THE AMERICAN WAY

YOU CAN'T DO BUSINESS WITH COMMUNISM!

By Harry Browne

Editor, American Progress Magazine

Despite the praises of the political pundits, most Americans apparently feel that we finished second best to the Soviets in the recent Cuban crisis. But after all, we always finish second best. A brief look at our cold war record supplies ample evidence of that. Every attempt to deal with the Communists has ended in failure.

The coalition governments we forced on Eastern Europe rapidly became Communist governments — yet we made the same mistakes again later in China and Laos.

Wrong Choices

We picked the wrong man in the Congo struggle—just as we'd supported Communists in Yugoslavia and Cuba.

Our foreign aid to Poland winds up in North Vietnam where it is used to kill American soldiers in South Vietnam. Even some of our ransom goods to Castro are now reported to be on their way to Russia.

Every negotiation brings an agreement favorable to the Communists — and even then they break it while we obey it. Summit meetings discuss only how much free world territory will be given up—while the Communist status quo remains unshaken.

Losing Policy Unchanged

Our foreign policy "experts" have proven their inability to cope with the Communists. And yet they still try.

When a child repeatedly burns himself with matches, even the most dense parent will finally take the matches away from him. And yet we still let our "experts" play at fighting Communism.

The "matches" must be put away. To stop the loss of free world rights, we must stop trying to do business with communism.

We should break off all diplomatic, aid and trade relations with all Communist countries. Let them carry on without our resources and gullibility. And let us quit pursuing a policy that is doomed from the start.

American interests, the cause of freedom, and our chances for peace will all be strengthened by our refusal to play craps with loaded Soviet dice.

It's true that such a policy is not likely to be enacted by our State Department. No child willingly gives up his matches. But the principle is still correct.

Voice The Truth

We must let our government know that we want nothing less than a complete break with communism. Then the State Department will at least be on the defensive, and less likely to jump headlong into parleys with the Soviets.

If we'd voiced such a policy loudly before the Cuban affair, it's likely that the President would have felt compelled to pursue much stronger steps.

So let's make sure that the President, the Congress, and everyone else now understand our feelings about foreign policy. No matter what issue may be raised, let's voice the same answer:

"You can't do business with communism!"

Black Light Used To Illustrate Messages At Adventist Church

Black light used at the services being held at the Seventh-day Adventist Church "makes the messages very clear" stated persons attending the meetings.

On the opening night God's saving grace through the ages, and what form it has taken, was illustrated. "Everyone that has come to God has been saved by His grace, even before the Crucifixion," said Evangelist Charles Mesnard.

On the second night the image of Daniel 2 was presented. The nations represented by the different metals of the image and also the rock which smote the toes of the figure were revealed and Mesnard said that he will continue the presentation of the coming kingdom of Christ Friday night.

Members of the Adventist church welcome all their friends to come and hear the gospel during this series of meetings. The meetings are held Friday, Saturday, and Tuesday nights beginning at 7:30.

Students Urged To Remain In School

More than one-third of the nation's young people drop out of school before completing senior high school. Because of this problem, a "Stay in School" project has been added to the National Program of Work for the Future Homemakers of America Chapters. The local FHA is participating in the program.

Statistics show that a million youngsters will drop out of school this year. The FHA program has as its objective, "Strengthening my education for future roles." It is designed to help members see the value of education and the career opportunities available to them.

There are many reasons why students drop out of school. Actually, there is just about as many reasons as there are drop-outs. There are few real reasons though, as schools are public and the great majority of drop-outs choose to quit. Very few, if any, can see the bitter struggle they face in the future.

Unskilled and immature, the dropout finds himself abandoned to a huge market place where he has nothing to sell. Even among graduates two and three years out of school, the rate of unemployment holds steady at about 13 percent. Among drop-outs in the same age group, unemployment seldom drops below 20 percent and is usually much higher. The jobs available to the drop-outs are usually of the lowest level, the sort most susceptible to irregularity and the least open to advancement.

Two-thirds of the nation's force of service workers and laborers are former drop-outs. Two-thirds of the unemployed men and women in the United States today possess less than a high school education.

It is estimated that by 1975 there will be five unskilled workers for every three jobs available to the unskilled person, while there will be only a little less than three workers for every five skilled jobs available at the same time.

All students are urged to take advantage of every opportunity to learn. Your future depends upon what you are capable of mastering today. Each of you should put forth every effort to acquire all the knowledge possible and make every effort to increase that knowledge by attending a college after high school graduation.

Radio Phones To Be Available For Vehicles Soon

A new innovation is now in the process of being completed by the Coleman County Telephone Cooperative. Being able to use a telephone from a vehicle will soon be a familiar service in this area.

During recent weeks the new radio-telephone system has been installed in all the service trucks of the Cooperative. This has been somewhat on a trial basis, to gain experience in the functioning of the new communications system. Allyn Gill, manager of the local telephone cooperative, said many hours have been saved during the severe weather of the past few weeks through the new system. The new radio-telephones will be available to the public by next week. Anyone who might be interested in the use of a telephone from your vehicle is invited to go by the telephone office for a demonstration.

School Census Underway

Cullen N. Perry, Superintendent of the Santa Anna Schools, announces the annual school census is now in progress and should be completed by the end of this week. All children in this school district of school age should be registered.

All children who will be at least 6 years of age on September 1, 1963 and not over 18 years of age on the same date are considered of school age. Most have already been enumerated. The ones who will be in school for the first time beginning in September are needed now.

Mr. Perry requested that parents of children who have not been enumerated, to please contact him immediately.

