THE BIBLE —
SYMBOL OF UNITY

By Raymond C. Baker
American Way Features
Correspondent

Is America relaxing beyond recall its traditional moral guidelines?

Are recognized leaders failing to provide the religious leadership upon which this nation was founded?

Are too many churchmen — lay and ecclesiastical — taking too lightly the stresses and strains that tend to overshadow moral obligations in a rapidly changing world?

Have the "nine old men" of the U. S. Supreme Court turned away from the precepts instrumental in forging a fledgling nation into the greatest country on earth?

Can it be that in too many homes the Holy Bible has been relegated to a bookshelf, buried among some of the filth that has been pouring off the presses in recent years?

Churches Alarmed

The answer to these questions, at best, is an equivocal "No," otherwise men of the cloth would not be telling us that while church membership is higher than ever, attendance is off; that today one in every four marriages ends in divorce; that some 13 million children are tragedies of broken homes!

Churches of all denominations are alarmed, and with good reason. Moral laxity is self evident in too many places. An attitude of "Who cares?" is being substituted for the old-fashioned principle of righteous living.

This is not to conclude that we cannot turn the corner back to a way of life where impeccable religious standards are the moral fiber of family life.

People everywhere recognize that present-day ideologies are a far cry from the sound moral principles of untold generations of Americans. They know that in too many homes, in our schools (by order of the Supreme Court), in our work-a-day world, in our social life and, most important, in our thinking God's Word no longer holds the place of honor. But they are doing something about it.

National Bible Week

One of the country's outstanding business leaders, Frank M. Folsom, for instance, is heading a nationwide drive to bring the Holy Bible back to its place of prominence. Himself an executive of the Radio Corporation of America, Mr. Folsom is being assisted by scores of business leaders whose names constitute the bluebook of American industry to reawaken religious thinking as a tool against moral laxity.

It is their purpose to make the Holy Bible a living, breathing reality by sponsoring National Bible Week, October 21-27. As national chairman of the Laymen's National Committee, 156 Fifth Avenue, New York, N. Y., Mr. Folsom sees Bible Week, not as a goal for Bible reading, but as a start, a renewal, a return to the religious teachings which had such profound effect for good on the morale and morals of our forebears.

Symbol of Unity

"Living as we do in a world divided, we are fortunate in America that we can resist attempts to divide us by issues of hatred and prejudice," Mr. Folsom observes. "We can resist because we share with millions of others, all over the world — men and women of all races and colors; peoples of many nations; Protestants, Catholics and Jews — a symbol of unity."

This symbol is respected by all great Americans for the truths in its teachings. Thomas Jefferson wrote that reading the Bible makes "better citizens, better fathers, better husbands," just as John Quincy Adams said that "so great is my veneration for the Bible that the earlier my children begin to read it the more confident will be my hopes that they will prove useful citizens to their country and respectable members of society."

Perhaps the answer to today's needs is to be found in 9:13 of the Book of Daniel:

"As it is written in the law of Moses, all this evil is come upon us; yet made we not our prayer before the Lord our God, that we might turn from our iniquities, and understand Thy Truth."

Surely, today is not too soon to renew your kinship with the Holy Bible and to hold its teachings sacred, as did our forebears.

Max Eubank To Head Ex-Student Association

Max Eubank was elected president of the Santa Anna Ex-Student Association at the annual meeting, held Saturday afternoon at the high school. The 10th annual Homecoming was held Friday and Saturday of last week.

Other officers elected were: First Vice President, Mrs. Henry Newman; Second Vice President, Felton Martin; Secretary and Treasurer, Mrs. Lucile K. Wylie. Billy Campbell was elected as a two year director. The out-going president, Lynn-don Haynes, will serve on the board of directors for one year and Mrs. C. D. Bruce is a hold-over director.

During the business meeting it was voted to hold all the Homecoming activities on Saturday in the future, including the football game.

The invocation was given by Roy Mathews, high school principal. Pat McClatchey introduced the Ex-Student of the year, Dr. Thomas Campbell of McKinzie, Tennessee, a member of the Class of 1923. Dr. Campbell is the president of a college in McKinzie.

The Memorial Service was conducted by Mrs. C. D. Bruce.

A list of those who registered for the Homecoming follows, with the name and the class they were a member of if it was entered on the register, or as a guest where it was indicated:

BAPTIST YOUTH RALLY AT ROCKWOOD SAT

The Coleman County Association of Youth Rally will be held at the Rockwood Baptist Church at 7:30 p. m. Saturday, October 19.

Ray Hilderbrand will be the guest speaker. Everyone is invited to attend.

Planter Boxes Being Damaged

Some months ago several local business houses had planter boxes put in front of their stores, to make the town more attractive. All these planter boxes are personal property of the owners — not property of the city or chamber of commerce.

There has been some damage to a few of the boxes during recent days. Some of the flowers have been removed.

It is requested that this type of destruction be stopped immediately. Whoever is doing this, is destroying personal property and if caught, are subject to the penalty of the law.

Lions Club To Sell Halloween Candy Friday

All members of the Santa Anna Lions Club will sell Halloween Candy Friday. The club has been divided into four teams. Each team will canvass an entire section of the town and offer the candy to every household.

Team captains are Edd Hartman, Albert Brown, Bobby Weathers and M. R. Simmons. The Lions will meet at their regular meeting place at 10:00 a. m. form their teams and attempt to get the town covered by noon.

