FACTORY MOVE IN TEXAS

**"Made in Texas" Is to Be Slogan
of Business Men's Organiza-
tion Over State.**

Fort Worth, Texas, May 21.—The Texas Commercial Secretaries and Business Men's Association has begun a campaign for a \$1,000,000,000 factory investment in 1912, concerning which they say:

"The amount seems large, but not too large for Texas. Our farmers haul \$1,200,000 worth of raw material to the foreign factories per day, our forests furnish the lumber for the furniture and woodenware factories of the North, a railroad is now being constructed from the Gulf to the iron ore fields of East Texas, and our ore will soon be running the iron furnaces of the East. It will take more than \$1,000,000,000 invested in manufacturing to work up the raw material now being shipped out of the State and we have only the one-fifth of our area under cultivation, and our minerals are practically untouched, but \$1,000,000,000 is quite sufficient for a starter.

"The association will begin with a State-wide campaign for the patronage of home industries and merchants, jobbers and consumers in Texas will be urged to demand goods that are made in Texas whenever possible to do so. The home patronage of our present factories would result in flooding them with orders and enable them to enlarge their plants and make it much easier to secure factory investment. Every citizen in Texas can join in this campaign and by patronizing home industry get better goods and cheaper goods, as well as provide a home market for our farm products. The campaign for patronizing home industries will be carried on vigorously until the whole State gets the "factory spirit," and then attention will be turned toward bringing factories to Texas.

"The association has had under advisement for some time the organization of a delegation of strong business men of Texas to visit the manufacturing and financial centers of the North and East and bring them face to face with Texas' opportunities. Governor Colquitt has agreed to head the delegation, and the committee will go this fall, or as soon as our citizenship gets in line with progress by demanding that our factory products be 'made in Texas.' A trip of this sort will go a long way toward setting Texas right with the outside world.

"Texas is today the most envying field on the globe for capital, and when our opportunities are understood and our citizenship ready to welcome factory investments by patronizing their products, we will experience no difficulty in building up a civilization that will be the marvel of the twentieth century."

The factory move in Texas should meet the hearty co-operation and assistance of every citizen, and in furthering such a move it is also suggested that every business man in the State set aside one day in which a cer-

tain amount of Texas made goods be given to customers who make a stipulated amount of purchases on that day, thus not only encouraging Texas factories but advertising and placing before the people Texas made goods.

The Texas Spur is for Texas factories and more Texas made goods.

MOTHERS CLUB MEETING

The regular meeting of the Mothers Club was held Saturday afternoon, May 13. Mrs. Field from Cheyenne, Oklahoma who is visiting her brother, Dr. Standifer, gave an interesting talk on the cause of the downfall of Spanish rule in America. This was in connection with Texas history which is being studied by the Mothers Club this year.

The next meeting will be held Saturday afternoon May 27, at three o'clock. All who are interested in the work of the Mothers Club are invited to attend the meeting.

Mrs. H. T. Burgoon, Pres.
Mrs. Jeff D. Reagan, Sec.

IN GOOD SHAPE.

In conversation with J. F. Vernon this week he stated with reference to his trip to Dallas to attend the Bankers Convention that the convention was one of the largest with reference to attendance and that the occasion was most enjoyable in every respect. He further said, judging from his observation along the route, that Spur and the Spur country is in better condition with respect to crop conditions and prospects than any section through which he traveled. Crops of all kinds are produced just as abundantly and crop conditions are just as sure in this section of Texas as any part of the State and when these facts are fully realized and appreciated by the general public you will see this section settled rapidly and fully developed in all agricultural lines. Hasten the day.

SHOWER OF RAIN.

Thursday afternoon a nice shower of rain fell in Spur and vicinity and from every indication at time of going to press we are expecting a generous rain.

Phone 51 when you have Laundry. All work guaranteed to give satisfaction by Pond's Laundry. Greathouse & Joplin, Agt. Spur, Texas.

DRIVING CATTLE TO CLARENDON

**About Three Thousand Head of
Cattle Started on The
Trail.**

Wednesday W. J. Lewis started through the country with three thousand head of Spur Ranch cattle which had been sold to Jack Hall of Amarillo and to be delivered to him at Clarendon on the first day of June. In the herd there were twenty two hundred head of steers and eight hundred head of cows, and we are informed that they sold at an average of thirty one dollars per head.

The Spur cattle are in fine condition and the grass over the entire ranch is good as a result of the recent rains.

EXPERIMENTAL FARM WORK

**All Grain and Feed Crops Do-
ing Exceptionally Well
at This Time.**

In conversation with I. S. York, manager of the State Experimental Farm Station at Spur, one day this week he stated that the wheat and oat crops on the farm were looking as fine as grain grown anywhere in the state. The grain at this time is more than knee high and maturing most satisfactory, the wheat promising some twenty to twenty five bushels to the acre.

On the farm Mr. York also has five acres of alfalfa which is now six or eight inches high and looks as fine as the alfalfa grown in any country. The corn, maize and kaffir crops are growing nicely and promise an exceptional yield. Several varieties of cotton have been planted, all of which is up and growing nicely.

Everything considered the Spur Experimental Farm is in the finest shape and every farmer in the country should visit the farm with the probability of learning modern methods of farming to attain success.

NEW DISCOVERY TO KILL FLIES

Henry Clay, while taking the apprentice degree in the Texas Spur office, as the result of a recent discovery is destined to make the name of Henry Clay even more illustrious. By practical experiments with an unknown weed which grows profusely in and around Spur, he is prepared to state authoritatively that after mashing said weed and sweetening with watered sugar every fly in the vicinity will be attracted thereto and from whence not one returns to the devilry common to the living tribe. This remedy is inexpensive, but as sure as death, and although the name of the weed is unknown any one calling at the Texas Spur office will be shown in the hope that such knowledge will contribute to the destruction of one of the greatest disease propagators of the land.

Laundry called for and delivered by Greathouse and Joplin, agents for Pond's Laundry, Wichita Falls. Office at Spur, Grain Co.

A TRIP TO MATADOR

Wednesday of last week a party composed of members of the Praetorian Lodge of Spur, including Messrs. H. H. Hazlewood, V. C. Smart, T. A. Tidwell, A. J. Tyler, W. F. Godfrey and Oran McClure, boarded the big Line Car for Matador to assist in the organization of a lodge at that place.

We left Spur about two o'clock in the afternoon, going the Plains route by the way of Wake, arriving in Matador about six o'clock, and after spending an hour meeting and greeting a number of the Matador citizens and business men, the party repaired to the lodge hall over the bank building which is a two-story

concrete structure.

The Matador Council Number 552 was organized by C. C. Tyler, a popular business man and citizen of Spur, with a membership of fourteen ladies and gentlemen who are among the most prominent citizens of that section, the membership being as follows: A. E. Herrin, Homer Knowles, C. M. Glenn, D. E. Carpenter, Roy Carter, Roy Lyons, Fred Bourland, Homer Sheats, J. H. Bradshaw, H. F. Pipkin, L. F. Davis and Misses Bess Morris, Mildred Morris and Jessie Perkins.

After the initiation of members and administering side degrees to four of the membership, officers of the lodge were elected and Monday night selected as the regular meeting night. It was also decided to have an ice cream supper and entertainment the next Monday night.

