IMPULSE TO APPEASE

These remarks are addressed to any who think that "appeasement" as an element of foreign policy exists only as a historical reference, symbolized by bumbling Neville Chamberlain and his umbrella. It must not be forgotten that Mr. Chamberlain was able to seal his bargain in Munich — peace in our time — only because a sizeable chunk of British thought had come to reject strength as an element of foreign policy and had sought security instead in disarmament and international policing. England slept, all right, and the awakening was almost too late.

But Anthony Eden showed England that strength would make the dictators behave themselves for the first time. It took a terrible holocaust to prove this, but that bitter price was paid. Twenty-three years after Dunkirk, however, there are leaders in American public life, who, like the Socialist liquidators of empire, talk of the new Khrushchev, the new Russian look, and the "mellowing" of Communism. Or they suggest (as Chester Bowles has done) that Communist ideology is becoming irrelevant. These attempts to whitewash are just what the Soviet dictator ordered.

On Schedule

The Communists' 45 year history has proved to them that they are the future, we the past. They expect to continue with our burial. And is there any reason, from the Soviet view, for denying that it is not proceeding on schedule?

Relying upon expressions from Lenin's writings, Bertram Wolfe in "Foreign Affairs" October, 1962, shows the Communist patience: "The ideology gives its possessors the wisdom to know when pauses are necessary, the pride to 'crawl in the mud on your belly' without a sense of humiliation, the skill to 'keep a clear line for maneuvering,' for 'retreating when possible and necessary' lest you lose all you have gained, for 'renewing the attack' when that becomes possible, for 'using treaties as a means of gaining strength,' bringing up 'fresh forces,' obtaining a 'better rather than a worse peace as a respite for another war,' a 'breathing spell.'"

Giving Away Victory

And so it goes today. The Communist bloc gets its victories mostly from the victories we give away. The weakness of the West provides the strength of the Kremlin, and the chief element of this weakness is the inability or unwillingness of our leaders to understand the aims and purposes of freedom's enemy. Today the weakness is not for lack of arms but seems to find basis in a sort of intellectual paralysis and corruptness of morals. We retreat from strength, as if expecting the little countries in the U. N. to wield the balance of power for us according to the extent of our handouts to them.

The neutrals — the uncommitted — supply no moral basis for decision. They have no grasp of the issues, nor can they defend their neutralism except on pragmatic grounds. They may live to see the Russian expansion first hand; the worst imperialism the world has ever known. No, Mr. Bowles, the ideological foundations of the Kremlin are not crumbling. Among Communist stalwarts there is no "crisis of faith" or "private doubts." Why should there be? The Soviet government is no "crisis" regime. The faithfulness and doubts belong to those who should believe in America.

Hypnotized Counselors

A recovery of U. S. initiative, and even victory on one Communist front, was in sight with regard to Cuba last October. But apparently the October advisors were then hypnotized by Communist tricks: the mellowing of Khrushchev, the de-Stalinization of the Kremlin, the quarrel with the Chinese. The President's advisors thought they were fortified with knowledge of Russian intentions. These knights of the New Frontier chuckwagon above all were impelled to ignore the "extremists," the rash-talk-is-cheap crowd. It seems more obvious with each passing week that appeasement has been enjoyed by Mr. Khrushchev.

It is also now evident that a tight blockade of Cuba could have been maintained with advantage to this very hour. The nations of Latin America and

Only 3 Weeks To Get Vehicles Safety Inspected

Austin — The Director of the Texas Department of Public Safety today reminded the 1,300,000 motor vehicle owners who haven't secured their 1963 inspection stickers that they only have three weeks to do so. Col. Homer Garrison Jr. said that as the April 15 deadline for inspections approaches, waiting lines will begin forming at the 5,000 official inspection stations.

"Under the law there can be no extension of the deadline, and motorists who fail to display the new sticker on and after April 16 are subject to arrest," he said.

Authority for the enforcement of the provisions of the Motor Vehicle Inspection Act is vested in law enforcement officers of the Texas Department of Public Safety, any sheriff or deputy sheriff and any city policeman.

Garrison pointed out that in the three remaining weeks of the inspection period, there is sufficient time for the remaining vehicles to be inspected without inconvenience provided the owners act promptly.

"We are very well pleased," he said, "with the contribution that the vehicle inspection program has made toward reducing accidents on our streets and highways. We hope that through the continued cooperation of the people of Texas, these accidents can be further reduced."

Watch Now For Screwworms

Mission — Spring weather over most of Texas means livestockmen are facing a busy season when calving, farrowing, shearing, dehorning and the many other animal husbandry activities are occurring. It could also mean screwworm activity may not be too far in the future, especially if producers are not careful in handling animals and treating wounds, eradication officials state.

The many open wounds, so attractive to the screwworm fly, that now exist because of the normal spring livestock activities make many areas of the state a "veritable tinderbox" for infestation, eradicators warn. They urge producers to carefully treat every wound, whether a small nick or scratch or a large open cut, making certain that the insecticide used gets down in the center of the wound and it not drained away by blood. Spraying livestock with a solution of 0.25 percent Co-ral or 0.5 percent ronnel (Korlan) every two or three weeks, is also recommended.

Officials warn of the danger of moving screwworm-infested animals, a practice which could help the pest spread quickly into non-infested areas. State regulations prohibit the transportation of livestock before they have been checked for infestation and certified. This applies to livestock being moved from areas south of the screwworm control line into other areas of Texas or the nation.

