BRACKETTVILLE TEXAS, FRIDAY NOVEMBER 7 1952

50 31

## American Cancer Society Research Grant Made To State Hospital

AUSTIN — Texas will benefit from the \$1,800,000 American Cancer Society Institutional Grant research program, it was disclosed here by the Texas Division of the Society.

A grant of \$60,000 was made to the University of Texas, M. D. Anderson Hospital for Cancer Research at Houston, for a program entitled, "Factors affecting growth, a hormonal and radiobiologic study."

The grant was the fifth consecutive renewal of an appropriation first made in 1947 to the official state agency for cancer research and treatment. It brings to \$265,575 the sum given by the ACS to Anderson Hospital, in addition to several grants made to individual scientists there.

Among the projects in the program are chromatographic investigation of proteins in normal and cancer tissues; hormone effects upon cancer; activity of the enzyme, glucuronidase, in cancer; the use of radioactive isotopes in cancer studies; and the effects of radiation on blood.

J. Louis Neff, Texas Executive Director, said, "These grants are part of the overall research attack on cancer being pushed this year with greater vigor than ever before."

"More than \$4,000,000 will be expended by the Society on cancer research during the current fiscal year," he said. "Besides the present allotment for institutional grants the program will include 269 grants-in-aid and 59 fellowships."

"The Anderson Hospital grant is one of the 29 institutional awards, all of which were renewals," he said. This can be interpreted as meaning that Anderson Hospital is performing

promising research that will contribute valuable material in the quest for cancer control.

"It is impossible to provide all the funds requested by institutions doing worthwhile cancer research. Applicants for renewal grants asked for \$2,317,761 and received only \$1,573,366. Altogether, including new applications, the requests totaled \$3,193,765 for institutional grants. "Although more funds are being provided each year for the cancer research program," Mr. Neff said, "public contributions, generous as they are during the annual Cancer Crusade, have not kept pace with the rapidly growing need of qualified researchers who have new promising avenues of investigation constantly opening to them."

"Twenty-five per cent of all money given in the Texas Cancer Crusade goes into the Society's research program. This year, Texas is furnishing about \$135,000 to this research program," which seems like a small sum when compared with the urgent need to fight a disease which annually kills more than 8,000 Texans."

## Gasoline Ceilings Unaffected By Rent

Service station operators were advised by District O.P.S. officials today that government pricing regulations do NOT authorize increases in their retail gasoline prices to meet any increase in their rental costs.

O.P.S. pointed out, however, that service station operators may add to their ceiling prices only the amount of an increase authorized by O.P.S. to their suppliers.

For detailed information about government pricing regulations they should contact the District O.P.S. office, 229 West Nueva Street, San Antonio.

## Directors For Infantile Paralysis Appointed

Volunteer directors for the 1953 March of Dimes in southwest Texas have been appointed in 40 of the 43 counties, it was announced today by Roy Akers, San Antonio, advisor for the area. Listing the five districts and their leaders, Mr. Akers said: "Polio incidence in 1952 will be higher than ever before in the history of the United States and in Texas. As of October 4, there were more than 42,370 cases reported over the country and more than 3,749 in Texas alone."

"With the advancements listed by medical and scientific research known to every person who reads the papers or listens to the radio, it is evident that we must do more this year than ever before to make certain that enough money is available to find the cure," he continued. "At the same time, we can not overlook the big fact—that there will be huge sums required to take care of the 1950, 1951 and 1952 cases who will be needing assistance in paying for continued treatments. Those in addition to the cases we can expect in 1953."

High treatment costs were named as the immediate local factor requiring complete cooperation in the coming March of Dimes by Mr. Akers. "The National Foundation for Infantile Paralysis, through local county chapters, stands ready to assist every patient in meeting those portions of hospital bills which the patient himself cannot pay. Hospital bills for a normal acute case can and have run into thousands of dollars—all paid to hospitals in Texas. We pay for patients at Robert B. Green and Santa Rosa in San Antonio; money is spent by local chapters in Memorial and Crippled Childrens' in Corpus Christi and Valley Baptist in Harlingen. And more than \$280,000.00 was paid by Texas NFIP chapters to Gonzales Warm Springs Foundation for patient treatments last year."

