AUTOGRAPH PARTY

Revelation, Past - Present - Future by Preston Taylor, pastor of the First Baptist Church is easy reading and enjoyable besides explanitive of the last book of the Bible.

An Autograph Party held at the Fellowship Hall of the First Baptist Church, Sunday evening had Rev. Taylor parting with books and kind words and inscriptions to those people who came to purchase a book, get an autograph or just talk and visit with others. Refreshments of cake and punch were served.

Pictured above from left-right: CPL Bruce Clements - Fort Clark, SGT Bob Lane - Del Rio and CAPT. Wallace Morgan - Fort Clark.

4TH U.S. CAVALRY, COMPANY K

Fort Clark, Texas 1979-1981

Ten years ago, more or less, a group of dedicated cavalry buffs and horsemen and women, were very active in a memorial horse cavalry unit, in this area. This as the 4th U.S. Cavalry, Company K, of Val Verde County, Texas. We decided on the name, due to the original unit having been stationed at Fort Clark for a short period following the Cival War. The term "Troop" replaced "Company", in later years.

Our uniforms were as close as possible to the Army issue of the period immediately following the Civil War, and into the early period of the Indian Wars. The horses were all individually owned, so to recruit members, we could not be too paticular about colors and markings of the horses matching army standards. The U.S. Cavalry did not have women troopers, but again, we wanted enough people to be able to form a unit of at least platoon size. Our strength was near 25 persons at one time. Incidentally, one of the women on in our unit would probably have made old cavalry toopers proud. Most all of these troopers rode McClellan Cavalry saddles with replica saddle cloths, and utilized replica cavalry bridles. The weapons utilized were original and replica U.S. Cavalry sabres and pistols of the period, using wad bullets for ammunition.

During the 4-5 years of this unit's activity, many parades and exhibitions of mounted drill and tactics were participated in, to include firing of the pistols while at a full gallop, and running thru the sabre targets, locations at Fort Clark, Brackettville, Del Rio, Eagle Pass, and Laughlin Air Force Base, were the areas of participation. To me, the participations at Fort Clark, were the most enjoyable. For two of the years at Fort Clark, our cavalry unit had battle with a memorial infantry unit, from Laredo, Texas. The infantry

VINCE GARCIA

Vince Garcia, son of Mr. and Mrs. Eularlio Garcia Jr. of Sterling City, Texas formerly of Bracketville, made the All Star team at the Cleveland Indians Baseball Camp this past weekend. The camp was held at Alpine, Texas at the Keckerknot Baseball Stadium at Sul Ross University. The try outs began at 9:30 a.m. and were over at 1:00 p.m. Vince was told then, that he was chosen to play in the all star game later that night as relief pitcher. Although Vince was not chosen for the Cleveland Indians, he was offered a pitching position on the Sul Ross University Baseball Team.

LAS MORAS LODGE NO. 444

FFA MEMBERS ATTEND CAMP

This year the Future Farmers of America had their Revaldina District Officer's Training Camp on June 7 & 8 at Utopia. Mr. David Carroll, Brackett FFA Chapter Advisor, attended the camp with the following 1989-90 FFA Officers: Audie Hill -- President, Norman Luna -- Vice President, Bonnie Salmon -- Secretary, and Bonnie Frerich -- Reporter.

Eleven FFA chapters in the district attended the OTC Camp. A Revaldina District meeting was held, and 1989-90 District Officers were elected. Bonnie Frerich from the Brackett Chapter was elected District Treasurer. Then the officers were divided into groups. They discussed the duties and responsibilities of their offices and made plans for the upcoming year. After completing formal business, the members enjoyed swimming, playing softball and washers, and visiting old friends as well as making new ones.

LIBRARY NEWS

Mrs. Perez is now in full swing she states by being covered up with lots of paperwork. She said if they have received any new books yet she hasn't reached the bottom of the stack of paperwork to see them yet. Maybe in a couple weeks she will be broken in to a routine and have the normal library news for us. But right now it has just been hectic trying to get things organized and planning activities for the children in The Creature Features Summer "Reading Program".

Mrs. Perez said that the reading program is coming along just fine and the children seem to be really enjoying themselves. She is very pleased with the outcome. She would also like to tell everyone that children will not be able to take out books unless they bring their own library card or a parent accompanies the child. If a library card is lost the cost of a new card is 25 cents. Parental support will be appreciated in getting the children to use their own library card.

THRU LABOR DAY

Rosario Luna, Native of Bracketville, has been working at Alamo Village for 7 yrs. managing the Village Cantina. Come out and see her and let her serve you.

BY ALAN L. MCWILLIAM

Well, here we are in the last few days of June and still extremely dry in most, if not all, parts of the county. If we do not receive rain over general areas of the county, ranchers will need to start thinking about reducing numbers of livestock on the ranch.

