

People of Brackett look like "country bumpkins"

By LES ROPER
Cavalryman Editor

BRACKETTVILLE -- The long awaited Hardcopy TV program that depicted some of the leaders of Brackettville as "country bumpkins" appeared as scheduled Wednesday afternoon on ABC's KSAT channel six and the first reaction from those who watched it ... it spit and sputtered and never got off the ground.

It has been speculated by many citizens of Brackettville that the main reason for inviting the TV company to Brackettville to cover this "so called story" was a ploy to gain some degree of revenge on the School Board and the Grand Jury for refusing to take any action against the teachers who were involved.

The entire segment of the program seemed to center around the Hardcopy reporter while he poked fun at Brackettville, Texas, and Texans. His reference to the Kinney County Sheriff as "Norman, the Hoot" did little to add class and dignity to that office. His very careless examination of

the Sheriff's pistol on national TV did nothing to improve the situation. The background music of "The Good, the Bad, and the Ugly" as Sheriff Hooten sauntered into his office did little to depict Texas peace officers as men of integrity and intelligence. It was a total fiasco starring Texans and Texas people. His examination of the waffle in one of Brackettville's cafes was a form of mockery. His game of "spank my butt" with school superintendent, Bob McCall, did not do one thing to improve the image of our community.

Hardcopy came and went. It left a minority of people feeling disappointed because they were not depicted as heroes for going up against our school system and its rules. For others, it was kind of like the old comedies we use to see when we went to the movies, starring Larry, Curly, and Mo.

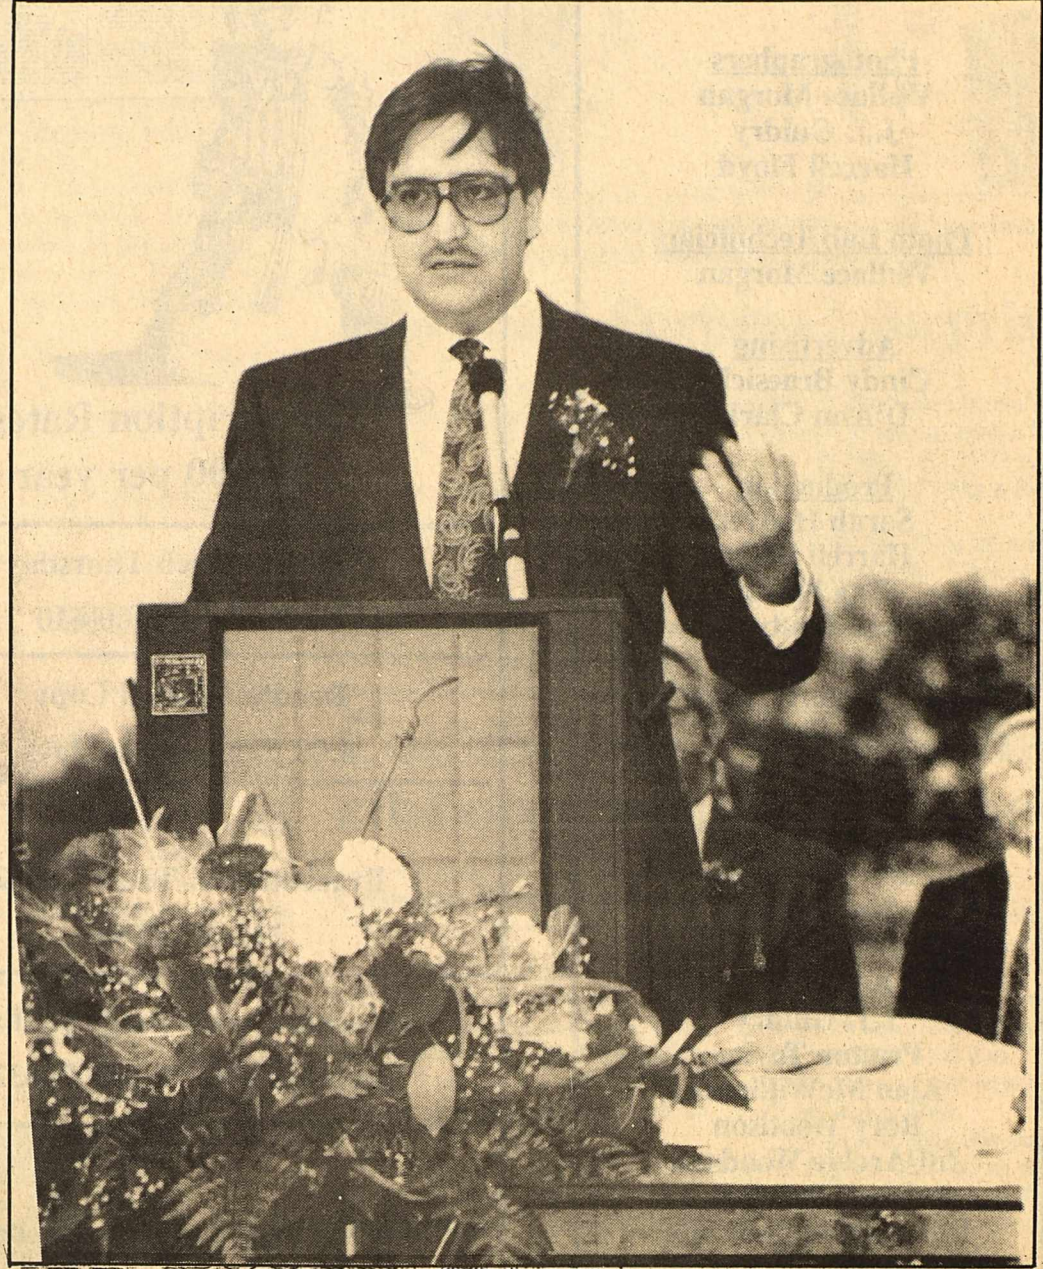

Once again, it is time for asking questions that will probably remain unanswered. How can one or two families in a small community of good honest people generate enough influence to encourage a TV company who headquarters

in New York into Brackettville for the sole purpose of making fools out of Texas people. The final analysis ... the Hardcopy reporter came to town at the request of one lonely couple and, after a short time, realized there was no story here in regards to the paddling incident. Their decision was the same as the Grand Jury's and the School Board. The reporter, who had nothing to report, tried to make the best of a bad situation and concentrated his efforts on making fun of a lot of good people who deserve better.

Many good people around this area feel as though they have absorbed all the fun making and ridicule that they should take. To them, it is time to forget this incident and move ahead. Time will finally heal this wound to our society but if a minority group insists on "pouring salt in it" it will just take longer to heal.

In the words of Don Parks, one of Brackettville's most distinguished citizens, "let us look to the future as we honor the past. If we can live to love a little more and to hate a little less we will show honor."

Case closed.

State Representative, Pete Gallego, was the guest speaker for the 1991 Brackett High School Class. Representative Gallego resides in Alpine, Texas.

Gallego Guest Speaker at Graduation Ceremony

Cavalryman Reporter

TIGER STADIUM -- Commencement exercises for the 1991 graduating seniors took place in Tiger Stadium this past Friday evening at eight o'clock with a packed house in attendance. It was a very heart warming event that will remain etched in the memories of this senior class for the rest of their lives. Parents, friends, and loved ones were on hand to watch the ceremonies as they took place. High school Principal, Don Sims, very appropriately referred to this graduating class as the "friendliest" he had ever been associated with.

This contingent of youngsters will certainly go down as, not only the friendliest, but one of the classiest groups of graduating students to come out of Brackett High in many years.

The ceremony opened with the

seniors filing onto the field while the Brackett Tiger Band played the "King James March." This was followed by the National Anthem by the Tiger band.

Following the invocation by Nancy Mendoza, Salutatorian Clay Hunt, Highest ranking girl, Kasey Hall, and Valedictorian Ernest Esparza addressed the visitors with speeches that appropriately fit the occasion.

The guest speaker for the evening was State Representative, Pete Gallego, and he was introduced by Vivian Luna.

Mr. Gallego's speech to the class was heart warming and informative.

He reminded the youngsters of the importance of the night. "This night," he said, "is a culmination of effort and studying. It is the beginning of your future. Life is a like a stairway. You have already climbed some of the stairs but you still have many more to climb with

the most important ones in front of you."

The speaker offered the students some important advice. He told them to set a goal and then work for it. Have self confidence and never lose their discipline. He went on to say, "Be honest men and women of principle. Try to decide early what you want out of life and then, be patient and never give up trying."

Mr. Gallegos encouraged the class to ask questions as they travel through life. He reminded them that asking questions created improvement in their lifestyles.

The State Representative concluded by telling the graduating class to "prepare yourselves. If you think high school was rough wait until you reach the real world. Your toughest years are ahead of you now."

Drug free festivities overwhelming success

By SUSAN HARRISON
Cavalryman Contributing Writer

LA FONDA RANCH --The first all night chemical free graduation party has been classified overwhelmingly successful by the seniors, guests, and chaperones who attended the extravaganza at La Fonda Ranch.

