

Molly Schroeder, President of the Friends of the Library, with D. Harold Byrd and his wife, Roberta, and Librarian Mary Mitchell. The Byrds are familiar faces to many Kinney County residents due to their ranching interest here. At present, Mr. Byrd is involved in an extensive wildlife program on his ranch which will improve his whitetail deer herd.

Hillcrest Foundation contributes bulk of money for Library fund

By LES ROPER
Cavalryman Editor

FORT CLARK -- The Friends of the Library's executive committee honored Mr. and Mrs. Harold Byrd with an appreciation dinner Tuesday evening at the Las Moras Inn. Mr. Byrd was instrumental in raising the \$25,000 for the Library Expansion Fund through the Hillcrest Foundation. His love and compassion for a small rural community was clearly obvious as he accepted the well deserved accolades that were given to him.

A very elite group of guests were on hand to extend their appreciation for Mr. Byrd's generosity. Heading the list and, also, handling the duties of emcee was Mr. Happy Shahan, accompanied by his wife, Virginia.

Special recognition was given to Bess and Stafford Fritter, who donated the Mellifont building that will be used in the expansion of the Library. Mr. and Mrs. Fritter's lives have traveled through many decades of Brackettville history and through these years the respect for them has never quit growing.

President of the Friends of the Library, Molly Schroeder, was glowing with pride and satisfaction as she sat and very modestly watched the recognition of visitors and workers who had been instrumental in the promotion of the project.

Seated at the head of one of the tables was Mrs. Charles Wilson, one of Brackettville's oldest and most respected citizens. The "Happy Man" (Shahan) told the crowd that after checking with the

Friends he was told a total of \$25,100 was needed to put the project over the top. He immediately returned to his ranch and notified his secretary to get Harold Byrd on the telephone. When Mr. Byrd answered, Happy said, "Harold, I have a great deal for you. We need \$25,100 more to put our expansion program over the top. If you will raise the \$25,000 we'll raise the \$100." Shahan looked around and asked Mary Mitchell if "we have raised our \$100 yet."

Another distinguished guest who had contributed \$5,000 through the First State Bank of Brackettville was bank president, Don Ralston and his wife, Joy. The bank, under Ralston's leadership, has been instrumental in supporting many of Brackettville's youth projects through the years such as

Little League baseball, FFA, and high school sports.

Rounding out the guest list was Rose Mary Slubar, Toady Fritter, Thelma Adams, Elsie Sauer, Earlene Thurber, and Jewel Robinson.

The Byrd's have ranching interest in Kinney County and, at the present, he is involved in a very intense game management program that is producing quality whitetail deer on a regular basis. When you question him about this project you can see his eyes light up with satisfaction as he very warmly explains his program and it's success.

From the Friends of the Library and the citizens of Kinney County, thank you Harold and Roberta for your generosity and may your lives be richly blessed in the years to come.

Hardcopy visits Brackett School

By LES ROPER
Cavalryman Editor

B.I.S.D. -- School superintendent, Bob McCall, received a visit this past Friday from Aimes Yates, reporter for the nationally televised program, Hardcopy, who was covering the story involving the high school coaches and the paddling incident that occurred about six weeks ago.

A call to McCall's office verified that the Hardcopy producer, Dan Hardy, had contacted McCall earlier and asked permission to come to Brackettville and question the superintendent on the incident. Hardy did state that a Mrs. Mary LaGioia had contacted his office requesting the TV company come to Brackettville and cover the story.

When questioned about the incident McCall responded by stating, "to our knowledge there are just two sets of parents who are disturbed over the incident." He went on to say, "I think the whole story has been blown out of proportion. It has been carried beyond what it should have been."

Reporter Aimes asked Mr. McCall if he would administer corporal punishment to his child and he answered that he would. He requested that the reporter (Aimes) ask the LaGioia family if they would punish their children if they needed it. He went on to say, "I am curious as to how Mr. LaGioia will answer that question."

The Hardcopy reporter did tell McCall that he was the first person he had questioned in regards to the paddling and was not

completely sure a story could be printed from the interviews.

When asked if he knew of anyone else questioned by the Hardcopy reporter he answered, "no." He did say that none of the coaches who were involved were questioned. McCall did give the reporter the names of the sheriff and the county attorney, but he did not know whether they were contacted or not.

It is on record that the coaches involved were supported by the School Board and the people in Brackettville. It was noted that some school boards, because of political ramifications, might not have supported those involved. The way the situation was handled was certainly a compliment to the local citizens who serve on the Brackettville School Board.

There are so many unanswered questions in regards to the paddling of these students.

Why did parents become so infuriated over the paddling of a student? It has been a practice that has been going on in school systems for years. Did the parents who stood up and screamed the loudest go through school without ever witnessing a spanking in school or receiving one themselves? What happened to the days when a youngster got a spanking in school and his or her parents found out about it? The spanking at school usually resulted in to a full fledged "butt buster" after you got home.

A recent poll taken from adults 30 years and older resulted in 100% response with all of them

Seven earn Presidential Academic Fitness Award

Cavalryman Reporter

B.I.S.D. -- The Brackett High School Auditorium was busy most of the day this past Wednesday, as special awards and achievements were passed out to the students of Jones Elementary School. Moms and Dads, Grandmas and Grandpas, and friends were on hand with all of the students and teachers as recognition was paid to

students who had earned the honors.

One of the first awards passed out was for Perfect Attendance during the year of 1990-91. Youngsters receiving their certificate for perfect attendance were Francisca Garza, Ignacio Lopez, Viviana Rosalez, Windy Goodloe, Charlotte Rose, Elizabeth Aguirre, Caleb Crumley, Katy Hagler,

Humanistic method of teaching is a flop

By WILLIS BOUTWELL
Cavalryman Contributing Writer

The humanistic approach to education has been so successful that millions have graduated from high school not knowing how to read or write. I see by a recent newspaper article that a study conducted by the University of Florida suggests the nation's best teachers are those who let the students discipline themselves.

My dad was like that in his philosophy of raising us kids. I remember just like it was yesterday.

"Son, did you get the garden hoed this morning like I told you?"

"No sir, I spent the morning interacting with two grasshoppers, seeing which one could hop the farthest."

"Son, I realize how important it is to understand grasshoppers and to develop your emotional stability, but don't you think the garden is important?"

"Yes, sir."

"Here is a peach tree switch. Go behind the barn and discipline yourself."

Dear old dad probably walked away covering his ears so he wouldn't hear my agonized

screams of pain.

Yeah!!

Students need more than a friend to treat them as equals in the classroom. They need a teacher with education and wisdom to plan a curriculum to properly train a child to read and write. The teacher's job is to teach, not be a good buddy.

The failure of the humanistic method of teaching started in the 1960s and '70s. With emphasis solely on students' emotions, and not on academic achievement, an imbalance has been created.

The University of Florida study states that teachers chosen as "teachers of the year" let their students make their own decisions. They changed the curriculum to fit the needs of the student rather than have the student conform to lesson requirements.

The study further states that these teachers were more likely to take responsibility for both the successes and failures of a student, rather than blame a student's learning problems on the home and other outside influence.

Why shouldn't parents take their share of blame? There's enough

Honor Students

Cavalryman Reporter

B.I.S.D. -- Brackett High School senior, Ernest Esparza, has proved to the rest of his school mates that you don't have to be able to bench press 300 hundred pounds to receive the most prestigious award given to a graduating senior. He just finished four years of high school with a 3.98 grade point average and finishing at the top of his class and being named Valdictorian of the graduating class of 1990-91.

Ernest is a very friendly young man who readily admits the honor was not easy to come by. He confessed that he studied long and hard for finish at the top of his class.

He is the son of Jesus and Rafaela Esparza and the youngest of ten children. He has four brothers and five sisters.

Southwest Texas University in San Marcos can look forward to a young man from Brackettville who

Fort Clark Springs Memorial Project

By Joan Boutwell
Cavalryman Contributing Writer

May 23, 1991 the committee for the Fort Clark Memorial Project met at the Adult Center. For those members who do not know what this project is, let me inform and update you. In 1988, a group of interested Fort Clark residents wished to preserve the Old Fort Clark Cemetery (this is located near Unit 3 on Travis Road) as a Memorial Area honoring deceased Fort Clark members. We formed a committee and looked into what could be done. Money was donated by the Community Council and interested members. It has gone to the improvements at the location, such as an iron gateway, platform and cover, electrical outlet and water pipes. Maintenance cleans and

waters the area.

At our May meeting, Walt Fithian, Ron Buckles, Don and Pat Parks, Evelyn Sofaly and your truly got together to try and re-group interest in the project. We discussed many options and have

decided to put plans on hold until September when everyone will be through with vacations. We then plan to have a fund drive to further the development of the project. Many have shown an interest over the years in this project and contributions are still in the bank awaiting further plans. At this time we want to let you know that we are still working on the details and will start a more active campaign in September. If there are any questions you would like answered at this time contact me (Joan Boutwell at 563-2179) before June 4th or after Aug. 15th.

Beautiful flowers, casual cloths and smiles demonstrate the good time had on Hawaii trip taken by Joan and Tellis Boutwell.

Roving reporter returns home

Cavalryman Contributing Writer

Well here we are back home in Brackettville and what a time we had on this trip. We landed in Honolulu and were greeted by our daughter Patty and son-in-law Lonnie Walter. Out to their house we went for much needed sleep, the eight hour flight is a bit tiresome even in first class.

