

Pictured above is the car owned by Owen and Jean Jones that hit the Sycamore Bridge approximately 16 miles west of Brackettville, Sunday afternoon.

The driver of the vehicle was Jean Jones. There were no other passengers in the vehicle. Mrs. Jones did received some injuries. The Del Rio Ambulance Service answered the call and Mrs. Jones was taken to the Val Verde Hospital in Del Rio, Texas.

EMERGENCY FARM LOANS

Applications for emergency farm loans for losses caused by tornado on May 17, 1989 are being accepted at the Farmers Home Administration (FmHA) office located in Uvalde, FmHA County Supervisor Edmund L. Persyn, Jr. said today.

Kinney, Edwards, Uvalde, Val Verde, Maverick, and Zavala Counties were recently named by Secretary of Agriculture Clayton Yeutter as eligible for loans to cover part of actual production losses resulting from the tornado.

Persyn said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,00, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Persyn said. Farmers participating in the PIK or Federal Crop

Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until August 1, 1990 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Persyn said. FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Uvalde is open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

"COMPUTERS IN SCHOOL"

Super S Food Stores have initiated a program called "Computers In School." The program encourages parents and teachers to save their Super S grocery receipts and turn them in to campus principals. These receipts will then be returned to Super S chain headquarters who will redeem them for FREE Apple computers for use in the schools.

This program will run for 18 weeks, January 17, 1990 through May 25, 1990. All register tape receipts dated during this time period may be deposited with Brackett Schools. Any questions may be addressed to Steve Mills, Principal of Jones Elementary School.

Do your best to come to this Hearing. To save postage, please share your information with others who may wish to attend.

C/C SPOTLIGHT REVIEW:

B & S GROCERY & THE JUG STORE

People come and go but property often lives on to accumulate history. That is the case with our feature subject, the B & S Grocery and The Jug Store, located on Highway 90 at Ann street. There has been a wide diversity of activity on this central piece of real estate as the economic winds of Brackettville changed direction over the years. In the midst of change, one thing endured over the decades, and that is the huge lone oak tree in front of the store. It remains as one of our cherished landmarks, taken for granted, but splendid in stature.

In the beginning (AS FAR BACK AS LOCAL MEMORY EXISTS) an old wooden building surrounded by deer horns stood on the grounds. It was appropriately name the Lone Oak Saloon, and it was later replaced by a shed type building for the sale of cold drinks, canned food and bread--becoming the forerunner of todays business. When ownership changed about 1950, to Dale Borden and Plunker Sheedy, a Dairy King and Deer Storage facility were added. Borden and Sheedy also lent their names to establish the business, B & S Grocery.

The partnership was later dissolved in the mid-seventies, and the Dairy King was closed. The present owners, Don and Linda Woodson, acquired the property in 1980. Under their management, the grocery store line of merchandise was expanded and the Jug Store was added where the Dairy King had been.

This month marks the 10th anniversary of the business for the Woodsons. We salute you, Don and Linda, for your faithful service to this community, through your business enterprises, and civic contributions. Thanks for Everything!

So much for history--lets look at the many necessities and convenience items the business provides for the consumer. Just a partial list includes: bulk ice--cold drinks--fresh and packaged meats--diary products--canned and frozen foods--basic hardware items--a surprisingly well stocked health care drug section--hunting and fishing supplies--and licenses for these sports. The Jug Store includes wines, liquors, and other popular varieties of beverages.

In both stores, merchandise is nicely arranged on display shelves or counters so anyone short of time can quickly find their choice. Friendly, helpful, and courteous employees include: Marion Berry, Dee Perry, Patty Doss, Sylvia Alvarado and Clara Bonner, some having been with the business for years. Friendly service is the motto of ther owners and their assistants.

Store hours are as follows: The Jug Store--10:00 a.m. to 9:00 p.m. -- Monday thru Saturday

B & S Grocery -- 7:00 a.m. to 11:00 p.m.--every day.

Call 563-2555 for information on any special need you have--better yet, visit them and while there, admire and appreciate the old lone oak tree which stands guard around the clock. Remember B & S Grocery and The Jug Store for quick and convenient shopping.

OBITUARY

UNA BETH SNYDER

Una Beth Snyder, 53, of Lorena and Brackettville died January 13, 1990.

Services were held Monday, January 15, at 10:30 a.m. at the St. Andrews Episcopal Church in Brackettville; interment was in Kinney County Cemetery.