I had an opportunity to speak to the Rotary Club last week. I enjoyed meeting and visiting with members and their wives. We discussed several problems -- one of which concerned with -- oak wilt!

Oak wilt is a major disease of live, Spanish and Shumard oaks in many areas of Texas. Kerrville and Bandera have been especially hit hard by this devastating disease. The Texas Agricultural Extension Service and the Texas Agricultural Experiment Stations have developed a seven-step program that will reduce losses from this fungal disease if you follow procedures carefully. The steps are:

- 1) Correctly identify the problem. This is most accurately done by microscopic examination of the fungus isolated from suspected trees.
- 2) Isolate the infected area by trenching between healthy and diseased trees. Trenches are used to cut connecting roots so that the fungus cannot spread trees.
- 3) Timely pruning will help prevent development of new oak wilt center.
- 4) Always remove sick and dead trees. Trees which have died from oak wilt can be source of the fungus.
- 5) Always paint pruning cuts or wounds to prevent spread of the fungus by beetles from nearby diseased trees or logs to healthy trees.
- 6) Handle firewood from diseased trees carefully so that it will not be a source of the fungus.
- 7) Replant with a mixed tree species in areas where oak wilt is active. This will prevent a landscape from being totally wiped out should the area again be attacked by oak wilt or similar type

organism which is specific to one tree species.

This program provides some guidelines for property owners to follow in reducing losses to this major disease of oak trees. Remember, oak wilt prevention is a continuous program. Property owners must be able to identify the problem and take proper action to prevent all of their trees becoming infected with this fungus.

4-H activities for this month include members participating in a county clothing project and several families selecting lambs to show in the coming livestock show. If you are interested in any 4-H activity or project, be sure to drop by the county extension office located on the 2nd floor of the courthouse.

RORY'S VIDEO PICK OF THE WEEK

DIRTY ROTTEN SCOUNDRELS

A connoisseur of conning, Lawrence Jamison (Michael Caine) is running the ultimate royal scam on the Riviera: He's posing as a deposed prince raising funds for the freedom fighters of his stricken homeland. Should a wealthy comoner care to "give her all" to his noble cause, so be it - provided she also kicks in cash, jewelry and gambling chips. But his "hustling highness" gets royally flushed when one day a pretender to his throne turns up. He's Freddy Benson (Steve Martin), a small-time scam artist who has enough on Jamison to make a mess of the monarchy. So the rivals make a wager: the first to extract \$50,000 from the next woman they see, wins. And the loser goes into exile. Enter Janet Colgate (Glenne Headly), a naive, American "detergent heiress". And the race is on. With Jamison ready to take her and Freddy eager to make her, the innocent "soap queen" is well on her way to the cleaners in this hilarious comedy that proves that anybody can be taken in by "DIRTY ROTTEN SCOUNDRELS."

HEAD TO BEAUTY CARE IN EAGLE PASS

Why travel so far for head to toe beauty care when there is one near you. Possess is the newest unisex Beauty Center in the Area. It is located at the Mall de las Aguilas in Eagle Pass. Owner, Rosario Ponce, is offering you her knowledge on skin care and make-up. She studied in Europe and in the United States with the best in the industry. All her products are natural, anti-allergic and especially made for this type of weather. Her salon is offering treatments from head to toe. All their skin care products penetrate to prevent premature wrinkles, or soften the wrinkles you already have.

Rosario Ponce always suggests to her clients that maintenance on skin should be on a daily basis in order to maintain a beautiful glow in your skin. Taking off your dead cells in a daily basis is always a must. With a sloughing or a grain (exfoliere), the product should never contain any mineral oil or fragrance in order to give you best results. She offers a nourishing cream or moisturizer to maintain moist skin and prevent premature wrinkles.

She just got back from meeting people from Paris with her newest treatents which will help to rejuvenate your face, body, and neck treatment. She's also bringing equipment for legs.

Their prices are very reasonable. Their consultations are private, including men's and they have products for skin care for men also. Go by and visit them. They are across the hall from the Pizza Hut at the Mall de las Aguilas. Check the Star for their weekly promotions.

FIRE DEPARTMENT

The Fire Department has a correction to last week's article. The car did not belong to Chuck Porter as was reported, it was just parked in his yard. The fire did not start by the light in the rear of the car. As far as the Fire Dept. is concerned, the car was intentionally set on fire.

Preparing for the Volksmarch on July 8 & 9 are from left, Executive Secretary Genell Hobbs, Security Chief Curtis W. Smith, Fire Chief Adrian Reyes, General Manager Gene Britton, Recreation Director Sondra Meil and Maintenance Supervisor Alvin McClure.

