Happy Shahan is honored as a Rotary International Paul Harris Fellow with a certificate presented by David Trent of Del Rio, and medallion shown by Brackettville Rotary President, Fortino Guzman, Jr.

### HAPPY SHAHAN HONORED

James T. "Happy" Shahan was honored at the January 7th, Las Moras Inn luncheon meeting of the Brackettville Rotary by an award presentation naming him the first Paul Harris Fellow of the Rotary International from Brackettville. This special distinction was in recognition of his cumulative gifts to the International Scholarship and PolioPlus immunization programs of the Rotary Foundation which have now exceeded \$1,000.00.

David Trent of Del Rio, District Chairman of the Rotary Foundation, was present to recognize Shahan with a certificate, medallion, and pin to mark this significant achievement. Trent stated, "It's appropriate that Happy Shahan is the first Rotarian from Brackettville to be honored by being named a Paul Harris Fellow, as he is also the senior active and only remaining charter member of the Brackettville Rotary originally organized in March, 1945."

"I consider this award to be the highest honor I have received in my nearly-43 years in Rotary," said Shahan. He added, "I am privileged to be a Rotarian,

SHERIFF NORMAN H. HOOTEN

Norman H. Hooten, 46, current Sheriff, Tax Assessor/Collector of Kinney County has announced that he is a Democratic Candidate for re-election to that office subject to the Democratic Primary Election to be held on March 8, 1988.

Sheriff Hooten is a trained, experienced, professional law enforcement officer with 18 years experience as a peace officer in the state of Texas, the past 12 consecutive years as a peace officer in Kinney County. He has 1200 clock hours and 20 college hours training and education in the field of law enforcement and is permanently licensed as a peace officer by the Texas Commission on Law Enforcement Officer Standards and Education. He holds the Basic, Intermediate, Advanced, and Instructor's Certificates of Proficiency in law enforcement issued by that agency to peace officers in the state of Texas who have met the strict standards set by T.C.L.O.S.E. for education, training, and years of experience.

During his law enforcement career Sheriff Hooten has received several awards and citations for outstanding service to the people he serves. He was recognized for his work with young people when he received the Friend of 4-H Award in 1965 while a state game warden in Ozona, Texas. In 1981 he was selected and recognized as Kinney County Man of the Year for outstanding service to his community in the field of law enforcement. In 1982 he received a Mayor's Commendation and Outstanding Service Award from the City of Brackettville for his contributions to that community while he was Chief of Police.

Sheriff Hooten has been a voting member of the Board of Directors of the Middle Rio Grande Law Enforcement Academy located at Southwest Texas Junior College in Uvalde, Texas since 1980. The Board of Directors of the academy are responsible for monitoring and improving the quality of education and training received by area law enforcement officers attending the facility. Sheriff Hooten most recently served as Vice President of the Southwest Texas Law Enforcement Officers Association for the year 1987.

When asked about his platform for re-election as Sheriff of Kinney County, he replied, "Anyone who is a candidate for the office of sheriff should first seriously consider what he has to offer the people of his community, not what they have to offer him."

"The sheriff of a county is the primary law enforcement officer of that county, responsible for the service to and protection of the citizens of his county day and night, year in and year out."

"In these days and times when it so often seems that criminals have more rights than honest, law-abiding citizens, and when more and more court decisions are being held against peace officers and the agencies they represent, it is of vital importance that the sheriff of a county be a trained, experienced, professional peace officer, the days of electing a sheriff just because he is a good old boy should be gone forever.

"I stand on my proven record of strong leadership, firm but fair law enforcement, and effective jail administration."

"I don't make political promises I can't keep and I won't insult my voters by asking them to vote for me unless I can provide them the experienced, professional service and protection they deserve and should demand."