Every case now being detected is treated as an emergency in an attempt to quickly overwhelm the insect before it can infest other areas. This makes prompt reporting by producers imperative, officials said.

C. G. Scruggs, president of the Southwest Animal Health Research Foundation, has stated it would be traitorous for a man not to report anything he thinks is a screwworm case. A few cases that are not treated and reported at this time could ruin and waste everything that has been done up to now, he said.

Mr. and Mrs. A. A. Bertrand returned home last week from Houston, where they visited two weeks with their four children and families and a granddaughter and family.

Europe were behind us. But are they today? Credibility in U. S. action and response was almost restored. Yet it was not. This is the old story of Communist victories being derived from our weaknesses. Mr. Khrushchev has taken strategic steps backward, only to take more steps forward a bit later.

Notice Please!

Because of the death of our helper, Rodney Kauhs, we are going to be short handed again for a time. We would greatly appreciate each of you keeping this in mind and submitting your news and advertising copy to us as early as possible.

As each of you are aware, we changed our publication date the first of the year, getting The News out one day earlier than we did for many years. In order for us to maintain this schedule, we must have your cooperation in getting your material to us as early as possible.

Mrs. Ruth (Radle) Poldrack is going to help us as much as she can, but she must spend some time with her family. The remainder of the shop work will be left to your editor, and as is the case so often, he can do just so much and no more.

With your cooperation we feel we can continue to get the paper out on the present schedule.

We urge each of you to let us know when you have visitors or when you entertain a group. Anything you feel is newsworthy, let us know. It is impossible for us to put your news in the paper unless we know about it.

Thanks for your cooperation. —Your Editor

Former Rockwood Resident Dies

Services for J. A. (Buck) Stobaugh, 59, retired Crosby County farmer, were held at 3 p. m. March 21, in the Lorenzo Church of Christ.

Burial was in the Lorenzo Cemetery.

Mr. Stobaugh, a native of Rockwood, died Wednesday morning in a Lubbock hospital, where he had been under treatment since Feb. 6. He moved to Lorenzo in 1923 from Rockwood and helped to open the first Piggly-Wiggly stores in Ralls and Lorenzo.

Survivors include his wife, mother, one daughter and three sisters.

Boy Scout Meeting

Troop 30, Santa Anna Boy Scouts, met in their regular meeting place Tuesday night, with Lee Ray Huggins in charge. The regular business meeting was held, after the group repeated the Scout Oath.

Marty Donham, John Hensley, Phillip Bates and Larry Rutherford represented the Santa Anna Scouts at the Archery Shoot in Coleman Sunday afternoon. The boys brought home the second place trophy.

Next meeting will be April 2 at the City Hall, regular meeting place.

FHA Expresses Thanks

Members of the FHA Chapter wish to express their thanks to the citizens of Santa Anna for the fine spirit of cooperation the past Saturday. The girls enjoyed a very profitable day, making money to send their delegate to the National Convention.

Dan Tindol To Attend HPC Science Institute

Dan Tindol, science instructor of the Santa Anna High School, received notice early this week that he had been accepted for a place at the Summer Science Institute, sponsored by the National Science Foundation, to be held at Howard Payne College this summer.

Mr. Tindol attended a similar institute in Oklahoma last summer.

The institute will be for eight weeks and will begin soon after the present term of school is over.

PTA To Meet Wed., April 3

Mrs. Dorothy Harris, president, announces the regular meeting of the Santa Anna Parent-Teachers Association will be held in the Cafeteria of the Elementary School at 2:30 p. m. Wednesday, April 3.

First part of the program will be presented by Mrs. Harris' Second Grade on "Texas." Second part of the program will be presented by Mrs. Billie Guthrie on "Spring Fashions."

Mrs. Harris said they would like for all members to be present and everyone is invited to attend.

License Plate Sales Increase: Deadline Is Sat.

Deadline for the purchase of your new 1963 vehicle license plates will be Saturday, March 30. All vehicles must have the new plates on by Monday, April 1, states John Skelton, County Tax Assessor Collector.

Mrs. Billie Guthrie, operator of the sub-station in Santa Anna, said the sale of the new plates has picked up pretty good during the past few days. She will keep her office at the Santa Anna Insurance Agency open Saturday afternoon for the convenience of those who do not get the opportunity to purchase your plates earlier.

Two Elections To Be Held Here Next Week

Two elections will be held here next week. The first will be the City Election, to be held Tuesday, April 2, followed on Saturday, April 6, with the School Election.

Both elections will be held at the City Hall Fire Station. Polls will be open from 8:00 a. m. to 7:00 p. m. Neither election has a contested position on the ballots.

Just because there is no contest in either election is not any reason for failure to vote. In both instances, the men seeking re-election are donating their time and efforts for the betterment of the town and school. You owe it to them to go to the polls and show them your appreciation by casting your ballot.

Listed on the City Election Ballot are: W. Ford Barnes for Mayor; Lewis M. Guthrie and D. H. (Doug) Moore for Aldermen. These places are for two-year terms.

On the School Ballot is listed William R. (Bill) Brown and Grady McIver, both seeking re-election to three-year terms.

Election Judge for the City Election will be Joe Baker, with Lee Hunter and Arthur Turner as assistants. For the School Election, Roy Stockard will be Election Judge, with Mrs. Hardy Blue and Mrs. Leta Parker as assistants.

National Guard Launches All-Out Recruiting Drive

Washington, D. C. — The National Guard, both Army and Air, has launched an all-out recruiting drive, Major General Donald W. McGowan, Chief of the National Guard Bureau, announced here today. (March 20, 1963).

