SANTA ANNA, COLEMAN COUNTY, TEXAS, THURSDAY, FEBRUARY 6, 1964

NUMBER 6

"And A Little Child Shall Lead Them"

By Raymond C. Baker
American Way Features
Correspondent

That old-fashioned Americanism — as spelled out for us by the founding fathers — is still deeply-rooted in the character of American youth and has once again been demonstrated in a manner which should elicit high praise from every liberty-loving citizen.

This time it was students of Balboa High School in the Panama Canal Zone who gave us a lesson in patriotism. They were willing to sacrifice their futures to keep Old Glory flying in front of their school in spite of an order by American Canal Zone Governor Robert J. Fleming, Jr., that both Panamanian and U. S. flags must be flown with equal rank at 17 locations on American Soil, but none to be flown at American schools.

The students declared that such an order was "unfair and contrary to the respect and pride we feel for our nation." In a petition addressed to President Johnson and containing 1,000 signatures, they asked:

Please, Mr. President

"The students of Balboa High School have been denied the right to fly our nation's emblem at our school. In the Canal Zone, the U. S. flag has been disgraced many times by the Panamanians, yet we must tolerate the flying of the Panama emblem wherever ours is flown. This is the reason that the flag of our nation is no longer flown in front of our school. If at all possible, please find a way for our flag to fly in front of our school as it always has in the past without the Panamanian flag beside it."

In compliance with Fleming's order, the flag was lowered for the first time on Tuesday morning, January 7. The students raised it again during the lunch hour. Then they mounted guard over it that day and on into Wednesday morning.

Incited by a mob of older men and Castro's Cuban subversives, some 300 Panamanian youths appeared on the scene intent on raising their flag alongside the U. S. emblem. The fighting which ensued cost 21 lives, including four U. S. soldiers. While American students may have raised the U. S. flag, it is obvious that Reds and anti-U. S. hate mongers were the instigators of the rioting. Even Red Boss Khrushchev has butted in by demanding that we turn the Canal over to Panama.

Needed, A Big Stick

It is apparent that these young Americans are fed up with our soft policy toward Panama, just as many other American youths must be disgusted as they watch their great nation grovel before other two-bit countries.

Perhaps, too, the students remember how President Theodore Roosevelt made Panama a Republic because he would brook no nonsense from Colombia, which refused to permit us to build a canal across its land, despite our purchase of a right-of-way.

After Panama declared its independence of Colombia, we purchased in perpetuity for \$10 million a 36-mile strip of land 10 miles wide. We also made annual payments after nine years of \$250,000 from canal revenue. In 1936 these payments were increased to \$430,000 and in 1955 to \$1,930,000, plus a gift of \$24 million in real estate. We paid Colombia \$25 million in 1921 for its loss of Panama.

Call A Halt

As the Balboa students have shown so forcefully, it is time the United States declared a halt to the belting we have been taking from pint-sized nations.

Can we now afford to let the canal get out of our hands and have Panama's irresponsible nationalists and the communists take over? America's youth in the Canal Zone have said "No!" Perhaps a little child will lead us!

Juanell Mercer, student at Tarleton State College in Stephenville, spent the between-senior holidays with her parents, Mr. and Mrs. John Gregg and John Wayford, last weekend.

Earl Hardy of Post was a visitor in Santa Anna over the weekend.

DIAL A PRAYER — F18-3100

SANDRA J. DAVIS

Sandra Davis Is Local Homemaker Of Year Girl

Sandra Jean Davis is our school's 1964 Betty Crocker Homemaker of Tomorrow. She achieved the highest score here in a written knowledge and attitude examination given Dec. 3, 1963 General Mills, Inc., sponsor of the program, will award her a "Homemaker of Tomorrow" pin to signify her achievement, and her test paper will be entered in competition for state honors.

The state Homemaker of Tomorrow will be awarded a \$1,500 college scholarship and will be named a national finalist. Her school will be presented with a set of Encyclopaedia Britannica, awarded by Encyclopaedia Britannica, Inc. The state's second ranking girl will receive a \$500 scholarship.

In the spring, state Homemakers of Tomorrow, each accompanied by a school advisor, will enjoy an expense-paid educational tour to Colonial Williamsburg, Va., Washington, D. C., and New York City. The trip will be climaxed with the naming of the 1964 Betty Crocker All-American Homemaker of Tomorrow. She will be chosen on the basis of her original test score together with personal observation and interviews during the trip. Her scholarship will be increased to \$5,000. National runners-up will receive \$4,000, \$3,000 and \$2,000 scholarships, respectively.

All-time highs in the number of senior high school girls and schools enrolled marked this, the tenth annual Betty Crocker Search program. More than 484, 000 girls in 14,000 of the nation's schools participated. Since the program was launched, more than three and a half million girls have participated and scholarships approximating one million dollars have been awarded.