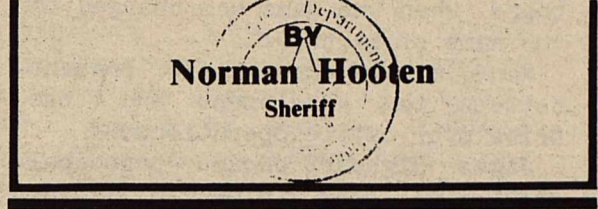

"The only promise I will make to the citizens of Kinney County is that if they see fit to re-elect me to another term of office I will continue the firm but fair law enforcement, strong leadership, and effective jail administration with honesty and integrity that I have given them the past 6 years I have been Sheriff, trying each and every day to improve the quality of service and protection I have sworn to provide, they deserve that from the man they have chosen as their sheriff."

**THE NITTY & THE GRITTY**  
BY JOE TOWNSEND

I intensely dislike a chiseler. There are some people who constantly try to beat out other people. I was driving on I 35 in downtown San Antonio recently. There is a lot of construction going on there and traffic is one grand mess. There are several places where sign are posted "Right lane closed-merge left." On one occasion the traffic had formed a single line. Suddenly a school bus going much faster than traffic raced down the lane marked closed. When he came to the barrier he put on his turn signal and brashly forced his way into the line. He'd passed up about half a dozen cars to gain a few seconds. I'm sure he felt proud to gain a few seconds. I'm sure he felt proud of himself for his "good" driving. I thought, "If I had a child riding a school bus I'd be sure he didn't ride with such a reckless driver." The driver had gained very little except to feed his sick ego. Noone likes a chiseler. People who are not content to take their place but want to chisel in ahead of others are truly obnoxious. They reveal a selfishness that keeps them miserable. They feel they must beat everyone to prove they are better. This reveals they have a low estimate of themselves so they try to prove they are really somebody. If they only knew!! Those who are happy people and who truly enjoy life are those who are more interested in others than themselves. By riding rough shod over others people rob themselves of the joy of living. Little do they know that they are riding the wrong train going in the wrong direction.

**SHERIFF'S CORNER**

Crime reports associated with and directly connected to illegal aliens from Mexico and other countries south of the border continue to be a major problem plaguing south Texas counties, in particular those counties adjacent to Mexico along the Rio Grande. Kinney County is no exception.

Our record log of break-ins to hunting camps, ranch homes, and in some cases homes in Ft. Clark and Brackettville that are without question the work of illegal aliens continues to grow with each passing month. Two such break-ins occurred this past week with no success on the part of local law enforcement officers in apprehending the culprits. In one incident the burglar took only small change such as quarters, dimes, etc.. It is believed that the intruder was in the house at the time of the arrival of the owner and was forced to flee before other items could be taken. In the other burglary the thief made forcible entry through a rear door of the ranch headquarters after breaking out a window and reaching through to unlock the door. He then prowled throughout the two story dwelling going through drawers, closets, etc. The only items dwelling that could be positively listed as missing were various foodstuffs and two pillow cases, evidently used to carry the food in.

Each and every hunting season sparks a rash of reported break-ins, not because they don't occur year around because they do, but because the hunters bring valuables and food to the camps and leave them unattended while they hunt. Then when they return to camp they find that it has been broken into and quite often valuable property in addition to food has been taken. In one incident this past hunting season, a \$5,000.00 rifle was taken from a jeep while the owner was inside the camphouse drinking coffee. The valuable rifle was later found approx. 1/2 mile from the camphouse along a brushy trail. Evidently an illegal alien passing through picked up the gun and carried it with him for aways then grew tired and discarded it.

**UNsung HEROES**  
BY JOE TOWNSEND

There is a man in our community who has a great deal more responsibility than most people realize. The man charged with highway maintenance wears many hats. A heavy rain causes men in trucks to fan out on all highways to keep a close check on water crossing the highways. In many instances they have given assistance to autos crossing water deeper than it is wise to drive through. If there is a bad wreck, crews must be brought out immediately to clean up the highway.

