## THE NORTHWEST TEXAS FAIR A SUCCESS

### Good Attendance and Many Interesting Features, Notwithstanding Discouraging Conditions.

#### The Progressive Citizenship of Spur Stages a Splendid Parade in Honor of the Big Event.

The big annual event of the Northwest Texas Fair Association is now a thing of the past for this year. It was three big days. Thousand of people from every section of the county paraded the grounds and thronged the streets each of the three days, taking advantage of the event by viewing the exhibits of livestock, hogs, poultry and agriculture, and making it an occasion of friendly, beneficial social intercourse.

Notwithstanding the discouraging conditions and the disadvantages encountered, the fair this year was a success with respect to its exhibits, its entertaining program its attendance and in a financial way. President C. L. Love of the fair association, backed up by his active committeemen, deserves the highest commendation and congratulations for the success attained under the circumstances.

While the gates to the grounds were opened to the public at nine o'clock Thursday morning, the real opening of the fair followed the grand parade of decorated floats which started from the Spur Inn at 1:30 in the afternoon, parading the principal streets of the town and down the main street to the fair grounds. This parade was one of the biggest and most appreciated events of the fair, being under the direction of C. S. Houck who deserves much credit

for the showing made. In the procession there were thirty seven decorated floats, many of which deserve special note, and all of which were attractive, appropriate and did credit to the occasion. C. S. Houck, dressed as a clown and riding a small mule beside a beautiful young lady on horseback, lead the procession, immediately followed by the band wagon bearing the Spur Band of twenty two pieces of music and as the martial airs floated out over the crowds it lent encouragement to the town's invitation to visitors within our borders to let good-fellowship and joying decorated floats in the procession were the Spur National Bank, City National Bank, Bryant-Link Company, Farmers Grocery, Hogan & Patton, C. Hogan, Central Market, City Drug Store, Red Front Drug Store, Spur Drug Company, Godfrey & Smart, Campbell & Campbell, Spur Hardware & Furniture Co., Powell & Hindman, Spur Racket Store, J. H. Dobbins, Spur Tailor Shop, Ritter Hardware Co., P. H. Miller, Brazleton Lumber Co., Spur Grain & Coal Co., John Hazelwood, H. F. Sheppard, Spur Buick Co., J. P. Simmons, H. A. Boothe, Frank Goff, Thompson Shoe & Harness Co., Love Dry Goods Co., Bell Telephone Co. Willis Knight auto Baby Overland, Gem Theatre and Motor Hospital. Space will not permit a detailed description of each individual float in the procession, but the beautiful designs and appropriate ideas conveyed in the decorations and showings made the parade was one of the very best features of the affair. After concluding the parade on

the grounds, the big three days fair was on in full swing.

In the agricultural exhibit hall the showing was somewhat limited but nonetheless good and highly educational in view of the accomplishments in production under prevailing conditions and seasons throughout the crop year. Though limited in quantity, the quality was exceptional and the showing varied. In the booths were shown cotton, maize, feterita, kaffir corn, Indian corn, sorghum, alfalfa, canned and preserved fruits of all kinds, water melons, and general exhibits of every variety of farm product adapted to this Western country. The showing conclusively demonstrates that even under adverse conditions Dickens county and the great Spur country can make an agricultural production unsurpassed by older and more noted belts of other sections.

In the womens department the showing was replete in tatting, crochet, embroidery and other fancy needle work, giving unmistakable evidence of skill, artistic ideas and designs in this handiwork on the part of the women of the West. A list of premiums awarded in this and other departments will be found elsewhere in this issue of the paper.

Adjoining the exhibit hall and extending into the midway of amusements were mercantile exhibits showing leading stocks of goods, including Spur Hardware & Furniture Co. with engines, wagons, farm implements and machinery; Ford Service Station with Ford cars, Fordson Tractors in action doing duty for a feed grinder as an adjunct to farm help and progress; Bryant-Link Co., with hardware, farm implements, machinery, Overland Cars, etc., Spur Buick Company with Buick cars and aluminum ware. These mercantile exhibits was a new but attractive and beneficial feature, and hereafter will become a permanent yearly showing on the part of merchants.

The fair was an unqualified success with respect to the quantity and excellence of its livestock, hog and poultry exhibits. There were in the stalls 47 registered dairy cows, 4 baby beeves, 3 herefords and 1 black poll; 71 head of registered hogs; and 44 pens of purebred chickens and turkeys.

The dairy-cattle showing was particularly good, J. W. Ridgway, field man for the Mistletoe, Creameries and for several years head of the Department of Dairying of A. & M. College, expressing the belief that it was the best aggregation of Dairy cattle to be found in this section. We were reminded of the fair just two years ago when all, or nearly all the dairy cattle shown were grade cattle, and contrasting it with this splendid showing of registered Jerseys, practically all of which have been bought and brought in from the best herds in Texas within the past year, we see that old Dickens County is rapidly forging to the front in the dairy business, and within a short time we may be the Mecca for the buyer who wants the best in breeding stock and has money to pay for it. Rev. J. P. Patterson, took Grand Champion on his three-year-old Jersey cow, while Guy Karr, a son of

J. Luther Karr of Espuela, won the bull championship on his senior yearling bull. J. Luther Karr won first prize for best exhibits of dairy cattle from one farm, showing six head, four of which had won ribbons in the single classes. Second place in class was won by the sons of W. F. Foreman, and third by J. V. Powell.

A. B. Morgan of Espuela, showed what is said to be one of the heaviest milking Jerseys in the county, and which he recently purchased from the herd of J. Riley Green in the sale which was conducted under the auspices of the County Agent. In fact, much of the best material in this show was from this herd, and from the Weatherford herd which was brought in last January. Splendid registered Jersey bulls were shown by D. G. Simmons of Duck Creek and J. V. Powell of Highway.

In the hog department a splendid showing was also made, W. A. Stearnes taking Grand Champion on his Scissors sow, bought from the Alexander, Michie and Jones herd at Childress. This splendid sow weighs over 400 pounds in breeding condition, and is only 18 months old and has already raised a splendid litter of pigs. Leonard Middleton of Afton showed the Champion Duroc boar, a wonderful animal which he bought from John Bader of Stanton, Neb. Champion Duroc sow and litter went to the Texas Experiment Station on a good little sow and six fine pigs. W. T. Wilson also showed a dandy young boar. W. A. Stearnes showed both junior champion sow and boar pig. In the Poland China class, outside of the Boys' Clubs the showing was not as wide as in the Duroc class, but some splendid individuals were shown, including a sow shown by D. G. Simmons, Jr., of Duck Creek, and a boar shown by Emmett Hagins

of the same place. These animals took championships in their respective classes.

J. V. Powell took first prize for best team, while C. S. Leatherman showed the champion mare. First prize for colts was won by H. A. Drury of Spur.

The poultry showing would have done credit to any county and the agricultural exhibits, while very short owing to the extremely dry weather, showed wide variety. (Anything further desired here may be obtained from F. G. Collier).

The winners of the four free trips offered to the boys went to Doyle Middleton of Afton, who showed a splendid Registered Hereford heifer and a fairly good exhibit of milo-maize, Harold Karr of Espuela, who won Grand Champion in a good class of registered Jerseys with his Junior calf and who also took a first on his Spur Feterita, Lawson Morgan, also of Espuela, who took first with his Poland China sow, and Robert McCormick of Afton, who won first on Duroc gilt, first on corn and second on milo. In the girls club, Lucy Lea Hagins of Duck Creek and Ludelle Perry won free trips to the Fair at Dallas. There were over 200 entries in the girls and boys club department.

An interesting entry in the Dairy Calf Club was that made by the four Forman boys of Espuela, each of whom showed a registered Jersey heifer. These heifers were brought in the Green sale in July, each of the boys buying a heifer, then the four clubbing together and buying a good young highly-bred bull. This group won second place in the general dairy cattle exhibits, besides taking 1 first, 1 second, and 1 third ribbon in the

**HENS HAVE SAVED MORE HOMES THAN ALL COTTON AND CORN**

Hens as home makers may appear a rather odd title, and by some even crude. Yet the fact remains that in Texas the hens have made and saved more homes than all the cotton and corn grown. In West Texas especially is that true. I can well recall a time several years ago, when the drouth was putting the farmers out of business; all that was necessary to do to understand the real conditions of affairs was to spend several weeks in the country on the farm where no chickens were kept, on the henless farms and one could not help but note the destitute shape of many of these farmers.

