MISS RICHBOURG ENTERTAINS HONORING SCHOOL TEACHERS

Thursday evening of last week at the home of her parents, Mr. and Mrs. J. B. Richbourg, Miss Creola Richbourg entertained in honoring the high school teachers of the Spur Public Schools. Progressive forty two was the entertaining feature of the evening, and at the conclusion of a number of interesting games a salad course was served to the following guests: Misses Lois Holloway, Flora Mae Scudder, Lula Kelsey, Frankie Haymes, Mabel Clay, Edith Walker, May Dehn, Lena Wilkes, Minnie Fite, and Lula Goff, and Messrs. Weber Williams, Witt Springer, Willard Chatman, Hooker, Sidney Davis, Roy Brewer, Otto Mott, Jack Rector and Wilbur Perry.

DRILLING UNINTERRUPTEDLY ON THE TEST WELLS FOR OIL

The drilling on both the Davis and 24 Ranch wells is now proceeding uninterruptedly. The Davis well is now about 1,800 feet deep, having gone two hundred feet in the lime rock. The 24 Ranch well is about 1,700 feet, drilling in lime. The drillers on both wells are expecting something to "show up" at any time.

Mr. McGee is now in Cisco to get special fishing tools with which to remove the bit from the Albin well when drilling will be resumed immediately.

SHRINER BANQUET.

On Monday night, May 17th, a banquet was given by the Shriners of Spur in honor of Nobles T. E. Standifer and M. H. Lee, who are soon to leave our midst and cast their lots in other parts. There were present on this occasion the following Nobles, besides the honored ones:

Nobles Emery Green and W. M. McLaury, from Jayton, whose presence was very much appreciated; Ben J. Brothers, L. E. Standifer, Geo. S. Link, Oscar Jackson, C. E. Senning, John L. King, A. W. Springer, R. C. Forbis, W. P. Simpson, Eb Johnson, W. W. Samples, and S. T. Clemmons, all of whom were helmeted with the red fez, which is worn by all Nobles on festive occasions. The hour was seven-thirty p. m., when coming from here and there could be seen approaching Nobles. By ones and twos they came until seven-forty five, when all were present, and Mr. Barlow, the obliging manager of the Spur Inn, announced that all preparations had been made to serve dinner, which announcement was acted upon by speedy repair to the dining room where was found a table laden with bouquets of home grown roses fresh from the garden, touched with the early dew of evening, and fragrant as only roses can be. Nobles Lee and Standifer were seated at the end of the table; all other Nobles were asked to seat themselves as all formality was laid away at the suggestion of Noble Link, acting Master of Ceremonies.

The menu card indicated some very

new dishes to most of whom were present, such as "Overdraft La Creole, Hind Quarters of a Buzzard, Federal Reserve Tea, and Operation Pie" but no one hesitated. The dinner was served in seven courses, each one vying with the other, it seemed, in manner of preparation and service.

Better service could not be had in town or city, and the Shriner Club of Spur want to express their deep appreciation for the service rendered by the entire Spur Inn force. May they live long and serve us many more such dinners.

After the meal, some of the Nobles were called upon for words of expression, as suggested by Toast-Master Link, as to whether they were glad or sad that Nobles Lee and Standifer were going from our midst. Noble Brothers was first asked to express his feelings, which he did in a manner very fitting, expressing his heart-felt loss not only at the going of these Nobles, but their families also. Noble Witt Springer next gave expression to his feelings, indicating how great the loss would be to him and to all. Next came Noble Forbis, who in his unassuming manner, told in a few words his feelings, and a tear drop was seen to steal down his cheek. At this point Noble Liburn Standifer gave a tribute to womanhood, which was an inspiration and added new sentiment to the evening. Then came Noble Sample with a well worded roast, containing some touches of real humor. At the close of his remarks he came forward and presented Nobles Standifer and Lee each with a history of their past lives, as he understood them.

