SELLS HIS RANCH TO MOVE FURTHER WEST

Chas. Windham, of the Croton country, spent several days of this week in Spur. He recently sold his farm and ranch, together with his cattle for a consideration of about ninety thousand dollars to Ed Lisenby who now has charge of the property and cattle. Mr. Windham will move west on account of his health, he having been a sufferer of asthma during the past several years. We regret very much to see Mr. Windham leave this country, and we hope that he will regain his health, return to this section and again become a citizen with us.

BIGGEST CROP YEAR IS NOW PREDICTED

N. B. Fuquay, of the Red Mud country, was in Spur the latter part of last week and while here was a very pleasant caller at the Texas Spur office. Mr. Fuqua reports good rains throughout his section and the country in the very finest condition with respect to bumper crops this year. We believe that the year 1916 will be the biggest crop year ever known in this western country.

HUNTING WINTER SEED TO DO SOME PLANTING

H. C. Allen, of the Dry Lake country, was in Spur the first of this week greeting his friends and on other business matters.

Mr. Allen had come in specially to enquire for winter planting seed with which to begin planting his crops. Since the Easter season the weather has continued chilly, and it is very probable that unless the weather becomes more favorable at a very early date, those who have already planted will be forced to replant at a later date.

BUILDING ADDITION TO FARM HOME NEAR SPUR

J. L. Karr, of seven miles north of Spur, was in Spur this week after lumber with which to build some additions to his farm home in that section.

Mr. Karr is not only a successful and prosperous farmer but is one of the most progressive citizens of the country, and in improving his home he is keeping in the general procession of building improvement progress throughout the country. In every community of this great Spur country some character of improvements are being made. Within a few years this will be one of the most highly developed sections of all of Western Texas.

THE TEXAS SPUR LIST CONTINUES TO GROW

A. L. McClelland, returned recently to Spur from Bowie where he has been spending some time. He called in last week and renewed his subscription to The Texas Spur and also had a new name added to the list. We appreciate the fact that the Texas Spur subscription list continues to grow. We want to have two thousand actual subscriptions to The Texas Spur before the end of the year 1916. Help us do that by telling your neighbor to have his name placed on our subscription list.

SELLS TWO CARS CORN ON THE SPUR MARKET

Last week Sam Owen, of near Spur sold on the Spur market two cars of corn and two cars of maize. He received a price of sixty cents a bushel for the corn and eleven dollars and fifty cents a ton for the maize.

This Western Texas feed will be shipped back East to supply the demand in that country.

Several years ago the Eastern man would have "hooted" at the idea of Western Texas furnishing farm produce of any character to supply the home consumption. Now we furnish not only sufficient products for home consumption but have a surplus to help out the needy of the East. After a few more years Western Texas will supply manufactured products as well to other sections of the country.

RANGER ROBINSON IS NOT DEPUTY UNDER CONNER

Recently in reporting a shooting affray between H. L. Robinson and Jake Ballard, the Texas Spur stated that we understood that Mr. Robinson was a detective for the Cattlemen's Association and also was a deputy sheriff in the various counties of his territory. Sheriff Conner informed us Saturday that Robinson was not now and never had been a deputy sheriff under him. Sheriff Conner did not know whether Robinson held a commission as a ranger for the State of Texas, nor what real authority he had to operate in Dickens county.

A FOOL TRICK

In times of "High Prices" when we are all puzzling over the high cost of living, it is a fool trick to buy blindly and without comparison of values and prices. We advise the greatest care in this respect. A thorough comparison of Quality and Price, for we feel confident that careful buying will mean business for us; and more seem to be buying carefully each month for our cash business is growing. To be sure! You are right! Don't listen to some add telling you that they can sell you \$1.00 items for 50c, but see for yourself. If you are not already one of our customers, investigate: buy one bill and figure the Prices and Quality all the way through. Judge for yourself. Hot air is cheap. We could tell you we can sell you goods 25 per cent cheaper than our competitors, but this wouldn't be true. However, we feel that we are in a position to sell you for cash as cheap, and we think by volume buying, cheaper than the so-called Cash Stores. Why? Because we sell a greater amount of goods which cuts down our overhead expenses, and by selling goods on time does not mean that the cash buyer pays the same prices the credit man does for we add a per cent to all accounts carried. So we are in better shape to care for your cash business than the store that is not in a position to help you when you need help, or if in position refuses to do so, and all we ask is Careful Investigation of the Prices and Values. We don't have any baits to get you started, but simply give you average values all the way through, for we want you for a permanent customer. One bill doesn't amount to much, but one customer does, and we don't want to seem egotistical but we are going to stop right here and say we don't believe there's a house in Texas that has a more loyal set of customers than Bryant-Link Company. They have confidence in us. They are our friends, and if you do not think so just tell one of the "old time ones" that Bryant-Link Co. is not square and see what he says. We have said before that we find in our business more than dollars, and we can conscientiously say we treasure the friendship and the good will of our customers more than any part of our business. If when you read this you are not a customer of ours, we want you to give us a trial. You know what merchandise is. Be your own judge. We could tell you that we were selling 15c domestic at 6c—that