Mr. and Mrs. Don Pritchard, Mike and Gayla, visited in Brady Sunday with Mr. and Mrs. Roy Cochran and family.

Mrs. Viola Morris was in Andrews over the weekend, visiting in the home of her brother, who is very ill.

Mr. and Mrs. Jack Gregg and Janet of Austin visited his mother, Mrs. J. J. Gregg, during the weekend.

Miss Juanell Mercer, student at Tarleton State College, Stephenville, was at home with her parents, Mr. and Mrs. John C. Gregg, over the weekend.

The first South American railway was constructed in Chili in 1852.

Attend church regularly.

Rep. Ben Barnes Heads Important House Committee

Austin — In the first weeks of the 56th session of the Texas Legislature, Ben Barnes, State Representative from the 64th District, has assumed one of the key roles of leadership.

Barnes, representing Brown, Coleman, Comanche and Runnels Counties, was named chairman of the powerful Rules Committee, and vice chairman of the Banks and Banking Committee. In addition to these top posts Barnes was appointed to the committees on Revenue and Taxation, Oil and Gas, and Agriculture.

As chairman of the Rules Committee, which controls the flow of legislation through the House, Barnes, at 25, is the youngest chairman of a major committee in the Legislature. His appointment as chairman and vice chairman of two important committees and membership on three others is considered something of a record for a second term representative.

Prior to the opening of the legislative session he represented the House on the Austin Inaugural Committee, which planned all the events honoring Governor John Connally.

Barnes was first elected to the House in 1960 when he served the 73rd District. After the new 64th District was formed, Barnes was elected its representative without opposition.

A graduate of De Leon High School and the University of Texas, Barnes also attended Texas Christian University, Tarleton State, and the University of Texas Law School.

1963 Auto License Sale Here Friday

The 1963 license plates for automobile and farm vehicles will go on sale in Santa Anna Friday, February 1, announces John Skelton, County Tax Assessor-Collector. The new plates may be obtained from Mr. and Mrs. Montie Guthrie at the Santa Anna Insurance Agency office.

Skelton advises everyone to purchase your new license plates as early as possible in order to avoid last minute waiting lines. The new plates may be put on as soon as purchased, and must be on by April 1, 1963.

Plates for automobiles and farm vehicles may be purchased at the local sub-station. All other license plates must be purchased at the Tax Collector's office in Coleman. Skelton said everyone must present your Certificate of Title and receipt for the previous registration in order to obtain your new plates. Your Title Number must be on your 1963 registration receipt. He urges your cooperation in this matter.

Numbers assigned to Santa Anna are DS 6400 through DS 7049. The new plates will be the opposite color of the 1962 plates. They will have a white background with black letters and numerals.

Amanda Perry To Open New Beauty Shop Monday

Mrs. Amanda Perry announces she will open the Modern Beauty Shop Monday, February 4. The new shop is located just north of the Modern Way Laundry.

Mrs. Perry will have Mrs. Thelma Fleming working with her. They welcome all their old customers and invite new ones to patronize them.

PTA To Meet Wednesday

Mrs. Elgean Harris, president of the Santa Anna Parent-Teachers Association, announces the regular meeting will be held Wednesday, February 6, at 2:30 p. m. in the Grade School Cafeteria.

The program will be presented by Mrs. Harry Crews' third grade class. All members are urged to be present. Visitors are invited.

Mr. Rip Mayo of Coleman, carried Mrs. W. E. Vanderford and Mrs. Warren Aldridge to Wichita Falls Saturday, where they visited Mrs. Vanderford's sister, Mrs. Dollie Phillips, who is very ill in a hospital there.

Last Day To Subscribe To The News At Old Rate

Thursday, January 31, 1963, is the last day you may subscribe to The Santa Anna News at the Bargain Rates of \$2.04 in Coleman County; \$3.06 outside of Coleman County; or \$4.00 outside the State of Texas. Each of the above rates are for a full year's subscription.

Effective Friday, February 1, 1963, rates will increase as advertised in a large display advertisement elsewhere in this issue of The News.

Various costs in producing The News have increased considerably during the past several years. However, the final blow was the postal rate increase that went into effect on January 7. It forced us to increase our subscription rates.

The Santa Anna News is still a big bargain at the increased price. You can save more than the annual subscription price each week by just planning your shopping tours from the advertisements that appear in The News.

Each week you also get a column of news items from each of the rural communities in this area, along with numerous other informative and timely articles of interest to most everyone in this area.

We also do our best to keep you well informed on news events that happen in our area, as well as to keep you informed on news concerning people of our area that happens in other places.

We attempt to make The News a well-rounded local newspaper. With your help we will continue to do so.

Scouts Meet And Set Activities For Coming Year

The regular meeting of Boy Scout Troop 30 was held in the Scout Hut Tuesday evening, January 22. Troop leaders were elected and plans made for the coming year.

Leaders elected were: Troop No. 1, James Gilbreath; Troop No. 2, Tommy Wardlow; Troop No. 3, Buddy Campbell; Troop No. 4, Phil Huggins; Scribe, Marty Donham.

The tentative schedule for the years activities include camp-outs, Scout Olympics and the Scout-O-rama.

Boys who are interested in joining the Scouts are invited to contact Scoutmaster Dan Tindol or Assistant Scoutmaster Lee Ray Huggins.

Mothers March Completed; Get \$324.57 For MOD

Mrs. Billie Guthrie completed the Mothers March Tuesday afternoon and reported a total of \$324.57 for the drive. The drive started last week, but because of the severe weather, a part of it was held off until Tuesday afternoon.