Heading District No. 1 is Dale H. Dorn, San Antonio. The nine counties under him are: Atascosa, Mrs. Allen Hickok, Pleasanton; Bandera, J. Roy Storms, Bandera; Bexar, Chief M. L. Butler, San Antonio; Frio, Grady Higdon, Pearsall; Kerr, Mrs. Walter Wenzel, Kerrville; Real, Mrs. Walter Sansom, Leakey; Uvalde, Harry Hornby, Uvalde; Wilson, Sam Fore, Jr., Floresville; Medina, C. F. Schweers, Hondo.

District No. 2, headed by A. B. Alkek, Victoria, includes: Victoria, Sandy Dallaria, Victoria; Dewitt, Felix Schorlemer, Yorktown; Karnes, Alton Mitchell, Kenedy; Live Oak, Mrs. Jack Montgomery, Live Oak; Refugio, Mrs. Frank J. Leney, Refugio; Goliad, Mrs. R. L. Johnston, Goliad; Calhoun, James C. Bergin.

Nathan Selinger, Corpus Christi, has accepted leadership of District No. 3. Counties under his advisorship are: Nueces, Virgil B. Crane, Corpus Christi; Aransas, John M. McDavid, Rockport; McMullen, Ray S. Nelson, Tilden; La Salle, W. P. Daniels, Cotulla; Jim Wells, Mendal Hughett, Alice; Duval, A. V. Barrera, San Diego; Webb, John Snyder, Laredo; Kennedy-Kleberg, Mrs. G. D. McCandless, Kingsville.

In District No. 4, John M. Jones, Jr., Del Rio, will head the 10 county area. These are Val Verde, Mrs. C. G. Dinsmoor, Del Rio; Terrell, W. W. Sudduth, Jr., Sanderson; Sutton, Herman

Smith, Sonora; Kimble, Jack King, Junction; Edwards, Mrs. J. D. Varga, Rocksprings; Kinney, Mrs. A. P. Utterbach, Brackettville; Crockett, Mrs. Jack Wilkins, Ozona; Dimmit, Jack Hill, Carrizo Springs; Zavala, Rev. Frank Crown, Crystal City.

Valley counties, District No. 5, will be led by Steve Galloway, Mercedes. County directors under him are Hildago, Roland Schweer, McAllen; Cameron, Jack Skaggs, Harlingen; Willacy, Mrs. Forrest Stallings, Lyford; Brooks, Mrs. M. L. Hancock, Falfurrias; Jim Hogg, M. C. Mattox, Hebbronville; Zapata, Santos Medina, Zapata; Starr, John M. Hinojosa, Jr., Rio Grande City.

## Lets Talk Livestock

By Ted Gouldy  
FORT WORTH — Trade was resumed in the sheep yards at Fort Worth Monday after more than a week of idleness caused by findings of some hogs in the yards with vesicular exanthema. Hogs and sheep can no longer intermingle on the yards and prices on most lambs and yearlings were steady with those in effect at the time the yards were closed. Old ewes sold 50 cents to \$1 lower.

Stock Yards officials reported the hog yards would be reopened to receive shipments at midnight Monday night and that trade would resume on Tuesday morning. They stress, however, that there would be no market for stocker or feeder pigs and such animals should not be shipped onto the yards. Pigs cannot be held on the yards for more than 48 hours in the future and will then be sent to slaughter.

Cattle and calf trade was extremely slow and most classes were under severe pressure again and selling measurably lower than a week ago. The largest offerings of the year appeared around the major marketing circle, topping last week's mark by several thousand cattle and calves.

Stocker demand was virtually limited to choice quality light weights, other kinds having to move into slaughter channels.

