AUSTRALIA MEETS TEXAS

Miss Rodeo Australia, Kim O'Connell, left received a full dose of Texas at Happy Shahan's Alamo Village movie location while on a first-ever tour with Miss Rodeo Teen of Texas, Kathleen Clyde of Tyler and Miss Rodeo Texas, Kelly Head of Sweetwater. Miss Rodeo Texas is riding movie veteran Longhorn steer, "Crockett", in front of the chapel of the Alamo fortress movie set on Shahan's ranch near Brackettville where all major Alamo movies since John Wayne's have been filmed.

The first reigning Miss Rodeo Australia to visit Texas, O'Connell of Naree Warren near Melbourne, is on a six-week tour of the United States to promote Australia's Bicentennial and the international sport of rodeo.

BRACKETT STUDENTS HOSTED BY REP. HARRISON

Persuasive and informative speakers on Brackett High School's 1988-89 team were hosted by District 68 State Representative Dudley Harrison on Friday, July 22 at the State Capitol in Austin. Harrison whose district includes Kinney County and six other counties in West and Southwest Texas arranged short informational meetings to help orient the students on issues facing the upcoming legislative session. Students must have knowledge of state and national subject matter when competing in Texas Forensic League and University Interscholastic League competition.

Harrison left a meeting of the Agriculture and Livestock Committee of which he is chairman along with legislative aide Jennifer Yezak to have lunch with students at the capitol cafeteria. Later, he fielded questions along with Yezak from each student. Following a walk through the legislative chamber he introduced a member of House Speaker Gib Lewis's staff who oriented students to the role of the speaker and elaborated on the upcoming legislative session. Late in the afternoon three members of State Comptroller Bob Bullock's office staff gave students a run-down of the comptroller's duties and addressed the issue of school finance.

Sponsor-coach Ron Kelley was very pleased with the trip, and stated that Harrison's secretary Jean Kindle had been especially helpful in making arrangements. Persuasive speakers attending were Virginia Burgess, Tammy Frerich, and Shelley McDaniel. Informative speakers were Pilar Lozano and Clay Hunt.

CHILDREN YOUTH BIBLE SCHOOL

A Vacation Bible School is to be from Monday through Friday, August 8 - 12 at the local First Baptist Church.

The children will meet each day from 8:30 until 11:30. The Youth meet each night Monday through Friday at 7:00 o'clock. Anyone may attend who is 4 years of age up through high school.

Daily activities include Bible Stories, hand craft, refreshments, game time, singing, pledge to the flags and the Bible, and much more.

A great week is in store for all children and youth who wish to attend. There will be charges for the week's VBS.

Ronnie Watson, former pastor, and about 25 people from their Church in Corpus Christi will be present to help give leadership and training to all who attend.

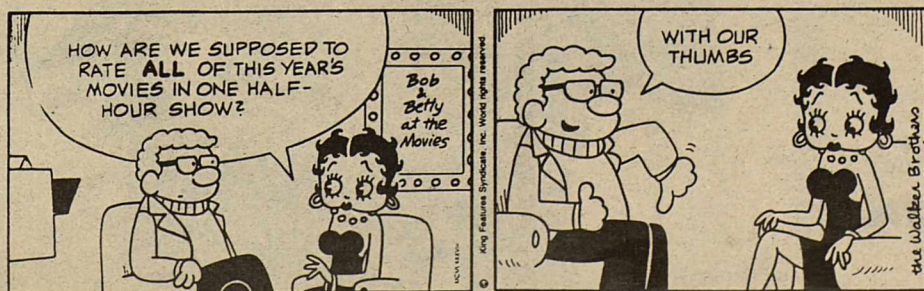

RONNIE WATSON TO SPEAK

The former pastor of First Baptist Church will be present on Sunday night, August 7, to speak at 7:00 o'clock.

The public is invited to hear him speak. The Templeton sisters of Alamo Village will also be present to bring special music.

THANK YOU!