The Mothers March is a project of the Delta Omicron Sorority with Mrs. Guthrie as chairman. Other ladies helping with the march were: Mmes. Tension Granad, Felton Martin, Ken Bowker, John Pricer, Ray Swindell, James Kegley, John Gregg, Don Strickland, Harrell Cupps, Thomas Wristen, Raymond Jones, Pat Hosch, Misses Arlene Welch, Sheila Swindell and Charlotte Moseley.

In both parts of the drive there were lots of folks who were not at home at the time the workers called. A number of those missed will likely want to contribute to the March of Dimes. It would be appreciated if you would take your contributions to the Santa Anna National Bank and deposit it to the March of Dimes account.

The March of Dimes committee would like to express appreciation to all the ladies working on the drive and to all those who contributed.

FHA Chili Supper Monday Night

The Future Homemakers of America Chapter will have their regular meeting at the high school Monday evening, Feb. 4. All parents of FHA members are invited to attend the meeting and enjoy a chili supper and family singing.

March Of Dimes Coffee To Be Held Saturday

The annual "Snatch Coffee", sponsored by the Delta Omicron Sorority, will be held in the Lions Club Room Saturday, February 2, from 9:00 a. m. throughout the remainder of the day.

Proceeds from the coffee will be contributed to the March of Dimes.

There will be no specific charge made for the coffee or pastries that will be served. You just pay what you want to, as a contribution to the March of Dimes.

Mrs. Jake McCreary is chairman of the Snatch Coffee. Her committee is composed of Mmes. Rodney Dean, James Dockery, Roy England, Allyn Gill, Elgean Harris, Delburn Rice, Burgess Stewardson, Ray Swindell, John Pricer, Billy Haas and Miss Pat Davis.

Everyone is urged to go by the conveniently located Lions Club Room and join the March of Dimes by having a cup of coffee and your favorite pastry.

Talent Program Raises \$95.81 For March of Dimes

The Talent Program, sponsored by the Student Council of the Santa Anna High School, raised a total of \$95.81 for the March of Dimes Monday night. A good crowd was present for the show.

A large number of students participated and all seemed to enjoy the variety very much.

Marguerite Horner, Eighth Grade student and winner of the \$5.00 award for the best junior performance, donated her \$5.00 back to the March of Dimes.

The March of Dimes committee wishes to express appreciation to the Student Council and all those who participated in the program. Also to the ones who attended the program.

Mamie Turner Buried Wednesday

Funeral services for Miss Mamie Turner, 66, were held at the First Baptist Church at 2:30 p. m. Wednesday, with the pastor, Rev. Raymond Jones, officiating. Burial was in the Santa Anna Cemetery under the direction of Hosh Funeral Home.

Miss Turner died in the Coleman Hospital about 5:30 a. m. Tuesday, after an illness of about two months. For the past several months she had been making her home in Coleman.

She was a member of the First Baptist Church and had been a resident of Coleman County since 1900. She was born at Georgetown, Texas, December 21, 1896.

Survivors include three brothers, Robert Turner of Coleman, Arthur Turner of Santa Anna and Hubert Turner of Dallas.

Palbearers were Allen Turner, Eunice Collins, William Brown, J. L. Boggs, O. L. Cheaney and Jess Griffith.

State Capitol NEWS

Austin—Rep. James Cotten of Weatherford — one of the most militant members of the 58th Legislature — is examining the flight records of state-owned planes.

Cotten is concerned about what he considers frivolous use of state property... namely, three airplanes which the Department of Public Safety is supposed to use for transporting officers to distant scenes of crimes, or to attend law enforcement meetings without missing too many duty hours.

Cotten says he has discovered these planes have been used: For rushing a representative home for the weekend; for ferrying a state senator home to make a speech; for transporting the state librarian to a monument on the coast "to get ideas on how to set up displays."

Cotten wants to know "How much did these junkets cost?" State pilots haven't answered, but Austin airport authorities guess the cost at \$26 to \$75 an hour — depending on which plane is used — plus pilot's time.

Now the representative from Weatherford is talking about grounding all passengers except those who are entitled to use state planes for necessary, official business.

He plans to introduce a bill that would forbid legislators from hitch-hiking rides aboard the planes unless they were on official business.

PARENTAL SUPPORT BILL
A bill which would make relatives responsible for the welfare of the needy old people has been introduced by Rep. J. Collier Adams of Lubbock.

Patterned after the "Montana Method," the bill calls for contributions to the support of citizens on Old Age Assistance rolls and disabled persons receiving state aid.

The "responsible" relatives could be the assistance recipient's parent, aunt, uncle, niece, nephew, spouse, brother, sister, son, daughter or grandparent.

Proposed law would make a person earning \$201 a month and supporting only himself pay \$5 a month toward a relative's care. If he made \$376 a month and was supporting two people, he'd have to pay \$20.

"I just believe," Representative Adams said, "that the commandment 'Honor thy mother and father' should be upheld." He said he also figures that the most needy people could get larger benefit checks if others received semi-support

from their families.
BRUCELLOSIS TESTS
Dr. John L. Wilbur Jr., U. S. Department of Agriculture's animal disease eradication division, reported that public stockyards inspection last month revealed brucellosis infection ratios of 1 to 11 per cent.

High ratio was revealed at the Port City Stockyards in Houston. An infection ratio of only one per cent was found at San Antonio's Union Stockyards. Fort Worth Stockyards' ratio was 3.7 per cent.