FARM STOCKED WITH CATLE, HOGS, CHICKENS

W. A. Craddock came in one day this week from his farm ten miles west of Spur and spent the day here on business and conversing with his many friends of the city and surrounding country. Mr. Craddock owns a fine farm home and has it stocked with hogs, fine chickens, turkeys and pigeons. He is raising feed stuff and caring for a number of head of fine Jersey cows. He hasn't been farming in this section but one or two years, but he knows the business and we expect to see him become not only one of the most successful farmers of the country but one of the very richest.

CONTEMPLATES A TRIP TO NEW MEXICO

O. C. Henry, of a few miles south of Spur, was in the city Tuesday and spent a short time here on business. Mr. Henry recently informed us that he intended to leave soon for the New Mexico country to look around some, possibly with a view of locating in that country at a later date. Mr. Henry has been living in this country too long to be satisfied in any other country, and we will expect to note his return within six or eight weeks after his departure. However, we wish him a very pleasant trip.

BIGGEST COTTON FARM- ER IN WEST TEXAS

C. D. Copeland came in Tuesday from his farm six or seven miles east of Spur and spent the day here on business and shaking hands with his friends. Mr. Copeland has from five to seven hundred acres of land under cultivation on his place, he having cleared up a number of acres this year for cultivation. He does not intend to devote his entire acreage to cotton, but will have it in feed, hogs and other produce as well as cotton. However, his principle acreage will be devoted to cotton, since he is one of the biggest cotton farmers of all of Western Texas.

ADDING NEW NAMES TO THE TEXAS SPUR LIST

J. C. Caple, of three or four miles west of Spur, was here Saturday and while in the city called at the Texas Spur office and had two new names added to our subscription list and for which he has our sincere thanks and appreciation. Mr. Caple had been up on the plains in the McAdoo country where he had been breaking sod land on two quarter sections of land which he recently purchased in that section. He reported that the land plowed fine and that a good season was now in the ground to meet all needs and requirements.

CONTEMPLATES ENTER- ING THE CAMPAIGN

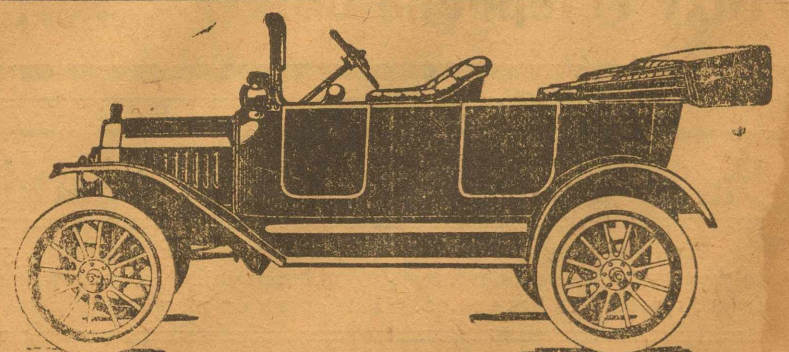

We understand that Frank Speer, of the Afton country, is contemplating entering the campaign for the office of County and District Clerk, and that he will probably make his announcement at a later date. Mr. Speer is competent to fill the place and he has a number of friends throughout the county who will be glad to see him the next county clerk of Dickens county.