A few good and choice fed steers and yearlings drew \$22 to \$31, and common and medium kinds cashed at \$13 to \$21. Cutter grade steers and yearlings sold from \$10 to \$13.

Fat cows cleared at \$11.50 to \$14, and canners and cutters sold from \$5 to \$11.50. Bulls sold at \$12 to \$18.

Good and choice fat calves cashed at \$17 to \$24, and common and medium sorts sold from \$13 to \$17, with culls at \$10 to \$13.

Good and choice stocker steer calves sold mostly from \$18 to \$23.50, and most heifer calves sold at \$21.50 down. Stocker steer yearlings and stocker steer calves cashed at \$17 to \$23 when good and choice. "Stocker cows cashed at \$12 to \$15. Stocker heifers sold mainly from \$20 down.

Good and choice fat lambs cashed at \$20 to \$23 and stocker and feeder lambs cashed at \$12 to \$18. Low grade slaughter lambs and yearlings sold around \$8 to \$10. Medium grade feeder yearlings sold at \$10 to \$11. Slaughter ewes cashed at \$4 to \$6.

Despite the declining tuberculosis death rate, TB is still the No. 1 killer among infectious diseases, taking more lives each year than all other infectious diseases combined.

## MENTAL MEANDERINGS

We have often wondered what would happen if only the dove of peace would again settle down on this troubled old earth. Having more than once studied or rather read history, we can only come to the conclusion that some one or other would soon start to stir things up to make the world over his way of thinking. We used to decry the reformers, who wanted to make this world over, most of them, we believe, for the better. But besides these reformers, we now have the Communists who have a set and hard pattern for the sort of a world they want. One way or the other leads to trouble, because humanity doesn't want to change, but prefers, if possible, to drift along with life. Mankind has tried practically every way possible to change the world, but it keeps on, going its destined way, and man may one of these days finally get around to behaving himself and doing what he was supposed to do in the first place — be just good.

Time is regarded as our most precious commodity in this world. But what a waste is made of it! Shorter working days and fewer working days per week is supposed to give men more time with their families and for recreation. Possibly some few take it and make it worth while. But who wants to study, or to learn, or to build his own peculiar human house when he has time off? That's the rub.

Terrific battles on the Korean front, will bring the added casualties to the UN and the US forces. And the head of the US forces warns that about a million more youths will be taken in soon. Such payment for a "small Police action."

Travel to the moon, and other planets, is now being quite widely discussed, with the probability, so they tell us, of this happening in the near future. All aboard!

Autumn is breezing in, a friend told us. And it is difficult to distinguish from other breezes (political and such, he opined). But we thought that Autumn breezes always felt good, smelled better and were more invigorating.

There is much to be learned from watching a football game. It takes, for one thing, teamwork of the best kind, to make a football machine click and win games. The carrier takes off for a touchdown with the pigskin, and the crowd applauds him, forgetting it took ten other teammates to open and pave the way for his success. It takes thinking to make strategy work, and one without a plan for action is really lost before he starts. The cheers are for the runner, the groundmaker, as it were, and the work of the solid and staunch supporters is quickly forgotten. The score, the art of winning is good, but the fact that one goes down fighting and keeps on plugging after he has fallen many times, is illustrated in the team itself.

Christmas catalogs, with a multitude of new and beautiful gifts, are coming in. These "wish books" keep one's imag-

ination young, even if one can only look and is unable to purchase anything other than a gay necktie or handkerchief. It signifies that the most pleasant and friendly time of the year is approaching and that one should be on his good and best behavior.