NO EMERGENCY
The man who holds the state purse strings for the House of Representatives said he sees no urgency requiring fast legislative action to bolster the screw-worm eradication program by \$1,400,000.

Chairman Bill Heatly of the House Appropriations Committee said his conclusion of a recent screw-worm eradication project hearing is that livestock producers have raised enough money to keep the program going until March 1.

Meanwhile, an interim study committee headed by Sen. Culp Krueger of El Campo strongly recommended that the \$1,400,000 be appropriated now, and another \$1,600,000 be appropriated for the year beginning September 1.

This would make up the \$3,000,000, members of the Southwest Animal Health Research Foundation have been seeking from the state.

FIRST APPOINTMENT
Gov. John Connally's first ap-

pointment act was to name Judge Louis T. Holland Jr. of Montague as Presiding Judge of the 8th Administrative Judicial District.

Judge Holland will succeed Judge Jack M. Langdon of Fort Worth.

TRADING STAMP TAX
As an alternate to sending "the cream of business profits to out-of-state trading stamp companies," Rep. Jim Segrest of San Antonio proposed a 10 per cent gross receipts tax on trading stamps.

"Trading stamps are the most hated of all competitive weapons by even those who use them so why not tax such an unhealthy item?" Segrest asked.

He said his bill would bring millions to the state treasury as a balance to "some fifty million dollars" taken out of Texas annually by trading stamp companies.

\$18,000,000 PLANT SECURED
Governor Connally, who's been determined to make this state a leader in securing new industry, was greatly pleased with the announcement that the Holly Sugar Corporation of Colorado Springs, Colorado, will establish an \$18,000,000 sugar beet processing plant in Hereford.

Construction will begin soon, and the 1,700-acre plant is expected to be in operation by September 1, 1964.

"Establishment of this refinery is a big step toward providing new job opportunities for the citizens of Texas," Governor Connally wired the sugar firm.

COLLEGE HEARINGS SET
House State Affairs Committee — which has been the referral point of about one-third of 200 bills already introduced by the 58th Legislature — put college upgrading requests first on its agenda.

Bills being heard first are those designed to lend senior status and full state support to San Angelo Junior College and Odessa Junior College, and give full state support to Pan American College at Edinburg.

FUND-RAISING RESTRICTIONS
Sen. Criss Cole of Houston believes the state should keep tabs on all people who raise money for charity.

Many charitable organizations use professional money-raisers to conduct fund campaigns, and Cole proposes that the charities tell Secretary of State Crawford Martin:

1. What sort of deals they've made with their professional money-raisers;
2. What commissions the fund-raisers would get;
3. When solicitations will be held, and what will be done with the money solicited.

Annual reports of licensed organizations would be checked by a certified public accountant. Attorney general would halt the activities of organizations which try to raise cash without registering, unless they are exempt from the act.

FREE FISHING
An easing of fishing license requirements — aimed at helping unemployed persons on the Gulf Coast — has been intro-

duced by Rep. Ed J. Harris of Galveston.

Harris proposed that citizens be allowed to fish with rod and reel in their home counties without paying \$2.15 for a license. He described fishing in one's own county or from one's property as a "basic, human right."

PURCHASE RAISE PROPOSED
A bill to raise from \$150 to \$500 the amount of "emergency purchases" a county can make without advertising for competitive bids has been drafted by Rep. Vernon Beckham of Denison.

Beckham said a county official can't buy a truckload of gasoline or a typewriter without exceeding the \$150 limitation enacted in 1921.

Beckham introduced another bill which would raise the maximum to be spent by county commissioners on office buildings or jails in cities other than the county seat from \$150,000 to \$200,000.

OIL ALLOWABLE UPPED
Texas Railroad Commission has given oilmen their biggest production raise in many months.

Commission has set the February allowable at 29 per cent of potential.

MEDICAL PRACTICE
Senator Jim Bates of Edinburg has introduced legislation (SB 64) aimed at licensing and

regulating non-physician owned and operated clinical laboratories.

"This bill would strengthen the Texas Medical Practice Act," Bates says, "by establishing educational and experience standards as a requirement for licensing by the State Department of Health."

Bill also requires that all tests be performed only upon the request of a doctor.

TOO BIG
Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink and tourist trade would flourish.

"Nearly all counties in 'South Texas' voted for racing last year," he said enthusiastically.

END AD VALOREM TAX
Legislation to abolish the state ad valorem tax in 1968 has been introduced in the House of Representatives.

Two constitutional amendments and a bill to do the job are being sponsored by Reps. Ben Atwell of Dallas and Charles N. Wilson of Trinity.

1962 Savings Bond Sales Fall Short of Goal

December Savings Bonds sales in Coleman County were \$31,349 according to Mr. Robert I. Bowen Jr., Chairman of the Coleman County Savings Bonds Committee. During 1962 the citizens of this county purchased

\$361,763, which represents 80.4% of the 1962 sales goal of \$450,000.

Sales in Texas during 1962 totaled \$143,146,965 which is 86.7% of the state goal of \$165,100,000.

U. S. Treasury records disclose that the number of individual bonds issued during 1962 set a five-year record with over 73 million individual bonds issued during the year. The number of \$50 bonds purchased was the highest amount since the war years, and the sale of \$25 bonds was at a five-year record.

"The increased sales of the smaller denomination bonds are a direct result of the Freedom Bond Drive, when over one million American workers enrolled in the Payroll Savings Plan for bond buying. This was a 15% increase over 1961," Chairman Bowen reported.