We would like to thank everyone in the community for helping us so generously with donations of clothing, shoes, household goods, toys, bedding, milk, and money. The outpouring of your help and support has encouraged us. We continue to ask for your help and support, and also seek your prayers. If anyone would like to be a part of the efforts in sorting and packing bags, or to go to Mexico with us, we would welcome your help. Please contact any of the people below for more information, or to pick up donations. Thank you all very much, again. EXPERIENCED SAUSAGE COOKERS STAY BUSY preparing the 4,00 pounds of Alsatian style sausage needed to feed the hungry diners at each St. Louis Day Celebration at Koenig Park in Castroville, Tx. The Alsatian delicacy is cooked in huge cooking vats, and after it has been cut, it becomes part of the giant sausage and barbecue beef dinner with all the trimmings that is the highlight of every St. Louis festival. Picnic day this year is Sun., Aug. 21, when there will be lots of games, rides, and live entertainment to go along with all the scrumptious food.

Cholesterol and You

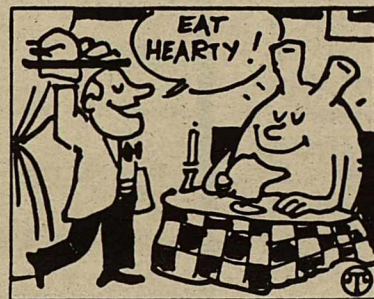

Eating Out The Low-Fat Way

Millions of Americans watch the fats in their diet to reduce the risks associated with high blood cholesterol. Here are some ways to stay on your low-fat diet and still enjoy eating out.

When dining out, order broiled or roasted lean cuts of meats, fish, chicken and turkey. Ask for your food to be prepared and served without added butter, sauce or gravy. Order: clear soup instead of creamed soup; steamed vegetables; baked potatoes instead of mashed or fried. Add oil and vinegar to your salad instead of dressing. The best bets for dessert treats are fruit, angel food cake or gelatin.

For fast-food savvy, the do's: aim for salad with diet dressing; a roast beef sandwich; small burger, diet soda or coffee. For breakfast, try pancakes with jelly.

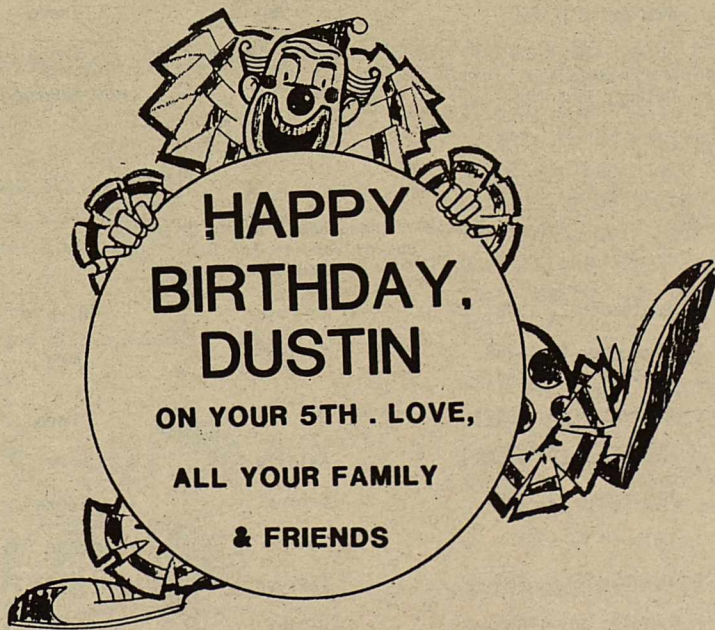

Pass up these: large orders of fries, if you must have them take the small; butter on a baked potato; cheese on

Many restaurants offer special low-fat meals.

a burger or sandwich; chicken nuggets; milk shakes; fruit pies; breakfast egg sandwiches.

You can get a free copy of a booklet on cholesterol and your health from a citizens group with grant support from pharmaceutical manufacturer Merck Sharp & Dohme. Write: the Citizens for Public Action on Cholesterol, 1101 17th St., NW, Suite 608, Washington, D.C. 20036.