Calling last year's Berlin mobilization "the most successful in National Guard history," General McGowan stated that the Guard, both Army and Air, now occupies a position of greater importance in the defense posture of this nation than ever before.

Consequently, he said, it is vital that the Guard's strength be maintained at its maximum authorized level.

Dubbed "OPERATION BIG PUSH," this recruiting drive has been described by Guard officials as a TOTAL effort requiring every Guardsman to do his best to help the campaign along.

The Army National Guard is aiming at four men per unit per month for each of its 4,600 units during the next four months, while the Air National Guard's goal is two men per unit per month for each of its some 700 units through June 30.

General McGowan concluded that, "as it has in the past, the National Guard will once again meet the challenge."

Mr. and Mrs. J. B. Jones of Bishop and Mrs. Mildred Aycock and Sherry of Alice spent the weekend with the ladies mother and grandmother, Mrs. J. J. Gregg. Visitors with Mrs. Gregg last week were her brother, Mr. and Mrs. Phillip Buchanan of Ventura, Calif., and her sisters, Mrs. Annie Frost of Odessa and Mrs. Velma Baker of Eunice, N. M. Mrs. Gregg returned to West Texas with the group to visit other sisters, Mrs. Ollis Card, Mrs. Dora Payne and Mrs. Edna Elkins in Pecos.

School Faculty For Next School Year

The faculty of the Santa Anna Independent School District will be changed very little for the 1963-1964 school year. At a recent meeting of the Board of Trustees it was made known that one teacher, Mrs. Maud Harris, had asked for retirement after forty-one years as a teacher in the public schools of Texas, which includes 34 years in service in the Santa Anna Schools.

The retirement of Mrs. Harris, who has been a second grade teacher for many years, does not mean that there will be a vacancy for a second grade teacher since all teachers were elected subject to assignment. The school district currently has employed one teacher above the school foundation program in order to maintain additional subject offerings and reduce the classroom load. Current plans are to begin the teaching of a foreign language and it may become necessary to reassign some personnel in order to establish this new department in the school system. A study of average daily attendance in May will be basic to determining teacher assignments for the 1963-1964 school year.

The faculty and administration for 1963-1964 will be as follows: Cullen N. Perry, Superintendent, Roy B. Mathews, Principal of High School and James A. Harris, Principal, Grade School.

Elementary school faculty: Margaret Crews, Don W. Davis, Ruth Dodson, Mattie Beth Davenport, Nadean Harris, Gertrude Martin, Ruth Odom, Lucille Dean and Martha Perry.

High school faculty: A. D. Bowen, Beth Manning, Melvin T. Camp, Gloria Chandler, Winnie McQueen, A. D. Pettit, R. C. Smith and Daniel J. Tindol.

Of the current teaching staff of 21 faculty members, every teacher holds at least a bachelor's degree and fourteen of the

twenty-one faculty members hold master degrees. One faculty member holds three degrees. Of the bachelor degrees, seven were awarded by Howard Payne College; seven were awarded by Daniel Baker College; one each was awarded by North Texas State University, Texas A & M College, Texas Tech, Sam Houston State, North West State of Oklahoma, McMurry College and two were awarded by Texas Woman's University.

Masters degrees held by the professional personnel have been awarded as follows: five by Howard Payne College, two by North Texas State University, and one each by Texas Christian University, Hardin-Simmons University, Texas Tech, Texas Woman's University, McMurry College, University of Texas and Texas A & M.

The present faculty has an aggregate of 391 years of teaching experience for an overall average of 18½ years. This experience included an aggregate of 202 years in the Santa Anna Schools with an average of 9.6 years in the local system. The latter figure could be raised if experience in schools which were later consolidated with the Santa Anna schools was included.

It is believed that these figures demonstrate outstanding experience and training to be found in a small school system.

The Santa Anna Schools has a current teacher pupil ratio in the high school of one teacher to seventeen students and in the elementary school the ratio is one teacher to twenty-four pupils.

W. H. Jones Dies Tuesday

W. H. "Skeet" Jones, 52, passed away in a Houston hospital at 5:00 p. m. Tuesday. Skeet had suffered a severe heart attack just a week before his death, then suffered a second attack early Tuesday morning.

Skeet is well-known in Santa Anna, having been born and raised here. He was a brother of Ed Jones.

He had been in Houston about 30 years, where he had been real successful. He had been a member of the Houston City Council for the past seven years. We will always remember him as being very interested in the Santa Anna Homecoming and the help through suggestions, money and materials in seeing the Homecoming get off to a successful start.

Services are scheduled to be held at 11:00 a. m. Thursday, March 28, at the Earthman Funeral Home in Houston, with burial to follow in a Houston Cemetery, beside the remains of a son who passed away at about the age of three years.

Mrs. Ed Jones said just before leaving Wednesday morning, that all the Jones children would be present for the services.

State Capitol NEWS

Austin — "Hi Pardner".... have you suggested a slogan for "The Longhorn State"?

Better get your pencil and paper out and start thinking. Everybody's doing it!

Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State".... "Vacation State".... and "Texas Has Everything."

Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it, what's wrong with "Hi Pardner" — the

two words we used in starting this column? Sounds like the friendly welcome of a Texan — in state or out of state.

Cost of adding a slogan to the Texas tags would run only about \$150. Or just the cost of the new dies.