I repeat, the henless farmer had about absorbed all his credit with the bankers and merchants in his home town, unless it rained very soon the future was none too bright. On the other hand, the farm stocked with a flock of standard bred poultry, without an exception still had credit and the daily returns of the poultry flock paid for many of the family necessities. Too much cannot be said in favor of preparedness. In West Texas, where plenty of rain has put added life in the farming business, now, is the time to stock up each farm with a flock of standard bred fowls. The drouth or bad times have no great effect on the poultry business. In fact, the past two years' experience clear-proved that the poultry business is a hard times business.

All farmers will do well to stop and read these lines: It is the egg basket that supplies the groceries on the ables. The same basket also provides for the small shoes and dresses, hats, and books and pencils. Yet that is not all, this same basket supplies the very comforts and necessities of life. If there are any home conveniences, in the majority of cases the poultry flock paid for them. If there is music and books, the chickens on the farm made them possible. If the farm wife has her own bank account, you can depend on it the hens did it.

A flock of hens is a home maker in every sense of the word.

The backyard flock does much to add home life to those working long hours in the offices and shops. The backyard flock has prolonged the life of many a hard working business man. The change, outdoor exercise, fresh air and contact with living things is a benefit to any man or woman.

Many people are still of the opinion that chickens need no home or protection. That they will do just as well roosting in trees. This is true in all sections of Texas. To these people we can only say, you are not going to make anything out of the poultry business, better go in the rug business, some other profession or line of farming. Chickens are entitled to a home and protection and must have it to produce the best results. The chicken house need not be expensive, in fact, it is much better to build a \$50 hen house and put a \$100 flock inside than vice versa. Any kind of a shelter will do, just so it has a good roof and two or three sides. Not so with the kind of chickens; they must be of the highest grade.

How many flock of mongrel chickens are there? We can only answer that approximately 95 per cent of the poultry in Texas is still of a mongrel origination. This is indeed a sad state of affairs, and there really is no good reason for such a condition. It is undoubtedly a fact that scrub or mongrel chickens are not as profitable as standard bred poultry. Some claim that mongrel fowls are stronger, this is not true; in fact, it is far from the

truth as anything can be. Carelessness and shiftlessness are the only reasons that have any foundation. A flock of standard bred hens are three to four times as profitable as a flock of mixed, or just eating chickens. We sincerely hope that this fall many farmers and others will make an honest effort to get good chickens and place them in a properly constructed hen house. Let us sell the mongrels and invest the money in half as many standard bred fowls, and realize more and greater net returns. The mongrel, be it a chicken, cow horse, sheep, goat or dog, is out of date. Their time has come and gone. We must resort to the most up to date methods and the highest grade stock on our farms if we hope to be able to remain in business in the future.

Many poultry flocks at this very time are being literally eaten up alive by vermine, like mites, lice, blue bugs. In Texas it is very important to realize and believe this and before warm weather sets in to go out into the hen house and investigate. Warm weather causes these vermin to multiply very rapidly, in fact, to such an extent it is almost unbelievable. We have found simple remedies the best to control these insects.

For lice that remain on the fowl all the time we have found nothing better than to dip them in a dip made as follows: One ounce of sodium fluoride (a white powder that may be purchased in any drug store) to a gallon of water. This will kill all the lice on the fowl and the nits that will hatch later. We have found it by far the greatest method. It is recommended by the highest authorities.

For the ever present and rapidly multiplying red mites we have found nothing better than the weekly application of crude oil, kerosene or Beaumont oil. Paint it over the entire inside of the house thoroughly. Other more expensive methods are advertised, but they are no better.

Then we come to the blue bug, a particular pest in West Texas, although he is rapidly spreading to all sections of Texas and is even invading Oklahoma. He originally, like the boll weevil, came from Old Mexico, and is taking much the same route. The blue bug or fowl tick acts and lives very much like the red mites, and must be attacked in much the same way.

In fighting and killing blue bugs the liberal use of carbolineum, we have found the most satisfactory. The carbolineum is painted over the inside and outside of the house about twice a month. This same product is also known as wood preservative, and may be purchased from poultry supply houses, drug stores and lumber yards. We have not been able to locate anything strong enough to kill the bug by dipping the fowl without injuring the bird.

We have not been able to locate anything that may be fed to chickens that will kill the bug, notwithstanding many old remedies that are claimed to do this; also some new ones. They may do it on paper, but not out in the poultry yard. We have feed sulphur to chickens until you could smell it 100 feet away from the coop, and yet the hens were full of lice and the houses and hens full of bugs.

In spite of this many people still cling to this old idea that you can kill vermin on chickens by feeding them something like sulphur or blue bug killer and expect results. We know that it cannot be done. To kill any kind of poultry vermin the only safe and sure way is to put something on the bug strong enough to put him out of business.

In feeding the chickens, let us re-

member that they like a variety and appreciate some regularity. The plan practiced on some farms of expecting the hens to scratch their entire living from the waste grains and manure yard is not quite satisfactory to the hens. They should be fed regularly of good wholesome feeds like the rests of the farm stock. Especially would like to call attention to animal food.

Chickens are different to other kinds of live stock in this respect, in that they demand something to take the place of bugs and insects, in order to make good growth or give good egg production. We have fed skim milk and meat scraps to advantage. Rabbits and other animals may also be fed. But in the summer is best fed cooked to prevent poisoning. In this article we can only ask that poultry keepers study the question of feeding. If you belong to the class that don't feed their chickens at all or make a practice of once a week throwing out some feed for the chickens, without any regard for kind, quality or amount, I hope that you will at least be fair minded enough not to expect the chickens to make something out of nothing. They are stock and must be fed with some care to produce results.—By F. W. Kazemier in Fort Worth Star-Telegram.

The Bank of England has gone on Germany's note to meet the latter's debt to Belgium. It was only about seven years ago that every German began his day's work by hating England and singing a song to that effect.

**DRY CAPTAIN ACCUSED OF STEALING BOOZE**

Atlantic City, N. J.—William H. Brinton, group captain of Federal prohibition agents for Atlantic, Cape May and Burlington Counties, N. J., was arrested here last Saturday charged with "conspiracy to embezzle and steal whisky and alcohol in the custody of the Treasury Department in Eldredge's storehouse"

The arrest followed soon after Winfield Hickman and Sam Massey, alleged co-conspirators, had been held in \$2,500 bail.

Assistant United States District Attorney Pearse declared the Eldredge warehouse had been systematically robbed over a long period and that Brinton had held the keys part of the time. Brinton was held for the grand jury in \$5,000 bail.

**WHAT THE FARM  
BUREAU HAS DONE**

Welded together the largest farmers organization ever builded in the world. 2000 counties, 2,000,000 farmers to promote the organization interest.

Vitalized cooperative marketing of all agriculture products in America.

Appointed the farmers wool marketing committee of 25 which has developed cooperative wool pools in 18 states handling a total of forty million pounds of wool a year, showing a saving of about three million dollars to the farmer annually.

Endorse the cooperative marketing plan of the American Cotton Growers Exchange, organize the Farm Bureau Cotton pool in every cotton state in the South and have pooled about 30 per cent of the cotton produced in the U. S., which are setting up the machinery to handle this present crop. The estimated saving in the commodity will mean millions of dollars saving the cotton growers this year.

Organize the tobacco growers and pool about 6 per cent of the total tobacco crop which will mean a saving of millions of dollars.

Work out a transportation policy for an immediate reduction of freight rates, that have been accepted by the interstate commerce that and to about 55 million dollars saving for the farmers.

Participate in grain and livestock rate cases and to the extent of receiving 45 million dollars of over charges in shipping hay and livestock.

