VOL. 17 NO. 34

AUGUST 30, 1990

BRACKETTVILLE, TEXAS

SUPER "S" PRESENT COMPUTER TO SCHOOL

Pictured above from left to right is Mr. Bob McCall, Superintendent; Bill Sims, Principal of Jr. High and High School; Steve Mills, Principal of Grammer School; and Robert Perez, Manager of the local Super S Store. Angelica Cervantez is seated. Angelica collected the most receipts to help earn the school new computers.

Thursday, August 23, 1990, Robert Perez, Manager of Super "S" Foods, presented the Brackettville School with Apple computers, a printer and software.

Steve Mills, Bill Sims & Bob McCall from the Brackettville School, along with Super "S" Foods correlated the ticket contest.

The contest sponsored by Super "S" Foods is effective in 49 stores in the South Texas Area. Since the first of the year 102

computers have been given away. The second contest started August 8, 1990 with an estimated 130 computers to be given away. It takes \$70,000 in grocery receipts to earn a computer, both Brackett School and Jones Elementary raised \$348,000 in receipts in their last effort. Collection boxes for Super "S" receipts are located at local businesses.

MICHEAL G. NEGRETE GRADUATES

Michael G. Negrete, son of Cordelia P. Barlow, graduated from the U.S. Coast Guard Electronics Technician School located in Petaluma, California.

Petty Officer Negrete will be assigned to the U.S. Coast Guard Omega station in La Moure, North Dakota.

Michael and his wife Karen visited with Cordelia last week, and will visit with Karen's parents in Ingleside, Texas before leaving for North Dakota, where they will be stationed for three years.

NOTICE

Trooper Mario Ramirez will be in this area on the 1st, 3rd, and 5th Thursday of each month (instead of Friday), starting September 6, 1990. He is here for license renewals, driving exams, and Photo I.D.s. His office is located on the second floor of the Kinney County Courthouse.

REA TO HOLD MEETING

The Rio Grande Electric Coop will be holding an "information" meeting September 4th, at 7:00 p.m. in the Town Hall at Fort Clark Springs. The purpose of the meeting is to answer questions from members and update members on operations of the R.G.E.C.

All interested members are invited and urged to attend.

OPEN HOUSE

E & M FLORALS WILL HOLD OPEN HOUSE FOR THEIR NEW BUSINESS ON FRIDAY, AUGUST 31. FREE CARNATIONS. SPECIAL VASE ARRANGEMENT \$4.95. COME BY AND LOOK AT THE BEAUTIFUL FLOWER ARRANGEMENTS, PRETTIES FOR THE HAIR AND LOTS MORE.

EVERYONE WELCOME!!!!!!!

**OLD ARMY DAYS
BY WALLACE MORGAN**

Spofford, Texas, in front of the old railroad depot, date probably during the late 1930's. The Fifth U.S. Cavalry Regiment is seen lined up in front of this old depot. It appears that a very important person had died, and the casket is being readied for shipment to another area for burial.

Note the scenery in the background. The old buildings, which no longer stand, possibly bring back memories of an era long gone.

**NEWS FROM FIRST
UNITED
METHODIST CHURCH**

First United Methodist church members Ron and Lorene Buckles and Betty Inman were recently confirmed as members of the St. Croix Volunteers in Mission Work Team. They will leave from San Antonio October 16, at their own expense, to aid in cleanup of the devastation left by hurricane Hugo. It has been announced there will be a Communion Rail offering this Sunday at the local church to help purchase hardware, lumber and other materials to be used on the project.

Happy Shahan, owner of Alamo Village, gave the program at the monthly Methodist Ladies' Luncheon in Slator Hall on Wednesday the 15. The tables were effectively decorated with pinatas and bright tablecloths. Nakai Breen was responsible for the decorations, and for the three door prizes won by Rev. Cole, Frances Taugner and Hazel Earwood. Mildred Borden was hostess for the luncheon.