It's Time For... EYE CARE

Dr. Newton K. Wesley
PROGRESS IS CONSTANT

Tremendous strides have been made in the field of eye care during the past generation. I have seen the time when cataract operations were not very successful; corneal transplants were considered radical; and contact lenses were not accepted... in fact very few people knew about them.

I have seen the development of industrial vision and care of the eyes from the standpoint of safety, not only in factories but in almost every phase of our lives. I have seen a great number of eye injuries prevented through public awareness. Tremendous gains have been made in treating eye diseases through surgery and prevention, as well as optically treating the eyes.

A recent case demonstrates what can be done today through the advances made in the field of eye care.

The child patient was born with retrolental fibroplasia, a condition usually due to too much oxygen at birth. This affliction is generally found in premature babies. The child underwent an operation and enjoyed better vision than ever before. She had been studying Braille, but through the use of contact lenses and sub-normal vision devices, she was able to read print. Her sister had already been operated on for the same affliction and she, too, enjoys better vision.

These two cases demonstrate what can be done through surgery, diagnosis, and contact lenses with spectacles to increase vision. Truly, progress is indeed constant.

Of Interest To VETERANS Questions And Answers

Q — My father, a Veteran of World War II, died of a service-connected disability. My mother has remarried. Am I still eligible for educational and training benefits?

A — Yes, you are still considered a war orphan and are eligible provided you are within the age limits. See your nearest VA office.

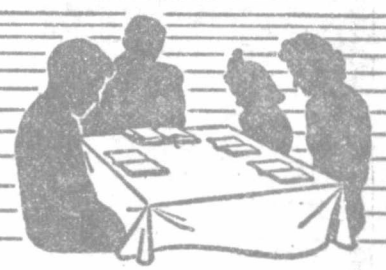

Q — I am a Korean Conflict veteran and eventually I plan to buy a home through a GI loan. What is the final deadline for applying?

A — You have 10 years after your discharge, plus one year for every three months of active war time service. The final deadlines are: For World War II veterans, July 25, 1967, and for Korean Conflict veterans, January 31, 1975.

Q — I named my mother the beneficiary of my GI insurance. She is now dead. Will the VA pay the insurance to my wife in the event of my death?

A — You had better notify the VA to make your wife the beneficiary. With no named beneficiary, the VA may have to divide the insurance among your nearest heirs when you die.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 14:1-7
Abide in me, and I in you. As the branch cannot bear fruit of itself, except it abide in the vine; no more can ye, except ye abide in me. (John 15:4)

One day we started out in our automobile to attend a wedding in a small town sixty miles away. We eagerly anticipated a happy reunion with relatives and friends. But we never reached our destination because of a loose part which prevented the gasoline from reaching the engine.

Disappointments in life result when our connection with Christ is lost. We find ourselves facing life's problems alone.

None of us is capable of handling his own life. With those of us who ask His help, Christ stands ready to share His abundant grace and power.

"Abide in me" are the words of Christ. It is left to us to lay hold of the strength that can be ours in Him. We can do this through daily fellowship with Christ and regular worship in God's house.

PRAYER:
Our heavenly Father, we thank Thee that we can depend upon Thee to guide us through life. Help us today to live in such close fellowship with Thee that our lives may show forth Thy love. This we ask in the name of Jesus, who taught us to pray, "Our Father who art in heaven... Amen."

THOUGHT FOR THE DAY
When we worship God, He gives us the strength we need to be victorious over life's difficulties.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

Blowing The Nose
Do you know how to blow your nose?
This seems very much like a

foolish question. Blowing the nose to clear mucus is a very simple affair.

But physicians have long known that blowing the nose too hard can cause trouble in the ear.

How does this happen?
Today's Health, the magazine of the American Medical Association, explains. Two tiny tubes that have an opening in the upper part of the throat connect with the middle ear, one on each side. The tubes are basically "safety valves" to keep air pressure in the middle ear the same as outside. The eardrums do not normally permit any air to get in or out of the middle ear.

Adjustment of air pressure in the middle ear is normally carried out automatically and without conscious effort. If there is too rapid a change in outside air pressure, such as occurs when ascending or descending in a plane, the air in the middle ear may expand or contract. The eardrum will either bulge out or curve in and ear pain may be produced.

Then a conscious effort is needed to open the tubes in the throat and let air in or out of the middle ear. This can be done by swallowing, chewing gum or holding the nose and then trying to blow.

The nose should be blown with both nostrils, so there is no chance of back pressure developing and forcing the tubes open. During the acute stage of a cold, germ-laden mucus is present in the upper throat, and this can be forced into the openings and thus into the middle ear. This is more likely to happen if one nostril is closed and the other is blown hard, since considerable pressure is developed.

The proper way to blow your nose is not to blow too hard and to leave both nostrils open.

Delay Pruning Of Freeze Damaged Ornamentals

College Station — Don't cut back damaged shrubs that have been defoliated or had their leaves browned by the recent record-breaking low temperatures, advises J. J. Franklin, extension landscape horticulturist. Chances are good, he adds, that only the leaves were damaged. However, he doesn't rule

out the possibility of damage to twigs, main branches or even the roots of the less hardy species or varieties.

An immediate examination of the trunks may reveal heavy damage from splitting often occurs. A finger-nail test on young twigs may reveal no fresh tissue beneath the bark and this indicates damage, he says. It is easier to evaluate winter damage in the spring, after new growth starts, he adds, but even then weakened branches often put out new growth which later dies.

Corrective pruning can begin as soon as it can be assumed that new growth is lacking or will remain very sparse. Cut out the dead or weak wood well below the damaged area, leaving only strong growth, Franklin advises. Do this, he adds, after growth has started in the spring.