Following the graduation ceremonies at Tiger Field on May 31, 1991, 22 seniors and guests boarded a school bus in front of the High School at 11:00 P. M. for a short trip to La Fonda. Upon arrival, seniors hungrily devoured Pizza and snacks before embarking upon a treasure hunt cleverly designed by Kathy Bader and Tulisha Wardlaw. The successful team of Regina Pena found

the final clue at 1:00 A. M. and was awarded \$100.

Drawings were held every hour for prizes purchased with donations. Names were drawn and Seniors then had to pop a balloon with a dart to discover what prize awaited them. Between drawings, entertainment was continuous and included volleyball, basketball, a relay of team games called graduation mania, videos, dancing, and even the Limbo and the Hokey Pokey. The Pinata was short lived but fun for everyone. Grand prize winners at the final 6:00 A. M. drawing were Lina Falcon who won a GE 20" color TV, Rogelio Herrera winning a stereo system, Cris Cruz a microwave oven, and Dorothy Ward a portable CD

Memorial Holiday recognized

By LES ROPER
Cavalryman Editor

FORT CLARK -- A feeling of nostalgia and reverence completely engulfed a good crowd of patriotic citizens this past Thursday afternoon, May 30, in front of the "Empty Saddles" while the flag was lowered as the bugle sound "retreat".

The Fort Clark Springs VFW Post # 8360 paid recognition to this day as Memorial Day, which, at one time was the official date for honoring United States Armed Servicemen who had given their lives in past wars.

Memorial Day was known as Decoration Day at one time and was celebrated on the 30th of May with the custom beginning soon after the Civil War. Research shows that General John A. Logan, commander in chief of the Grand Army of the Republic in 1868, named May 30 for decorating the graves of Union soldiers. It is speculated that May 30 was chosen because that was the date of discharge of the last Union volunteers. Some southern states observe Memorial Day on one of four days ... April 26, April 28, May 1, and June 3.

While the flag was lowered by Fort Clark Security guard, Bill Sampson, Felix Gonzales, Walter Fithian, Peter Pacheco, Agapito Saenz, and Joe E. Sandoval representing Post # 8360 stood at attention and saluted. The flag was properly folded and presented to the Honor Guard.

Harrell Floyd, one of Fort Clark's most talented citizens, then stepped forward and completely captured the visitors as he spoke these words ... We are gathered here at this place from which brave men rode forth to do battle. We wish to honor with our presence those men, and the millions of their comrades who have died in our wars since our nation's birth. We think, also, of the other millions who served and fought, and lived on. None here among us is without a memory of a

Columbia's command pilot related to Cremer family

By LES ROPER
Cavalryman Editor

FORT CLARK -- Wednesday morning at 8:45 AM CDT the space shuttle, Columbia, roared into space from Cape Canaveral with Mr. and Mrs. Lee Cremer's son-in-law, Lt. Colonel Sidney Gutierrez, in command of the flight. The Cremeres are long time residents of Fort Clark Springs since retiring from the United States Immigration Service.

The flight had been scrubbed on several occasions within moments of a launch time due to technical difficulties, but Wednesday morning everything was on go and the liftoff was a thing of beauty.

Mr. and Mrs. Cremer's daughter, Marriane, met Gutierrez while her father was stationed in Del Rio and he was a young Lieutenant in flight training at Laughlin Air

Tonight you may look into the heavens and get a glimpse of Columbia streaking thru the sky.

Force Base. Miss Cremer and Lieutenant Gutierrez were married in 1975 in Del Rio. They now have three children and live in Florida.

Colonel Gutierrez compiled one of the best records ever in the United States Air Force as a fighter pilot and a test pilot. His ability and intensity to excel propelled him into the Astronaut program in 1984 and he became one of the program's youngest appointees at age 33.

How the world has changed since Orville and Wilber Wright

took their first historic flight at Kittyhawk, North Carolina in 1903. Today's technology evolved from a patent being awarded to the Wright Brothers in 1906 and the organization of the American Wright Company in 1909 that allowed these two men with vision the license to manufacture motor driven airplanes.

Tonight, you can look into the Heavens and possibly catch a glimpse of the Columbia as it streaks through the skies. On board with Colonel Gutierrez is a team of doctors doing valuable research that could result in the miracle cure of many dreaded diseases in years to come.

When you look to the Heavens don't forget to say a prayer of thanks for these brave and heroic individuals as they continue to explore outer space and, last but not least, ... thank GOD for making it possible.

Fort Clark Springs News

Tina and Walter Bauguess are pictured above on their Golden Anniversary Day. We wish them 50 more happy ones!

Golden Wedding Anniversary

Cavalryman Contributing Writer

Walter and Abertine (Tina) Bauguess celebrated their golden wedding anniversary with a family get-together in San Antonio for sight-seeing and a family dinner June 1, at the Oak Hills Inn.

Hosts were their children and spouses, Jane and Mike Pyle of Fort Worth, Texas, Ruth and Clay Boyd of Austin, Texas and Barbara and David Bauguess of

Montrose, Colorado. They have eight grandchildren and one great-grandchild.

The North Carolina natives were married June 15 in Ashe County, North Carolina. She is the former Ruth Albertine Hurt. He is retired from McNeil Pharmaceuticals and she is retired from Fort Worth Independent School District.

They reside in Fort Clark Springs and are members of First United Methodist Church.

Palestine Railroad opens

The Palestine Convention and Visitor Bureau has sent us a notice that the Texas State Railroad will be running in full swing from May 27 through August 18. These nostalgic, steam powered vintage 1900 railway cars leave Palestine and Rusk depots at 11 a.m. to make the 50 mile, four hour round

trip between the two cities. You may tour the engine cab before departure.

Reservations are recommended and can be made by calling 1-800-442-8951. Palestine is located on US 84 about 400 miles from Brackettville.

Tuesday morning Ladies Golf won by Marge Adams with a recorded count of 26 putts for 18 holes of golf.

Ladies Tuesday's Golf

By LES ROPER
Cavalryman Reporter

FORT CLARK -- Tuesday morning the golf course was working alive with "clishmaclavering cuties" getting ready to take advantage of "Ladies Day" on the links. Fort Clark's galaxy of golfing gals combined with the "darlin' little dumplings" from Del Rio and Laughlin AFB made Tuesday morning the "day of days" for gal watching at the golf course.

Teeing off first was a group of ladies who failed to sign up for the monthly Tri-City game of golf. These ladies played their own special game where they counted putts instead of strokes. Coming in with the least amount of strokes was the diminutive Marge Adams with a recorded 26 putts for 18 holes of golf. Finishing second

was Helen Miller, recording 28 putts and in third place was Evelyn Whitely with 29 putts.

The Tri-City tournament finished with no stranger to the leader board registering her name there once again. Joy Kyle, one of the areas top lady golfers had a gross 82 to haul in the honors for the over all score. Finishes with the over all low net was Fort Clark's Patty Barnett. The low net Championship was won by Maxine Lawson from Del Rio and the low gross Championship was won by Fort Clark's steadiest golfer, Helen Miller. In the first flight the low gross was won by Luella Gilliland while low net was claimed by Flo Stafford.

Well, men, the ladies have done it again. They have spread enough good will and cheer around Fort Clark's golf course to last us another week. Thank you, GOD, for using one of my ribs so wisely.

Fort Clark Springs Summer Calendar

MEETINGS

Architecture Committee: Every Tuesday in the Board Room at 9 a.m.

FCS Community Council: 2nd Saturday of the month at the Shafter Hall at 9 a.m.

Board of Directors: 3rd Saturday of the month in the Board Room at 9 a.m.

Historical Society: 4th Saturday of the month in the Sabre Room at 10 a.m.

Planning Board: 1st Friday of the month in the Board Room at 9 a.m.

Recreation Board: 1st Thursday of the month in the Adult Center at 9 a.m.

Art Club: Work days: every Mon. & Sat. in the Art Studio 11 a.m. to 3:30 p.m. Business meeting: 1st Monday of the month in the Art Studio at 1 p.m.

Thursday- Bunco, Adult Center at 7:30 p.m.

Friday- Bingo, Shafter Hall at 8 p.m.

Ceramic Hours- Sat. noon to 5 p.m., Sun. 1 to 5 p.m., Mon. 7 to 10 p.m.

Ward Pomeroy salutes to celebrate his second hole-in-one last Friday with Tellis Boutwell, left, and Lou Sofaly, right.

Surprise! Surprise! Surprise!

Cavalryman Contributing Writer

It was just another day of golf for Ward Pomeroy and his two golfing buddies, Tellis Boutwell and Lou Sofaly. As Ward began his friendly game of golf with his friends, 'did Ward know what was in store for the day?' It's every

golfer's dream to do two things, win the big one and sink a hole-in-one. On May 31, 1991 at 11:45 a.m. on hole #15 using a four iron

and Titlist #4, Ward hit a hole-in-one at 129 yards. This is Ward's second hole-in-one and it couldn't have happened to a nicer guy. Congratulations Ward!

Lions again help a neighbor

A family who resides in Unit 3, Fort Clark Springs graciously loaned their walker to a person who needed one for a few weeks. When Lion, Lou Sofaly returned the walker, he discovered that this family had a problem. The man, due to a heart condition, will have to use a wheel chair. The family needed to have a ramp built so the

man could get in and out of the house.