BID NOTICE

Kinney County Commissioners' Court is accepting bids or proposals for Health and Life Insurance and a Texas Multi-Peril Policy covering all of the following County property for the perils of fire, windstorm, hail, hurricane, explosion, riot, civil commotion, smoke, aircraft, land vehicles and vandal/malicious mischief:

BY ALAN L. MCWILLIAMS

The annual ram performance test conducted by the Texas Agricultural Experiment Station (TAES) between Rocksprings and Sonora will begin with delivery of the rams September 07-10. The field day at the end of the test has been set for March 14, 1991. The animals may be entered as individuals or in sire or ownership groups.

The test is open to all breeds and animals need not be registered. Based on the type of data collected, it is more useful with Finewool breeds. Animals should be lambs at the time they are entered. Those showing yearling teeth will not be accepted.

Registered rams born on or after October 01, 1989 will be eligible for the American Rambouillet Sheep Breeders Association's Registry of Merit Program. It is suggested that cooperators limit entries to no more than 20 animals per flock.

All animals will be required to be examined and tested for epididymitis prior to the test. They will be examined by station personnel at the time of delivery. If they have not been tested before delivery, a blood sample will be collected at that time. The cost for testing will be passed on to the producer.

This year's test will include a proposal for use of ultrasound to estimate fat thickness and loin eye area. This will be an optional part of the test. As with the epididymitis testing, any expenses will be passed on to the producer wishing to participate in the ultrasound portion of the test. As in the past, the test will be on a self-sustaining basis. An initial deposit of \$140.00 per animal will be levied at the beginning of the test. Any unused funds will be returned after the test is completed.

If you need more information, contact the county extension office.

The Texas Agricultural Research and Extension Center's Sheep and Goat Field Day will be held September 6, in San Angelo. The field day is dedicated to Elmer Kelton, noted western author and West Texas journalist.

There will be registration starting at 9:00 a.m. at the Center located eight miles north of San Angelo on U.S. Highway 87. Coffee and donuts served during registration are being provided by Tom Green National Bank.

The morning program will consist of outside tours under the directions of Dr. George Ahlschwede, Extension Sheep and Goat Specialist at San Angelo.

- The tour stops will include:
- Potential Contributions of the Australian Merino Breed to Sheep Production in the U.S.
 - Effects of Supplemental Feeding on Weaned Angora Kids on Rangeland.
 - Treatment of Individual Mesquite with Herbicide.
 - Pearmouth and other Health Problems of Sheep

caused by Prickly Pear.
--Safe Use of Cotton By-Products as Feed Ingredients.

There will be a catered lunch served on the grounds following the morning tour. Herman Moore, President of the Texas Sheep and Goat Raiser's Assn. will begin the afternoon session at 1:00. Afternoon topics include:

- American Sheep Industry Association Report.
- What's Affecting Our Weather?
- Looking Ahead in the Sheep and Goat Industries.

The field day will conclude at 3:00 p.m. with optional tours for those interested in seeing the Wool and Mohair Research Lab.

One more item that may be of interest to some of you is the development of a hardy new grass that uses less water and needs less mowing.

Prairie buffalo grass is a newly adapted minimum-care turf grass especially suited to Texas sun and drought conditions and will be available next spring.

the grass performs well in hot, sunny conditions, requiring minimal irrigation, mowing and fertilizer. It was developed by Dr. Milt Engelke, a turf grass breeder at Texas A&M's research center in Dallas. Dr. Engelke says that this will make an excellent grass for roadside and airport right-of-way. Residential lawns and industrial parks could benefit from use of the grass. Dr. Engelke states that the State of Texas spent \$38 million in 1988 to mow highway right-of-ways, and this turf grass could significantly reduce those costs.

A typical homeowner with a Prairie buffalo grass lawn would need to mow and water only two to three times during the whole growing season. Left uncut, the grass grows to a maximum height of about four inches, but it may be mowed shorter and more frequently and still maintain its dense appearance. It is not suited for shade. He says that this turf grass spreads faster, has fewer weeds, and a denser appearance than any other commercially available buffalo grass cultivar. Prairie produces neither seed heads nor pollen. It is grown from sod, sprigs, or plugs.

Certified producers will offer "Prairie" for sale through nurseries to the public next spring.