The Betty Crocker Search is approved by the National Association of Secondary-School Principals. Judging is by Science Research Associates of Chicago, nationally known educational publishing and testing organization.

Program Being Planned For World Day of Prayer

Mrs. Aleene Henner, president of the Council of Church Women, announced this week a program is being planned for the annual World Day of Prayer observance.

The program, to be announced next week, will be held at the First Christian Church at 10:00 a. m. Friday, February 14. Everyone is invited to make plans to attend the program.

T. R. Knowles Seeks Office of County Sheriff

T. R. Knowles of Coleman, this week authorized The News to announce he is a candidate for the office of Sheriff of Coleman County. Mr. Knowles filed his intention several days ago with the county chairman.

Mr. Knowles said he would have a statement to the voters of the county in the near future. In the meantime he said he would appreciate your consideration of his candidacy.

Junior High Basketball Game Reports

Boys and girls of the Junior High Basketball teams have played several games during the past week. They were entered in the Early Tournament during the weekend. On Monday night they went to Talpa for games.

Both the boys and girls played Early in the first game of the tournament. Early girls won by a 25-9 score. High point girl for Early was Linfy with 12 points. Lusk was high for Santa Anna with 5 points.

Early also won the boys game, 24-22. High point boy for Early was Mann with 7 points. Horner was high for Santa Anna with 7 points. This put both teams in the consolation bracket. They played Friday night.

The girls lost to Brooksmith 29-8. Miller was high point for Brooksmith with 13 points. Wells was high for Santa Anna with 3 points. The boys won over Brooksmith 28-16. High point boy for Santa Anna was Horner with 15 points. High for Brooksmith was Anderson with 10 points.

Saturday night Santa Anna boys played Coleman for the consolation trophy. Coleman won 43-13. High point boy for Coleman was Moore with 16 points. High for Santa Anna was Wise with 5 points.

At Talpa Monday night the Talpa girls won 39-4. High point girl for Talpa was Carol Lane with 12 points. Lusk scored all 4 Santa Anna points.

Talpa also won over the Santa Anna boys 48-21. Decker and Burleson tied for high point honors for Talpa with 12 points each. Blanton was high for Santa Anna with 6 points.

This weekend the two teams will enter the Goldthwaite tournament.

Awards To Be Presented By First Methodists

Sunday evening, February 9th, the First Methodist Church will present a beautiful corsage to the most mature lady in years at the service. A beautiful necktie will be presented to the gentleman present most blessed with long life. Rev. Bobby Weathers, pastor, said, "We are pointing to this Sunday with every hope that it will be the greatest day in the history of the First Methodist Church."

The pastor urges every Methodist and every prospect to help honor the senior members with their attendance Sunday evening.

Rev. Weathers said the church must increase their attendance in each of the four Sunday services — Church School, Morning Worship, Methodist Youth Fellowship and Evening Worship.

CHILDREN TO SING

The children of the First Methodist Church will again honor those attending Evening Worship services with special music. The great crowds attending the evening services have been uplifted by the fine songs. The group will practice Sunday afternoon at 5:30.

YOUTH CHOIR

The newly organized Youth Choir had a fine beginning the past Sunday, and presented a wonderful testimony in song to those in the Sunday evening worship service. They will practice each Sunday afternoon at 4:30.

MORE NEW GOALS

The M. Y. F. reached its goal of 30 the past Sunday evening and surpassed it, with 33 in attendance. A new goal of 38 has been set to be reached before the end of this month. The evening worship goal of 115 was far surpassed Sunday night when 144 were in attendance. The new goal for Evening Worship has been set at 150. The goals set for Church School and Morning Worship were not broken the past Sunday, but were threatened.

The church enjoyed one of the greatest days in recent history Sunday when a total of 448 persons were in attendance at the four regular services.

Bill Moore of Ballinger visited briefly Tuesday afternoon with his aunt, Mrs. R. B. Archer.

March of Dimes Drive Is Way Short of Goal

At the present time the annual March of Dimes drive is far short of what we had hoped would be raised during the month of January. We had hoped to reach at least \$500 or more, but at the present time less than \$300 has been raised. The actual total that has been turned in to date is \$270.99.

The Teen Talent Contest, sponsored by the Student Council of the Santa Anna High School, turned in a total of \$112.55. The Snatch Coffee, sponsored by the Delta Omicron Sorority, netted \$46.76. Thus far only \$101.18 has been reported in from the annual Mothers March, which is sponsored by the Delta Omicron Sorority also. The remaining amount has been deposited at the bank.