ORGANIZERS PLAN FOR VOLKSMARCH WEEKEND

by Penny Nixon

Volksmarch organizers met Tuesday, June 27 at the Fort Clark Springs Board Room to finalize plans for the crowds of hikers, bikers and swimmers expected on July 8 and 9. The Volksmarch is open to anyone, regardless of age, who would like to earn a medal for completing required distances by walking, biking or swimming. Some 300 participants are expected to take part in the six events scheduled during the weekend.

The Nat Mendelsohn Activity Center on Scales Road will serve as the base of the Volksmarch activity. Fort Clark Springs Recreation Director Sondra Meil said her crew will begin the day 6 a.m. on Saturday, July 8, by offering coffee and donuts to early Volksmarch participants. Start times for the 10-kilometer walks, 200 meter swims and 25 kilometer bike ride will be from 7 am to noon on both Saturday and Sunday. All participants must be finished by 3 p.m. A special "Night Walk" will begin anytime participants choose between 4 & 6 p.m., with the finish time by 8 p.m. on Saturday. The "Night Walk" and biking event will be on Saturday only.

Fire Chief Adrian Reyes said the Brackettville Volunteer Fire Department and Auxiliary will offer delicious hamburgers,

sausages, cold drinks and other items from 10:30 a.m. to 9 p.m. on Saturday, and from 10:30 a.m. to 5 p.m. on Sunday. The Fire Department's food booth will be directly across Scales Road from the Activity Center. Maintenance Supervisor Alvin McClure said his crew is preparing the area, and will place tables and chairs under shade trees for Volksmarchers to relax while eating.

The Fort Clark Springs "Super Six" Volksmarch weekend is sponsored by the Selma Pathfinders, a non-profit organization dedicated to promoting family sports. Selma Pathfinder club members will man control points during the walks, count laps during the swim and offer refreshing drinks and candy to participants. Anyone interested in participating can register and begin from 7 a.m. until noon for the walks, bike ride or swims, or from 4 to 6 p.m. for the "Night Walk". Initial event medal and bar is \$5.00. Additional events are \$2.50. Participants earn a beautiful medal embossed with the Fort Clark Springs logo for the first event, and bars which attach to the medal for any additional events.

SNÖOPS

Richard and Huguette Hirsch will soon be leaving for a wonderful trip to New Mexico.

We are sorry to hear of the loss of Dawn Sims, teenage daughter of Mr. & Mrs. Roy Sims of Collierville, Tenn., who was fatally injured in a traffic accident. They were former residents of Brackettville. Pinkie taught school here for awhile and Roy ran the 4100 acre farm.

Last week Falba and Charles Evans left for their travelen'. Promised to return soon.

Vince & Monica Kavanaugh of Omaha, NE are the proud parents of a son, Vincent Jacob born June 22, weighing 9lbs 5 3/4 ounces. He is welcomed by 2 year old sister Kayla. Vince is well known around town, having worked at Alamo Village and several places in town a few years back.

Did you all hear about the break-in at

the United Medical Center this past weekend? Someone broke a window and got into the clinic. And someone attempted to break into the Court House. Also this weekend shots were fired on the west side of town. Out in Spofford, someone shot out an area light. Wild weekend.

Construction has also started on the air landing strip south of Spofford.

Wilma and Cliff Lewis are on the road again. Cliff promised his doctor to limit his daily distance to 300 miles a day.

Clara Bonner flew to Rochester, New York June 27, to visit her son, Robert and his family for a week and to see him ordained to the ministry. He and his family will leave for Africa in September to work with the missionaries.

Loretta and Dan Wood are headen' toward Canada soon.

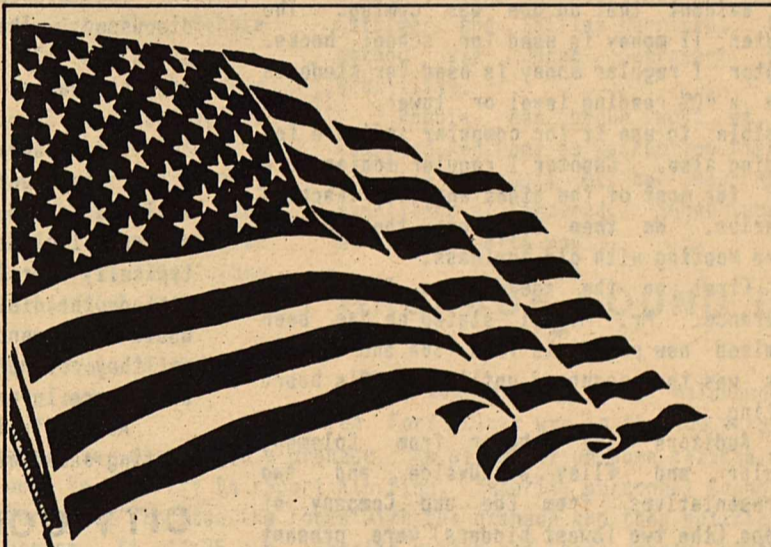

CORRECTIONS

There's a correction to the story on the Seminole Indian Scout Parade and festivities that followed. The information we received was wrong and should be as followed:

3rd place went to The Chamber of Commerce float, the consolation prize was tied going to Ms. Black America and the Del Rio Reserve Deputies.