The best treatment, in addition to proper pruning for winter-sick shrubs, is to keep them well-watered and fed moderately, he says. A mulch of leaf mold, peatmoss or other organic material will insure better plant health. Loosen the soil to a depth of half an inch and then apply a two-inch layer of mulch over the soil covering an area slightly beyond the branch spread of the shrub, Franklin advises.

Shrubs which show no new growth within two months after spring growth starts can be considered completely dead and those which are extremely weak at the end of the first summer after the freeze damage should be replaced, he says.

When pruning broken limbs of trees or large shrubs, more care is required to promote healing and prevent decay, the specialist says. Stubs should not be left and all pruning cuts should be made flush with trunks. Wounds of more than two inches in diameter should be treated with wound dressing or tree paint, he says. The treated areas should be checked periodically and recoated once or twice a year.

Finally, he suggests that a

copy of B-977, "Modern Pruning Methods" be obtained from the county extension office and studied before the pruning job is started.

Best Egg Cook In Texas Sought

College Station — The Texas Egg Council is out to find the best egg cook in Texas. It's a part of a nationwide effort by the Poultry and Egg National Board to bring to the attention of consumers the great variety of ways "nature's most nearly perfect food" — the egg — can be served, says F. Z. Beanblossom, poultry marketing specialist and Mrs. Gwendolyn Clyatt, consumer marketing specialist, both of the Texas Agricultural Extension Service.

Texas, the specialists said, will be eligible to participate in only the senior division of the program. The official entry blank lists in detail the rules and regulations covering the program. All entries, to be eligible for state judging, must be mailed to the Poultry and Egg National Board and carry a post mark no later than February 15, 1963. Judging of the recipes to determine the Texas winner will be done in Houston, the specialists said.

District Meeting Of Epsilon Sigma Alpha Held Sunday

The quarterly district meeting of District VII Council of Texas Epsilon Sigma Alpha International was held Sunday, January 27, at the Santa Anna Elementary School Cafetorium.

Mrs. Graham Fitzpatrick and Mrs. Montie Guthrie registered 61 representatives and guests from Stephenville, Comanche, Brownwood, Santa Anna, Coleman and San Angelo.

District VII Chaplain, Mrs. A. O. Brink of Coleman, gave the invocation. Luncheon of turkey, dressing, cranberry sauce, green beans, stuffed celery and candied yams were served by the host chapter, assisted by Miss Carol Sue Campbell and Miss Sheila Swindell.

District VII president, Mrs. Joe Fambro of Stephenville, gave the opening ritual and introduced the distinguished guests: Mrs. A. O. Brink of Coleman, Junior Past President, Texas State Council; Mrs. Bobby Shaw, Texas State Council 2nd Vice President of Iowa Park; and Mrs. Ken Bowker, Texas State Council President of Santa Anna.

Special guests were Mrs. Winnie McQueen, Mrs. Gloria Chandler and Mrs. Doretha Faye Gilmore.

Mrs. Billy Campbell, Chairman of the Beauty Queen Contest, announced the results of the contest. Mrs. Robert McShan, State ESA Queen from Brownwood, crowned Mrs. Lang Martin, Jr., as District VII Beauty Queen to enter state competition. Mrs. Bobby Russel of the Delta Theta chapter in Brownwood was selected as alternate.

Mrs. Fambro conducted the business session and the drawing for the door prize; a hand painted picture, made by Charlotte Moseley, in a walnut frame. The prize was won by Mrs. Elgean Harris of Santa Anna.

Table decorations were yellow jonquills with blue ribbons and white cherubs framed by blue ceramic picture frames. In the background were glitter pictures depicting the life of "Sir Glitter."

Initiation Ceremony At Monday Night Eastern Star Meeting

The Santa Anna Eastern Star Chapter met in a called meeting Monday evening, January 28, at the Masonic Hall. Mrs. Billie Guthrie, Worthy Matron, presided in the East, assisted by Montie Guthrie, Worthy Patron. All 18 officers filled their stations.

Mrs. Guthrie opened the meeting in short form. The Worthy Patron led the group in repeating the Pledge to the Flag.

The initiation ceremony was conducted with the hall being decorated with pink azalea in black containers surrounded by pink candles. Pots of ivy stood at vantage points. Star point color flowers and candles were at their respective stations. Two tall pink tapers were placed on the altar. Mrs. Guthrie's chosen flower, pink roses, were used throughout the hall.

The chapter closed with the retiring march, led by Mr. and Mrs. Dick Bass.

The 18 officers and 14 members assembled in the Fellowship Hall, where Mrs. Blanche Grantham, assisted by Mrs. Lillian Herndon and Mrs. Zuda Henderson, served refreshments of molded decorated salad on butterfly pattie shells, assorted decorated cookies, nuts, stuffed pickles, pastel mints centered with tiny pink rose buds, and coffee.

Mrs. Grantham's table was laid with white linen cutwork cloth, centered with a pink rose

arrangement in milk glass containers. The arrangement was flanked by pink tapers in milk glass holders.

Mr. Cleburne Riley of Coleman Chapter No. 360, was a visitor for the meeting.

Self Culture Club Musical Program Well Attended

The Self Culture Club sponsored a program of music in the Elementary School auditorium Friday afternoon of last week. The program was well attended.