Next day we set out sight seeing, toured the Island visiting many lovely spots such as the Sunset Beach, Sacred Falls, Waimea Falls Park and Dole Pineapple Factory. We took an Island flight to Maui for two days, then flew to Maui for three days and nights.

These two Islands are less populated than Oahu, but Oahu has Honolulu, Waikiki Beach and night spots which make it the most popular for tourists.

Kauai is the most green, getting rain every day and the flowers are beautiful. Maui also is covered with flowers and of course, all the Islands have the wonderful Hawaiian people which make your visit so pleasant. We took in the "Charo" Show, a Luau and show,

a Magic Show and of course a visit to Hilo Hatties--this is a clothes factory making the Hawaiian outfits so liked by locals and tourists. Also located at her place is the Macadamia Nut Chocolate Factory. You can watch the seamstress working on garments and also watch the workers making the delicious candies that are shipped all over the United States.

It's rather expensive living in Hawaii, or at least for the tourist, Meals are high, but good. All plates are garnished with a slice of pineapple as are the drinks. Hawaiian music is heard everywhere and is very pretty. We also went to a Hula Show put on by the Kodak Film Company. This was lovely. We went to Waikiki Beach and swam in the cool but nice Pacific Ocean, very clean though salty. We arrived back in the mainland at Dallas then on to Corpus Christi to pick up our car. Then on up to San Antonio to visit our son Stephen and on to Brackettville. We had a lovely time, but when you drive through the gates of Fort Clark, a pleasant feeling comes over you and you know you're home.

FORT CLARK -- The little nine hole golf course rose up and "snorted in the flanks" of some of Fort Clark's strongest golfers this past Monday morning when Sondra Meil stretched the format from nine holes of golf to eighteen holes. The extended play was due to the Memorial Day holiday that was celebrated three days early this year.

As usual, a big group of players signed up for the weekly Monday morning get together on the little course but the extra eighteen holes caused the "little sucker" to jump up and kick the bejebers out of some of golf's longest hitters. Big hitters like Charlie Smith launched his own special kind of attack but to no avail as the little hog-backed greens ducked and dodged the

incoming Top-Flights.

Finally, after all was said and done, the winningest golfer on Fort Clark, Bill Koons, stepped into the winner's circle with the rest of his team and claimed the first place trophy and check. Koons was assisted by Mike Case, Pete Marroquin, and Art Ray. Some of the golfers think they have discovered the key to Koon's success. He was caught talking to his "big caddy in the sky" on more than one occasion and asking Him what club to use. Could be "Old Bill" might have an inside track.

At the conclusion of play one of the Monday morning regulars, Dick Hirsch, reported that he and his wife, Huguette, would be leaving for New Mexico Wednesday and will not be returning to Fort Clark until November. Your friends know you will be having fun, but they still urge you to hurry back "home".

The Old Fort Clark Cemetery has the Memorial Project Sign placed in front of it.

Swimming Pool opens, Rules posted

May 25, 1991 the summer season at Fort Clark swimming pool began. The pool hours will be 12 noon to 8 p.m., daily except on Thursdays, when the pool closes for cleaning. Life guards will be on duty.

Senior guards this year will be Benny Benacci and Armando Talamantez. They will be in charge of the other guards and scheduling. Other guards are Lisa Frerich, Valarie Talamantez, Scott Sims, Mitch Frerich and Rafael Gutierrez.

Swim Park Rules

DO NOT'S

- 1) Run in Pool Area;
- 2) Use any type of glassware;
- 3) Swim in cut offs or long pants;
- 4) Engage in pushing or horseplay;
- 5) Have more than one diver on the board at any one time;
- 6) Throw any objects other than soft balls or frisbees;
- 7) Leave any child younger than 6 without an adult

- 13) Use profanity or loud music.

The Rules will be enforced by Security and the Lifeguards. Any infraction can revoke your privileges. Pool Area is from the edge of the parking lot to the stream. In the event severe weather occurs, this area will be evacuated.

The Duck Inn's hours will be the same as the pool hours. Come by and partake of the many delicious snacks, drinks and much, much more. J. E. Meil will be your smiling, helpful concessionaire. At his side working up a storm and making J.E. look good will be Wanda Smith. So go down to the pool for a swim and stop by the Duck Inn for refreshments. The sun has promised to be there, hope you will be too!!

Ladies Day Golf winners are Mae Roper and Chick Cruse.

Ladies Golf

By LES ROPER
Cavalryman Editor

FORT CLARK -- If a person who was completely unfamiliar with Ladies Golf on Tuesday morning were to walk in to the club house around noon they would swear that every one of these bombilating beauties just sat on a "whoopie cushion". The laughing and giggling that is so prevalent when the gals get together has never failed to impress the "first timers" who see them. They are truly Fort Clark's best.

After sweating their gazongas off the thirty plus players ended up in the club house to divide the "loot" that would go to one lucky scrambler. As it turned out, Chick Cruse and Mae Roper tied for first and second and in doing

so, they hit the mother lode. These two sabulous stokers hauled in one of the largest pay-offs of the year and at last report, they were planning a trip to Cancun with their winnings. Second place went to the steady playing Helen Miller and Fort Clark's "best set of legs", Mary Lee Trollinger.

Chick Cruse's good score was attributed to a birdie on hole number 2 and number 8. Following close behind was Luella Gilliland with a birdie on the longest hole on the course... number 12.

One of golfers most macho men returned from the city last week mad as the devil. He met his first Gay Lib Cop. He complained that he didn't mind being frisked... but for jaywalking? Our world is getting so rough that we have to be pretty brave just to be a coward.

Shower stalls, pictured above, were designed and created by the Maintenance Department. The showers are now ready for use.

Maintenance creates new facility

By Joan Boutwell
Cavalryman Contributing Writer

A new facility has been added to the Wilderness Camp Site on Scales Road, a shower for ladies and gents. These were constructed by Maintenance personnel and a good job it is, now campus can stay at the campsite knowing they can refresh themselves daily.

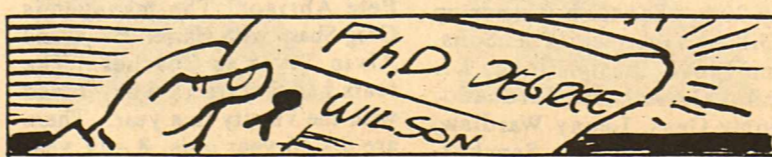

Memorial weekend members were greeted by a beautifully manicured pool and surrounding areas.

The Duck Inn opened for

business and the pool went into full swing with life guard on duty. The individual Bar-B-Que pits and picnic tables saw a lot of action.

The Red Bridge area also had it's share of picnic-goers thanks to maintenance having mowed the grass and spruced up the tables.

The River Walk Trails have also been mowed and tended and are use ready for your enjoyment. The Maintenance Department hopes everybody will enjoy their summer on the Fort and help them keep it clean by using the many litter barrels provided.

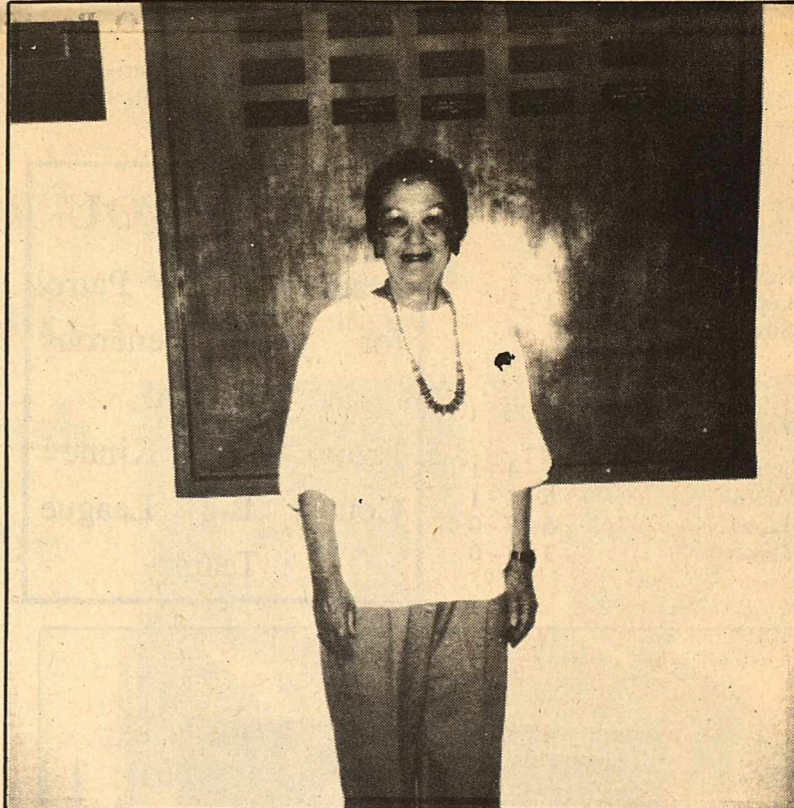

Only one U.S. President has held a Ph.D. degree--Woodrow Willson.