DOING GOOD BUSINESS REPAIRING WATCHES

J. E. Langford, who recently opened up a watch, clock and jewelry repair shop near the Turner blacksmith shop, reports that he is now getting a big business in his line. Mr. Langford is well known to a large number of the people of the country, and is considered by all as an expert workman in his line. Aside from being an expert workman, Mr. Langford is a deserving gentleman and needs the patronage extended to him. We call especial attention to his ad appearing in The Texas Spur.

BOYS KILL SIXTEEN WOLVES NEAR SPUR

Paul Douglass, of one mile east of Spur, called us over the phone the other day and reported that the boys had just killed sixteen wolves at the back of his farm. The wolves were caught in their den, and consisted of two old ones and fourteen young ones. The bounty paid by the county and state will more than repay the boys for their trouble, and the haul will materially decrease the possibility of "hearing the wolf howl" in Western Texas in the future.

J. W. Carlisle and wife, of the Gilpin country, were among the many shoppers and visitors in Spur Saturday.

Joe Ericson, of the West Pasture, was in Spur Saturday after supplies and on other business matters.

Will Walker and family, of three miles east of Spur, were here Saturday shopping with the merchants and visiting their friends.

J. E. Cherry, a prominent citizen of several miles southeast of Spur, was a business visitor to the city Tuesday of this week.

Dick Sampson came in one day last week from his ranch home southwest of Spur, and spent the day here on business and greeting his friends of the city.

J. A. Neighbors, a prominent citizen and successful farmer of the Steel Hill country, was among the many business visitors in Spur Saturday. He reports everything in the very best shape in that section at this time.

Mr. Brown, of the Dry Lake country, was in Spur Saturday attending to business matters and meeting his friends. He reports good rains and his section in good shape with respect to crop conditions and bumper crop production this fall.

J. D. Martin, of four miles north of Spur, was here Saturday greeting his many friends and looking after business interests.

W. D. Thacker, of the Draper country, was in Spur Tuesday and hauled out supplies. He reported everything all right in his section of the country.

W. H. Taylor, of the Steel Hill country, was in Spur Saturday. He had some trading animals with him, and since he is an expert trader we are confident that he made several trades during the day.

Uncle Jimmy Jones, one of the most prominent citizens of the Afton country, was among the crowds in Spur the latter part of last week. He reports everything in the best shape at this time in the Afton country, and says bumper crop prospects prevail in that section.

J. I. Greer came in the latter part of last week from his Lone Oak Farm and Ranch Home, spending a few hours here on business and talking with his many friends. He had his hand bandaged as the result of trying to do a little work on the place in the way of building a fence. The results of his efforts indicate that he is inexperienced in this character of labor, and unmindful of the admonition of friends that he take life easy these days.

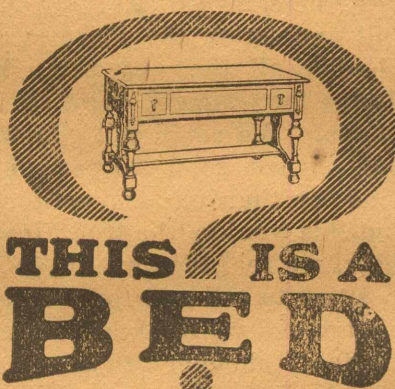

S. W. Rather, of the Cat Fish country, was among the many day and spent an hour or two here with the crowds.

H. N. Patton, of one mile east of Spur, was in the city Tuesday of this week trading with merchants and shaking hands with his friends.

Bill McArthur, of the Tap country, was among the large number of visitors in Spur Saturday of last week. He hauled supplies and reports that everything indicates prosperity throughout the year.

Recently the two residences owned by Walter Greer in the west part of Spur were sold to Mr. Brooks, the sale being consummated through the Spur Real Estate & Livestock Company. Mr. Brooks and family have moved into their new home where they will be permanently located in the future. Walter Greer is making his home in New Mexico.

G. W. Dodson, a prominent citizen of the Afton country, was a recent business visitor in Spur, spending several hours here trading with the merchants and looking after other matters. He reports farmers all busy in his section planting crops and preparing for the biggest yields this fall that has ever been known in this whole country.

R. J. Williams, of the Red Top community west of Spur, was among the visitors in the city Saturday and while here was a very pleasant caller at The Texas Spur office. He reports plenty rain and everything in good shape in his part of the country.