Mrs. Tom Kingsbery acted as Master of Ceremonies and announced each rendition. Vocal solos were presented by Mrs. Edgar Browning; a piano solo was presented by Edgar Browning; a trumpet solo was presented by Tommy Murrell; piano solos were presented by Arlene Welch, Karen Dean, Leanna Pollock, Patrick Hosch, Ann Martin, Jim Benton, Jay Lynn Moseley and Nancy Baugh.

During the business meeting, preceding the musical program, a nominating committee was appointed and reports of various committees were heard.

Mrs. Hailie Williams Hostess To Meeting

Mrs. Hailie Williams was hostess to the TEL Sunday School Class of the First Baptist Church in her home Tuesday, January 22. A covered dish luncheon was served at the noon hour. Fourteen members and five associate members and visitors were present.

The meeting was called to order by the president, Mrs. Neely Evans. It opened with songs and a prayer by Mrs. Carrie Thomas. A study of Moses was presented by Mrs. Carl Ashmore and a discussion by the class followed.

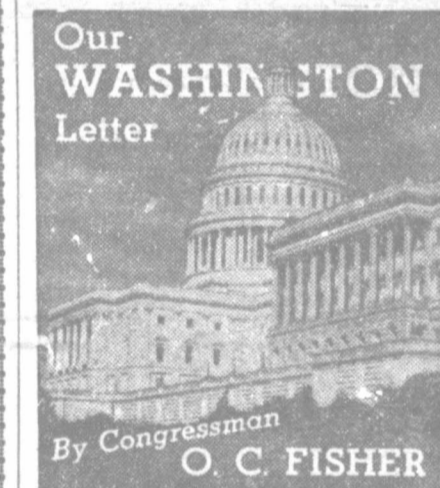

All the group enjoyed the social hour which followed.

REGULAR MEETING OF ROCKWOOD WMS

"New Frontiers in an Old World," was the Mission Book presented for the Woman's Missionary Society at the Rockwood Baptist Church Monday afternoon. Mrs. Evan Wise was leader. Mrs. F. E. McCreary presided during the business session.

Members present and each giving a chapter, were: Mmes. R. J. Deal, Matt Estes, F. E. McCreary, Ray Caldwell, Evan Wise, Henry Smith and Bill Bryan.

The WMS plans a social for Monday evening, February 4, at the Community Center. Each family is asked to bring a pie.

RECENT DISASTROUS STRIKES which closed all eastern and southern ports for a month, and the strike that has shut down all newspapers in New York for longer than that, plus scores of others, point up the pressing need for more effective protection for the public against this sort of thing.

It is said that if Jimmy Hoffa

desired, with his transportation union, he could very nearly shut down the nation's economic life with a general strike. That is more power than bad men should have, and it is more power than good men should want.

It was a bit disappointing that the President did not come to grips with this problem in his State of the Union message. But regardless of that, it is the duty of the Congress to re-examine our laws and tighten and revise them in a way that disaster can be avoided.

There is no good reason, for example, why unions should not be subject to the anti-trust laws — just as business is. By doing that the Congress would fill a gaping hole in our management-labor laws. If that should be done the public could breathe much easier.

I have repeatedly introduced bills to accomplish this purpose, and have done so again this year. But it is difficult to buck the power of the politically-conscious unless there is a public demand that is really meaningful.

A few union leaders are becoming aware of the need for a new look at their obligations to the public. They are recognizing the fact that unions are now of

NOTICE

TO THE OWNERS OF LOTS IN THE
SANTA ANNA CEMETERY

Members and Directors in regular session January 18, 1963, voted that no independent workers would be allowed to work lots in the Santa Anna Cemetery on a commercial basis after April 1, 1963. Lot owners may work their individual lots.

A motion was also carried that General Rules Section 1 and 2 be brought to the attention of the public by publishing same in The Santa Anna News, as follows:

RULE 1: The Santa Anna Cemetery Board shall at all times have legal custody and possession of all lots, walks, drives, avenues, grounds and other properties situated and held in said cemetery.

RULE 2: Proper care and policing of the grounds of the cemetery, location and grade of lots, walks, avenues and drives and all improvements made therein are under the exclusive control of the Board, and its authorized agents.

The action is intended to help the Association keep the cemetery in a much improved condition.

TAX-MAN SAM SEZ:

There are two things in this income tax business that are important. First, it is important to know where you are going. For example, it is important to determine how much tax you owe before you sell your home or make a business move. It is equally important to know where you have been. Keeping a record of your business helps every taxpayer when it comes income tax filing time.

BETA CLUB MEETING

The Beta Club met in their regular meeting, Jan. 21st. The meeting was opened by Sherman Stearns. Minutes were read by Karen McCluskey.

Frances Davenport was appointed chairman of the committee to find out the new members that could join. Gary Rider, Eugene Davenport and Anita Ellis were appointed to help her. Sandra Davis was appointed chairman of the initiation service with Linda Campbell and Velda Cullins to help her.

The program on "How to Study" followed the business meeting. The program stressed five points: serious, time, utilize, daily and you. Those on the program were Sandra Davis, Frances Davenport, Linda Campbell, Sherman Stearns and Les Guthrie. The meeting was then adjourned.

After the meeting, we enjoyed refreshments furnished by Wanda James, Leland Williams and Gary Rider. We were happy to have our honorary Beta member of the month, Tommy Stewardson, with us.

BASKETBALL GAMES

The Santa Anna boys' and girls' teams had an open date Tuesday night.

Friday night the S. A. teams journeyed to Copperas Cove. The S. A. girls defeated the Copperas Cove girls by a score of 47-39. Earla Buse was high point for S. A. with 22 points and Lona Murray was high point girl for Copperas Cove with 32 points.