Noble Jackson responded to the request of the Toast Master that he say a few words, and which he did in a very feeling way, expressing his deep regrets in his own heart, also indicating the great loss the going of these Companions would mean to the community. Noble Clemmons just with one of his characteristic talks, in which he distinctly remembered how bitter the pills given, and heavy the bills administered by Noble Standifer, and how hard the romping of Noble Lee had been on all occasions when the ink was red on his bank account; and lastly a poem, from its hilarity was taken to have been written by either Nobles Clemmons or Shakespear, which were fittingly told of the reasons why Nobles Standifer and Lee were changing their places of habitation, the last verse of which is as follows:

"But they are going, dear Nobles, and we're here tonight,
To wish them God speed with all our might,
And standing, let's drink to their health and success;
That God, in His mercy, will guide their way
To that beautiful Oasis of Perfect Day."

Noble McLaury expressed his appreciation of having the opportunity of being present, and his regrets on account of the going of the honored guests, and also added that he and Noble Green would answer a similar summons at any time, either day or night.

Noble T. E. Standifer expressed his deep regrets at the thought that the boys felt his going away and out of their lives, and said that he owed very much of his success, if he had any, to this bunch, adding "You are the Best Bunch of Fellows in the World"—while under his glasses we saw something shine and run down, which impressed all—even more than his expression in words.

Noble Lee, in his matter of fact way, said he had never lived with a better bunch, that he appreciated every one of them, and didn't expect to be considered gone so far but that he would often have the pleasure of their association, and gave all the cordial invitation to visit him in his new home at Wichita Falls.

At the close of two and one-half hours, full of joy, yet sweetened by sorrow, Spur Shriner Club was formally organized. All present joined. Noble Ben J. Brothers was elected president, and Noble W. P. Simpson, secretary; and it was unanimously resolved that the next banquet should embrace the wives and daughters.—Spur Shrine Club Reporter.

GENERAL, GROUND-SOAKING RAIN OVER WHOLE COUNTRY

A good, general, ground-soaking rain to the amount of two inches fell Saturday night, and as a result the whole country is now in ideal condition with respect to crops and grass. Hail is now the only thing to fear in preventing big harvests this fall.

Up to date during the year we have had a total of .13 inches of rain as follows: January, 1.16; February, .45; March, .27; April, .93; and May, 3.32 inches.

In some sections of this territory it is claimed that as much as three inches and even five inches of rain fell Saturday. At any rate the whole country has an ideal season, and bumper crops are assured.

BRYANT-LINK COMPANY

Some one said to us just week, your adds help me. You don't say so much about your merchandise, but we like your adds and always read them, because you seem to have a soul in what you say.

We appreciated these words of commendation. How guilty we all are in failing to tell our friends how we appreciate them until perhaps they are leaving us, then we remember their virtues. At times in the lives of all men comes the thought that they are not appreciated, that they don't amount to anything, that they are failures. In these moments of depression the encouraging words of a friend is a real inspiration. Let's resolve to tell folks now that we like them. If the preacher preaches a good sermon, tell him so; if the teacher teaches a good school, tell him or her so; if the doctor saves the life of your child, don't kick at the bill—don't only pay your bill but tell him how you appreciate his service—your child's life is worth a million bills. We all have lots to be thankful for, of course we should be thankful to God and tell Him so, but shouldn't we also be thankful to our fellowmen who do so much to make life worth while. Did you ever have some one to take you by the hand and say, old boy your life has been a blessing to me? Then you know how happy it makes you feel, let's pass it on. Cheer someone else.

A man said to us the other day, the whole thing is going to pieces in just a few years and starvation will be our lot, everything is dead wrong, the Government is going to pieces. Now this is the sign of a bad liver, a lack of love for ones country and a lack of faith in God who cares for us all and though sometimes we may not see and understand just how things can work out for the best, yet often the very thing we took to be our greatest misfortune turned out to be a blessing in disguise. "The darkest cloud has a silver lining, the day light is made brighter by the gloomy darkness of the night preceding. Cheer up, you live in the best country on earth today under the best government. Where would you go to find a better one?"

Say folks, we must sell some goods we couldn't stay with you if we didn't and we have prepared by laying in good stocks. All that we ask is that you come and see. You can't keep

from finding our place of business, look for the biggest store in town with this sign all over the front "Bryant-Link Co., Hardware, Groceries, Dry Goods." Now we buy goods in large quantities, are associated with eleven large stores whose buying power is concentrated, and where many stores and merchants buy one dozen of an item we may buy twelve dozen, placing us in position to get quantity price. We discount our bills and by doing a large volume of business cut our per cent of expense far below the average expense of selling goods. We know our goods and prices are right and our continually increasing business convinces us that the people are becoming convinced of this fact, for new customers are coming our way every day.