She is survived by her husband: Edwin K. Snyder of Lorena; son: Edwin K. Snyder Jr. and A.S. "Tony" Snyder, both of Lorena; Daughter: Annice Snyder of Brackettville; Mother; Thelma Lewis of Whitney; Sisters; Jan Creamer of Whitney and Paula Holley of Fort Worth; Brother; John Lewis of Fort Worth; Five Grandchildren.

The family requested memorials to be made to their favorite charity.

Arrangements were under the direction of Rushing-Estes-Knowles Mortuary, Inc., of Brackettville.

**If you're
concerned
about paying
your December
electric bill . . .**

CPL wants to help.

During the recent cold spell, CPL customers set a new record for electric usage. Naturally, that means higher electric bills.

At CPL, we realize that these unseasonably higher bills can be a hardship for some of our customers.

If you're concerned about being able to pay your December electric bill on time, please contact your CPL office to work out a payment plan. We will be happy to work with you.

4-H REACHES YOUTH IN MANY WAYS

Today's 4-H program is noted for its flexibility, a feature that makes it the largest youth serving organization in the country.

4-H is flexible because it is organized in different ways, for different needs, in different places. Organization may take the form of community or neighborhood club, a project club, a special interest group, or special activity. Young people may take part in 4-H through any or all of these.

The community 4-H club is associated with an area known to local people like a small community, a particular section of a town, or other area. The number of 4-H members in a club may range from five or six to more than 100. This type of 4-H club continues from year to year. Boys and girls belong to the club, enrolling in projects according to their interests.

4-H projects offer an opportunity for youth to make critical decisions to aid in later life. Through planning and carrying out a project, youths learn to apply these decisions to real-life problems.

In a project involving raising any animals, the member must do the following:

--compare and contrast animals as the basis for deciding which to keep or cull, to breed or to buy. Basic training of this nature is done in livestock judging.

--identify characteristics of individual animals that qualify or disqualify as certain breeds or species.

--learn nutritional ration ingredients needed for health and growth and identify animal parts and their functions.

--use previous experience and subject matter learned to recognize health problems and courses of action needed to be taken.

--identify errors through recognizing and correcting mistakes such as incorrectly identifying the breeding cycle or gestation period of an animal can cause a loss of productivity and money.

4-H offers parents, as well as youth, an opportunity to grow, to develop, and to learn. So, actually, 4-H is for parents, too. If you are interested in the 4-H program in Kinney County, call or come by the Kinney County office of the Texas Agricultural Extension Service located on the 2nd floor of the county courthouse.

KINNEY COUNTY 4-H & FFA LIVESTOCK SHOW

The 1990 Kinney County 4-H & FFA Livestock Show will be held this Friday and Saturday, January 19 and January 20. half stripe on the sides. Note the embroidery on the coat. This uniform was for all seasons, worn with long handles, made of wool.

OLD ARMY DAYS

BY WALLACE MORGAN

The Cavalry Officers' uniform of the 1880's was typical as pictured. The grayish, or very light tan hat, was not used except during this period, and not during earlier periods, as shown in numerous movies. The coat is nearly the same color, blue almost black, as the navy P coat of world war II and later periods, and made of wool. Current Army dress blue coats are the same color. The trousers are sky blue, with a Cavalry yellow one and one

REFLECTIONS

BY PRESTON TAYLOR

FIRST BAPTIST CHURCH

Do you ever make a mistake? Ever do anything mean or wrong? God declares this sin. Doubts about one's sinful nature and acts of iniquity can't be honestly called into question. But what about the results of sin?

Satan, the old devil, rejoices when a person does wrong. He rebelled against God and leads others down that same trail.

When a person sins he encourages others to join him. The one who steals, swears, or makes false statements feels better when another becomes stained with those same sins.

The one who does wrong does not want to admit his guilt. He tries to hide it. He covers it up. Did you ever see a person who gave advance notice to the police force that he planned to drive while intoxicated?

A curse falls upon the one who commits evil. Man in his pride will pretend that he's not wrong in doing a particular "act." He may even try to persuade himself that he can do what he does without suffering the consequences. Not so. "Be not deceived! God is not Mocked!" A man will harvest what he plants and much more, and usually at a later date. Pay day is coming!

Let's add a Post Script (P.S.). Sin may be forgiven. Evil may be pardoned. There's one answer. Go to Calvary. Jesus Christ, God's only begotten Son, paid the sin penalty for man. The Bible declares Jesus as the one Hope of all humanity. He's the way, the truth, and the life. There's no other way out.

and what might be done to alleviate those conditions.