For various reasons, only a few mothers reported in to work on the drive. So, it has not been completed and it is likely that it will not be now. Because of this, we are going to hold the drive open through most of the month of February and request each of you who contribute to the March of Dimes to please leave your contributions at the Santa Anna National Bank or at The News Office. We know there are many of you who want to contribute, but have not had the opportunity. We ask that when you are in town you leave your contributions at either of the above places.

HPC To Conduct Guidance Personnel Workshop Feb. 18th

Brownwood — Howard Payne College and the American College Testing Program will co-sponsor a workshop for high school guidance personnel in this area Tuesday morning, Feb. 18.

The meeting, which will be for high school counselors and principals, will begin at 9 o'clock and will end at 12:30 p. m.

Purpose of the clinic is to assist high school guidance personnel to understand and utilize ACT services. ACT staff men will be here to conduct the meeting.

Dr. Forrest J. Agee, academic dean of HPC, who is in charge of the workshop, said high school representatives will be present from a 50-mile radius. This is one of several district meetings being held over the state, he said.

Highway Patrol Traffic Report

County Highway Patrolmen Al Chambers and Jim Petzold, said the county had 79 traffic accidents in 1963, with a property loss of \$31,623.50.

Four people were killed in the traffic accidents and 44 persons were injured. A total of 98 vehicles were involved in the accidents.

Medical Auxiliary To Present Program For Ministers, Doctors

Late Notice: This program has been postponed due to the death of a brother of one of the members. It will be held February 20.

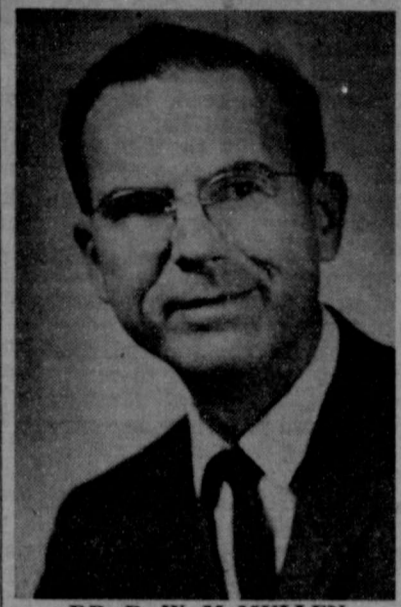

The Coleman County Medical Auxiliary will present a program Thursday night, February 6, beginning at 7:30 p. m. in the Hospitality Room of the First Coleman National Bank in Coleman. All ministers and their wives, and all doctors and their wives are invited to attend.

Topic of the program will be, "Medicine and Religion." Included on the program will be a film, "The One Who Heals."

L. R. BILBREYS TO OBSERVE 64th WEDDING ANNIVERSARY, TUESDAY

Mr. and Mrs. L. R. Bilbrey will observe their 64th wedding anniversary Tuesday, February 11, at their home at the corner of North First Street and Avenue A. Friends are invited to visit during the day. No special hours were announced and no special observance will be held.

Mr. and Mrs. Bilbrey were married in Mason County February 11, 1900. A large part of their life together was in the northwest part of the state, mostly in the vicinity of Stone-wall County, where he was employed as a ranch hand. Their six children were born in Stone-

DR. R. W. McMULLEN

New Doctor For Santa Anna Area

Doctor Raymond W. McMullen arrived in Santa Anna last week. He began practicing at the Santa Anna Clinic on Friday and will be associated with Dr. Charles M. Henner in the operation of the clinic and the Santa Anna Hospital.

Dr. McMullen, 43, grew up in Texas, at San Antonio, Cleburne and Keene. He attend college at Keene and the California La Sierra College. His medical training was at the College of Medical Evangelists, which is now the Loma Linda University at Loma Linda, Calif.

Dr. McMullen served in the Army as a medical officer during World War II, serving in the Pacific area. After the war he went to China as a Medical Missionary. He said they were run out of China by the Communists in 1947. He lost all of his possessions before leaving China.

After returning to the States, he practiced medicine at the Takoma Hospital in Greenville, Tennessee.

He went to Africa for four years, during a part of the independence struggle there, then returned to Tennessee about three years ago.

Dr. McMullen has been to Santa Anna on several occasions during recent weeks, with the prospect of establishing a practice here.

Dr. and Mrs. McMullen have three sons, Jerry, 9, and Denney, 15, here with them and Ronald, 20, who is attending Madison College in Madison, Tenn.

IDENTIFY YOUR TAX RETURN

"When will I get my refund?" is one of the most frequent tax questions according to Ellis Campbell, Jr., District Director of Internal Revenue. He said that the failure to receive a refund — check or savings bond — is usually caused by illegible names or addresses.