Lion Sofaly called the following Lions: Don Parks, Harold Miller, Tom Faulkenberry and Peter Pohl. In no time at all the ramp was built and the family is very thankful. This is what Lionism is all about, helping others in need.

Eyes are on Rosalie Boysen

Rosalie was born in Flatoria, Tx., July 18, 1930. She is the middle child of nine children in age. This means her oldest sister is ten years older than her and her youngest brother is ten years younger than her. She married Roland Boysen Jan. 7, 1951. They have two adopted children; Rachael and Roger, also three grandchildren, Amanda, Derek and Zackary.

She and Roland lived in San Antonio for over 40 years. She worked with him as a secretary and bookkeeper in his accounting business. She also had a side business, that was part a hobby, baking wedding and birthday cakes. She was as she says "a landlord's wife" for they owned 26 apartments and houses which she maintained and decorated. Quilting has been a big part of her life. She has made them for raffles for organizations and raised over \$16,000.00 with them over the past 12 years.

For six years Rosalie was a Senior Citizens hostess at Our Lady of Guadalupe Catholic

Church in Helotes, Tex. She taught arts and crafts, singing and dancing. Her dancing skills also were part hobby and part job as she gave lessons. One of her delights being the time her group danced at the Menger Hotel in San Antonio. They danced for Air Force reunions and were quite praised. She and her husband belong to the Good Sams Travel Clubs and have traveled many interesting places throughout the U.S.

Anyone who meets her may notice the cross she wears. This is a symbol of her missionary work she does on the road. Her hobbies are quilting, dancing, reading and craft work. She particularly likes to make flower arrangements. She makes her version of a Texas rose which is very pretty. She and Roland became members of Fort Clark in the 80's and became permanent residents five years ago. They live behind Patten Hall. Her monthly flags and seasonal decorations can be seen displayed around her home. Keep up the good work Rosalie!

Community Council has ribbon cutting ceremony

Cavalryman Contributing Writer

The officers of the Community Council invite everyone to attend the ribbon cutting ceremony at the new Community Hall (Shafter Hall), formerly the sales building on Saturday June 8, 1991 at 8:45 a.m.

Our guest of honor, who will be cutting the ribbon will be Rozetta Pingenot, president of the Board of Directors of Fort Clark Springs.

After the ribbon cutting, there will be a business meeting conducted by Vicki Nichols, first vice president, who is acting president while our president Richard Hirsch is on vacation.

Our guest speaker will be Sheriff Hooten bringing us up to date on the laws, that will be very interesting to all I'm sure.

There will be a drawing for door prizes, one for the men and one for the women.

Coffee and donuts will be

served. The Bingo will be held in our new building every Friday evening at 8:00 p.m.

Community Council meetings will be on the second Saturday of every month at 9:00 a.m.

The name of our new building will be Shafter Hall.

We wish to take this opportunity to express our sincere thanks to the Board of Directors for their help to secure this building for the needs of the Fort Clark Community. We also owe gratitude and thanks to our Maintenance Department for a job well done, and all the people who took part in this great move.

Everyone wishes to thank Harold Kauffman for the great job he has done, his time and hard work. Great job done Buddy. Don't know what we would do without you. If there were more Harold Kauffman's on this Fort, what a wonderful Community it would be. One man wouldn't have to do all the work alone.

Couples Thursday's Golf

Cavalryman Reporter

FORT CLARK -- The one thing that continues to draw a golfer (duffer) back to the golf course is that occasional one good shot per round. After forty years of training and practicing a body can plan on two good shots per round. Very seldom does anyone live long enough (other than the Ben Crenshaws, Greg Normans, Tom Kites, etc.) to have three spectacular shots per round of golf.

Ah yes ... the game of golf. The only sport in the world you can love and hate in the same day ... and with the same intensity.

During the weekly Couple's tournament this past Thursday the players were divided into teams of four each. The lineup sheet showed some "mighty powerful players" on the roster. Players were heard whispering, "if we can just come in 8 under par we can probably finish fourth behind long hitting Charlie Smith, or the "old golfing Guru" Robbie Robinson, or the man with the million dollar swing who plays straight down the fairway, Bob Young."

However, there was one golfer who forgot to read the credits of these gladiator giants who dominate the game of golf at Fort Clark. His name ... Bill Mitchell.

Mitchell drew two very strong lady golfers on his team who are known for their distance and accuracy ... Flo Stafford and Mae Roper. He didn't draw much with his male counterpart when your's truly ended up on his team.

As his team teed off no mention was ever made of a second, third, or fourth place finish ... only first place. This foursome played like a team made up of "bionic players." Mitchell powered the ball long and straight and when he failed to capitalize on a second or third shot his team jumped in and filled the gap. A perfect example of team play took place all day and when the dust had finally settled the scorecard showed a sizzling 12 under par recorded.

Talk about walking into the Club House with our slumping shoulders thrown back as far as we could get em' ... well, we did. Before we got a chance to visit with "old Charlie" he had cranked up his "shetland Harley" and headed north for his home.

Finishing second and not shut out was Charlie Smith and his team of Molly Schroeder, Dwite Gilliland, and Luella Gilliland. Tied for third and fourth was Bob Young, Jane Young, Bob Barnett, and Patty Barnett and Robbie Robinson, Ruth Robinson, E. W. Williamson, and Louise Williamson.

Duplicate Bridge Club meets

The Ft. Clark Duplicate Bridge Club met May 28th with 5 1/2 tables in play. Coming in first in North/South was Betty Inman and Ann Hibler. Second place was won by Walt Geeze and Norma Gould. First in East/West was Gene Britton and Trudy Harber.

Second place was won by Joan Lindley and Ruth Wilkes.

On Sunday, June 2nd, First place was won by Martin Sheets and Joyce Bell. Second place was won by Ann Hibler and Alice Seargeant.

Correction Notice

Last week the Kinney Cavalryman named one of the men in the Memorial Day Scramble as Dwite Gilliland as a winner. The truth of the matter is it was Bill Koons. Don't know who made this mistake but I think their initials are Joan Boutwell. Sorry Bill!!!

Monday Scramble

The Par 3 Monday morning scramble had a field of 14 players. The weather tried to dampen their spirits but this hardy group had come to play. There was a tie for 1st place between Tom Faulkenberry, Dave Yates, Lou Sofaly, Charles Evans and Ran Frisby and the money was split.

Maintenance says thanks

The maintenance department wants to express their thanks for a job well done this past week end. Although many members and guests enjoyed the pool and other picnic grounds on the Fort with Bar B Ques and family get togethers, they were very good on clean up. No one left their garbage

behind, and all were considerate of one another.

With the hot, dry summer upon us, maintenance would like to remind us all to be very careful to keep fires in the Bar B Que pits provided and put cigarettes out completely.

Miss Kinney County Contestants for 1991-92

Michelle Brandt

Michelle Brandt, age 16, is the daughter of Nolan and Cindy Brandt and will be a Senior at Brackett High this coming fall.

She is a member of the National Honor Society, Kinney County 4-H, Varsity Basketball, Track, Volleyball, Varsity Cheerleading Squad, and the Science Club.

Michelle's hobbies are swimming, babysitting, water skiing, cooking, basketball, tennis and volleyball.

Her summer job of lifeguarding at the Fort Clark Pool has her CPR certified, First Aid Certified, American Red Cross Lifeguarding Certified.

She has received awards in the

Nueces County Grand Champion Clothing Division, Overall High Point Senior Division, 1989 4-H Foods and Nutrition, Third and Fifth places in 1988 & 1989 District 13 4-H Food Show, five consecutive First places Kinney County 4-H Food show, All-District Honorable Mention Basketball 1990, Junior Basketball Finalist, Most improved Basketball Player 1990-91, Presidential Honors Academic Award, All "A" Honor Roll 1988-90, all "A" & "B" Honor Roll 1990-91, and voted Most Likely to Succeed.

Michelle was Freshman Class President and Sophomore Duchess.

Proud to be an American

Cavalryman Contributing Writer

Poise, personality and talent will determine who the 1991 Miss Kinney County will be Saturday, June 8th at the Civic Center. The evening of fun will kick off at 8:00 p.m.

This years theme for the pageant is "Proud to Be An American." Everyone dress in red, white, and blue ... grab a friend, relative, or whoever and join this patriotic evening of beauty.

The talented beauties, participating in this years's pageant are Michelle Brandt, Karla (Charlie) Hall, Wendy McDaniel and Jenifer Shahan. Talent, swimsuit and evening gown will be the areas the

contestants will be competing in Saturday night. At noon, the girls and judges will meet at Alamo Village for lunch and personal interviews.

"I know that this will be an evening to remember. The girls determination in becoming better in learning their dance, perfecting their talent and walking in high heels has been fantastic! Each of these young women would represent our county well," said pageant coordinator Lashawn Wardlaw.

Tickets for the banquet and pageant will be available through the Chamber and local merchants. Combined tickets, banquet and pageant - \$12.50, pageant only - \$5.00 adults, \$3.00 children.

Jenifer Shahan

Jenifer Shahan, age 17, is the daughter of Tully and Darlene Shahan and will be a Senior at Brackett High this September.