If there is ice on the roads there must be warning signs posted and bridges sanded. The local superintendent was the youngest man ever to hold this job when he came to Brackettville. He has a wonderful wife and their fine children who have grown up in Brackettville. He has served well in the Volunteer Fire Department and as a member of The Lions Club. He is a calm easy-going person who quietly goes about doing an outstanding job with his responsibilities. Surely Dan Kral is an "Unsung Hero".

Chief James Bigheart was an Osage full chief, and was probably the first to realize the value of grazing and fattening of cattle on the bluestem grass that grew on the prairie of Indian Territory in which he lived and became the wealthiest man on the Osage Reservation before the discovery of oil there.

In 1882 the government began rationing cattle to the Osage Tribe in payment for some of their ceded land in Kansas.

In lots of three to five the cattle were given to the heads of the Osage families. The cattle were driven up from Texas to Guthrie and Pawhieska. Some of the Osages were not interested in the cattle business so Chief Bigheart offered cash for the cattle some of his people didn't want.

The land on the reservations belonged to the whole tribe and any Osage could fence off what land he wanted to use. He built a log cabin two miles along Bird Creek and the present town of Barnsdall, Oklahoma. Bigheart was the first

name of this little town. I moved there with my family and was living there when the name was changed to the name of Barnsdall.

Many disagreements were present between the government and the tribe over cattle operations.

James Bigheart became principal chief of the tribe in 1875, appointed by the Pawhusk a Band held a Federal investigation of the Osage Rolls in 1896. Bigheart is credited with holding up passage of the Osage Allotment Act for ten years. Enrollment of that date was estimated \$25,000 to \$30,000 per member at that time, 926 full bloods were left.

"Pah Hue Skah" (White Hair) was supposed to have been named by one of the Chauteau Brothers who were traders. The first "Pah Hue Skah", who died in 1808 got his name "White Hair" during a battle with European soldiers. During the battle a boy raced in and wounded an English officer, who was wearing a white wig. When the officer fell, the young man took hold of the wig and drawing his knife was going to take his scalp. The officer jumped up and ran, leaving the Osage boy holding the white wig. He was so astonished he let the officer escape. But the wig was still a mystery to him. So he fastened it to his own hair and believed no harm could come to him in battle as long as he wore the wig. He was ever after known as "Pah Hue Skah" (White Hair). The second Pawhuska died in 1833 and the third came with his people to their lost reservation in Oklahoma Territory.

Barnsdall began as Bigheart named for Chief Bigheart. It was a government planned community, Chief Bigheart. At one o'clock in the morning on March 1, 1925, high-pressure stills at the Barnsdall Refinery exploded killing two and injuring several, and bounced several citizens out of bed, including me. My family lived about a mile away.

Besides being rich in oil production, Barnsdall oil well in the middle of main street made Robert Ripley's Column in the 1920's. It's depth is 1,771 feet.

Osage Chief James Bigheart is buried beside Bird Creek near Barnsdall.

**SCHOOL BOARD MEETING**

The Trustees of Brackett Independent School District met for their regular monthly meeting on Monday, January 11, 1988. Proposed cheerleader guidelines were discussed, modified, and approved. There will be a maximum of eight cheerleaders and no alternate or mascot. Cheerleader tryouts will be held with both impartial judges and the student body having an equal vote in the cheerleader selection. Head cheerleader will be selected by a vote of the cheerleaders. Camp for cheerleaders is recommended, but is no longer a requirement. The principal and cheerleader sponsor will be the final authority on uniforms and cheerleaders expenses. The Board expressed a desire to see costs held to a reasonable level.

In further action, the Board approved personnel position changes and pay scale adjustments recommended by the superintendent. They also approved using tax appraiser collector computer printouts for audit purposes and eliminating the hand ledger currently being kept.

The Board heard a report from Mr. Schermerhorn on the Exit Level TEAMS test given to eleventh graders in October. Results were not as good as last year. Student scores have improved, but increased state standards for mastery of the test have left 14 students who will have to take at least one of the portions (math or reading) again. All students who failed to meet state standards will be offered special remedial classes designed to eliminate their deficiencies.