Mr. Campbell said that it is permissible to sign your name at the bottom of the return the way you always sign your name, even if your signature is a hurried scrawl. At the top of the return, however, your name should also be carefully printed or typed along with your social security number. In other words, eliminate any doubt as to who you are and where you live.

Each year thousands of refund checks are returned to Internal Revenue offices because the postman cannot deliver them.

Director Campbell said that if the taxpayer has moved, he should show his new address to promptly receive refunds and other mail from Internal Revenue. If he moves after filing, a forwarding address should be left with the post office.

DIAL A PRAYER — F18-3100

Excellent Rains Fall In Area

The Central Texas area has been blessed with two real good rains within a week, with the moisture here amounting to 2.85 inches.

Wednesday of last week an even 2.00 inches of rain fell. The rain lasted several hours and had very little run off. Monday .85-inches fell about the same way, with very little run off.

So far we can find out, both rains were fairly general all over this area, with about the

same amount falling. All of Central Texas was beginning to suffer from the lack of moisture before the rains started last week. With the rain falling as it did, most of it soaked into the ground and should give a good underground season for the summer crops and late winter grazing.

Monday night this area underwent quite a thunder and lightning storm, that is somewhat unusual for February. I believe the old saying goes, that "If it thunders in February, it will freeze on the same day in April." If this be true, then we will have a freeze early in April that is likely to kill a lot of vegetation and trees.

With comparatively mild weather thus far during the winter months, it will not take very much warm weather to bring out the fruit trees. And, if we have a late season freeze, they are likely to suffer most.

We usually have a cold snap about Easter time. Easter will be much earlier than usual this year (March 29). It could be we will have a sure enough cold snap during that week.

Sunday was ground hog day and according to tradition, he predicted six more weeks of winter weather, as he could have seen his shadow almost any time during the day.

Peace Corps Exams To Be Given Saturday

The Peace Corps has announced that the next placement test, required of all applicants interested in serving overseas, will be administered Saturday, February 8.

The non-competitive aptitude tests will be administered at 825 locations (post offices and other federal buildings) in principal cities throughout the United States, beginning at 8:30 a. m. Nearby locations are: Abilene, Draughtons Business College; Brownwood, Main Post Office; and San Angelo, Room 3424, Federal Bldg.

About 1½ hours is required to complete the tests. Included are a 30-minute general aptitude test and a 30-minute modern language aptitude test. Applicants who have any proficiency in Spanish or French are asked to take an additional one-hour language achievement test in these languages — designed to test mastery of grammar, vocabulary and reading comprehension.

Prior knowledge of a foreign language is not required for Peace Corps service, officials said.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

FEBRUARY 7
Mrs. Lora Rollins
S. M. Polk, Abilene
Sherry Drake

FEBRUARY 8
Stanley James

FEBRUARY 9
Steve Valdez, Sr.
Joe Wallace
Johnny Hutchinson, Dumas
Mrs. Fred Bates

FEBRUARY 10
Carolyn Makuta
Ione Caton
Alice Anna (Lovelady) Lane
Mrs. W. R. McMinn, Abilene

FEBRUARY 11
Terry Blanton

FEBRUARY 12
Sarah Estes
Larry Makuta
O. B. Smith
Earl Erick, Sr.
Ben W. Yarbrough
Mrs. Hazel McCrary

FEBRUARY 13
Jo Ann Gustafson, Tacoma, Washington
Mark Fabian Mulroy, Birmingham, Ala.
Mrs. Calvin Fuller

Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between February 14th and February 20th.

Brotherhood To Sponsor Church Supper Monday

The Brotherhood of the First Baptist Church will sponsor an all-church supper Monday, February 11, beginning at 6:30 p. m. The meal will be served in the church annex.

The men will furnish the meat. Ladies are requested to bring a vegetable, sweet or a salad.

The regular Brotherhood program will begin at 7:30 p. m. Rev. Deavers, pastor of the Valera Baptist Church, will be the principal speaker for the evening. Rev. Deavers served as a foreign missionary for a number of years. He will show a number of his colored slides, taken in connection with his missionary work.

Visitors are cordially invited to attend.

3043 Poll Taxes Sold in County

John Skelton, County Tax Assessor-Collector, said early this week that a total of 3,043 poll taxes were sold in the county before the deadline January 31.

Skelton had estimated, when less than 1200 poll taxes had been sold, that the total sales would go over 3,000. However, several hundred had to be sold during the last few days of January to reach that goal.

During the last presidential election year, four years ago, the total was just over 3,200.

Registration of voters who do not want to participate in any elections other than for federal offices, is expected to begin any day. Announcement should be made sometime this week.