Special guests were: Kenneth Mason, Chicago, IL - Historian/Researcher - instructor at St. Phillips College, San Antonio and Doug Sivad - Historian/Research-student from Tillotson College, Austin, Tx.

We apologize for any inconvenience this may have caused.

KEYS AND LOCKS

REFLECTIONS FIRST BAPTIST CHURCH BY PRESTON TAYLOR

The recent China tragedy with the crushing of the democracy demonstrators is a "replay record" of what has happened in that country for centuries.

In the heart and soul of man a desire for freedom and liberty continues to spring up. No person wants to be enslaved, caged-in, or suffer from oppression.

Jesus Christ came to set us free. He declared, "If the Son shall make you free, you shall be free indeed."

Without admitting the truth, masses of humanity are enslaved. Some are chained to houses, jobs, automobiles, land, and even to a retirement syndrome.

Real life only comes to those who breathe the fresh air of immortality and eternity which God provides.

The choice is two-fold. It's slavery or freedom. As we celebrate the July 4th holiday again, lets remember that God wants to give to all of us the true freedom document.

B.I.S.D. BOARD MEETING

The School Board waited for quite a few minutes to see if anyone would show up for the public hearing on the expenditure of Chapter I regular, Chapter 1 Migrant and Chapter 2 Federal money. Bob McCall started to explain where the monies were used when it was evident that no one was coming. The Chapter II money is used for school books. Chapter I regular money is used for students with a 40% reading level or lower. It is possible to use it for computer software for reading also. Chapter I regular monies are used for most of the aides and two teachers salaries. We then went into the special board meeting with old business.

First on the agenda was the Health insurance. Mr. McCall stated he has been promised new proposals from TSBA and BC/BS. This was then postponed until July 10's board meeting.

Auditors Bill Schuler from Coleman, Schuler and Elley of Uvalde and two representatives from Ede and Company of Knippa (the two lowest bidders) were present for a discussion on their bids. The board then tabled it to the executive session.

There was a discussion on Update 34 of which a no smoking policy, no alcoholic beverages policy and a visitors policy were presented. It was stated that there is an

A WORLD OF GOOD EATING

WYATT'S CAFETERIA

LAS AGUILAS MALL
EAGLE PASS, TEXAS 78852

Phone (512) 773-1706

Catering & Take out orders available.

administrative policy of students visiting our school. Update 34 was approved as is.

The bleacher repair was discussed. Southern Bleacher said it would be a 2-3 day job replacing the bleachers with aluminum ones. But the discussion remained on when it could be placed in the budget to be done. It was finalized by stating to have it put in the 89-90 budget with the repair work done the summer of 1990. They will do minimal work to get us through the season this year.

The Bank Depository Contracts were competitive between First State Bank of Brackettville and Del Rio National. It was approved to go with First State Bank.

The Career Ladders were discussed with 24 people on the career ladder. This was with using the ruling of 1987-88 evaluations for the 1988-89 appointment. There is a new ruling to use the 89-90 evaluations for 89-90 appointment. This was deferred until the executive session.

New business started with the Ti-In contracts for the 89-90 year. We will lose the ESL classes for this year and pick up other classes that would not be available otherwise. The contract was approved.

Region XX contracts were approved also.

There were no bids for the gym floor repairs. Bill Bizzell took a look at the gym floor and stated he would repair the dead spots. No action was taken.

An air-condition and energy audit was discussed with the school wishing to find ways to save energy so that eventually we may have air-conditioning without a lot of expense.

The disposal of school vehicles was discussed. The vehicles are a '71 station wagon, a '73 four-door sedan and a '79 station wagon and they will be put out to bid.

The lease/purchase of a 59 passenger and a 19 passenger bus were discussed. They would be leased for 3 years with the finance charge included and could be purchased typically for \$1. afterwards. Mr. McCall stated the district has 2 diesel buses and would recommend ordering diesel from now on as they are more economical. It was table until more information was available.

Administrators then gave updates and the meeting ended after the public forum.

CITY COUNCIL MEETING

As there were no visitors present to start the public hearing, Monday, June 26th, the Mayor started with the Special Council Meeting at 4:30 p.m. and would go into the public hearing after the Special meeting.

Ordinance #263 (closing of portion of Gove Street) was read in it's entirety and approved by all councilmen present.