REFLECTIONS

You missed it! If you had been among the prospectors in the 1849 California gold rush, your descendants might have been multi-millionaires today - as wealthy as the Rockefeller, Kennedy, or J. Paul Getty families.

The Wright brothers got their frail flying machine off the ground for 12 seconds and zoomed 40 yards before touching the ground again at Kitty Hawk, North Carolina back in 1903. But you missed it!

You didn't attend the funeral of Abe Lincoln in Springfield, Illinois, either. But of course you didn't have a choice for such unforgettable events. We simply cannot recall the yesterdays of life. They're gone.

And yet, golden moments stare us in the face every day. Let's not bypass these sparkling glowing opportunities.

Look at a beautiful sunset or sunrise. Look up into the star-studded sky at night. See the beauty of the huisache blossom. Don't be blind to the gorgeous color of the cactus bloom and pear apple. Smell the rugged freshness of plowed mesquite land. Listen to the song of the birds and the howl of the coyote. Soak in a part of God's masterful creation every day.

Have a good time with your family. Laugh, weep, play, and work together. Grab a few precious moments each day. Believe me, they go away too soon!

Get in on worship. Man is more than a physical organism. More than animal. We crave association with friends. Our innermost self also thirst for the living God--unless that longing is put to death by that which can never satisfy the immortal soul.

You don't have to miss it! Each day offers a fresh opportunity for each of us to live a full, meaningful, worthwhile life. A person can "goof" it up. But we don't have to "blow it". God has given man the capacity to really live--in time and in eternity.

HADSELL NEW CHAIRWOMAN OF TREWA

Shirley Hadsell of Marfa has been elected chairwoman of the Texas Rural Electric Women's Association. Her election came during the Association's Annual membership meeting July 26, in Fort Worth.

Mrs. Hadsell is member services advisor for Rio Grande Electric Cooperative which has headquarters in Brackettville and a district office in Marfa. Mrs. Hadsell has been employed by the cooperative since 1959.

Mrs. Hadsell has participated in rural electric women's activities since 1975. She's been a member of the TREWA board of directors since 1985 and secretary-treasurer for the last year.

She has long been active in chamber of commerce and other civic activities in the Trans Pecos. At one time she also reported sports for San Angelo, San Antonio, Uvalde, and Del Rio newspapers.

She and her husband, Charles, are parents of a son, Bryan, now grown, who also resides in Marfa.

FORT CLARK SHRINERS CLUB

The Fort Clark Shrine Club held its regular monthly meeting in the Members Lounge of Las Moras Inn, with 28 members and guests in attendance. Among the members present was Noble and Brother Richard Mountain, Worshipful Master of Las Moras Lodge, and his Lady Ruby.

Social hour began at 6:30 P.M. and at 7:30 P.M. President Carl Eaton called the meeting to order with the invocation given by Chaplain Horace Shackelford, followed by the pledge of allegiance to the flag. We then sat down to a chicken fried steak dinner. After the dinner President Eaton said we would continue the business portion of the program, at which time the ladies got up from their seats and retired to another room to hold their own private gossip session. A great time was had by all.

Jack Taunt and I are continuing to practice in our Red Roadsters each Sunday afternoon for the Texas State Obstacle Competition to be held in Wichita Falls August 4 to 6. We are now riding in close competition with the best of our group, and we have one more practice session before the State Competition, we feel we are ready for the final test.

We will arrive in Wichita Falls on August 4th. Registration will be in the lobby of the Sheraton Hotel, and all entertainment and dinners will be held there. We will be allowed to practice on the course on the 5th, with the actual competitive run on the morning of the 6th. The obstacle course will be laid out in the Sheraton Parking Lot. This is a case where we travel 400 miles, spend about \$500.00 for a chance to ride for about 40 seconds. This probably doesn't make much sense to anyone except the Shriners, but it is another fun program to advertise FREE HELP to Crippled Children. WE PLAY SO THEY CAN WALK.