The candy is a fruit flavored hard candy. There is 130 pieces to each bag and it sells for \$1.00 per bag. This is ideal candy for the trick or treat crowd that will visit most local homes Halloween night.

The Lions Club will make a fair profit from the sale of this candy. This money will go to the Lions Club Activity Fund and will be used on some of the worthy projects the club sponsors.

Goldthwaite Wins Over Juniors Tuesday Night

The Junior Goldthwaite Eagles took a 30-16 win over the local Juniors Tuesday night. This loss took away any chance the local boys had of having a part of the conference championship.

The Junior Eagles played excellent ball the first half and scored all their points during that time. The second half belonged to the Santa Anna boys, but they were unable to score enough points to get back in the game.

The Eagles had three large boys and two very fast boys on their team.

Next week the Junior Mountaineers will go to Rising Star for another in their series of ball games. On Nov. 5, the local boys play the Mason Juniors on the local field. Coach Davis said he was attempting to get another game for Nov. 12, but had not been successful as yet.

Miss Kay Haynes Homecoming Queen For 1963

In a brief ceremony held during the half-time activities Friday night at the Santa Anna-Marble Falls football game, Miss Kay Haynes was crowned as the 1963 Homecoming Queen.

Miss Haynes is the daughter of Mr. and Mrs. J. R. Haynes and a member of the Senior Class. Her escort for the evening was Donnie Neff.

Other contestants and their escorts were: Freshmen, Jean Robinett, daughter of Mr. and Mrs. Robert Robinett, escorted by Billy Don Cupps; Sophomore, Linda Abernathy, daughter of Mr. and Mrs. Lee Abernathy, escorted by Ronnie McCarrell; and Junior, Dianne Copeland, daughter of Mr. and Mrs. Glen Copeland, escorted by Nelson Frey.

Freddie Cullins, president of the Student Council, placed the crown on her head and presented her with a bouquet.

Coon Dog Show At Coleman Lake

A Coon Dog show will be held at the Coleman Lake at 6:30 p. m. Saturday, October 19. The event will be held on the south side of the lake. There will be signs to direct interested person to the location.

Events in the show will be: Water Race; Coon on a Log; Coon in a Barrel and Bench Shows.

Visitors with Mr. and Mrs. Jim Lovelady during the weekend, here for the Homecoming were their children: Mr. and Mrs. Charles Haynes and family of Lone Wolf, Okla., Mr. and Mrs. Tommy Lane and daughter of Temple, and Mr. and Mrs. Roy Winstead and family of Coleman. Sunday afternoon visitors were Mr. and Mrs. M. T. Cornelius and Buster of Abilene and Dr. and Mrs. R. R. Lovelady of Coleman.

UIL Makes Changes In District Alignments

Fire Destroys 700 Pullets Early Sat. At R. L. Newman's

Fire of undetermined origin destroyed a hen house and 700 pullets at the Tucker Newman farm early Saturday morning. The Santa Anna Fire Department was called to the scene in order to help protect other property which was near the burning building.

Mrs. Newman said the loss would amount to about \$2,800 including the building and pullets, which were just beginning to lay. She said they were getting about 40 percent production from the new flock. They have about 400 laying hens in another location.

Mrs. Newman said the fire was discovered by Jim Bob Thweatt, a near neighbor, about 5:00 a. m. He came to the Newman house and woke them up, but the fire had progressed to far to save anything.

There were several other buildings near the chicken house that burned, including their barn, house and another hen house. However, there was no wind at the time and all the other buildings were kept safe.

They expressed their sincere appreciation to members of the local fire department for coming and being ready to protect their other property.

Lola Lightfoot Buried Friday

Mrs. Lola Lightfoot, 66, a longtime resident of Santa Anna, was found dead at her home about midnight Wednesday, October 9. She had been dead for possibly two days or longer. She had been in ill health for several months.

Lola Fletcher was born July 11, 1897 in Milan County, Texas. She was married to Paul B. Lightfoot in 1915 in Coleman. She was preceded in death by her husband and only son, P. B. Jr., several years ago.

She had worked as a practical nurse for many years. Funeral services were held in the Hosch Funeral Home Chapel at 3:30 p. m. Friday, under the direction of the funeral home. Rev. Bobby Weathers, pastor of the First Methodist Church, was the officiating minister. Burial was in the Santa Anna Cemetery.

Survivors include one brother, Gleaves Fletcher, address unknown; one granddaughter, Miss Linda Lightfoot of Pasadena, Texas; two nephews and other relatives.

Pallbearers were M. R. Simmons, Thomas Wristen, M. L. Guthrie Jr., Glen Copeland, Ray Owen and D. H. Moore.

Eastern Star To Meet Monday

The Santa Anna Eastern Star Chapter will hold their regular meeting in the Masonic Hall at 7:30 p. m. Monday, October 21. All members are requested to be present.

A report on the "Resplendent Light Session of Grand Chapter, along with new instructions, will be given.

Host and hostesses for the meeting will be Mrs. Blanche Grantham, Mr. and Mrs. Cliff Herndon.

Preston Bailey Suffers Heart Attack Saturday Evening

Preston Bailey, owner and operator of the Bailey Machine Shop and owner of the Bailey Lumber Co., suffered a severe heart attack about noon Saturday.

He was rushed to the Medical Arts Hospital in Brownwood, where he has been undergoing treatment since. The latest report we have is that his condition is slightly improved, but it is still critical.

