursing Home Hotline (if it occurred in a nursing home): 1/800-252-9106.

If you want more information, write for the Texas Attorney General's brochure, "Abuse of the Elderly." Send a stamped, self-addressed envelope to: Jim Mattox, P.O. Box 12548, Austin, Texas 78711.

HERE'S TO YOUR HEALTH - CERVICAL CANCER

PART 1 OF 2

Cancer of the cervix is usually preceded by early cervical changes that rarely cause symptoms. Cervical cells may change from normal to abnormal (dysplasia), to very early cancer (carcinoma in situ), to invasive cancer.

The pap smear is the test that women need to have at least yearly to detect any abnormal changes in the cervix. A painless, simple test, the pap test makes it possible to discover dysplasia and very early cancer, symptom-free conditions that are nearly 100% curable if treated promptly. Almost all invasive cervical cancer can be prevented if all women have pap tests and yearly pelvic exams.

Women may be embarrassed or afraid to have a pelvic exam done, so cervical cancer goes undiagnosed and untreated until in its invasive, advanced stages. These women may die as a result of their embarrassment.

Dysplasia, which refers to the earliest abnormal changes in the cervix, most often develops in women between the ages of 25 and 35, but can occur at anytime. It rarely causes symptoms, and a pap test is required to detect it. Dysplasia does not always go on to develop into cancer if not treated, but often it does.

Carcinoma in situ, is the term used for very early cancer involving the top layer of the cervix. It occurs most often in women in their 30's, but can occur at anytime. It usually does not cause noticeable symptoms and a pap test and pelvic exam are needed to detect it. It is nearly 100% cureable if treated when diagnosed. If left untreated it will advance and invade surrounding tissues.

Invasive cancer of the cervix usually occurs after the age of 40, but can occur at anytime. Often the woman will notice abnormal, painless bleeding from the vagina. The bleeding may be noticeable after intercourse. Since pain is not an early sign of cervical cancer, see a doctor immediately if you experience bleeding or spotting between menstrual periods, after menopause, or after douching. The sooner invasive cancer is treated, the better the chance for a cure. Left untreated, the cancer will spread to other parts of the body.

All women should have regular pap tests when they become sexually active. As long as no evidence of dysplasia or cancer is found, a pap smear done once a year is usually enough. Regular pap tests should be done until a woman is in her sixties and has had two normal smears after age 60.

REFLECTIONS

Abraham Lincoln once said: "I will prepare myself. Some day my moment of opportunity will come." It did.

One way for the student to prepare himself is by developing good study habits. A quiet place helps--pardon this, but "groovy" music and T.V. programs fail to produce the best atmosphere for study!

Have on hand your "raw materials"--paper, pen, books, good lights, and a semi-comfortable chair and desk. Don't spend valuable time jumping up and down for charts, books, or other supplies.

Spend adequate time on each assignment. Can a 30 minute algebra lesson be done in 25 minutes? It is better to go through a slow osmosis process and spend an unrushed 60 minutes on a hard assignment. Learn your material for time, not just for a test.

Know your teachers and let them know you. This is not politics nor "apple-polishing". It just so happens that a student will put forth greater effort and will take more pride in his work if the teacher is his real friend. Teachers are human. Most teachers covet the students warm friendship. Otherwise, the teacher needs to see a psychiatrist.

Keep high goals in view. Man's calling from God is to improve the entire world--not to drag it down nor tear it apart. Truth, fairness, integrity, kindness, and hope are a few of the noble qualities that you should display on your journey of life. God intends for your life to be a good one. It can be.

**PASTOR, FIRST BAPTIST CHURCH,
BRACKETTVILLE**

CONT'D FROM PAGE 4

**FT. CLARK SHRINE
CLUB NEWS**

This being Labor Day weekend and with surrounding towns having celebrations, it was rather a small crowd. Mostly local people, however they were a loud cheering bunch of people. Then of course the Shriners had their cheering section, their ladies. Without them our parades would never be successful.

After the parade we went to the Fairgrounds and looked at the exhibits and the Arts and Crafts, ate lunch and then headed for home, happy that the purpose of Shrinedom had once again been displayed. The guys in the funny Red Hats are always eager and willing to participate in the local parades and help provide entertainment to the young and young at heart. Towns are not too small or too large for us to ride in. However, we need to have enough advanced notice so plans can be made.

The Fort Clark Shrine Club will

have a dinner meeting on Tuesday, September 22nd at 8:00 p.m. in the Members Lounge of Las Moras Inn. Happy hour 6:30 p.m. to 8:00 p.m. All Nobles and their ladies and guests are invited.

GOT A PROBLEM?

Dear Abby we're not, but for advice on anything that matters (or doesn't matter) in your life, please write us -

Dear Thom and Jeri
P.O. Box 1559
Brackettville, Texas 78832

P.S. We're really glad to see that no one in Brackettville has any problems (or at least any that you want to share). But remember if you do, write to Thom and Jerri. Our advice is about the only thing left that is free!!!

