GAIL, BORDEN COUNTY, TEXAS 79738

WEDNESDAY, OCTOBER 20 1971

Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

KATHRYN ELIZABETH HOLMES

## Announces Engagement

Mr. and Mrs. J. Wiley Holmes of Gail announce the engagement of their daughter, Kathryn Elizabeth, to Mr. James Edgar Smith, Jr., grandson of Mrs. Beulah Orson.

Kathryn received a B.A. degree in Political Sciences from West Texas State and is now a professor's assistant at Texas A&M where she is working on her Master's degree. Jay will receive his B.A. degree in Agricultural Business from Texas A&M this year.

A May wedding is planned.

## Police Chief Appointed

City Manager Harry Nagel announced last Wednesday that Vance L. Chisum, 43, has been appointed as police chief in Big Spring.

Chisum succeeds to the post vacated by the dismissal in June of former Texas Ranger Jay Banks. Stanley Bogard who has been acting chief since Banks dismissal will resume his old duties as assistant chief of police.

The new police chief has held a similar post in Uvalde since 1967. He has been a member of the Uvalde police force since 1955, Working himself up from the ranks.

## Lynn Co. 4-H'er Attends Nat'l Conference

COLLEGE STATION — (Spl) Billy Jack Wood, a veteran Lynn County 4-H'er, has been named as one of four Texans to attend the National 4-H Conference, April 23-28, in Washington, D. C., according to an announcement from the state 4-H Club office.

Billy Jack is the 17-year-old son of Mr. and Mrs. Jack Wood of Rt. 1, O'Donnell, and is a freshman animal science major at Texas Tech University. He has been a member of the O'Donnell Community 4-H Club for nine years. The National 4-H Club Conference award program and the trip to the Conference are sponsored by Pennzoil United, Inc.

Earlier this year, Billy Jack was awarded a Houston Livestock and Rodeo Scholarship. He is an old hand at winning awards for his livestock at the county shows, having won the overall showmanship award

three times and having shown the grand champion lamb and the grand champion barrow. He has won the county swine award three times and in 1968 he exhibited the reserve champion barrow at the San Angelo show.

A former Gold Star winner in Lynn County, Billy Jack claimed the Texas Cotton Ginners Association Award for his outstanding records in cotton production in 1969. That same year he was named the winner of the State Agricultural Award. He was also one of four Texas delegates to the National 4-H Congress. The veteran 4-H'er claimed first place in the Cooperative Contest two years ago at State 4-H Roundup.

He has completed 11 projects in his 4-H work and has held the offices of president, vice-president and secretary in his local club, besides being a member of the district council.

## Editorial

Three cheers for Coach Carlin of Texas Tech. Though he might have signed his own walkin' papers, I do think he was right in chastizing some of the Tech fans for booing his ball club and individual players in an un-sportsman like way. Undoubtedly Carlin has been turning the other cheek for several weeks and finally got his craw full.

What is the purpose of sports anyway? To me, it is to train a boy or girl in physical fitness, self discipline, conduct, and how to accept a win or loss graciously. A "sportsman" according to Websters, is a "person who is willing to take a chance". How can we expect the younger generation to learn this when they see & hear us acting or reacting the way we do to most sports events?

And shades of the Roman Empire - re-ivaling over the fate of the Gladiators. Did you ever dream that the American people would re-act to winning the World Series as did the fans in Pittsburg last Sunday. How costly - not only monetarily, but

more important, morally. I am relieved that you have undoubtedly read of this, therefore saving us from having to print such scandalous obscenities in our weekly. It really is frightening and heart-sickening when you remember history.

Thanks be that we live in an area virtually untouched by such scenes so far. However, what Coach Carlin was talking about is the same sick philosophy of "the game" and we musn't stick our heads in the sand. This makes it even more important that we train our youngsters in the true meaning of Sportsmanship.

## Elected President

The second annual convention of the American Jr. Quarter Horse Assoc. was held in Dallas this month.

Elected as president for 1972 was Scott Stubblefield of Tyler, Texas.

Scott, a freshman at West Texas State and a agricultural business and economics major, is the son of Mr. and Mrs. Charles Stubblefield.

Maned all-around champion at the Texas Jr. Quarter Horse Assoc. finals this year, Scott also held the vice-presidency of the A.J.Q.H.A. and is on the board of the Trinity J.Q.H.A.

Membership of this fast growing youth organization now exceeds 4,000. Attending the two day meeting were representatives from 21 states and two Canadian Povinces.

## —THOUGHT FOR THE— WEEK

The people sensible enough to give good advice are usually sensible enough to give none.