Speaking of license plates... a bill by Rep. Ray McNitt of El Paso would eliminate the front tag. Saving to the state — \$403,000 annually.

UP IN THE AIR

Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. Ben Barnes of De Leon

got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking \$436,000 for the next two years. Commission has been credited by some opponents of the bill with helping create landing strips in smaller communities. Rep. Gene Hendryx of Alpine favored a abolishment of the commission.

He said citizens of his town built their own airstrip with \$4,000 of local money, without any governmental aid except for the use of some county bulldozers.

Land Commissioner Jerry Sadler protested a bill by Rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard and the Department of Public Safety to sell all "executive-type aircraft" with more than 260 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office. He insisted the State Land Office needs an airplane for aerial surveys of state land.

ANNEXATION COMPROMISE
Municipal annexation bill, as passed by the House, is considered a compromise by the Texas Municipal League. Ditto for interested industries — including the Texas Association of Homebuilders — that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston, and rewritten by Rep. Jerry Butler of Kenedy, were enough representatives to decide the

matter for one side or the other. Several votes indicated the cities might win the right to annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

AUTO INSPECTION DEADLINE
Col. Homer Garrison Jr., director of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

If Rep. Terry Townsend of Brady has his say the \$1 auto inspection fee will be raised to \$2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

CROP INSURANCE
Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical-harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers. Coverage will be available under economically-priced "escalator" and "step-ladder" forms, as well as "broad form" policies.

GOVERNOR'S APPOINTEES

Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents, to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kultgen of Waco was his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justin Jr. of Fort Worth. Connally pointed out

that this is the first time a Negro has been appointed to the board.

Connally re-appointed to the Board of Corrections J. M. Windham of Livingston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock, Joseph A. Scott Jr. of San Antonio and Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Board of Directors. All are Negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Givens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John Hazlewood of Amarillo was re-appointed.

To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re-appointed Harold Hinn of Dallas.

LEGISLATIVE WIND-UP
Governor Connally and House Speaker Byron Tunnell seem to agree that the 58th Legislature should wind up its business before the May 27 deadline. This

should please the Legislators. They stop getting the usual \$12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here.

In addition to the tremendous investment in equipment and regular customer service, West Texas Utilities spends another \$400,000 a year maintaining the vast complex of machinery to keep the power flowing. Here you see the hood being pulled from giant turbine.

\$400,000 a year to keep the power flowing

Workmen replace blading veins which become eroded due to high-pressure steam flow. Highly skilled technicians are on call night and day. The moment trouble starts, their work begins. Much of the equipment is repaired on a regular maintenance schedule, before trouble appears.

The repaired unit is lowered back into its bearings by huge cranes, and the alignment minutely inspected before the bolts are secured — just one of the countless jobs performed regularly by West Texas Utilities' maintenance crew to assure you an uninterrupted flow of electrical power.

Ready to go! In the generating room at Oak Creek plant, the gigantic turbine does its job to generate power for West Texas Utilities customers in the vast West Texas area. Because the flow of electrical power is so dependable, you can enjoy living better electrically.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected... all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510 — so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

Mrs. Zetha Browning of Lampasas and Mrs. Lillie Featherston visited Saturday afternoon with Mrs. Minnie Wilson.

Mr. and Mrs. O. J. Martin visited Mr. and Mrs. Off Martin and Mrs. Grace Martin in the Bangs rest homes Sunday afternoon.

Mr. and Mrs. Lige Lancaster visited their daughter and family, Mrs. Lucille Oakes and children in Brownwood Friday. The Oakes were all sick with the

flu. And speaking of the flu, there has been a number of cases here. We are hoping the bug will die out with spring here, and to those who are sick, we hope you are soon feeling better.

Mrs. Minnie Wilson visited on Sunday with Mr. and Mrs. Roy Laughlin in the Brooksmith Community.

The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones

BY THE PRESIDENT OF THE SANTA FE

In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements.

All this money is being used to keep the Santa Fe up-to-date in every way. As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The New Santa Fe Trail."

Here are just a few highlights of the many improvements.

- 2548 new boxcars.
- 500 Mechanical Temperature Control cars.
- 550 covered hopper cars.
- 194 double and triple deck autoveyors.
- 181 flat cars.
- 58 new diesel locomotives.
- 24 hi-level passenger cars.
- 31 semi-lightweight mail and baggage cars.
- Increasing our microwave communication system to 2064 route miles.
- Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.
- Advancing our piggy-back operations to include joint rail-truck rates.

And we haven't been standing still up until now. We've invested over a billion dollars in progress since World War II. For example:

- The new cut-off line into Dallas.
- Major line relocations in Arizona.

- Equipped 3560 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)
- Equipped 7745 freight cars with roller bearings.
- Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.

To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.

It is our aim to keep the Santa Fe Trail always new.

Whon News

By MRS. TOM RUTHERFORD

Mr. Bert Turney has returned to his home here. We are very glad to report Mr. Turney is back home, following serious illness in Medical Arts Hospital in Brownwood. Then he recuperated a few days in the home of his son, Mr. and Mrs. Rex Turney in Santa Anna. Bert reports he is feeling very well and is certainly looking forward to making the Whon Picnic, April 6th. Bert, we all are looking forward to you making it out.

Mrs. Darwin Lovelady and Mrs. Floyd Morris visited Monday night in the Tom Rutherford home. I really want to say thanks to the ladies of the community for the lovely quilt they did for me.