No Rockwood News This Week

There is no Rockwood News in the paper this week, due to the illness of John Hunter. Mrs. Hunter said he had apparently suffered a light stroke and she had been at the hospital with him most of the time.

Mrs. Hunter said she hopes to be able to get the news in for next week.

Watch Out For Fake Social Security Agent After Money

Impostors who claim to be Social Security representatives are now operating in the Central Texas area and may be heading this way, warns R. R. Tuley, Jr., District Manager of the Abilene Social Security Office.

Tuley said the impostors are asking money in payment for assistance in getting Social Security checks started or higher payment rates for those already receiving such checks.

Several persons have already paid the fraudulent representative fees of \$19.60 for promised help, he said.

Tuley said real Social Security representatives carry identification cards and do not accept payment from applicants for their services.

Persons who represent themselves as Social Security agents and ask payments for their services should be reported to the police.

On May 24, 1830, the first train drawn by a steam engine rolled down 12 miles of track on the B. & O.

\$74,526,000 in FHA Loans To Rural Texas Families Last Year

FHA Loans to Texas Rural Families Total \$74,526,000 in Calendar 1963: The U. S. Department of Agriculture's Farmers Home Administration made or insured \$74½ million in loans to Texas farm and other rural families, during 1963, L. J. Cappelman, state director of the agency announced in Temple today. A total of 11,977 families used

one or more of the agency's loan programs during the year. Farmers Home Administration operates a broad program of supplementary credit for rural development in Texas.

The agency loans for family farming operations, farm development, rural housing, community water systems, soil and water conservation and development, recreation enterprises, and other purposes.

Loans are made only to borrowers who cannot obtain credit from banks, Production Credit Associations, and other conventional lenders.

Mr. Cappelman reported that in 1963 Farmers Home Administration supervised loan programs had two major results of importance to the economy of the state.

"Loan to family farmers enabled them to make a major contribution to the well being and progress of the state's agriculture during 1963," he said. "Capital and management assistance supplied by Farmers Home Administration to its borrowers helped them develop and enlarge their farms, operate

more efficiently, and build a sound farming business.

"In addition, Farmers Home Administration loan services for the broader rural community resulted in new homes and better rural neighborhoods in many parts of the state. These services of Farmers Home Administration were expanded in 1963. We believe they will continue to grow in line with increased emphasis of national and state leaders on rural and area development programs," Mr. Cappelman said.

Mr. Cappelman gave the following breakdown of FHA's loan programs in Texas for 1963.

A total of \$35,000,000 went to 6,755 Texas farmers to pay for equipment, feed, seed, livestock for other farm and home operating needs, and to refinance chattel debts, carry out forestry purposes, and develop income-producing recreational enterprises.

Farm ownership loans totaling about \$10,000,000 were used by 436 farmers to enlarge, develop, and buy farms not larger than family size, and to refinance debts, carry out forestry purposes and develop income-producing recreation enterprises.

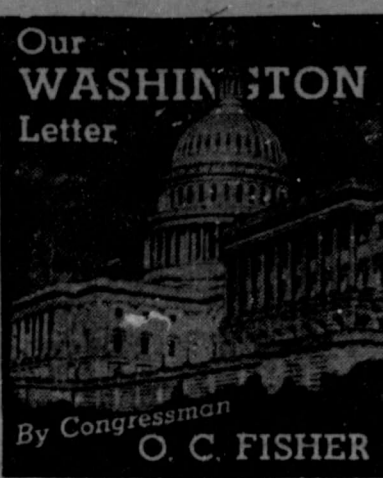

Emergency loans amounting to an estimated \$18,000,000 were made to 3,785 farmers to assist in maintaining normal farming operations following the various emergencies in different sections of Texas such as drought, excessive rain, storms or tornadoes, insect damage, etc.

Rural housing loans estimated at \$6,000,000 were made to 671 farmers and other rural residents.

Water development and soil conservation loans totaled an estimated \$5,300,000. Most of these funds were used to install 36 rural community water systems. These systems with 3,508 connections enabled some 14,000 people to have good water that would pass Texas Health Department requirements.

In addition to the state office in Temple, Farmers Home Administration has 136 local offices serving all counties in Texas.

Gold Coast, West Africa, is known as the "White Man's Grave."

EVERY ONE SEEMS to have a hobby. I know a man who spends his spare time studying the firmament above. He can tell you all about the Milky Way, why the stars fall, and all about the moon, sun, and the satellites.

Another collects rare books first editions, and he would drive (or perhaps even walk) a hundred miles to get his hands on one rare collector's item.

Every boy and girl scout has a hobby, and so do the 4-H kids. These include collecting coins, stamps, Indian artifacts, and other rarities.

More recently there has appeared a crop of skin-divers. They prow the uncharted briny depths, searching for rare shells, marine growths, and even treasures from Davy Jones' lockers.