Thursday morning before leaving we drove out to the Matador Ranch headquarters where we saw one of the most attractive and picturesque places in all of West Texas, the very atmosphere of which was most refreshing and invigorating. The place is located about one mile southwest of the town. The large ranch house is surrounded by shade trees which almost completely obstructs a view of the house which is built at the head and on the bank of a ravine. At the rear of the place is a lake fed by springs, the water of which is clear as crystal and in which numbers of fish can be seen at all times. The spring water flows continuously down the ravine on either side of which are walks between rows of shade trees which are fed by a small irrigating channel flowing nearby. Across the ravine are the stock pens, lots, sheds, etc. and further down is the dipping vat, and altogether it is one of the most pleasant places and attractive ranches of the country.

We appreciated the visit to Matador, glad to have formed an acquaintance with the Matador citizenship and we wish the Matador Lodge the greatest success and may each member of Council Number 552 live long and prosper.

NEW PASTOR FOR SPUR

Rev. C. C. Anderson, of Marietta Oklahoma, will arrive in Spur this week and will take up his duties as pastor of the Presbyterian church. He will preach at the school house Sunday morning and night and all are cordially invited to come out and hear him.

ARTISIAN WELL 2,000 FEET DEEP.

**Work Continues Uninterrupted-
ly in Solid Flint
Rock.**

Driller Minnihan, of the Spur artesian well, has reached a depth of more than 2025 feet and the drilling continues uninterruptedly. The drilling continues in the solid flint rock, but lately have been going down more rapidly than has been the case the past several months.

While no one is familiar with what is underground, yet we are all expectant and hopeful of securing either artesian water, oil or gas under this rock.

STREETS OF SPUR NOW BEING GRADED

**Throughout The Week Large
Force of Men And Teams
Kept Busy.**

Monday morning, in response to the warning of Marshal Neely, a large force of workmen with teams and tools began grading the streets of Spur, and at this time the principal street, Burlington Avenue, has been worked over and graded from the hill to the depot.

Other streets will be worked and Spur is expected to soon boast of as fine streets as any city without paving. Many of those warned payed the required three and a half dollars which will be used in the employment of men to do street work. There were near three hundred dollars paid into the street fund.

OLD SETTLER

L. C. Arrington and wife, of the Afton country, were in Spur Tuesday and Wednesday visiting friends and also trading with merchants of the city. Mr. and Mrs. Arrington were accompanied to Spur by Mrs. Annie Johnson and daughter who came in for the treatment of Miss Johnson at the Standifer Sanitarium. While here Mr. Arrington was a pleasant caller at the Texas Spur office and had his name added to our growing subscription list. Mr. Arrington first came to this section of country about twenty years ago, securing a quarter section of land in the Afton country but was soon "froze" out by the big ranch people and was forced to sell his land for one hundred and seventy five dollars. This same land sold recently for seventeen dollars an acre, and the present owner asks \$25 an acre. Ten years later Mr. Arrington returned to the same settlement, paying five hundred dollars in stock for another quarter section of land and which is today worth thirty dollars an acre. This year he bought another quarter section near Spur and which is now being improved. He says the people of his section are at this time somewhat handicapped by the ranch interests in that they refuse to open up roads for the convenience of the people, and being in control of a majority of the property interests, also to an extent control the public and even influence the courts in their favor in legal matters. The laws of the land are made specially to protect the weak against the strong and the day is now at hand for the big companies and corporations to consider and respect the rights of others and conform to the rules of law and justice, and the public officer who commits himself by either omission or commission to special interests will be relegated to a back seat in affairs of our government. The commissioners court of Dickens county should take up this road matter in the Afton country and see that the people of that section have justice and the convenience of public roads, and if they fail to do it they will fail in their duty as officers and managers of county affairs.

TAP TELLINGS

The high wind of last Friday night did some damage to the cotton. Some are replanting portions of their crop. We have heard of no crops being totally destroyed by the storm.

B. F. Hinson made a flying trip to Dickens last week attending business.

J. N. Luce, who was badly hurt by being kicked by a horse last week, is about himself again.

S. S. Allcorn and family visited J. A. Hinson at Soldier Mound a few days ago.

The catpillars are doing some damage to young cotton near the shinnery pasture lands.

Sam and Isaac Massey, of Redland New Mexico, are here seeking employment.

Allen Thomas and Will McKay have just returned from a business trip out west.

Miss Neoma Smith, of Spur, has been visiting her sister, Mrs. W. A. McKay, the past few days.

J. H. Sparks has returned from Little Rock and reports a good time while there.

The singing Sunday evening at J. C. Sparks' was well attended and highly enjoyed by the musically inclined.

Miss Eunice Hinson spent several days here with relatives the past week, returning to her home at Soldier Mound Wednesday.

Deputy Anderton, of Spur, was here the first of the week on official business.

J. N. Hinson who has been visiting his son, P. Hinson, and other relatives and friends here, returned to his home at Crews, Texas, Monday.

Everyone is invited to attend the cemetery working on June the 6th at this place. Will be speaking and dinner served on the ground.

Delmer Parish, of Cone, Texas, is here for a few days' visit with friends.

Gadabout.

Guy Baker, a prominent citizen of Anson, had business in Spur Tuesday.

W. H. L. Ward, who has been doing work in the country near Spur, came in Wednesday.

Mrs. Cross was in the city trading Tuesday from her place in the Lower Red Mud country.

J. W. Hodges left Saturday for Ardmore and Durant, Oklahoma, on business where he spent the greater part of the week.

J. D. Martin of the Spur Ranch, was in the city Wednesday and spent some time here. He reports the range in fine shape.

W. D. Blair and family came in Tuesday from their home several miles east of Spur. Mrs. Blair boarding the evening train here to visit relatives.

W. W. Boone, traveling salesman for Hubbard Spencer-Bartlett & Company of Chicago, was in the city this week looking after the business of this territory.

Jno. Callahan, who is making a crop this year in the Tap country was in town Wednesday and reports everything flourishing in that section.

Baxter Scoggin was in Spur the latter part of last week and while here was a pleasant caller at the Texas Spur office. Baxter said that everything was all right in the Cat Fish country.

The Central Meat Market is now doing business in the old Dixie Store stand and will be glad for you to call in and see them when you want anything in the meat market line.

W. M. Randall had business in Spur Wednesday from his place in the Steel Hill country.

Judge Smith, a prominent citizen of Haskell, was in Spur Sunday, spending the day and night with Ned Hogan. He left Monday for Lubbock where he will spend several days on business matters.

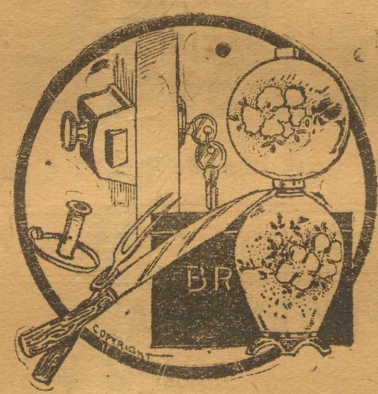

During the past several weeks the Texas Spur has been turning out some nice two-color commercial printing. If you need printing of any kind let us know about it. We are prepared to do first-class work and will appreciate your orders.

Burley Griffin has been assisting in the Spur Drug Company store this week during the absence of the manager, C. B. Cook. Cook has been employed the greater part of the week looking after his youngest daughter, Miss Claudine, and also superintending household affairs.