Mr. and Mrs. Thomas Rutherford and children are visiting with Mr. and Mrs. Hilary Rutherford and children in Coleman a few days. The Hilary Rutherfords visited in the Tom Rutherford home Sunday afternoon.

Mr. and Mrs. Floyd Morris were Sunday guests with their son, Mr. and Mrs. John David Morris in Coleman.

Mrs. Darwin Lovelady spent Wednesday with her sister, Mr. and Mrs. Bill Newsom of Winchell.

Visitors with Mr. and Mrs. Bert Turney since their return to their home here have been, Mr. and Mrs. Edna Lancaster, Mr. and Mrs. Walter Yancy and children, Mr. and Mrs. Rex Turner and children, Mr. and Mrs. Floyd Morris, Mr. Oscar Lovelady, Mr. Sammie Shields, Mr. and Mrs. John Hunter and possibly others. Mr. and Mrs. Turney wish to thank their friends and neighbors for the kindness shown during their illness.

Stacy Dockery of Santa Anna spent Wednesday night with Cindy and Jana England.

Thomas and Hilary Rutherford visited briefly Sunday afternoon with Mrs. Florence Carter and Leon.

Mr. and Mrs. Buster Wyan of Coleman were visiting friends Saturday afternoon. They visited Mr. and Mrs. Zack Bible, the Tom Rutherfords and Mr. and Mrs. Aaron Avants. They also did some work in the Whon Cemetery.

Tommy Durden of Santa Anna spent the weekend with Jamie Lee Morris. Freddie Cobough spent Sunday night with the boys in the Morris home.

Don and Neil Fitzpatrick spent Sunday with Randy Lovelady.

Mrs. Darwin Lovelady, Lynda Rutherford, Cheryl Fitzpatrick, and Linda Abernathy attended a shower honoring Mrs. Denny Densman in Rockwood Saturday afternoon.

Lynda Rutherford visited with Linda Stanley Sunday afternoon.

Mrs. Floyd Morris and Mrs. Zack Bible were in Brownwood and Santa Anna Wednesday.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN. Warts

Do you have warts? If so, you have a lot of company. Many people, particularly children, have warts. Sometimes they hang on for years. Often they just go away after awhile, for no known reason. Usually a wart is nothing to worry about.

A wart is a virus infection of the outer layer of the skin, says Today's Health, the magazine of the American Medical Association. The ordinary wart is a benign tumor that does not turn into cancer.

Warts can turn up anywhere on the body, but are most common on the hands, fingers and soles of the feet. Girls are four or five times more likely to have warts than boys, but in adults the incidence is about the same for both sexes. Warts are contagious and are started by contact with the virus that causes them.

The plantar warts (those on the soles of the feet) cause the most trouble. These are most common in adolescents and adults with moist feet. Plantar warts occur most often at points of pressure and sometimes can be confused with painful callouses. They can be most uncomfortable, even making walking painful.

Physicians generally use either an electric needle or a freezing process to remove warts. Either process will work and the choice is up to the individual doctor.

For some unknown reason, warts sometimes can be "charmed" away by suggestion. Mark Twain readers still recall the stumpwater and dead cat remedies of Tom Sawyer. If the patient firmly believes the remedy will cure warts, sometimes it will. Sometimes the physician will destroy the largest wart and then find that the smaller ones go away without further treatment.

If a wart is so located that it is constantly irritated and causes discomfort, such as a facial wart that gets in the way of shaving, or is unsightly, it is

advisable to have it removed. Most of the non-prescription wart remedies contain acid. These could cause harmful burns if the patient did not follow directions carefully.

Free Publicity Handbook For All Publicity Chairmen

Every year thousands of men and women are asked to volunteer their services as publicity chairmen of their clubs. Many find themselves appointed to a task they know little about. A newly published Publicity Handbook is proving helpful to thousands whose task it is to publicize the activities and projects of their organizations.

Free copies of this Publicity Handbook are available to the publicity chairman of any organized group. Written requests should be mailed to The Sperry and Hutchinson Company, Consumer Information Service, 42-42 West 42nd Place, Chicago 32, Ill. The 24-page guide contains step by step directions for developing good publicity techniques both in writing and then channeling club news most effectively.

The S&H Publicity Handbook tells the novice how to develop good news contacts, the tools needed for effective publicity, how to decide what is news, and how to choose and focus on the right audience.

Detailed directions are provided for developing a simple fact outline, a standard news release and editorials. Tips are given on news photography, from planning with an editor to working with a photographer. Publicity for magazines, radio and television is covered. Suggestions for using such diversified media as outdoor advertising, direct mail and posters are included. No area of club publicity is overlooked.

Publicity chairmen play a role in club work which offers challenges and rewards to be found in no other assignment. The S&H Publicity Handbook is sure to help those interested in doing a good job.

L.T. MELVIN POLLOCK COMPLETES HELICOPTER SCHOOL IN ALABAMA

Fort Rucker, Ala. (AHTNC)—Army 1st Lt. Melvin W. Pollock, whose wife, Patsy, and parents, Mr. and Mrs. M. R. Pollock, live in Santa Anna, Texas, recently completed a four-week helicopter pilot course at The Aviation Center, Fort Rucker, Ala.

Lieutenant Pollock was trained to fly the CH-21 (Shwanee) helicopter. He entered the Army in 1959 and was last stationed at Fort Hood, Texas.

The lieutenant is a 1953 graduate of Santa Anna High School and attended McMurry College in Abilene.