Worried about governmental efficiency? If you are an employer, you can help increase government efficiency by filing your quarterly social security reports accurately and on time.

Santa Anna will remain in District 9-A for the next two years, according to an announcement made during the weekend by the University Interscholastic League of Austin. The UIL makes necessary changes in district alignments each two years, based on the average enrollment of the last four grades in a school.

Enrollment figures used as a base for determining what classification a school will be in are: Class AAAA, 975 and up; Class AAA, 415 to 975; Class AA, 215 to 415; Class A, 115 to 215; Class B, 114 and under. There are 946 schools assigned to conferences for the 1964-65 school year, which will begin on September 1, 1964. The breakdown according to conferences: AAAA, 145 schools; AAA, 115 schools; AA, 181 schools; A, 201 schools, B, 183 schools; eight-man, 52 schools; and six-man, 69 schools. Schools having less than 100 enrollment may be assigned to a six- or eight-man football conference.

Included with Santa Anna in District 9-A for the 1964-65 and 1965-66 school years will be Early, Burnet, Goldthwaite and Marble Falls. Bangs drops to Class B and will be in District 21-B with Blanket, Gorman, May and Rising Star.

Copperas Cove will jump to Class AA and will be in District 12-AA with Hillsboro, McGregor, Marlin, Mexia, Teague, Waco Connally and West.

Our neighbors over at Coleman has been placed in one of the toughest Class AAA districts in the state, which includes Brownwood, Breckenridge, Burk Burnett, Graham, Vernon and Wichita Falls Hirsch.

District 10-A will include Albany, Baird, Clyde, Cross Plains, DeLeon, Eastland and Ranger. Brady, Llano and Mason will continue to be in Class AA competition.

We will continue to have long trips for football games. Likely the games with Burnet and Marble Falls will be scheduled to where we will go to one of the schools and the other the next year, with the games being returned on opposite years. The change also means we will have two more non-conference games the next two years, than we had last year and this year. Schedules will be announced at a later date.

State Capital NEWS

Austin, Tex. — A brand new State agency dedicated to bringing more free-spending tourists to Texas now is in operation.

Texas Tourist Development Agency held its meeting, discussed policy guidelines and set a timetable for selection of an agency to handle its \$200,000 advertising account. Advisory board members will meet on January 16-17 to pick the firm which will prepare and place its tourist-luring ads.

Sworn in as advisory board members were James M. Gaines, radio-television executive of San Antonio, chairman; Bill Berger, publisher of the Hondo Anvil-Herald; John McCarty, advertising executive of Frito-Lay, Inc., Dallas; G. A. (Pop) Mabry, public relations executive for Humble Oil and Refining Company, Houston; John Powell, hotel executive of Austin; and Chris Fox, El Paso banker.

Said Gov. John Connally: "I hope this is the beginning of a tremendous program.... Your work is important to the economic future of Texas."

He commented that the 1964-65 advertising budget is so small that the state will have to "ride piggy-back" on privately financed national advertising for

a few years.

He noted that Texas is sixth in the nation in population — and some statisticians believe it soon will be third. But it's below the top 10 in tourist attraction.

In 1957, 10,400,000 tourists came to this state and spent \$531,000,000. In 1962, only 9,600,000 tourists visited Texas. They spent an estimated \$471,000,000.

A "See Texas First" campaign to get Texans to spend their vacations in Texas is being planned. The Agency is stepping up its administrative activity, and will add Walt Warner, Capitol correspondent, to its staff.

POLITICS BOOMING

First formal affair of the coming political campaign season will be an "appreciation dinner" to be held on October 19 in Austin for Sen. Ralph Yarborough. Texas' senior Senator, certain to run for another six-year term in 1964, will gather a political war chest through the dinner.

Bringing more campaign fodder to Texas will be Pres. John F. Kennedy. He will make a two-stop trip to the Lone Star State in November.

Texas Republican Chairman

Peter O'Donnell, head of the Draft - Goldwater movement nationally, hopes to set up a dinner in January at which the Arizona Senator will announce his candidacy for president.

Both party's headquarters in Austin are increasing their staffs, as they get ready for what now appears to be a hum-dinger of a political year in 1964. Both democrats and republicans expect the GOP to muster more strength in 1964 than they did in 1962. Republicans are so hopeful about their chances that there is real competition for the party nomination for some of the major statewide offices.

Democrats, with first-term men in the State's three top offices, may have strong competition in at least two of them. Don Yarborough of Houston says he will decide by December 1 whether or not he'll run against Governor Connally in next May's primary.

Close friends of Congressman Jim Wright of Fort Worth predict he will be a candidate for the U. S. Senate.

State Rep. Horace Houston of Dallas announced his candidacy for lieutenant governor at a GOP leadership conference here.

State Sen. Franklin Spears of San Antonio is visiting newspapers and otherwise sounding out his chances in a race for the same office — as a Democrat.

Some 300 San Antonio attorneys have signed a petition urging Associate Justice Jack Pope of the Fourth Court of Civil Appeals to run for the State Supreme Court.

Smith County District Attorney Bill Coats says that reports indicating House Speaker Byron Tunnell will have trouble getting re-elected in his home district (Smith and Gregg counties) are incorrect. Says the D. A.: "The only time I hear that... is when I come to Austin... Tunnell is in good shape at home."