Rachael Pittman

Haskell, Texas in 1924 awoke to the sounds of a determined baby's cry. Into the world came one - Rachael Carr. She grew up in the fairly small town in North, Texas. She attended Haskell High School and was one of the Haskell Indians most vibrant cheerleaders. She says her cheerleading days are some of her most treasured memories.

After high school, she married H.J. Fowler, they moved to Post, Texas. They had three lovely daughters, Maralyn, Jane and Angela. H.J. died in 1952. Three years later Rachael met and married Buster Pittman and

they moved to Dallas where they lived for over 20 years. In the late 70's Buster died. The daughters were married and had families of their own by then and Rachael tired of the "rat race" in Dallas. She moved to Ft. Clark Springs in the early 80's. She works part-time at the Adult Center and enjoys meeting all the members who come by for card games, parties and fun. Her hobbies include playing cards and attending all the Fort Activities, especially the dances. She loves the Fort and the people here and wouldn't think of living anywhere else.

Bingo to move to new location

Cavalryman Contributing Writer

This Friday, May 31st, Bingo will be canceled until June 7th. The new Guidon Room in Shafter Hall is finished and ready for moving in the new furniture. Mr. Kauffman announced at Friday's Bingo, May 24th that the games will resume June 7th and that the new room is air-conditioned,

carpeted and will have padded chairs.

There will be plenty of parking in the front and back of the building. Hope everyone will come and enjoy the game and our new facility. Oh yes, questions have been asked as to the meaning of the word "Guidon"--Webster says--a small flag such as one borne by a military unit as a unit marker. Thanks Webster!

On May 26th with 4 1/2 tables in play, first place was won by Andy and Sandy Barneby from Rocksprings with a close Second place by Anita Korbel and Norma Gould.

Five make All District

Cavalryman Sports Writer

The Brackett Tiger Baseball Team placed 5 boys on the All District Roster this year. Freshman David Dorrrough made First Team All District, Senior Steve Clementz made Second Team All District, Junior Refugio Martinez made Second Team All District, Arturo Falcon made Honorable Mention and Junior Lesly Floyd made Honorable Mention.

David Dorrrough was the only Freshman from the Brackett District who made All District honors. David played the outfield and had the second highest batting

average with Lesly Floyd having the highest batting average. Refugio Martinez was one of the top 4 pitchers in the District. Lesly Floyd missed the Second Team honors by one vote. The district honor were dominated by La Pryor and Dilly. Coach Nowlin will only lose 2 boys this year while thirteen will be returning next year. Nowlin's team was fourth in district with a record of 6-10 overall and 5-7 in district. Brackett was picked to be last in district, but made a great showing this year after 20 plus years of no baseball. The team next year should be strong offensively and defensively.

Brackett 16 - Reds 3

Cavalryman Sports Writer

The Brackett Rangers had a tough loss last Tuesday against the Uvalde Blue Jays 3 - 1 but came back like gangbusters Friday by a 16-3 victory over the Uvalde Reds. Manager Gilbert Perez stated, "Once we got on base, our boys were aggressively running the bases plus limited errors."

Brackett scored 10 runs the

first inning and the Reds never caught up. Due to the good pitching of Arturo Falcon and Wil Shahan, the Reds only reached first base nine times.

Anthony had five strikeouts and Wil had four strikeouts for Brackett. Jesse Terrazas was 3 for 4 at bat, while Ramon De Leon had a triple and Anthony Rubino had a double for Brackett. The Brackett record is 2 - 2 with 10 games left to play.

Steve Clementz, David Dorrrough, Arturo Falcon, Lesly Floyd received All District honors. Not Pictured is Refugio Martinez.

Rep. Gallego - Brackett High School Commencement Speaker

AUSTIN - Rep. Pete Gallego, D-Alpine, will be the keynote speaker at graduation ceremonies for the 1991 graduating class of Brackett High School on May 31, 1991. Commencement exercises for an estimated 37 graduates will be conducted in Tiger Stadium at 8 p.m. in Brackettville, according to Principal Don D. Sims.

Rep. Gallego, 28, is a first-term member of the Texas House of Representatives from District 68, which includes Kinney, Maverick, Val Verde, Terrell, Brewster, Pecos and Presidio counties.

Born December 2, 1961, Pete P. Gallego grew up working in the family restaurant run by his parents Pete A. Gallego and Elena Pena Gallego in Alpine, Texas. Gallego was an honor student at Alpine High School who led the school as Student Body President in his Senior year in 1980.

Gallego was an active University Interscholastic League participant who was district champion in persuasive speaking and spelling in 1980.

Informed and involved in community affairs, Gallego narrowly missed election to the Alpine School Board of Trustees the year he graduated from high school. He attended Sul Ross State University in Alpine, was elected Vice President of the Student Government, and graduated in 1982.

Gallego then worked for a year in Washington, D.C. as a legislative assistant for Congressman Tom Loeffler of the 21st District. Upon his return to Texas, Gallego attended the University of Texas School of Law in Austin. He worked as a legislative assistant

drafting legislation and tracking bills for the Texas Department of Human Services while in school.

After graduating from Law School in 1985, Gallego worked as an Assistant Attorney General for the State of Texas where he developed a broad knowledge of public policy, including workers compensation, medical and insurance issues.

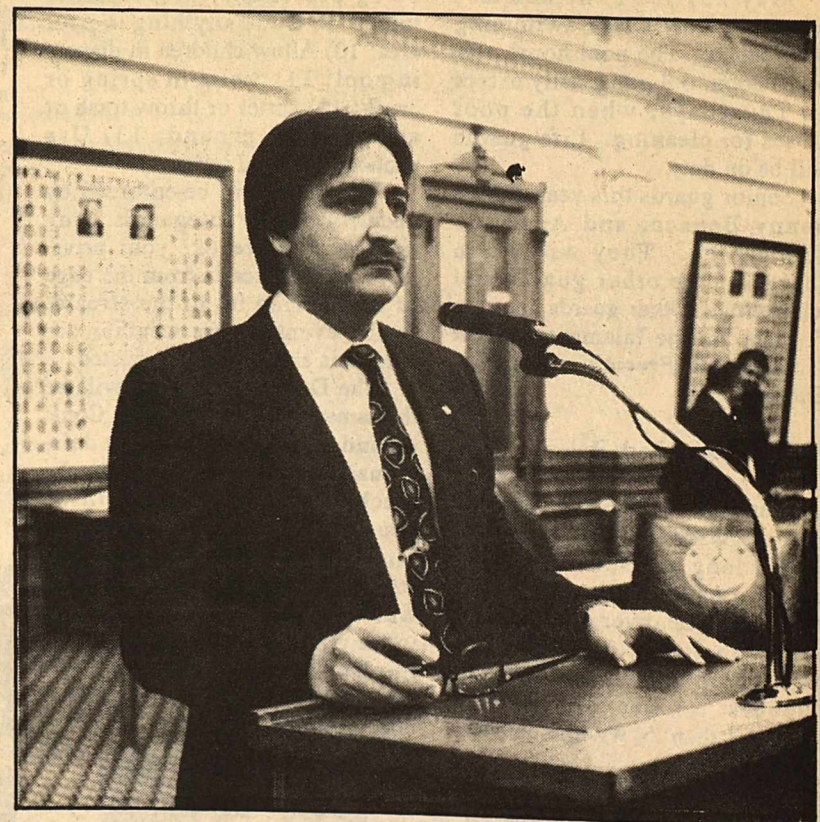

In 1989, Gallego returned to his hometown of Alpine to become the First Assistant District Attorney for the 83rd Judicial District. During this time, Gallego earned a reputation as a tough prosecutor who has yet to lose a criminal trial by jury.

Gallego also assisted in prosecuting the recent Rio Grande sniper case where a tourist died from a gunshot wound while floating through canyons near Big Bend National Park.

Gallego is a familiar figure in West Texas and no stranger to the political scene. In 1990, he unseated the incumbent District 68 Texas House of Representatives member and became the first Hispanic elected from the Seven-county border district, which includes the cities of Eagle Pass, Del Rio, Presidio and Fort Stockton.

Earlier this year, Gallego was chosen by his fellow legislators as the secretary-treasurer of the 72nd Legislature's Freshman Class. He serves on the Criminal Jurisprudence and State, Federal and International Affairs Committees. In addition, Gallego is chairman of the Subcommittee on Drugs and Drug-Free Zones.

Gallego is married to maria-elena Ramon, who is also a practicing attorney.

Library News

On Tuesday, May 28th, at the Las Moras Inn, there was a dinner held in honor of a man who did much to make the Library Expansion Project a reality. Mr. D. Harold Byrd, local ranch owner, and boardmember of the Hillcrest Foundation had been invited to come to Kinney County so that we could thank him personally for his efforts on our behalf in seeking funding from the Hillcrest Foundation. The atmosphere was one of relaxed enthusiasm. The Chairmen of all the committees for the project were present as were the officers of the Friends, the Library Advisory Board, and County Officials. Among special honored guests were: Bess and Staff Fritter, Else Sauer and Ms. Charles Wilson. Mr. Happy Shahan and Ms. Molly Schroeder as Financial Chairman and President of the Friends Organization, respectively, say to it that everyone was made to feel welcome and appreciated for a job well done. Mr. Byrd was thanked by all present for his participation in this project.

Several persons have asked when we will know the results of our grant application to the Texas Library. We assume that we will be notified by approximately June 15th. Meanwhile, we continue to cross our fingers and hope.