As there were no reports by the City Councilmen, Mayor La Gioia reported that at the last meeting, it came out that the Fire Dept. could no longer have free water. An ordinance passed since 1967 made it illegal for the City to give any free water, sewer, or gas to any customer for any rates other than what was set.

He also reported that the City was working on the lift station themselves

instead of applying for a grant. "We're working on it, but it won't be overnight," he said.

At 4:37 the Public Hearing on the Enterprise Zone was begun. The City wishes to consider an application to the Texas Department of Commerce for designation of the City of Brackettville as an Enterprise Zone. Mr. Charles Trost of Del Rio was asked to explain an Enterprise Zone.

Mr. Trost, a Planning Development Consultant stated the concept of people helping themselves was introduced by President Reagan for private enterprise or grants. Privileges received were basically taxcuts, sales tax exemptions, being able to buy materials to build something new without paying sales tax on the materials, etc. An Enterprise Zone was at first designated to the poorer area of a city or an area that wanted to start businesses, but as Brackett is small the only thing to do is to give everybody the same opportunity and declare the whole city an Enterprise Zone. Mr. Trost went on to further explain that when the State receives an application from anybody in an enterprise zone, whether it's to get a loan, to start a business or expand a business, that application will get 50 additional points at a competitive rate. "It's advantageous for Brackett to be an Enterprise Zone, so that anyone here who wants to get into business or add on to a business can get a decent loan at a fair interest rate. And if you're competing with someone from Uvalde or Sabinal, you've got a head start, because you've got 50 extra points to go with," stated Mr. Trost.

When looking at a map of Texas, there are only about 12 Enterprise Zones. Mr. Trost said, "That means either the rest of the folks don't know about it or it's awfully hard to do. I haven't figured out which yet. It doesn't cost anything to try."

INSPECTIONS DUE FOR June

**CONT. FROM PAGE 6
CITY COUNCIL**

Mr. Ted Connors, assistant to Mr. Trost, stated we don't just decide to become an Enterprise Zone. A public hearing is the first step, then the City Council has to make a resolution & application package to send to the State. And they'll determine if we're eligible or qualified to be an Enterprise Zone.

When asked what disadvantage there would be if Brackett wished to rescind or get out of being an Enterprise Zone, Mr. Connors replied, "There would be no disadvantage if Brackett wanted to rescind once it was an E.Z. Just don't work any of the advantages, just let it lay there."

Mrs. Maxine Smith, visitor and possibly the first person to use the advantages of an E.Z. asked what are the advantages and disadvantages? As far as disadvantages, the people in Austin that the Mayor spoke with couldn't find any. The Mayor stated as for advantages, it would be a foot in the door to getting businesses, industry or anybody down here to an E.Z. They would rather go to an E.Z. than just a small town. He continued with, "They would have to go to a zoning board and follow proper procedure to get into Brackett, we could get grants, we could get loans."

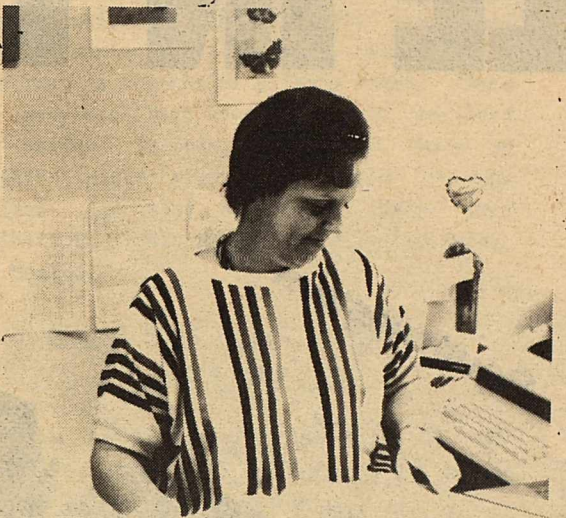

Mr. Connors emphasized that Businesses could go straight to the State and find out who has an E.Z. It would help build leads to anyone who wants to relocate here. He stated that Mr. Trost gave a comprehensive overview, that the State gave the definition of an E.Z. that was published in the June 15th edition of both newspapers. "It would create jobs, the more people you hire the more money you get back." The procedure for someone going to move here or to expand an existing business would be to ask the City for GAP financing and the City would in turn ask the State for the grant or loan. The City would help prepare the application and have to meet with the State. Your responsibilities and the City's responsibilities would be

explained. The City would be responsible for actually administering the program by making sure the money you ask for is spent like you say it will and that you hire the number of people you say you will.

To qualify we have to have 1.5 X the % of the rate of state unemployment. Another number we need to be concerned with is income per capita.

A motion was passed to authorize the Mayor to act in behalf of the City Council in dealing with the E.Z. Mr. Trost commented that there was a meeting next week in Austin on the briefing of rules. That the rules for an E.Z. are changed once a year.