LIBRARY NEWS

Six children of Kinney County have distinguished themselves by being the Top Readers in our Summer Reading Program. The kids in the reading group have kept their reading skills sharp during the summer and will therefore enter school next week ahead of many of their classmates. The Parents who read to their children in the Read-To-Me group have instilled in their children an appreciation for the printed word and shown their love by the time and effort they have spent with them. We wish to offer our support and congratulations to those children and their parents!!!!!! Read-To-Me winners are: Courtney and Ryan Frerich, son and daughter of Liz and Alan Frerich, tied for the Top Reader with 180 books each. The third Top Reader award goes to Mitch

Carroll, son of Melody and David Carroll. Kids, come by the Library and pick up your gift certificate for your treat at Burger and Shake. Honorable Mention goes to Jacquelyn Ann Conoly daughter of Lisa and Stan Conoly. Reader Winners Are: Rob-Anna Hough, daughter of Cindy Hough, was our top reader. Duquesa and Sam Hunt daughter and son of Molli and H.C. Hunt, tied for the second and third Top Readers. Kids, Come by the Library and pick up your gift certificates for your videos at Rory's Video Review. Honorable Mention goes to Both Jolee Jones, Daughter of Melanie and John Jones, and April Crumley, Daughter of Alan and Karen Crumley.

We wish to thank Ms. Alvin Wilson for her books and time donated to the Library and to Mr. Lee Schermerhorn for his generous donation to the Library. Thanks also to Dr. Pat Seewell and Mr. Bill Mitchell for the time and money they donated for the new bookshelves in our Children's Room. We are continually getting new books in including best sellers such as; Don't Shoot It's Only Me and the Fifty Profession. Come to the Coolest Friendliest Place East of the Pecos.

ATHLETIC BOOSTER CLUB MEETING

The Athletic Booster Club held their first meeting on Monday, August 27th.

Coach Kolb introduced the Coaches and discussed how they wish to express good sportsmanship and leadership to the players. Coach Kolb then showed a video of the Leakey scrimmage. He stated that the Tigers made some mistakes at first but the boys really came alive as the game progressed. Brackett averaged 7.7 yards per carry while Leakey averaged 2.2 yards per carry.

Coach Kolb stated said that the boys had been working hard and were showing improvement everyday.

The Booster Club elected it's new officers. They are as follows: President- Harrell Floyd, Vice-President- Manuel Pena, Treasurer - Rachel Clements, and Secretary - Elene Luna.

This year the Booster Club will include the Jr. High students. Darlene Shahan and Beth Ann Smith will be the organizers for the Jr. High activities.

The Club discussed having a Brackett All Sports Banquet this year. Coach Kolb presented ideas on how the Club might handle the Sports Banquet and everyone was in favor. The Banquet is to be held sometime during the of the school year.

The Athletic Insurance B-B-Q was also discussed in great length. Due to the fact that the B-B-Q was not as successful as years past, the Booster Club members felt it should make the Athletic Insurance B-B-Q and the Brackett All Sports Banquet top priority activities for the 90 - 91 season. Other fund raisers and ideas were also discussed.

The Booster Club will hold a B-B-Q at the Civic Center on September 6th. The B-B-Q will kick-off our season by meeting the football players, volleyball players and the cheerleaders. It will cost \$4.00 per plate for adults and \$2.00 per plate for children.

We encourage The Brackett Fans and Parents to come out and show our support for the students. Let's make this a great year for our students. See you at the B-B-Q!!

Popcorn was one of the treats enjoyed by the American colonists at their first Thanksgiving dinner. It was offered by Quadequina, brother of the Indian Massasoit.

IF YOUR INTRESTED IN JOINING COME AND SEE US UP AT THE FIRE STATION ON WED. NIGHT AT 8:00 WE MEET ON THE FIRST 3 WED. OF THE MONTH

BACK-TO-SCHOOL

The lazy days of summer are over and the back-to school race is here.

Running to school in the morning or from school in the afternoon, children run the risk of injury.