Come on with the crowds. We need and appreciate your business.

Yes, it sure did rain—came just like we prayed for—couldn't have been better. We are thankful for it—are you?

Say, folks, the outlook for 1920 is bright. It looks now like it was up to us if we fail. But we are not going to fail—everybody is working—and do you know the happiest people are the busy folks in the world. There is no failure except in no longer trying. There is no defeat except from within, and no really insurmountable barriers save our own inherent weakness of purpose.

Did that man kiss you last night? asked the anxious mother. Said the sweet young thing, blushing, do you suppose he came all the way from Great Lakes to hear me sing.

Franklin said: "Dost thou love life, then do not squander time for that is the stuff life is made of."

Come on, we need you.

Select Your Kitchen Cabinet By Comparison

So sure are we that the Sellers Kitchen Cabinet is the last word in convenience and time-saving advantages, that we invite you to compare it with any other make.

SELLERS Kitchen Cabinets THE BEST SERVANT IN YOUR HOUSE

and without a doubt the final achievement in organizing the duties of the kitchen. We ask you to compare it, feature for feature, with any other cabinet. Such a comparison will show you clearly, why the National-Advertised Sellers Kitchen Cabinet is the deliberate preference of thinking women all over the United States. Notice the Automatic Lowering Flour Bin. This feature alone is the greatest improvement ever developed for the kitchen cabinet. In addition to this there are 14 other star features found in no other cabinet. These improvements cost the makers an extra \$100,000 to maintain.

This cabinet puts 300 to 400 articles within your arm's reach and enables you to do 75 per cent of your kitchen work at the large, white porcelain table. You will marvel at its convenient arrangement.

Why work the old fashion way in an age when everything else is done by modern, labor-saving methods? Why should your time be monopolized, your health and energy sapped in the kitchen, when such a time and labor-saver is now so easy available?

Decide now to enjoy a good kitchen cabinet. Come to our store today and see the wonderful Sellers.

Four Lively Girls at Chautauqua

Do Two Big Programs Second Day.

A good Chautauqua Program must have something for every person that attends. Practically all kinds of people, rich and poor, young and old, good and bad, like the old favorite songs that have come to be a part of American life and thought. Consequently, these songs should be sung at every Chautauqua. This year the girls quartet fills this need by giving many of the rich old melodies sung at spelling schools, at husking bees, whistled by the pioneers as they hunted and hummed by our grandmothers at the spinning wheel. Some

of the pieces used are "Carry Me Back to Old Virginny," "In the Gloaming," "My Old Kentucky Home," "Believe Me If All Those Endearing Young Charms," "When You and I Were Young, Maggie," "The Little Brown Church in the Vale." Many of these songs are accompanied on the banjos, while some are given in the old costumes of the time when they were first sung. The banjo quartet is another feature of the quartet work and there are many novelties, comic numbers, feature songs, and other charming brands of entertainment.

Two Girls Make Big Hit

Chicago Duo Clever Entertainers

CHICAGO DUO

The Chicago Entertainers come to Chautauqua for the sole purpose of amusing and entertaining their hearers. And since that is their object they do the things which their past experience has shown to be most acceptable to the great American Chautauqua public.

No matter what forms of new entertainment come or what old ones go, most Chautauquans like good lively reading and good lively singing. This is exactly what these two ladies do in two preludes to Mr. Kindley's lectures on the fourth day of the big approaching assembly. Better plan to hear them.

Jazz Band Kills Chautauqua

Will Laugh It to Death.

RICKETT'S JAZZ BAND.

One of the big jobs of a Chautauqua manager is to keep the programs up-to-date. Tastes change every year and the managers have to keep hunting new attractions to meet new popular demands. Just now there is a tremendous craze for "jazz" music. Jazz orchestras are playing in the cities, "jazz" songs are on the piano, and more "jazz" records are sold by the talking machine people than all others combined.