We wish to thank Mr. & Mrs. McDaniel for the book on auto repair recently donated to the library. Also, we wish to ask

people to go through their movie videos. If you have one or more that you know you won't be viewing frequently, why not consider donating it to the library. We have many patrons who are severely restricted in their activities. For this reason they must spend much time in their homes. A video taped movie does so much to help them deal with their inactivity. Think about it!!

GET YOUR CHILDREN REGISTERED FOR THE SUMMER READING PROGRAM. MEETINGS BEGIN JUNE 12 FOR THE READING GROUP AND JUNE 19 FOR THE READ-TO-ME GROUP. FULL INFORMATION NOW AVAILABLE AT THE LIBRARY. PARENTS, IF YOU WOULD LIKE TO VOLUNTEER TO ASSIST WITH EITHER GROUP EITHER REGULARLY OR OCCASIONALLY, PLEASE COME SIGN UP AT THE LIBRARY.

We wish to remind you that the next County Holiday for your library will be June 19th in Observation of the Emancipation Proclamation. Stock up early on reading material!!! Also, as that is on a Wednesday, our Summer Reading Session that week will be held on Tuesday, June 18th. As always, we invite you to visit the coolest, friendliest little library in Kinney County!! Kinney County Library Staff and Volunteers

63 make Dean's List

Brackettville Correspondent

Dr. Robert Aguero, Dean of Instructional Services announced the names of 63 students who made the Dean's Honor Roll in the spring semester of 1991. In order to make the Honor Roll, a student must be enrolled in at least 14 semester hours and achieve a

grade point average of 3.6 or higher. Southwest Texas Junior College uses the four-point system (an A is 4 points). These students were selected from a total of 1210 students.

Michelle Munoz is the only Brackettville student listed on the Dean's List. Her parents are Macario and Becky Munoz.

GHOST

Think of the most touching love story you ever saw. Think, too, of the brightest comedy, the most astonishing supernatural tale and a sleek mystery-thriller. Did you come up with four separate films? Or are you among the millions of fans and critics who've discovered Ghost, the #1 film of 1990?

Ghost will surprise you, delight you, make you believe. Patrick Swayze plays a ghost who teams with a psychic (Whoopi Goldberg) to uncover the truth behind his murder--and to rescue his sweetheart (Demi Moore) from a similar fate. "The word of mouth is that Ghost is a 'must-see' romance," says *Entertainment Weekly*. Ditto to that! (approx. 127 min.)

Texcor Industries, Inc.

Texas Department of Health

Notice of Proposed Issuance of a Radioactive Material License with Notice of Hearing and Availability of Environmental Assessment

Texcor Industries, Inc., a Texas corporation, has applied to the Texas Department of Health for authorization to construct and operate at a designated site of 1,400 acres, more or less, near Spofford in Kinney County, Texas, a facility to transfer, to receive, to acquire, to possess, to process (including to store), to dispose and to make such use or uses of such radioactive materials as both (1) are described in the application and (2) may be licensed by an exercise of authority under Chapter 401 of the Health and Safety Code. The radioactive material covered by this application includes any "byproduct material" as defined in Section 401.003(3)(B), Texas Health and Safety Code, naturally occurring radioactive material (NORM), within the meaning of Section 401.003(17), Texas Health and Safety Code, and any other waste material which is radioactive but is not "radioactive waste" as set out at Section 401.003(18), Texas Health and Safety Code.

An environmental assessment (TBRC EA-19) titled, "Environmental Assessment Related to the Texcor Industries, Inc. Byproduct Disposal Project, Kinney County, Texas," has been prepared and is available through this Agency. This notice affords the opportunity for written comments from the public within 30 days of the date of publication of this notice.

The Division of Licensing, Registration and Standards has determined that the applicant has met the standards appropriate for the issuance of the license: a) the applicant is qualified by reason of training and experience to use the material in question for the purpose requested in accordance with Texas Regulations for Control of Radiation (TRCR), in such a manner as to protect public health and safety, and the environment; b) the applicant's proposed equipment, facilities, and procedures are adequate to protect public health and safety, and the environment; c) the issuance of the license will not be inimical to public health and safety, nor have a detrimental impact on the environment; d) the applicant has demonstrated financial capability

to conduct the proposed activity including all costs associated with decommissioning, decontamination, disposal, reclamation, and long-term care and maintenance (if necessary); e) the applicant satisfies all applicable special requirements in TRCR, Part 43; and f) neither the construction and operation of the proposed facility nor the issuance of the proposed license should have any significant impact on the human environment.

This notice affords the opportunity for a public hearing upon the application of Texcor Industries, Inc. and the decision to propose issuance of the license. The public hearing on the application and the proposed issuance of the license will be held if the Agency has received written request for hearing no later than 5:00 p.m., thirty days from the date of publication of this notice in the Texas Register, from a person affected. A person affected is defined as a person who is a resident of a county, or a county adjacent to a county, in which the radioactive materials are or will be located, including any person who is doing business or who has a legal interest in the county or adjacent county, and any local government in the county; and who can demonstrate that he has suffered or will suffer actual injury or economic damage. A hearing may be requested by writing David K. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), 1100 West 49th Street, Austin, Texas 78756-3189. Any request for a hearing must contain the name and address of the person who considers himself affected by agency action, identify the subject license, specify the reasons why the person considers

himself affected, and state the relief sought. If the person is to be represented by an attorney, the name and address of the attorney also must be stated. Should no request for a public hearing be timely filed, the license will be issued.

A public hearing, if requested, shall be conducted pursuant to the provisions of Sections 401.054 and 401.264, Texas Health and Safety Code; the Administrative Procedure and Texas Register Act, Article 6252-13a, V.T.C.S.; The Formal Hearing Procedures of the Texas Department of Health, 25 Texas Administrative Code (TAC) 1.21-.34; and Parts 11, 12, 13, 21, 22, 41 and 43 of the Texas Regulations for Control of Radiation (TRCR), 25 TAC 289.111-.114, .121, and .123. The hearing, if requested, will be convened at the Civic Center in Brackettville, Texas on June 11, 1991, at 9:00 a.m.

The purposes of the hearing are as follows: a) to establish jurisdiction; b) to designate parties; c) to identify issues to be covered in the hearing; d) to resolve discovery disputes and to set a discovery schedule, if necessary; e) to receive comments from "interested persons"; f) to receive evidence and argument relevant to the issues to be covered in the hearing from persons designated as parties to the hearing; and g) to fix dates, times, and locations at which further evidence or argument will be received.

Each person who timely appears at the hearing, requests party status and demonstrates that he or she is a "person affected" as defined at Section 401.003(14), Texas Health and Safety Code, as amended, and TRCR 13.2 (25 TAC 289.112) has the right to be

designated a party in the hearing. Subject to some limitations, a party may, for example, be represented by counsel, cross-examine witnesses, participate in scheduling, and present argument. However, proof of a person's "justifiable interest" may be required as a pre-requisite to participation on some issues. A party also may be subjected to special obligations or burdens; e.g., observance of the Agency rules of decorum, observance of procedural rules for contested case hearings, submission to discovery requirements, or payment of assigned transcript costs. Sanctions may be imposed for a party's failure to abide by applicable requirements. Failure to appear without prior notice in writing to the Hearing Examiner may be construed as a withdrawal of the request for hearing.

Copies of all relevant material are available for public inspection and copying at the Bureau of Radiation Control, 1212 East Anderson Lane, Austin, Texas. Information relative to the issuance of this specific radioactive material license may be obtained by contacting David D. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756-3189, (512) 835-7000, or by visiting 1212 East Anderson Lane, Austin Texas.

Queen Elizabeth visits State Capitol

The Texas Senate met on May 19 in a rare Sunday session to pass several bills to make time on Monday for a visitor.

On Monday, May 20, the Queen of England, Elizabeth II, visited the Texas State Capitol with thousands of citizens assembled on the south grounds to greet her. After addressing the crowd, Queen Elizabeth took a brief tour of the Capitol and attended a joint session of the Legislature in which a resolution was read in her honor, and she was presented with a gavel by Lieutenant Governor Bob Bullock and several pairs of western boots for her grandchildren by House Speaker Gib Lewis.

Also on Monday, the Senate passed Senate Bill 1596, sponsored by Senator Jim Turner of Crockett, relating to county jail and prison overcrowding. The bill is a combination of programs designed to free up prison space for violent offenders and to encourage alternative programs for nonviolent inmates.

With less than one week remaining in the 72nd regular session, the House/Senate Conference Committee on Senate Bill 1 continues to meet. Senate Bill 1 is the ethics reform package, passed by the Senate February 27 and finally by the House last week. With so many differences in the two plans, it remains to be seen whether the differences can be worked out. The original Senate plan prohibits pleasure trips and places limits on entertainment and gifts from lobbyists. Also included are limits on campaign contributions from Political Action Committees (PACs) and eliminates honoraria.