After the competition is completed there will be a parade of all competing units thru downtown Wichita Falls beginning at 1:00 P.M..

Then back to the Sheraton Hotel for the Award Ceremony. Everyone hoping to win a trophy. To complete the schedule at 8:00 P.M. we will be guests of the Maskat Shrine Temple at the Oil Bowl Game - TEXAS vs OKLAHOMA, Seniors.

Sunday morning the Maskat Temple will host a Coffee Social in the Hospitality Suite of the Sheraton. We will say good-bye to old and new friends alike, looking forward to seeing and competing against them again in August 1989.

FOR VETERANS

Recent Law May Affect You

If you're a veteran, or know someone who is, a recent law may interest you. Thanks to the Veterans of Foreign Wars, Congress has now provided for veterans with a non-service connected disability seeking care at a VA hospital. The income limits for veterans who can get this new benefit are as follows:

A Category A veteran is one whose income is \$15,833 or less if single, and \$18,999 or less if married. These veterans are entitled to be placed in Category A and are eligible for no-cost hospital care.

Category B veterans, those whose income is above \$15,833 but less than \$21,111 if single and above \$18,999 but less than \$26,389 if married, are eligible for no cost VA hospital care on a space-available basis.

Non-service connected veterans are in Category C if their income is above \$21,110 if single, and above \$26,389 if married. A Category C veteran receives VA hospital care on a space available basis and is charged the cost of the care or \$540, whichever is less, for the first 90 days of care.

Veterans seeking information should contact the VA or a Service Officer at a VFW/post. Information on other veterans' entitlements and programs may be obtained by writing to: Veterans of Foreign Wars, National Headquarters, Broadway at 34th Street, Kansas City, MO 64111.

GOVERNOR APPOINTS REVIEW PANEL

AUSTIN -- Governor Bill Clements has announced his selections to the Middle Rio Grande Regional Review Committee, one of 24 appointed across Texas to review applications for federal block grants.

"These review committees are vital because they bring a sense of local control to the federal budget process," Clements said.

The block grants typically are used to finance public facilities and provide housing assistance.

The Middle Rio Grande region serves eight counties -- Dimmit, Edwards, Kinney, La Salle, Maverick, Real, Uvalde and Zavala.

Named by the governor to the Middle Rio Grande panel were Alfredo Gutierrez, Del Rio Mayor; Daniel Burr, Del Rio City Councilman; William L. Cotulla, Cotulla Mayor; J.R. Black, La Salle County Commissioner; J.M. Sanderlin, Real County Judge; and John Willems, Carrizo Springs City Councilman.

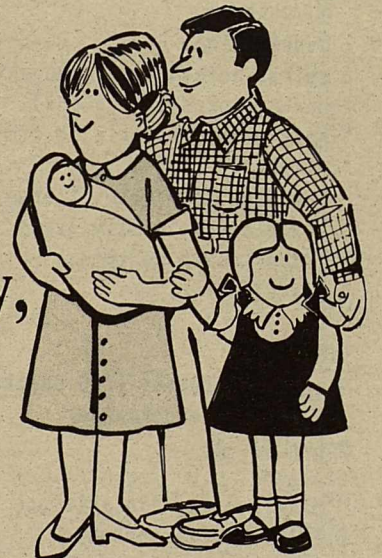

Members will serve through Jan. 1, 1990.

The regional review committees examine requests for federal Community Development Block Grant funds appropriated to smaller Communities.

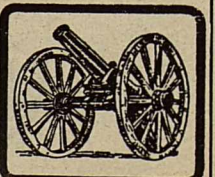

The regional recommendations ultimately will be forwarded to the State Community Development Review Committee for review. That panel, in turn, submits the funding recommendations to the Texas Department of Commerce. The governor has final approval over all federal grants awarded under the program.

**TRACKS
ALONG THE
TRAIL**
BY DORTHY PAYNE

The Whooping Crane has been struggling for survival in this century.