Jenifer belongs to 4-H, FHA, the National Honor Society, the First Baptist Youth Organization, Varsity Basketball, Volleyball, Golf, Track, Varsity UIL Writing and Math, the Student Council, the Gifted and Talented Program, the Texas Club Lamb Association, Prom Committee 1991 and is a Varsity Cheerleader.

She likes showing and fitting market lambs and breeding sheep, reading, swimming, horseback riding, snow skiing and snowmobiling, hunting, hiking and running.

Jenifer has been honored with the Grand Champion lamb Kinney

County 1990 & 1991, Overall Grand Champion Lamb San Antonio 1990, District Champion Golf, Regional Qualifier Track, Reporter FHA, Gold Star Award 1990, District Food & Nutrition and State 2nd place, Scholar/Athlete 1991, Outstanding Volleyball player 1991, Best Golfer 1991, District UIL Ready - writer champion, 2nd place feature writing, all regional qualifier in feature, news and ready writing and 1st place VFW Voice of Democracy Speech and Speaking.

Jenifer has been Secretary Junior Class, Student Council Vice-President, 4-H Club President 2 years and 4-H Lamb project president. She has been voted Most Beautiful and Most likely to Succeed of the Junior Class.

Wendy McDaniel

Wendy McDaniel, age 16, daughter of Jim and Jennifer McDaniel will be a Junior in Brackett High next year.

She is a member of the National Honor Society, Varsity Athletics, Varsity Cheerleader, First Baptist Church Youth Group and Student Council.

Her hobbies are Basketball, Volleyball, Tennis, Needlepoint, Writing Poetry, Traveling, Reading, and talking with friends.

Wendy is a two-time recipient of the Athlete of the Year Award. She has received awards for All Star Cast One Act Play, Honorable mentions for One Act Play and All District Basketball and voted

most likely to succeed -2 years-, best defensive Basketball player, most popular, runner-up area rebounder and elected Varsity Cheerleader for 3 years. She was also Student Council Secretary.

Carla Hall

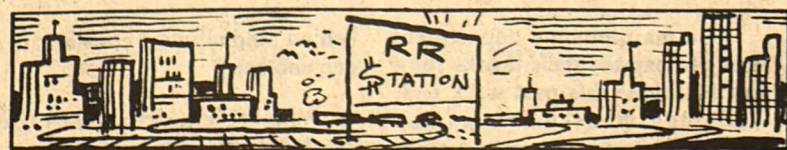

Karla "Charlie" Hall, age 14, is the daughter of Chuck and Connie Hall and will be a freshman in September.

She belongs to the Uvalde Youth Rodeo Club, Junior FFA, the American Junior Quarterhorse Association, the Brackett Junior High Basketball, Volleyball and Track teams and is a member of 4-H.

Her hobbies are riding her horses, swimming, reading, talking to her friends on the phone,

competing in UIL contests. Also, she likes being around animals, fishing, showing animals and babysitting.

She has received UIL Ready Writing 1st Place 2 years in a row, All "A" Honor Roll, Special Recognition in grammar, Grand & Reserve Champion Swine, Swine Showmanship Award, Recognition in 4-H Food and Nutrition Project, Special Recognition in Algebra Award.

In 1983, a Florida schoolboy found a bag of diamonds on a railroad track while looking for his missing bicycle. The jewels remained unclaimed for over a year and were then auctioned off for \$350,000 which went to the boy.

A garlic press can be used to pulverize foods too small to put in a blender.

Rubino brings home the gold

By J. J. Guidry
Cavalryman Staff Writer

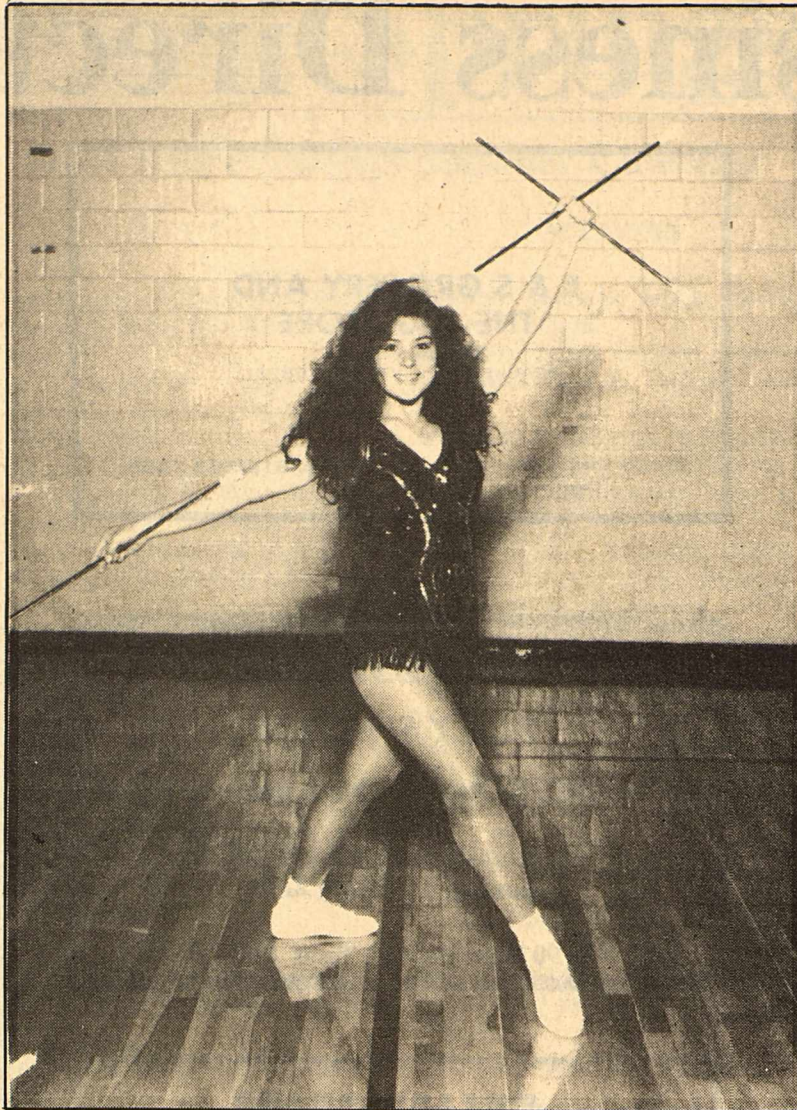

AUSTIN - Rosemary Rubino represented the Brackett High School band in glorious fashion last Saturday as she earned a superior rating on her Class I baton routine at the State Twirling contest.

"I was overwhelmed to earn a superior rating," said Rosemary, the daughter of Tomas and Isabel Rubino. "The last three years I earned silver medals at state and it was real special winning the gold as a senior. Rubino was judged by Doria Avila. He noted Rosemary for her attractive costume,

self confidence, and technical execution. He described her routine as "very interesting and well planned" and said she had an "overall graceful performance."

"She used her experience to her advantage," said Lynette Crane, Tiger Band Director. "I'm real proud of her. She has a bright future ahead of her."

Rosemary has already left for Texas A & I, where she is involved in the Middle Rio Grande Youth Exploration College Program. She is majoring in mass communications. If Texas A & I's head twirler does not return for the upcoming semester, Rosemary will try out for the position on August 24.

Senior Rosemary Rubino, Class I State Twirling Champion.

Senior Girls win double header

The Brackett Senior Softball girls won a double header against Del Rio, Saturday. The girls, the week before, played a much experienced Eagle Pass Team and lost both games.

Brackett beat Del Rio 28-8 the first game and 23-12 the second game. Del Rio scored first with 2 runs in the first inning to take the lead 2-0. Brackett scored 5 runs in the second inning while Del Rio scored 3, tying the game 5-5.

The Brackett girls "poured it on" in the fifth and sixth inning scoring a total of 22 runs. Samantha Luna was top scorer with a total of 6 runs. Lolly Hernandez scored 4 runs, Monica Rodriguez, Edwina Banta, Denise Frerich all

scored 3 runs each, while Sandra Samaniego scored 2, Vivana Pierce scored 2, Veronica Delgado scored 2 and Isabel and Cecilia Aguirre each scored one run.

In the second game, the Brackett girls scored a total of fifteen runs to Del Rio's 3 runs in the first two innings. The girls seemed to be playing together the second game. Del Rio scored 5 runs in the sixth inning but never could catch up as Brackett finally won 23-12. The girls haven't had much practice but they were much improved since their game against Eagle Pass. Brackett has some good senior girl athletes and will represent Brackett with "no problem!"

The Fireball Team players pictured from left to right on bottom row are: Kelly Daniels, Ashley Smith, Dustin Slubar, Angel DeHoyos, and Eric Pena. Players on the second row are from left to right: Myra Aguirre, Coach David Dorrough, Jason Dorrough, Jeffrey Mills, and Mitchell Carroll. On the third row, left to right are: Jennifer Dorrough, Lloyd Davis, Jr., Becky Perez, and Patrick Rose. On the fourth and top row, pictured from left to right are: Monique Moren and Susannah Davis.

Fireballs play the Cardinals

This past Saturday morning the Fireballs played the cardinals at the Little League field.