Superintendent Bob McCall submitted the 1986-87 Annual Performance Report to the Board. This report will be released to all local news agencies on February 1, 1988, and copies will be available at all campuses and the central office for interested parties to view. Individuals may purchase a copy for \$1.00 per page.

After emerging from executive session, the Board approved a three year contract for the superintendent. Mr. McCall had had a two year contract with the District.

## SCHOOL BOARD CONSIDERS CHEERLEADER GUIDELINES & SEEKS COMMUNITY COMMENTS

The Brackett Independent School District Board of Trustees considered committee recommendations on guidelines for junior and senior high cheerleaders Monday, December 14, 1987. A consensus of the committee was that interested community members be given an opportunity to provide input.

The goals of the committee were:

1. Provide some limits to the cost of being a cheerleader.
2. Provide a fair election process that considered both popularity and skill.
3. Establish a fixed number of cheerleaders that could be elected.

The proposed guidelines are reproduced below. Citizens may direct written comments and suggestions to the superintendent's attention. Oral presentations may also be made at the next Board Meeting on January 11, 1988 at 6:30 p.m. in the Board Room. Both adults and students are invited to offer comments for the Trustees consideration.

### CHEERLEADER GUIDELINES

#### Cheerleader Qualifications

1. Must be a student in Brackett school the previous semester.
2. Must be eligible under UIL rules at the time of the cheerleader tryouts.

#### Cheerleader Selection

1. Cheerleader candidates will be selected by a combination of three impartial judges, and student vote, each making up 50% of the candidates overall score.
2. Cheerleaders will be required to do the following:
  - a. Cheer
  - B. Chant
  - c. Routine (dance)
3. Judges will vote on each performance awarding from 1 to 100 points. Total scores for each candidate will be added and divided by three. The total of all judges scores will be multiplied and factored by .5.
4. The student body will vote for a maximum of \_\_\_\_\_ cheerleaders. Student vote totals will be factored by .5.
5. The factored judges score and the factored students score will be added. The top \_\_\_\_\_ scores will be cheerleaders for the coming year.
6. The head cheerleader will be selected by popular vote among the cheerleaders.

#### Sponsor

1. The sponsor must be a full-time employee of the District, and will be selected by the principal.
2. The sponsor is responsible for:
  - a. Setting practice times, and supervising practices
  - b. Accompanying cheerleaders at all official school functions.

- c. Coordinating with the principal concerning grades and conduct.

#### Conduct

Cheerleaders represent Brackett Independent School District. They are expected to conduct themselves in a way that brings honor to the school. Selection as a cheerleader is an honor. The privilege of representing the school can be removed either temporarily or permanently, at the discretion of the principal with consultation by the sponsor, for:

1. Failing to meet UIL qualifications
2. Being involved in an incident that would warrant his/her suspension from school
3. Conduct unbecoming a lady or gentleman
4. Excessive detention due to tardiness, misbehavior, etc.
5. Failure to participate in group activities
6. Being assigned to on campus suspension

#### Cheerleader Camp

Cheerleader Camp is recommended, but not required.

#### Cheerleader Expenses

Cheerleader expenses will be limited. The sponsor will be the final authority on cheerleader uniforms, shoes, etc., but will consult with the cheerleaders and the principal.

Cheerleaders are expected to raise money to cover expenses for crashers, paints, etc.

The Board expects to limit spending to \$200 per year per student/cheerleader for uniforms.

