BRACKETTVILLE TEXAS, FRIDAY NOVEMBER 1 1952

50 35

Safety Committee Meets

The Governor's Traffic Safety Committee held the first meeting of the full committee in the State Capitol, Austin, October 30th with practically all members attending. Governor Allan Shivers opened the meeting with a short address and then turned the meeting over to Cecil Burney of Corpus Christi, who is the general chairman. Among the Governor's remarks, he said that "Frankly, I am alarmed at the ever growing rate of accidents on our highways." He also added "Our whole world has been changed by the motor vehicle. We cannot live without it; it is time we trained ourselves to live with it." To emphasize what a big job the committee has ahead, the Governor told them: "To cite an example of what we are up against, in 1944 we have 1 1/2 million cars and trucks — today, we have 3 1/2 million, or almost one motor vehicle for every two Texans."

Chairman Burney submitted a plan of procedure which was adopted. The plan included the appointment of four sub-committees — Education, Engineering, Enforcement, and Public Support. Dr. B. B. Harris, Denton, is chairman of Education; A. W. Breeland, Dallas, chairman of Enforcement; John Womble, El Paso, chairman of Engineering; Herb Petry, Carrizo Springs, chairman of Public Support. The sub-committees were instructed by the chairman to meet at their convenience and report back to the full committee at a meeting tentatively set for December 4.

Best unofficial guess as to military spending in 1952, the Chamber of Commerce of the United States reports, is about \$47 billion. Another \$10 billion will be spent for related items such as military aid, atomic energy development and stockpiling. The figures for 1954 are expected to be about the same, the Chamber says, despite general reports of much higher military spending for that year.

Youngsters Rank With Adults In Stock Show

CHICAGO, Oct. 30 — Boys and girls from Farmland U.S.A. will sit among the grownups and professionals showing livestock and crops at the 1952 International Live Stock Exposition and Horse Show. Since boys and girls were first permitted to show in the open or adult classes of the show, they have proved that youngsters don't have to take a back seat to anybody.

In all, since 1928, youngsters have shown the grand champion steer at the International ten times, taking their places ahead of people who make their living in feeding cattle and the animal husbandry departments of the agricultural colleges. They have also had grand champion barrows and wether lambs.

Get Top Prices
Highest price ever paid for a grand champion steer went to the last youngster who showed his calf to top honors — Lloyd Robinson, Big Springs, Texas, who in 1950 took \$12.00 per pound for a total of \$12,300 with his finished Hereford "blood of beef." Like many another youngster before him, Lloyd pocketed his high profits as a "nest egg" to buy a ranch of his own.

First day of the gigantic show, which will run from November 29 through December 6 in the Chicago Stock Yards, has been designated as "Youth Day." On that day, 350 steers that have survived the weaning or sitting of over 1,000 steers will be shown by boys and girls, ranging from 10 to 20 years of age, in the Junior Livestock Feeding Contest.

Court of Final Judgement
Those youngsters will have brought their proud champions from regional, state and county shows to the supreme and final judgement, the big Chicago livestock classic. Likewise, others will show lambs and barrows. Still more will be announced as winners of the Junior Livestock Judging Contest in which boys and girls match their skills in judging cattle, sheep, hogs and draft horses.

Held at the same time as the big livestock spectacle, the National 4-H Club Congress will this year be convening for the 31st time in downtown Chicago. National winners of agricultural and domestic science will be named, and the many panels and festivities will bring the best among several million 4-H youngsters from the United States, Canada and foreign countries.

More than 1,500 of the 4-H visitors will parade in the arena of the Amphitheatre during the evening horse show on Wednesday night. Earlier they will be guests of the International Horse Shows in which 13 saddle horse classes are scheduled during the week for boys and girls.

Christmas Seal funds have financed major discoveries in the field of medical research on tuberculosis which in 25 years have lengthened the life of the average patient by 15 years.

Hunting Boat Rule Changed

AUSTIN, Nov. 12. — The Executive Secretary of the Game and Fish Commission called Texas hunters' attention to a 1952 change in the waterfowl regulations affecting power boats.