"Head injury is among the most dangerous of injuries, especially for children," according to Dr. James Wasco, Medical Director for the New Medico Head Injury System. "Any injury to the brain can significantly impair a child's ability to learn, concentrate or remember information and this can have a damaging effect on a child's development.

Before you send your children back to school, outfit them with a few safety reminders.

WALKING TO SCHOOL

Most pedestrian accidents are the fault of the walker, not the driver, according to the National Safety Council, so:

- *Be sure to allow enough time for your child to get to school without rushing.
- *Plan your child's walking route to minimize the number of street crossings.
- *Teach your child always to use sidewalks and to cross at crosswalks. Where there are no sidewalks, have your child walk facing traffic, so the child can see oncoming cars.

BORDER PATROL WOMENS AUXILIARY

Have you noticed that the first two miles of Highway 90 West outside the city limits of Brackettville is sporting a new Adopt-A-Highway program sign? The Brackettville Border Patrol Womens' Auxiliary has adopted that area of the highway and is gearing up to do their first trash pickup Saturday, September 15.

The State has major trash pickup themes and incentives throughout the year to get interested groups involved in the effort to keep Texas Highways clean. This September Anheuser-Busch is the special sponsor promoting cleaner highways. They are providing promotional items to the participants and Wild Flower Seeds to be planted during the pickup.

Any persons interested in helping with the September Trash Off are encouraged to come on out and join the fun (but be ready to work!) with the Border Patrol Group. If your group would like to adopt their own area, contact the local Texas State Department of Highways.

OBITUARY

MRS. VICTORIA FACTOR

"YEA, THOUGH I WALK THROUGH THE VALLEY OF THE SHADOW OF DEATH, I WILL FEAR NO EVIL, FOR THOU ART WITH ME; THY ROD AND THY STAFF, THEY COMFORT ME."

Mrs. Victoria Factor entered into rest on Tuesday, August 28, 1990 at the home of her daughter on Sheedy Street, in Brackettville, Texas.

Mrs. Victoria Factor was born in Nacimiento, Coahuila, Mexico on March 22, 1890, to the union of Mr. Willie Wilson & Mrs. Tina Wilson. Eleven children were born into this family and now deceased she leaves three out of the eleven. May her soul rest in peace.

The family came to Brackettville at an early age and established american citizenship.

On March 22, 1911, Victoria was united in matrimony to Kelly Factor, who preceded in death. To this union twelve children were born, seven of whom died at an early age.

Prayerfully mourning her death and giving thanks for her life are her daughters, Tina Kelly of El Dorado, Texas, Cerilla Daniels and Annie Shields of Brackettville and Mary Jefferson of Fort Stockton, Texas, her son and daughter-in-law Freddie and Maggie Factor, of Sanderson, Texas, her two brothers Willie and Sam Wilson of Nacimiento Coahuila, Mexico and one sister, Tina Kelly of Brackettville, Texas and twenty-four grand children, sixty great-grandchildren, twenty-one great-great grand children, and host of nieces, nephews and friends.

Public Notice

Southwestern Bell Telephone Company has filed an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

Call Blocker - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

Call Cue - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

Call Return - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

Priority Call - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.*

Call Trace - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

Selective Call Forwarding - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is October 7, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,900,000.

Persons who wish to comment on this application should notify the commission by September 27, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

*Some telephone equipment may not be compatible with Priority Call Service.
**In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

The first transatlantic wireless signal was received by Marconi in 1901 at Cabot Tower on Signal Hill, St. John's, Newfoundland.

THE SIGNS OF THE TIMES

Jesus said, "But as the days of Noe were so shall also the coming of the Son of man be. For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noe entered into the ark, and new not until the flood came, and took them all away; so shall also the coming of the Son of man be." (Matt 24:37-39)

The most terrifying experience that I could imagine would be to be left on this earth to endure the wrath of God once the true church of Jesus Christ has been taken off this earth. Jesus warned that his coming was going to be with lightning speed in the day of his second appearing. (Luke 17:24) He further warned that many would be caught unprepared in that day, and thus many would be left on earth to endure "----great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be." (Matt 24:21)