Hallowe'en is near at hand. The night when the witches fly, the goblins roam around doing their mischief, and an eeriness which might be mistaken for the supernatural settles down on old Mother Earth. Hallowe'en was originally a pagan day, but in modern times has come to be more or less a mischief dealing occasion. We recall in the days of yore when we used to take delight (and occasionally a hand) in the celebration of this, to us, wonderful day. Carting off gates, moving movables and occasional an immovable object, haunting in approved style, with lighted pumpkins, black cats and what not. We recall one time when a black cat was not available for a party and someone inked him into jet black. Also those Hallowe'en parties, with such games as bobbing for apples, nut-cracking, using the candle and looking glass to tell who your intended would be. Seeds on the eyelashes, fortunes by apple peelings and palmistry, etc., Threshing grain and others. Red corn on the cob, hayrides, barn dances. And later on, when science was available, parties with black light, infra red, balloons, chemicals which made candles light up mysteriously when by themselves, — science made the parties really mysterious. Now days, there are still parties on grandiose scale, "tricks or treats," and like, but much of the romance of those old, half-forgotten days are missing. We still like to see grinning pumpkins but many of these today have a winking eye, luminous bats, witches, eac. and youngsters enjoying themselves. Maybe it is better this way, after all.

Tuesday is general election day. Don't forget and VOTE. This is your answer to those and Russia which would like to have you lose your right to vote — or to keep it if you vote ONLY as the State would want you to. They haven't tried to take this right away from us yet.

Cooler weather is on the move, and the mornings and nights are getting both shorter and colder. Fall is definitely on the march, and it may not be long before we will have a vivid reminder that Winter is knocking at the door. So shake out the quilts from the mothballs, polish and put up the stoves (if you use wood), dig out the warmer clothing, and hope that you have scared cold weather off for another few weeks spell at the most.

Just hold on, Mr. American, for a few more days, and then we will be through for about two years, with one of the most wierd and confused political events we have had. It started out nice and gentlemanly, and many of us knew, or thought we did anyway, what the score was. Then when issues were confused, distorted and misrepresented, when the mudslinging began, when the confusion deepened — the voter had to grope his way through the dust and fog and vote the best he could. And, we feel, it will be the best that we all can do.

## Local News

Mrs. Rosa G. Perry was a Del Rio visitor last Thursday evening.

John Rowland Sr. of Del Rio, was a business visitor here Wednesday of last week.

Mrs. L. Schuman of St. Louis has been a visitor on business in Brackettville the past week end.

Mr. and Mrs. Allan Williams of San Antonio were visitors in Brackettville over the past week end.

Mr. Louise Spillers and daughter, (each) were in San Antonio. Mrs. Spillers recently underwent an operation at Brooke General hospital and is convalescing.

Halloween was a rather quiet with very little happening. There were tricks and treats gangs roaming around but mischief making was practically absent. There was some parties and a dance or two.

A hit and run driver, stranger in these parts was picked up in Uvalde Sunday evening and held for Kinney county officers. The highway patrolmen had been looking for the suspect alleged to have hit another car and then sped off.

### District Game Tonight

The Brackettville Tigers play their second district game and incidentally their last home game of the season tonight, Friday at Tiger Field when they play hosts to Castroville. This team is playing for its first time in this B district which comprises but four teams this year, and while new to the district play nevertheless is a strong contender and should provide a good contest with the Tigers.

Brackettville fans should come out and help the Tigers to win this game, which if they can conquer Castroville will leave their big game with Sabinal at Sabinal for the district championship.

### Start Work In Nov.

The road work on the new farm to market road 635 other wise known locally as the Macie highway will begin within thirty days from the letting of the contract which was on October 22 at Austin. The putting back of

the fences on both sides of the right of way last week reached the railroad and the part of the highway between highway 90 and the railroad has been readied. The fence crew operated by Gilberto Luna is now working on the stretch below the railroad.

### Mrs. Utterback Appointed Campaign Director

Mrs. A. P. Utterback has been appointed campaign director for the 1953 March of Dimes in Kinney County, it was announced today by C. Burn Ballantyne chairman of the Kinney county chapter National Foundation for infantile paralysis.

"With the scientific and medical research sponsored by the National Foundation through March of Dimes receipts, showing encouraging progress toward the eventual elimination of paralytic polio, as well as the highest recorded polio incidence in history having occurred this year, we must insure a March of Dimes campaign which will guarantee ample funds for local patient treatment payment as well as insuring support for this so important research program", Mr. Ballantyne stated.