On Wednesday, May 22, the Senate Economic Development Committee, chaired by Senator Temple Dickson of Sweetwater, passed House Bill 2 out of committee. House Bill 2 is the insurance regulatory legislation endorsed by Governor Ann Richards. The bill provides for the regulation of the industry by the State Board of Insurance, the Texas Department of Insurance and its Commissioner, as well as providing for the creation of the Office of Public Insurance Counsel to represent consumers. The legislation is a response to the trouble the 27 billion dollar a year insurance industry in Texas is experiencing. The lack of comprehensive insurance regulation and enforcement is often cited as the reason for fraud and insolvency in the insurance industry. The legislation is expected to be debated on the Senate floor on Friday. The Senate will be meeting daily until the end of the regular session, which is midnight May 27.

Following the graduation ceremony on May 31, 1991, 24 seniors and their guests will board a bus in front of the high school and head to LaFonda Ranch for an all-night drug-free alcohol-free evening of games, videos, volleyball, dancing, food and a special treasure hunt. Drawings for prizes will be held throughout the evening. A piranta of surprises is on the agenda, along with a relay of team games aptly called Graduation Mania. Grand prize winner will draw for a portable CD, a stereo system, and a color TV at 6 a.m. the following morning following breakfast. The seniors and guests, along with some tired chaperones, will return to town at approximately 6:30 a.m. on June 1, 1991.

This party is being sponsored by the Brackett Drug Free Advisory Council in the hopes that seniors will be able to have a safe, fun party following graduation. The Drug Free Advisory Council has also played an important role in implementing the Substance Abuse Media Fair and in supporting the Voluntary Drug Testing Program for grades 7 - 12 that will be implemented in 1991-92.

Texas Agricultural Extension Service

Many of you may have noticed the light blue boxes hanging from the trees and brush along Highway 90. Much like the fisherman lures a fish with a worm as bait, so does the animal and Plant Health Inspection Service or APHIS by using these traps to lure Africanized honey bees.

The cages are filled with a chemical substance produced by insects for communication. This substance is referred to as pheromone and allows APHIS personnel to monitor the migration of the Africanized honey bees also commonly known as "killer bees".

Since the first Africanized Honey Bee swarm migrated from Mexico to the United States in October 1990, more than 25 swarms have been detected and destroyed in Texas, mostly along the Rio Grande River border.

After a swarm was found May 7 in the Southern Pacific Railroad station in Eagle Pass, a quarantine was imposed around a 2-mile radius of the find. Secondly as called for under the Texas Africanized Honey Bee plan, a 100-mile quarantine was placed around the "find", allowing beekeepers to move within but not out of the area.

The quarantine now includes 12 counties from Maverick and Zavala south along the Rio Grande to the Gulf of Mexico. This information is being passed along by Mr. Elba Quintero, program manager for the U.S. Department of Agriculture's Africanized Honey Bee program.

The "find" in Eagle Pass prompted APHIS to move the trap line further north to continue to

monitor movement of the bees. The traps are placed at about 1-mile intervals on Hwy. 90 from Del Rio to Uvalde; southeast on Hwy. 140 from Uvalde to Pearsall; south on I-35 from Pearsall to Cotulla; southeast on Hwy. 624 from Cotulla to Hwy. 59 and on to Beeville. The trap line also runs along the Rio Grande River from the coast to Del Rio.

APHIS personnel will check the traps every two weeks. If a swarm is found in the trap, it will be destroyed and brought to APHIS Labs in Laredo or Harlingen for tentative identification. If the tests indicate that the swarm is Africanized, samples are sent to the Beltsville, Maryland lab for confirmation.

Quintero is asking the public to stay away from the traps and do not destroy them. When the traps were first put out they receive a lot of damage due to vandalism. He notes that the traps are for the public's benefit. Above all, stay clear of the traps that have a swarm in them.

The Texas Legislature recently approved \$197,000 in emergency funds to carry the state's Africanized Honey Bee plan through August. Annual funding will be required in September to continue the program.

Once the Africanized Honey Bee has been declared established in the 100-mile quarantine, the states Africanized Honey Bee management plan requires beekeepers to put new, marked queens in each colony annually to ensure that an Africanized Honey Bee queen has not invaded the hive.

Reflections By Rev. Preston Taylor First Baptist Church

Again, a few lines of congratulations and good wishes go forth from all of us to all the seniors of Brackett High. God bless you as you have the "dew of youth on your brow," and as you move out into "tomorrow's land."

Remember that God wants the best for you, and He makes that possible to all who follow His will and want to glorify Him in life and in eternity.

A new book entitled The Complete Book of Zingers has recently been published by Tynedale House, written by Croft Pentz.

While you still have a lot of "zing" left in life - that is, enthusiasm - you might want to read this book of 374 pages.

Here are a few "zingers" from the aforementioned publication which speaks to adults as well as to seniors.

Laugh a lot, and when you are older all your wrinkles will be in the right places. (Some folks think it's sinful to enjoy life in a healthy, common-sense kind of way, or that's the impression these hard-liners sometimes leave).

Another zinger: Virus is a

Latin word used by doctors to mean, "Your guess is as good as mine." (Of course, the doctors charge a whole lot more for their guesses than you and I can charge for ours! In fact my wife and I pay \$350.00 per month for health insurance and find it next to impossible to collect a nickel for any kind of medical service! And I'm not anti-doctors!)

A final zinger: Children who watch television night and day will go down in history -- not to mention math, geography, and grammar. (I'm not "agin" television, either. I probably watch from 30 minutes to one hour and one half of the stuff a week.)

Oh, let me do a little "personal zinging." I've recently finished a 130 page manuscript on Ecclesiastes for Unilit Spanish House of Miami. A few "zingers" show up in that brief writing. One is "Be Careful. Those who go to the top may fall, or be envied by those who stay at the bottom."

Whether you get to the top or not, don't be satisfied to stay on the bottom rung of the ladder. Up and away!

The word "business" comes from Anglo-Saxon *besignian* meaning "to occupy, to worry, to fatigue."

Tracks Along the Trail

By Dorothy Payne

The Texas Rangers didn't at any time wear a uniform. They wore buckskin, Khaki or corduroy. Of course, leather boots and big felt hats were worn by all the Rangers.

Sometimes away from home for long times and when they had to sleep in the open, they had to be equipped and ready for anything.

Every Ranger carried a rifle, pistol and a knife. Usually he had a Mexican blanket behind his saddle. He carried salt and ammunition and maybe panola, or parched corn, mixed with spice or sweetened, which would hold off thirst and tobacco of course. He usually could stay in the field for a month with sufficient supplies.

Just a few men, not hampered by baggage, wagons, or pack trains, the group of Rangers could live like the Indians and move just as swift. With his saddle for a pillow, a blanket and with his feet to the fire, the Ranger could when his food run short, kill a horse to eat.

In the war with Mexico the Rangers were scouts and guerrilla fighters. General King declared the Rangers were "the eyes and ears of the army and also the

army's right and left arms."

After the war, the Rangers were temporarily disbanded but the soldiers were unable to do the work as the Rangers had. Petitions were flooding into Congress. Sam Houston in a speech in the Senate in 1858, said, "we will be responsible for the defense of our frontier, Texas doesn't need regular troops. Withdraw them if you please."

The army posts were kept but the Rangers were gradually reinstated. All in all the bold band of Texas Rangers kept the peace very well.

Perhaps the most outstanding service the Rangers performed was the capture of the bandit Juan L. Cortinas. The Cortinas War had cost the lives of 15 Americans, eight Mexicans friendly with the Americans. The costs of his escapades was more than a third of a million dollars. A small force of Rangers under the command of Major John S. (Rip) Ford caught Cortinas on Dec. 27. In the following battle the Rangers killed 16 bandits and captured two artillery pieces without losing a man although 16 rangers were wounded.

John Newcombe Tennis Ranch teaches sport for life

Cavalryman Correspondent

Over the past 20+ years The John Newcombe Tennis Ranch has been able to introduce tennis to over 30,000 campers at their resort in New Braunfels, Texas. Tennis is recognized as a sport that can be played for one's entire life. The USTA conducts tournaments nation-wide that have age groups varying from eight years to 75 years and over. This makes one realize the advantage of learning to play an active sport such as tennis at a very early age.

The John Newcombe Tennis Ranch prides itself on conducting

summer programs for adults and juniors alike, and over the years it has developed the reputation of being one of America's premier resorts. Located in the Texas hill country, families can visit the Ranch, play golf, enjoy horseback riding, raft down the Guadalupe River, visit the Schlitterbahn Water Park, browse through numerous antique shops in the area or have a feast of tennis and tennis lessons. Young tennis players should be looking forward to improving their game this summer, and one sure way of doing that is to visit The John Newcombe Tennis Ranch for a week or two.

FORT SILL, OK, circa 1920's. In the foreground of this photograph, are the officer's M1917 field saddles packed with McClellan saddlebags, M1909. Behind the saddles are the horses that these saddles probably came off of. This unit was an ammunition pack train, assigned to the Field Artillery.

The M1917 officer's model saddle was the second official officer's model saddle which was of "English" style. The first was

the M1912 experimental cavalry saddle, which was issued on a limited basis until 1918, when they were placed into storage, and not issued again. Prior to introduction of the M1917 officer's saddle, the

McClellan saddles were the prime saddles for use by officers and enlisted personnel. The M1859 McClellan and later model McClellans were in use by the officers and enlisted until the M1917 was adapted for use by officers. The McClellan remained in use by enlisted personnel until horse cavalry became a thing of the past.