In publishing a paper it is impossible to secure every news item and personal local of the town and country. The editor can not be in every place every day, nor is he a mind-reader, but no one appreciates an item of news more than he, and if everybody would help him by contributing some item of news each week a most interesting and newsy paper would be the result. If you have a visitor or know of any in town or country tell us about it or phone the Texas Spur and we will appreciate it.

UP WITH FARM WORK.

C. D. Copeland was in town Tuesday from his place four miles east of Spur. Mr. Copeland said that he is now up with his farm work and thought it possible that he and his boys could manage to cultivate his crops without much assistance during the balance of the year. Mr. Copeland has a large acreage in cultivation and we wish him a bountiful harvest this fall.

Useful and Ornamental

things are both found in our stock. From a ten-penny nail to a wheel barrow you will find the

Riter Hardware Store

can supply your wants. Carvers, keys and locks, agate and tinware, carpenters supplies, etc. We keep all, and sell all of them at a very low figure. They are best quality goods, too. Don't forget us.

RITER HARDWARE Co

BIG BARBECUE AT LUBBOCK.

The citizens of Lubbock are arranging for one of the biggest barbecues ever held in that section of the country on July 4th and they extend an invitation to the people of this part of the country to be on hand.

At a meeting of the citizens last week committees were appointed for the various features of the entertainment and it is an assured fact that it will be a big meeting.

The railroads will grant special rates and the Lubbock people promise to have an ample amount of good things to eat for all that may attend and also lots of amusement.

In keeping with the spirit of the west it is safe to say that those who go to Lubbock on this day will be well pleased and we hope that the crowds will be up to the expectations of the Lubbock citizens.

There is possibly a number of

people in this section who have attended a public celebration at Lubbock and they can attest to the fact that the Lubbock way of entertaining is o. k.

Let our people begin to arrange to be in Lubbock on the 4th of July.

It will be a fine time to meet lots of people you do not know and also renew old ties.

HONEST AND CONSCIENTIOUS LAND MAN.

J. W. Edwards, of near Girard and Marion Lewelling of Rotan, were in Spur Tuesday and spent several hours here. Mr. Lewelling is a leading citizen of Rotan, having been on the ground at the beginning of the city and contributed much to the settlement of the surrounding country and the building of Rotan. He is a land man of wide experience and exceptional ability and above all he is honest and conscientious in all dealings and transactions. He was well pleased and expressed surprise at rapid and substantial growth of Spur and the extensive development of the Spur Farm Lands. Mr. Edwards said that everything in the Girard country is looking good at this time and that the crop prospects continued most promising.

Hamp Collett came in Tuesday from his place several miles south west of Spur and while in the city was a pleasant caller at the Texas Spur office and before leaving made us happy by handing in a big silver cart wheel for another year's subscription to the Texas Spur for which he has our thanks.

W. H. Teague is making an addition to his blacksmith shop and will add new tools and machinery and will hereafter be better prepared to serve patrons in his business. He thanks all for liberal patronage in the past and solicits your future business. Call and see him at his place near the post-office.

CROPS ADVANCED

E. B. Shaw and wife, of Wichita country, were in Spur Tuesday trading with the merchants of Spur. Mr. Shaw reports that his section of country is beginning to need rain at this time, the recent rains in the Afton country not reaching his section. The wheat and oat crops are well advanced in growth but beginning to suffer for rain. Mr. Shaw is among the prosperous citizens of the country and we hope that his section will soon get the much needed rain.

RAILROAD EXTENSION

Speaking of the proposed Burlington extension, the Amarillo News says:

"The proposed road will probably be built directly south from Amarillo, taking in Silverton and connecting with the Stamford & Northwestern at Spur, Texas, which is a Hill line. The Texas Central railroad is another Hill road, which makes a straight route to Waco and connects with the Houston & Texas Central for Galveston.

NOTICE

Members of the Spur Lodge, No. 1023, A. F. & A. M. are requested to be present at a called meeting for Saturday night, May 27th. Let all the members be present as we have very important business.

Nat Patton, W. M.

FOR SALE OR TRADE

A two-cylinder, five passenger Buick Automobile in good shape. Will trade for house and lot in Spur or as part payment on farm land near Spur. Apply at Texas Spur office.

H. T. Burgoon returned the latter part of last week from Grapevine where he had been several days to attend the bedside of his sick father who did not survive the illness. We extend condolence to Mr. Burgoon and family in this bereavement.

We have decided that we will have to dispose of that Buick Auto are make an assignment, and in view of this state of affairs we will sell it cheap for cash or trade it for as much as we can get.

Judge Gipson and W. F. Clay, of Dickens, passed through Spur Tuesday in route to Fort Worth where they go to have their eyes treated by specialists of that city.

Secretary Jeff D. Reagan returned Monday from Little Rock Arkansas, where he and others of this section of the country attended the Reunion of Confederate Veterans.

Roma Derrick, of the Spur Farm several miles northwest of Spur, was in the city Monday on business and spent several hours here.

Mrs. W. A. Hamilton and children left Tuesday for Stamford where they will spend several days with her parents before returning to their home in Spur.

Mrs. E. H. Anderson and children went out Tuesday to Tap and will spend several days at the home of Mr. and Mrs. Sam Smith.

Sol Davis and family are spending the week with his father, J. C. Davis, several miles north of Dickens.

Miss Cooper, Hico, is a guest at the home of Mr. and Mrs. J. B. Richburg.

Mrs. Sam Smith was in the city Tuesday.

SUGGESTION TO FARMERS.

Do Not Plant too Thick—Cultivate Nearly Level—Keep All Crops Clean.

We suggest that you do not have your crops too thick. One good stalk of corn or cotton will produce more than two poor stalks. When your corn is fifteen inches high, the small hair-like roots will almost meet between the rows. You should therefore cultivate as nearly level as possible. If you go deeper than two inches, you will cut thousands of these roots and greatly damage your crop. Use a sweep or a very short toothed harrow that is narrow enough to go well between the rows. Pull up all weak plants and destroy all succors and weeds. These parasites suck the life blood from the plant, just as vermin do from live stock.

Plants like animals must have a balance ration with an abundance of nutritious food, if you expect the best results. The larger the plant, the more food it will need to assist in its life work of producing and perfecting its crop. It is a very great mistake to lay by and leave the crop when it is one half or two thirds grown, and allow it to live

on short rations, fight dry weather, suckers and weeds, at the most vital period in its career.

To get the best and most profitable results, shallow mulch cultivation should continue until the grain and cotton are fully matured.—Henry Exall. Pres. Texas Industril Congress.

...FIRST STATE BANK OF SPUR... . GUARRANTY FUND BANK .

**MANY THINGS TO
BE CONSIDERED IN
ARRANGING YOUR
...BANK ACCOUNT...**

FIRST: Strength, the solid financial strength of the bank with which you keep your account.
SECOND: The strict care with which the bank is managed
THIRD: The courtesy and spirit of accommodation displayed by the officers and employees.
FOURTH: The financial strength of the Bank to care for your account in times of need, when you have been our friend in time of plenty.
FIFTH: We care for our friends and appreciate them three hundred and sixty five days each year.

To those wishing an appreciative banking account; we offer you our services as a well established, permanent, conservative bank, promising you courteous treatment, and careful consideration to all business entrusted to our care. The ability of the officers of this bank for the transaction of all legitimate banking interests has been demonstrated by many years of active experience.

STANDARD OIL

In an opinion of more than 20000 words, Chief Justice White of the Supreme Court decides that the Standard Oil, with its nineteen subsidiary organizations, is a conspiracy and an organization in restraint of trade.