Eden Phillpotts

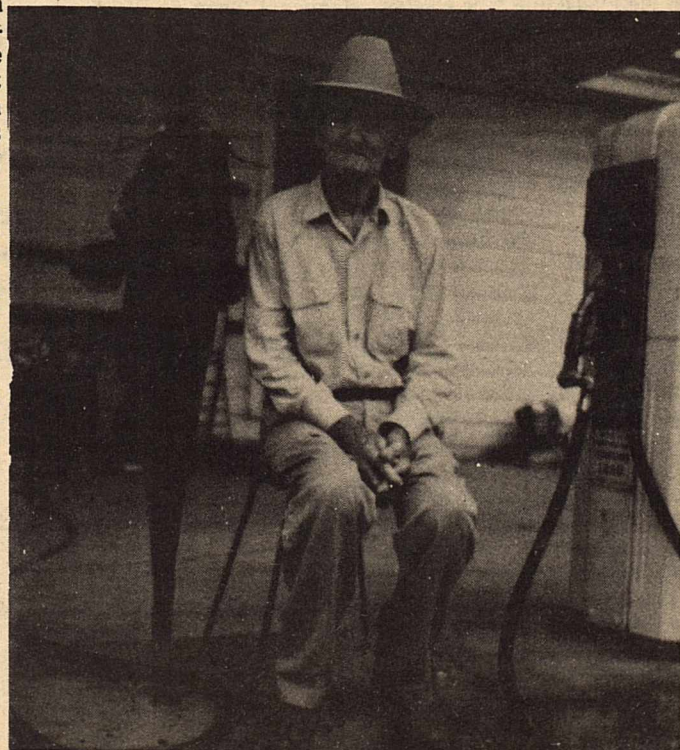

SCOTT STUBBLEFIELD

## Advertising

Advertising is just one powerful form of education. It can and often does speed Progress. Elais Howe invented the sewing machine but could get no one to buy it. A whole generation of women died without using this labor saving device because there was no advertising to make them want it. Contrast that with the story of the automobile, the radio, or the mechanical refrigerator.

Bruce Barton

Mr. and Mrs. Boots Turner of the Plains Community, caught this 34 lb. caffish in Hubbard Creek Lake near Breckenridge last week.

# Borden County School News

JUNIOR OLIVAREZ

JOE HANCOCK

## Football Awards

A Borden freshman and sophomore grabbed up the weekly football awards October 15. Junior Olivarez was named Back of the Week while Joe Hancock received the Lineman of the Week award. Fine job against Cotton Center, Coyotes!

## Coyotes Tie Eagles

The Borden County Coyotes remain undefeated but their record was marred October 15, by a tie with Sterling City Eagles. Final score of the tension-packed game was 12-12.

The Coyotes recovered an Eagle fumble early in the first quarter and drove to a 6-0 lead with Randy Crittenden going in from the 1 yard line. The Eagles managed a first quarter score also when Charles Billeck fumbled a punt snap and the Eagles recovered it in the end zone. After the kickoff was returned to the 30 yard line, RANDY Hensley took a handoff from Randy Crittenden and ran to the Eagle 1 yard line. Crittenden carried it in on a quarterback sneak in the next play to take a 12-6 halftime lead.

Borden County was held scoreless by Sterling City in the second half but the Eagles picked off a stray Crittenden pass and returned it for another Sterling City 6 points.

The Coyotes will challenge the Klondike Cougars on home ground this week for their Homecoming game at 7:30 p.m. The pep rally and bonfire will begin at 5:00 p.m. with the Booster Clubs chili supper immediately following.

**FIGHT,  
COYOTES,  
FIGHT**

## Junior High Loses

Borden Junior High School traveled to Garden City October 14 and were defeated 24-0. It was obvious three regular players were absent but the younger boys played good football. Also they are gaining needed experience valuable in the future. The Borden Cubs will challenge Garden City again on home ground next week. Good luck boys.

## FFA Meets

The Gail FFA Chapter held their regular meeting on Tuesday, October 12, with President Joe Hancock presiding. The Chapter discussed the selling of grapefruit and oranges which will be shipped fresh from the valley around the middle of December. Also, delegates were elected to attend the Mesa District FFA Meeting to be held on October 27 at Denver City. Greenhand elected was Monte Smith, and Chapter Farmer elected to attend was Doug Isaacs. They will be accompanied by Joe Hancock, who is currently serving as the Mesa District Reporter.

## FHA Asks Help

The Future Homemakers of America, Borden Chapter, met October 12. The "Secret Grandmothers" project for October was discussed. Maggie Killough introduced the project for December. Each class will collect cancelled stamps. These stamps will be sent to Norway for aid in its fight against Tuberculosis. These stamps are sold by TUBFIRM to aid in research against this disease. FHA members urge other students in school to help in this worthwhile project. If adults in the community would like to help, they may cut around cancelled stamps, save them, and then call an FHA member to pick them up. All stamps must be in by December 1.

## Boosters Host Supper

The Borden Club held their weekly meeting in Borden High School Tuesday night, October 12. It was announced that the next meeting will be on Wednesday night at 7:30 p.m.

A chili supper was planned for Homecoming on October 22. Booster Club members will cook the chili and prepare iced tea. Serving will begin in the cafeteria immediately following the bonfire which is scheduled for 5:00 p.m. The homemade chili will be sold for 50 cents a bowl plus a glass of iced tea.

The triumph over Cotton Center on October 8 was viewed and discussed by the club.

Discussion was brought forth concerning our football games. It was decided to erect a barrier six feet from the playing field thus keeping sideline spectators from possible injury and possible penalization to the Coyote football team. All students and children are asked to remain IN THE STANDS for the same valid reasons plus being an asset to the cheering section. Please do your part in helping the Booster Club and Borden County Schools in this vital issue.