Aside from collecting the unusual, others content themselves with fishing, sailing, horse racing, mountain climbing, or watching their favorite sports.

Others spend spare time playing golf, bridge, pinocle, chess, checkers, gin rummy, or perhaps a game of chance — instinctively trying to out-wit their competitors.

PRESIDENT JOHNSON collects signatures of distinguished visitors to the LBJ ranch by having them scribble their names into wet concrete, thus providing a permanent record of their presence there.

For years my hobby has been collecting Indian lore, studying frontier history and adventures of the pioneers. I belong to the Westerners, an organization which interests itself in a study of western history. Pursuing my pet hobby, I make use of many week-ends and holidays delving into old reports and records of by-gone days. This is a very intriguing and enticing field.

More than 25 years ago I incorporated some of this in a book, "It Occurred in Kimble," an early-day history of my native county. More recently "Texas Heritage of the Fishers and the Clarks", has been published by the Anson Jones Press of Salado, Texas. It deals with 130 years of life on the Texas frontier by two Texas families.

RIGHT NOW, I am concluding a manuscript covering an epochal period on the Texas-Mexican border, featuring gun-slingers and a decade of lawlessness that introduced the Texas Rangers into legend and history during the wildest and most exciting era in modern history.

Whatever one's hobby may be, it is a way to make use of the spare time that most of us have on our hands. And it provides a healthy and satisfying way to use that spare time by providing an outlet for our special interests. Every one should have a hobby.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

Diphtheria
Diphtheria, once one of the great killers of children, is no longer a major threat in the United States. Widespread, routine immunization has greatly reduced a highly contagious epidemic disease that once killed thousands of children each winter.

But diphtheria isn't entirely gone. There still are a few hundred cases and some deaths each year, largely in the winter. These cases almost invariably occur among those who aren't properly immunized.

The first sign of diphtheria usually is a sore throat, with patches of grayish membrane formed in the throat. There usually is a slight fever. The throat swells and swallowing

may be difficult. The swelling sometimes blocks air passages and causes suffocation.

The very fact that there are relatively few diphtheria cases today makes the disease even more insidious. There are fewer "carriers" spreading the germs, and thus children have less opportunity to build immunity through repeated small doses of natural exposure.

Immunization against diphtheria should start at a very early age, possibly two to three months. Physicians today routinely give the "DPT" shots to babies, immunizing against diphtheria, pertussis (Whooping cough), and tetanus (lockjaw) at the same time. Another injection several months later is recommended for full protection, plus boosters every few years as the child grows.

Your doctor will be aware of the schedule of shots, and what shots are needed in your family. If your children haven't had a booster diphtheria shot in the last three years, ask your doctor to bring your family's protection up to par.

If someone in your family is exposed to diphtheria, check with your doctor immediately as to whether a shot of diphtheria antitoxin is needed. This is a short-term protection, lasting only a few weeks, that may help prevent the disease after exposure.

Immunization can prevent diphtheria. Even though the disease is almost gone, enough cases still occur to make diphtheria a threat to the unimmunized, or to those whose shots are too far in the past to be effective.

SHEEP: A TEXAS PARADOX

College Station — Texas, the nation's leading sheep producing state, is one of the lowest consumers of lamb, says Frank Orts, meats specialist with the Texas Agricultural Extension Service.

The national average per capita consumption of lamb is about five pounds per year while Texans eat only 2.5 pounds per capita, according to the specialist. Some states, such as California consume as much as 13 to 15 pounds per person yearly.

The specialist says that the main reason for this paradox is that all lamb is strong smelling when cooking and greasy when eaten. He points out that this is due mainly to improper cooking and preparation of lamb.

In the cooking of lamb Orts advises that low heat be used, not over 300 degrees F., and he warns the housewives not to

overcook lamb. The meat should be medium to well done. If a thermometer is used the internal temperature of the meat should be about 165 to 170 degrees, he says. The cooking temperature is the most important part of the preparation.

Orts says that Texans are now changing their idea of lamb as a nutritious and flavorful meat due largely to the "Lamboramas" being conducted over the state. He says that most people who eat lamb during these programs find it very acceptable.

Lamb lends itself well to marination in wine and therefore can be prepared in many exciting ways, Orts points out. Lamb is also one of the most easily digested meats, he says. These qualities make lamb a good meat to serve more often to the entire family, says Orts.