The court orders that the organization dissolved in six months. All judges concur in the opinion except Justice Harlan who dissented as to a limitation of the application of the Sherman anti-trust law. The main features of the holding are as follows:

"The Standard Oil company is a monopoly in restraint of trade.

"That this giant corporation must be dissolved within six months.

"Corporations whose contracts are not unreasonably restrictive of competition are not affected.

"Other corporations whose acts may be called into question will be dealt with according to the merits of their particular cases."

SPUR FARM LANDS

We Offer You a Choice From 673 Square Miles of Texas' most Productive Territory

Sold direct to the homeseeker, perfect title, no selling commission. We give full value for every dollar.

\$12 to \$17.50
Per Acre

With some additions when close to town

THE FARMERS' OPPORTUNITY.

To Secure a **HOME.**

STATE EXPERIMENTAL FARM STATION AT SPUR

Recognizing the great possibilities and wonderful future of Spur Farm Lands, the state is now operating an Experimental Farm Station at Spur. This will be a great benefit to the settlers in this region, showing them by actual demonstrations on the lands what crops can be most profitably raised; best methods of cultivation, and assisting in all the problems of the farm. This decision was reached after a visit to the lands by Judge Ed. R. Kone, Commissioner of Agriculture, and Dr. H. H. Harrington, Director of Experimental Stations, who recognized the unusual farming value.

To the first comers, ready to develop, we are willing to sell one-half our holdings of 673 square miles on easy terms and reasonable prices. We reserve the other half for big increase sure to come with development. We stand shoulder to shoulder with the homeseeker. Cotton, no boll weevil, corn, alfalfa, all feed stuffs, grains, fruits, melons, vegetables. Great hog country—no cholera ever known. The hog farmer is king, and nowhere can hogs be matured so cheaply. Quick run to Fort Worth market. Delightful, healthful climate—altitude 2000 to 2,500. The great extent and variety of land insure the homeseeker such range of selection that the man early on the ground can find exactly what he wants. For further information as to land and lots, with free illustrated pamphlet, see

Chas. A. Jones, Manager for S. M. Swenson & Sons,
SPUR, DICKENS COUNTY, TEXAS.

FOUR ISSUES ONE MONTH ADVERTISING PAYS.

Last week we advertised for a lost coat. Monday morning Mr. Wade brought in a coat that was found near the Spade tank and said that he supposed it was the coat mentioned in last week's issue as being lost by Mr. Greer. The owner can get the coat by calling at the Texas Spur office and promising to recommend this paper to others as a superior advertising medium.

FORCED TO REPLANT CROPS

Wash Robertson, one of the most prominent citizens of the Afton country, was in Spur Saturday and reports everything in his section in the finest shape with respect to crops. He says that the recent heavy rains in that section did considerable damage in washing away crops and that a number of the farmers will have to replant crops as a result of the washouts. However, plenty time remains to make bumper crops from the second planting.

DICKENS COUNTY FARMERS ON TOP

John Thompson, of Afton, was in Spur Saturday and reports the finest crop prospects in his section of the country. Mr. Thompson has thirty acres of grain and eighty acres of cotton planted, all of which is up and growing nicely. Similar reports of the crop conditions are reported from every section of Dickens county and unless some calamity befalls Dickens county farmers will soon become the men of the hour in this section. Hurrah for Dickens county. Let the country grow and develop and the people prosper always.

BELIEVES IN AGRICULTURAL POSSIBILITIES.

W. J. Elliot was in the city Saturday from his Spring Creek farm and ranch and reports everything in the finest shape in his section. Mr. Elliot is one of the oldest settlers in this country and one of its most staunch believers in the greatness of the agricultural possibilities. During his twenty or more years residence in this section he has acquired a considerable acreage of farm and ranch lands and is today one of our best fixed and most substantial citizens. It is just as true and applicable today as in the past that the man who comes here, rolls up his sleeves, works and stays with the country will prosper and soon become independent if not rich. No country has more or better agricultural possibilities than is being offered today in the settlement of the Spur Farm Lands.

SCHOOL BUILDING CON- TRACT RESUBMITTED.

Albert Wirz, a contractor of Seymour, was in Spur Saturday to put in a bid on the construction of the eighteen thousand dollar school building to be erected in Spur for the next term of school. There were six other bids on the building, all of which were turned down, the school board deciding to make some changes in the plans and resubmit the contract at another date.

INDEPENDENT FARMING.

C. S. Durham was in Saturday from his place south of Spur and says that the crop prospects of his section could not be better than at the present time. Mr. Durham has eighteen acres of broom corn planted and says it is growing nicely and that he expects to make more on his broom corn acreage than a like acreage of any other planting on his place. He says if it becomes necessary he can make as good brooms as any factory and should the price of the broom straw be not sufficient he will supply the Spur people with the best brooms they ever used during the fall season. This is what we call independent farming. The man who grows cotton depends on the factories and other people utilizing his product and as a result he takes what they offer for the crop. When all farmers grow what can be used and utilized on the farm and for home consumption then they can demand their own price for surplus crops of all kinds.

The Texas Spur, \$1.00 per year

CROP CONDITIONS MOST FLATTERING

Joe Allison, of the Soldier Mound country, was in the city Saturday and while here was a pleasant caller at The Texas Spur office. Mr. Allison reports his section of the country in the finest shape with respect to crop conditions and says that the recent rains put the ground in ideal shape for planting and cultivation at this time. He had been over in the Croton country and other parts of Dickens county and he said that every section of the county was in the finest shape and the prospects were most flattering of a bumper crop yield on every farm. Hurrah for Dickens county. Just watch it come to the front in all lines of agriculture during the fall.

A SUCCESSFUL FARMER

C. A. Jones, a prominent citizen of several miles north of Spur, was in the city Saturday and reports everything looking good in his section. Last year Mr. Jones made one of the biggest cotton crops of the country and considering the seasons he will probably make as much or more this year than he can gather. Keep your eyes on Dickens county. We expect to make crops second to none in the state and although but two of the Dickens county farmers have entered the state contest for best crops we are sure that others could have secured some of the premiums by sending in their names for the contest.

The Texas Spur, 1.00 per year.

J. O. YOPP, SPUR,

Mrs. Fields, and Mrs. Ray Cooksy, of Cheyenne, Oklahoma, sister and niece respectively of Dr. Standifer, are in the city the guests of Dr. and Mrs. Standifer at their home in the city.

Bob Mullins came down Monday from the Plains country and spent some time in the city.

BUILDERS NOT BOOMERS

John R. Ralls, of Emma, passed through Spur on his return home from Austin where he had been to adjust land matters and secure titles to land for the purpose of opening the proposed town of Ralls and placing some ten or twenty thousand acres of the surrounding farm lands on the market. It is not known at what time the lands and town-site will be opened to settlement, but it is presumed that everything will be in readiness before the end of the summer months. Fifteen thousand dollars in bonds have already been issued for the construction of a brick school building on the proposed town-site, a number of other public buildings will be constructed and several thousands of dollars will be devoted to paving the streets and building high-grade side-walks on the proposed town-site. From every indication the new town of Ralls will not only attract attention of the general public but will grow substantially and rapidly from the very beginning. The promoters of the town are solid, substantial men who have lived in the country for years and in establishing the town are not "boomers" but

builders and boosters and expect to keep the town abreast of the times and space of the development of the surrounding country.