## DEFENSIVE DRIVING COURSE TO BE HELD

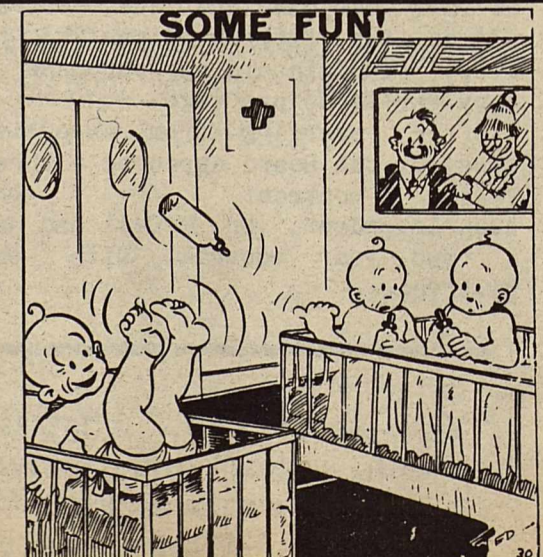

The National Safety Council's popular Defensive Driving Course will be held again in Brackettville on Tuesday and Thursday evenings, January 19th and 21st, from 6 to 10 p.m. The course will be presented by certified instructor Charlie Robinson of Uvalde at the First United Methodist Church's Slator Memorial Hall on James Street.

Encouraging the development of safer driving habits, the DDC has a proven record of helping to reduce traffic accidents and their attendant people and financial costs. Automobile insurance companies have also noted the DDC's effectiveness, resulting in reduced auto liability insurance premiums for a three year period for those who successfully complete all eight hours of the course.

It is also possible to have a current traffic ticket dismissed, if the permission of the appropriate court is sought and granted prior to taking the course.

The Defensive Driving Course is being presented in Brackettville once each calendar quarter purely as a convenience for area residents; the DDC may be taken at other times in Del Rio or Uvalde. A minimum of twelve registrants must be available to continue to provide this schedule of service on a regular basis.

The cost of the Defensive Driving Course is \$25, payable to the instructor on the first evening's registration. For further information please contact Rev. Phil Bell at 563-2823, or 563-9407.

During the Middle Ages, the year began at various dates in different times and places. In England it was not until 1751 that January was restored to its place as first month, as it had been during the Roman era.

**SHAHAN** and I am pleased to be able to serve in this way."

Shahan was applauded by the many Brackettville and other visiting Rotarians present, as he challenged the local element of the International Service Organization with a further \$150.00 gift to the Rotary Foundation. His purpose, he said, was to develop matching commitments in pursuing additional such Paul Harris Fellowships for the Brackettville Rotary Club.