A motion was approved to appoint Joseph Hild as Engineer for the Sewer Plant Project.

NEW C.A. SECRETARY

Officially on Monday, June 26th, Janis Floyd took over the County Attorney Secretary's job from where departing Robbie King left off.

Janis, who previously worked in the JP's office has worked as a legal secretary before and managed an abstract and title company.

Besides the legal work for the County Attorney, she will be in charge of the Indigent Health Program, Indigent Burial Program and the Civic Center Rentals. She will also be helping out at the JP office temporarily.

Janis is married to Harrell Floyd and has three sons, Lee, Leslie and Lyn.

**SURPRISE FAREWELL
ROBBIE**

On Friday, June 23, a joyfilled, noon surprise picnic lunch was held at Fort Clark Springs Swim Park to wish Robbie King "Good Luck and Happy Memories" from all her fellow workers from the Kinney County Court house.

A delicious picnic bar-b-que with all the trimmings was cooked by head-chef, Quentin Ebert. Those attending were: Tully, Darlene, Jenifer, Wil and Jared Ty Shahan, Quentin and Angie Ebert, Janis Floyd, Rosemary Slubar, Dolores Raney, Dora Sandoval, Betty Sanchez, Martha Smallwood, Tim Ward, Carlotta Dela Rosa, Vella Gum, Ester Montoya, Elvia Perez, Betty Deason, Terry Sandoval, Paula Samaniego, James Crumley, Tony Huffman, Tony Gonzales, Albert Lattimer and Shirley Harrison. Unable to attend was Judge Seargeant and Alan McWilliams.

Robbie has begun work at the new Campwood Resthome as Recreation Director. We all wish her well at her new challenging experience at Campwood. "Good Luck Robbie - we will all miss you!"

GRENAD FOUND ON FC

Friday morning, Mr. Maldonado, a guest on Fort Clark was in the 400 acres digging when he discovered a grenade. He placed it on some caliche rocks and went to security to report his find. Security personnel Connor and Ms. Hernandez located the rocks with the grenade and then notified Sheriff Hooten. At 11:25 a.m. Sheriff Hooten and Chief Johnny Fritter having seen the grenade decided to call in the bomb squad from Ft. Sam Houston in San Antonio.

Two explosive experts arrived at 4:10 p.m. and were taken by security Tom Justice to the sight. They recognized the grenade as an M-21 practice grenade, which is harmless. They then left for San Antonio, taking the grenade with them to dispose of it.

WE COMPILED A LIST OF THE FRIENDLIEST PEOPLE IN TEXAS.

Being friendly is just part of being Texan. And it's a good thing. Because the friendlier we are to our out-of-state guests, the better it is for our economy. And at Southwestern Bell, a healthy Texas economy is something we strongly support. That's why our directories feature a "Texas Friendly" face from the state's tourism advertising effort. And why we helped underwrite the Texas Department of Commerce, Tourism Division's hospitality training program, now being offered statewide. After all, we'd like to see our list of the friendliest people in Texas continue to grow.

Southwestern Bell Telephone

New Mexico has a strong and rich tradition of wood carvers which dates back to the pre-Columbian era when the people carved their religious articles as well as utensils for their households.

When the Spanish came in the 16th century they brought a new part to the already rich culture. The Spanish struggled to survive for a hundred years. At the same time the Spanish and native Americans intermingled and produced a new mixed people with both Indian and Spanish language and customs.

The 18th century was the classical period of the santero, (the carver of images of Christian Saints), and the construction of the states mission style churches. This period of the santero activity produced a style of sculpture like no other in any part of the world.

Most of the nation of Mexico was building and creating art work similar to that in European Spain. In New Mexico they were using the same style as the Pueblo Indians.

The Santeros of this period created their work unsigned. In later years some were identified by church records and tradition.

Sometimes a wood carver was hired to make santos for village churches, then he would take his tools and family and live on location until the work was finished.

In 1821, when the Sante Fe Trail was opened, foreign art and crafts of weavers, carvers, furniture makers, blacksmiths, began to die, but they were never completely forgotten.

In 1930 a wood carver named Patracinio Barela began carving and revived the art until his death in 1964. He was self-taught with little formal education. He was not rebelling against traditional art as the Europeans were, "Primitive" expression came naturally to him.

The carvers of northern New Mexico rarely exhibit except in small towns and villages during local fiesta celebrations, sometimes in churches or private homes. There are many excellent wood carvers in northern New Mexico. During my residence there an exhibit could always be found in some village and also sometimes there were exhibits in Highland University in Las Vegas, New Mexico.