Mrs. Myrtle Robertson of Los Angeles, Calif., who has been visiting her sister, Miss Alta Lovelady and other relatives in this area, went to Miami, Florida last week, where she will join a party of friends for a Caribbean cruise. Mrs. Robertson will leave Miami April 8. She will return by way of Washington, D. C., New York, then to San Francisco and to her home.

The first commercial ice plant in the United States was operated in Jefferson, Texas, about 1874.

Of Interest To VETERANS Questions And Answers

Q — Can any wartime or peacetime veteran get a free physical examination from the VA?

A — To be eligible, he must have been discharged or retired under conditions other than dishonorable and must need the medical or physical examination to apply for certain Federal benefits. For example, the VA gives medical examinations for determination of the presence of a condition claimed to be service-connected, for Government life insurance purposes, and when application is made for hospital or domiciliary care.

Q — Would I benefit by converting my GI term insurance to a form of permanent insurance? My present premium is \$8.50 a month for a \$10,000 policy. I am 40 years old.

A — Term premiums increase every five years and thus become highest when the veteran is usually least able to pay. For instance, on your term insurance you will pay \$26 a month when you are 60 years old and \$61.80 when you are 70. If you convert to permanent insurance, the premium will become \$21.20 a month and it will never go up.

Q — In filing my income tax return do I list the regular and special dividends as taxable income?

A — NO. Veterans benefits are tax-free.

Q — Does the Veterans Administration Department of Medicine and Surgery engage in medical research?

A — Yes. During fiscal year 1962 there were medical research programs in 133 VA hospitals, five regional offices, and three outpatient clinics. More than 5,000 professional and scientific publications and presentations resulted from medical research during the year.

Q — Should a veteran who wishes to be buried in a national cemetery apply to the VA to be sure of having space reserved?

A — NO. Application should be made at the time of the death of the veteran. The gravesites are not reserved in advance of immediate requirement.

Q — At what age does a war orphan become ineligible for VA educational assistance?

A — Generally, the age is between 18 and 23 when war orphans start receiving assistance. In some cases the 23 limit is overlooked, but in no case may schooling be continued beyond

the 31st birthday of the beneficiary.

Q — What are the average ages of living veterans?

A — According to the Veterans Administration, average ages are as follows: Spanish-American War, 85; World War I, 68; World War II, 44, and Korean Conflict, 33.

Q — The VA is urging veterans who draw compensation and pension and who also have GI insurance to have their insurance premiums deducted from their compensation or pension payments. If I do this, how will I benefit?

A — The VA points out such procedure would not only avoid the chance of a lapsed policy, but would also save the veteran the time and cost of drawing a check or money order and mailing it to his VA insurance office.

Q — What is the first step in applying for a GI loan to buy a home?

A — First a certificate of eligibility must be obtained from VA regional office. These certificates now show the expiration date of the veteran's entitlement to obtain a loan.

Q — Does the VA handle state veteran bonus payments?

A — Bonus payments by states are purely matters concerning the state issuing the bonus. The VA is completely outside this activity.

Q — Can a veteran buy a home in a foreign country with a GI loan guaranteed by the VA?

A — The VA has no GI loan program in any foreign country.

IDENTIFY YOUR PLYMENT

Every day the Internal Revenue Service receives unidentified checks. Often, we receive payments with no explanation as to what they are in payment for Ellis Campbell Jr., said today.

When this happens, these checks are placed in a suspense account. Every effort is made to identify these payments, but this takes time and additional clerical help—help which could be used to process refunds. Sometimes the senders of such checks are not located and Internal Revenue has a large number of checks just waiting to be credited to some taxpayer's account.

Mr. Ellis Campbell Jr., has this timely advice to taxpayers sending in checks or money orders in payment of taxes. Attach the bill or notice to your payment. If you do not have a bill or notice, attach a note stating what the payment is for, the year of tax, and the type of tax owed. Please be sure to include your name and address and social security number.

It's also a good idea to keep your money order stub or cancelled checks in case you ever have to verify your tax payments.

TAX-MAN SAM SEZ:

A dependent is worth a lot to you on your tax return. Every year some taxpayers fail to take exemptions they should take. On the other hand, the Office Audit part of Internal Revenue checks thousands of returns and disallows many dependents. The instructions are clear. Internal Revenue wants you to take all your exemptions. Read and follow the instructions; those exemptions are worth \$120 each, or more.

Visitors with Mr. and Mrs. Don Pritchard and family and Mr. and Mrs. W. E. Vanderford over the weekend were Mrs. Ruby Pritchard and Sue and Cheryl Moore of Post, A3c Robert Pritchard, A2c Ray Carrell and Miss Gloria Peoples of Amarillo. They all returned home Sunday afternoon, after having dinner with Mr. and Mrs. Rip Mayo and family in Coleman.

Mrs. A. E. Campbell had as her weekend guests to celebrate her birthday, Mr. and Mrs. Jack Farnell and son and family of Paducah, Mr. and Mrs. K. W. Campbell of Slaton, Mr. and Mrs. E. V. Campbell, Sue and Buddy of Santa Anna, also Mr. and Mrs. Billy Campbell and Donnie of Santa Anna. Others attending were Mr. Rodger Keeney of Coleman, Judge Woodruff of Brownwood and Mr. Kirk Keeney of Waco.

Mrs. Tom Kingsbery and Mrs. C. D. Bruce attended the Heart O' Texas convention of Federated Clubs in Ozona on Monday and Tuesday of this week. On Monday afternoon, they visited briefly with Mrs. Coralle Melneke and Mrs. James Dockery.