Reduced railway valuation for the purpose of computing the guaranteed income and saving one billion, seven hundred million dollars, which makes an average saving of about \$30,000 for every farmer in the United States.

Cooperated with state Farm Bureau in improving transportation conditions locally and aided in making better railroad rules affecting farm products.

Passed a packer control law, there stopping indirect drains on producers of amount 80 times the amount it cost to run the American Farm Bureau Federation.

Secured extension of War Finance Cooperation power to lend one billion dollars to the farmers at a low rate of interest.

Appointed a salaried taxation director worked out a tax policy retain excess profit tax. Killed the sales tax and prevent the sale of free tax securities.

Gathered and shipped to Europe a million bushels of farmers gifts, corn saving from starvation thousands of children and extending a market abroad for American corn.

Conducted Farm Bureau meetings all over America and presented the farmers own case to congress and the public.

Established contracts with agricultural colleges, the Extension Service, the U. S., department of agriculture, the Government Organizations and the public at large, which have gained a profound respect for the Farm Bureau because of the service which the organization renders to agriculture and the nation.

Conducted in biased research on problems of agriculture and submitted facts and figures to prove the true mind and the purpose of the American farmer.

Established the truth principle in publicity, maintained on open door policy, retained documentary evidence for all Farm Bureau News, and marshalled an array of public opinion behind the farmer, such as no organization efforts has ever enjoyed.

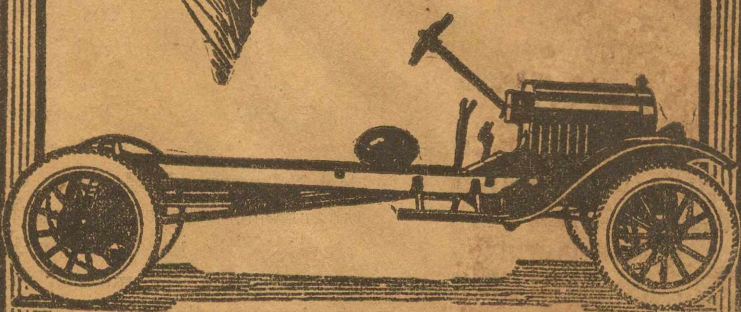

Carried forward the aspiration of the American farmers to secure true and social justice for agriculture and

**'WOMEN OF INVISIBLE  
EMPIRE' OBTAIN CHARTER**

Austin, Tex.—An organization of women to be national in its scope and which plans to work in close co-operation with the Ku Klux Klan has just obtained a charter from the Secretary of State here. It is called the "Women of the Invisible Empire of America." The headquarters of the organization are in Dallas, but its incorporators are scattered over the State. It is authoritatively announced that organizers will be placed in the field in other states and that the wives and other female relatives of members of the Ku Klux Klan are expected to join the new movement. Purposes of the corporation, as stated in the charter, are:

"To educate women in the science of government and history of the United States and contribute from funds gathered by such organization to orphanages and religious and similar deserving institutions."

Incorporators named are: Mrs. William M. Powell and Mrs. Hattie M. Beard Dallas; Mrs. Nora E. Baker, Mrs. C. E. Preston, Gauze; Mrs. S. C. Finley, Comanche; Mrs. Kate I. Baker, Orange, and Mrs. Will Tidwell, Ector.

**PLANE ONLY 15 FEET LONG,  
WITH 12-FOOT WING SPREAD**

San Antonio, Tex.—The smallest plane ever to land here arrived recently from Ellington Field, bearing Lieut. Melvin P. Asp, its builder.

Asp could find no plane small enough to suit him. He, therefore, built one measuring 15 feet in length and having a 12-foot wing spread. It is propelled by a 60-horsepower three cycle Lawrence motor, and develops a speed of 140 miles an hour.

Lieut. Asp flew here in 2 hours and 20 minutes. He stopped once to replenish his 11-gallon gasoline tank Kelly Field officers laughingly accused Asp of carrying a reserve supply of a pint of gasoline in a hip pocket flask. Asp's plane, with motor throttled down, shows better speed than a big craft at cruise speed.

**"GEORGIA COCKTAILS"**

Over in Louisiana, to be exact, at Sioux City, policemen found two men on the verge of a fist fight over the portion of a watermelon. The police men inspected the melon "It smelled and tasted like moonshine," they said. They took the men and the melon to the police station, and as a result are now on the trail of a bootlegger who has conceived the idea of pouring whiskey in a watermelon and selling it for a "Georgia Cocktail"

**POTATOES AND OLIVES**  
SERVED EN CASSEROLE

HOW often have you said: "This recipe is excellent, but some of the ingredients would be hard to get?"

Here is one that needs nothing but a few potatoes, and a bottle of Spanish green olives that may be procured at the nearest corner grocery—yet Potatoes and Olives en Casserole is "fit for a king."

Peel and boil some good mealy potatoes. Mash them. Pile them in a glass baking dish, leaving an opening in the center. Put in oven and brown. Before sending to table, fill the center with one cup chopped Spanish green olives.

**TWO CARS COLLIDE ON ROAD**  
RESULTING IN COSTLY WRECK

Saturday morning while the roads and highways were lined with cars and vehicles coming in to the Spur fair, a costly collision occurred on the Spur-Dickens highway when the J. P. Goen automobile collided with the Walter Jackson car, resulting in totally wrecking the Jackson car and considerably damaging the Goen car. Fortunately occupants of the cars escaped serious injury.

Considering the extraordinarily large volume of traffic on the streets and highways during the three days of the fair, it is a miracle that more accidents did not occur, and no blame attaches to the few which did happen. They were merely unavoidable accidents.

**JIM CADE ON TRIAL FOR**  
MURDER IN KENT COUNTY

Jim Cade, son of Cal Cade in Kent county, is now on trial in District court which is in session at Clairemont, charged with the murder of Peterson in the A B C community last February. Evidence in the case was complete Wednesday and the case placed in the hands of the jury in the afternoon. A mistrial resulted, the jury standing 8 to 4 for acquittal.

**MARRIED**

Saturday evening of last week Miss Thyra Gilbert and Mr. Dan Holloman were united in the holy bonds of matrimony, Rev. L. L. F. Parker officiating.

Miss Thyra is the daughter of Mr. and Mrs. D. J. Gilbert of the Twin Wells community five miles south of Spur, and is a young lady of personal charm and beauty, while Mr. Holloman is a young man of integrity and ability with a promising future. The Texas Spur joins their friends in extending congratulations, and may Mr. and Mrs. Holloman enjoy many years of happiness and prosperity together.

**NOTICE**

All parties whomsoever are hereby notified and warned that hunting, wood hauling and trespassing in any way is absolutely forbidden in any of my pastures, and all violations of this warning will be prosecuted to the full extent of the law.—Ed Lisenby, 49tf.

—Trade in Spur—

H. F. Morris, just over the line of Kent county, was in Spur Tuesday. Mr. Morris is the democratic nominee for county commissioner of his precinct in Kent county, and will make his constituents a safe, sane and progressive representative of public business matters of which the commissioner's court is the real head. In speaking of his cotton crop Mr. Morris stated that he would make about one-fourth bale to the acre. Crops in general are turning out better than was expected at the beginning of the picking season.

—Trade in Spur—

F. C. Gipson and daughter, Miss Mildred, of Dickens, were guests of friends in Spur Monday of this week.

—Trade in Spur—

Sheriff Bob Goodall and wife, of Clairemont, were guests of friends in Spur the first of the week.

—Trade in Spur—

Mrs. Dixie Smith, of Snyder, was among the shopping visitors to Spur Monday of this week.

—Trade in Spur—

Sam McCombs, Jr., and wife, of Jayton, were in Spur Monday, shopping and visiting with friends.

—Trade in Spur—

Mrs. Alexander and children, of Jayton, were guests of friends in Spur during the fair.

**COUNTY AGENT JOHNSTON IN**  
LUBBOCK JUDGING FOR FAIR

County Agent Johnston was called to Lubbock Thursday and Friday to serve as judge of the agricultural exhibits at the fair this week. Mr. Johnston will also go to Matador Saturday to judge both the agricultural and livestock exhibits in the fair at that point. Later he will go to Plainview as judge in their hog show.