Remember the chili supper on October 22 - come to the bonfire, enjoy supper with the Borden Booster Club, and back the Coyotes to a victory over Klodike!

The freshmen girls, Barbara Brown, Catherine Jackson, Marion Benavidez, and Melissa Ludecke, were elected as chairmen of the "Caring Bureau" for the Chapter. The purpose of the project is to show people in Borden County that "Youth Do Care".

The members voted to prepare a special memento to the Isaac family. Mrs. Isaacs was a very special friend to the Future Homemakers of America and certainly an excellent example of an outstanding homemaker.

## Tests Given

The Junior class of Borden High School was given the PSAT - NMSQT tests Tuesday morning, October 19.

## Happy Halloween

## Cafeteria Menu

(Week of October 25)  
MONDAY

Corndogs

## Sands

### Sands Mustangs

In a battle of mistakes, the Sands Mustangs narrowly lost to the Lubbock Christian Eagles here in Ackerly Friday night.

The Mustangs lead in every department offensively except scoring. Their first score was by Tony Gillespie on a five yard run in the first quarter. The P.A.T. failed, Lubbock then scored twice, and lead at half 14-6.

On the kickoff for the second half, Bobby Wigington recovered the ball in the Ponies' end zone for the second score. The two point conversion failed.

The final two Lubbock points came on a safety after a return on an attempted Lubbock field goal.

SANDS	LUBBOCK
134 yards rushing	66
52 yards passing	25
3 or 18 passes completed	3 of 11
90 yds penalties, yds.	50
2 for 39 punts, average	4 for 28.8

### Cindy Shaw FFA Sweetheart

Cindy Shaw of Sands was chosen FFA Sweetheart by FFA members Monday night at the FFA pageant. She was escorted by Edward Kennemer. She was presented a dozen red roses by the president, Stan Smith. He also presented Biane Bowlin, escorted by David Barnes, and Dorinda Graham, escorted by Randy Clemens, each with red roses. Twelve contestants competed for sweetheart. Cindy will now represent the Sands Future Farmers of America at the District meet. Some of the mothers gave a reception for the contestants and guests. Refreshments were served.

The Pep Squad held a reception for the players Friday night after the O'Donnell-Sands game.

Thursday night there was a bonfire and a pep rally for the game against Lubbock Christian High School. The cheerleaders led the students in yells. Pep talks were given members of the team and the coaches.

The Booster Club gave a reception after the bonfire for the football players and pep squad members and parents. Also the film from the Sands-O'Donnell game was shown.

At the ballgame Friday night Janette Nichols was announced as Round-Up Queen. Janette was presented with a dozen red roses by Student Council president Reggie Hambrick. She is a senior and was escorted by Stan Smith.

### Vealmoor Man Injured

John McDiffitt was seriously injured in a one car accident last week about 6:30 a.m. Mr. McDiffitt was enroute to work when his small car overturned three times 8 miles south of Vealmoor. He was thrown clear in the wreck and was found unconscious at 7:15 a.m. An ambulance was summoned to the scene, and the victim was taken to Hall-Bennett Memorial Hospital. He was later transferred to Lubbock Methodist Hospital where he underwent surgery for extensive back injuries. He is reported to be some improved but still is considered to be in serious condition. The McDiffitt's children, Joyce, John, Sonny, and Mary, are all students at Borden County School.

#### VEALMOOR NEWS

Mr. and Mrs. Bert Massingill are visiting in Vealmoor with Leola Green and the Bunny Massingills.

Lois Cox visited in Crosbyton last week with the Bert Robinetts.

Mr. and Mrs. Sonny Tucker journeyed down south last week for a few days vacation. They went across the border and came back by Lake Amistead.

Mr. and Mrs. Jon Monger of Lubbock visited with Dwain and Glenodene Williams.

Damage to agriculture from air pollution costs the United States about \$280 million a year.

A rattlesnake two minutes old can coil and strike expertly.

### Borden School Fund Increases

The Borden County Permanent School Fund investment's prompted by the Commissioners Court and managed by the County Judge made \$20,000.00 in accumulated interest for the Borden County Available School Fund in its annual payment to the Borden County Independent School District reported Glenn Toombs, County Judge.

A check for \$20,000.00 was mailed to Mr. James McLeroy, Superintendent of the Borden County Independent School this last week Judge Toombs said.

This is an increase of \$3,385.60 over last year. The increase is due to a better buy on the bond market and some of the investments were placed at a higher rate of interest.

The Commissioners Court feels that low interest, long term municipal bonds aren't good buys since the county fund is not subject to an income tax. Treasury bonds and notes bought in at 5 1/4 to 6 1-3 percent seem to be the best investment for these funds at present.

### Breeds Added To Houston Show

It has been announced by Dan Jobes, assistant general manager of the Houston Livestock Show, that four livestock breeds will be added to the '72 show. These additions will include Brangus steers as part of the Junior Show; Polled Hereford beef cattle, Brown Swiss dairy cattle and Chester White swine to be added to the open show.