It's Time For... EYE CARE

Dr. Newton K. Wesley
THE LENS IN YOUR EYE

Let us talk a little about the crystalline lens, which is a very important part of the eye. It bends the rays of light and changes shapes.

In a camera, we think of refocusing by mechanical means. The shape of the lens in the eye is changed by a muscular ring around the crystalline lens. The exact functioning of the crystalline lens is not completely understood, but it is thought that the muscles surrounding the lens actually apply or decrease pressure on certain ligaments to center the shape of the lens.

If you look at a close point, the rays of light are more divergent and they must be bent to focus; therefore, the crystalline lens changes shape to become sharper in curvature. This changes the focus and improves your vision. The resiliency of this lens is very important, and after the age of about 25, it begins to harden. By the time we reach 40 or 45, the lens has hardened just as other parts of the body may harden. Bones are a good example of such action.

At this point, the lens no longer changes to accommodate vision for nearby objects. Then we complain about lighting when we read, or headaches, or we repeat the old joke that our arms are too short for reading when we hold a newspaper.

This "old age sight" is a normal change and nothing can be done about it. We see our eye doctor and he fits us with glasses or contact lenses.

Read Micah 6:1-8;
Psalm 143:1-10

He hath shewed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God? (Micah 6:8.)

What does the Lord require of me? This is a challenging question. I have the privilege of being a fellow worker with Him. This is not only a privilege, but also a serious responsibility.

It is no easy task so to live that others may find it easier to believe in God and be persuaded His purpose is the greatest purpose to which they can dedicate their lives. No, not easy; but it is a glorious possibility.

I know a youth who decided to accept Christ as his Lord and Master because he had seen what a lovely person Christ had made his father.

What does God require of us? We can learn the truth of this divine requirement through Bible reading, prayer, and fellowship with Jesus our Lord. He makes clear what God requires of us.

Vets Urged To Check Beneficiaries On Insurance Policy

A Veterans Administration survey has just revealed that the proceeds of GI insurance policies are often paid to beneficiaries other than that preferred by the veteran at the time of his death, according to Glyndon Hague, Manager of the Veterans Administration Regional Office in Waco.

"Our insurance people recently sent out microfilm copies of the present beneficiary designations to a sampling of GI insurance policyholders," Mr. Hague said, "and the results were really shocking."

Some 49 percent of the beneficiaries were incorrect in some respect, the VA official said, and of that 49 percent, one-third changed the major beneficiary.

"In other words," Mr. Hague added, "over one-third of the changes showed that the veteran was paying his hard earned money into insurance policies, but in many instances any

similarity between those he wanted to get the insurance and those who would have gotten it, was strictly coincidental."

The VA official emphasized that the agency must pay GI insurance policies to the latest beneficiary of record even though it might be an obvious injustice to the immediate surviving family.

The strong advice Mr. Hague gave veterans was to periodically review their GI insurance beneficiaries and make changes to meet changing family conditions.

Change of beneficiary forms can be obtained from any VA office, he said.

Protecting Boat From Damage - Boats often are damaged at temporary camps, due to wave wash from passing boats and skiers, or light storms.

To guard against this damage, lay several small logs (5 or 6 inches in diameter) at the water's edge, parallel to the water edge. Then place two or three logs back of them and you have a good temporary ramp.

Then every time you come ashore pull your boat out of the water onto the log ramp.

Caverns of Sonora

The Caverns at Sonora were opened July 16, 1960, beautifully lighted with broad, smooth trails, the original entrance having been enlarged and stairways constructed. Over 20,000 persons went through the cavern in its first four months of operation.

Formation of the cavern began 60 million years ago and is still taking place. Speleothems (cave formations) are luminous and phosphorescent and include all known forms, even some not known to exist anywhere else in the world. All formations are calcite and colors range over the entire spectrum. So profuse and delicate are these formations that in portions of the cave it is impossible to walk without breaking the floor formations, their perfect condition proof that no man has ever entered here before.

Cave formations include the common stalagmite and stalac-

ASSEMBLY

The assembly Monday morning was opened with the pledge to the flag led by Tommy Stewardson, President of the Student Council. Carol Campbell led the group in singing "God Bless America." Arlene Welch was at the piano.

Mr. Camp reported on the Interscholastic League Contest at Abilene the past weekend. The following band students entered different contests and were given high ratings: Linda Horner, Carolyn Carpenter, Karen McCluskey, Dianne Copeland, Bobbie Niell, Leland Williams, Sharon Gilbreath, Sheila Jeffcoat, Patricia White and Karen Jones.

Mr. Smith reported that the Santa Anna Track Team tied for seventh place in the Blue Bonnet Relays last Saturday. There were 25 teams entered in this class. There were 38 points scored and Tommy Stewardson scored 24 of the points scored.

Mr. Tindol reported on the tennis teams at the relays Friday.

Rev. Raymond Jones, minister from the First Baptist Church, spoke for a few minutes on "What is Life?"

Lawanda Horner led the student body in the Alma Mater at the weekly assembly.

ONE-ACT PLAY

The Santa Anna one-act play will be presented to the student body Tuesday, March 26. On Friday, March 29, the one-act play will enter Interscholastic League competition, which will be held at Goldthwaite.

The play is called "Sparkin" and stars Pete Simmons, Carol Campbell, Arlene Welch and Lawanda Horner. It is about a farm hand (Pete) who goes "courtin'" a young neighbor girl

(Carol). The girl's grandmother (Arlene) and mother (Lawanda) are present and the grandmother gives him a little trouble.