Monthly Golf Scramble

By LES ROPER
Cavalryman Reporter

FORT CLARK -- The monthly scramble at Fort Clark Springs Country Club took place this past Friday with close to 60 players paying their entry fee. This particular tournament has remained popular ever since its introduction and continues to draw club members from out of town. Just when the members get to thinking the tournament will drop in numbers due to the northern migration of the "snow birds" it gets a little larger.

The highlight of this weeks tournament was not in players entered or scores recorded. It was the return to the golf course by Odette Mills. For those who did not hear, this lovely little lady golfer with the contagious smile fell in the club house about three weeks ago and broke her hip. She was taken to Del Rio where she underwent surgery. Now, without any kind of misinterpretation from you "kookaburras" who might cause me to get egg on my face I will make this comment. In no way would I insinuate that Odette is old. She is far from it. But, in many cases for gals her age, a hip injury or a hip fracture can lead to a long and painful recovery peri-

od. For Odette ... not so. This little lilliputian lady is up and around and miles and miles ahead of her rehabilitation schedule. Even though she is probably hiding excruciating pain, she continues to smile, laugh, and remain lovable to all of her friends. She rode in a golf cart for the complete 18 hole tournament and not one time did anyone catch her with anything but a big grin on her face. Her husband, Bill, just slyly remarks, "I knew she was a keeper from the first time I saw her."

Charlie Smith's booming drives and expert leadership led his team of Bill Koons, E. W. Williamson, and Flo Stafford across the finish line and the checkered flag as they recorded a record shattering 11 under par for a net 59. Second place went to Hubie McKelvey, Bill Mitchell, Richard Swinney, Cubie Kurtz, and A. T. Guerra. Claiming third place was the perennial winning Roy Dyer, Vickie Nichols, Dean Adams, Betty Inman, and Fred England.

I really believe that there is golf in Heaven. Anyplace that has "weeping and gnashing of teeth" has got to have golf.

Of course, golf is a lot different in Heaven. Everybody tells the truth on their scorecard.

Sorority holds Garden Meeting

Cavalryman Contributing Writer

Preceptor Theta Sigma Chapter of Beta Sigma Phi met on Monday evening at 6:30 in the lovely garden of Orlean Riley.

Yellow roses (the Chapter's flower) were in full bloom along with a variety of other beautiful flowers. This along with the charming fountains made a delightful setting for the celebration of the Chapter's 22 birthday.

Oleta Townsend, President, presided at the meeting. Lily Schwandner called the roll and read the minutes of the previous meeting. Marge Geeze gave the treasurer's report. Shirley Hadsell reported the following slate of officers for the nominating committee: President Pat McKelvey,

Vice-President Shirley Hadsell, Recording Secretary Oleta Townsend, Corresponding Secretary Orlean Riley, Treasurer Marge Geeze, Historian Mildred Borden, Parliamentarian, Lily Schwandner. These officers were elected by acclamation. The installation will be held at the June meeting.

Orlean Riley presented an informative and interesting program on the Duties of Officers. After the closing ritual, Orlean served an assortment of finger sandwiches, cherry tomatoes, olives, a beautifully decorated birthday cake decorated in the club's colors, along with the punch and coffee. Members enjoyed visiting and viewing the many lovely plans in this delightful garden.

A Leader Dog brings to men and women who are blind, a great sense of independence. More and more blind people are trained with well disciplined and dedicated Leader Dogs each year. It is very important that all sighted people know something about the way a Leader Dog team works together. We should know how to act when we encounter a blind person and his Leader Dog. The Leader Dog team knows what to do - but do we?

A person using a Leader Dog wants to be treated like an independent person, so the best way to treat that person is to assume he/she is an independent. If he/she is in some sort of trouble, they will ask for help. Never rush and startle a blind person by grabbing their arm, but simply ask, "May I help you?" If a blind person appears to be in need of some assistance - approach him/her on the right side, the Leader Dog will invariably be at his left. Do not touch or take the blind person by the arm without first asking, in a quiet tone, if he would like a little help. Under no circumstances, should a person take hold of the Leader Dog's harness, this will confuse the dog and startle the individual.

If a blind person does welcome your help, offer him your elbow. He/she will take it and drop the harness handle as a signal to the dog that he is "off-duty" temporarily. If the blind handler is seeking assistance for a street

crossing, always take them all the way across the street and up on the opposite curb, where the dog will again resume its duties.

Do the blind diner a favor and DO NOT offer tasty morsels to the Leader Dog. The owner looks after the Leader Dog's diet very carefully - the animal is well fed and does his job most efficiently when a recommended diet is followed.

Do not pet a Leader Dog when it is in harness or when working. There is a natural impulse to pet a Leader Dog, they are friendly animals that like to be petted and allowed to romp and play, but the owner should always be consulted first. Always ask the owner's permission before touching his Leader Dog.

Remember that while a blind person appreciates attention the way we all do, he wants his friends, and others he meets, to be natural with him and not overly solicitous. A person enjoys independence because of the faithful Leader Dog. A person with a Leader Dog likes to get around on his own and really does not appreciate attention he doesn't need.

Pity should have no place in your approach to the man or woman who travels with a Leader Dog, for here is a person to be admired and respected for the victory he has won.

Having to overcome minor problems daily, Tom Burrows and his Leader Dog "Willie" will be somewhat nervous for the first few weeks on their own. Tom and his dog will return home Thursday, May 30th.

Chamber plans Banquet and Pageant

The most entertaining night of the year and the most entertaining day of the year is coming to Kinney County and Brackettville.

The annual Kinney County Chamber of Commerce banquet and the Miss Kinney County Pageant will be held on June 8, at the civic center at 6 p.m.

The little Miss & Mr. Kinney County Contest will also be held starting at 7:30. Contact Diane Bravo for more information.

Our featured speaker at this years banquet will be Mr. Alvin Davis, cowboy poet and rancher. He is the executive director of the Ranching Heritage Center at Texas Tech in Lubbock.

Following the banquet the Miss Kinney County Pageant will be presented at 8 p.m. Last years pageant, under the direction of Miss Leshawn Wardlaw, was such a huge success she was asked to

produce and direct it again this year. The humor of Mr. Davis and the beauty of the pageant will provide a full evening of entertainment.

September 7 this year will provide area residents with a full day of entertainment in the form of cowboy poetry, tall tales, displays, food and beverages. Cowboy poetry, the foundation of many western songs, is mostly humorous, sometimes sad, but always entertaining. Cowboy poets have been featured on such television shows as Johnny Carson's "Tonight Show."

Remember the dates of June 8 and September 7, 1991.

Tickets for the banquet and pageant will be available through the Chamber and local merchants. Combined tickets, banquet and Pageant - \$12.50 - Pageant only, \$5.00 - Adults, \$3.00 children.

It is said that the musical juke box gets its name from a west African word dzug meaning "to behave improperly."

Signs of the Times

By Robert White

By Bonnie White

Paul wrote to Timothy in I Tim. 1:3,4: "As I besought thee to abide still at Ephesus, when I went into Macedonia, that thou mightest charge some that they teach no other doctrine. Neither give heed to fables and endless genealogies, which minister questions, rather than godly edifying which is in faith: SO do."

America has come to the place where complete confusion has taken over the churches. Every church has its own doctrine, most of which are heavily based on traditions. Jesus warned the Pharisees, who were heavily steeped in traditions: "Full well ye reject the commandment of God, that ye may keep your own tradition." (Mark 7:9)

Paul urged us to hold fast to "sound doctrine." Do you wonder why our children are down on Jesus and up on rock music, music that comes straight out of hell? It is because they are confused about Christianity! They see church buildings all over town, but they see no power to change lives and answer problems.

Paul went on to say, "Now the

Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; speaking lies in hypocrisy; having their conscience seared with a hot iron; forbidding to marry, and commanding to abstain from meats, which God hath created to be received with thanksgiving to them which believe and know the truth." (I Tim 4: 1-3)

You see, the devil has devised many doctrines. He has been successful in getting his many doctrines practiced in most churches. But God has only ONE DOCTRINE which is made complete in his only begotten Son Jesus Christ.

Friends, we are in the last of the last days. Jesus is soon to come for the real church, the church that is in word and deed. The question is, are you ready to face God and give an account of his doctrine in you life? If not, today is a good time to begin your new walk. You must submit your life to Jesus Christ and his doctrine, THE WORD OF GOD.

saying, "I never received a licking in school or at home I didn't have coming."

What has changed? Was the recent paddling incident severe enough to ruin the teaching career of three young teachers? Two of these teachers have resigned and will be pursuing a different field of work in the future. One of them will be going into law enforcement and the other will further her education in Psychology. The third young teacher resigned and took a step down from a class 2-AA school to a class 1-A school.

The question that no one can answer is "how did all of the unnecessary publicity improve the Brackettville school system? How has it made Brackettville a better

place to live?

Last but not least... who is pushing the incident back to the surface and refusing to let it die a death that the majority of the people in Kinney County would like to see?

The young citizens of Brackettville and Kinney County who have youngsters in school would like to see everything return to normal. They would like to see the education of their youngsters come first on the priority list and it deeply disturbs them when any kind of element comes along that can deter this from being a reality.

Brackettville isn't a "hick town" but a great little community made up of good people who want the best for their children. The conduct of parents during a youngster's school years will make an indelible imprint in the memories and future of the kids for the rest of their lives.