In order to keep the Cadmean Chautauquas up-to-the-minute, Mr. Franklin, the general manager, has

secured a Jazz Band for the 1920 program. There is nothing coarse in its programs, but it's a real jazirimba outfit with worlds of ginger and go. It is composed of four men who play piano and saxophones and drums and accordion and trombone and who change around so that the audience is never sure of the next combination. In addition to the jazz time instrumental music the men make up a fine male quartet and give many vocal numbers. This unique attraction presents two stampedes on the last day.

One of the Best Entertaining Events of the Season

Hazel Quarles

Beautiful Singer on Program

HAZEL QUARLES

One of the features of the coming Chautauqua will be the visit of Miss Hazel Quarles, dramatic soprano. Miss Quarles has a remarkably clear, beautiful voice, and has had wide experience before the public. She sings better kinds of music including operatic selections and favorite folk songs. She sings both afternoon and evening on the second day.

College President Speaks at Chautauqua

SAMUEL J. SPARKS

Beginning life in the Kentucky Mountains and starting to work for 37½ cents per week when six years of age, Samuel Justin Sparks fought his way through monumental difficulties and at the age of twenty-seven was elected President of Mitchell College.

He is primarily a man of action. Until he reached his fifteenth birthday, the Kentucky Mountain lad had attended public school only three weeks. Then, because his guardian refused to permit him to continue the education he had begun alone, he brought suit to have his guardian removed. He won his suit and began a meteoric career in securing an education, completing a course at Valparaiso University at twenty-one.

DOING TANK WORK HERE FOR SWENSON INTERESTS

Paul Douglass, of Goree, is here now with his crew of tankers doing tanking work for the Swenson interests. At the present time he is extending the dam on the Spade tank just south of Spur. From here he will move his outfit to the West Pasture where a number of tanks will be worked on. Paul Douglass sold out here some three years ago, moved to Goree and has been doing this character of work for the Swensons practically all the time. He has a fine outfit of twelve or fifteen teams of big fine horses and mules, together with scrapers, plows and other tools necessary in this work, representing no inconsiderable sum of money. In conversation with Paul he told us he was pleased with his work in every way, and that he had rather work for the Swensons than anybody he had ever worked for. In illustrating how he and other workmen for the Swenson interests considered their employers, Paul said that some time ago at a protracted meeting a Swede employee was in attendance, and being hard of hearing, and desirous of seeing all that was going on at the services the Swede stood up in the aisle. One of the enthusiastic Christian workers approached him and asked if he did not wish to join in the work for the Lord, his reply being no, that he worked for Swenson.

Earl Wright, of Canadian, is now in the Draper country where he will make a crop this year. He informs us that his father, J. E. Wright, who is now near Canadian is now doing very well but that his health improves very slowly. During the hard years here Mr. Wright and family moved to Canadian where they are now well pleased and prospering. However, it is very probable that they will again remove back to their old home here some time in the future.

Mrs. Guy Pemberton returned the latter part of the past week from a visit to relatives in Fort Worth.

F. W. JENNINGS, Mgr. SPUR, TEXAS

G. W. and Tom Dodson, of the Tennessee Valley Farm north of the city of Dickens, were among the big crowds in Spur Monday of this week. They went on down to Jayton to attend the ball game between the Shinnery Twigs and Jayton, the game being one of the best of the season. The score was one to nothing in favor of the Shinnery Twigs.

D. D. Hagins, of Gilpin, dropped in Tuesday and had his subscription to the Texas Spur shoved up ahead of time. Mr. Hagins has been "struggling" through the past hard years, but is now on his feet, having a number of bales of cotton now waiting for a market, and has the very finest prospects for big harvests again this fall.

N. A. Baker, who is now managing the Gorman Hardware Company, a branch of the Spur Hardware & Furniture Company, spent Monday and Tuesday in Spur on business and also greeting his many friends and acquaintances of the town and surrounding country. Since the very beginning of Spur until last year, Mr. Baker was one of the leading men of the town in every progressive movement. He may remain down in the oil belt while times are flush, but he will never forget Spur, and very probably when he gets rich and ready to retire he will return here and again establish his residence here.