"Hospital bills covering 1952 patients will extend deep in 1953", Mr. Ballantyne continued. "To insure payment of these bills to institutions such as Robert B. Green and Santa Rosa in San Antonio, Memorial in Corpus Christi, Valley Baptist in Harlingen and Gonzales Warm Springs— which received more than \$280,000.00, in patient treatment payments last year, calls for the complete cooperation of everyone both in contributing to and assisting with the drive within our county."

Persons interested in assisting on any of the MARCH OF DIMES committee are asked to contact Mrs. A. P. Utterback at Brackettville.

### More Animals Killed

Predatory animals in large numbers, most of these being trapped in large numbers by the government trappers and others in this area. One government trapper stated that in October he caught more than one hundred coyotes, while another said his catch was more than eighty. These animals are drifting in, it seems from across dry sections of the Rio Grande from Mexico and other areas it was stated a trapper in an adjoining county caught more than fifty in one night alone.

### DUST A MENACE

Lack of rain and constant use of local streets have made their surfaces, where not paved, dry and powdery and as a result the constant stirring up of caliche dust enters into the atmosphere, which in turn is not conducive to good health. Watering down of streets in front of one's residence does not help much. But slow driving does. Fast drivers are the ones who bring most dust.

### Veterans Questions And Their Answers

Q—I'm planning to convert my NSLI term policy to permanent endowment insurance. If I'm still living at the end of the endowment period, how will I receive my money?

A—You will have a choice. You may either get the insurance proceeds in a lump sum, or you may ask VA to pay them to you in equal monthly installments ranging in number from 36 to 240. If you die before all the installments have been paid to you, the remainder will go to your beneficiary, if you have named one.

Q—I am receiving a VA pension for a total and permanent nonservice-connected disability. I have a house which I inherited, and I want to sell it. Must I include all the proceeds of the sale as income, in figuring whether I come under the income ceiling for pension purposes?

A—Since you inherited the house, the entire proceeds from its sale would be considered as income for pension purposes. If you receive a lump sum payment, it will apply for the calendar year in which you got it. If you get paid in installments, whatever you receive during a calendar year must be included as income for that particular year.

Q—I was forced to interrupt my training under the World War II GI Bill to go back into active service. I expect to be discharged soon, and I want to continue with my GI Studies. Is there any time limit for resuming?

A—You must pick up your training within a reasonable period following your discharge. The "reasonable period" is determined for each veteran on an individual basis and depends on a number of factors such as the type of training involved, its availability and so on.

Q—I know of a World War II veteran who has become incompetent. Can his GI insurance premiums be paid by another person?

A—Yes. The premiums may be paid by any person on his behalf. If the veteran's premium return envelope isn't used, care should be taken to identify the payment properly, including the insured veteran's full name, address, date of birth, service serial number and insurance number.

THANKS TO VOTERS

I take this means of thanking all of my friends, supporters and all the voters of Precinct No. 1 who by their vote and aid helped me in my race for re election as commissioner Precinct No. 1. I shall try by all means possible to merit that confidence.

G. C. Talamantez.

Most people would be shocked if they realized the percentage of their income taken by the federal government. An income of \$3,500 pays out 30 per cent in taxes of all kinds, and an income as low as \$1,500 a year is sliced 26 per cent for government taxes.

Total Navy personnel strength as of Feb. 29, 1952 was 807,589.

From where I sit... by Joe Marsh

Left Ham Sandwich —40¢

Amble over to Bob's Restaurant Tuesday for lunch and noticed a new sign "Left Ham Sandwich, 40¢... Right Ham Sandwich, 30¢." "Why the sign, Bob?" I asked. "Don't tell me you believe hogs scratch more with their right leg than with their left—so's the left ham is more tender?" "No," he says. "I don't take any stock in it. But, some people have ordered those 'left' sandwiches. When I explain to them that there's nothing to that fable, that the sign is just a business-getter, and I've only one price, they enjoy a regular, old fashioned, plain ham sandwich all the more!"