Opening lead — king of diamonds. Assume you are declarer with the South hand at six hearts, and West leads the king of diamonds. How would you play the hand?

When the deal occurred, declarer won the dummy's ace, cashed the ace of hearts and led a heart to the king. Had the trumps divided 3-2, he would have been in good shape. He would have cashed the K-Q of spades, crossed to the queen of hearts, and run dummy's spades to score all 13 tricks.

But when the hearts didn't break, South found himself with a hopeless task. After cashing the K-Q of spades, he re-entered dummy with a trump and played the ace of spades, ruffed by East with the jack of hearts. Declarer discarded a club, but eventually lost three more club tricks to finish down three.

South would have made the slam had he given more thought to the possibility of a 4-1 trump division and taken the necessary steps to guard against it. This could have been done in surprisingly easy fashion.

After winning the first trick, declarer should cash the K-Q of spades and the king of hearts, then lead a heart to the queen. The effect of this play is to leave an extra entry to dummy should it be needed.

If the hearts divide 3-2, South simply draws the missing trump with the ace and runs the spades, taking all the tricks. If the trumps fail to divide, however, declarer is still in position to salvage the contract.

In the actual deal, after West shows out on the second trump, South begins to play dummy's spades. East can ruff at any point, but

ALL MY CHILDREN: Trevor was shocked to see the striking resemblance between Janet and her sister, Natalie. He was moved by Janet's story of being left impoverished by her husband. Natalie then extended an open invitation to Janet. Livia agreed to join Jack's law practice and planned to move into Derek's apartment with her teenage son, Terry. After George tried to intimidate her, Ceara's nightmares became even more vivid. Hayley visited Arlene and jail and pretended that everything was fine at home. Adam got word to Arlene that Hayley was failing in school. Jeremy and David reconciled and after receiving Palmer's blessing, Lainie and David were married at Cortlandt Manor. Wait To See: Janet has a surprise for Natalie.

ANOTHER WORLD: As Kathleen dared Cass to leave with her, Frankie learned something that would change her life. After telling Lorna to get close to Kathleen and D&M Productions, Carl learned Lucas would no longer work for him. Jake resolved not to give up on Marley, although she was marrying Jamie. Just when she thought she and John no longer had problems with Taylor, Sharlene learned John was to be investigated regarding the amusement park events. Michael warned Donna not to interfere with him and Stacey. Paulina was stunned when Grant found her and proposed. Wait To See: Jake sees a way to get Marley away from Jamie.

AS THE WORLD TURNS: Lyla told Susan she didn't want to get involved with Cal. Julie told Andy she still loved Caleb. The Snyders joined Lucinda in toasting Kirk and Ellie's upcoming marriage. Seth, Josh and Meg arrived for the wedding. Dana admitted stealing Carolyn's ladybug charm. Kirk told Evan and Connor to work on Holden while he (Kirk) was on his honeymoon. Angel stood up to her brother, Jay, during a family therapy session. Duncan and Margo discussed his growing feelings for Jessica. Wait To See: Julie's accident touches several lives.

BOLD & THE BEAUTIFUL: Macy told Thorne her mother, Sally, was pregnant. Sally was stunned when Clarke told her he didn't want her to have the baby. He already had a son (with Margo) and he's a lousy father. Jake told Felicia he hated to hurt her, but he had to explore his feelings for other women. Stephanie pretended to be surprised when Brooke told her she used to live in the

Forrester home with Ridge. Later, Stephanie was intrigued when Rethanne said she saw Brooke and Ridge talking together at the pool. Bill told Stephanie he had been her lover. Still pretending to have amnesia — but knowing Bill was lying — Stephanie said she found that hard to believe. Wait To See: Brooke realizes she's playing right into Stephanie's hands, and decides to start a game of her own.

DAYS OF OUR LIVES: Roman and Isabelle rekindled their old feelings for each other. Emmy was upset that she couldn't calm Bo's rage over Carly's marriage to Victor. Frankie's feelings for Eve troubled him as he tried to manipulate her into giving Jack a divorce. Lawrence went on television to claim he, not Jennifer, was the victim of her rape story. Neil realized that no one will testify on his behalf regarding the faked pictures of himself with Sarah. Sarah insisted she'll tell the hospital board her story until Maggie revealed that Neil is her real father. Bo began suffering the symptoms of the syndrome. Kimberly stole the letter from Jack and Jennifer and gave it to Lawrence. Wait To See: Lawrence's reaction to the letter surprises Kimberly.

GENERAL HOSPITAL: Robert and Mac decided to form a temporary alliance when they realized someone wanted both of them dead. Frisco and Felicia fought over her application to the police academy. Anna and Sean tried to find Robert. Bill was shaken by the discovery of a brutal murder, and the realization that the victim had been an evil man from his past. Bobbie demanded that Tony talk to her about their lack of communication. Wait To See: Bill decides to make a potentially dangerous move.

GUIDING LIGHT: Mo's niece, Bridget arrived. It was a close call for Mallet and Francesca until Mindy helped them. Later, Mindy turned down Billy's request to come back to Lewis Oil. Harley and Samantha snooped around Daniel's apartment. Frank was upset to learn Eleni had a date with Dylan. Despite being stonewalled by Battles on the Jessup case, Ross was still able to put some pieces together. Alan-Michael found the missing piece in the Foundation leak. Bridget decided to make Dylan her special summer project. Wait To See: Samantha's probe of Daniel's past yields a shocking fact.

LOVING: Monty's landlady discovered his dead body in his apartment. Trisha and Trucker suspected each other of the murder, while

Rocky suspected Rio, and Rio suspected Rocky of having committed the crime. Kate and Louie were delighted that he was now working in the pie shop. Plans went ahead for the wedding of Ava and Paul. Carly and Ava had a touching sister-to-sister talk, which only made Ava feel more guilty about the secret she carried. Wait To See: Trucker's arrest for Monty's murder makes someone very uncomfortable and potentially dangerous.

ONE LIFE TO LIVE: While covering a news story about a storm outside Llanview, Cassie was trapped by the raging weather. Bo went after her and the two wound up stuck in a lighthouse during the storm. Tina got hold of Andy's lock containing hair samples from Andy's mother and Max. Megan was unsure whether Jake should take a private investigator's job that would require his traveling around the world. Herb comforted a concerned Dorian after hearing of Cassie's dangerous situation. Tina and Renee met with DNA specialists to find out if the hair samples could provide the truth about Max's paternity. Wait To See: Dorian gets some disturbing news about Cassie.

SANTA BARBARA: C.C. blamed Sophia for Eden's death. Dash told Flame he hoped to prove to Julia he's not a rapist. Quinn begged Kelly for a chance to let her see him as he really is, not as she imagines. Julia told Denise she weakened the night before and let herself comfort Mason when he came to her out of grief for Eden. Denise learned Dash's real identity and threw him out when he came to see her. Laken refused Amado's plea that she stop racing. Wait To See: Gina is in for a surprise.

YOUNG & THE RESTLESS: Jill hoped her testimony will help her gain custody of her grandson. Nina asked Cricket and Danny to take custody of little Phillip. Kay reprimanded Jill for what she said on the stand. Victoria set up a dinner for Victor and Nikki: Jack was stunned when Victor turned up at the ranch to tell him he would be his right-hand man at Jabot. Nikki worried that Ashley might get too close to Victoria. Nathan came down with appendicitis, delaying his wedding to Olivia. Lauren called Scott to come to Los Angeles to see her. Sheila, worried that she might tell him about her baby, tried to stop him from going. Wait To See: Nina faces some frightening facts about her future.

guilt to go around. The humanistic influence via Dr. Benjamin Spock and others have become the trademark of child rearing.

"Don's say no to little Johnny. You will give him a rejection complex that will scar him emotionally for life."

Right. By the time little Johnny is 6 years old, he is an unmanageable monster ready for reform school. Instead, he is enrolled in first grade by a genuine Spockite who has never told him no.

At this state in his life, telling him no would do no good, so for the next 12 years little Johnny does his own thing, which is play. That is all he knows because he has not been taught how to be responsible.

If the situation wasn't so sad, it would be funny. How can a parent expect a child to have the knowledge and experience to make correct decisions? Modern psychology teaches that society is responsible for individual actions. I wonder who they think makes society. I guess it's some teacher who feels responsible for the success or failure of pupils.

Sounds of music and gunshots coming from Alamo Village

Alamo Village Gunfighters from left to right are David Seargeant, Richard Carilla, Amber Leigh, Clyde Hepline, J.J. Guidry, Sergio Salinas, and Tim McNew.

Cavalryman Reporter

ALAMO VILLAGE -- Gun-smoke, good music, and laughter topped the agenda this past Monday at the Alamo Village as Happy Shahan's recreational western town moved in to full swing for the summer. Even though May 30 is the official date for Memorial Day, the holiday festivities got under way as the merchants and business owners gave their employees a three day weekend.

Brackettville's old master of entertainment, Happy Shahan, was on hand to introduce his new line-up of young stars and entertainers. His band has a complete new facelift and with the return of Sergio Salinas handling the lead off chores it should be a success. Salinas is no stranger to Alamo Village having worked there some time back where he established himself as a future singing star. He was raised in Premont, Texas, a south Texas ranching community, and, not only looks the part of a cowboy, but is completely famil-

iar with their lifestyle. His cowboy back ground coupled with his talent as a musician made him an instant success upon his arrival to this area. If anyone wants to hear the singing voice of Garth Brooks along with the looks of George Strait and the charisma of Clint Black then, come to the Village and listen to this young performer he has it all.