### Program Approved

The Western Texas College has received the approval of the Texas Education Agency for a licensed vocational nursing program.

The program is now to be reviewed by the State Board of Vocational Nursing Examiners, according to Gene Robertson, WTC director of occupational and technical education.

It will be necessary to take an aptitude test in order to enter the program, according to Robertson.

Tests will be offered in Room 105, Building 7A, on the WTC campus at 1 p.m. Tuesday and 6 p.m. Oct. 28. Cost of the test is \$3, to be paid at the time of taking the test.

Classes will begin Jan. 17.

### Play Day Held

A play day Sunday at Colorado City was sponsored by the Scurry County Junior Riding Club.

High point winners for various age groups included Shalia Nachlinger of Hermleigh and Kyle Bennett, 9 and under; Jennie Hudson and Mickey Neiff, both Colorado City, 10 to 12; Lajuana Ward and Bobby Stroud, both of Snyder, 13 to 15; Sue Henderson of Colorado City and Byron Barnes of Loraine, 16 to 19; and Frances Slate of Big Spring and Lloyd Merritt of Snyder, adult.

The club will sponsor an open play day at the Snyder Rodeo Arena Oct. 31. Registration will be at 1 p.m. Five events for six age groups will be offered.

**Court House Happenings**

**Borden County**

Special session — All members present. September 27 meeting of the Commissioners' Court discussed the moving of a oil loading rack on the Outlaw road owned by Permian Pipe Line Co. Mr. Fred Moore of Permian Pipe Line Co. of Brownfield agreed to do this in order to get the loading rack off of county right-of-way which is in violation of State Law.

Routine bills were approved in the amount of \$11,190.27.

Recommendations were read by the accounting firm of Edwin E. Merriman & Company of Lubbock for the consideration of the court:

(County & District Clerk)

1. Enter cash receipts to county clerk fee book by cash receipt number.
2. Set up accounts receivable ledger for fees billed at the end of the month.
3. Journalize checks issued each month.

(Tax-Assessor Collector)

1. Journalize checks issued each month.
2. Reconcile bank statement each month.

(County Auditor)

1. Set up a formal general ledger.

(Justice of the Peace)

1. Record cash receipts in a journal.

All of the recommendations were discussed with the various departments and they are complying to a certain degree. No further action taken.

Motion made by Don Jones that the County Judge employ an attorney to represent the county with regard to the hearing of the McDowell Estate vs. Borden County on proposed road. Motion seconded by Carl McKee and passed.

Right-of-way secured in precinct 4 from Mr. T. M. Hughes approved.

No further business to come before the court and it adjourned until October 11, 1971.

October 11, 1971 — Commissioners' Court of Borden County met in Regular session. All members present.

Mr. J. A. Jones met with the court requesting the opening of a street west of the school so he could get to some of his town property. The court requested our county surveyor, Mrs. James Stewart, of John R. Wilson Co. Public Surveyor, Snyder to meet with the court October 26, 1971 and discuss the surveying out and opening of several of our local streets here in Gail that is causing some confusion.

The court approved a new job for the courthouse that being a Secretary to the Commissioners' Court, County Judge, Probate Judge, Juvenile Judge, Local Draft Board No. 31 handled by the County Judge, Ex-officio County Superintendent, County Auditor and County Agent. This also will include any other duties that may be assigned from time to time by the County Judge. This position was brought about through a Government Grant from the Department of Labor and is handled through the Permian Basin Regional Planning Commission of which Borden County is a member. The job application is handled by the Texas Employment Commission and the applicant must be unemployed (full time), be a resident of this county, be a new job, and the job must be scheduled 2 years. The Government Grant will pay all but 1½ months of the persons salary.

Court discussed the selling of stoves removed from the Courthouse and it was decided to use these in the County Barn

since the school had asked to use the barn for the Harvest Festival. The smaller ones will be used in the Precinct shops and election houses.

The County Auditor and the County Judge were requested to attend a workshop in Austin, Texas November 19, 1971 on the proper administration of Federal grants and contracts.

Vernon Shortes, Jess Pylant and V. J. Coleman of Ackerly met with the court requesting financial help for the Ackerly Fire Department or some type of fire protection for the citizens of Borden County in that area.

After much discussion it was decided that the county enter into a contract with the Ackerly Fire Department and the Fluvanna Fire Department for \$500.00 per year to help prevent and fight fires in Borden County.

Motion was made by Hubert Walker and seconded by Carl McKee to have contracts prepared, signed and checks issued. Motion carried.

Routine bills were approved in the amount of \$16,774.77.

The Court issued an Order for the destruction of damaged records in the basement caused by flooding.

Tommy Mills, local Snyder attorney, was approved to represent the county in a pending road suit with the McDowell Estate.

County commissioners were reminded of the State County Judges and Commissioners Conference in San Antonio, October 20-23. Reservations are at the Gunter Hotel for the Borden County Commissioners Court.

Court neglected to take any action on a \$27,500.00 grant-in-aid for a proposed county airfield from the Texas Aeronautical Commission in Austin. This money was set aside for the purchase of 61 acres of land and the building of a 50' x 3400' runway, taxiway and apron, install lighting, all to be on a 50 percent cost of construction basis. In other words labor and material furnished by the county would be figured as a part of their 50 percent cost.