Four candidates for congress are thundering along 10th District campaign trails. A special

election is set for November 9. Candidates from Austin are Jake Pickle and Jack Ritter Jr., Democrats, and Jim Dobbs, Republican. The fourth, Frank B. McGehee, came all the way from Dallas to enter the Central Texas race. McGehee claims no party connections.

MOHAIR MARKET SOUGHT

Angora goat raisers brought their problem to the Texas Industrial Commission. They have asked Director Harry W. Clark for all the help his state agency can offer.

Goat raisers want to lure to Texas some mohair scouring, sorting, grading and combing industries. This so their product can be turned out in finished form. But they don't know how to go about it. As far back as they can recall, they have sold raw, ungraded, sacked mohair to buyers from four eastern firms who ship it east for finishing.

D. W. (Speedy) Hicks of Bandera said the goat raisers don't know manufacturers requirements.

Clark said the commission is ready to lend a helping hand, through research and promotion. But he added, "I foresee real obstacles in trying to sell manufacturers before style centers are established here."

James L. Powell of Fort McKavett, president of the Texas Sheep and Goat Raisers Association; L. M. Stephens of Lometa; Howard G. Hay of Bandera; Houston Smith of Texas A&M; and Armer Earwood of Sonora will work as a committee with the Industrial Commission's staff.

APPOINTMENTS MADE

Governor Connally, whose October calendar is so crowded with out-of-town speaking engagements that he told an aide he would be home only two nights this month, managed to squeeze in time to pick five appointees to the Good Neighbor Commission.

Jack Drake of Weslaco, Robert J. Galvan of El Paso and Charles L. Nunn of Sweetwater were appointed to six-year terms. Mrs. Bob Long of Austin and Ramiro B. Martinez of McAllen were chosen to fill vacancies on the commission.

Drake is executive vice president of the Lower Rio Grande Valley Chamber of Commerce. Galvan, Nunn and Martinez are attorneys.

Connally reappointed Walter Buckner of San Marcos as employer representative on the Industrial Accident Board. Buckner is co-owner of the San Marcos Record.

COUNTY OFFICIALS ELECT

Texas' County Judges and Commissioners meeting here elected Elmer Zahn of Falfurrias president. Sam Brazier of Emory was named secretary-treasurer, and Harold C. Green of Water Valley, vice president. In a resolution, the county leaders said the State should get out of the property tax field and turn over the property tax to hard-pressed local governments.

PROPERTY TAX INCOME HIGH
Despite the Homestead Ex-

emption Act of 1933, property taxes in Texas provide about five times as much revenue as the sales tax. So says the Texas Research League, which has just completed a study of the tax.

BANKS SEEK CHARTERS

Banking Commissioner J. M. Falkner has an application for a charter from the proposed Security Bank and Trust company of Canyon.

He scheduled a State Banking Board hearing this week on the charter application of Forest State Bank, Dallas. Proposed Texas Bank and Trust Company of Midland also has applied.

Department will check into the need of a proposed Howe State Bank in Howe, Texas on October 28.

State Savings and Loan Commissioner delayed decision on a proposed Beacon Savings and Loan Association in Plainview, at the request of the applicants.

SLANT-HOLE CASE TRIED

First of the 52 slant-hole oil well suits filed former Atty. Gen. Will Wilson finally came up for trial. Seven East Texas oilmen were hit with a \$4,500 penalty by District Judge Herman Jones of Austin's 53rd District Court. State asked \$139,000.

The seven men, who allegedly operated a joint oil lease in Upshur County, are H. J. Bissell, F. C. Deutsch, W. A. Hewell, W. C. Deutch, Max Clark, George Joseph and E. W. Scates — all of Longview.

Bissell, Scates, Clark and both Leutsches have been named in subsequent suits yet to be heard.

Mr. and Mrs. Mace Blanton Jr. and children, Mike and Karla of Fort Worth, spent the weekend with his mother, Mrs. Mace Blanton Sr. and attended the Homecoming.

WALTZ THROUGH WASHDAY

with an automatic Washer and Dryer

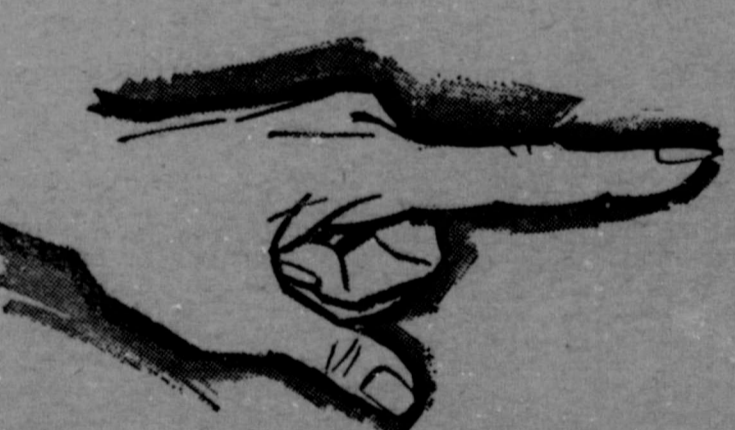

You'll feel like waltzing the first time you try your new flameless electric automatic washer and dryer and be amazed at the time, effort, and money you save. Just think... you'll be able to complete your washday in time for that bridge game with no backache, tired feet, or dry chapped hands and your wash will emerge really clean without previous scrubbing. It may rain, but not matter, by washing and drying at your convenience instead of the weather's, you can cut down your wardrobe of clothes and linens... Think of the savings!