Prof. George T. Barnes, of the Draper School, was in Spur Saturday and while here was a very pleasant caller at the Texas Spur office. Prof. Barnes and the pupils of his school are publishing a semi-annual newspaper in the interest of their school work. It is an interesting and instructive paper, and the example should be followed by other schools of the country.

A GOOD REPORT.

John Weathers came in Saturday from the Red Mud Camp and spent an hour or two here on business and greeting his many friends. He reports everything in good shape, grass coming nicely, stock in fine condition, and crop prospects never better in the history of farming in this section.

Burl Harrington came in Saturday from his farm home near Spur and spent some time in the city trading with the merchants and greeting his friends of the town and country.

G. L. Gaddis, was in Spur Wednesday from his home in the Red Mud country, spending a few hours here trading with the merchants and meeting his friends of the town and surrounding country.

T. A. Tidwell and Mr. Luck returned the latter part of last week from Dallas and Fort Worth where they spent several days on business and visiting relatives. They made the trip through the country in an automobile.

Hamp Collett, of several miles southwest of Spur, was among the many business visitors here Saturday. He reports everything in good shape and the finest crop prospects of many past years, and Hamp has been here since the early days.

Newt Cravy, of the Red Mud country, was in Spur Saturday and while here was a pleasant caller at the Texas Spur office, informing us that everything in his section was in the very finest shape with respect to crop prospects at this time. Rains are coming just at the proper time to insure the best season for planting and bumper harvests this fall.

THE EPWORTH LEAGUE

A number of young people met April 9th, at the Methodist Church and organized the Epworth League.

The following officers were elected: A. Rogers, president; Earyl Senning, vice-president; Miss Louise Rich, secretary; Miss Ella Pierce, treasurer; Miss Robbie Sandifer, corresponding secretary.

We have enrolled sixteen members; everyone takes great interest in the organization and the programs have been carried out nicely.

We wish to invite you to spend one hour with us each Sunday afternoon, and especially do we invite the young people of the town.

The hour of meeting is 3:30 each Sunday afternoon and since there are no other young peoples' organizations in Spur, we expect the help and co-operation of all the young people of the town.

The topic lesson for May 7, "The Consecration of Strength"

Those on the program are: Mack Brown, leader, Miss Robbie Standifer, Dave Taylor, Prof. Saffold, Luke Attebury. The leader for May 14th, will be Miss Louise Rich.—By the Reporter.

A. A. Fry, of several miles west of Spur, was among the recent business visitors in the city.

Mr. Springer, of Jack county, is in the Archer county settlement twelve miles southwest of Spur, visiting with J. G. Currie and family and also looking at the country with a view of buying land and locating here in the future. He is well pleased with the country and we will be glad to have him located in this section.

FOR REPRESENTATIVE OF THE 105TH DISTRICT

I hereby announce myself as a candidate for Representative of the 105th Representative District of Texas, composed of Scurry, Kent, King, Dickens, and Stonewall counties, subject to the July Primary, 1916.

In making my announcement for said office, I feel that it is unnecessary for me to give or define my position on questions of general legislation, from the fact of having served the people of this district in the 33rd Legislature, wherein my views on matters of general legislation are a matter of public record.

Now, on such matters as will come before the next Legislature for consideration, I deem it proper for me to specifically define my position thereon and explain my views concerning same.

I favor the Robinson Insurance Law just as it stands on the Statute Books of the State of Texas, and don't think that the Gibson Bill or any other bill having for its purpose the changing of the vital parts of the said Robinson Insurance Law should be passed.

In reference to the Warehouse Law, I believe that it should be so amended as to take from it some of the expensive features and make it more effective in marketing our crop. Furthermore I think the sampling of cotton at the gin has proven to be a mistake and should be changed.

I think that the Stock and Bond Law should remain as it

is, and I favor giving the railroads a fair chance so as to encourage more railroad building and incidentally the development of the country.

I favor all legislation that will assist agriculture and encourage home building and home owning. Having been engaged in farming all of my life, I naturally feel a deep interest in all legislation affecting agriculture. Out of 98,000,000 of people in the United States only 11,500,000 are engaged in agriculture, and I surely feel that the interest of this small group of toilers should be looked after in the legislative halls of our country.