BUILD GOOD ROADS

N. B. Fuquay, of the Cat Fish country, was in Spur Monday and while here handed us a silver dollar for the Texas Spur another year for which he has our thanks. Mr. Fuquay reports that they are beginning to need a little rain in his part of the country at this time, however, he says crops are not suffering. He also said that they expected to have a postoffice at his place some time in the near future. They tried first to secure a rural route to that section, but on account of not having an open road the government will not consider a rural mail delivery proposition. This is just one more instance of the advantages to be had in having good roads. Good roads is one of the biggest propositions before the people of any country. Build roads and begin now.

J. D. Powell is in Alabama visiting his old home and relatives in that state. He will probably spend a week or ten days before returning to his home in Spur.

A TEMPERANCE COLUMN

After this week a column of the Texas Spur will be turned over to the ladies of Spur to be devoted to temperance or furthering the cause of state wide prohibition, which question will be submitted to the voters for acceptance or rejection on the 22nd day of July.

While the publisher of the Texas Spur may not be temperate in all things at all times, yet as a publisher and an individual we stand for those things which advance the interests of our country and contribute to the betterment of mankind. From a commercial stand-point the whiskey traffic may bring in big returns to the state in the sale of licenses, and also prosper those interested in its sale, but in no instance have we heard of the general public or those who indulge the drinking habit being benefitted in any way.

The state has resources other than the whiskey traffic from which to draw its support and sustenance, and on the 22nd day of July there will be at least one vote cast for the uplift of men of Texas and to divorce the state government from participation in a business which benefits only

in a commercial way and degenerates and degrades many who do not refrain from indulging to excess the whisky drinking habit.

FISHING PARTY.

Mrs. J. M. Neely and daughters, Misses Jud and Jewell, Misses Pike, Alpha Fox and Messrs. Gross, O. T. Laws and Horace Greathouse left Wednesday of last week for Blanco Canyon where they spent several days fishing, returning home Saturday night. We haven't yet heard any fish stories but we are confident that at least a part of the crowd is competent to relate most thrilling experiences.

PICNIC

Monday evening Mrs. Stewart entertained in honor of Miss Georgia Cooper, of Hico, the occasion being a picnic just over the hill from the city. Those present were Misses Nelson, Pike, Dunn, Richburg, Little, Humphrey, Messrs. Westerfeldt, Edwards, Tyler, Laws, Lowery and Mr. and Mrs. Cole, Mr. and Mrs. Stewart, Mr. and Mrs. Richburg, Mr. and Mrs. Simmons and Mr. and Mrs. T. D. Humphrey.

CHURCH ORGANIZED

The First Christian Church of Spur was organized last week with a membership of 44, R. R. Morrison being elected one of the deacons. The protracted meeting which has been in progress the past week was a success in every respect. There were seven new members baptized Sunday in the Spade tank.

FLATTERING PROSPECTS

J. E. Murphy, one of the most prosperous citizens of the Croton country, was in Spur the latter part of last week and hauled out more farm implements with which to cultivate his crops this year. He reports every thing in the best shape in his section since the recent rains and the expectation of growing bumper crops is more flattering.

SELLING FARM IMPLEMENTS

W. A. Spraberry and son, of Garza county, were in Spur Saturday and hauled out farm implements with which to cultivate their crops this year. On account of the most promising crop prospects which prevail in every section of this country, the hardware and implement dealers of Spur have sold car loads of farm supplies during the year.

ADVERTISING IS NOT CHARITY

..But A Business Proposition..

A newspaper is one of the most essential institutions in promoting the commercial, industrial, agricultural and social progress of a town and country, and in patronizing such an institution you contribute not only to individual interests but assist in advancing the interests of the town, the country and the people.

A newspaper reaches the homes of the country, is read by the people, and the business man by placing an advertisement in its columns derives direct benefit to himself and his business in that such an advertisement properly worded and based upon facts not only creates business but assists the purchaser in determining what to buy and where to make his purchases before leaving home, thus making it more convenient and satisfactory to both purchaser and salesman.

The advertiser further contributes to the support and maintainance of an institution the intention and aim of which is to advance business interests, promote the development of the country and contribute to the betterment of conditions as they exist today.

The columns of this paper are open to the public and we respectfully solicit the patronage of every business man of Spur with the hope that the paper at all times has conformed to the principles and high aims of newspaper work, and in the future as in the past will prove worthy of your consideration and patronage.

FOUR ISSUES ONE MONTH

J. E. Sparks was in the city Saturday from the Tap country.

The little children of Mr. and Mrs. E. C. Edmonds are reported sick of the measles this week.

W. D. Pullin bought this week a house and lot in the northwest part of the city of J. J. Martin.

Mrs. L. W. Squyres left this week for Albany where she will spend several weeks with relatives and friends.

Miss Humphrey, of Avoca, is in the city the guest of her brother and family, Mr. and Mrs. T. D. Humphrey.

N. A. Baker returned the latter part of last week from Dallas where he attended the Postmasters Convention.

J. J. Martin came in Saturday from his home in the Tap country and spent some time in Spur on business.

W. D. Evans, a prominent citizen of the Steel Hill community was in Spur Saturday and Monday on business.

R. S. Holman and family spent Sunday in the Afton country with friends, returning Monday to their home in Spur.

The little son of Mr. and Mrs. N. Q. Brannen is reported sick of measles this week.

Miss Greer, a charming young lady of Tap, was a visitor in the city Monday.

M. L. Hale a prominent citizen of Afton, was in Spur Monday on business.

Al Sullivan came in Monday from the J. T. George Ranch and spent the day here.

Dr. Burnum, a prominent citizen and physician of Dickens, had business in Spur Monday.

Mrs. B. T. Graves, of near Wake, was a recent visitor in Spur.

If you want a good, low price saddle call at the Texas Spur office and get fitted out.

R. M. Hamby and wife, of north of Dickens, were visitors in the city Saturday and Sunday.

W. L. Croom, who is doing windmill work over the Spur Ranch, was in town recently and says everything looks good.

T. M. Burges, a prosperous citizen of the Dickens country, was in Spur Friday trading with Spur merchants.

Mace Hunter was in Saturday from his place several miles east of town and reports everything moving along nicely.

A Perfection Oil Stove is one of the most convenient and comfortable furnishings of a home. Get one from Barber & Hancock who sell and guarantee them to give satisfaction.

E. C. Edmonds, W. G. Sherrod and J. F. Vernon returned the latter part of last week from Dallas where they spent several days attending the Bankers Convention.

R. L. Holley came in Monday after supplies for his place south of town. He reports everything in good shape in that section.

W. M. Stovall, a prominent citizen of Dickens, was in Spur Monday and spent several hours here on business.

However, the columns of this paper will be open to a discussion of the question from either or both sides.

E. Ham and sister, Miss Ham, of the Croton country, boarded the train here Monday on their way to visit friends in other parts of the country.

Jim Foster, manager of the dog killing crew, was in the city Monday on business. The crew is now at work near the Carlisle Springs.

George Crump was in Saturday from the Cat Fish country and reports that section flourishing and everybody smiling at the bumper crop prospects.

Mr. Verner now has charge of the Parks stable and informs us that new rigs and horses will soon be added to the stable equipments.

If you want to please your wife get a Perfection Oil Stove sold with or without an oven by Barber & Hancock, guaranteed to do good cooking and give satisfaction.