Come join our happy housewives waltzing through washday... automatically!

Santa Fe Train Featured at Fair

Prestige of the Santa Fe Railway's historic Cyrus K. Holladay train is growing daily at the State Fair of Texas in Dallas with estimates of more than 10,000 visitors to the mobile museum and more than 1500 amateur and professional photos being taken daily.

The famous and widely publicized train, named after the railway's first president, is a replica of the motive power and passenger equipment which aided in opening the West in the 60's. It is a feature of the Fair's Exposition of American Heritage theme.

Today's MEDITATION

from The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Psalm 34:1-8
I will bless the Lord at all times: his praise shall continually be in my mouth (Psalm 34:1.)

A little blind boy on returning home from a circus said, "Oh, I felt so sorry for those deaf children who were there. They couldn't hear the band play, and they couldn't hear the thud, thud of the elephant as he went by."

Although the little fellow had lost the precious gift of sight, how grateful he was that he could hear.

How grateful we should be as we count the blessings that our heavenly Father has granted to us! What would we give in exchange for them — for health and good homes, for loved ones and friends? How often we take them for granted instead of appreciating them with gratitude!

Robert Louis Stevenson once said a very striking thing: "The man who forgets to be thankful has fallen asleep in life." How beautiful the life of the person who is always thankful to God, receives everything as an instance of God's goodness, and has a heart always ready to praise God for it!

PRAYER:

Help us, dear Lord, to rejoice evermore, to pray without ceasing, and in everything to give thanks. So may we grow more and more into the likeness of Thy dear Son, in whose name we pray. Amen.

THOUGHT FOR THE DAY

"The man who forgets to be thankful has fallen asleep in life."

Don't Walk-In Behind Pointer

Many bird hunters make the mistake of walking-in behind a pointing dog to flush birds.

This not only encourages the dog to break point, but such an approach can scatter the birds.

To flush birds, walk-in from the dog's side. Birds will bunch better when flushed, thus making better targets.

Uvalde and Dallas Men To Head Farm-City Week

National Farm-City week activities in Texas, Nov. 22-28, will be spearheaded by Dolph Briscoe, Jr. of Uvalde and Calvin Pigg of Dallas.

Briscoe and Pigg will serve as co-chairman of the special week which each year is marked by many activities designed to encourage better understanding and neighborliness between rural and urban residents.

The announcement of Pigg and Briscoe as co-chairman was made by Lyle Liggett, public relations director of the American National Cattlemen's Association and chairman of the National Farm-City Week Committee.

Briscoe, a South Texas rancher and banker, is widely known in agricultural circles. He is immediate past president of the Texas and Southwestern Cattle Raisers Association and currently is president of the Southwest Animal Health Research Foundation.

Pigg, a former agricultural writer on the Fort Worth Star Telegram and Farm Service Director of WBAP, Fort Worth, is intimately acquainted with agriculture in the Southwest. He presently is Head of the Agricultural Relations Division of the Texas Research Foundation, Renner, Texas.

National Farm-City week observances are mostly local in character. It is directed by a National Farm-City Week Committee made up of representatives of some 150 industry, farm professional, trade, church, youth and service groups.

TALK ABOUT NEGROES not getting a fair shake in government jobs is not borne out by the record.

Today more than 300,000 Negroes work for Uncle Sam — about 14% of all federal employees, while only 10.5% of all Americans are colored.

Nearly 100,000 Negroes now work in postal service alone — more than 18%, and 25% of all employees in the VA are colored. Clifford Rucker, a Commerce Department official whose job is to promote Negro employment in that agency, recently said: "Two years ago only about a score of Negro employees here were making \$10,000 a year or more; now there are about four times that many."

That would make more than 80. The Attorney General's office reports between 70 and 80 Negro lawyers in that Department. And some of the juiciest jobs are going to Negroes. Thurgood Marshall, former general counsel of NAACP, is now Judge of U. S. Court of Appeals, along with William Hastie who received a similar appointment.

A Negro was named U. S. District Attorney in California, and three Negroes have recently been made U. S. District Judges. Luke Moore, a Washington Negro lawyer, was recently chosen U. S. Marshall in the Nation's Capitol, and Negro John Duncan named District Commissioner, a much sought-after spot.

Negro John R. Wilkins is General Counsel of AID — the agency that handles all foreign aid. He makes \$20,000. Roger Wilkins, a nephew of NAACP's boss, Roy Wilkins, is Special Assistant to the Administrator of AID.

In higher echelons are Robert Weaver, Housing Administrator; Leon Higginbotham, Federal Trade Commissioner; Howard Jenkins, a member of the National Labor Relations Board; George Weaver, Assistant Secretary of Labor; Carl Rowan, Deputy Assistant Secretary of State; Christopher Scott, Deputy Assistant Postmaster General; and a Negro, Mrs. Ruth Jones, was appointed Collector of Customs for the Virgin Islands.

Ralph Bunch is our Under Secretary of State at the UN;

Clifton Wharton is Ambassador to Norway, and Mercer Cook has a similar spot in African Niger. Andrew Hatcher serves as the President's Associate Press Secretary at the White House.

At the present tempo, observers believe the Negro ratio in federal jobs may be up to 16% in another year.