I favor redistricting the State Congressional Districts.

I think that the Rules of the House of Representatives should be changed so as to permit the committees to be elected by a committee instead of being selected by the Speaker of the House as is now the case, which gives the Speaker too much power to influence legislation.

I don't think that any general Bill should be allowed to pass without an "aye" and "no" vote, thereby putting a stop to railroading measures through the Legislature.

Now on the question of Prohibition, whenever and wherever it becomes an issue in the Legislature or out of it, I will always be found on the pro side.

I would be glad to meet every voter in the district during this campaign, but that will be impossible, so I take this opportunity of making my announcement to the voters of this district, through the Press of this district.

In coming before you, I desire to assure you that if I am elected to represent you in the 35th Legislature, I will be your servant, ever ready and willing to present to the Committees, who may have in hand matters of interest to you, any document or argument which you may want submitted to them, and when it comes before the House, will have your petition or letter as the case may be, read from the reading clerk's desk, thereby giving same all the influence possible on legislation.

Reassuring you that it will be my purpose and endeavor to serve the will of the majority of the people of my district, and to this end I earnestly solicit your vote and influence in the approaching Primary in July, A. D. 1916.

Very respectfully,
A. J. HAGINS.
Jayton, Texas.

OPINIONS ON THE PREPAREDNESS PROPOSITION

As the president will not hold up the ideals of our Nation nor warn the people of the result of imitating "all the nations" the task must fall on some one else, and that one is William Jennings Bryan, the man who received more votes for president than any other Democrat in the history of the Nation, receiving 90,120 more votes in his last race than Mr. Wilson and who received on an average more votes than any other living man for that high office.

He has given his life to the study of political economy, and no one can question his ability to grapple with the great problems. He is a man whose character is in every way exemplary; a man whose heart is with the people and whose life proves his sincerity. Is he not a safe man to follow in these troublous times? The people may turn from him and desire to imitate the nations of Europe. People have gone astray in the past. It will be remembered that Samuel gave the best days of his life in leading Israel along lines far different from the other nations of the earth at that time, even as our Nation is different from the other nations at this time.

But when Samuel was old the people clamored for a King "like all the nations." Read the eighth chapter of I Samuel. But the thing displeased Samuel and he prayed unto the Lord. And the Lord told Samuel to hearken unto the voice of the people in all that they say unto him, "for they have not rejected thee," said the Lord, "but they have rejected me." So if the people clamor for preparedness I say let them have it, for they have rejected the ideals of the nation, but let them have warning along with it, and that is just what the Lord enjoined upon Samuel:

"Now therefore hearken unto their voice; howbeit yet protest solemnly unto them, and show them the manner of the King that shall reign over them."—I Sam., viii, 9.

And Samuel told all the words of the Lord unto the people that asked him for a King and he proceeded to tell them the manner of the King that should reign over them, and I give his inspired prophetic words here, for it sounds just like a warning given in this twentieth century against preparedness, for when preparedness is carried to its logical conclusion it will mean just what Samuel told the people of Israel their King would mean to them:

"He will take your sons, and appoint them for himself, for his chariots, and to be his horsemen, and some shall run before his chariots. And he will appoint him captains over thousands, and captain over fifties; and will set them to ear his ground, and to reap his harvest, and to make his instruments of war, and instruments of chariots."—I Sam., 11 and 12.

That is they shall build battleships and large trucks to carry guns on railroads, which are all in the plan of preparedness. With a prophetic vision of the Red Cross nurses, which are a necessary part of every plan of preparedness, Samuel continues:

"And he will take your daughters to be confectioneries, and to be cooks, and to be bakers."—I Sam., viii, 13.

Then approaching the cost of preparedness, which is the folly of having a King, I should say, the prophet of God said: "And he will take the tenth of your seed, and of your vineyards, and give to his officers and his servants."—I Sam., viii, 15.

It is true that President Wilson's plan does not contemplate such a high rate of taxation, but who knows where it will stop? If some other nation determines to imitate us (and can we blame it?) and build greater than we have we will have to build greater than it, or our plan's a failure, and then it greater than us, and other nations, becoming excited, enter the race—and where will the end be? We may be thankful to escape with a \$10 tax rate.