Frank Smith and family and W. H. Smith and family were in the city from the Cat Fish country Monday trading with the Spur merchants, and while here Frank was a pleasant caller at the Texas Spur office. He reports that some damage was done to crops in his section on account of the wind last week. Otherwise, he says everything is in fine condition.

Mr. Oats and wife left this week for Rotan where he will be employed in the construction of a brick building for Day Brothers, hardware men of that place. Mr. Oats has been laying brick during the past several weeks on the Standifer building which is now nearing completion.

W. A. Johnson was in Saturday from his Dockum Stock Farm three miles northwest of Spur. He reports everything in good shape and that the most promising crop prospects continue to prevail in his section.

P. C. Maynard and wife, Bob McGill and Miss Kate Mahon, C. B. New and wife, and Miss Irma Morrison Tom Griffin and others of Spur, attended the Elks ball Tuesday night at Haskell, and an enjoyable occasion is reported by all.

It is every man's duty to see that the home is conveniently and comfortably furnished, and there is no one thing that will contribute more to that end than an oil cook stove. Barber & Hancock sell them with or without an oven.

Rev. and Mrs. O. P. Clark, of McCauley, were guests this week at the home of Mr. and Mrs. N. A. Baker. Rev. Clark was formerly pastor of the Dickens Church and has many friends in the county. They returned to their home Monday.

T. G. Harkey and family, J. B. Conner and family, Walter Huger and family, of Spur, and J. M. Roland of Dickens, W. W. Waldrup and daughter of Draper and W. W. Garner of Spur, left the city Wednesday for Blanco Canyon where they will spend several days fishing. We expect to hear some big fish tales when they return.

The Tap and Soldier Mound ball teams played a match game Sunday on the Soldier Mound diamond. The game resulted in favor of Soldier Mound.

Mrs. Verner now has charge of the Old Western Hotel and solicits the patronage of the general public. Rates, \$1.50 a day or \$5 a week for board and lodging. First-class table board and neat clean rooms.

Roy Bledsoe left recently for San Antonio where he expects to make his home in the future. Since the opening of Spur Mr. Bledsoe has been a citizen of the town, being identified with the Spur Furniture Company, and it is with regret that his many friends note his departure to other fields of business. We wish him good luck and prosperity.

Luther Blakely and E. L. Blakeley, prosperous citizens of the Afton country, were in Spur Saturday trading with the Spur merchants. They report that since the big rains in Afton recently everything is now in the finest shape, and although a large acreage of growing crops were washed away the farmers are replanting with the expectation of making a bumper crop regardless of the calamity.

George McBroom, an extensive farmer and prominent citizen of near Matador, was in Spur Monday and bought a large bill of supplies of the Spur merchants. The Spur merchants continue to reach out after the trade of all the surrounding country and the prices they are making is attracting the attention of a large territory. Come to Spur and do your trading to save money on bills of all kinds.

M. B. HAILE, Mgrs.

C. C. Hail made a business trip last week to Fort Worth where he spent several days.

Dick Cravey, who is boring wells for the Spurs in the West Pasture, was in town after supplies and spent some time here.

Mrs. R. M. Hamby, of the Dickens country, spent Saturday and Sunday in Spur with Miss Lillian Denton at the home of Mr. and Mrs. Earn Clay.

H. F. Clay came over Saturday from Dickens and spent Sunday and Monday in the city with his sons, W. D. and E. L. Clay, and also attended the meeting now in progress.

Mr. Moore, a prosperous citizen of a few miles west of Spur, was in the city Saturday trading with the merchants.

John O. Wilkerson, cashier of the Dickens Bank, returned the latter part of last week from Dallas where he attended the Bankers Convention.

George King, a prosperous citizen of several miles east of Spur, was in the city Saturday on business and spent some time here.

J. E. Shelby and family was in Spur Sunday and Monday visiting relatives and after supplies for his well drilling outfit which he is now operating on the Plains about twenty eight miles north of Spur. He reports plenty of rain in that section and that crop prospects are very promising at this time.

Poet Hagins, one of the most prosperous citizens of the Gilpin country, was in town Saturday shaking hands with his friends and trading with the merchants. Mr. Hagins reports everything in good shape in his section and all the farmers expecting to make bumper crops during the year.

We Want Your Lumber Trade

Just received a large stock of extra well manufactured lumber, highest grades. We also have large line of cedar posts, brick, Portland cement, and lime. Come to us for good building material.

..RICHARDSON LUMBER CO'Y..

J. V. McCORMICK, Manager.

S. H. Priddy, a prominent citizen of the Croton country, was in Spur Saturday and spent some time here on business. Mr. Priddy reports crop conditions in his section most promising since the recent rains and everybody now expecting to make the biggest crops of years.

E. E. Patterson, the popular barber, is suffering this week of the measles and as a result his many friends are very solicitous of his condition. The Texas Spur is advised that although he at this time is somewhat disfigured he is doing as well as could be expected and will soon be again at his post of duty. Here is hoping.

MAKING GOOD

C. H. Perry, who recently moved from Spur to a farm in the Red Mud country and is making a crop this year, was in the city Saturday and said that he had the best crop prospects of any farmer in the country, the old time farmers not excepted. We hope Mr. Perry will make a bale of cotton to the acre and have enough surplus feed stuff to supply a dozen new comers to that section next year.

READING THE TEXAS SPUR

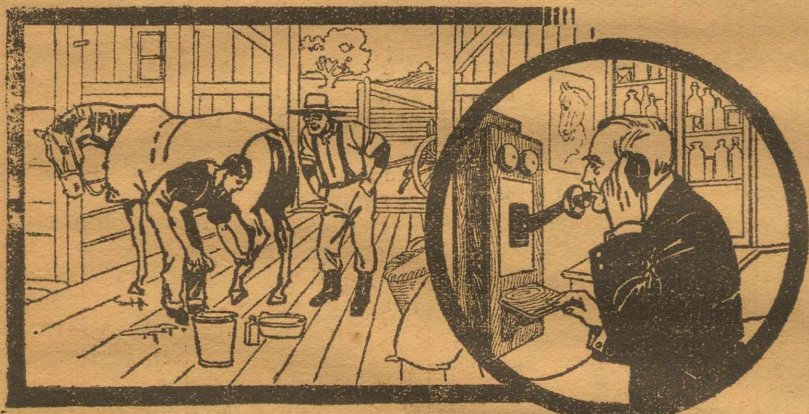

W. S. Taylor has our thanks for a subscription to the Texas Spur, he having the paper sent to John Ligon, Alexander, Texas. During the past several weeks quite a number of the people of this section have had this paper sent to friends in other parts of the country and during the term of their subscription we hope that something will be said in the paper to attract them to this part of the country since we have the finest and richest soil and unlimited possibilities in agricultural lines and most attractive inducements are being offered to settlers.

Miss Effie Ellis is visiting relatives in Anson.

W. S. Taylor made a business and pleasure trip last week to the Plains country where he spent some time before returning home.

Quite a number of the Spurites went out the latter part of last week to the camp of the Tongue River outfit, where they spent the day, taking dinner with the boys and a most pleasant time is reported.

Rev. G. C. Berryman reports that his daughter is sick of the measles. Quite a number of cases of measles have been reported, but all say that it is in the mildest form. We wish all a speedy recovery.

Indispensable in Emergencies

THE sickness of a valuable animal on the farm demands prompt remedies.