The sad thing is not only do they have to combat weather conditions and disease they also have to fight lead poisoning.

There are a few over one hundred Whooping Crane still in existence. Whoopers are the tallest North American birds, mostly long neck and legs accounting for their average height of four feet. They usually weigh about twenty pounds, with snow-white feathers and a crimson crown. When in full flight the Whooper measures six feet from wing tip to wing tip. During migration the Whooping Crane flies like a glider, up and down for sometimes as long as ten hours.

These birds have been around for a million years, changing little their habits. But when man changed their habits for them there was perhaps as few as 21 birds remained by 1941, but has increased six times that much in 1987.

In the last ten years government and private concerns finally won out and in the last thirty years there are no cases on record of a hunter killing a Whooper.

The explanation given for one Whooper dying from lead poisoning has been blamed on eating scattered lead pellets left by hunters.

Lead poisoning of waterfowl and some of their predators that feed on them has become a serious problem and could be stopped by using steel shot instead of lead.

Range management of our wild birds and animals has come a long way in the last few years.

In some parts of the southwest there has been organized a group called Wildlife Rescue Inc. to teach people. They teach you what to do if you find an orphaned bird or animal.

In cities birds are mainly in need of rescuing. Contrary to belief if the bird has fallen out of its nest you can pick it up and put it back and the mother won't reject it.

Of course if the bird or animal acts unnaturally leave it alone, because it may be rabid.

These rescue clubs are just getting started, but soon hope to be more numerous around the country.

Perhaps the Whooping Crane could have been helped by a group bent on rescue, instead of destruction. If management are not on their toes, the Whooping Crane and others will follow in the Carrier Pigeons footsteps so to speak.

**TICKS CAN CARRY
LYME DISEASE**

Summer is the season for ticks in Texas. And anyone working or playing outdoors, should be alert that some ticks, and the corkscrew-shaped organism they carry, can inflict serious arthritic misery.

People can contract Lyme disease after being bitten by an infected tick carrying bacteria called spirochetes. Lyme disease is named for the Connecticut town where it was first recognized in the U.S. in 1975.

The first symptom is often a red circular rash that enlarges. Victims seem to have a flu-like illness with fever, headache, chills, a stiff neck, and extreme fatigue.

Later, other health problems may include arthritis, and disorders of the heart and nervous system lasting months or years. The disease can be passed from a pregnant woman to her unborn child.

Lyme disease was detected in Texas by microbiologist Julie Rawlings at the Texas Department of Health's (TDH) Bureau of Laboratories in Austin. Suspecting the presence of the disorder, she began looking for it while examining lab specimens submitted for Rocky Mountain spotted fever. Today, health professionals at TDH's laboratories use a blood test to detect the disease.

"If a doctor begins treatment soon after infection, consequences such as long term joint problems can often be prevented," Rawlings explained. "If you have Lyme disease symptoms and a known tick bite, you should go see your doctor."

She added that Lyme disease is not a life-threatening health hazard, but can cause long-lasting discomforts.

In 1987, a total of 33 cases of Lyme disease were confirmed in Texas, compared to nine cases the previous year. Most of the cases occurred in the Dallas-Fort Worth area, but other cases also occurred in the Panhandle, and in Central, East, and South Texas.

"We have found the spirochete in six kinds of ticks in Texas," Rawlings said. These are the Lone Star tick, the American dog tick, the brown dog tick, two types of rabbit ticks and the *Ixodes* tick."

"The disease is reported most during the summer months, and a good preventive measure is to check yourself and your pets for ticks after being outside," Rawlings said.

To remove a tick, she said, gently grasp it with tweezers close to the skin, and slowly pull it loose. Avoid crushing the tick with your fingers.

Rawlings said that Texans needing more information about the disease can contact the Southwest Division of the National Lyme Disease Foundation. The leader of the support group is Judith Williams, at 214/796-2806.

HI!

This week I'll review "Braddock: Missing in Action" and "Good Morning Vietnam!"