From where I sit, stories like "right" hams being tougher than "left" ones are with us because some people get ideas into their head and hang onto them for dear life. It's like those who think an adult like myself hasn't the right to a glass of beer with my supper. I say let's keep our opinions free from being "sandwiched-in" by misinformation.

### THE ELECTION

The voting in the general election was as had been expected rather good in this county, this coming partially from high interest in the national contest.

The following is a summary of the way the election went in Kinney County:

Republican Eisenhower 884  
Democratic Stevenson 326  
Dem. Governor Shivers 596  
Rep. Gov Shivers 87  
Dem U.S. Senator Daniel 594  
Rep US Senator Daniel 90

All the county and district officers did not have opposition, and all were renamed to their respective posts.

In the only two contested precincts races, both in precinct No 1, the results were as follows:

Comr. Talamantez 307  
Comr. Fritter 289  
J. P. Derengowski 309  
J. P. Halley 244

The total No. of votes in the county numbered 761  
Absentee votes were 70

J. A. Sheedy was a week end visitor in Austin.

J. H. Tucker left last week end on business trip through New Mexico.

O. F. Seargeant returned to San Antonio Wednesday where he is making his home.

Henry Lee, of San Antonio, spent the week end here with relatives and friends.

A light norther came up and into this area the first of the week but it brought no moisture.

Mrs. Marjorie Dodge returned Sunday to San Antonio. She was here to attend the funeral of her mother last Friday.

Mr. and Mrs. Chas. Neimier returned Wednesday to their home in Orange Grove after spending two days here with relatives.

Ernest Pena, who had been seeing service in Japan and Korea, has returned home on furlough and visiting his parents.

Special church services were held Monday at the Catholic church, observing all Soul's day. Three masses were celebrated by Rev. Father Taillon.

**FOR SALE**—Residence, Veltmann addition, former Castulo Avalos home and three lots. For further particulars inquire at the Brackett News-mail office.

Mr. and Mrs. Dewey Seargeant, of Boerne were among those from out of town who attended the funeral of his mother Mrs. O. F. Seargeant.

Interesting speakers, good entertainment, a style show honoring "Miss Wool and Her Pretty Maids," and a chance to just visit are offered to all who attend the 37th annual convention of the Texas Sheep and Goat Raisers' Association to be held in San Angelo November 10-12

### Mrs. Oscar F. Seargeant

Early Wednesday October 29 sadness came this community of the sudden illness and death of one of its long time loved members, Mrs. O. F. Seargeant. Mr. and Mrs. Seargeant were spending some time with their daughter, Mrs. Marjorie Dodge in her San Antonio home. During Tuesday night Mrs. Seargeant became seriously ill of a heart attack and passed away Wednesday at 5:30 A. M.

Susan L. Cornell was born in Brackettville October 1, 1874 fourth daughter of James and Susannah Cornell, pioneer settlers of this county. She spent all her childhood and youth here, having attended the Brackettville public school.

On May 24, 1893, at the age of eighteen years, she was married to Oscar F. Seargeant of this union were born four children: Mrs. Blanche McCabe, Albert James Seargeant, George Dewey Seargeant and Mrs. Marjorie Dodge. With the exception of a few years spent on their Edwards county ranch Mr. and Mrs. Seargeant lived and reared their family here.

Her husband, O. F. Seargeant, all her children except Albert, nine grand children and fourteen great grand children survive the deceased.

Susan Seargeant was buried October 31, 1952 from the home of her daughter Mrs. McCabe, Rev. A. J. Taillon, O. M. I. officiating at the home and the cemetery.

The active pallbearers were Aaron M. Sator, Victor Couture, Sam Harwood, Glen Deason, Nelson Brice and Wm. Carmichael. Many beautiful flowers attested the love and esteem of our her friends for this good woman whose chief claim to distinction was that she was a faithful unselfish wife and mother and a kind true friend.