Texas Teachers To Meet In Fort Worth Oct. 24-26

Austin — An estimated 8,000 teachers will be in Fort Worth next week for the 85th annual convention of the Texas State Teachers Association.

TSTA Pres. C. O. Chandler, superintendent of schools at Victoria, will preside over this 85th annual meeting of TSTA Oct. 24-26.

First general session is at 7:30 p. m. Thursday. Some 900 official delegates will wind up the convention with the House of Delegates business session Saturday at 9 a. m.

The delegates will represent the more than 85,000 TSTA members who are divided into 13 TSTA districts and 369 local unit organizations covering the state.

School Assemblies Program To Be Here October 23

A Southern School Assemblies Program, "Princess White Buffalo & Company", will be presented in the high school auditorium at 10:30 a. m. Wednesday, October 23, sponsored by the Student Council. Prices of admission will be 25 cents for high school students and adults, and 15 cents for elementary school students.

Princess White Buffalo, partner to Little Bear, is an Indian dancer of outstanding merit. She is one of the few women who perform men's Indian dances and tells the meaning of the troupe's costumes and explains many legends. Princess White Buffalo tells the prayer of Sitting Bull in the Old Sioux tongue.

Little Bear is a professional dancer of many years standing. He has danced all over the United States and in foreign countries, in China and Japan extensively. The lost dances of the red man are authentic, both educational and entertaining. The dances of the Buffalo Bill era, which are seldom if ever seen are what Little Bear presents with the aid of his troupe. The drumming and chanting of the red man's dances that echoed over the plains of a hundred years ago are heard again in this program.

Owl Eyes is a true Indian dancer, in every sense of the word. Her intense feeling for the beat of the drum and the chant of the singer enable her to take you back a hundred years to the era when the red man was free and rich in all that was

about him. To watch this dancer perform the dances of her ancestors as they did then is a rare thrill in the modern age.

The Princess White Buffalo Troupe is a unique program that has not only entertainment to offer but educational material, also. The sound, color, and action of this act make it ideal for school assemblies and the novelty and magnificent costumes combine to lend authenticity to a most unusual presentation.

Punch and Judy Still Kids Favorite At Six Flags

"You'd never think that a play written about a grotesque character who beats his wife, throws a policeman out the window, strangles his child and finally gets eaten by an alligator would be a favorite with children," said John Hardman, Six Flags' adroit puppeteer, "but that's the way it is."

John is talking about the play, Punch and Judy, and the youngsters visiting Six Flags Over Texas make a beeline to the little stage where performances of the classic puppet show go on almost continuously.

"For over 400 years, Punch and Judy has delighted the younger set in countries all over the world," continued John. The play reportedly was of Italian origin, and drifted over to England. Eventually it came to America. "I never cease to be amazed at the kids' reaction," said the 28-year-old manipulator of the hand puppets, "and I'm not going to try to explain the reasons why."

"Suffice to say that 400 years from now I wouldn't be surprised if children were still exploring their parents to take them to see a performance of Punch and Judy... on the Moon, that is."

Premium List For Fort Worth Stock Show Now Ready

The 1964 Premium List of the Southwestern Exposition and Fat Stock Show is now off the press and prompt distribution can be expected, according to W. R. Watt, show president and manager.

Closing dates for entries in the 1964 Stock Show are December 20, 1963 for cattle, horses, sheep and swine, and January 15, 1964 for poultry, rabbits and pigeons. The 1964 Livestock Exposition will be held from January 24 through February 2.

Stock Show officials are currently negotiating for feature attractions for the 1964 Rodeo. Although several prominent personalities are under consideration, officials have declined to release any names at this time.

Anyone interested in obtaining a copy of the 1964 Premium List may write: Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth 1, Texas. All previous exhibitors, vocational agriculture instructors and Texas county agents are mailed copies of the Premium List without request.

Dr. John Maguire To Be Honored At HPC Homecoming

Brownwood, — Dr. John Maguire, executive secretary-treasurer of the Florida Baptist Convention in Jacksonville, Florida, will be honored as the Man-of-the-Year at the 75th Anniversary homecoming of Howard Payne College here November 22-23.

Dr. Maguire is a 1926 graduate of Howard Payne, and is the first minister to be honored since the honor was instituted in 1950.

He will be the guest of honor at a banquet at Veda Hodge Hall on the campus Friday

evening, November 22. He will be further honored at a between-halves ceremony during the Howard Payne-Sul Ross State College football game on Saturday afternoon.

Howard Payne's Homecoming will be another in a series of observances of the 75th anniversary for the Baptist college.

Defoliant Should Be Applied At Proper Time

Defoliation, costly or profitable, depends largely on the maturity of the cotton on which it is applied, says B. B. Manly, in charge of the U. S. D. A.'s Cotton Classing Office in Abilene, Texas. Defoliant applied too early, stops the maturing process of a stalk of cotton. The experiment stations do not recommend defoliation until at least 85 out of 100 bolls are open. If it is applied earlier, low mike, poor turnouts, and lower yields may result. The extent of damage will depend on how many immature bolls were killed. In addition to lower yields and turnouts, low mike cotton usually does not bring a good price and sometimes the grades may be effected, lowering the value still more. On the other hand, if more than 85% of the bolls are mature, defoliation and stripping can be profitable. Weather is always a potential hazard to open cotton. Also at this time

gins are not as crowded as they usually are later in the season. Generally conditions are very good for defoliation this year, but it would be wise to be certain each field, and even parts of the fields are ready for defoliation.