He said gunners may now use a boat with an inboard motor or boats with an outboard motor providing the boats are tied or secured to a permanent blind.

The law covering this phase forbade use of inboard motor boats altogether and stipulated that boats using outboard motors had to have the motor immobilized and placed in the bottom of the craft when it was kept in a duck blind.

The Executive Secretary said the liberalizing regulation is expected to accommodate many hunters in the coastal area where power boats are commonly used.

He cautioned hunters that use of motor boats to disturb or chase waterfowl is unlawful, although motors may be used to retrieve dead or crippled ducks or geese.

The Executive Secretary said the regulation governing baiting waterfowl has been tightened in that shooting over baited areas is forbidden altogether.

Hunters Urged To Check Fire

AUSTIN, October 5 — The Executive Secretary of the Game and Fish Commission said cooperation of hunters and outdoorsmen generally is needed to avert a catastrophe to woods and forests from fire.

He said the woods and fields in most of the state have been reduced to extreme inflammability by the prolonged drouth. He added that some fires already have caused great property loss as well as tragic loss to wildlife.

The Executive Secretary quoted a letter from the Texas Forest Service to emphasize his appeal. The letter, signed by D. A. Anderson, head of the Research and Education Department, said in part:

"Of increasing importance are the fires attributed to hunters. The fires charged to hunters are no doubt caused through negligence but nonetheless they are increasing our fire problem.

"...I felt that you could possibly assist us immeasurably by calling attention to hunters to the condition which presently prevails in the East Texas area and asking them to take every possible precaution in preventing fires. Not only are the forest resources at stake, but the wildlife as well..."

"I assure you that any help you can give will be sincerely appreciated. It is urgent of course that action be taken at once since our problem is now critical."

The Executive Secretary suggested that Texans in the field can prove their understanding of the peril to conservation by not only preventing fires but by offering to help control any fires they may encounter.

TB is costing Texans \$17,500,000 yearly not including hospital buildings or the training of professional personnel to man them.

Funds from the annual sale of Christmas Seals finance the fight against tuberculosis at city, county and state levels in Texas.

Christmas Seal funds last year provided more than 250,000 chest x-rays for Texans.

MENTAL MEANDERINGS

President Eisenhower. Sounds different from the one we have been talking about for nearly the past 8 years. But now, that it has been demonstrated as the will of the people of this great nation, that this military hero is their choice for a leader, we should all get behind him and give him all the help he sorely needs. A new man, not acquainted with the ways of politics and policies, but possessed of great courage, and, we believe, a firm desire to do all he can for this country, Eisenhower comes on the American stage at a time and a moment when this nation's people and resources are sorely tried, when we need a sound, reasoning leadership. He must possess something more than ordinary faculties for so many people seemed to prefer him even above his party. He survived one of the most bitter political attacks in all history. Perhaps he is the man of destiny. At least he understands Communism and its menace to the world and especially to America. He accepts his new post with a quiet dignity which seems to be becoming to him. Perhaps this is our "promised" leader in the fight against the cohorts of evil.

There are many strange things which happen with and because of politics. For one thing, crazy and odd bets always crop up especially in a national or presidential election. Then we have those who cannot take defeat, and these we are glad to say are few in America. It takes a person of courage to accept defeat, and the manner in which Gov. Stevenson accepted his was a good example of what makes this country great. The second guessers also are a queer lot. Then those who think they have spotted the troubles with the election, such as that the Republicans lost in 1948 because they were too far to the right. But it all makes national politics something we all take in our stride, and makes the world wonder.

Kinney County will wind up the year with a considerable amount of road work under way. The highway department is constructing other roads, and starting a new one, the Macie highway. One of these days, in the foreseeable future, we will have about all of our roads topped and "coming to town" will be a matter of minutes, and — pleasure.

Meanwhile the Korean war continues on, and seems there will be very little letup from any source. But the UN, or at least a few nations, seem to be sincere in their efforts to try and reach a compromise in this struggle. The only, and the biggest of all stumbling blocks, it is said that of the exchange of prisoners. Maybe somebody one of these will come up with a good idea, which may work. But, then, the trouble will be the Communists, the Russians, accepting the offer.