County Agent Johnston has practical as well as theoretical knowledge in his line of work, and is an expert in the capacity of judging in both livestock and agriculture, which fact is appreciated elsewhere as well as in his home county.

**SPUR HOGS TOP THE MARKET**  
IN CO-OPERATIVE SHIPMENT

In the co-operative shipment of hogs and cattle which was made from Spur Friday of last week, the hogs topped the market in Fort Worth, at a price of \$9.50 per hundred.

In the shipment were nine car loads of hogs and cattle, and the total receipts from the shipment amounted to \$4,854.92 to be distributed over the country to farmers making up the shipment.

**POST 13—SPUR 6**

The Spur H. S. Football squad opened the 1922 season at the fair grounds Friday September 22, 1922. Altho, Spur was defeated in the final score, they were not defeated in spirit, sportsmanship and real Football playing. It would take too much time and space to write ever play and the star playing by each individual player, but will say that every individual player for Spur STARED in our opening game.

The only touch down made by Spur was when quarter back "Burnam" completed a fifteen yard forward pass to Bilbrey, who ran 40 yards through a broken field for a touch down.

This is Spur's second year playing Football, and they are showing up above the ordinary as amateur Football players, and every citizen of Spur should come out and support the High School boys.

The line up: C. Burmon, Q. Brasher, R. H. S. Potts, L. H. Carr, F. E. Bilbrey, R. E. Edmonds, R. T. Rogers, R. G. Vernon, C. Manning, L. G. Powell, L. T. Davis, L. E.

Bryan Speer was in Spur Monday from Draper. He will be superintendent of the Wichita school this year was making preparations for the term in October. He will have the course of study published in book form for school patrons.

—Trade in Spur—

L. L. Arnold, of Duck Creek, was among the number in Spur Tuesday ginning and marketing cotton. He reports everything moving along nicely in his part of the great Spur country.

—Trade in Spur—

All parties knowing themselves indebted to me will be expected to make settlement by Nov. 1st, or accounts will be turned over to a lawyer for collection.—T. M. Maples. 1tp

—Trade in Spur—

Mrs. C. D. Copeland returned last week from Marquez where she has been with her father who has been critically ill.

—Trade in Spur—

County Attorney Worswick, was in Spur Monday from Dickens, spending several hours here on business and meeting with his friends.

—Trade in Spur—

W. M. Hunter was here on business the first of the week from his farm home five miles east of Spur.

—Trade in Spur—

Mrs. Tom Russell, of Breckenridge, in Spur visiting her parents, Mr. and Mrs. Chas. Windham.

**NOTICE**

THE STATE OF TEXAS

County of Dickens.

WHEREAS, an order was passed by the Commissioner's Court of Dickens County, Texas, ordering an Election in McAdoo School District No. 15, within said County, on the 21st day of October, 1922, for the purpose of enabling the freeholders of said school district to determine whether horses, mules, jacks, jennets and cattle shall be permitted to run at large in this said District.

Now, therefore, I, Chas. McLaughlin in my capacity as County Judge of Dickens County, Texas, do hereby order that an election be held on the 21st day of October, 1922, at the voting Precinct therein to determine whether horses, mules, jacks, jennets and cattle shall be permitted to run at large in this said School District. No person shall vote at said election unless a freeholder and also a qualified voter of said County and School District under the Constitution and laws of this State.

All votes at said election shall be by ballot; and voters desiring to prevent the animals designated in this order from running at large shall place upon their ballots, the words; "For the Stock Law," and those in favor of allowing such animals to run at large shall place upon their ballots the words, "Against the Stock Law."

Said election shall be held at the usual voting place in the election precinct of McAdoo, Dickens County, Texas. And the following named person has been appointed as manager of said election at the voting place, and who shall appoint his own clerks. To-wit: J. F. Phifer.

The above named manager of said election shall within five days after said election has been held, make due returns thereof to the Commissioner's Court of this County as is required by law for holding a general election.

Dated this 11th day of September, 1922.

CHAS. MCLAUGHLIN,  
County Judge, Dickens County, Texas.  
—Trade in Spur—

**DIES FROM SNAKE BITE**

The little four year old boy of Mr. and Mrs. Orvil Fowler that was bitten by a rattlesnake last Wednesday died Thursday at 3: a. m., this also being the fourth birthday of the unfortunate little boy. Funeral services were conducted at the Crosbyton cemetery Friday afternoon by Rev. H. C. Gordon. The Hustler joins the many friends of the family in extending deep sympathy in this sad hour of bereavement.—Crosby County Hustler.

**SHOE HOSPITAL**

Have your shoes treated properly at the following prices:

Sewed Soles -----\$1.50  
Tacked Soles -----1.25  
Rubber Heels -----50c.

Shop located next door to Spur Bottling works.—C. P. Williams. tf.

—Trade in Spur—

O. I. Taylor, was in town Tuesday with cotton, but was undecided as to whether or not he would accept twenty cents, the price offering for the day in Spur.

—Trade in Spur—

Mrs. McKenzie, of Peacock, was among the many out of town visitors to the fair, spending the time in Spur with friends.

**WORK STARTS ON NEW \$30,000**  
BAPTIST CHURCH BUILDING

Actual work was commenced Tuesday of this week on the new thirty thousand dollar Baptist church building. The old tabernacle building is now being moved from the lots on which the foundation will be laid for the new brick structure.

The plans and specification as contemplated for the building, is for a foundation 88 by 54 feet in dimensions, facing the north. The basement is to be cut into a number of Sunday school class rooms with a 40 by 30 auditorium. On the main floor will be several class rooms with a 40 by 50 foot auditorium, giving a total of twenty Sunday school class rooms so arranged in both the basement and on the main floor that folding doors may be opened to make the class rooms a part of the auditorium. In this manner the main auditorium will have a seating capacity of approximately seven hundred people.

For lack of funds at this time, the financial heads of the Baptist church plan to only complete the basement of the building which can be used temporarily or until such time as the membership is more able to contribute the necessary amount to complete the building.

As planned the Baptist church building of Spur will be one of the largest, handsomest and most modern church edifices within all of Western Texas.

Christianity is the foundation upon which our civilization stands and survives. Churches and schools are the bulwarks of religion, education and civilization. Such institutions portray the life and ideals of a community and a people and should be given precedence in public consideration and ever sacrifices made in their establishment and maintenance.

**PARENTS-TEACHERS MEETING**

On Tuesday September 26, twenty members of the parents-teachers association were called to order. And plans made and discussed for the work of the present year. Several new members were present.

Meetings will be held regularly on the 2nd and 4th, Tuesday of each month.

Members are urged to attend and all patrons of the school invited to attend and become members. The yearly dues which are \$1.50 may be paid to the Treasurer, Mrs. Jas. F. Williams.

C. A. Jones, of the Duncan Flat community in the north part of the county, was in Spur Monday. He recently sold his farm home of 160 acres in that community, but stated that he had just closed a deal with T. J. Harrison, of the same community, whereby he came into possession of the Harrison farm home.

—Trade in Spur—

**TO COAL BUYERS**

We are now in position to Book as we have a number of cars rolling grain, cotton seed products, etc.

**SPUR GRAIN**

**THE WHITEFLAT WELL  
MOTLEY COUNTY BLOWS IN**

The deep test for oil at Whiteflat, or better known as the Matador well blowed in a salt water gusher Sunday night at a depth of 4,800 feet. The bit went through the hard, flint or cap rock in which it had been drilling some time, striking a sand apparently favorable for oil, but after drilling three or four feet into this sand a heavy flow of gas was encountered. After blowing gas for a short time, salt waer came in and was blown over the derrick. Soon thereafter the gas flow subsided and the well is now standing with three thousand feet of salt water.