Some kind of warehouse for the county was discussed to be built on the courthouse property to house materials, machinery and supplies for the Maintenance Department of the courthouse and Water Department.

News of our beloved County Agent Jake Holmes retiring saddened the Commissioners Court this meeting and we are sorry to hear of this but as the fact is we are now looking for a replacement. Mr. Billy Gunter of the Extension Service has been in contact with the Court and says he will have some applications for review sometime in November or December. We understand Jake will retire in February, 1972.

Court again met to discuss the borrowing of money through a new law passed by the last session of the 62nd Legislature.

Mr. Joe Smith of Lubbock representing the First Southwest Investment of Dallas and their Bonding Attorney Morrow who wrote the S. B. 607, the Certificate of Obligation Act, for counties who need additional money for purchase of materials, supplies, equipment, machinery, the purchase of land for rights-of-way for authorized needs and purposes, or for the payment of contractual obligations for professional services, such as tax appraisal engineers, engineering, architectural, attorneys, mapping, auditing and financial advisors. This act is new and better than the Bond & Warrant system counties now use. This act is much faster and simpler after all understand its functions. This is the reason for the meeting with the representatives of First Southwest Investment Co., Dallas.

No further business. Meeting adjourned until October 26, 1971 since October 25 is a holiday and court will not meet on that Monday but Tuesday instead.

## "Oh Sin"

By: Marie Ragan

Oh Sin you took her by the hand,  
and led her down the road of no return.

She followed every tainted  
footstep that you made.

And you showed her all the  
worldly things

That she could learn!

You saw how pretty was her  
smile,

How bright her shining eyes.

And you crept upon her in  
disguise.

with all your wit and guile

You envied all her cherished  
dreams.

And the bloom upon her cheek.  
So you filled her head with  
foolish things.

With vows not meant to keep.

The wine was sweet and the  
music wild.

And her laugh was false and  
loud.

But she blindly followed after  
you.

Toward your dark and stormy  
cloud!

She walked each twisting path-  
way where you walked!

And you held onto her hand with  
all your might.

You led her passed a river wild  
and surging.

And through a vally dark as any  
night.

I know she's on the road of no  
returning.

I've watched her walk away and  
out of sight.

But Sin let go her hand! Oh can't  
you see?

This is my foolish daughter.  
Can't you send her back to me?

## "A Journey"

By: Wilma Currey

Beauty dwells deep in the  
heart of man. Hidden inside are  
the fine fine strands, of life's  
golden pathway that takes shape  
in the form of rough work worn  
hands.

The deeds that are done are  
needed each day, by those who  
have faltered and fell by the  
way. With a goal in sight and a  
clear road ahead, he diligently  
works for his daily bread.

For those who have need and  
those in despair. Take heed from  
the ways of the plain wayfarer.  
His journey through life is  
unadorned. His deeds are un-  
sung and the heroes are born.

Many thoughts will he have to  
better the way and the toil he has  
done will show day by day. When  
you see a man with a smile on  
his face, a look of contentment  
and one who says grace. You  
know when work's over and  
twilight is near, this man will  
sleep quietly without worry or  
fear.

Mr. and Mrs. M. F. Norris of  
Route C Lamesa have returned  
from a visit with their daughter,  
Mrs. Al Cross and family who  
live in Oklahoma City. They  
have also been on an extended  
trip to South Dakota, Montana,  
Idaho, Utah and Arizona. They  
went through the Glazier Park  
at Montana and the Zion  
National Park in Utah and  
visited a brother and sister at  
Flagstaff, Arizona.

## The Sandwich

In about 1748, the fourth Earl  
of Sandwich sent a young  
runner out to bring him a slice of  
roast beef between two pieces of  
bread. He wanted this in order to  
stay at the tables gambling,  
without interruption to eat. He  
surely had no idea how many  
different varieties of his in-  
novation would be eaten  
throughout the centuries and all  
over the globe.

Executives along Madison  
Ave. were identified for a time  
as the men wearing grey flannel  
suits and carrying brief cases.  
Some top Texas executives have  
the same identification except  
they carry brown paper bags.

H. L. Hunt, the Texas Oil  
millionaire, was no doubt the  
most publicized Texas bag-  
toter. He wouldn't dream of  
interrupting his day with two  
hour lunch breaks.

On young businessman's wife  
planned his weekly sandwich  
schedule as carefully as she  
planned her dinner menus.  
There is such and endless  
possibility for fillings and all  
kinds of delicious things are  
available.

Sandwiches, if you remember,  
were an important part of the  
astronauts diet.

It is important that sandwich  
fillings be moist, well seasoned  
and spread generously on fresh  
bread. A plastic wrapping is best  
to keep sandwiches from drying.

A lunch in Houston recently,  
the host passed a bowl of picante  
sauce to an out-of-state visitor.

"What goes on here?" What  
does this go on?" he asks.

"Everything" answered his  
host, "including sandwiches".

It certainly gives character to  
any sandwiches.