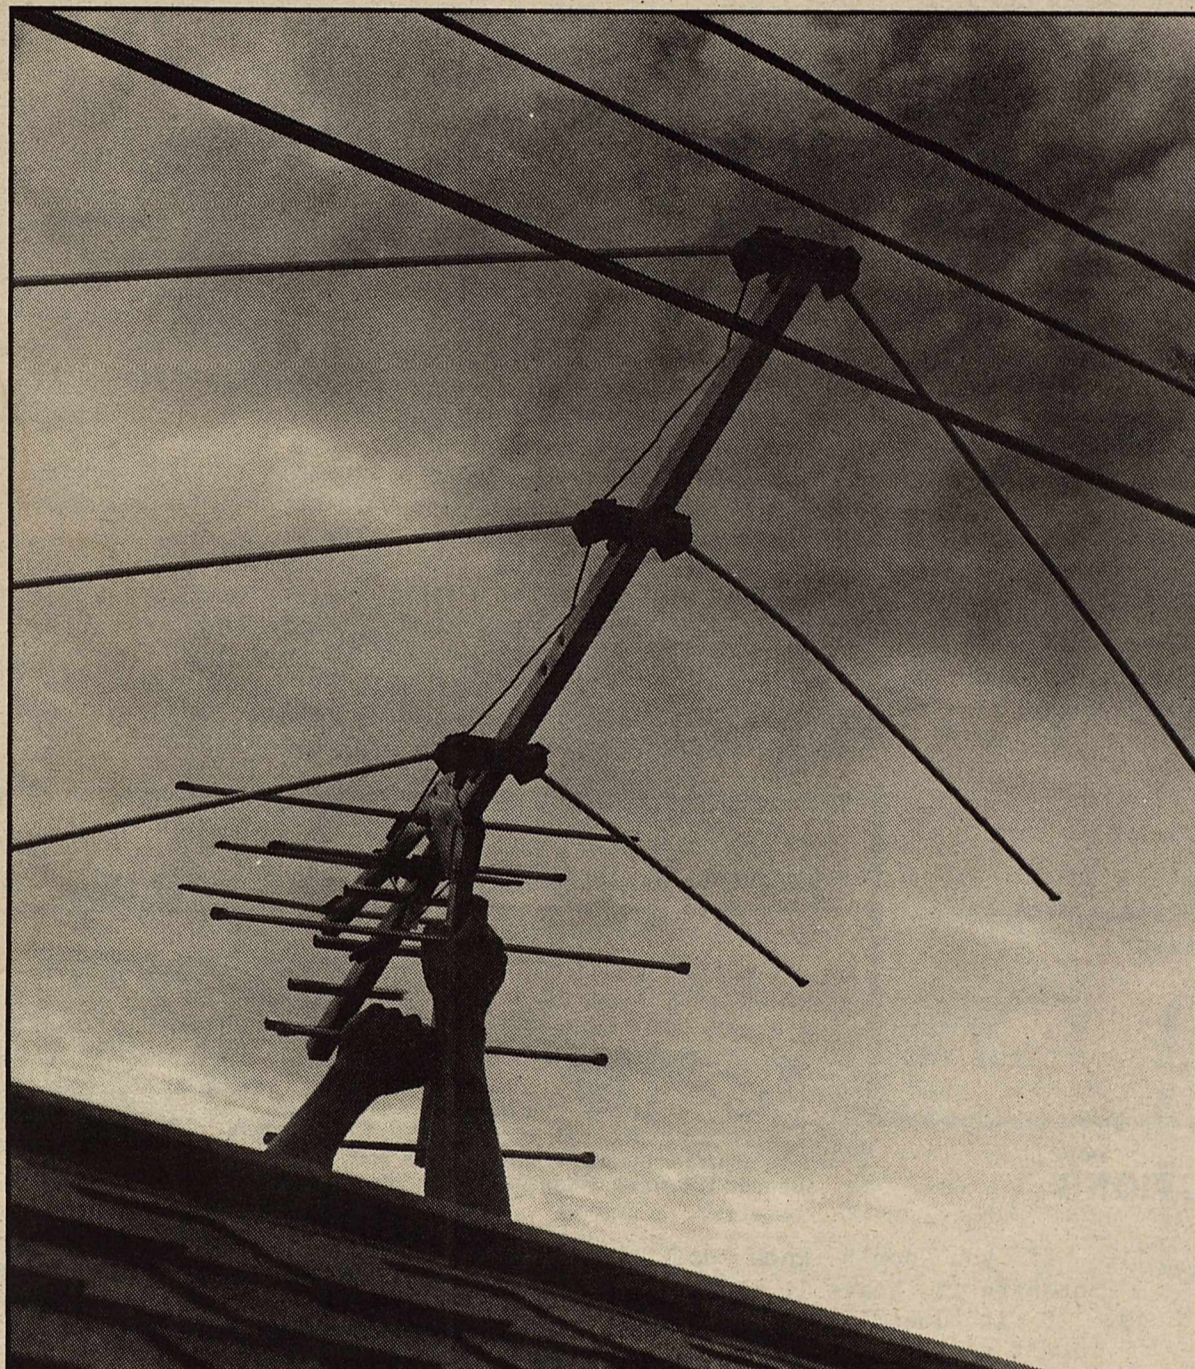

Trent noted that Shahan's accomplishment coincides with the Rotary Foundation's dedication to helping to rid the world of polio over a three year period by immunizing the children of Third-World countries against the disease. "At a time when 750 children per day become afflicted with polio in counties other than the United States," Trent said, "Happy Shahan's contributions are making possible the inoculation and protection of approximately 8,000 children throughout the world."