"Mama," as she was called by all her immediate family leaves a great loneliness in their hearts. She will also be missed by her numerous nieces and nephews who always found in her a warm hearted loving friend and counselor. To all who mourn her passing this paper and all the community extend sincere sympathy.

### CARD OF THANKS

We wish to extend our sincerest gratitude and thanks to all friends for their sympathy and kindness at the hour of greatest loss and sorrow; for all the beautiful floral offerings, and especially for the offerings made for masses and to the memorial fund in memory of our devoted wife and mother, Susie Cornell Seargeant.

### THE FAMILY

Abbie Garcia, who went into the armed forces a few months ago, was visiting here the past week end.

George McCallum, of Eagle Pass spent the week end in Brackettville with home folks.

T. L. Roselle returned Sunday evening from Austin where he spent the week end on business.

There was no rain recorded in Kinney County during the month of October. There was hardly a trace of moisture and none of record. The area continued in the grip of drought and conditions severe.

### The Tigers Win

The Brackettville Tigers Friday night took on a scrappy Somerset team at Tiger Field with a fast and exciting game resulting in a win for the Tigers.

The Tigers proved from the start somewhat more hefty and heavier than the Somerset team. The Tiger line proved almost impenetrable to their guests.

The Tigers kicked off to Somerset at the start of the game, and the visitors were unable to make a first down, so they made a short kick. Taking the ball the Tigers sparked by E. Jaso marched down the field to a touchdown by Jaso and within the first quarter Jaso again took the ball over. Point was made on one try.

Somerset made their first and only touchdown against the Tigers reserves who put up a good battle. The score at the end of the half was Brackettville 13, Somerset 7.

In the second half the Tigers added three more touchdowns, two by Filemon Talamantez and one by Hernandez. The visitors were unable to score and the game ended with Brackettville reserves trying for another score. The final score was Brackettville 33, Somerset 7.

### LEONA RANCA WILL HAVE OPEN HOUSE

Mr. and Mrs. Bill Mooly will have an open house at their Leona ranch on west prong Nueces November 8th from 4 to 8 P. M. according to invitations being sent to their friends. The Moolys have moved into their new ranch home and are welcome their friends in this manner.

### WATER DEVELOPMENT

Word comes to us that a well, 70 feet deep was discovered a about three miles north of Spofford. A five hour pumping test taken at 50 level showed 133 gallons per minute. Joe K. York, J. F. Beidler and Leland Johnson are figuring on forming a business association to pipe the water for livestock near Spofford, at the same time delivering a portion of the available water to a Spofford Water Association.

For the past several months Spofford has been without running water, altho the railroad company has been setting out water tanks cars since 1:30 p.m. creek failed to supply water for the railroad company's pumping plant.

### 'Accidently Shot

John Goodloe, an employee at the Fort Clark Guest Ranch was accidently shot in the face last Thursday evening while at work at the ranch. A pistol in the hands of another who was shooting a dog glanced upward and hit Goodloe in the region of the mouth, knocking out two teeth and inflicting a flesh wound. The injured man was later taken to Del Rio for special treatment and at this writing is recovering satisfactorily.

### WORKING PINTO ROAD

A road crew from precinct No. 1 has been working for the past week and are still engaged in improving the new stretch of the Pinto road which hooks on highway 90 Caliche is being placed thereon at this time and attempts are being made to eliminate much of the rocky sections of the road. Dryness of the soil however make it difficult to form a harder surface to the road.

Flattery is a form of soft soap; and soft soap is mostly for a new fur coat.

### Texans Make Fishin' Spot

AUSTIN, Oct. 24.—The current issue of Texas Game and Fish magazine tells how the folks over Bryan way make their own lake.

The article states that the lake—Camp Creek Lane—has exceeded all expectations, adding: "Now these land-locked anglers have a fresh water area ranging to a depth of 38 feet, which seems ideal for fish life, and there are fifteen miles of shore-line."