## Label Change At Safeway

Ground beef will be labeled  
according to relative fat content  
instead of the cut reported  
Safeway groceries.

The change was brought about  
by a recent report of Consumers  
Union which stated that house  
wives get little if any quality,  
nutritional, or taste advantage  
by buying chuck, sirloin or  
round.

It was explained by a Safeway  
spokesman that grinding does  
virtually eliminate taste and  
tenderness differences. He said  
that when you buy ground sirloin  
you are not buying a sirloin

steak ground up. Even tho the  
meat is sirloin, it comes from  
trimmings off the beef loin.

Likewise, ground round comes  
from trimmings near the leg  
bone part of the round, but not  
that used for round steak.

Safeway said with their new  
system they will label ground  
beef as "regular" (25 to 28  
percent fat), "lean" (22 to 25  
percent fat), "extra lean" (18 to  
22 percent fat) and "super-lean"  
(15 to 18 percent fat). These fat  
ranges are approximate and  
may vary from town to town.

## LOCALS FROM THE PLAINS

Mr. and Mrs. E. L. Hendon of  
Welch visited in the Jim Mac  
Burkett home Wednesday af-  
ternoon. On Saturday, Jim Mac,  
Frances, Carol, Sue and Mickey  
spent the day with Mr. and Mrs.  
Henry Lisenbee of Welch.

Mr. and Mrs. Boots Turner  
have returned from a fishing  
trip to Hubbard Lake. They  
caught a 30 lb. catfish on their  
trot line.

Stephanie Stephens spent  
Friday night with Shelly  
Peterson.

Saturday guests of C. C. and  
Florence Nunnally were Mr. and  
Mrs. Bill Allen and family and  
Mr. and Mrs. Oscar Vogler and  
family. Spending Saturday night  
were Mr. and Mrs. Larry  
Schafer, Mr. and Mrs. Michael  
Hoch, and Mr. and Mrs. Don  
Nunnally.

Mrs. Ruth Calcote of Abilene  
visited Bill and Mac Stephens.

Brother Groom, District  
Superintendent of Big Spring,  
held Sunday Services in the  
Darwood Methodist Church,  
with the Fluvanna Methodist  
Church members attending.  
After the services the  
congregation had lunch at the  
Posse Building.

Mr. and Mrs. Tom Hancock  
and son of Canadian, and Mr.  
and Mrs. Rick Cunningham of  
Lubbock were week-end visitors  
in the Weldon Hancock Home.

Visiting in the home of Mrs.  
Buleah Orson and Mr. and Mrs.  
Bun Smith was Mrs. Mary  
Gillispie of Levelland.

Week-end visitors in the  
Weldon Cooley home were Mr.  
and Mrs. Joe Cooley and family  
and Mr. and Mrs. Tommy  
Cooley of Lamesa.

Mr. R. H. Cooley, father of  
Weldon, is seriously ill in the  
Anson hospital

## Swine Erysipelas Reported

Recent quarantines for hog cholera in portions of Hockley, Lamb and Lubbock counties has resulted in the discovery of swine erysipelas. Positive results from specimens from 27 of 30 different swine herds in the Lubbock-South Plains area have confirmed the presence of erysipelas. The discoveries were made by state and federal animal health officials who were inspecting herds for cholera.

Erysipelas is an infectious disease affecting swine of all ages, but is most likely found in young and growing animals. It is caused by a bacterium that is resistant to ordinary disinfectants. The organism may be widespread in soil that has been contaminated by infected pigs at an earlier date. Recovered hogs sometimes carry the disease and may contaminate water and soil.

This disease may occur in three forms: acute, subacute (diamond skin form) and chronic. Acute swine erysipelas is characterized by sudden appearance, with death of one or more animals.

The subacute, or diamond skin form, follows an attack of the acute type. Diamond shaped skin lesions may develop which,

## Hog & Lamb Prices Up

Hog prices have been helped recently by a downward trend in volume sales. In the face of lower beef prices, the price of hogs were up this week. Although not indicating a profit for producers, it is estimated that pork consumption will be increased to 73 lb per capita for the year.

Oklahoma City top grade hogs brought \$19.75 - 20.50, in Omaha \$20.50.

Sheep and Lamb numbers are expected to continue falling as they have in the past few seasons, fall slaughter lambs showing the greatest drop. Prices are expected to hold at \$26 or above for the remainder of the year.

## Danny Peugh Shows Champion

Danny Peugh of Knott won the Grand Champion award with his Champion Heavy weight Hampshire, at the annual Howard County Junior Market Pig Show last Wednesday. The Hampshire weighed in at 243 pounds.

Judge of the pig show was Bobby Lee, vocational instructor at Wilson and co-superintendents Ralph White, Coahoma, and Larry Shaw, Knott. The ring announcer was Fred Davis, Big Spring.

## Crossbred Tops Gain Record

It has been reported from the University of Missouri in Columbia that a Shorthorn Semmental bull attained the weight of 1005 lbs in 265 days. Reaching 1000 lbs in 365 days is considered excellent, according to the spokesman. The bull, with a 188 day weaning weight of 610 lbs gained 5.27 lbs a day for the first 77 test feeding days.