There is probably no number more important to you than your social security number. It is used in recording your earnings — the basis for payments (1) in the event you become totally disabled, (2) to your family in the event of your death, or (3) to replace lost earnings at retirement

JUNIOR CLASS NEWS

The Junior Class held a meeting Tuesday, January 27, at 12:40 p. m. Nelson Perry, president, presided over the meeting. He appointed a guiding committee to select three themes for the Junior-Senior Banquet. The committee will present the themes to the class for approval. The class will then decide on the one theme to be used. The Junior-Senior Banquet was discussed further and the meeting was adjourned. Nelson asked the guiding com-

mittee to remain and meet with him and Mrs. McQueen, Junior Class Sponsor.

The Junior-Senior Banquet has been scheduled for May 16.

FUTURE NURSES MEETING

Sharon Gilbreath, Shiela Jeffcoat, Velda Cullins, Marguerite Horner and Norma Jo Eubank attended the Future Nurses Meeting the second Monday of each month at Coleman High School. At the last meeting we decided to have a Bake Sale Saturday, February 8, beginning

at 8:00 a. m. It will be set up at Safeway and M System food stores. If you are in Coleman we would appreciate it if you would stop and buy a cake or pie.

BAND NEWS

Thursday night, January 30, the Santa Anna Senior Band was honored with a dinner at a Brownwood cafe by their band director, Mr. Camp. The band left Santa Anna about 6:00 and returned about 8:30. Mr. and Mrs. R. C. Smith also accompanied the band. The group reported a wonderful time.

 Favorite song — "Popsicles - Icicles."
 Favorite movie star — John Wayne
 Pastime — Working puzzles
 Ambition — Career in science
 Favorite boy — Jim

DISTRICT XI FTA CONVENTION

About 8:00 Saturday morning January 16, Earla Buse, Frances Davenport, Karen Jones, Kay Haynes, Leland Williams, Terry McIver, Jerry Ellis, Stanley James and Miss Sikes left for Winters. We arrived about 9:15 and registered immediately.

Our first session was held in the Winters High School auditorium. We then attended workshops given by different high schools. Stanley and Earla gave their Mr. and Miss FTA speeches. We had lunch in the Winters Cafeteria.

The second session was also held in the auditorium. A report was given on each workshop and Mr. and Miss FTA were announced. Our candidates did not win, but they tried real hard

and we thought they were excellent. The new District XI officers were elected.

We voted to send a boy from Brady to run as vice president at the State Convention. The meeting was adjourned. We all had a lot of fun and are looking forward to the State Convention in Austin on February 28 and 29.

FTA NEWS

The FTA met for their regular monthly meeting Monday, January 27. The president, Jerry Ellis, presided. Mr. Mathews opened the meeting with the invocation.

Reports were given on the FTA District Convention. Those giving reports were Earla Buse, Kay Haynes, Karen Jones, Frances Davenport and Jerry Ellis. Lawanda Horner sang and taught the chapter the FTA Song and Pep Song. Cheryl Fitzpatrick led a panel discussion consisting of Karen Jones, Lawanda Horner and Stanley James. They discussed FTA activities of helping in grade school, grading papers, etc. Each member of the club explained their FTA duties. Jimmy Taylor gave a report on the Christmas project. Karen Jones, secretary, read the minutes of the last meeting. Kay Haynes gave the treasurer's report. Miss Sikes told us about the State Convention to be held in Austin. We were glad to have Mr. Mathews and Mr. Gould. The meeting was adjourned and refreshments were served.

STATE BETA CONVENTION

Mr. Dan Tindol, sponsor of the Santa Anna High School Beta Club, along with three members: Linda Campbell, Kay Haynes and Jerry Ellis, left Friday afternoon about 1:00 for the State Beta convention in Dallas, Texas.

We arrived about 4:30 and checked into the Statler-Hilton Hotel. We went to the Baker Hotel to register. We received many hand shakes, brochures, and candy from the candidates. Before we were there long, we began to feel important. We ate supper and then attended the first meeting. The candidates for officers were introduced. Several of the different schools participated in the talent show. We enjoyed the program very much. We especially liked the Beta Club song by Linda Knowles of Kemp. After the talent show, the meeting was adjourned until Saturday morning. We went back to the Statler-Hilton and Linda and Kay were fortunate enough to pick up autographs from Wayne Newton, star of the Jackie Gleason Show. After a tour of the hotel, we went to our rooms.

Saturday morning we got up and went to eat breakfast. We went to the Baker Hotel and attended the second meeting. We voted for the candidates which we thought were best. The winners of the talent show were presented. All the skits were outstanding. We had dis-

cussion groups in which much information was attained which will be of great help to the club. After the meeting, Mr. Tindol attended the Sponsor's Luncheon and we went shopping. After Mr. Tindol's meeting, we checked out of the hotel. We arrived in Santa Anna about 6:15.

There were approximately 1186 students attending the convention from schools all over the state. It was a great inspiration for all who attended and was also an experience which will not be forgotten soon. We had a lot of fun and wish the whole club could have gone with us. We hope some of the others will have the privilege of going next year.