Thus these Texans, who decided life wasn't worth living without a handy place to go fishin', have created a permanent community recreation area and also have impounded a vast amount of water.

The lake required a 1750 foot earthen dam, tapping of a forty-square-mile Brazos River drainage area, assorted permits ranging up to a \$1500 state water license, and purchase of approximately 4,000 acres of land. The original financing hinged on 450 lake site owners-to-be contributing \$375, plus annual dues of \$35, now cut to \$20.

Within four years after the project was envisioned, more than 150 cottages have been built, some beaches have been

developed and timber which littered the inundated woods and swamp area is being removed.

The bass and perch and catfish are biting and the dream of a watering place for the small income type is coming true.

Now, a seasonal bonus is about to be paid the lake's patrons, because it has become a popular stopping place for wild ducks.

Those travel fast who travel the lightest, say an old proverb. Haste makes waste is another. Speed—and too often, a life is wasted in the process.

More than 746,500 Texans received chest x-rays in community surveys conducted by the State Department of Health and by TB associations from March 1, 1951 to April 1, 1952, the Texas Tuberculosis Association reports.

So-called miracle drugs recently have raised hopes of both doctors and patients for a specific TB cure, but the only proven weapon against the disease to date is bed rest and treatment carefully directed by a physician, the Texas Tuberculosis Association warns.

Vincennes, first settled in 1727, is the oldest city in Indiana.

### Curried Rice and Tuna Make a Tasty and Thrifty Filling for Luscious Tomatoes

Rice brings together the deep sea goodness of tuna fish and the oriental excitement of curry in this versatile main dish. The curry powder contributes exotic flavor and intriguing color enhanced by the bits of green pepper and the brilliant red of the tomatoes.

Served piping hot from the oven or cold and refreshing on a bed of greens, this "something special" for the family is also something quick and easy for Mom to fix.

**INGREDIENTS:**  
8 medium sized ripe tomatoes  
4 tablespoons minced onion  
2 tablespoons minced green pepper  
4 tablespoons butter or margarine  
1 7-ounce can tuna fish  
2 cups cooked rice  
1 teaspoon curry powder  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/2 cup water

Do not remove lid nor stir rice while it is cooking. Turn off the heat. Use exact measurements of uncooked rice and water. Time the cooking accurately. For real convenience and economy of time and effort, keep uncooked rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

**METHOD:** Peel tomatoes easily by scalding, plunging into cold water and then peeling. Slice off stem end of tomatoes. Carefully scoop out pulp. Cook onion and green pepper in the butter or margarine until tender. Add the tuna fish, rice, curry powder, salt, pepper and water. Mix thoroughly. Fill the tomatoes with the tuna and rice mixture and bake at 350° F. about 15 minutes or until the tomatoes are tender. Serve hot. Garnish with green pepper rings if desired.

For a cool and refreshing salad, chill the tomatoes after they are stuffed and serve on salad greens. This recipe makes 8 servings or 3 cups of the curried tuna and rice mixture.

### To Improve Highways

AUSTIN, October 15 — Texas needs \$1,570,000,000 to bring its highways up to adequate standard of safety and utility, according to recent studies of the State Highway Department.

This program would permit completion of the present farm-to-market road system of 35,000 miles, with all gaps and fillers, at a cost of \$228,862,000 according to the Texas Good Roads Association, which is sponsoring a movement for the modernization of the entire state's system.

This almost equals the \$289,896,000 needed for the primary system. Arterial highways would amount to more than \$1 billion.

It would take more than \$2 billion to replace the present highway system of Texas, which totals approximately 44,000 miles. Present highway income is slightly in excess of \$100 million annually from gasoline tax and automobile registration fees. Maintenance work requires almost half of that amount, leaving insufficient funds for complete modernization of roads.

Texas has always used a pay-as-you-go system, which means there is no debt against its highway system.