## Cattle Grub Treatment

The cattle grub is probably the worst insect pest in cattle. Loss due to trim in heavily infested carcasses has been estimated to range from \$5 to \$7. The hides are also damaged.

Ranchers who have had cattle grub problems should begin treating their cattle before November 1 for best, most economical control, according to the University of Wyoming entomologist, Mr. Everett Spackman.

There are four methods of control: spraying, dipping, pour-on, or a feed additive. The recommended insecticides are coumaphos (Co-Ral), trichlorfon, crefomate (Rulene), famphur (Warbex) and ronnel. These are systemic insecticides which are absorbed through the skin and into the blood stream. It is important, said Spackman, to read the label carefully and to follow the manufacturer's directions.

at first, are purplish-red discolorations, but may result in peeling away of some sections.

Chronic erysipelas may follow the acute form or it may show up independently. The arthritis resulting causes joints to be stiff and enlarged.

Erysipelas is usually spread by direct contact, introduction of new animals into a herd, or from the droppings of birds and rodents. The bacterium can survive for some time in the soil and be a source of the disease year after year.

Vaccination against the disease has been recommended due to the large number of detected cases and deaths in the Plains area. Pigs should be vaccinated between eight and twelve weeks of age. On farms with severe problems, it may be necessary to vaccinate at six to eight weeks and to revaccinate at twelve weeks. As with all disease conditions, an accurate diagnosis is important. If a veterinarian is consulted early proper treatment can be started and losses reduced. Antibiotic treatment usually is very effective in acute cases, but animals which are chronically affected may not respond well to any treatment.

More than 2,500 flags and banners each year adorn the New Mexico State Fair in Albuquerque.

## TRACKS OF AN AMERICAN CHICKEN

Have you seen this bumper sticker? Now, it is one I can really identify with. This "Peace Symbol" fad has gotten completely out of hand. The sad thing is that most of the kids wearing the symbol have no idea what the background is. And certainly the merchants who are cleaning up from the sale of jewelry, clothing, scarves, lamps, decals, on and on, are not, by and large, aware that they are promoting a sinister movement.

Maybe you are not aware of the background of the "Peace Symbol" either. This particular one used today was designed in 1958 in England to be used at a Peace Walk. The designers took the semaphore signals for the letters N, A, and D, |, - now put them together. Well that's not bad. But I'll tell you, ND doesn't stand for Nice Day. It stands for nuclear disarmament. Now you begin to get the picture. You read your editorial last week about those brave kids in Illinois who want to see the United States remain strong militarily. what do you bet some of them are innocently wearing a "Peace Symbol" signifying the very thing they are working against.

But this symbol goes back-way back in history. Everywhere we find a reference to the symbol, we find it used in an anti Christian way. I do not mean to infer that anti Christians are the only persons who want peace, nor do I mean that anti-Christians have a corner on the peace market. But it is strange that the symbol was never before used by Christians. It has been called the "broken cross," the "Nero cross" the "Sign of the Broken Jew", and the "symbol of the anti-Christ."

The term "Nero cross" came into use at the time Roman Emperor Nero had Apostle Peter crucified upside down. The Satanists of the Dark Ages adopted this symbol and used it to make a mockery of the teachings of Christ. Much later the "Nero cross" was used by the Saracens in their attacks upon the Crusaders.

Research of witches and witchcraft reveals that the broken cross symbol was used to symbolize the Anti-God. It has been referred to as the Crow's Foot or Witch's Foot. In this same research the upright cross stands for "man" and therefore "life" but this upside down, broken cross signifies "fallen man" or "death."

Now with all of these evil, or at least depressing, meanings how on earth could good guys come up with this as a symbol of "peace?" I am beginning to smell a rat and I also am beginning to put two and two together - I still get the right

answer too, even without modern math. Good ole Bertrand Russell's name is mentioned in every piece of research I read. There is your rat - now let's add and see what we get. Lord Russell is a self declared atheist and pro-Communist. He was quoted by the official newspaper of the Communist Party USA in 1931 as declaring, "There is no hope in anything but the Soviet way." There you have an atheist plus a perversion of the Christian Cross equals Peace. Now, we all know that Peace to a Communist means slavery for the world. The Peace that the Prince of Peace offers us is not what they have in mind.

So check around. If your youngun' is enchanted with the clever design, ask him to do some reading and find out the true meaning of his adornment. You might point out the facts to a merchant you find peddling this stuff. It's easy to smell out the chickens cause they leave such recognizable tracks.

## Grading Scandal Imminent

It has been learned from sources in Washington that a mass indictment of meat inspectors is imminent. They will be charged with participating in a conspiracy to accept meat and money from processors.

Sources in the Agricultural Department says they are expecting the worst scanua since 1906 when meat inspection became mandatory.

In a testimony before a grand jury hearing in Boston it was revealed that inspectors first began taking bones home to their dogs, then steaks to their families and finally cash for themselves.

(Cont. from Oct. 13)

## Home Demonstration

By Linda Huffaker  
Home Repair Frauds:

A phony repairman or inspector could visit your home. He may tell you that your roof needs repairing, the house needs painting, the furnace needs fixing, or termites and rats need exterminating. He may suggest that you need to have this work done in order to obey the city's safety code. At the end of the job you find that he has done faulty work or used substandard products.