H. G. Perry, of the Soldiers Cash Grocery, left this week for Stephenville where he will remain indefinitely. Mr. Perry has entered the campaign in that county for representative to the legislature, and should his candidacy be favored above that of his opponent in the campaign, Mr. Perry will probably arrange to spend his time after the November elections in Austin. During the time he is serving as legislator Mr. Perry contemplates attending college for special courses. His many friends in Spur and surrounding country wish him success in the campaign.

Dr. J. E. Montgomery, of Stamford, was in Spur recently, spending two or three days here giving special treatment in eye, ear, nose and throat troubles. He informed us that he had a more extensive practice on this occasion than ever before since coming to Spur. Dr. Montgomery makes regular trips to Spur. He is not only a man of ability in his profession but is one in whom confidence can be safely placed. We have known Dr. Montgomery for thirty odd years.

J. I. Greer, of the Lone Oak Farm and Ranch west of Spur, was in town Monday and had us change the address of his paper from Spur to Hot Springs, New Mexico. Mr. Greer and wife intend to leave for New Mexico some time this week or the first of next week should the roads fail to dry out by that time. They will probably remain in that country until fall, taking the baths at Hot Springs and visiting their daughters in other parts of New Mexico.

J. N. Zumwalt, of the Highway section of country, was among the many in Spur Saturday of the past week. He was wearing a smile—and who would not smile at the big rains we have been having?

Geo. S. Link is this week having an addition built to his residence in the west part of the city.

Wood Cutting Prohibited On Spur Lands!

Notice is hereby given that any person who cuts wood of any kind whatever from any of our lands any where now or hereafter will be prosecuted to the fullest extent of the law without favor or consideration

IN Some localities in past years, the lands have been shamefully cut over, regardless of our rights, and those of purchasers of land not occupied. Many otherwise honest men, have come to think that what others have done, without a penalty resulting, they can also do, and there is an increasing disposition to appropriate wood wherever it may be found, no matter to whom it belongs. This must be stopped. We must protect the people who have already bought Spur Lands, and those who will hereafter buy them, from this wood cutting. Some people pretend to think there is no objection to it. This is, therefore, public notice that no one has our permission to cut, saw, grub, break down or gather wood of any kind whatever from our lands anywhere, and that prosecution will certainly follow trespassers hereafter without favor.

20-Acre Block, known as the Moore block, on Dickens road, for sale at a bargain. Also new cottage south of school building. See W. M. Ledford, Spur, Texas. 29-4t

W.-L. McAteer, of several miles to the north of Spur in "Egypt", was in town one day this week and while in the city was a very pleasant caller at the Texas Spur office.

W. E. Gates, of the Afton country, was here one day the past week.

While in town Monday D. G. Simmons, of Duck Creek, stated that we had a light rain here in comparison with what fell in his section. In fact, he said, before the last two or three inch rain his section was beginning to get too wet. The country as a whole is now wet to the bottom and has an ideal season. There is just one thing to prevent harvesting an abundant yield this fall—and that is hail.

Driller Burns and T. M. Maples, of the 24 Ranch test well for oil, were in town Monday after repairs for the water pump which continues to give them trouble. However, the necessary repairs were secured and drilling operations were again resumed Tuesday. The well is now over sixteen hundred feet deep, still drilling in the dark gray lime and looking very good for an oil gusher.

P. L. Sawyer, who is here now to superintend the race meet to begin May 27th, contemplates making Spur his home hereafter. He intends to engage in the meat market business and will open up his market about June first. At the close of the Snyder schools he will move his family to Spur.

A. A. Allen, of Croton, was here Tuesday of this week buying a few supplies and on other business. He is very optimistic concerning the crop conditions now. He says that there is only one thing to prevent bumper harvests, and that is hail which falls only in sections.

Mrs. W. M. Gray, wife of Driller Gray at the Davis test well for oil, returned Tuesday from Fort Worth where she has been in an hospital for treatment. Mr. Gray went to Fort Worth and accompanied Mrs. Gray home.

Mr. and Mrs. J. F. Parr, of west of Spur, were in the city Monday and while here were pleasant callers at the Texas Spur office, renewing their subscription to the paper for another year.

Will Watson, of nine miles east of Spur, was on the streets Tuesday. He is another one of the farmers who is smiling broadly these days at the big rains we have been having.