In Luke 17:28-30 Jesus said, "Likewise also as it was in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded; But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all. Even thus shall it be in the day when the Son of man is revealed." What the Lord is telling us in these two illustrations of Noah and Lot is that there will be NO TIME TO REPENT once He appears in the clouds to take His children home! The Holy Spirit revealed to the Apostle Paul how it would be at Jesus' coming: "Behold, I show you a mystery; We shall not all sleep (die), but we shall all be changed, IN A MOMENT, in the TWINKLING OF AN EYE, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed." (I Cor 15:51)

You see, no one believed the warnings of Noah that God was going to send judgment upon the earth for the wickedness of their hearts. (see Gen 6:5) For 120 years Noah preached that God was going to destroy those who did not repent, but none heeded his message until it was too late. The bible says it will be the same way in the last days. "Knowing this first, that there shall come in the last days SCOFFERS, walking after their own lusts, And saying, Where is the promise of his coming? For since the fathers fell asleep, all things continue as they were from the beginning of the creation." (II Pet 3:3,4)

Folks, please do not take God's Warnings lightly! "God is not a man, that he should lie; neither the son of man, that he should repent: hath he said and shall he not do it? or hath he spoken, and shall he not make it good?" (Num 23:19) Even now, the last of the end - time prophecies is being fulfilled. The collapsing of the walls in many communist countries is for two reasons: to allow the Jews to come home, and to allow the gospel to be preached. "And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come." (Matt 24:14)

For the child of God who has committed all to Jesus Christ, and walks in holiness, this day will come as a blessing; for the unrighteous, as a curse. Even now we stand on

the brink of what is surely this world's final realignment of nations. Yet, so many are going on with life, seemingly unconcerned and unaware of the dangers which lie ahead. "And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that come upon you UNAWARES. Watch ye therefore, and pray always, that ye may be accounted WORTHY to escape all these things that shall come to pass, and to stand before the Son of man." (Luke 21:34,36)

In Christ's Service,
BY BONNIE WHITE

VARIETY NIGHT SHOW BY LASHAWN WARDLAW

The Variety Night Show, August 25 at the Fort Clark Amphitheater was an incredible evening of laughter, excitement and total Southwest Texas fun.

Over 600 people attended the event sponsored by The Old Quarry Society. Fort Clark people and others from this area agreed that this was definitely a first-class show.

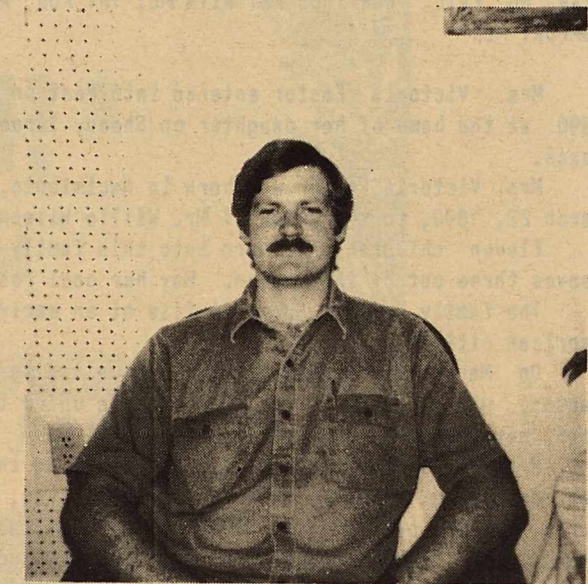

Local entertainment such as The Southwest Wranglers and Templeton Sisters of Alamo Village were a hit with their new music never performed in the area. The Southwest Wranglers displayed their acting abilities with a western melodrama named, "Maladon". Characters such as "Corn-Popcorn" and "Newton-Fig Newton" gave the crowd a taste of serious western comedy. Miss Kinney County 1990, Shelley McDaniel reddened a few faces with her "It's Not Over Till The Fat Lady Sings" routine. Hysterical! Dressed in his mariachi outfit, Hector Guardado of Eagle Pass sang two of his top Spanish songs. The Piedras Negras mayor and his wife, Mr. & Mrs. Trevino who joined the festivities applauded their local talent.