Addressing the illegal immigration dilemma through economic development, trade, and investment has been a strong interest of mine since I came to Congress. A view of the immigration problem as simply a domestic problem in the United States is an incomplete view.

Most recently, on December 7-10, the Commission conducted a bi-national conference on U.S.-Mexico border industrialization at the Woodlands, Texas. there could not have been a more opportune time to address this issue given Mexico's recent efforts to open its domestic markets, improve its international competitiveness, and spur its domestic economic growth. Because the U.S. and Mexico are so interrelated economically, there are tremendous opportunities to help improve the Mexican economy, as well as our own, through trade, investment, and economic development policies.

Because of your continued interest in implementation of IRCA, I want to inform you of recent measures to address some continuing problems. Congress recently passed legislation allowing states to use State Legalization Impact Assistance Grants (SLIAG) reimbursement funds for public education and outreach to assist with adjustment of status to permanent residency and for public education to reduce employment discrimination. And the Immigration Subcommittee will soon consider family unification legislation intended to help prevent spouses and minor children from being separated from eligible immigrants legalized under IRCA.

ILLEGAL IMMIGRATION

Update on the latest activities of the Commission for the Study of International Migration and Cooperative Economic Development legislation. This commission was created by an amendment I authored to the Immigration Reform and Control Act of 1986 (IRCA), to address the international economic aspects of illegal immigration into the United States: the poor economic and political conditions in other countries around the world that lead people to come here illegally in search of a better life,

"No, I'm not from next door - I'm from the university. Your party just hit 7.4 on our Richter Scale."

The machines are located within our offices in the following cities: Cotulla, Carrizo Springs, Crystal City, Uvalde, Del Rio and Eagle Pass. For further information, contact Mrs. Almut Wetzig, Director of Finance at (512) 876-3533.

All proposals must contain, at a minimum the following information: (a) the number of service calls or visits that will be made to each office per month, (b) indicated what replacement parts will be covered under the service/maintenance agreement, (c) indicated what replacement parts will not be covered under the service/maintenance agreement, and (d) a copy of the proposed service/maintenance agreement to be used.

All interested parties must submit their proposals by no later than Monday, January 29, 1990. Please send proposals to the attention of Ramon S. Johnston, Deputy Director Middle Rio Grande Development Council, 403 E. Nopal - P.O. Box 1199, Carrizo Springs, Texas 78834. The Middle Rio Grande Development Council reserves the right to accept and/or reject any and all proposals.

CONTRACTORS' NOTICE OF TEXAS
HIGHWAY MAINTENANCE WORK

Sealed proposals for PICNIC AREA AND LITTER BARREL MAINTENANCE in various locations as stated below, and REST AREA JANITORIAL MAINTENANCE in various locations as stated below will be received at the State Department of Highways and Public Transportation's District Office, Loop 306 & Knickerbocker Rd., in San Angelo, Texas 76906-1550, on February 7, 1990 at 2:00 P.M.; and then publicly opened and read.

Proposals and specifications can be picked up at the offices of the Roadway Maintenance Supervisors in the listed counties.

A prebidders conference will be held on February 2, 1990, at 2:00 PM, in the Training Room of the District Complex located at Loop 306 & Knickerbocker Rd, San Angelo, Texas.

ALL INTERESTED PARTIES ARE URGED TO ATTEND.

Usual Rights Reserved.

CITY OF BRACKETTVILLE

The City of Brackettville City Council will be holding a Special Meeting to discuss the T.V. Cables malfunctions and to appoint a Committee to investigate and gather information for the City Council. The Special Meeting will be on January 22, 1990, Monday at 6:00 P.M. The City would appreciate all concerned Citizens to attend.

Thank you,
Vito La Gioia
Mayor

The Bolas spider does not trap insects in a web. It spins a line of silk with a drop of sticky silk at the end. The spider swings the line at an insect and traps it in the sticky ball.

Before the 19th century and during much of it the yellowstone area was Indian country. The Bannock, Blackfoot, Flathead, Nez Perce, Ute, Crow, Shoshone, Piegon, and the Paiute Tribes lived all around the area know as yellowstone.

They moved back and forth through the area, hunting and fishing but they would not stay in the area because of the weird bubbling mud holes, hot springs and roaring spouting water.

Only the sheepeaters lived in the area permantely. They were branched off from the Shoshone tribe. They lived in the northern part of the area because that was where the mountain sheep lived.