Both teams played a good game. No scores are kept in Tee Ball. All players get to bat in each inning and they play three innings. The Tee Ballers play to learn and to have lots of fun. They are actually learning to be good sports and ball players so when they are

old enough they can play Little League and on up to the Senior League.

The coaches for the Fireballs are David Dorrough, Steve Mills, and Beth Ann Smith.

Coach David Dorrough says "It's great to get out there and have a good time with the kids and I hope they have a good time too."

More pictures of the other teams to be in paper next week.

Two veterans come out of retirement to join the umpire staff. Pictured from left to right are Veteran Tony Frerich, Smiley Goodloe, Veteran Russ White, and head umpire Lingo Sandoval.

"The runs came" for the Brackett Rangers

Cavalryman Sports Writer

The Rangers got the scare of their life Wednesday night in Uvalde against the Mariners. The Mariners scored 5 runs in the first inning before the Rangers realized what was going on. The Rangers first three batters in the first and second inning couldn't reach base and the Mariners had the lead 5-0. Kelly Hendrick, Mike Munoz, and Ramon DeLeon scored the first three runs for the Rangers in the top of third on Mariner errors. Then the "runs came" for the Rangers in the fourth inning. Anthony Rubino, Andy Garley, and Ruben Terrazas reached base

on balls. Mike Munoz, Jessie Terrazas and Ramon DeLeon supplied the hits and the Rangers scored seven runs to go ahead, 10-5. The Mariners scored another run and the Rangers scored in the fifth to make the final score 11-6.

There were costly errors on both sides, but the Rangers proved they can be a scrappy team. The Rangers were down by five runs, but came back to win by six runs. Rubino pitched six innings and seemed to get stronger each inning. Rubino is one of the key pitchers this year. Rubino's stats were - 7 strike outs, 5 walks, 6 runs with 7 hits.

UVALDE - The Rangers met up with the Athletics last Tuesday, but were shut out 5-0.

M. Berelez put the A's on top in the first inning as he walked and scored.

In the top of the second, P. Martinez and M. Lane scored for a 3-0 lead. Martinez was walked and Lane singled.

Diaz walked and scored in the top of the third and fifth innings to

complete the Athletics scoring. Anthony Rubino and Wil Shahan shared the pitching the duties for the Rangers. They combined for 12 strikeouts and gave up only one hit despite the loss.

The Rangers will continue action on Friday as they face the cubs at 8:00 p.m. at Tom Bond Field in Uvalde.

Little League Highlights

Cavalryman Sports Writer

RAMS 5 - LIONS 3

Pat Munoz hurled seven strikeouts and didn't give up any hits as he led the Rams to a 5-3 victory over the Lions.

Munoz almost had a shut-out in the palm of his hand until late in the bottom of the sixth inning when two batters advanced to first on fielder's error, another walked, all of which eventually scored.

The win upheld the Rams overall record to 7-4-1, which puts them in a first place tie with the Astros, who share the same record.

In the top of the first inning, the Lion's pitcher, Marcus Garley, walked the Ram's J.D. Samaniego and Jason Antillon to begin the game. Tim Hale then grounded to center field allowing Samaniego to score. Antillon and Hale then scored as they were driven in by Butch Lopez, who doubled with a line drive into center field giving the Rams a four run lead. Jose Garcia singled into left field to drive in Lopez.

ASTROS 9 - COWBOYS 8

The Astros overcame an eight run deficit as they rallied in the bottom of the last two innings for a 9-8 victory.

The Cowboy put their first run on the scoreboard in the top of the first as Munchie Falcon doubled and scored.

Falcon scored again in the second inning along with Rene Luna and Zach Davis for a 4-0 lead. Falcon and David both reached on errors, while Luna was hit by a pitch.

The Astros pitching problems increased in the top of third as David Melancon, Caleb Crumley, and Aaron Taylor, all walked and scored.

Cody Williams put the Cowboys up 8-0 as he walked and scored in the top of the fifth.

Tim Hale popped to center field and advanced to second on a fielder's error in the top of the 3rd for a 5-0 Ram lead.

The matchup then became a defensive battle as either team's pitcher gave up a hit until the top of the sixth, when Jacob Puda singled to rightfield for the Rams.

Garley then ended the side as he struckout 2 batters & threw another out at first.

In the bottom of the sixth, Clint Clark led off and advanced to third on errors. Alex DeLeon was then walked. Both scored as Mike Aguirre hit a grounder past the second base and advanced on an error. Aguirre then scored on a fielder's choice from Garley. That made the final score 5-3 in favor of the Rams, who ended the game by throwing the next three batters out at first base.

The highlight of the evening was on a double play in the bottom of the fourth. Marcus Garley grounded to the Ram's Shortstop, Tim Hale, who tagged second base for a force out & then connected with Butch Lopez to throw Garley out at first for the double out.

The Astros began their long climb back up the ladder as they cut their deficit to two runs. David Reyes, David Foster, Luis Guajardo, Robert Aguirre, B.J. Pierce, and Demetrius Williams, all scored making the score 6-8. Guajardo singled, Reyes, Foster, and Williams walked, and Aguirre and Pierce advanced on fielder's errors.

In the bottom of the sixth, the tide began to turn. Guajardo got on base with a single. He then scored on a force as a player was walked with the bases loaded. Aguirre, who was walked, scored the tying run.

The winning run was from George Rodriguez, who was also walked. He took home plate on a wild pitch for the victory. What a come back by the Astros.

Pat Munoz, pitcher for the Rams, came close to a no-hitter.

Word Studies

By Ken Curry

WHY GOD CREATED MAN PART XII

"And I saw an angel coming down from heaven, having the key of the abyss and a great chain in his hand. And he laid hold of the dragon, the serpent of old, who is the devil and Satan, and bound him for a thousand years, and threw him into the abyss, and shut it and sealed it over him, so that he should not deceive the nations any longer, until the thousand years were completed; after these things he must be released for a short time... and when the thousand years are completed, Satan will be released from his prison, and will come out to deceive the nations which are in the four corners of the earth, Gog and Magog, to gather them together for the war; and the number of them is like the sand of the seashore. And they came up on the broad plain of the earth and surrounded the camp of the saints and the beloved city, and fire came down from heaven and devoured them. And the devil who deceived them was thrown into the lake of fire and brimstone, where the beast and false prophet are also; and they will be tormented day and night forever and ever" Revelation 20:1-3, 7-10.

In a previous article, I wrote that the Bible is divided into seven separate, distinct dispensations (ages, or periods of time). First, the Age of Innocence, when Adam and Eve were in the Garden of Eden; then the Age of Human Conscience before the Flood; then the Age of Human Government at the Tower of Babel. Next came the Age of Israel, which was followed by the Age of the Church which we are in now. The Sixth dispensation will be the Age of the Tribulation which will last seven years, and will begin with the Rapture of the Church with Christ taking the Church to heaven for the seven years. It will end with Christ's Second Advent, His triumphant return to the earth and the setting up of His throne where He will rule the earth during the Seventh dispensation, the Age of the Millennium, which will last for one thousand years: Resurrected Saints will return to the earth with the Lord and will assist Him in His earthly reign.

If we study the verses above from Revelation, we see that Satan

is bound off the earth during the entire one thousand years of Christ's reign on the earth. To know what the world will be like during the 1000 years, we need to go back to the Old Testament Hebrew prophets. Perfect peace and order will rule the world, and there will be no war. There will be no poverty, no disease, no famine, no homelessness, no economic turmoil, and life spans will be greatly increased. Since the Church is taken off the earth at the end of the Age of the Church, the earth will be temporarily without Christian witness. Since we know from the prophet Daniel that the Age of Israel would be cut off seven years short, the Tribulation is actually the last seven years of the Age of Israel. At the beginning of the Tribulation, Christ will convert 144,000 young Jewish males (Revelation Chapters 7 & 14) to witness for him during the seven years. At His Second Advent to earth, Christ will kill all unbelievers who rejected the Gospel during the Tribulation, and only believers will enter the 1000 year rule of Christ.

If Revelation 20:3 says that Satan is to be bound off the earth during the 1000 year rule of Christ, why then does it say that he must "be released for a short time?" Christ's reign begins with mortal men and women believers who will continue to procreate during that 1000 years, just as Noah's three sons and their wives began to re-populate the world after the Flood. Satan is put into prison during the Millennium so that man will not be deceived, and man's only temptation to sin will come from his individual old sin nature. After the 1000 years, Satan will be loosed and will deceive the offspring born during these 10000 years, who in spite of living in a perfect world will not have believed God's Word. All of this is to show man once and for all that the issue is not perfect environment on earth with an absence of war, pestilence, famine, poverty, economic chaos, homelessness, etc. The issue is and always has been a personal, individual faith in God's Word. The Old Testament Saints were saved by their faith in God's promise of the Messiah that was to come; New Testament Saints are saved by their faith that Jesus Christ is the Messiah that has come!