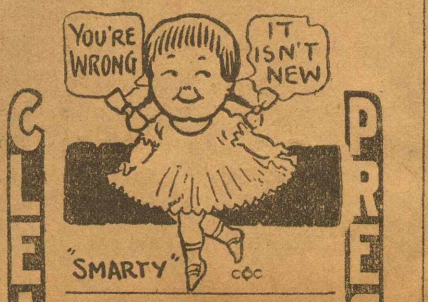

The drillers are now pulling the casing with a view of abandoning the well. Such wells as the Matador well occur in the oil fields, it is said, and therefore is not a definite conclusion that an oil pool is not within the territory. In fact such a well is reported this week in the Colorado oil field, near other oil producing wells, and from which salt water continues to flow. It is unfortunate that the Matador test could not have been drilled over the oil pool, which we verily believe is underground somewhere in this scope of territory along the Cap Rock.

Dr. A. Hefner, of just east of Spur met us on the street Tuesday and handed us a check for a dollar and fifty cents with the request that his name be added to the growing subscription list of the Texas Spur. Although we have been here since 1909 we have been unable to get the name of every citizen on our subscription list—but we keep working at the job, and when we do add a new name to the list it gives us as great pleasure if not as much benefit as a big job of printing. Some day we hope to have the Texas Spur in every home within the Spur territory.

Trade in Spur—  
Mr. Hoffman, formerly of Spur, but who now has charge of the P. H. Miller lumber business at Peacock, spent Monday and Tuesday in Spur on business and again meeting with friends and acquaintances of this section of the country. Mr. Hoffman was among the early settlers of Spur, being one among us during the booming days in establishing a substantial town which is today steadily advancing into the city class.

Trade in Spur—  
Will Jackson, formerly of Spur and engaged in the real estate business, but whom we understand now has no permanent location, spent several days here this and the past week, visiting with Oscar Jackson and family.

Trade in Spur—  
Dr. Reed, of Girard, was a business visitor in Spur Monday, reporting everything progressing satisfactorily in the Girard country.

I wore no new frock to the ball; It ain't another dress at all.

**MANAGER EXTENDS THANKS  
FOR CO-OPERATION IN PARADE**

I wish to thank the people of Spur who so willingly and so readily responded to a parade call. It is so nice to live in a town like Spur, where people love everybody. People like that always respond to make their town and country grand. It can not be said of Spur that we cannot have a parade, for we went over the top with a big one. I would not be ashamed of this parade in a state fair at Dallas or St. Louis.

Now, if we can put up a parade like that in five days, what will we do a year from now? I say we will make Spur the noted place in West Texas. Let's all pull together for a sure enough fair for Dickens county another year, and we will want the farmers' co-operation one year from now with decorated wagons, and believe me, we will sure have a parade.

Again I wish to thank every one who took a part in this parade and made it possible. Now be a booster, let's all be booster that live in Spur or Dickens county. If we cannot let's move.—Respectfully, C. S. Houck.

**MARRIED**

Wednesday at high-noon Miss Audrey Barber and Mr. Clifford B. Jones were married at the home of the bride's parents, Mr. and Mrs. G. L. Barber, Rev. Pattersn officiating. The wedding was a quiet home ceremony, only members of the immediate family being present, and while the approaching marriage was unheralded and unannounced to the public, it was none the less a pleasant surprise to the friends of Mr. Jones and the Barber family.

Miss Audrey was reared and educated in Spur, being a graduate of the Class of 1922 of Spur High School. She possesses the attributes of true womanhood, purity, beautiful personality, unassuming modesty and irreproachable character, is from one of the best families in West Texas, and capable in every respect to preside over a true and loyal home.

Clifford B. Jones is manager for the Swenson interests of this territory. He is a man among men and stands out with distinction in business and social life. His business ability capacity, for leadership and personalaffability has gained for him more than state-wide recognition and appreciation.

The Texas Spur wishes Mr. Jones and bride uninterrupted enjoyment of the pleasures of a holy union in establishing and maintaining that greatest institution of civilization—a true home.

Mr. Brownlow, substantial citizen and leader in every progressive movement in the McAdoo country, was in Spur Monday of this week transacting business affairs and meeting with friends and acquaintances. Mr. Brownlow is a persistent and successful small grain farmer and each year furnishes the markets with wheat and other small grain as well as cotton and grain sorghums. He came here several years ago from Oklahoma, and we are of the opinion that he exercised good judgement and foresight in selecting a location for diversified farming.

Trade in Spur—  
W. H. Taylor, was here Tuesday from Duck Creek, greeting his friends and trading a little on the side.

Trade in Spur—  
G. B. Morris, of south and east of Spur several miles, was here the first of the week marketing cotton.

Trade in Spur—  
Mrs. Dechard Barnes, of Abilene, is in Spur visiting her parents, Mr. and Mrs. Ed Lisenby.

Trade in Spur—  
W. F. Shugart, was here Tuesday with several bales of cotton for the buyers in Spur.

**SPUR FARMER MAKING FROM  
ONE TO TWO BALES TO ACRE**

Johnson Hunter told us this week that he had twelve acres of cotton from which he would pick more than twelve bales of cotton. In fact he said that he had some cotton which would make a thousand pounds of lint, or two five hundred pound bales, to the acre. This is the best cotton we have heard of anywhere in the country, and Johnson attributes the large yield as much to the kind of cotton as to the rich soil on which it is growing. There is no question but that the kind of seed selector, as well as the method of land preparation and cultivation, has all to do with the yield obtained in farming operations. We believe that if the majority of farmers of the country could settle on planting and growing the same kind and character of seed that much of the marketing worries would be avoided and better and more standard prices result. For instance, Johnson Hunter is growing Kasch cotton and gets from forty to fifty per cent lint turn out—If a majority of farmers would grow Kasch cotton the market could be more nearly standardized and the individual farmer could more definitely determine his probable income from a certain acreage. It has already been demonstrated beyond question that cooperative activities in any line of business is more effective and beneficial to the country than individual effort.

**MARRIED**

O. D. Daniel, of Spur, and Miss Lillian Greer of Iredell, were married Wednesday at the home of his sister, Mr. and Mrs. W. T. Andrews, Jr. Mr. Daniel was formerly of Iredell, having been employed as bookkeeper for O. L. Hale the past several months, and during which time he has become recognized as a young man of the highest integrity and business ability. His bride is honored with the love and highest respect of the people of her home town and those who know her, and is a young lady of personal beauty and charm. The Texas Spur joins friends in extending congratulations to Mr. and Mrs. Daniel and wishes for them continued happiness and much prosperity.

T. B. Sullenberger, who with his family is now living in Fort Worth, spent several days here this week looking after his farm property interests in the Steel Hill community. Mr. Sullenberger is a printer and pressman by trade, and farmer by adoption. He owns and controls three or four farm homes covering a section of land near Steel Hill. However, last year farming life became dissatisfactory and he purchased a home in Fort Worth where he and family now enjoy some of the pleasures, luxuries and advantages offered in a large city. However, we infer from the trend of his talk that Mr. Sullenberger is not entirely satisfied and contented with city life, and we have no doubt but that within a short period of time he will be back in the Glorious West, enjoying the refreshing breezes, health-giving ozone and the greetings of men whose hearts and hands are broad and liberal, with souls as big as the land in which they live. Men who have once experienced the bigness, broadness and wonders of the West, can never be content to shrivel up for delusions of city life.

Trade in Spur—  
Unile Emory Green, a leading citizen of Jayton, was among the business visitors in Spur the first of this week.

Trade in Spur—  
Miss Nettie Roberts, of Memphis, returned home Saturday after spending several days in Spur the guest of Mrs. Oran McClure.

**SUIT FILED OVER 9  
INCHES OF REALTY**

Cincinnati.—A suit over nine inches of real estate is pending in Hamilton County Common Pleas Court. It was filed against Joseph Heine by his next door neighbor, Joseph Novak, who asserts that the disputed territory has been "seized and held" and that he is unlawfully kept out of it. He asks that the land be restored to him and that he be paid \$100 damages for the loss of its use.