Producers should be careful not to begin stripping too soon after defoliation. Stripping too soon will result in green bolls and possibly more barkey bales.

The Abilene Office, which is part of the Agriculture Marketing Service has processed 70,000 bales this season. The crop is moving around two months early, except in the Big Spring, Slaton, and Midland areas, where it is later than usual.

TAX MAN SAM SEZ:

A lot of taxpayers claim too many dependents on their Form W-4. Some folks even deliberately misrepresent the number of dependents to cut down the amount of withholding. The instructions on the back of the Form W-4 point out the penalties for claiming too many dependents. If both the husband and wife are working, make sure that you don't claim some of your dependents twice. You can claim too few, and pay too much tax to the government to make sure that you will have a refund coming at the end of the year, but you can't claim too many without risking serious trouble.

Mountaineers Take 2nd Conference Loss 22-0

The Mountaineers and Mustangs played a defensive battle during the first half Friday night, with the edge being for Santa Anna. But the second half was a different story. The Marble Falls lads came out with determination in their minds and hearts, put it to work and lashed the Mounties 22-0 before a large homecoming crowd.

What has happened to the Mounties? During the first three games, they had the determination to win and it really looked as if they were going to do just that. In the last two games there has been little determination displayed. The game last week (so far as the second half is concerned) was very little different from the Goldthwaite game — there was very little effort put forth by the Mounties.

Maybe this was just the Homecoming Game, which is usually lost by the Mounties. We hope it was and when they get back into competition again

on October 25, we hope to see a changed team.

THE GAME

Marble Falls took the kickoff at their 33-yard line on an out-of-bounds kick. They gained 8 yards in 3 tries and punted to the Mountie 48-yard line. The Mounties lost 2 yards, picked up a first down on the Mustang 40, picked up another first down at the 26 yard line, then drove to the 20 and lost the ball on downs. This was the nearest they got to the Mustang goal during the game. The Mustangs gained 3 yards, then drove out to their 34 and fumbled with the Mounties recovering. A 5-yard penalty put the Mounties back on the 39. One pass attempt failed, then they completed a screen pass for a lost of a yard. Another pass failed and they punted into the end zone, with the Mustangs taking the ball on their 20. The Mustangs gained 8, lost 5 on a penalty, then gained a first down on the 34, gained to the 37, lost a yard, then a 5-yard penalty put them back on their 31. They gained to their 35 and punted to the Mountie 32-yard line. The Mounties gained to their 37 as the quarter ended.

The Mounties made a first down on the Mustang 47, then gained to their 44, and on a fourth down try lost 2 yards, with the Mustangs taking the ball on the Mountie 46. The Mustangs gained a first down on the Mountie 44, lost back to the 50-yard line, then gained to the Mountie 47 and punted to the

Mountie 12-yard line. Getting a little steam generated, the Mounties picked up two quick first downs, gaining to the Mustang 34-yard line in five plays, but then they lost back to the 43, then gained to the 35 on a fourth down effort, with the ball going to the Mustangs. The Mustangs gained 9 yards, then lost 19 on a mixup in the backfield and punted to the Mountie 29-yard line. With time running out, the Mounties connected with a long pass for 20 yards, then on the last play of the first half failed to connect with another long pass.

Starting the second half, the Mounties took the kickoff, bobbled it and got only a 3 yard return. On the first play from scrimmage, they attempted a pass, which was intercepted on their 36 and returned to their 31. The Mustangs drove to the Mountie 9, lost a yard, gained 2 yards, then a 15-yard penalty put them back on the 24. A pass was good for 17 yards, to the Santa Anna 9, then the Mounties were penalized 5 yards, to their 4. It took the Mustangs two tries to get over the goal for their first TD. They went through the line for the 2 extra points, with 8 minutes remaining in the quarter.

The Mountaineers took the kickoff on their 5 and returned to the 19, gained a first down on the 31, then fumbled with the Mustangs recovering on the Mountie 38-yard line. The Mustangs gained 3 yards and punted into the end zone, with the Mounties taking the ball on their 20-yard line. The Mounties gained 3, lost 2, then gained to the 28. Offsetting penalties nullified a short punt and a bad pass from center caused McIver to have to run with the ball. He picked up a first down on the 34. A pass was good to the 42, then another pass attempt was intercepted at the 44-yard line. The Mustangs drove to the Mountie 9, then a 15-yard penalty put them back on the 24 and they gained to the 22 as the quarter ended.

On the first play in the fourth period, the Mustangs connected with a pass good for the 22 yards and their second TD. They went around left end for the 2 extra points, with 11:53 remaining in the period.

The Mounties took the kickoff on their 9, returned to their 22 and on the first play from scrimmage had another pass in-

tercepted with the Mustangs getting the ball on the Mountie 29-yard line. The ponies drove to the 22, then broke into the clear momentarily, to the Mountie 1-yard line. The Mounties were penalized one-half yard and a ground play put the Mustangs just two inches from the goal line. They went through center for the TD, but missed on the extra points try, with 9:23 remaining in the game.