Owner and operator of the famous Alamo Village movie location and tourist attraction on his HV Ranch near Brackettville, Shahan is well-known for his civic involvement and community service. He is also a Past President of the Brackettville Rotary Club.

# Installing antennas near power lines can change your picture permanently.

You know power lines can be deadly. So, you plan to be extra careful. But, the antenna turns out to be a little more complicated than you

thought. And then ... Don't do it. Unless you know exactly what you're doing, call an expert who does. Whatever the cost,

it's worth it. One careless moment with a power line can change your picture permanently.

## RGE COOPERATIVE, INC. REDUCE DEPOSIT REQUIREMENT

Rio Grande Electric Cooperative, Inc. intends to reduce its deposit requirement for irrigation service from \$30 to \$10 effective January 1, 1988. The reduction in the amount of the deposit is not expected to change the revenues of the utility. Two Hundred ninety eight (298) customers are affected by this change.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400n, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission, Public Information Division at (512) 458-0223 or (512) 458-0221 Teletypewriter for the deaf.

## REFLECTIONS

Ann Landers, syndicated newspaper columnist, quite often leaves good advice. Look at some of her practical applications of the Golden Rule.

1. If you open it, close it.
2. If you turn it on, turn it off.
3. If you unlock it, lock it.
4. If you break it, repair it.
5. If you can't fix it, call in someone who can.
6. If you borrow it, return it.
7. If you use it, take care of it.
8. If you make a mess, clean it up.
9. If you move it, put it back.
10. If it belongs to someone else and you want to use it, get permission.

11. If you don't know how to operate it, leave it alone.
12. If it doesn't concern you, don't mess with it.

What's the Golden Rule? "Do unto others as you would have others do unto you." That means to treat others as you would like to be treated by every one else.

### HOOTEN CONT. FROM PAGE 5

We presently have two illegal aliens from Mexico in jail on charges of burglary stemming from the break-ins of a ranch home and a hunting camp. I will not go into detail of the cases so as to prevent pre-judging their guilt or innocence, but they were arrested two days after a two day search in heavy brush north of the crime scenes after the report were received. Several items of stolen property taken from the house and the hunting camp were recovered at the time of their arrest.

These cases are typical of the growing number of felony cases being experienced all along the Texas-Mexico border. Cases of Criminal Trespass, Burglary, Assault, Auto Theft, and in some instances cold blooded murder are on the rise and have been for the past several years in nearly all border counties. The economic problems of Mexico and other Latin American countries are forcing huge numbers of their citizens to enter the U. S. illegally in search of jobs that pay a living wage so as to feed themselves and their families. And though I can sympathize with their problems, I do not feel that our citizens should suffer property loss and damage, injuries and in some cases death at the hands of these sometimes desperate illegal aliens.

We shouldn't forget the added cost to the taxpayers of our county, state, and country once the illegal criminals have been apprehended. We then have to house them, feed them, pay their medical and dental bills. and last but not least furnish them with an attorney, all at the expense of honest, law abiding U.S. citizens and taxpayers.

Open our borders? Amnesty? Hmm, better think that over a bit! THAT'S ALL !!!

#### "Nandina For The Garden"

Nandina is a common plant for any garden, but it adds color and colored berries, which the garden birds like. It also is one of the few plants that produces flowers and berries. The plant is sometimes called "Heavenly Bamboo", and comes from China. It sometimes grows to 10 feet in height, and it spreads by underground rhizomes to form large clumps. Each of its clustered leaves holding many rich green berries in summer and turn red in the fall. The berries stay on all fall and winter, providing food for the birds.

It is many times used for foundation planting, and it also mixes well with other foliage plants. If the plants becomes leggy, just prune it and make other plants from the cuttings. Nandina grows best in moist fertile soil, but tolerates just about any well-drained location. Heat, drought, insects nor diseases bother the shrubs.