Beware of any individual who comes to your home and tells you that repairs need to be done. Also, be careful of any person who knocks on your door and offers to do home improvement.

Some home siding companies advertise in the newspaper making their offer very attractive. They may offer to give you a free gift if you let the salesmen come to your house, to make his sales pitch. When the salesman comes he may fail to bring the "free" gift and he may tell you the offer is good only that day. Don't fall for his line. Often the purchase price is exorbitant, the job is never finished or poor quality work is done.

SCORPIO

Allegedly the processors passed money to inspectors through the Agricultural Departments \$15 million a year overtime account, this enabling them to charge bride money off as a tax deductible cost of running their business.

## Obituaries

Mrs. Suits

Mrs. Martha Susan Suits, 96, of O'Donnell died last Thursday morning in a Jacksboro hospital.

Services were held Saturday in Branon Funeral Home Chapel with burial in Planview Cemetery in Dawson County under direction of Branon Funeral Home.

Survivors include a daughter, Mrs. Minnie Cockerham, four grand-children, six great grand-children and 12 great-great-grandchildren.

Mrs. Dovie Mae Gunn

Services for Mrs. Dovie Mae Gunn, 100, a Dawson County resident 59 years, were held Monday in the Spur Church of Christ. Burial was in Spur Cemetery under direction of Campbell Funeral Home. Mrs. Gunn died Saturday in Methodist Hospital after she suffered a broken hip Friday. She was a native of Oxford, Miss.

# Niece Of O'Donnell Woman In Okinawa

Mrs. Billie Patton, niece of Mrs. R. R. Ragan of O'Donnell, is in Okinawa with her husband Carl. He is with one of the major oil companies and will be stationed there for one year.

They are so far from home, she writes and the Okinawa people do not like Americans, especially the G. I. The whole Island is under condition "green" now until further notice because of the severe trouble between the Natives and the G. I.'s. The Natives are all Japanese at heart and yearn for their return to the home land, as they call Japan. They hold Japanese Citizenship and speak Japanese. Very, very few speak English at all.

The Americans have a much worse situation now since President Nixon has agreed to return Okinawa to Japan. The Natives want the Reversion immediately. They do not want to wait until July of '72.

She writes that the water situation is terrible and no rain and none in sight. Also everything is sky high such as \$2.00 for a pound of coffee and \$1.00 for a small box of cereal. Fresh fruit and vegetables are out of sight.

She writes that they have taken some sight seeing trips, driving up and around the North of the Island, seeing some pineapple growing on the sides of the Mountain and some rice fields in the valleys below. There are many, many dirty, dusty, thatched roofed villages filled with sullen natives. They visited Nakagusuku Castle built in 1454 by ten thousand slaves which took ten years to finish. The war almost completely destroyed what had been left of it.

They plan to go to the Southern end of the Island before they leave. There is where most of the big battles took place.

# Limited Milo In South Plains

According to Elbert Harp, executive director of the Grain Sorghum Producer's Assn., South Plains Milo production is estimated to be about 180 million Bushels. This year will be less than the normal yield of 40 bushels per acre.

Because of the unusual amount of rainfall in '72 milo harvest will be confined to a few patches in dry areas. Harvest should get into full swing in two to four weeks.

Price Parker and family, son of Mr. and Mrs. Lester Parker of O'Donnell, have moved to Houston. He is with Tennco Oil Company.

You can retain the shape of knitted garments by folding them and keeping them on a shelf or in a drawer.

New Big Ten football coaches this season are Bob Blackman at Illinois and Frank Lauterbur at Iowa.

CITATION BY PUBLICATION  
THE STATE OF TEXAS  
TO The unborn and unknown grandchildren of J. J. Belew and Mary Belew, Defendants, Greeting:  
YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Borden County at the Courthouse thereof, in Gail, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of November A.D. 1971, to Plaintiff's Petition filed in said court, on the 4th day of October A.D. 1971, in this cause, numbered 692 on the docket of said court and styled Ross O. Belew, individually and as next friend for his minor son, Gerald Ross Belew, and Bonnie Jo Long (formerly Bonnie Jo Belew), Plaintiffs, vs. Dennis Burl Belew, Joe Thell Belew, and the unborn and unknown grandchildren of J. J. Belew and Mary L. Belew, Defendants.  
A brief statement of the nature of this suit is as follows, to-wit:  
Plaintiffs' petition asks for the appointment of a receiver to execute and deliver an oil and gas lease on a 33.75-547 interest in and to the oil, gas and other minerals in and under the South 547 acres of Section 532, Block 97, H&TC RY. Co. Survey, Borden County, Texas. The Defendants own a contingent future interest in said minerals.  
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.  
The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.  
Witness, Doris T. Rudd, Clerk of the District Court (s) of Borden County, Texas. Issued and given under my hand and the seal of said court at Gail, Texas, this 4th day of October A.D. 1971.  
Doris T. Rudd Clerk,  
District Court  
Borden County, Texas