Miss Jennie Shields is now seeing the sights of Washington, D. C., she being in attendance upon a Baptist conference.

J. W. Baker returned Tuesday of this week from a business trip to Dallas.

It's dollars to doughnuts—

no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

John T. F. Tallant, of the Gilpin country, was in town Monday. He says we can tell 'em that it rained.

Highest prices paid for few cars of bright maize heads. Am also in the market for ear of corn.—C. E. Herod.

J. R. McArthur and family, of west of Spur, were in the city, Tuesday shopping.

THE STATE OF TEXAS
To The Sheriff or Any Constable of
Dickens County—Greeting:

You are hereby commanded to sum-
mons R. F. Williamson, by making
publication of this citation once in
each week for four successive weeks
previous to the return day hereof; in
some newspaper published in your
county, if there be a newspaper pub-
lished therein, but if not, then in any
newspaper published in the nearest
county where a newspaper is publish-
ed, to appear at the next regular term
of the District Court of Dickens Coun-
ty, to be holden at the Court House
thereof, in the town of Dickens, on
the fifth Monday in May, A. D. 1920,
the same being the 31st day of May,
A. D. 1920, then and there to answer
a petition filed in said court on the
8th day of April, A. D. 1920, in a suit
numbered on the docket of said court
No. 605, wherein Mrs. Sallie William-
son is plaintiff, and R. F. Williamson
is defendant, said petition alleging in
the form of trespass to try title, that
the plaintiff on or about 1st day of
April, A. D. 1920, was lawfully seized
and possessed of the following describ-
ed land and premises situated in the
county of Dickens, and State of Texas
holding and claiming the same in fee
simple, to-wit: 160 acres of land,
known as Abstract No. 1131, patented
to R. F. Williamson, under Patent No.
34, Volume No. 33, and being Pre-
emption No. 9719; That on or about
the last named date defendant unlaw-
fully withholds from her the posses-
sion thereof, to her damage \$2000,
and that the reasonable annual rental
value thereof is \$1,000.

That the defendant on or about the
13th day of October, A. D. 1906, in
the then territory of New Mexico, se-
cured a divorce from this plaintiff;
that the defendant about two years
prior to the last named date, voluntar-
ily and without just provocation or ex-
cuse, abandoned plaintiff and their
several minor children, and has con-
tributed nothing to their support since
said time; that plaintiff upon hearing
of the divorce of defendant from this
plaintiff repudiated all claim of right
or title in defendant in any of said
land and premises, and since when, the
plaintiff has continuously and notori-
ously claimed and asserted title and
ownership therein, as her sole and sep-
arate property, paying taxes, render-
ing same in her own name, improving
same out of her own means, all of
which defendant had notice from said
last named date; That plaintiff has had
and held peaceable possession of the
same as against the said defendant,
cultivating, using or enjoying the
same for a period of more than ten
years after her repudiation of defend-
ant's claim therein, as hereinbefore
stated, and defendant's notice thereof
and before the commencement of this
suit, wherefore, plaintiff has title to
all of said land and premises under the
ten years Statute of Limitation.

Wherefore, plaintiff prays judge-
ment of the court, that said defend-
ant be cited in terms of law to appear
and answer this petition, and that
plaintiff's title and right of possession
be established to all of said land and
premises, and that she have judge-
ment for the title and possession of
above described land and premises,
and that defendant, his heirs and as-
signs be forever barred from any and
all claim of right or title to said pre-
mises or any part thereof; and that writ
of restitution issue, and for special
and general relief.

Herein Fail Not but have before
said court at its aforesaid next regu-
lar term, this writ with your return
thereon, showing how you have exe-
cuted the same.

Given Under My Hand and the seal
of said court, at office in Dickens,
Texas, this 26th day of April, A. D.
1920.

M. GAY, Clerk
District Court, Dickens County
By S. L. DAVIS, Deputy

WHEN YOU PAY BY CHECKS.

You get a Receipt in Every Case through the Endorsement of
the party to whom the check is made. It is a pretty good thing
to have, and saves any question as to whether an account is paid
or not. This is only one of the advantages of a bank account;
there are many others. If you have no checking account, we
would like to have you open one with us. Wont you drop in
and talk the matter over.