It's a case for the veterinary—a case where minutes count. That's where the Bell Service shows its value to the farmer.

By means of the telephone the veterinary is reached, and he at once tells the farmer what to do until he arrives.

No far-sighted farmer gets along without the protection of the Bell Service.

He can never tell when it is going to save him from serious loss. Besides, he has daily proof of its usefulness.

The Burlington Railroad Will Build.

When it was announced in last Sunday Morning Herald that a special train of railway officials were to pass through the city on that day, very little curiosity was aroused as to the real significance of the officials' visit.

It was supposed to be only a trip of inspection over the Denver lines. But from the peculiar circumstances connected with the trip it is now believed that the Burlington people are planning to build a new line from Amarillo to Spur.

In the special train that passed through the city going south Sunday were: Davies Miller, president of the Burlington railroad; A. D. Parker, vice president of the Colorado & Southern; J. D. Welsh, general superintendent of the Colorado & Southern; D. B. Keeler, vice president of the Fort Worth & Denver; and H. A. Gansewitz, general superintendent of the Fort Worth & Denver railroad. The special bearing the same officials returned through the city today bound here only nine minutes, arriving at 10:23 a. m. and departing at 10:32. An interview could not be obtained with any of the officials on account of the short stay, however it is not believed that anything definite could be obtained from them.

All Texas lines belonging to the Burlington were visited in the daytime by the officials. At Spur which is the terminal of the Stamford & Northwestern railroad, one day and night was spent in visiting the surrounding country in automobiles.

Another evidence that the proposed line is in contemplation is the fact that a telegram was received at the general offices of the Santa Fe here asking permission to run their special south over the P. & N. T. branch lines. Since these lines are nearest the country over which the proposed line may be built, it is believed that the officials had in view a visit over the probable route.

However, the trip was not taken over the Santa Fe lines. But it is learned that such a visit had been made by Burlington officials several months ago.

The proposed road will probably be built directly south from Amarillo, taking in Silverton and connecting with the Stamford & Northwestern at Spur, Texas, which is a Hill line. The Texas Central railroad is another Hill road, which makes a straight route to Waco and connects with the Houston & Texas Central for Galveston.

Nothing definite could be learned at the local Denver offices as to the significance of the official visit. But it is well-known fact

that such a road has been contemplated by the higher officials of the Burlington. — Amarillo Daily Panhandle.

As to what the railroad officials intend to do or when they intend to do it the Texas Spur is not advised, but every indication points to some railroad building into Spur at an early date. We hear much unauthoritative talk of securing the Quanah, Acme & Pacific extension out of Paducah, and also the extension of the South Plains railroad to connect with the Stamford & Northwestern at Spur, both of which we feel confident will be consummated at some time in the not distant future.

However, The Texas Spur is not here to encourage or partici-

pate in "fake boosting" of any character but to publish the news of the county and relate incidents in the advancement of the interests of the people and the rapid and substantial growth and development of the town and country, and when the railroad officials determine when and where they will extend their lines we will publish the facts in plenty time to give farmers, home builders, investors and speculators an opportunity to get in ahead of the advent of such railroad building.

FROM RED LAND.

Well, Mr. Editor, I got home all right and found everything all right. We have a fine season in the ground and every body happy. We are planting right along and there is a right smart corn up and it looks fine. Several are planting cotton. There will be two or three hundred acres planted in cotton here and would be twice that much if the people could get the seed. We had a fine rain while I was down there, gardens look fine. I have planted some garden since I came home. There has been three claims filed on here lately. When people come here they fall in love with this country and have to stop with us. I saw in the Dallas News where men down east were furnishing their own teams, feeding them and giving half of the crop and one

COMMISSIONERS COURT IN CROSBYTON

Monday evening at 2 o'clock the Commissioners court took up their first labor in Crosbyton. They will be busy for a long session this time owing to the going over the tax collectors reports and other business which has not been attended to for the past term was not held.

The people of Crosbyton generally speaking are glad to see the Commissioners come on to the County Seat to transact the County's business and we take it as indicative that the long hard fought struggle for the County Seat is practically settled. — Crosbyton Review.

TO ENFORCE SANITARY CODE

You may be aware that on March 23rd the Sanitary Code for Texas became law. On that date Governor Colquitt affixed his signature to the bill which passed the Senate without dissenting vote and the House by a vote of 93 ayes, 10 nays. Bearing the emergency clause and having been properly passed, this bill became law when the Governor signed it.

This letter is sent to impress the significance of the enactment of the Code, whose contents you doubtless know. Hitherto some doubt existed as to the constitutionality of the law. Now there can be no such question. The bill was prepared by the Attorney General's department, and the law is absolutely binding, and carries provision for the imposition of a fine of from \$10 to \$1000 for its violation.

This department has no desire to be unnecessarily harsh, but it is determined that the provisions of the Sanitary Code, especially that part governing the making of reports of births and deaths, shall be fully obeyed. You will, I am assured, do your full duty, and the changed status of the law will enable you to bring all physicians, undertakers, midwives, etc, to time. I believe I can rely upon your co-operation. Let them know that failure to report to you means a fine. We would like to avoid prosecution if possible, but those who have hitherto laughed the law to scorn may find themselves differently situated now.

We are having copies of the new law printed, and will forward you as many as you may need.

You recall that at the first of the month I asked you to note press reports of births and deaths in your territory, to ascertain just how your official reports compare with the paper reports. I trust that you have given this attention, and that you will be prepared to indicate how the law is being obeyed.

Very truly yours,

John E. Rosser.

State Register.

P. S. Kindly send me, by return mail, a list of the incorporated cities and towns in your county.

EVERYTHING IN HARDWARE . DIAMOND EDGE TOOLS

OUTSIDE STOCK IN WEST TEXAS

There were several car loads of cattle shipped to Texas recently from neighboring states to be fattened on the Texas range for northern markets. This is the first time in many years that cattle from other states have had to seek pasturage in this part of the state and is evidence of the prosperous condition of our country and our ability to take care of the stock of all other states.

The recent rain over this section of the state has put the ranges in excellent condition, and the ranchmen are optimistic over the outlook. — Kent County News.

dollar per acre extra. If that ain't going some, I don't know much. If our system of government continues like it is much longer the renters will be giving two thirds rent instead of half, but there are men who had rather rent than own land. They are nothing but slaves for the land lords. I know by experience. This country is good enough for me. We have the best season that has been here in years.

Well, wonder what Uncle Sam will do now since he has his soldiers on the line of Mexico and is afraid to send them in Old Mexico, and has not the money to send them back. He ought to call on old Morgan and Diaz for money to send them back, as they ordered Taft to send them down in Mexico.

I see where the American capitalists have ordered Taft to protect their property in Mexico. Why don't they get together and form a regiment and go and protect their own property? If they will do that I will go and stand behind them and see that they fight, but they will not go; they want the poor man to go and protect their property.

Well, I will close for this time. I may write some on the White Slave Trade before long, as I think every body should know about it and but few people who will expose it.

T. B. Danforth.

NEW HOPE

The sand storm of last Saturday did much damage to the growing crops.

J. L. Law and George Greenwood went to Matador transacting business this week.

Mrs. Mollie Gentry is now visiting relatives in Arkansas.