The Mounties got a good 23 yards return on the kickoff, but lost 3 yards on their first play, gained 2 yards and punted to the Mustang 30-yard line. The ponies returned the ball 2 yards, gained 3, lost 2, then broke into the clear and went to the Mountie 33. They connected with a pass for 10 yards on the 23, lost a yard, failed on 2 long passes, and connected with a short pass to the Mountie 20-yard line, with the ball going over. The Mounties lost 2 yards, then gained 7 and punted to the Mustang 24. A 5-yard penalty put them back on the 19, gained a first down on the 34, gained to the 39 and punted to the Mountie 34-yard line. On the last play of the game, the Mounties lost 4 yards.

A new face was on the field at the quarterback slot for a large part of the game, Freddie Cullins. He has been working out several days and has possibilities of being some help to the Mounties. With McIver and Horne not being able to operate at peak performance, several changes had to be made in the line-up for this game.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

The health quack and the food fad quack have been around since the beginning of time, and they'll probably be with us for a long time yet. They'll be here as long as quackery is profitable. And quackery will be profitable as long as we continue to fall for it.

Some experts have estimated that Americans spend a billion dollars a year on useless cures, mechanical gadgets, food fads and other quack gimmicks. For instance, there is no sure cure for arthritis, and yet we spend a quarter of a million dollars a year on "cures." Some cancers can be cured by medical experts, but many cannot. But we spend \$50 million a year on useless cancer "cures." Doctors will tell you that most of the \$150 million a year spent on self-prescribed laxatives is either wasted or actually harmful.

At best the quacks waste our money. And sometimes they can cause us to delay seeking proper treatment for a serious condition that gets worse as time goes by. Some of the quack gadgets and medicines are downright dangerous.

Your doctor, both individually

and through his professional organizations such as the American Medical Association, wages constant war on quacks. So do several government agencies at a national level and many state and local government bodies.

A part of this war will be the Second National Congress on Medical Quackery Oct. 25-26 in Washington, D. C., in which the AMA and the federal Food and Drug Administration will work together to focus attention once again on the problem.

How can we as individuals avoid being taken in by a quack? The modern day medicine man is a slick operator, but there are a few guidelines that will at least cause us to take a second look at his proposition. Through long years of experience, the AMA's Department of Investigation offers six ways to spot a quack —

- If he uses a special or "secret" machine or formula he claims can cure disease.
- If he guarantees a quick cure.
- If he advertises or uses case histories and testimonials to promote his cure.
- If he clamors constantly for medical investigation and recognition.
- If he claims medical men are persecuting him or are afraid of his competition.
- If he tells you that surgery or X-rays or drugs will cause more harm than good.

It's Time For... EYE CARE

Dr. Newton K. Wesley
LONGEVITY

Through the use of corrective reading and bifocal lenses, man has increased his usefulness and enjoyment on the job and in periods of recreation. Years ago, people 40 years of age were considered too old for their jobs.

Wesley

Today, bifocals are even made in contact lens form. Trifocals can be had in spectacles and, although they exist, trifocal contact lenses are not used to any great extent. Trifocal lenses, naturally, give one a greater vision range. If the bifocal is set for reading at 15", then one has trouble reading at 26", which is a little past arm's length. You have often seen people trying to read across the table through their bifocals. I have seen people bang their head trying to read a price tag in a show window because they were attempting to get within their bifocal range.

Beside the progress in the development of optical devices, there have been equally important medical advances. Cataract operations are quite common today and these have greatly extended the useful range of human vision.

Plastic spectacle and contact lenses, different types of bifocals, safety glasses and lenses that correct astigmatism are further advances.

The best possible answer to better sight still, however, lies with you. Have your eyes examined regularly.

GENERAL NEWS

At the Homecoming Game Friday night, October 11, the Santa Anna Mountaineers were defeated by the Marble Falls Mustangs by the score of 22-0.

During the half-time ceremonies, Kay Haynes of the Senior Class, was crowned Homecoming Queen for 1963.

The Mounday morning assembly started with the Pledge to the United States Flag. Beth Irick led in singing "Texas Our Texas". Announcements were made. The assembly closed with the singing of the Alma Mater.

CAMPUS CHATTER

Jimmy T., do you think three is a crowd?
 Several girls were reported to be at the Bangs ballgame wearing S. A. mums Saturday night. Brenda had a date with Curtis Baker Saturday night. They doubled with Pat and Randy Beard. I hear they really had quite an experience with some Coleman girls.

I hear S. D. had a little fall Saturday night. Did it hurt very much?

Jimmy T., I hear you have been bad in bookkeeping. After this six weeks, do you think your conduct will improve?

Geraldine got married Friday afternoon and I hear that Cynthia and Sheila J. were witnesses. How was the wedding, girls?

The telephone between Fort Polk, Louisiana and Santa Anna was quite busy Sunday afternoon. What about it Linda Kay? It couldn't have been Billy, could it?

Jean, when will you learn to drive Billy Don's car? It jerks a little when you don't give it the gas, doesn't it.

Pat, did you let the air out of the tire on Randy's car, just so you could be with him longer Friday night?

Freddie, who was that cute cheerleader that walked you off the field Friday night? Nice going, Freddie!

Tommy H., did you get a little jealous Friday night at half? Oh, well it was all in the night's work wasn't it Freddie?

Joe Ed, you sure were doing a lot of running the other night! Care to comment?

Karen Mc., I have just heard about your "affliction." I hope that man didn't get too surprised! Oh, yes, Brenda, did you buy Karen that Coke?

Linda C. do the words "melted and poured" ring a bell? How about it Les.