The glamorous, magnetic and gifted talent of Natalie Evetts was a huge hit last Saturday evening. Singing "Stormy Weather" in a blue, gold sequined jumpsuit in the first half of the show, Evetts had the audience wanting more. They got it, because the second half she performed "Happy Days" with the same dynamic quality.

Tiny Mac- The Fabulous Fat Man brought his Disney Comedian-Impressionist-Singer act to Fort Clark. He has opened for Bill Cosby, Redd Foxx and Redd Skeleton which is understandable after his fantastic performance. Before the show, he claimed that he could impersonate a K-Mart if he'd lose some weight! From Willie Nelson to Ronald Reagan, he kept the crowd roaring. A person would have assumed that he or she had seen all the talent one man can possibly be blessed with, and that's when Tiny belted out songs in a voice that could retire all the top ten on the billboard charts. Completing his act, Tiny performed his "Tacos For Two." A person would have to see it to believe it. This gentleman could do things with his stomach that were unbelievable!

For Happy Shahan, coming out of retirement to sing for the terrific crowd was enjoyable. For those who had not known Shahan could sing were surprised. For those that knew he could were proud. Shahan closed the show with the song, "Nightlife" performed as if it were 30 years ago. Quite a performance!

With the help of the many volunteers, this show proved to be extremely successful. Thanks to all of those that gave their time and talents. Plus much thanks to Sunshine Garden and the Sagebrush Shoppe for providing the greenery.

Pictured above is Firefighter Richard Wills. Richard grew up in Brackettville and graduated from Brackettville high in 1978. He attended Texas State Technical Institute, (TSTI), in Waco and then returned to Brackettville and went to work for Southwestern Communications, where he is still employed.

Richard joined the Fire Department in October, 1986. He has held the offices of Captain, Secretary/Treasurer and Chief. He has actively participated in firefighter training. He has been to the Texas A & M Firefighter Training School and Winter Garden District Fire School as well as our own training drills. Richard has nearly enough hours to obtain basic firefighter certification from the State Firemen's and Firemarshalls Association.

Being very safety minded when we are called out, Richard always keeps a cool head and that is very important in this dangerous business.

Brackettville is lucky to have firemen like Richard Wills who go out of their way to provide such a vital Community Service for free.

THANK YOU

More words cannot express my feelings to those of you whose thoughts and prayers were with me during my recent surgery. Knowing that you care has made a difficult recovery bearable.

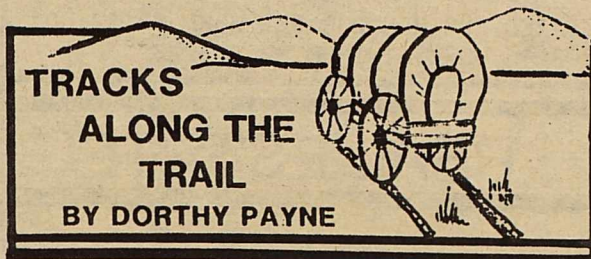

Sincerely,
Walt Geeze

There is a couple at Fort Clark that have been here only about four years. They been married almost forty years, have two adopted children and three grandchildren.

He remodeled a Troop Mess Hall into a home to live in, but her health problems and his part time CPA job in San Antonio have kept it unfinished. This hasn't kept them from getting involved with trying to make Fort Clark a better place to live. Both are active in the Catholic Church, Lions Club, and Historical Society. She works in Sutlers store, making Texas shape and Lion cookies, made the raffel quilt for Historical Society, and baked the cakes for the Buckle's anniversary. He has been Santa Claus for the Lions Christmas food drive, works in the museum and made the Bar-B-Q for the Lions-Teachers picnic. They have made many friends, are trying to make the flowers smile a little more and really regret all the time they have to spend away from here, especially miss the year round swimming while gone. If anyone wants to help make the Boysen's feel a little better, pray for and send Rosalie a card at, P.O. Box 530, as she struggles to overcome a serious health problem and give Roland a word of encouragement to help him through this trying time.