Hearing to be held at Civic Center

Every resident of Kinney and neighboring counties should make it a point to attend the official hearing at the Civic Center Brackettville at 9:00 a.m., Tuesday, June 11. This is an opportunity to

express your opinion about the plan by your own areas to store radioactive trash in a huge hole 1/2 mile from Spofford. It is essential that you

demonstrate interest by appearing at this hearing, to be held by the Bureau of Radiation Control, Texas Department of Health. Come, to show state officials you care what happens to this wonderful area where we enjoy good water, pure air, and a quality of life that is rapidly disappearing in this nation. Remember, 9:00 a.m., Tuesday, June 11, at the Civic Center. Be there!!!

Library News

School is out at last!!! We know that the teachers are looking forward to being able to spend some leisure time reading just what they want to read. We want to remind the parents that the summer reading program begins June 12 for the read-to-me group and on Tuesday, June 18th for the Readers group due to the June 19th holiday. There after, all meetings will be held on Wednesdays. We have calendars the parents may place on their refrigerators so that they know which group meets on which date. Come by, register your children and pick up your calendar. We wish to thank the first grade teachers; Ms. Benacci and Ms. Melancon for bringing their students to the library so that we might familiarize them with the library and its function. The children were extremely well behaved and had good questions about their library and its use. We would suggest to all parents that a tour of the library by the librarian is most appropriate. We enjoy showing the children around and informing them of the rules of the library. Most children are well behaved provided they are aware of the rules they are expected to conform to. Also, if the children are informed of the rules by the librarian, she can then assist the parents in the enforcement of those rules while they are in this or any other library.

ATTENTION LOCAL EMPLOYERS. The library has

recently obtained two books which should be most beneficial to the small business person who wants to avoid problems. The first: Personnel Forms and Employment Checklists provides forms which may be duplicated including: employment applications; reference forms; confidentiality agreements; covenants not to compete; medical authorization releases; and many more. There are also specific do's and don'ts to help you avoid legal pitfalls. The second book: Employment in Texas; a Guide to Employment Practices and Regulations offers the employer up to date information on employment laws both state and federal so that he may avoid problems with wage and hour standards, health and safety, and many other issues so critical in today's work place.

As usual, we are expecting today's best sellers to arrive momentarily. We would be glad to add your name to an existing reading list or reserve a book with no waiting list for you immediately. Too, we can order books not in our collection through the Inter-library agreement as members of the San Antonio Area Library System. This is not limited to Texas libraries. So come down and let us help you find that book you've been wanting to read but haven't been able to locate.

As always, we invite you to visit the coolest, friendliest little library in Kinney County!!! Kinney County Library Staff and Volunteers.

Public Notice

NOTICE OF MEETING

A workshop meeting of the City Council and all interested citizens of Brackettville will be held immediately following the City Council Meeting of June 10, 1991, at the City Hall Fireman's Lounge. Purpose of the Meeting

will be to identify and discuss items relating to the City Planning Program such as:

1. Capital Improvements
2. Economic Sources
3. Other City Planning Elements

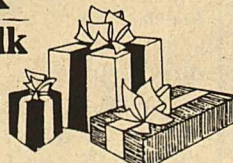

HAPPY BIRTHDAY

37th ANNUAL BEEF CATTLE SHORT COURSE:

Texas A & M University's 37th Annual Beef Cattle Short Course and Trade Show is scheduled for

August 13-14. The program is designed to provide producers with useful information that can be turned into dollars back at the ranch.

The 1991 program will include a trade show and live animal demonstrations. Agenda items include complete discussions on lean beef production and the effect of low-fat products on American consumers and beef producers. Other items to be covered include profit management, breeding, forage management, nutrition, health and marketing. The talks will be from producers with varying size operations. Texas producers representing cattle herds of more than 1,000 head to small herds of 30 or 40 head will attend the meeting.

The trade show will feature more than 50 beef industry booths. The costs of the conference will be \$40. for participants and \$20 for income and assisting children and grandchildren.

A session on estate planning will deal with wills, trusts, estate tax deferrals, gifts and property titles.

Registration costs \$60.00 per person, which includes meals and materials. If you would like more information, please give the Kinney County Office of the Texas Agricultural Extension Service a call at 563-2442.

SCHEDULED MEETINGS!

DISTRICT 13 4-H SHEEP & GOAT PROJECT WORKSHOP: Tuesday, June 18th - 8:00 a.m. Comfort, Texas

All Kinney county 4-H sheep and goat project members are encouraged to attend the annual workshop sponsored by the District 13 4-H Sheep and Goat Project Committee. The workshop program will be as follows:

- Tour of the Hillingdon Ranch (Robin Giles, Comfort, TX.)
 - Embryo Transplanting
 - Wool and Mohair grading and market outlook.
 - 4-H Show lamb Projects.
- A registration fee of \$5. per

SEMINARS SCHEDULED FOR WOMEN MANAGING FARMS & RANCHES:

Women involved in managing farms and ranches may wish to attend one of the three educational seminars scheduled across the state in June by the Texas Agricultural Extension Service.

The seminars are designed to help women explore income-generating and tax-saving opportunities for their ranches.

Dates and locations for the meeting are:

June 13-14-Holiday Inn Airport, Corpus Christi

June 24-25-Sheraton Inn, Wichita Falls

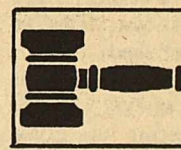

June 27-28-Fifth Seasons East, Amarillo

The discussions will center on income taxes, leases, business organization and estate planning. Leases and operating agreements will also be covered. The income tax planning portion will include tax saving opportunities for business growth, land sales, retirement person will be charged which will cover the meal. Lunch will be in Boerne with the conclusion of the program. Registration is due by June 10, 1991.

RECORDBOOK OR PROJECT RECORD FORMS MEETING:

Any Kinney County 4-H member interested in doing a 4-H recordbook or project record form are encouraged to attend a 4-H meeting on Monday, June 10, 1991 at 7:00 p.m. at the Kinney County Courthouse. This meeting is for all Kinney County 4-H members and their parents.

LIVESTOCK SHOW COMMITTEE MEETING:

There will be a Kinney County 4-H & FFA Livestock Show board meeting on

Thursday, June 6 at 12:00 noon at the Fort Clark Golf Club Restaurant. All board members are urged to attend this important meeting. Rotation of board members and officers, 1992 show judges and 1992 show changes are items for discussion.

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of its intent to implement a new schedule of telephone rates in Texas for Directory Assistance Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for Directory Assistance Service.

To help recover its costs, the Company is proposing to increase the rates for Directory Assistance calls from \$.30 to \$.40 per call (after the three-call allowance). Southwestern Bell is proposing that there be no change in the number of free Directory Assistance calls allowed each month (currently three) and that customers who qualify for exemption of Directory Assistance charges because of visual or physical handicaps continue to be exempt from these charges. The company also proposes to begin charging \$.25 per call for Directory Assistance from pay telephones.

If approved by the Commission, this proposed rate change for Directory Assistance will increase the Company's annual revenues by \$15.4 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. This proposed rate change would affect approximately 900,000 residence customers, approximately 155,000 business customers, approximately 500 private pay telephone owners and all customers who make Directory Assistance calls from public pay telephones.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Southwestern Bell Telephone

Texcor Industries, Inc.

NOTICE TO BIDDERS

Texcor Industries, Inc., has applied to the Texas Department of Health — Bureau of Radiation Control, for a permit to operate a site in Southern Kinney County for the disposal of uranium mill tailings, by-product material and other Naturally Occurring Radioactive Materials (NORM). A public hearing is scheduled for June 11 in Brackettville. If and when a permit is granted to the company, Texcor will spend an estimated budget in excess of \$8,000,000 to construct and furnish the facility. Those activities will include:

- Equipment, Supplies
- Brush Clearing
- Excavation (approx. 750,000 yd³)
- Building Erection
- Plumbing
- Water Tank Erection
- Asphalt
- HDPE Liner Installation
- Fence Construction
- Road Construction
- Electrical
- Office Furniture, Fixtures
- Water Line Installation
- Concrete

Bid Notices will be mailed out to local companies that have expressed an interest in doing business with Texcor Industries. To be included on the Bid Notice mailing list, please submit the following information:

Company Name: _____
Person to Contact: _____ Title: _____
Mailing Address: _____
City, State and Zip Code: _____
Phone Number: (____) _____ Fax: (____) _____
Products/Services Offered: _____

Please send the above information by mail to Texcor Industries, Inc., P. O. Box 1097, Brackettville, TX 78832. A written acknowledgement will be mailed to the contact person. For further information, please call (512) 563-2481.

UMC sponsors breast cancer detection unit

Cavalryman Correspondent

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa, Texas, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern state of the art x-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Tuesday, June 18th.

The mobile unit will be parked at United Medical Center, 201 James Street, Brackettville, Tx. Appointments may be made by calling 563-2434.

For more information you may call the Regional Breast Care Center at Women's & Children's Hospital at (915) 334-888/561-9999.