The Liberty school closed with an exhibition. Presents were given to pupils as follows: Alpha Blakely for the best copy book, Willie Stegall best map drawn, Will Overstreet best head-marks, Lillie Harvey best pupil. Rev. J. N. Billberry delivered the prizes with a few well chosen words. He suggested that all who felt the appreciation of the work of Rosser Reese and his untiring energy to give the handkerchief wave. The waving continued until the entire house responded with a good wish for his future well-fare.

Miss Grace Clark's school closed Wednesday at Amity with a picnic at Browning Spring. Quite a number of gold medals were given in this school and Union failed to get the names of but one. Delma Law received a \$2.50 medal for excellency.

S. P. Clements, of Paducah, preached at Midway Sunday and ordained J. J. Noland and Alvin Billberry deacons of the church. Was dinner on the ground and preaching all day.

Many of the young folks are glad to welcome Miss Nina Walker home again.

Mr. and Mrs. Clark of Roswell have been visiting their sister, Mrs. Lillie Law.

Judge Gibson attended services at Amity Sunday.

J. M. Foster and Miss Erie Ham spent the entire day with us Sunday.

Larry Edwards gave a social hop one night last week.

Onion.

Miss Georgia Cooper, who has been visting at the home of Mr. and Mrs. J. B. Richburg, returned Tuesday to her home at Hico.

J. H. Boothe, a prominent citizen and prosperous farmer of the Girard country, was in Spur Tuesday on business.

Mr. Bussell, a prominent citizen of Goree, was in town this week on business and spent some time here.

F. A. Predeaux and Ross Edwards were among those who attended the Elks entertainment Tuesday night at Haskell.

Roy Bledsoe returned Tuesday from San Antonio where he spent a week on business. He will spend several weeks here before returning to San Antonio where he expects to become permanently located.

E. L. Pass has our thanks for two subscriptions to the Texas Spur this week, he having the paper sent to his father-in-law, J. Novoy of Blum, for which he has our thanks. Let The Texas Spur grow.

An anti-state-wide prohibition rally will be had June 5th at Fort Worth. Cheap excursion rates will be given over all railroads and all citizens of the country are respectfully invited to attend. Tickets will be on sale Sunday, June 4th.

J. W. Carlisle, of several miles east of Spur, was in the city the first of the week on business and trading with the Spur merchants. Mr. Carlise formerly lived in Spur and was manager of the Farmers Union Cotton Yard throughout last fall.

BRING THE BOY HERE AND SAVE MONEY ON YOUR PURCHASE

J. A. Lambdin & Co.

SPUR,

TEXAS

Tom Wright, of Leuders, was in Spur this week looking after business matters.

J. A. Murchison and family were in the city last week from their home near Casco.

Sheriff Cole, of Dickens, was in Spur Tuesday on official business.

A fine boy was born last week to Mr. and Mrs. O. C. Henry of ten miles southeast of Spur.

Andy Garner and wife, of Jacksboro, Georgia, are in Spur visiting his brother, H. T. Garner.

Nat Patton made a business trip to Stamford Tuesday. He reports a successful business in selling school furniture.

W. J. Hunter and wife are the proud parents of a big fine boy born last week at their home ten miles southeast of Spur.

A girl was born last week to Mr. and Mrs. W. L. Hughes at their home eight miles southeast of Spur.

T. M. Lockett, of Dickens, left last week for Tucumcari, New Mexico, where he will spend some time with relatives and friends in that section.

J. W. Denton came in Tuesday from the ranch camp and spent several hours here.

J. W. Bramhall went down to Aspermont Tuesday where he will be engaged several days doing sign painting in that city.

Judge McClain and wife, of the Cat Fish country, were in the city Tuesday trading with the Spur merchants.

W. T. Wilson, a prosperous farmer and prominent citizen of several miles east of Spur, was here last week on business.

Berry Pursley came up Tuesday from his ranch near Girard and spent some time here looking after his business interests.

H. C. and W. D. Eldridge, two prominent citizens of the Plains country, had business in Spur Tuesday.

J. H. Stradley, one of the most prominent citizens and business men of Dickens, had business in Spur Tuesday and spent several hours here.

Bob Shields, a popular merchant and an old time citizen of Dickens, was in Spur last week on business and spent some time in the city.

S. P. Odam, a prominent citizen and prosperous farmer of several miles south of Spur, was in the city Wednesday on business and trading with the merchants.

Strayed or stolen, one brown mare branded half circle J on left shoulder. Had leather halter on when she left my place Tuesday night one mile west of Spur. J. E. Day, Spur, Texas.

The Central Meat Market is prepared to supply you with nice, choice meats and everything kept in a first-class meat market. Call in and see us, we will appreciate your patronage. Fite & Kiester.

Hodges Haile, a prominent citizen and prosperous farmer of the Afton country, was in Spur this week and while here bought farm implements with which to improve his farm and cultivate his crops this year.

J. S. Nichols, a prosperous farmer of Garza county, came to Spur this week to buy farm implements for the purpose of cultivating an extensive acreage and growing a bountiful crop this year. Crop conditions in Garza are reported flourishing.

STEEL HILL

The farmers are all about up with their work and waiting for that rain that is sure to come.

There was a large crowd out at Sunday school Sunday and also singing in the afternoon.

Brother Ingle, of Abilene, will fill his regular appointment next Saturday and Sunday.

W. D. Evans and family, J. P. Gibson and family, Ben Holly and family, G. J. Stearns and Miss Eulala Smith were the guests of A. W. Jordan and family Sunday.

S. E. Smith, of Snyder, Texas, is visiting his hister, Mrs. W. D. Evans and family this week. His daughter, Miss Eulala Smith, will accompany him home Thursday.

J. P. Gibson is expecting his sons, Horace and Ross, home every day. They have been attending school at the Tarleton college at Stephenville.

W. M. Randalls, Jim Neighbors, Bill Neighbors and families attended church at Girard Sunday.

The dog poisoners have moved to W. D. Evans' place.

Mr. Cherry, of Lavaca county, was down in this part this week prospecting. He was accompanied by Mr. York, the manager of the Experimental Farm at Spur. We would be pleased to have Mr. Cherry to locate with us.

J. P. Gibson went to M. A. Jordan's last Tuesday to take a view of the new drag-scratch that Jordan had made. While he was there the white mule became frightened and ran away with it, lost part of it, and took the rest of it with her.

The Steel Hill ball team played the Spur boys again Saturday evening with a score of 13 to 15 in favor of Steel Hill.

The young people attended a sociable at J. P. Gibson's Wednesday night; also an ice cream supper at A. W. Jordan's Thursday night. All report a nice time.

W. D. Evans has let a contract to have his home painted and wall papered this week.

Rip-Saw.

In writing to parties at a distance your business is sized up and compared with the appearance of your letter heads and stationery. If you want the best printing and stationery of credit to your business let the Texas Spur supply your orders.

Mr. Gilmore, of near Girard, came in this week to secure a supply of new farm tools and implements for the cultivation and better management of his crops this year.

Mr. Chumbley, a prominent citizen of near Dickens, was in Spur Tuesday on business and spent several hours here. Mr. Chumbley owns a considerable ranch several miles north east of Dickens and is among the most prominent citizens of the country.

T. M. Cain, a prosperous citizen of near Spur was in the city Tuesday. Mr. Cain has just bought a new cultivator for his place and was here for the purpose of becoming better informed as to the manner in which it should be operated to obtain better results. One most encouraging fact with reference to the agricultural prospects of this country is that most every farmer in the country has bought new and late improved farm implements and machinery with which to do farm work more accurately and scientifically.