Heard tell, Mr. & Mrs. Les Schofer and family spent a marvelous weekend vacation on South Padre Island. Sounds Fun!!! - Snoops

SNOOPS

By Dorothy Payne

In the beginning wells for the settlers were hand dug. Just west of the ninety-eighth meridian the soil was too hard and water was to deep.

The first really deep well was drilled in Paris, France. Drilling started in 1832 and the well was completed in 1840 and was seventeen hundred and ninety-eight feet deep. Artesian wells also had their beginning in Artois, France and named after the town.

In the United States well drilling is believed to have developed between the years

1870 to 1880. Before that the United States government had tried well drilling experiments on the Staked Plains with little success. They needed water to assure the progress of the building of the railroads. It was not until individuals drilled their own wells did the drilled well become commonplace.

In Kansas, Texas and elsewhere men tried artesian wells to raise the water to the surface but they weren't very successful because of the depth of the well and of such slow delivery.

When pumps were tried the cost was too high and they were always breaking down.

Finally the windmill was adopted and developed into the best method. Some mills were homemade and others were made by various companies. On my father-in-laws ranch in West Texas a windmill called the eclipse has blades as long as a man is tall. This particular windmill is still in operation in a park museum.

As long as the wind blows the mills will pump water and on the Plains the wind blows forever.

The farmer didn't exactly introduce the windmill, probably the cattleman was the first. The extensive use of the windmill was credited to the new transcontinental railroads.

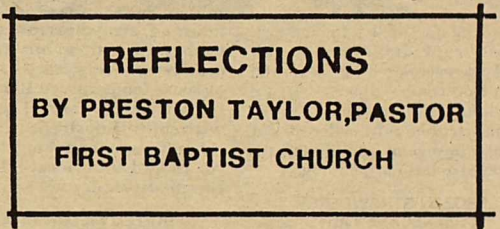

PRAYER TO ST. JUDE

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever, Sacred heart of Jesus, pray for us.

St. Jude, help of the helpless situations, pray for us.

Say this prayer 9 times a day for 8 days and then publish. Your prayer will be answered. It has never been known to fail. Publication must be promised.

A.V.

The Rotary Club is one of our town's excellent clubs that benefits everyone of us, even when we don't know it!

Every Rotary member has a framed four-way test. Those ideas ought to be "framed" by every person.

Question number one on the test asks, "Is it the truth?". This is a clear call for basic honesty and integrity. Those who have begun a new school year should keep this rule in the center of life.

Truth is a rare commodity. Half-truth is falsehood. A person may fragment truth. It's possible to "pick another person to pieces," or leave a distorted and suspicious picture of another. Of course, the reason for making others suspect is to make number one superior and successful. Truth or not truth, no person likes to come in last!

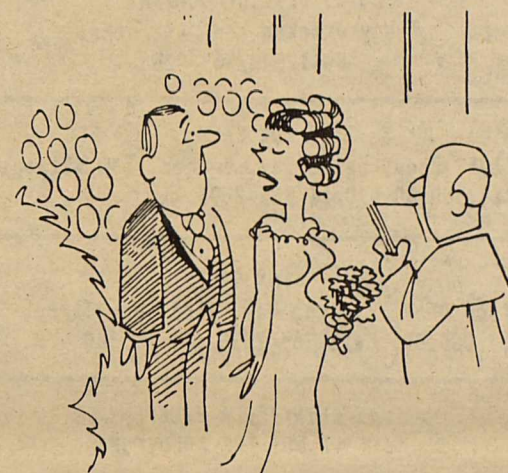

Question number two says, "Is it fair to all concerned?". A form a part of what should be a people who "hold together". When we take

advantage of some issues, the action may give a limited number of people some big benefits. But is the action fair to every one else?

Question number three asks, "Will it build good will?". Before I commit myself to carrying out some design or plan, I should know the act will produce harmony and not fracture or destroy relationships. To divide is the design of the devil.

Question number four also turns an exclamation mark into a question mark, "Will it be beneficial to all concerned?". Selfishness or unselfishness is the core of this question. Robbery, rape, the lust for power and control over others are all actions which violate the well-being of everyone. A concern for others helps us determine what course of action we will follow.