The S. A. boys won their game by a score of 49-43. Freddie Cullins was high point for S. A. with 14 points and Kielman was high point for Copperas Cove also with 14 points. Both games were very thrilling. The boys'

game was an especially exciting game. The game was tied at half-time when the S. A. boys started their comeback.

THE FOOTBALL BANQUET

The football banquet was held for the football boys and their dates Saturday night, January 26. The guest speaker was Doyle Reynals, a coach at McMurry. He told some football stories and finished by telling about the seven roads to happiness. Several of the faculty members and their wives attended as guests. The boys and their dates certainly looked handsome and pretty. The cheerleaders should be congratulated because of their work on the decorations.

The football squad would like to thank the Jaycees for giving them such a lovely football banquet.

FIELD TRIP

Last week the Bookkeeping Class was privileged to go to the Coleman First National Bank on a field trip. Sixteen students and the teacher went via bus to see the new bookkeeping machines which the bank put into operation last fall. The employees and bookkeepers explained their jobs and answered questions by the students.

Before leaving, the group was invited to the Hospitality Room and served cokes, courtesy of the bank.

We would like to express our appreciation to the bank for this opportunity.

CAMPUS CHATTER

Les Guthrie, who was the girl with you Saturday night?

Billy Haynes, where have you been hiding your girl? You and Danny Wylie have too many secrets.

Donnie Henderson, did Ina Jo enjoy the banquet?

Linda Stanley, did you and Randy have fun after the banquet? Now just where was it you went?

Gary Williams, who is Martha?

Snyder was well represented again this week. Orabeth and Londa came to brighten Bill and Terry up. They succeeded, too.

Sheila Swindell, whose football jacket with the number 62 are you wearing?

Cynthia Parker, where did you and John go after the banquet?

Mrs. Chandler, do you find dead rats disgusting? Those naughty Juniors should clean up the concession stand.

Donna Walker, did you enjoy the show Saturday night? Jimmy seemed to enjoy it.

Frank Valdez, would you care

to tell us who you were with Saturday night?

Geraldine French, heard from "Puddles" lately?

Earla Buse, did you and Red have fun at the banquet? Earla, why did that man wreck his pickup? Was he looking at you?

Larry Fowler, Red Fellers, Mac and Bob Boyet, was that road a little "curvy" going to the game Friday night?

Wade, why didn't you go to the banquet?

Sandra Davis had a cute escort after the banquet. It was none other than Larry Wardlow.

Geneva, Brenda and Pat were seen riding around in Coleman Sunday.

Pete Simmons and Linda Horner couldn't double date Saturday night because of Linda's big dress and Coach Smith's golf cart.

Ruth Ann Starnes and John Dillingham were at the banquet. Tinker and Pat made a cute couple, too.

Jo Ann Wallace and Barton Goodwin had their usual Saturday night date at the movies.

It is now time to say, "So long, eritnMc arabraB," wherever you are.

All the Seniors are striving for a perfect attendance for the last semester of school in order to be exempt from final tests.

Hundred Female Possums Needed In Vital Study

AUSTIN — The common East Texas opossum, at least the female, is on the brink of attaining importance other than being used for a dish of "possum and taters." One hundred adult female, live possums are needed for research aimed at developing a vaccine for one of mankind's most feared diseases, leukemia. The story of the discovery and use of this most ancient of Texas mammals in research is one you won't want to miss.

Conservation Officer Jack Hardie, 516 Peach St., in Tyler, is standing by with holding pens and shipping crates, plus \$1 per head in payment to help defray transportation costs to the person who delivers animals alive to him. He has air freight facilities for shipping the animals to Dr. Matthew Block at the University of Colorado Medical Center in Denver, where the research work on cancer of the blood is being conducted.

For a complete story on the cancer-fighting possum hunt, be sure and check the March issue of Texas Game and Fish, Texas' most complete outdoor magazine. If you are interested in subscribing to the magazine, simply drop a card to Texas Game and Fish Magazine, Austin, Texas.

TAX REFUND SAVINGS

The new plan to give U. S. taxpayers the opportunity to take tax refunds in Savings Bonds is one that should prove a boon to individual citizens, as well as a constructive step in the direction of easing the Nation's debt management problem.

Public interest in this plan has been evident for a long time. A recent survey indicated that a significant number of taxpayers who received refunds last year might have taken them in Bonds if given the option. Individual taxpayers can benefit from the plan by making it a method of insuring that their refunds are not simply absorbed into household money, to vanish in day-to-day spending. The plan will permit the setting aside of the nucleus of a special fund for educating their children, planning for retirement, and the like. And for all taxpayers it represents an opportunity to own a real share in America while earning a good return on their money.

The Treasury hopes to benefit from the plan, too. At present more than 45 billion dollars in Series E and H Savings Bonds are outstanding, nearly one-sixth of the national debt. The Treasury is keenly interested in increasing the amount of money in Bonds, since every dollar in this type of security is a dollar less that the Treasury has to raise through the commercial banking system. The Treasury is also aware of the beneficial effect that Savings Bonds have in encouraging the habit of thrift and in helping to maintain economic stability in communities throughout the country.

Just as the Payroll Savings Plan has appealed to many people because it is an automatic way of saving, it is expected that the new tax refund

plan will be popular for much the same reason. The Treasury hopes so.

It would be well for all citizens who are expecting tax refunds this year to consider seriously taking them in Savings Bonds—to benefit themselves and their country. A check mark in the proper place on the new tax forms can put you in an active role in supporting the Nation, and feathering your own nest at the same time.