The play is carried out in a hillbilly theme.

SAHS

BLUE BONNET RELAYS

Tommy Stewardson last Saturday scored 24 of Santa Anna's 38 points and was SAHS's only first place winner. Tommy placed first in the high jump with a leap of five feet and ten inches. He also placed second in the high hurdles, setting a new school record and third in the low hurdles. Other winners for Santa Anna were Tinker Dockery, fifth in the 220, and the mile relay team, composed of Freddie Cullins, Bill Horne, Randy Brown and Tinker Dockery, who placed third. Pete Simmons and Larry Makuta tied the school pole vault record with vaults of ten feet and six inches, but did not place at the meet. Santa Anna placed seventh in the meet and was the best Class A school attending.

Bobbie Niell has a little dog named Tax. She open the door and incomes Tax.

As Freddie Cullins was passing by Cheryl's desk, he noticed a statement written on her history book, which read: "If found by person, return by mail. If found by male, return by person."

Sharon Gilbreath left her knitting on a chair with the following message: "Half done — will ravel."

Pete Simmons, who had a part in the one-act play, was to appear on the stage and say, "Be not afraid. It is I." When the time came Pete said in a scary voice, "Don't be skeered. Tain't nobody but me."

I heard Shery Drake say after a recent history test, "Mr. Bowen graded that exam so strictly, he flunked Edwina for having a period upside down."

Brenda, did you have trouble at Coleman Wednesday night?

Nelson, where were your shoes when English II had to come back for roll call?

David, where were you this past weekend?

Dianne, who were you with, Nelson maybe?

Bobbie Niell, are you very sore? Was it from riding horses with a certain someone?

We've noticed Jean Kline has someone else's books. What's this all about, Jean?

Did everybody notice that pen at high school the other day. Some of us girls wondered what it was for, but now we know. It was a hog pen! You ask "How do we know?" Simple! Some freshmen boys were out there grunting around.

Linda McIntire, we noticed you weren't in Science and English classes Monday. Did you have fun in Abilene? Reports are that you didn't get home until 12:15 a. m. Linda found out she will be wearing glasses from now on.

We've heard that Gary Rider and Mary Haynes had quite a long conversation Monday night. How about it kids?

Coach Smith's favorite fraction is 1/5. Wonder why? Looks to me like 4/5 would be better! Don't you think so, Coach?

Lois Simmons, are you getting too big for your gym shorts? We heard you had a splitting accident. How about it?

Larry Wardlow, who's that special person you've got a date with to the Junior-Senior Banquet?

Terry Moore and Stanley Hartman, did a girl ask you for a safety-pin Friday?

Karen Jones enjoyed the Blue Bonnet Relays over the weekend. The reason — she had a date with Billy Henderson from Coleman.

Jimmy Taylor had a date with, well, he went to the show with Stanley Hartman Saturday night.

Gary and Nancy were back together Saturday night. We hope this means they are about

to solve their problems. Linda Robinnett has a new car, a blue and white Chevy.

Brenda Densman is now going steady with Larry Guthrie from Coleman.

Patricia had a date with Bob Mann from Coleman Sunday night.

Motor Scooter Law To Be Enforced

Many motor scooters and motorcycles are being operated on the streets and highways by operators who are not old enough to get a drivers license and by some who are old enough but do not possess a drivers license, said James L. Bridges of the Texas Highway Patrol.

The requirements of the law for the legal operation of a vehicle of this type for an operator between the ages of 14 to 16 are: (1) The scooter or cycle must be registered; (2) A Motor Vehicle Inspection Sticker is required to be carried on the person or exhibited on the vehicle; (3) The operator must possess a valid drivers license.

There is a provision in the drivers license law for a person between the ages of 14 to 16 to obtain a commercial operator's license restricting them to a motor scooter or motorcycle, provided that this motor scooter or motorcycle does not exceed 5 brake horsepower. This license is for the operation of a motor scooter or motorcycle only and any violation of the restriction on the license could result in the suspension of the license for a period of one year.

The operation of a motor scooter or motorcycle by anyone under the age of 14 is a violation of the law, and a person must be at least 14 to obtain a license for this type vehicle.

Bridges stated "Many violations of this type have been observed and called to our attention." Regular checks will be made in all areas in an effort to stop this violation. This violation is a misdemeanor punishable upon conviction by a fine of not less than \$1.00 nor more than \$100.00 plus court cost which is \$15.50 in most Justice of the Peace Courts in this area. The parents can be fined on for permitting unlicensed minor to operate scooter.

April Plentifuls Suggest Eating "High On Hog"

College Station — April will be a good time to eat "high on the hog," both literally and figuratively.

Texas consumers also may well choose the better cuts of beef, because both pork and beef are on the nine-item April list of plentiful foods, reports the Texas Agricultural Extension Service.

The list features pork and carrots, as April supplies of each promise to run far above usual trade needs.

Beef rates a spot on the list for the first time in 1½ years. Prices on both pork and beef are noticeably lower than last winter.

Also plentiful are milk, eggs, potatoes, peanuts and all peanut products, including peanut butter, canned freestone peaches and canned ripe olives.

The monthly list is prepared by the Agricultural Marketing Service, a part of the U. S. Department of Agriculture, in cooperation with producers, processors and the food trade. When supplies of any food exceed expected demand, it is eligible for official listing as a plentiful.

Distributors and retail grocers cooperate in the Plentiful Foods Program by providing special promotions, including lower prices on many items.