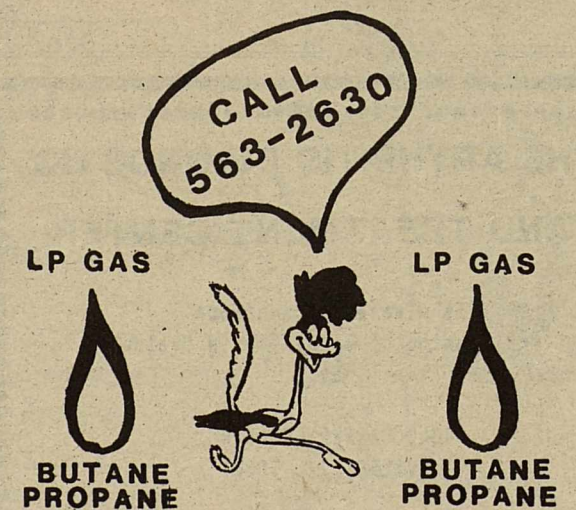

"Braddock:MIA III", is a good movie. It's getting a little boring though. It seems when Braddock left Saigon, he also left a pregnant wife. (Don't worry, he thought she had died in an air raid). Twelve years later, he finds out she's alive and that they have a son. That's right, you guessed it! He goes back for them.

With "Missing for Action III" out, ya'll ought to figure that Rambo III couldn't be far behind! Guess what, it's not. It'll be here October 6.

The next movie "Good Morning Vietnam", is an excellent movie about a popular D.J. sent to Vietnam to build morale! But it seems his superiors don't approve of his way of building morale. The Amazing thing about this movie is Robin Williams and his ability to ad lib. It's rumored that he didn't have a script for the control booth scenes, he just made it up as he went along. If so he is truly a comic genius.

WELL TILL NEXT WEEK HAPPY VIEWING!

The chopped up and stripped vehicle mentioned in last week's column which was located on a sub-division in north Kinney County has been identified by DPS Auto Theft Agents as a stolen vehicle out of San Antonio. All major parts of the vehicle had been removed along with the usual methods of identification such as license plates and Vehicle Identification Number (VIN). A "hit" on the vehicle was obtained after the vehicle was run through the TCIC/NCIC TLETS II system now being used by law enforcement agencies statewide. At the time of this writing there are no suspects in the case.

On Friday afternoon, July 29th, a high speed chase between a vehicle suspected of smuggling illegal aliens and a Uvalde based DPS Trooper developed after the Trooper attempted to stop the suspect vehicle on Hwy. 90 near the Border Patrol station. The vehicle then turned south on Hwy. 131 and shortly thereafter ran off the road into the bar ditch and slid up against the fence bordering Ft. Clark on the east side. The driver and another male suspect jumped out of the vehicle and fled into the brush inside Ft. Clark. Five (5) illegal aliens were apprehended at the scene by the DPS Trooper and Chief of Police Johnny Fritter who had joined in to assist the Trooper. A large scale manhunt for the two suspected smugglers soon developed with officers from the Border Patrol, the DPS Trooper, Chief Fritter and myself involved. A Border Patrol plane also assisted. Ft. Clark residents, particularly those living in the Town House section were advised to make sure their vehicles were secured and to stay inside in case the two suspects attempted to steal a car to make good their escape. The two were finally apprehended on Ft. Clark late Friday night and taken into custody by Border Patrol Agents. It was learned from interrogation of the suspects and the other illegal aliens that the pair had charged \$650.00 each for transporting the five illegals into the interior of Texas.

A major accident occurred on Hwy. 90 Saturday afternoon near the Border Patrol station. Both vehicles involved were local with one of them, a pickup, being struck in the rear by a passenger car. Witnesses at the scene stated that the pickup had stopped on the shoulder of the road with the occupants talking to the occupants of another car also stopped off the road. The driver of the car was alone in his vehicle and stated that he had looked away briefly and when he looked back it was too late to avoid the collision. Extensive damage was done to the car which was later towed away by a wrecker, the pickup had major damage also but had been protected by a large steel bumper on the

rear. It was driveable however and luckily there were no injuries in the accident.