But listen again—here is where it touches our very lives: "And he will take your menservants, and your maidservants, and your goodliest young men, and your asses and put them to his work."—I Sam., viii, 16.

Then comes the sad part—it will be perpetual. It would not be so bad if we could put on and off preparedness when we chose, but we can no more do it than Israel could her Kings. Concluding, Samuel said:

"And ye shall cry out in that day because of your King, which ye shall have chosen you and the Lord will not hear you in that day."—I Sam., viii, 18.

When we have entered into the race for preparedness, and and other nations emulate our example, we dare not turn back and the people will cry in vain for the tax to be removed from them, and for the heel of the army to be taken from their necks. But they will cry in vain.—W. F. Black, Dallas, Texas, Feb. 1.

Wood Cutting Prohibited On Spur Lands!

Notice is Hereby Given That Any Person Who Cuts Wood of Any Kind Whatever From Any of Our Lands Any Where Now or Hereafter will Be Prosecuted to the Fullest Extent of the Law Without Favor or Consideration

IN Some localities in past years, the lands have been shamefully cut over, regardless of our rights, and those of purchasers of land not occupied. Many otherwise honest men, have come to think that what others have done, without a penalty resulting, they can also do, and there is an increasing disposition to appropriate wood wherever it can be found, no matter to whom it belongs. This must and will be stopped. We must protect the people who have already bought Spur Lands, and those who will hereafter buy them, from this wood cutting.

Some people pretend to think there is no objection to it. This is, therefore, public notice that no one has our permission to cut, saw, grub, break down or gather wood of any kind whatever from our lands anywhere, and that prosecution will certainly follow trespassers hereafter without favor.

A Check Book on the Farm

A check book is a most useful farm "implement." It is a source of profit and protection, and has been the direct means of making many a farmer prosperous.

It means that the farmer has his money in the bank, where it is cultivating a friend for him, it means that instead of carrying currency he draws his check book when he pays out money, and the bank gives the exact amount to the person entitled to it.

The farmer's check book is his introduction to many success helps that are found only at a good bank. The City National Bank extends an invitation to farmers to use this service.

A FEW FACTS ABOUT PEANUTS AS A CROP

The peanut as a Texas field crop along with cotton, corn and other great southern staples now commands a cash price in the form it comes from the field as well as in the form of beef and pork. Here tofore the peanut has received little consideration on the part of the farmer except in few countries as the demand has been very limited although the uses of the peanut are many and various. Fourteen-million bushels of peanuts are used in the candy trade in making peanut butter and for roasting the oil is in increasing demand by the pickers and canners of sardines, seafood and meat products, salad ect. So popular has the peanut become in these purposes that a considerable part of the products coming into the United States are derived from crops grown on the southern shores of the Mediterranean or from south east Asia and milled at Marseilles and other cities in Europe while the importance of nuts according to the Department of Agriculture ranges of half million to two million bushels per year and more than a million gallons of oil. Aside from the Vir. North Carolina and Georgia crops only a small part of the American products has found its way to the factory and mill. Yet the peanut furnishes an edible oil of very superior quality and inedible grades that are used for soap-making and for any purpose that vegetable oils are generally required.

The chief use of the peanut in Texas has been a feed for farm animals. It is suitable for draft animals, dairy cows and poultry, as well as for beef and pork production, being extremely nutritious and giving both concentrate and roughage at the same time. The cured peanuts and vines offer an almost ideal combination with corn or with kaffir, milo, or feterita heads, to form a balance ration, as the peanut is rich in protein. Experiment has shown that pigs require 1.77 pounds of corn to make a pound of grain in live weight when pastured on peanuts 3.07 pounds of corn when on cowpeas 3.7 pounds of corn when on sorghum. An acre of peanuts should produce about 1250 pounds of pork.

Peanut hay can very properly take the place of alfalfa on the lighter soil of East Texas, and the nuts and vines together are better than alfalfa. Where necessary, the cured peanut and vines, produced under drouth condition, can take the place of grain feed for work animals.