The Russian 35th anniversary of the bolshevik revolution, their breast against those "mongers," may be the United States. It was a bomb

inasmuch as we have not been countering their propoganda successfully, most of the people of the world might believe it. But the spark of freedom is strong, and the will to resist the godless and its evil is stronger than ever. So, let us take heart. And get a new set of our own propogandists who can believe with Holmes, that "the test of truth is its ability to defend itself in the market square." Lies cannot stand the light of day.

The new president - to - be Dwight D. Eisenhower, had hardly settled himself down for a rest when he found there was to be none. Talks about such topics as possible tax reductions, curtailment of public government spending, Amendment to the Taft-Hartley Act, control of foreign aid, legislative problems, appointments of new cabinet members, army affairs — these and many other important matters will have to be taken up, worked over and given some solution. And we think we have troubles.

The dry weather continues, and apparently there is no end to the long drouth in sight. The effect of the dry spell has been harsh and severe. There is no doubt but that it will take the stockmen and ranchers a long time to recuperate. There was a big drouth by the end of the first world war. Another severe one — the present — following the second war. Coincidence? Perhaps.

Another thing we also forgot to do a good many times, is to try and make it a pleasant day for other people. It is a strange fact that making others happy, and yourself as well, does not take much effort. The fact that some people do not appreciate geniality and courtesy should not dampen your hospitality, but on the other hand should make you aware of the big need there is in the world for a sunshiny soul. So smile, cheery greeting, good humor, is wasted.

Sometimes we probably sound like we are preaching a sermon. This we hasten to explain is wrong. We never preached a sermon, but we probably have made many an observation, not all of them san, or perhaps logical. We are always letting off steam, like to hear ourselves talk, and could stand a few taps on the wrist every now and then.

We have been noticing of late that quite a number of columnists, especially those who carry lots of personal and impersonal items, are giving space to usual recipes. Eating that used to go in for stuff like and we like to read this stuff up. This mean. Just together? or told us the be for a put a had a

Play For District Title

The Brackettville Tigers will wind up their 1952 season tonight playing Sabinal at their home town, for the district championship of 32-B. This for both teams, is the big game. It will also be the final game this year for the Tigers on their regular schedule.

The Sabinal yellow jackets had a very good season and a competitive team. The Tigers themselves have been working up for this game and should give a mighty good account of themselves. Jaso star back of the Tigers is expected to be in the game and Fillimon Talmantez and Victor Hernandez, two other fast backs who have borne the brunt of the game since Jaso was sidelined will round out a fast game.

A good many fans will go with the Tigers to Sabinal for the game.

Attended Cancer Meet

The American Cancer Society Texas Division District 5, held its third annual meeting at the Plaza Hotel hotel, San Antonio, October 31st.

Presiding was General William Spence. Speakers on the program were Mr. J. Louis Neff, State Rep of the Society, Mrs. L. W. Gooper, representative director, Mrs. A. L. Cooke Leaky, Dr. J. K. Schaefer, Kansas City Miss Frances Aschbacher, field Rep. of the society and Mrs. Tom Hurd, Brackettville. Mrs. Hurd's subject was "Set Objectives."

Two movies were shown at the morning meeting, "To Save These Lives" and "Man Alive."

Colonel Frank B. Lammons presided at the afternoon meeting. Mrs. Hurd gave the report for Kinney County. Col. Lammons highly complimented the work being done in Kinney county and the success of their organization, also, each and every one for their contribution to make Kinney county go over the top each year.

Veterans Question And Their Answers

Q—After World War II, I went to college under the GI Bill where I used my 48 months of entitlement to get my BS degree. After graduation, I went back on active duty. Now I hear there's a new GI Bill for Korean veterans. When I am discharged again, will I be able to use this new GI Bill to go ahead with graduate studies?

A—No. The law states that veterans like yourself, who have trained under earlier veterans' training programs, may be entitled to a total of 48 months of training under the old programs and the new GI Bill combined. Since you've already used the maximum under the World War II GI Bill, you are not entitled to any further GI training under the new law.

Q—I was divorced by my wife, and naturally I want to change the beneficiary on my National Service Life insurance policy. My former wife, however, won't give me the policy so that I can make the change. What can I do?