Mat Bingham arrived Monday night in Spur to spend a few days with his family and to recuperate from strenuous and unlawful laboring hours. Mat has quit the post cutting business and is now superintending teaming and hauling work for the Palo Pinto Oil Company. This company is controlled by the Swenson interests, and is doing extensive oil development work in the Palo Pinto and Stephens counties oil belt. Mat stated that on many occasions he was forced to stay on the job twenty four hours a day. The company is bringing in both oil and gas wells on their own property as well as leased holdings. Mat will remain in Spur several days before turning to the oil belt.

**Trade in Spur—  
PROMINENT WEST TEXAN KILLS  
HIMSELF SUNDAY AT RULE**

J. L. Jones committed suicide Sunday afternoon at his home in Rule. He and wife and other guests were preparing for an afternoon drive when he picked up a pistol, stepped into the bathroom, locked the door and shot himself through the head. He was a prominent West Texan, directing extensive business operations, being interested in a number of stores, gins & oil mills, one of which is located at Girard and one in Spur. Ill health and mental derangement is attributed to the rash act.

**UNEXPECTED DEATH**

Will Vanzandt, a leading citizen of Highway, died very suddenly and unexpectedly September 21st, at his home. Acute indigestion was the cause. He had been to Spur with a bale of cotton, and upon his return home became ill, dying before doctors arrived to give him relief. Will Vanzandt was 45 years old and leaves a wife and two children. He was a good citizen and his unexpected death is regretted and deplored by the community.

O. D. Blanton, who has been employed as janitor of the school building, reports everything now in good shape, and asks pupils, patrons and the general public to cooperate with him in keeping the building and grounds in good condition and repair. Mr. Blanton is alert on his job. He looks after every detail of repair. When a screw is pulled out of a desk he promptly replaces it. In fact, the manner in which he looks after the school building and grounds is worth something to the people of the school district.

Trade in Spur—  
Aunt L. J. Roberts, of Memphis, spent one night in Spur last week the guest of her niece, Mrs. Oran McClure. She was returning home from an extended visit to relatives in Eastland, Callahan and Nolan counties.

Trade in Spur—  
County and District Clerk J. Rector Ward and family, of Kent county, were visitors in Spur the first of the week.

Try the special dinner at the Highway Cafe and you'll be satisfied. tf

**NOTICE OF STOCK LAW  
ELECTION**

THE STATE OF TEXAS  
County of Dickens.

WHEREAS, on the 14th day of August, 1922, an order by the Commissioner's Court of Dickens County, Texas, ordering an Election within said County, on the 14th day of October, 1922, of enabling freeholders of said County to determine whether horses, mules, jacks, jennets and cattle shall be permitted to run at large in this said County.

Now, therefore, I, Chas. McLaughlin in my capacity as County Judge in my capacity as County Judge of Dickens County, Texas, do hereby order that an election be held on the 14th day of October, 1922 at the several voting Precincts thereof to determine whether horses, mules, jacks, jennets and cattle shall be permitted to run at large in this said County. No person shall vote at said election unless a freeholder and also a qualified voter of said County under the Constitution and law of this State.

All votes at said election shall be by ballot; and voters desiring to prevent the animals designated in this order from running at large shall place upon their ballots, the words; "For the Stock Law", and those in favor of allowing such animals to run at large place upon their ballots the words; "Against the Stock Law."

Said election shall be held at the usual voting places in the several Election Precincts of Dickens County, Texas. And the following named persons have been appointed as managers of said election at their respective voting place, and who shall appoint their own clerks. To-wit: Precinct No. 1—F. C. Gipson. Midway, No. 2—C. O. Parker. Afton, No. 3—J. R. Henkle. Dry Lake, No. 4—W. A. Johnson. Red Mud, No. 5—W. J. Elliott. Duck Creek, No. 6—D. G. Simmons. Wichita No. 7—A. E. Lee. Buford, No. 8—W. H. Nichols. Croton, No. 9—C. R. Brendle. Spur, No. 10—J. B. Richbourg. McAdoo, No. 11—J. F. Phifer. Duncan Flat, No. 12—F. F. Henry. Highway, No. 13—Vernon Powell.

The above named managers of said election shall within five days after said election has been held, make due returns thereof to the Commissioners Court of this County as is required by law for holding a general election.

Dated this 1st day of September, 1922.

CHAS. McLAUGHLIN,  
County Judge, Dickens County, Texas.

Trade in Spur—  
J. Carlisle, of Duck Creek, was here Tuesday greeting his many friends, and "hob-nobbing" with the automobile salesmen as if he here after intended to come to town in style and in accord with the rapid times in which we are living today. Uncle Jonas Carlisle was one among the very first to settle and locate a home here in the days when farming was a mere "speculation and wire fences unknown. He was endured privations in helping to blaze the trail for present day progressive development and deserves every luxury and enjoyment which the advancing times provide.

### DAUGHERTY TO BE GRILLED BY CONGRESS

Washington dispatches indicate that Attorney General H. M. Daugherty will be "put on the rack" in the next session of Congress as a Cabinet officer seldom has been before, his opponents declared today as Congress melted away for a two-months rest.

The Attorney General will be attacked on three points as soon as Congress reassembles:

(1) Through the impeachment proceedings brought by Representative Keller, Republican, of Minnesota; (2) a proposed investigation of his alleged failure to prosecute war frauds, sponsored by Representative Roy O. Woodruff, of Michigan, Republican, and (3) the labor and liberal element in Congress will seek his scalp for the famous Chicago injunction against the rail strikers.

Senator Robert M. LaFollete, Republican, of Wisconsin, asserted that the campaign against Daugherty will not be allowed to die during the two months' recess of Congress.

Two Ford Trucks and several second hand cars to sell at bargains.—Spur Buick Co. 47-1f

be cleaned up by March 4 next.

The President is understood to have informed Congressional leaders that he does not want Congress in session next Summer and that he sees no reason why the Sixty-eighth Congress, which takes office on March 4, should be called to Washington before the regular December session of 1923. President Harding has expressed the belief that the country generally "wants a rest from Congress and the disturbing effects of new laws and agitation for legislation of every conceivable kind."

### PRESIDENT HARDING ACCEPTED THE CONGRESSIONAL "BUCK"

President Harding's message vetoing the Soldiers Bonus Bill contains a pointed rebuke to the Republican congressional majority, who in order to secure votes at home, "passed him the 'buck.'" These congressmen knew it to be a fact that if this bill was passed the President would certainly veto it, but regardless thereof, they gave the country a practical demonstration of their lack of business acumen as well as their desire to play politics, regardless of the interests of the country. Laying aside all other objections to the bill, there stands out the fact that the majority of the distinguished members of the Sixty-seventh Congress, voted to place one of the largest debts in the people, regardless of the fact that they knew not where and in what manner, the money to liquidate same could be raised. Could the people of this country advocate such unheard of business methods? But the above was not the only reason the President in his message gave for vetoing the measure. Briefly summed up his reasons for "accepting the buck" and turning down the bill, are as follows:

Because it is unsound public to attempt to compensate in money patriotic service to the country for war defense.

Because the bonus would increase burdens of taxation already excessive on account of war.

Because in voting the bonus Congress failed to provide the revenue to pay for it or to refund the debt which would be incurred.

Because it will add in four years an amount of debt equal to one-sixth of the war debt, without refunding provision and before the finances of the country, laboring under vast war

### WICHITA CREAMERY CO.

C. R. MILLER PRODUCE CO.

expenditures, have been stabilized and normal conditions have been restored.

Because the additional tax and debt burdens laid upon the people do not arise from any necessity but are added for the purpose of benefiting about 5,000,000 able-bodied citizens out of 110,000,000. All the people would be taxed under conditions of financial stress, not from necessity, but from a benevolent desire to benefit a small portion of them.

### NIGHTS ARE NOW LONGER THAN DAYS

The season when gas and electric lights companies have their inning is at hand, for the nights are now longer than the days.

Old Sol fixed the exact moment when this became true by hovering momentarily exactly over the equator at 2:10 p. m. Saturday, and then moving off southward toward the region of the Antartics and the Southern Cross.