The use of the peanut alone as a fattening ration for hogs is objectionable on the account of the oil it contains. The resulting fat is so oily that the lard from it will not become solid except in the coldest weather, and for this reason it is not wanted by the packers and refiners. In fact, as soon as the packers learn that hogs are shipped to them from a section where the practice to the hog down the peanut crop and feed nothing

else, they promptly reduce the price on all consignments from that section to protect themselves from loss of inferior lard, as there is no way of telling from the appearance of a live hog the quality of his fat. This is, in effect, penalizing all swine growers for the errors of a few, but there are two remedies that are simple and easy applied.

It is only necessary to finish the peanut-fattening hog on a ration of kaffir or milo heads or corn and cottonseed meal in the proportion of five parts of corn or heads to one part of cottonseed meal by weight to harden the fat, but the animal should have access to Bermuda grass or a juicy pasturage while cottonseed meal is used in the ration. Animals fed in this way will have hard, firm fat producing a lard that solidifies at ordinary temperatures.

The second remedy is to sell the peanuts to the cottonseed crusher then feed peanut meal or cake. It is not good business for a grower to feed a vegetable oil worth 60 to 90 cents per gallon to an animal that will be worth several cents less per pound in the market because of such feeding.

The Department of Agriculture states that dairy men who have used peanuts report they have found no better feed for milk production. For beef production peanut meal and cake will serve every purpose that cottonseed meal and cake serve, the only considerable difference being that peanut meal is a slightly richer feed.

TWO MARRIAGES IN THE GILPIN COUNTRY

Sunday, April 30th, Mr. Aubrey Bural and Miss Mary Bennett were united in the holy bonds of matrimony, Rev. W. B. Bennett officiating. All of the relatives of the bride and groom were invited, and after the ceremony was performed the guests went to Duck Creek where Rev. Jackson delivered an able sermon. The guests then returned to Rev. Bennett's where a sumptuous wedding feast awaited them.

Monday morning about sun-up Miss Lillie Hagins and Mr. Ruebin Lee were married at the home of the bride's parents, Mr. and Mrs. P. E. Hagins, Rev. Bennett officiating. The bride has resided in the Duck Creek community during her entire life. Mr. Lee was formerly of Waco but for the past six months has resided near Jayton where he had a position with Judge Hagins on his farm. He is a prosperous young man, full of energy, and Miss Hagins is to be congratulated on securing him for a protector.—Reporter.

Mace Hunter, of four miles east of Spur, was here Saturday. He reported that his crop of wheat is doing fine and he expects to make a wheat crop this year worthy of notice the eastern men. This country will grow as fine wheat, oats or alfalfa as any country, and which has been demonstrated the past two years.

EVERYTHING INDICATES BUMPER CROPS HERE

A. A. Allen, a leading citizen and prosperous farmer of the Croton country, was in the city the latter part of last week and spent a few hours here on business and trading with the merchants. He reported that he had a considerable portion of his crops planted, a good season was in the ground and everything indicated bumper crops of all kinds this year.

A child was born Thursday of last week to Mr. and Mrs. Wesley Wilson at the home of her parents, Mr. and Mrs. Chas. Jaye of Dickens. However, the child died Sunday morning at one o'clock and the remains interred Sunday afternoon in the Dickens Cemetery, W. S. Taylor of Spur conducting the funeral services at the grave. Mr. and Mrs. Wilson formerly lived in Spur, he being one of The Texas Spu force of workmen, but are now making their home in Ralls. They have our sincere sympathy in this misfortune.

PREPARING TO RAISE FINE STOCK ON FARM

M. C. West, of five miles south of Spur, was in the city the latter part of last week and while here was a very pleasant caller at The Texas Spur office. He brought in a load of fat hogs and sold them on the Spur market. He also bought four fine brood sows which he carried home with the intention of raising fine hogs as well as fine cattle and mule colts on his place. Mr. West is one of the most progressive farmers of the country and is stocking his farm with the best stock obtainable in the country.

TWO HOUSES BURN IN SPUR SATURDAY NIGHT

Saturday night about 8:30 o'clock two residences in the southeast part of Spur were destroyed by fire. T. A. Rogers and Ed Farrington and families lived in one of the houses and W. C. Martin and family lived in the other. The household goods of Messrs Rogers and Farrington were also burned, while everything was saved in the Martin home.

The fire originated in the Rogers-Farrington home, and was supposed to have been caused by an oil stove which was left burning while the families had gone to the picture show.