A—You don't have to have the policy in your possession to change the beneficiary. Either go to your nearest VA office and fill out a change of beneficiary form, or write to the VA district office where you pay your premiums and state how you want the insurance paid in the event of your death.

Q—I understand that down payment requirements have

the down payment...
 A—You may borrow on your life insurance policy for this purpose, but that is all. Other than this, you must certify that you have not borrowed to make the required down payment.
 Q—I have been authorized orthopedic braces for leg... office

Memorial Report

The committee was organized as a memorial fund for the deceased friends of the late Mr. Carlisle. These funds are being used for building a hospital or clinic.

The committee is composed of representatives from the civic and church organizations of the county who were appointed by their respective groups at the request of certain citizens who felt the need for more medical aid than is now available.

These citizens felt that many people would rather give to such a fund than to send flowers when a death occurs in the community.

The representatives who compose this committee are:

- Mr. & Mrs. Bartberger Episcopal church.
- Mrs. James Bader, Catholic
- Mrs. Fanny Webb, Baptist
- Mrs. H. H. Senne, Church of Christ
- Mrs. Alfred Rosnow Methodist
- Mr. J. T. Shahan, Rotary Club
- Mr. Burn Ballantyne, C. of C.
- Mrs. H. J. Manny county at large
- Miss Elsie Sauer, P. T. Assn.
- Mrs. Ray Davis, Am. Leg. Aux.
- Mrs. Roland Williams, New World Study Club.

This group met in September at Shaker Feed Store and elected the following officers:

- President, A. E. Bartberger
- Vice Pres. Mrs. H. J. Manny
- Rec. Sec. Mrs. Roland Williams
- Cor. Sec'y Miss Elsie Sauer
- Treas. Mr. Burn Ballantyne.

The newly elected president, Mr. Bartberger appointed Mrs. Davis, Mrs. Senne, Mrs. Rosnow, Mrs. Williams, Mr. Bader and himself as a committee of investigation to visit with directors of memorial hospitals of other towns and discuss procedure.

Mrs. Davis and Mrs. Williams were appointed to contact Mr. Bob Nelson to serve on the committee as legal advisor.

The committee herewith wishes to notify the public that the treasurer, Mr. Burn Ballantyne is ready to receive such donations. An appropriate card will be sent to the family of the deceased for whom the memorial contribution is being made, giving of course the donor's name.

If you wish to help build a hospital in Brackettville your contribution will be appreciated. This is a worthy project and your consideration is invited.

To Leave Brackettville

Mr. W. E. Carlisle has informed the News-Mail that both him and Mrs. Carlisle will soon leave Brackettville. They will locate in Kerrville where Mr. Carlisle has purchased a going mercantile business which he will operate.

Mr. Carlisle has been the head of the Dry Goods Department of Peteresen & Company for the past several years. He has been active in civic affairs and has been the head of the boys scout.

Mrs. Carlisle has been a valuable member of the faculty of the Brackettville public schools, and an interested and active member of local civic clubs.

Brackettville will miss this progressive couple, but wish them all the luck in their new home and venture.

Tigers Win Again

The Brackettville Tigers invaded Carrizo Springs last Friday night, a 1-A team and managed to come out with a win over Carrizo Springs of 18-7 over the Carrizo Springs team.

The Tigers started off fast, making two touch downs in the first quarter both of which scores were made by the fast Tiger back Filimon Talamantes. One point was made on the conversion.

During the remainder of the game the Tigers were content to turn back the Carrizo team which without the help of their star back, yet were strong. In the final quarter Carrizo on a series of passes made their only touch-down.

None of the Tigers were injured in this game and they should all be in good shape for the big game with Sabinal tonight. Jaso, who had been resting and favoring an injured leg will also be in the game.

Miss Rosie Derengowski was a visitor in Waco last Friday.

Mr. and Mrs. George Woomer, of San Antonio, visited in Brackettville this week.

Mr. and Mrs. John Batten of Uvalde were Brackettville visitors last week end.

Mr. and Mrs. Blass Oivers and family were visitors in Fort Hood last week end.