Whether you like tests or not, try to put into action the four-way test which has become the guidelines of one of our civic organizations.

"I want it to look nice for the reception."

HAPPY BIRTHDAY TO OUR HONORABLE MAYOR, LARRY MOORE on Thursday, August 30, 1990.

FLAVORS 'N FUN

Cool And Delicious

Looking for light summer desserts? Treat yourself Royal-ly with these cheesecake or gelatin and fresh fruit combinations. Helpful Hint: Make attractive serving containers by hollowing out oranges or melons and filling with prepared gelatin or pudding.

FROZEN STRAWBERRY CHEESECAKE TARTS
Makes 6 (8-ounce) tarts

1 (11-ounce) package ROYAL No Bake Cheesecake*
3 tablespoons sugar
1/3 cup margarine, melted
1 1/2 cups cold milk
1 teaspoon almond extract
1/2 cup frozen vanilla yogurt, softened
1 1/2 cups chopped fresh strawberries
Mint leaves, for garnish

Prepare graham cracker crumbs according to package directions using sugar and margarine. Press on bottom and halfway up side of 6 (10-ounce) tart pans or custard cups that have been lined with plastic wrap. Chill.

Prepare cheesecake filling according to package directions, using milk and almond extract. Fold in yogurt and 1/2 cup strawberries. Divide and spoon mixture into prepared crusts. Freeze until firm, about 4 hours.

In electric blender, blend re-

maining strawberries. Drizzle each tart with about 1 tablespoon strawberry sauce. Let stand at room temperature 10 minutes to soften. To serve, garnish with mint if desired.

* 1 (9-ounce) package ROYAL No Bake Lite Cheesecake may be substituted.

FRUITED MELON BOAT
Makes 4 servings

1 (3-ounce) package ROYAL Orange Gelatin*
1 cup boiling water
1 cup lowfat cottage cheese
1 medium honeydew melon, halved and seeded
1/2 cup chopped fresh strawberries

Dissolve gelatin in boiling water; cool slightly. In electric blender container, blend dissolved gelatin and cottage cheese until smooth. Chill until slightly thickened.

Meanwhile, scoop out melon, leaving 1/2-inch shell; invert shells onto paper towels to drain. Chop enough melon to measure 1/2 cup. (Reserve remaining melon for another use.) Stir chopped melon and strawberries into thickened gelatin; spoon into melon shells. Chill until firm, about 3 hours.

To serve, halve melon shells to make 4 wedges.

* One (.35-ounce) package ROYAL Sugar Free Orange Gelatin may be substituted.

EAT SMART WITH RICE

Here's a festive recipe suggestion made with nutritious and delicious rice. This colorful side dish is low in fat—only five grams per serving—and a good source of fiber. Serve with poultry or pork and you may find that the dish makes a perfect choice for a special meal and a perfect way to make any meal special.

APPLE HARVEST RICE

1 cup thinly sliced carrots
2 tablespoons butter or margarine
1 1/4 cups water
3/4 cup apple juice
2 tablespoons EACH lemon juice and brown sugar
1 teaspoon salt
1 cup uncooked rice
1/2 teaspoon ground cinnamon
1/2 cup EACH raisins and sliced green onions, including tops
2 cups cored, sliced, unpeeled apples

Apple Harvest Rice is an easy-to-prepare side dish that's delicious with pork or poultry.

1 tablespoon toasted sesame seed

Cook carrots in butter until tender crisp, about 5 minutes. Add liquids, brown sugar, salt, rice, cinnamon, and raisins. Bring to a boil. Reduce heat, cover, and simmer until rice is tender and liquid is absorbed, about 15 minutes. *Stir in green onions and apples; heat thoroughly. Top with sesame seed. Makes 6 servings.

* Cook 25 minutes for parboiled rice. For brown rice, add 1/4 cup more water and cook 45 minutes.

"I DON'T EVEN HAVE \$72,000 TO PUT IN IT."

The most expensive wallet ever made is a platinum-cornered diamond-studded crocodile created by Louis Quatorze of Paris and Mikimoto of Tokyo. It sold for \$72,000.