The buildings, we understand, were owned by Perry Fite of Spur, and some party now living in New Mexico. Both of the houses were insured, and Mr. Rogers also carried insurance on his household goods.

A subscription list of thirty eight dollars was made up by the citizenship of the town and presented to those who lost in the fire.

PRODUCE BUSINESS A BIG HELP TO COUNTRY

During the past three months J. C. Miller, of the Spur Produce Company, has purchased chickens, eggs, hides and other country produce to the amount of three thousand dollars. This means that one thousand dollars a month has been distributed over the country as a result of the establishment of the Spur Produce Company in Spur. Such a concern in the city is a real asset to the commercial interests and should be appreciated by every farmer and country man of the whole Spur trade territory. In their purchases the Spur Produce Company always pays the highest market prices.

PRECINCT CONVENTIONS TO BE HELD SATURDAY

County Chairman Jas. F. Williams, of the Democratic Executive Committee of Dickens County, recently issued a call to the various Precinct Chairmen throughout the county to hold Conventions in their respective voting boxes Saturday, May 6th, for the purpose of selecting delegates to a County Convention to be held Tuesday, May 9th. The County Convention will elect delegates to the State Convention which will be held in San Antonio May 23rd.

Every good citizen and voter in the democratic party should attend the Conventions to be held next Saturday in their respective voting precincts, or forever hold their peace with respect to the manner in which the political affairs are conducted. There may be a few people in every community and country who desire to "run" things to suit themselves, and such conditions and methods are further encouraged by the nonattendance on conventions and nonattention to public affairs on the part of a majority of the people.

Come out to the Convention next Saturday and participate in its proceedings and decisions. We want to see the house full of representative citizens.

WEST TEXAS COMING "INTO HER OWN."

B. F. Crump, of eighteen or twenty miles southwest of the city, was in Spur Tuesday on business and trading with the merchants. Mr. Crump reports his part of the country in ideal condition with reference to bumper crop prospects, and says all the farmers expect to make better crops this year than any previous year in the history of farming operations in that section. Hurrah for Western Texas! She is coming into her own.

W. L. Huddleston, of the Tap country, was among the number of business visitors in Spur the latter part of last week.

BIG RAIN TUESDAY NIGHT IN THE AFTON COUNTRY

J. J. Noland, of the Afton country, was in Spur Wednesday and while here was a very pleasant caller at the Texas Spur office. He reported that a heavy rain fell in the Afton country Tuesday night, and that the rain was accompanied by small hail stones which did no damage. However, he understood that in about Roaring Springs the hail was heavier.

On his place, Mr. Noland said that this rain was the biggest of the season.

H. P. Cole, of near Dickens, was among the business visitors in Spur Wednesday.

Firm Self, of several miles south of Spur, was here Wednesday on business and buying supplies of the Spur merchants.

Mr. and Mrs. Chalk Brown, of the 24-Ranch in Kent county, were in Spur Thursday visiting friends of the city.

Dr. Blackwell and wife and children, of Dickens, spent Tuesday and Wednesday in Spur visiting with friends of the city.

Mr. and Mrs. W. W. Ellis, of Kent county, were in Spur this week. They had just returned from the north part of the country where they had been called on account of the illness of Mrs. Ellis' mother.

DELIGHTFULLY ENTERTAINED WITH "500."

Mr. and Mrs. C. L. Love entertained a number of friends Friday evening of last week, there being several tables arranged for "500". At the conclusion of a number of games, delightful refreshments were served. The following guests were present and enjoyed the occasion: Mr. and Mrs. C. H. Senning, Dr. and Mrs. Standifer, Mr. and Mrs. Cates, Mr. and Mrs. Busby, Mr. and Mrs. Pierce, Mr. and Mrs. Dickson, Mr. and Mrs. Neilon, Mr. and Mrs. Sol Davis and Mr. and Mrs. Oran McClure.

HERE TO FIGURE ON BUILDING MORE BRICKS

J. R. Roberts, of Roaring Springs, was in Spur several days of this week. We presume that he was here to figure on the construction of one or two brick business houses to be built in Spur some time this year. There are already three brick business houses under construction in Spur and now nearing completion. Three others will probably be under construction within a very short time. Watch Spur build and grow and develop into the "Commercial Hub" of all of Western Texas.