Texas Department of Health

Notice of Proposed Issuance of a Radioactive Material License with Notice of Hearing and Availability of Environmental Assessment

Texcor Industries, Inc., a Texas corporation, has applied to the Texas Department of Health for authorization to construct and operate at a designated site of 1,400 acres, more or less, near Spofford in Kinney County, Texas, a facility to transfer, to receive, to acquire, to possess, to process (including to store), to dispose and to make such use or uses of such radioactive materials as both (1) are described in the application and (2) may be licensed by an exercise of authority under Chapter 401 of the Health and Safety Code. The radioactive material covered by this application includes any "byproduct material" as defined in Section 401.003(3)(B), Texas Health and Safety Code, naturally occurring radioactive material (NORM), within the meaning of Section 401.003(17), Texas Health and Safety Code, and any other waste material which is radioactive but is not "radioactive waste" within the meaning of Section 401.003(18), Texas Health and Safety Code.

Notice is hereby given by the Texas Department of Health that it proposes to issue Radioactive Material License No. L04336 to Texcor Industries, Inc. (mailing address: Texcor Industries, Inc., P. O. Box 311228, New Braunfels, Texas 78131-1228).

The issuance of this license would authorize receipt, possession, temporary storage and disposal of byproduct material, as set out at Section 401.003(3)(B), Texas Health and Safety Code, at the proposed facility, consisting of approximately 430 acres, located near Spofford in Kinney County. The proposed license would place certain requirements on the licensee, as specified in the conditions of the proposed license, regarding handling of the authorized materi-

al, worker protection and protection of the public health and safety and the environment. The Texas Department of Health does not propose to issue a license to process "byproduct material", as set out at Section 401.003(3)(B), Texas Health and Safety Code, or to transfer, to receive, to acquire, to possess, to process, to dispose or make any other use or uses of NORM (within the meaning of Section 401.003(17), Texas Health and Safety Code), or any other waste material which is radioactive but is not "radioactive waste" as set out at Section 401.003(18), Texas Health and Safety Code.

An environmental assessment (TBRC EA-19) titled, "Environmental Assessment Related to the Texcor Industries, Inc. Byproduct Disposal Project, Kinney County, Texas," has been prepared and is available through this Agency. This notice affords the opportunity for written comments from the public within 30 days of the date of publication of this notice.

The Division of Licensing, Registration and Standards has determined that the applicant has met the standards appropriate for the issuance of the license: a) the applicant is qualified by reason of training and experience to use the material in question for the purpose requested in accordance with Texas Regulations for Control of Radiation (TRCR), in such a manner as to protect public health and safety, and the environment; b) the applicant's proposed equipment, facilities, and procedures are adequate to protect public health and safety, and the environment; c) the issuance of the license will not be inimical to public health and safety, nor have a detrimental impact on the environment; d) the applicant has demonstrated financial capability

to conduct the proposed activity including all costs associated with decommissioning, decontamination, disposal, reclamation, and long-term care and maintenance (if necessary); e) the applicant satisfies all applicable special requirements in TRCR, Part 43; and f) neither the construction and operation of the proposed facility nor the issuance of the proposed license should have any significant impact on the human environment.

This notice affords the opportunity for a public hearing upon the application of Texcor Industries, Inc. and the decision to propose issuance of the license. The public hearing on the application and the proposed issuance of the license will be held if the Agency has received written request for hearing no later than 5:00 p.m., thirty days from the date of publication of this notice in the Texas Register, from a person affected. A person affected is defined as a person who is a resident of a county, or a county adjacent to a county, in which the radioactive materials are or will be located, including any person who is doing business or who has a legal interest in the county or adjacent county, and any local government in the county; and who can demonstrate that he has suffered or will suffer actual injury or economic damage. A hearing may be requested by writing David K. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), 1100 West 49th Street, Austin, Texas 78756-3189. Any request for a hearing must contain the name and address of the person who considers himself affected by agency action, identify the subject license, specify the reasons why the person considers

himself affected, and state the relief sought. If the person is to be represented by an attorney, the name and address of the attorney also must be stated. Should no request for a public hearing be timely filed, the license will be issued.

A public hearing, if requested, shall be conducted pursuant to the provisions of Sections 401.054 and 401.264, Texas Health and Safety Code; the Administrative Procedure and Texas Register Act, Article 6252-13a, V.T.C.S.; The Formal Hearing Procedures of the Texas Department of Health, 25 Texas Administrative Code (TAC) 1.21-.34; and Parts 11, 12, 13, 21, 22, 41 and 43 of the Texas Regulations for Control of Radiation (TRCR), 25 TAC 289.111-.114, .121, and .123. The hearing, if requested, will be convened at the Civic Center in Brackettville, Texas on June 11, 1991, at 9:00 a.m.

The purposes of the hearing are as follows: a) to establish jurisdiction; b) to designate parties; c) to identify issues to be covered in the hearing; d) to resolve discovery disputes and to set a discovery schedule, if necessary; e) to receive comments from "interested persons"; f) to receive evidence and argument relevant to the issues to be covered in the hearing from persons designated as parties to the hearing; and g) to fix dates, times, and locations at which further evidence or argument will be received.

Each person who timely appears at the hearing, requests party status and demonstrates that he or she is a "person affected" as defined at Section 401.003(14), Texas Health and Safety Code, as amended, and TRCR 13.2 (25 TAC 289.112) has the right to be

designated a party in the hearing. Subject to some limitations, a party may, for example, be represented by counsel, cross-examine witnesses, participate in scheduling, and present argument. However, proof of a persons' "justifiable interest" may be required as a pre-requisite to participation on some issues. A party also may be subjected to special obligations or burdens; e.g., observance of the Agency rules of decorum, observance of procedural rules for contested case hearings, submission to discovery requirements, or payment of assigned transcript costs. Sanctions may be imposed for a party's failure to abide by applicable requirements. Failure to appear without prior notice in writing to the Hearing Examiner may be construed as a withdrawal of the request for hearing.

Copies of all relevant material are available for public inspection and copying at the Bureau of Radiation Control, 1212 East Anderson Lane, Austin, Texas. Information relative to the issuance of this specific radioactive material license may be obtained by contacting David D. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756-3189, (512) 835-7000, or by visiting 1212 East Anderson Lane, Austin Texas.

Issued in Austin, Texas on May 3, 1991.

TEXAS SENATE WEEK IN REVIEW

Cavalryman Correspondent

AUSTIN -- The Texas Senate adjourned Sine Die (Latin term for without another day) at 12:00 o'clock midnight, Monday, May 27, thus concluding the 72nd Regular Session. The last legislation approved was Senate Bill 1, the ethics reform legislation. After over a week of heated debate in conference committee, a last minute compromise was approved by both the Senate and the House. Governor Ann Richards had threatened to call a special session at 9:00 a.m. Tuesday, May 28, if an ethics reform plan had not been passed. Also on Monday, the House concurred with Senate amendments to House Bill 2, insurance regulatory legislation endorsed by Governor Richards. The bill provides for the regulation of the industry by the State Board of Insurance, the Texas Department of Insurance, and its commissioner. The legislation is a response to the trouble that the 27 billion dollar per year industry is experiencing. Another controversial issue settled late on Monday was legislation relieving county jail and prison overcrowding. The bill offers the counties compensation for housing inmates and commits the state to building more than 14,000 prison beds over the next two years.

The Legislature made the birthday of the late Dr. Martin Luther King, Jr. an official state holiday, abolishing Columbus Day as a state holiday. The observance will be held the third Monday in January.

The Senate stands adjourned Sine Die, and will reconvene on July 8th for the First Called Session, when the state's budget will be addressed.

Tracks Along the Trail

By Dorothy Payne

The prairie flowers and the moon were the almanac of the Indians. When a certain flower showed itself it was time to plant a certain seed; when a certain other flower appeared it was time to plant another kind of seed.

The days of important intervals were marked with sticks. Notice of an important meeting was given by heralds sent by the town chief, with little bundle of sticks, one of which was left in each house, with the direction to throw one stick away each morning, and on that morning when one remained they were to go to the meeting.

The War of 1812, in which part of the Creeks fought against the United States, and a part of them for it under General Jackson, was called by the Creeks, the Red Stick War. The warriors were assembled by means of bundles of red sticks which the runners left in each house and were used to mark the days until time to go to war.

On the prairies of Oklahoma grows a purple flower known as the Osage Almanac, because when the Osage bands were far from

home on their buffalo hunts, and they saw this flower blooming, they knew the sweet green corn was nearly ready to harvest and it was time to return home.

The Creeks were friendly and enjoyed their barbecues and camp meetings. The most important meeting was the busk, an annual feast at the town busk ground. There they renewed their fires by rubbing sticks together and from this they lighted all the fires used during the feast, and each family was expected to home fire in order to keep disease and bad influence from the house. Water was drawn from the spring into which the medicine man blew a blessing through a reed, and the people all drank it for their well being.

The gradual development of education in the Indians in 1853, found them with two manual training schools with eighty pupils, twelve neighborhoods located by the Chiefs, and attended by 500 pupils, however their schoolhouses were ill equipped and uncomfortable, which was gradually being corrected.

Public Notice

The Community Council of Southwest Texas, Inc., announces the sponsorship of the Summer Food Services Program for children of ages 18 and under.

All children in attendance will be offered the same free meals with no physical segregation of, or other discrimination against any child because of race, color, handicap, sex, age, or national origin.