A very lovely and talented singer, Amber Leigh, made her debut at Alamo Village and the crowd loved her. She is not just gifted with a beautiful singing voice alone but she has an uncanny ability to write much of her own music also.

The ever popular Clyde Hepline, one of the old regulars that Shahan felt he could not replace, is back on the bass guitar and performing like an "old pro".

Andy Perez and David Seargeant, two "rookies" who are showing a lot of talent have joined the band this year playing the guitar and the drums. Last year's top drummer, J. J. Guidry is back again doing the same good job he has become known for.

Back entertaining the crowds with beauty and talent are the effervescent Templeton Sisters singing their own special style of music that ranges from gospel, contemporary, popular, and country western.

Monday afternoon, following the musical entertainment, the visitors were invited outside and entertained with a skit that included an old western gunfight. Gunfighters David Seargeant, Sergio Salinas, J. J. Guidry, and Tim McNew all encountered an early death as they were "gunned down" by town bully, Richard Curilla. The village drunk, played by Clyde Hepline escapes the onslaught of flying bullets and while removing the dead sheriff's pistol accidentally shoots the town bully. He ends up being the hero as he joins the towns "Miss Kitty" into the saloon for free drinks.

Good clean fun and western entertainment will be in full swing for the remainder of the summer. According to many who have been associated with Alamo Village through the years the comments were, "it can't git nuthin' but better".

Southwest Texas Junior College announces graduating Students

Cavalryman Correspondent

Following an address by Linda A. Rodriguez, dean of extended services and continuing education at St. Philip's College in San Antonio, honor graduates, recipients of the Faculty Association Scholarship and the Uvalde American Legion Post #26 Distinguished Achievement Award, and outstanding vocational/technical graduates were announced during convocation ceremonies at Southwest Texas Junior College.

According to Rodriguez, who graduated from SWTJC twenty years ago, the way to succeed is through education.

"You need to pass the torch of learning to someone else; to be that inspiration, that spark, that support for them to move toward their goal," Rodriguez said. "As

you leave here today, pause to make a pledge to encourage, to compete, but to be of a compassionate heart as well. You will be grateful for the benefits, and you will be well fulfilled more so than your wildest dreams."

Honor graduates are divided into three categories: Summa Cum Laude, those graduating with grade point averages (GPA) ranging from 3.9 to 4.0 on a four point scale; Magna Cum Laude, GPA's from 3.7 to 3.89; and Cum Laude, 3.6 to 3.699.

Graduating Summa Cum Laude were Gloria A. Berrelez of Uvalde, Joy Dean of Camp Wood, Armando Gallegos, Jr. of Crystal City and Melanie L. Moore of Sabinal.

Magna Cum Laude graduates included Amy L. Anton of Del Rio, Claudia P. Hernandez of Eagle Pass, Stacey M. Keeney of Knippa, Maria I. Patino of

Uvalde, Celia Quiroz of Colorado City, Randy L. Raymond of Yancey and Jeffrey G. Tipps of Brackettville.

Graduating Cum Laude was Jose Navarro of Leakey.

Seven outstanding vocational/technical graduates were also honored during the ceremony.

They included Mark Roberts of Uvalde, air-conditioning and refrigeration technology; Imelda Castro of Uvalde, cosmetology; Julio C. Ramirez of Eagle Pass, criminal justice; and Maria Patino of Uvalde, business data processing.

Also honored for being the outstanding student in their vocational/technical program were Arturo M. Villarreal, Monclova, Coahuila, Mexico; farm and ranch management; Katy Carter of Uvalde, professional office assistant and Stephen R. Freeman, Del Rio, Business Management.

ARIES (March 21 to April 19) This week looks quite promising regarding business and monetary interests. Still, loved ones could quarrel about money after dark. You're popular and sought after. The party life appeals to you now. A rumor may irk you, but stay clear of arguments.

TAURUS (April 20 to May 20) Social life brings some gains, but privacy is what you need to finalize your career plans. Home developments are to your liking. Make a point of saving money. Those little expenses could get out of hand. Enjoy sports and recreational pursuits.

GEMINI (May 21 to June 20) Seek raises and new sources of income. A co-worker may be jealous over your good fortune, but shrug off others' negativity. If you're not self-insistent, others will be more cooperative. An invitation for a short trip delights you.

CANCER (June 21 to July 22) Be responsible about obligations. Financial gain is likely and home life is a plus. Be less critical of friends and loved ones. Serious discussions bear fruit. Don't argue over petty things. Good times are in store for you. Make plans for the future.

LEO (July 23 to August 22) An important breakthrough occurs career-wise. You'll receive recognition or lucky new assignments. Keep peace at home base. A friend seems superficial, but a partner shows the way to exciting times. Accent togetherness. Financial judgment is good.

VIRGO (August 23 to September 22) Financial opportunities are within your grasp. Watch friction on the job. Close ties give you valuable advice. Don't skim the surface. Seek long-term career gains. Luck is with you in travel and romance, but a family member is argumentative.

LIBRA (September 23 to October 22) The way is clear now for career

successes. Schedule interviews and go after what you want. A friend is unusually taciturn. Social life is promising, but a family member may feel left out. Someone met through business is attracted to you.

SCORPIO (October 23 to November 21) Don't let a friend undermine your relationship with a child or romantic interest. A busybody makes his influence felt. The unusual in entertainment suits you fine now. Romance has a touch of glamour. A co-worker seems hard to fathom.

SAGITTARIUS (November 22 to December 21) Too much secrecy can make a family members feel cut off. Remember to communicate! Work gains come now. Profits are likely. Others will take advantage in financial dealings if you let them. Loved ones buoy your spirits.

CAPRICORN (December 22 to January 19) Once an argument gets started, you'll never hear the end of it. Don't make waves. Consult with bankers about property improvements. Outside celebrations are favored over home activities. You may be getting into a rut. Make a point to do something different.

AQUARIUS (January 20 to February 18) Jealousy rears its head in romance. Concentrate on career where success is assured. Complete assignments. Continued luck is with you in the work place, but a co-worker seems underhanded. This person could well be up to something!

PISCES (February 19 to March 20) Don't reveal your hand in monetary dealings. Others don't want to compromise. Don't raise controversial issues now. Agreements are hard to reach about money. Intuition proves to be your best adviser. Distant affairs are happily accented.

Jane Heninger receiving a send off from Brackett High School Principal, Don Sims and School Superintendent, Bob McCall, after announcing her retirement.

Jane Heninger hangs up chalk and erasers

By J. J. Guidry

BRACKETT - After nine years of teaching at Brackett I.S.D., Mrs. Jane Heninger is retiring.

"I guess you can call it retirement, but I think of it as only the beginning," said the local educator. Mrs. Heninger said though she has a rocking chair on her front porch, she doesn't plan on spending much time in it. She has bigger and better things on her mind.

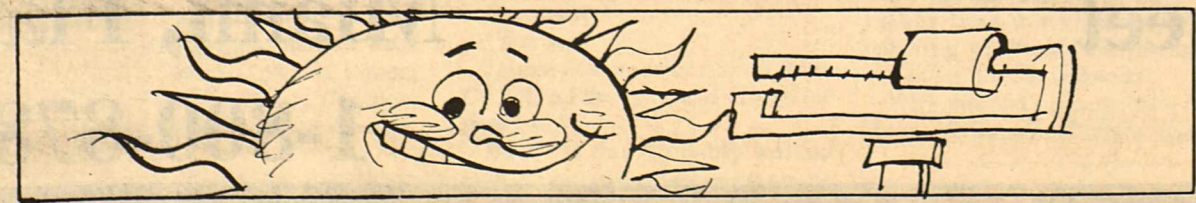

When asked what she was going to do after retirement, she exclaimed: "Go crazy! I spent six months in Europe and now I'd like to visit all of the continents." She also enjoys golf and is considering joining the Peace Corps with her

husband Sam, but only if their near a golf course.

Mrs. Heninger taught at three other schools before moving to Fort Clark. She didn't begin teaching until the age of 41. Prior to that she worked in the Illinois State Library, as a court reporter, and at a newspaper.

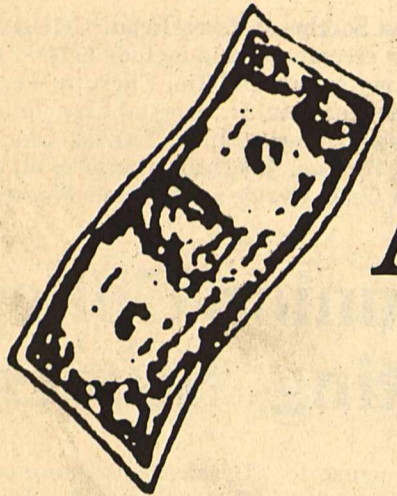

"I have loved Brackett," said Heninger. She described Brackett I.S.D. and Fort Clark as a "perfect fit." She also added that she found Brackett students to be "nice and courteous."

A reception was held at the High School on Wednesday. Mrs. Heninger said her good-byes and told everyone of her plans. The Kinney Cavalryman would like to wish her the best of luck in her new "beginning."