CLASS OF 1964 REUNION

ORDINANCE #263

AN ORDINANCE RELEASING THOSE PORTIONS OF GOVE STREET ABUTTING LOT EIGHTEEN (18) IN BLOCK TWENTY-NINE (29) AND LOT TEN (10) IN BLOCK TWENTY-EIGHT (28) VELTMAN ADDITION TO THE CITY OF BRACKETTVILLE, KINNEY COUNTY, TEXAS, TO THE ADJACENT PROPERTY OWNERS.

THE ENTIRETY OF THIS ORDINANCE CAN BE SEEN AT CITY HALL.

INVITATION TO BID

Brackett Independent School District is accepting sealed bids for the purchase of three surplus automobiles:

1. 1971 Ford Station Wagon
2. 1979 Ford Station Wagon
3. 1973 Ford Four-door Sedan

Automobiles will be sold as is, and Brackett Independent School District offers no warranty either expressed or implied regarding the condition of these vehicles. Automobiles may be inspected by contacting Richard Terrazas at the bus garage on Fort Street.

Bids for one or all automobiles must be submitted in a sealed envelope clearly marked AUTO BID and addressed to:

Brackett Independent School District
Bobby D. McCall, Superintendent
P.O. Box 586
Brackettville, Tx. 78832

Bids must be submitted by 2:00 p.m. on Thursday, July 13, 1989, and will be opened and read at that time. Brackett Independent School District reserves the right to refuse any and all bids.

PUT YOUR HEART INTO A NURSING HOME

The Volunteer Ombudsman Program sponsored by the Area Agency on Aging of the Middle Rio Grande Development Council is actively looking for a variety of volunteers, and we want you to be aware of our efforts and to join us if possible.

The Area Agency on Aging sponsors two individual programs whose purpose is to enhance the quality of life of older adults.

FRIENDLY VISITORS: Visits one-on-one with a lonely, isolated resident who receives few if any visitors.

HOURS: At least one hour every two weeks.

VOLUNTEER OMBUDSMAN: Acts as an independent, unbiased advocate for nursing home residents. Volunteer ombudsman is trained and certified by the Texas Department of Health and the Texas Department of Aging.

HOURS: One to two hours per week.

Please call Martha A. Duerksen or Berta Rocha of the Area Agency on Aging at (512) 876-3533 if we can assist you with a nursing home concern or if YOU can assist us by becoming a Nursing Home Volunteer.

Many fishermen consider the wahoo to be a good sporting fish.

HAVE A SAFE JULY 4TH HOLIDAY PLEASE DON'T DRINK AND DRIVE

"The electric heat pump is reliable, efficient and a lot safer than gas."