T & J

**HAPPY
50TH!**

Dr. & Mrs. W.A. Belcher celebrated their 50th Anniversary on September 8, 1987 with a family celebration held at their ranch. Congratulations go out to them from the crew at the Cavalryman.

GARDENING TIPS

BY THE MORNING
GLORY GARDEN CLUB
DEL RIO, TEXAS

"TIPS FOR SEPTEMBER GARDENING"

1. Now is the time for Spring planting, if you want some Blue flowers in the Garden or to plant on the wayside, BLUEBONNETS should be planted in the Fall. By planting seeds now, they will develop a good root system and healthy tall flowering spikes. To plant the seeds, they should be soaked in warm water overnight, a notch cut on one side, or place the seeds on a board, and brush with a brick to remove some of the hard shell. When planting, cover seeds lightly and water well. In about two weeks you should have some plants.
2. Give Camellias some acid plant food, do not cultivate the plant, for the roots are shallow.
3. Brown foliage is a sign the Gladiolas are ready to be taken up. Remove the brown foliage, wash off the soil and take off the small bublets. Let dry, then dust with Garden Sulphur, store for next planting time.
4. Do not cut the lawn too short for this will cause the grass roots to be exposed to the sun.
5. Start a Garden Reference Book to remind you what is to be done in your garden.
6. Make cuttings of Geraniums.
7. Feed your Maiden Hair Fern.

MADGE HORN, CLUB MEMBER

GET INTO ACTION WITH 4-H

The new 4-H year starts soon, so now is an excellent time to make a commitment to join this action-oriented organization, says Mr. Carl Esser, County 4-H program coordinator with the Texas Agricultural Extension Service.

4-H is a national program for all youth between the ages of 9 and 19 regardless of race, color, ethnic background, economic status or cultural differences. In Texas, you can join 4-H when you enroll in the third grade, regardless of your

BRACKETTVILLE, TEXAS

age. The Texas 4-H program is administered by the Texas Agricultural Extension Service.

The purpose of 4-H is to develop leadership and character in young people, Mr. Esser points out. 4-H'ers learn by doing through actively working on projects and participating in club meetings and 4-H activities.

4-H clubs are organized in such places as rural, suburban and urban neighborhoods. Groups may be organized among neighborhood families in one or two city blocks, housing complexes or anywhere they are needed.

Youth can participate in a variety of projects in 4-H, such as foods, clothing, animal projects, electricity, photography, arts and crafts, and many, many others. In fact, almost anything you want can be a project, says Mr. Esser.

Most important, 4-H is a lot of fun! Where else can you get together with other people your age and have fun while you learn? boys and girls in 4-H are always on the move doing something and participating in various activities. For instance, the 4-H shooting sports project attracts numerous youngsters each year who are interested in learning to shoot and observe gun safety. Livestock projects give youngsters a chance to be responsible for an animal and enter stock shows where they learn competitiveness and sportsmanship. 4-H'ers can even learn to make their own clothes through clothing projects.

Other 4-H activities such as the Share-the-Fun give youngsters the chance to participate in organized recreation, notes Mr. Esser. County 4-H Fun Day, Day Camp or Rally Day is the time for playing games and making new friends. Members in 4-H can go on trips, take tours of interesting and educational places, and help finance their college education with scholarships awarded through 4-H.

Boosting the 4-H program is the private sector which provides resources of money, personnel and materials for the advancement of 4-H. The many business and industry leaders who have supported and continue to support 4-H gives significant testimony that 4-H is a valuable educational program for America's youth, Mr. Esser points out.

Remember, you are what you want to be in 4-H. It is educational, interesting, challenging and lots of fun.

For more details on 4-H and how to join in on upcoming activities for the new club year, contact the

County Extension Office, adds Mr. Esser. Our number is 563-2442.

CITIES WITH SPEED TRAPS TO GET RICH

AUSTIN, Tex.--State Comptroller Bob Bullock said that fewer Texas speed traps and increased funding for the training of Texas enforcement officers are the results of new legislation.

"City revenue generated by enforcing speed limits on state highways will be limited under the new law," Bullock said. "Texans will benefit from the law because towns will no longer have an incentive to operate speed traps."

Under the new law, municipal courts in a city of 5,000 or less that collect fines for speeding violations issued on state highways may keep \$2 for every mile the driver exceeded the speed limit.

Any money collected in addition to the \$2 per mile must be turned over to the state treasurer.

Those convicted of speeding and other legal violations will pay more in court costs beginning September 1 as a result of new legislation.

The additional fee, which went from \$1 to \$1.50, will be distributed to the Law Enforcement Management Institute Fund.

These funds are used to support basic, advanced and management training for enforcement officers in Texas.