Mrs. Howard of Cleburne arrived here last week for a visit with her daughters, Mrs. Gladys Weaphal and Mrs. Henry Schwander.

Pfc. Usebio Castro, son of Adolph Castro, after serving two years in Japan with a medical detachment has been discharged at Fort Hood on November 11 and arrived home that day.

Pfc. Jose Castro, who has been in Korea with the 40th division is expected home soon. Joe met Henry in Japan on R&R. Joe's brother, Alfred, was called into service recently and has joined an Anti-Air Craft in Fort Bliss. These boys are sons of Adolph Castro.

Mrs. Mattie Hybarger who had been in Del Rio for about two weeks has returned home here. Wm. Smyth and George Raney were visitors from Uvalde here Friday morning.

Judge Roger Thurmond, district attorney Douglas A. Newton and Mrs. Belle Suherland were in Brackettville Friday morning for a short session of district court at which time a civil case was tried.

Movie Company Busy

The Nat Holt Production Co. have been right busy the past week on filming of their production which is tentatively named "Adobe Walls." The first part of the filming was the scenes down along the Rio Grande in the Eagle Pass area, where a number of shots were taken of vivid actions by troopers and others along the Rio Grande River.

Thursday of the past week, the company shifted locations to the vicinity of the Pat Fritter ranch on the west prong Nueces where more filming of action on this western were made.

A large number of local people have been engaged by the Company as extras to assist in the filming of this old-time portrayal of Texas frontier life. A number of Navajo Indians, approximately 60, are with the troupe and have been lending their presence down town considerable.

The story is about events occurring approximately 80 years or so ago we are told and requires rugged scenery and authentic settings and background as can be found around old Fort Clark and in this area.

NEXT WEEK THANKSGIVING

Thursday of next week is Thanksgiving day, coming this year on November 28th.

One way in which this great day can be best observed is by going to church. You will have a chance of going to the one of your choice as most of the churches in the community will have special services this day.

More farm women die of tuberculosis than women who live in cities.

MANY HUNTERS TAKE

Sunday, the first day of the deer hunting season found several hundreds of hunters on most every ranch in the county. The bag of deer however was not as big as had been expected, although there had been a good number of bucks found in rural areas prior to opening day of the

ned by hunters who sort of game in lieu of. Most every ranch or area which catered to hunters found many of these in the field. Some hunting fields appear to have been over crowded. 35

IF I MAY HAVE A LAST WORD....

I prefer to be cooked *Electrically*

IT'S FASTER!
IT'S COOLER!
IT'S EASIER!

An automatic electric range is the last word in modern cooking. Low-cost electricity makes heat... but no flame or gas. This heat can be perfectly controlled and transferred directly to food in the cooking process, so there's no waste. That's why an electric range is fast, cool, and clean... that's why it's economical. Just try it. Like thousands of other housewives, you'll prefer to cook electrically. You'll find it's the last word in modern cooking. Just try it. Like thousands of other housewives, you'll prefer to cook electrically. You'll find it's the last word in modern cooking.

**Veterans Questions
And Their Answers**

Q.—I have just filled out my application for training under the Korean GI Bill. Am I supposed to send it to the VA in Washington?

A.—No. Send your completed application—along with a photo-stat or certified copy of both sides of your discharge or separation paper—to your nearest VA regional office. VA's Central Office in Washington does not process the applications.

Q.—I have just returned to active duty and have surrendered my permanent NSLI policy for cash, so I now have the free indemnity protection of \$10,000. My aunt was the beneficiary of my NSLI policy. Does she remain the beneficiary of my indemnity protection?

A.—No. You must make new designations of beneficiaries. Under the law, they may be persons only within the following categories: wife, child or children, parent or parents, brother or sister.

Q.—I have just been given a disability compensation rating by the VA, but I feel the rating should have been higher, and I intend to appeal. Does the fact that I accept the compensation checks constitute an admission that I am satisfied with my rating? Will it hurt my chances of an appeal?

A.—Acceptance of the compensation checks has no bearing at all as to whether or not you are satisfied with the amount. VA will not consider that fact in studying your appeal.