# Additional Spur Farm Land Offering

ON DECEMBER 1ST. NEXT WE WILL PLACE ON SALE A LARGE ACREAGE OF SPUR LAND WHICH WILL OFFER A WIDE RANGE OF SELECTION TO INTENDING PURCHASERS OF EITHER FARM OR RANCH LANDS.

List of offerings and prices may be ascertained on application to our office. Terms will be as heretofore: one-fifth cash, balance in six equal annual payments, with privilege of paying any or all notes before maturity with eight percent interest only to date of payment.

A considerable portion of the lands to be offered are now under lease to various individuals. Heretofore we have refrained from giving options on land, but wherever lands are held under lease, we shall give our lessee the prior right to buy, feeling it only fair that this privilege be extended. This option has the limitation however, that will not be continued beyond December 1st., 1922. Such lessees as desire to purchase must be ready to conclude on that date. After that time the remaining lands will be sold to any who desire to buy.

We have thought that this announcement at this time will perhaps aid lessee and the general public in formulating plans for new purchases.

# S. M. Swenson And S.

CLIFFORD B. JONES, Manager

SPUR, DICKENS COUNTY

Your future is what YOU MAKE it. If you acquire spendthrift habits, your future will not be bright and successful. If you are industrious and deposit your money regularly, nothing can stop you from reaching the top of the ladder of success.

And remember—your employer knows those who are careful with their money and visit the bank REGULARLY. Come in and open an account today—\$1.00 will start you.

We will welcome you.

**SIXTY-SEVENTH CONGRESS ENDED LAST THURSDAY**

The Sixty-seventh Congress wound up its session last Friday afternoon and adjourned sine die.

The closing session, attended by a corporal's guard of members of both houses, was featured only by the evident desire to finish up and get home as quickly as possible to look after re-elections.

President Harding signed the rivers and harbors appropriation bill, carrying approximately \$45,000,000 and providing for improvements in all parts of the country, just before Congress adjourned.

Praised by Republicans as one of the most constructive Congresses in recent history, and just as much damned by the Democrats as a "do nothing Congress," the Sixty-seventh leaves Washington in a state of nervous apprehension over the fate that awaits the entire membership of the House and one-third of the Senate on Nov. 7.

The Republicans are going home to praise the records of this Congress and assure their constituents that a great era of prosperity lies just ahead as a result of the new tariff bill. They will also stress heavily the "business administration" inaugurated by the Republican administration.

The Democrats are going home to tell their constituents that the new tariff bill is to raise the cost of living in the United States some \$200,000,000 a year and they have organized a flying squadron of speakers to tear down the business arguments of the Republicans. One fact the Democrats will stress is that the Republicans closed this session of Congress with a deficit of \$650,000,000 staring them in the face—reported by Secretary of the Treasury Mellon as one of the chief causes of the veto.

The tariff of 1922 will form one of the chief, if not the chief, campaign issues for the next six weeks, it was conceded today by leaders on both sides.

The 10 outstanding features of the second session of the Sixty-seventh Congress record:

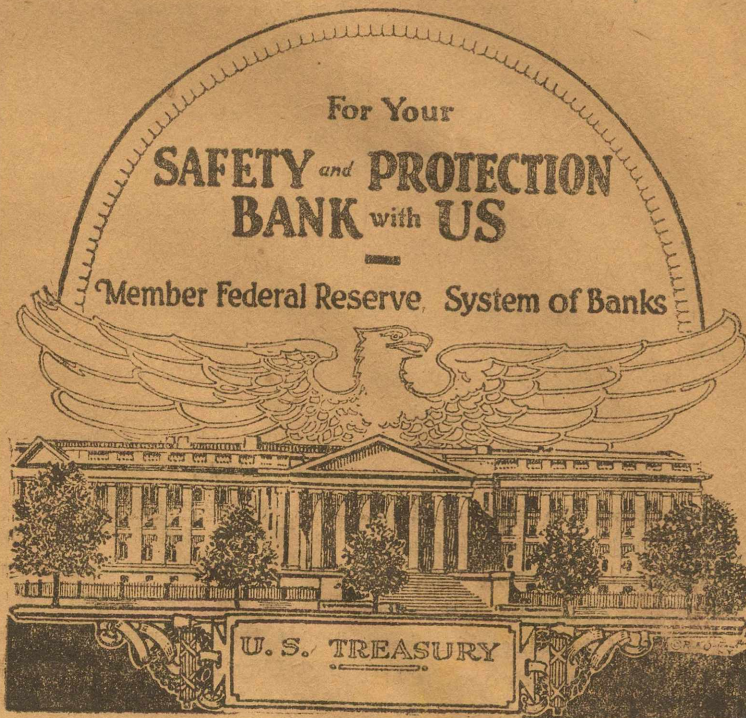

1. Inauguration of the budget system.
2. Agricultural credits acts, extending financial relief to farmers.
3. Ratification of the treaties growing out of the Washington conference.
4. Renewal of the 3 per cent immigration law.
5. Passage of the Capper-Tincher antigrain gambling bill.
6. The tariff act of 1922 imposing the highest protective rates since the Payne-Aldrich bill.
7. Rejection of the soldiers bonus, after a veto by President Harding.
8. Legislation aimed at stabilizing the coal industry.
9. Creation of an American debt funding commission to collect the \$11,000,000,000 foreign indebtedness.
10. The seating of Senator Truman H. Newberry of Michigan.

**237 POUND FISH CAUGHT IN THE GULF**

New Orleans.—A tarpon weighing 237 pounds and believed to be the largest ever taken in Southern waters was caught at Chef Menteur, La. by A. B. Saunders of McComb, Miss., and brought here yesterday.

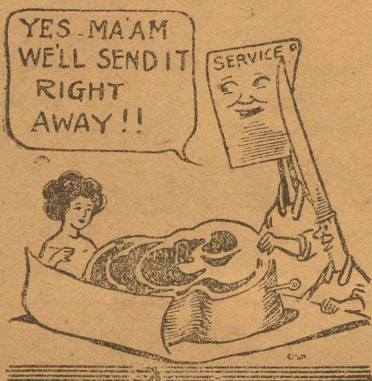

The fish was caught with a line. It required an hour and 30 minutes to land the catch and the efforts of five men were necessary to put it on a truck. The tarpon was seven feet in length and its body 16 inches in depth.

Business is increasing every day. There is a reason.—Highway Cafe—Nuff sed.

The U. S. Government through the Treasury Department at Washington, D. C., regularly examines all member banks for the protection of the System and of depositors. Member banks enjoy the privilege of taking securities to their District Federal Bank and getting money—so they always have money. This helps business and brings prosperity to our community. Bank with our PROGRESSIVE BANK and get greater protection and greater opportunities.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

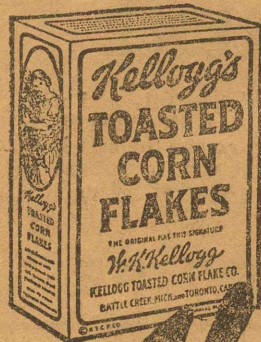

**Kellogg's Corn Flakes**

are a taste thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

**Kellogg's CORN FLAKES**

**NORTHWEST TEXAS FAIR  
A SUCCESS**

(continued from first page)

single classes. Aubrey Bennett of Duck Creek won first on the yearling heifer class with the beautiful and typey young registered heifer which he won in the baby-beef contest last spring. Biddy Hicks of Afton showed a good baby-beef, as also did Raleigh Middleton of Dickens, whose Black Polled heifer gained 215 lbs. in 74 days. This heifer was also won in the contest referred to, and came from the herd of T. A. Johnson. Jack Thannisch showed a good registered Hereford bull, and Odwin Rogers of Dry Lake, won first on his group of five Shropshire sheep. The club exhibit was by far the best that we have ever had, both as to quality and quantity.

The judges in the various departments were as follows: Agriculture, T. B. Wood, of A. & M. College; Livestock, S. C. Evans, of A. & M. and J. W. Ridgway, of the Mistletoe Creamery; Women's Department, Helen H. Swift, District Home Demonstrator Agent.