An article which appeared recently in a nationwide publication cited a decision of a judge that allowed \$5,050.00 in compensation to a convicted murderer in a suit he brought against a California county jail because of allegations he made about not being able to get a good night's sleep because of a noise made by other inmates, loud talk by jail guards, being held in a holding cell with other prisoners during the course of trial for murder, and not being allowed to have girlie magazines in his cell. The judge awarded the convicted murderer the following:

- * \$3,000.00 for not getting at least 8 hours uninterrupted sleep the night before court appearances during his trial.
- * \$500.00 for being forced to sit in a holding with no seats.
- * \$500.00 for not having enough time (according to the convicted murder) to eat meals.
- * \$500.00 for not getting adequate exercise time.
- * \$450.00 for being forced to sleep on the floor for three months during a period of jail overcrowding.
- * \$100.00 for having his Playboy magazines taken from him.

The murderer was convicted for killing his step-father in 1981. The evidence in the case proved that the step-father was working on the engine of a tractor-trailer truck and the murderer slipped up to the truck and pulled a lever that allowed the 2,000 pound cab of the truck to fall on the step-father crushing him to death. The murderer later bragged to fellow inmates about his actions. He is now \$5,050.00 richer due to the judge's ruling on his cry-baby lawsuit against law enforcement officers. Justice? Makes a man wonder!

A local man who has been to prison twice for burglary and auto-theft and only recently released is again in jail on charges from Val Verde County. The Val Verde County charges are misdemeanors but are an indication that the man has not learned from his experiences. As the misdemeanors are a violation of the conditions of his parole he may very well find himself on the way back to TDC to serve out the remainder of his last sentence.

We are still holding two sentenced prisoners awaiting reservations for transport to TDC and sentenced prisoner William Bruce Chandler, the "Highway Bandit", is still in custody in Val Verde County Jail awaiting transfer. If we have not received authorization from TDC to transfer the three prisoners by the end of this week Chandler will most likely be brought back to the Kinney County Jail as we are nearing completion of renovations in the jail. Chandler is an extremely high risk prisoner who has caused numerous problems for Val Verde County Jail officials since they have been holding him for us. He was arrested back in April on Aggravated Robbery charges and recently received a 10 year sentence for his crime. Sheriff J.R. Koog of Del Rio has demonstrated much patience and inter-agency co-operation by continuing to hold such a

troublesome prisoner while we were making out jail secure enough to hold him.

Say, Folks, don't forget the Open Car Show to be held at Fort Clark on Saturday, August 6th. These old cars will bring back memories and will give us a chance to view cars from an era when "cars was cars", not plastic and fiberglass. Judging of the cars will begin at 1:00p.m. and there will be a B-B-Q and dance later that evening. So saddle up and enjoy a day of sun, fun, old classic cars, and nostalgic memories of the good old days.

THAT'S ALL!

The following letter was received by Norman Hooten in appreciation.

July 26, 1988

Norman Hooten
Sheriff, Kinney County
P.O. Box 1200
Brackettville, Tx. 78832

Dear Mr. Hooten:

On July 21, 1988, I arrived at my rural residence (Bauer Ranch West in Kinney County), and noticed that someone had burglarized my home. Footprints leading to and from my home were also visible.

I immediately notified the Kinney County Sheriff Office and the Brackettville Border Patrol.

With a joint effort of both organizations, the culprits were apprehended two days later and my personal belongings returned to me.

I wish to take this opportunity to give a special thank you to your organization. Your alertness, thoroughness, dedication to duty, and joint agency co-ordination is most appreciated.

Without the ever watchful eye of your staff, we, as ranchers/farmers would not be able to continue to perform our ranching and farming obligations which most often take us away from our habitats and families.

Thank you very much.

Sincerely,

s/s DOUG TAYLOR