*Hector Rosas
Sun Belt Air Conditioning, Inc.*

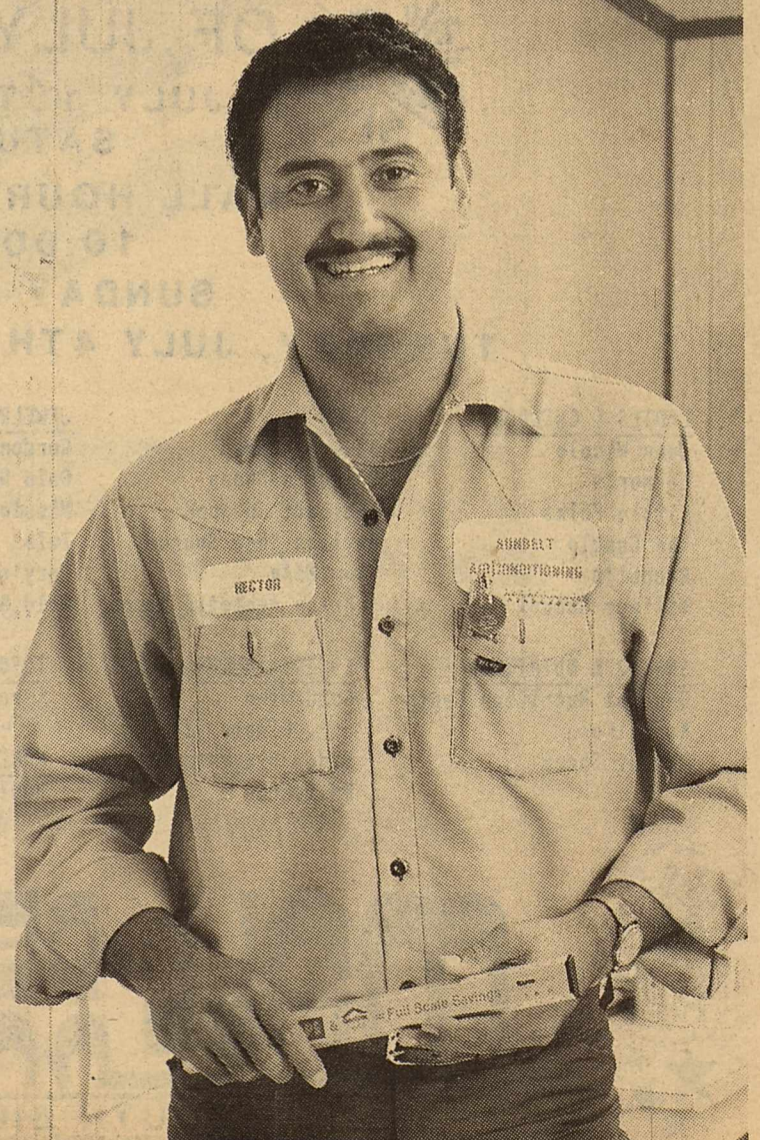

The switch is on to the electric heat pump.

Why switch to an electric heat pump? We asked Hector Rosas who sells and services heating and cooling equipment in Laredo. Hector says, "There's no gas leaks, no pilots to light, all you do is move the thermostat and let it go."

Buy now, and get up to \$400 cash back!

Call CPL for details on the year-round electric heat pump and the cash rebate.

FORT CLARK ARMY DAYS

BY WALLACE MORGAN

unit would bring a black powder cannon just like the one at the Fort Clark museum, and also borrow the museum's cannon. They would fire these cannons, and their long rifles, at our cavalry, as we charged through their lines. Remembering the last time that we participated in these battles we had only one minor accident. Trooper Chester Puda was riding a borrowed horse, on loan from Bruce Clements, and the horse kept going with Trooper Puda, when it was desired and attempted for the horse to stop. The Kinney County Ambulance was parked in the Northeast corner of our battle area, (the open field just west of the security gate shack) and right at the back door to the ambulance is where the horse unloaded Trooper Puda.

Events such as this, really made the Fort Clark Cavalry Days enjoyable. At that time, there seemed to be quite a crowd, whom seemed to really enjoy the Fort Clark Cavalry Days Activities.

Captain Wallace Morgan leading the charge thru the infantry line.

HOW MUCH WATER ARE WE USING?

The average American uses 60 gallons of water in the house each day. That doesn't include car washing, lawn watering and other outdoor uses. Flushing, bathing and laundering are the largest in-house uses.

Water is wasted if you turn on the hot water tap and wait for hot water to "Come up". To reduce waste, wrap hot water pipes with insulating material. Make sure faucets are turned off when not in use.

Unrepaired Leaks can be Costly

Water Loss in Gallons		
Leak this Size	Loss per Day	Loss per Month
•	120	3,600
•	360	10,800
•	693	20,790
•	1,200	36,000
•	1,920	57,600
•	3,096	92,880
•	4,296	128,880
•	6,640	199,200
•	6,984	209,520
•	8,424	252,720
•	9,888	296,640
•	11,324	339,720
•	12,720	381,600
•	14,952	448,560

OPERATION MOTORCIDE

AUSTIN--The Director of the Department of Public Safety has challenged Texas drivers to show that the DPS traffic death estimate for the long July 4th period is far too high.

"The DPS Statistical Services Bureau has indicated that as many as 52 persons could be killed on Texas roadways during these hours," Colonel Joe Milner said.

Col. Milner mentioned that the July 4th period will include the weekend before Independence Day.

"The DPS Public Information Office will conduct the traffic fatality count for 102 hours, beginning at 6p.m. Friday, June 30 and continuing until midnight on Tuesday, July 4th," he said. "As before, we'll be keeping this count with the assistance of local law enforcement agencies along with DPS troopers and communications personnel."

The final count for the 1988 July 4th period, which was 78 hours in length, totaled 32 fatalities.

Col. Milner said as part of his agency's "Operation Holiday," additional troopers will be deployed to help minimize the risk of driving on all roadways in rural areas.

Traffic fatality totals for Texas will be tabulated and released three times daily from the DPS, at 10 a.m., 3 p.m., and 8 p.m. The first report will be made at 10 a.m. on Saturday, July 1.

The most common minerals found in sand are quartz and feldspar.

OLD QUARRY THEATER WORKSHOP

Time is drawing near for our play - "The Ransom of Red Chief", by O'Henry, which will be held at the Amphitheatre on Fort Clark Springs, on Friday evening July 28th, and Saturday evening July 29th, both at 8:00 p.m. - by the Terrific Teen's Theatre Group.

Try out's will be held June 29th, 7 to 9 p.m. Thursday evening and Saturday from 11 to 1 p.m. both at the Fort's Town Hall.

We will be double casting to allow for more participation. Need fellows and gals. This will not be the musical as previously planned. I will need some small children for non-speaking parts. We will have a great time, so ya'll come, ya hear?

Any questions, please phone Marjorie Love, 512-563-9543.