The entertaining program each of the three days, including running races, wild horse races, relay races, roping and riding contests, foot ball game, gun shoot and band concerts, was the best, most exciting, thrilling and enjoyable ever before attempted by the county fair. Jeff Kennedy put on the roping and riding contests in connection with his bronc show privilege on the grounds, handling the contests in a true wild western and entertaining manner.

The first two days, running races were leading features of the program. W. L. McGonagill, breeder and trainer of race horses, had a string of racers from his ranch in Lea county, New Mexico, easily taking first money with his mare, Tribby, in each event. Clarence Hartman of Post, won second money in the first race; and in the second race Tom McArthur took second money. R. L. Stephens won third money in first race, and in the second race Hartman won third place. The first event was a quarter mile dash, and the second a three-eighths mile dash.

In the wild horse race Tack Kennedy won first money, and Bob Thompson second. Jeff Kennedy was first under the wire in this event, but was disqualified by the judges for riding a gentle horse and using two herders instead of one.

The third days racing event was a half mile dash by Dickens county saddle horses. Pete Sampson took first and second money, and Skeeter Hunter third money in the race.

A bareback mule race in which R. B. Johnston came first, W. F. Godfrey second and J. H. Jones third caused much merriment and comment.

The relay races proved to be the most exciting of the racing events. The first day Pete Sampson won first money, Al Bingham second, and Joe

Gilmore third. The third day Pete Sampson again won first money and Joe Gilmore second. In the running, riders were required to change horses and saddle at each round of the track. Next year to add even more skill and enthusiasm, it is suggested that each rider be required to rope his mount from a pen and saddle at each round.

In the goat roping contests, Del Renfro won first money in 22 seconds, and Red Sampson second in 35 seconds, the first event. In the second event Red Sampson was first in 17 seconds, and Jeff Kennedy second in 19 seconds.

In the gun shoot Jim Edd Hall and Jim Walker tied for first money on a score of 47 out of 50 shots, equally dividing the prize of \$80. E. C. Edmonds third money, \$20, score 41; Bert Lilly fourth, \$15, score 40; W. W. Sample fifth, \$10, score 39.

Throughout the three days the Spur Band, under the direction of

the Spur Band established an enviable reputation and will hereafter be recognized among the best amateur bands of the country.

Along the "midway" among the amusement features were the Jeff Kennedy shows in which the throngs were entertained with skillful riders and wild horsemanship in true western style; the Berkshire vaudeville performances which brought smiles to large audiences; B. E. Day, our fellow townsman, exhibiting the smallest horse in the world, "Duke", being only 27 inches high, weighs 68 pounds and having hoofs not larger than a silver dollar; phrenologists parlors, confectionery & novelty stands, restaurants and lunch counters, cold drinks, ice cream and red lemonade vendors contributed to the comfort and desires of the multitudes; while the doll racks, wheels of fortune and other concessions helped fill up the midway, there may have been some not of an elevating character, yet the

**PREMIUMS AWARDED FOR BEST EXHIBITS AT N. W. TEXAS FAIR**

Following is a list of the prizes and premiums awarded for the best exhibits shown at the Northwest Texas Fair in Spur, September 21, 22 and 23, 1922:

- Best ten heads of Kaffir:  
1st. W. F. Foreman ----- \$2.00  
2nd. A. J. Richey ----- \$1.00  
3rd. P. L. Marshall ----- .50
- Best ten ears of Corn:

- 2nd. Mrs. E. Cross ----- .75  
3rd. Mrs. E. Cross ----- .50
- LIVESTOCK DEPARTMENT**  
Cpn. Jersey cow, J. P. Patterson \$10  
Cpn. Jersey bull, Guy Karr ----- \$10  
Best herd of Jerseys, J. L. Karr \$10  
Cpn. Duroc sow, Arthur. Stearns \$5  
Cpn. Duroc boar, L. Middleton \$5  
Cpn. team mares, J. D. Powell \$10  
Best single mare, C. S. Leatherman \$5  
Best colt, H. A. Drury ----- Ribbon

**CLUB DEPARTMENT**  
Four free trips to the Dallas fair were awarded to Lawson Morgan, Robt. McCormick, Doyle Middleton and Harold Karr, on accomplishments in the year's work as well as exhibits shown at the fair.

**WOMEN'S DEPARTMENT**

The display in the women's department was not so great in point of numbers, but the quality was unexcelled. Those winning prizes on hand work were: Miss Denison, Mrs. B. J. Kellet, Mrs. S. T. Clemmons, Mrs. Fox, Mrs. Carter, Mrs. Suddeth, Mrs. A. T. Parker, Mrs. Frank Laverly, Miss Mable Harris and Mrs. Littlefield. Mrs. R. A. Fox won first on general display of laces and Mrs. H. L. Carter second. There were others entering hand work that was beautiful, but not on the premium list.

Mrs. A. T. Parker had a very old and beautiful quilt said to be one hundred years old. Mrs. J. J. Thomas took second prize on home made rug.

In the canning department Mrs. B. F. Middleton of Afton, took the largest number of prizes. Others winning prizes were: Mrs. M. S. Lambert, Mrs. S. R. Bowman, Mrs. G. W. Bennett, Mrs. Gilbert, Mrs. Richbourg and Mrs. C. C. Haile. Mrs. Haile won first prize on general display and her booth was one of the most attractive in the Exhibit Hall.

Another interesting feature in the women's department was the Persian Lamb skins on display from the Experiment Station.

The display of girls club work was very good making up in quality what it lacked in quantity. Ludell Perry won all first prizes in second year's work and Ouida Middleton of Dickens took first prizes in first years work. Others winning cash prizes were Helen Meadows, Johnnie Mae Lanier, Ella Mae Miller, Irene Putman, Ira Richey, Lucy Lea Hagins.

Ludell Perry not only won first in sewing, but won six first places in canning and therefore won Grand Champion and the fall trip to the state fair at Dallas.

Mrs. Hinman deserves honorable mention for the beautiful hand made flowers she had on display for which there was no prize offered.

**BRANTLEY BARN AND CONTENT BURNED SATURDAY AT McADOO**

A large barn and its contents on the S. M. Brantley farm near McAdoo was totally destroyed by fire Saturday night. The barn was filled with feed and other farming items. An automobile stood under a shed of the barn, all of which was destroyed. The origin of the fire is not known. The total loss is unknown but amounts to a considerable figure with no insurance.

This year when feed is scarce the loss of a barn full of feed stuff is a material loss to the community and a calamity to the individual farmer.

**THE SPUR NATIONAL BANK**

Capital and Surplus \$125,000.00

SPUR, TEXAS

**GREETINGS TO OUR DEPOSITORS:**

Always you have received the most modern protections to safeguard your money deposited with us.

Recently it has become possible for us to obtain "The World's Safest Checks," protecting each depositor by a \$1,000 certificate of insurance against loss through fraudulent check raising.

Every customer of this bank is entitled to one of these \$1.00 certificates—call and get yours.

The paper upon which these checks are made is guarded most carefully by the makers—like Government bank note paper is guarded—so that unauthorized persons cannot obtain a single sheet of it in blank form. That is the kind of safety we want to offer our depositors—always the very best that can be obtained.

We are very glad indeed to give your money this additional protection, further evidence of the sincere appreciation we feel for your good business. It is just another safeguard which we have been able to give you, thus making the use of checks still safer.

Trusting that this evidence of our extreme carefulness will be appreciated by you, we remain,

Yours very truly,  
W. B. LEE,  
Vice-President.

Instructor C. W. Collum, furnished music and rendered concerts, and although the band has been organized little more than a month, its renditions approached perfection and were appreciated by thousands. In fact,

very best possible was done by the concession and amusement committees to secure and did secure high class amusements which disappointed in coming at the last minute. It was very disappointing that the merry-go-round was not on the ground to entertain the children, and other shows and carnivals obtained failed to come, thus making the disappointment unavoidable under the circumstances.

Withal the annual fair at this time was a pleasant, beneficial and successful event, and we are looking forward to 1923 with the hope and intention of having more and finer exhibits in every department, amusements of the highest class and in variety, and an entertaining program which will attract and draw the people here from every point in Texas.