Meals will be provided at the following site:

BRACKETTVILLE HEADSTART CENTER

The Summer Food Service Program will begin serving meals on June 10, 1991 and continue serving through Aug. 16, 1991. Meals will be served Monday thru Friday, from 8:00 a.m. to 9:00 a.m. for breakfast and 12:00 p.m. to 1:00 p.m. for lunch.

If you need further information on the program please contact the Community Council of Southwest Texas, Inc. at (512) 278-6268.

Public Notice

Southwestern Bell Telephone Company (Company), in accordance with the rules of the Public Utility Commission of Texas (Commission), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for residence Custom Calling Services, effective August 1, 1991, unless otherwise determined by the Commission. The Company has filed an application with the Commission to restructure and change the rates for certain residence Custom Calling Services.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling 8 and Speed Calling 30.

The Company's proposal would increase the monthly rate for the individual Call Waiting feature from \$2.10 to \$3.10 for residence customers. Also, the rates for certain combinations of Custom Calling Features (Call Waiting, Call Forwarding, Three-Way Calling and Speed Calling-8) would increase or decrease depending upon the combination of features. In addition, the company proposes to obsolete the optional Custom Calling Service feature Speed Calling 30 for residence customers except for existing customers at their existing locations. Following are the feature combinations and their current and proposed rates.

One Feature Per Line	Current	Proposed
Call Waiting	\$2.10	\$3.10
Call Forwarding	2.10	2.10
Three-Way Calling	2.10	2.10
Speed Calling-8	2.10	2.10
Two Features Per Line	Current	Proposed
Call Waiting, Call Forwarding	3.75	4.50
Call Waiting, 3-Way Calling	3.70	4.50
Call Waiting, Speed Calling-8	3.70	4.50
Call Forwarding, 3-Way Calling	3.70	3.50*
Call Forwarding, Speed Calling-8	3.70	3.50*
3-Way Calling, Speed Calling-8	3.70	3.50*
Three Features Per Line	Current	Proposed
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.90
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.90
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.90
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90*
Four Features Per Line	Current	Proposed
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.30
Speed Calling 30	3.20	3.20**

* denotes rate decrease
** Southwestern Bell's application proposes to obsolete residence Speed Calling 30 except for existing customers at their existing locations.

Most of the Company's residence customers in Texas who subscribe to one or more of the Custom Calling Service features will be affected by the proposed rate restructuring. It is expected that the proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$15.9 million, which is an increase of approximately one half of 1 percent in the Company's adjusted revenue for the twelve-month period ending December 1990. The restructuring will result in an increase in the Custom Calling Services rates for approximately 2.5 million residence customers and rate decreases for approximately 15,000 residence customers. Also, the obsolescence of the optional feature Speed Calling 30 will affect approximately 156,000 residence customers.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Reflections By Rev. Preston Taylor
First Baptist Church

The 1991 "Layperson of the Year" award has gone to the Honorable John Ashcroft, Governor of Missouri.

Governor Ashcroft is known throughout his state as a man of deep faith, a person of prayer, a faithful leader in his own Church, the Assemblies of God - - and a great Governor.

Not too long ago Governor Ashcroft attended a funeral service of a friend in a community that does not even earn a spot on a map of the State of Missouri.

At the funeral service of the soybean farmer, the funeral home needed another pall bearer. You guessed it. They quickly grabbed the Governor to help them.

Then at the service, the Governor sang the favorite hymn of the deceased man, "Amazing Grace."

One of my nephews is pastor in Missouri. He recently had the Governor as his guest to speak and to sing.

The Bible speaks of the blessings to the people when those who govern fear and love the Lord. Thank God for those in places of leadership in local, State, and National life who fear and serve the Lord of grace and glory.

The Bible encourages us to pray for "kings and all those in authority." Do we cultivate this spiritual habit? *

Old Army Days
By Wallace Morgan

By Wallace L. Morgan
Cavalryman Staff Writer

FORT Sill, Ok. - circa 1920's. The ammunition train has come to a halt, while a meeting appears to be in progress, possibly Officer's Call. The ammunition train was

the manner in which the ammunition was transported for support of the Field Artillery, during these times. In addition, as shown by

the uniforms worn by the soldiers, fatigue uniforms (soldier's work or battle uniforms) had not yet been developed at this time.

Gallego

Cont. from Page 1

The Tiger band then entertained the guest with a beautiful rendition of "The Wind Beneath My Wings."

Shelley McDaniel and Frank Rodriguez introduced each senior as they presented a red rose to certain individuals who had played an important part in their lives. Rogelio Herrera introduced Mr. Bob McCall, Brackett Independent School District Superintendent, who was honoring the eighth class of graduating seniors since his employment started with the school district.

Mr. Don Sims, Brackett High School Principal, certified the graduating class and commended them for being one of the best. He concluded by saying, "this class of kids were so friendly they wanted to stop and shake hands with you every time they passed you on the campus. Some days, my hand would get sore from shaking it so much."

Brackett School Board President, Jim Bader, and Board member, Jim McDaniel, presented the diplomas. The benediction was given by J. J. Guidry and the Class of 1991 marched off the field while Lynette Crane's Fighting Tiger Band played the Fight Song. Truly, a night to remember.

Holiday

Cont. from Page 1

personal loss ... a brother or a son, a friend or a lover ... cruelly taken from us by a stroke of war's swift sword. We lost these dear ones, but we live on. They lost far more, for they lost us ... and themselves ... in their dying. Their gift to us is freedom. Their legacy is hope for the future. Their work is finished.

If our brief meeting here is to have any worth, let us look to the future as we honor the past. Let us demand honest government, and let us refuse to give our votes to political cheats who use their power for selfish gain. Let us determine that our veterans, and our poor, and our handicapped will be afforded the assistance and care necessary to give them comfort and dignity. Let us pledge that our youth will be educated and that our sick will be

cared for at whatever necessary cost. Let us, from this day forth, replace a portion of our selfish concerns with higher thoughts of the common good. Certainly, let us recognize that peace costs far less than war, and bears much sweeter fruit.

If we can leave this place with a renewed sense that we are parts, not only of the United States, but of all human kind, and if we can live to love a little more and to hate a little less, then this meeting will indeed have shown honor to those brave souls to whom this day is dedicated. They sacrificed for our freedom. Let us use that freedom to give eternal worth to their sacrifice.

These were the thoughts of Don Parks spoken through the lips of Harrell Floyd.

The crowd dispersed and retired to the NCO Club where they were served with fresh home made cookies and coffee and punch.

Tuning In
by Seli Groves

IN FOCUS: Rob Stewart, the star of "Sweating Bullets," which airs Monday nights (11:30 p.m. ET/PT) on the CBS "Crime Time" wheel, likes Nick Slaughter, the character he plays on the series. "I feel I understand him, and I think the fact that he makes jokes that often backfire, is just his way of handling situations.

People like Nick don't want anyone to know they're hurting inside. Some lash out with anger; he does it with humor."

The series is part of CBS' newest venture into late night programming which started on April 2 with a five spoke "crime wheel" (one show each night for five nights). So far, only "Sweating Bullets" has been picked up for a full 22 episode run.

Stewart, who was born in Bramlea, Ontario, Canada, majored in Latin

and English during his college days. He once considered becoming a professional hockey player until an accident caused him to shift goals. He set some of his poems to music and began singing his songs in a local restaurant until he and his cousin formed a writing partnership which resulted in three television series in which Rob also starred as well as directed.

As both a writer and actor, he's very much aware of the difference

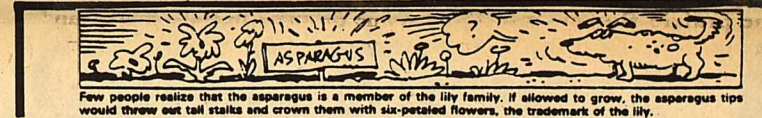

between working in prime time and late night TV.

"Late night television," Rob said, "allows you a lot more leeway than you'd have with prime time. You can get into more adult situations. It's almost like being in a feature film every week." Rob turned down the lead in the prime time sitcom, "Scoop" before "Sweating Bullets" was confirmed. "It was a gamble," he

said, "but I felt it was the right thing to do. Fortunately, it turned out to be the right decision."

The NBC peacock will pitch the three-part, six-hour miniseries, "A Woman Named Jackie," against

America's annual Oktoberfest, the World Series. Roma Downey ("Black Jack Savage") plays Jacqueline Bouvier Kennedy Onassis, the former First Lady who remains one of the most fascinating women of our time.

Few people realize that the asparagus is a member of the lily family. If allowed to grow, the asparagus tips would throw out tall stalks and crown them with six-petaled flowers, the trademark of the lily.

Digging too close to power lines can be a grave mistake.

You know about underground power lines. And, you know you need to avoid them. Question is, do you know where they are?

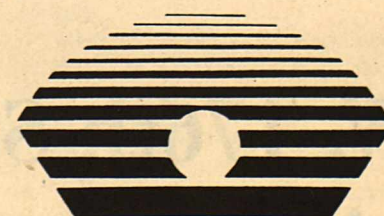

We do. So, before you do any serious digging, give us a call here at CPL. We'll be glad to tell you where underground lines are

located. And, it won't take that long to do it. A little extra caution could help you avoid a grave mistake.