In 1871 they moved to the Gardner Wind River Reservation in Wyoming. The impressive features eight hundred feet deep Sheep Eater Canyon and Towering Sheep Eater cliffs were named for this tribe.

Coulter was the first white man to see the park but since he, a rough illiterate man he was not believe when he told about the Park. In all the local papers they called the park Yellowstone - "Colters Hell" and for several years it was considered a figment of Colter's imagination.

The trappers that passed through Yellowstone were noted for their tall tales so they weren't believed either, Jim Bridger elaborated on the truth, saying if he would be called a liar he might as well accomadate his listeners.

Through expeditions and photographs people began to listen especially about the Hayden and Washburn expeditions and the United States Army Corps of Engineers survey.

Finally on March 1, 1872 a park bill was promoted by members of the two expeditions and western Congressmen and passed both houses of Congress and was signed by Ulysses S. Grant with the following words; "Dedicated and set apart as a public park of pleasuring-ground for the benefit and enjoyment of the people" and the first National Park was born. I have been to the Park twice, once in 1924, and again in 1961. This amazing jewel of a place should be seen by everyone if possible.

CITY OF BRACKETTVILLE

The City of Brackettville's landfill (Dump) will be closed Monday, Tuesday and Thursday starting January 22, 1990. Winter hours for the landfill on Wednesday, Friday, Saturday and Sunday are 8:00 A.M. to 5:00 P.M. and the summer hours are 9:00 A.M. to 6:00 P.M.. The landfill will be closed one-half day on all City holidays, hours on these days will be 8:00 A.M. to 1:00 P.M..

All persons using the landfill must stop at attendant's building for inspection of trash. The inspection will be made by the landfill attendant. All persons hauling trash

to the landfill must contain the trash within the vehicle in which it is being hauled with a tarp, chicken wire or such as not to scatter/litter the debris on the roads and highway.

All appliances, metal/scrap tin, wire and tires must be accompanied by a receipt from the City or the attendant will not permit you to dump them. Cost of permit for dumping items listed above is: Tires-13" to 16"- \$.75/ Tires larger than 16" \$2.75- Appliances - \$3.00 each, scrap tin/metal or wire per 8' bed pickup load or less \$2.00.

Anyone in doubt about what needs a receipt or any other questions concerning the dumping of trash can call 563-2412 or come by City Hall for more information.

Mayor

LOW-INCOME HOUSEHOLDS MAY BE ELIGIBLE FOR ENERGY ASSISTANCE

Austin- Some low-income Texans may be eligible for help in paying heating bills this winter through the Home Energy Assistance Program, according to Texas Department of Human Services Commissioner Ron Lindsey.

Lindsey said the one-time payment is available to many low-income households. Applications for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children, or Supplemental Security Income in December. Other low-income individuals may request an application by calling the toll-free number 1-800-252-8060 during the enrollment period of January 22, through February 28.

Eligibility is limited by gross income and resources. Aid is available for a one-person household having less than \$589.49 gross income per month. The gross income limits are \$781.49 for households of two people, \$973.49 for three, \$1,165.49 for four, \$1,357.49 for five, and \$1,549.49 for six.

Households are eligible if the cost for heating is included in the rent payment or if the household pays a portion of its home energy costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy provider.

People receiving one of these energy assistance checks should mail it or take it in person to the energy provider business office with their regular energy bill. The check can be cashed only by the energy provider. If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the energy bill is higher than the check, the person is responsible for paying the difference.

FIRE DEPARTMENT

The Brackett Firemen responded to two calls this week. One was on Sunday, January

14, 1990, which was an auto accident on Hwy. 90 West, 19 miles from Brackettville at Sycamore Creek. The Firemen were prepared to use their "Jaws of Life" but fortunately it was not necessary.

The second call was on Wednesday, January 17, 1990. A grass fire was spotted 8 1/2 miles out on Hwy 674. The area that was on fire was small and was quickly put out.

The Fire Department has received a donation that has been greatly needed. A SCBA(self contained breathing apparatus) was donated by Oliver Ring. Mr. Ring is an area Rancher. The cost of this equipment is \$1,200.00. Thank you, Mr. Ring, for your generous contribution.

Installing antennas near power lines can change your picture permanently.

You know power lines can be deadly. So, you plan to be extra careful. But, the antenna turns out to be a little more complicated than you

thought. And then . . . Don't do it. Unless you know exactly what you're doing, call an expert who does.

Whatever the cost, it's worth it. One careless moment with a power line can change your picture permanently.