MONDAY ASSEMBLY

The Monday morning assembly opened with the singing of "My Country Tis of Thee," and the Pledge to the Flag. Marguerite Horner led the singing. Mr. Mathews announced that the freshmen will be taking state tests tomorrow. He also announced that we should be thinking about the Interscholastic League contests coming up soon.

Linda Pittard announced that there would be an FTA meeting Monday night at 7:00. There is to be a skit on cheating and the public is invited.

Freddie Cullins, president of the Student Council, awarded Earla Buse a pin for being the Good Citizen for the first semester.

Mr. Perry announced that if you know anyone that is of school age that has been overlooked on the census, to please

tell him.

The assembly closed by singing the Alma Mater, led by Marguerite Horner.

CAMPUS CHATTER

We were wondering how some boys like taking their girl's parents along on dates. Would Jimmy and Tommy care to comment?

A few mischievous seniors seem to delight in tripping people in the auditorium. Of course Terry and Leland wouldn't think of doing such a thing.

Sherry would make a wonderful janitor. We heard she made a clean sweep in the gym the other day. How about it, Sherry, did you get even?

Melba, we heard you got real tickled the other day in English Class when someone walked in. How about it, what was so funny back there among you girls?

We heard that Loretta did a very good job of cleaning out the bus. Things got pretty funny, didn't they?

Barbara Mc. did you happen to slip in the hall Wednesday morning? Everyone rolled when you walked into the Homemaking Lab.

Barrett M. was uncomfortable in Homemaking the other day. What did you do about it Barrett?

Looking for a way to save money? Employers who file their quarterly social security reports late pay an unnecessary added expense in penalty taxes. File your employer quarterly reports on time.

Tex-Ark-Ana, 3 in 1
 Called "The Pleasure Crossroads of the Gulf Southwest" it's officially named Texarkana, Texas.

Texarkana lies right on the Texas-Arkansas border. But it derives its name from three States — TEXAS, ARKANSAS and LOUISIANA. It might well have added a fourth state in its name, as it's located just 26 miles south of the Oklahoma border too.

Texarkana is truly a composite of four states and is the great recreational center for the Northeast Texas area.

The famous liberty bell was cracked while tolling for the death of Chief Justice John Marshall, in 1835.

SPECIAL NOTICES

Citation by Publication THE STATE OF TEXAS
TO: J. E. Gibson, Defendant,
Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable 119th District Court of Coleman County at the Courthouse thereof, in Coleman, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of March A. D. 1964, to Plaintiff's Petition filed in said court, on the 24th day of January A. D. 1964, in this cause, numbered 8814-B on the docket of said court and styled Katherine Pickle, Plaintiff, vs. J. E. Gibson, Defendant.
A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges excessive cruel treatment directed at her of such a nature as to make further living with defendant as his wife insupportable and prays

Ten March of Dimes Medical Advances Are Listed for Year

Ten March of Dimes-financed projects in birth defects and arthritis have been cited by The National Foundation for outstanding progress in 1963.

"In 1963 the arthritis riddle continued to baffle the experts and despite many informative studies by scientists, no significant breakthroughs concerning cause or prevention were reported," according to Dr. Theodore E. Boyd, the organization's director of scientific research.

"In birth defects research, progress was more promising," he stated. "New light was shed on the genetic code of life, on how a baby develops normally and abnormally in the womb and on the causes of some of the hundreds of defects which affect more than a quarter of a million newborns in the U. S. each year."

Dr. Boyd reported that in 1963 The National Foundation-March of Dimes awarded more than \$3,812,000 for research grants. Dr. William S. Clark, medical director, also called attention to the continued rapid growth of the Foundation's treatment and research center program.

There are now 48 March of Dimes centers for birth defects and 29 for arthritis across the country, he said. Approximately 1,000 National Foundation chapters granted more than \$1,500,000 to finance such centers in 1963.

The list of top ten March of Dimes-financed projects and achievements follows:
1. Test for Galactosemia. Development of an accurate blood test to detect both victims and symptom-free carriers of an inherited chemical defect called galactosemia, which causes mental retardation in babies when they drink milk. Test perfected by Dr. Arthur Robinson and associates at the University of Colorado.

2. Test for Maple Syrup Urine Disease. Development of a simple blood test to identify infants with an inherited condition named maple syrup urine disease, because of a telltale odor to the urine of its victims. The condition involves abnormalities in body chemistry and generally results in death by the age of two. Test devised by Dr. Joseph Dancis and colleagues at New York University.

3. Homograft Barrier Cracked? Apparent cracking of the "homograft barrier," a notable achievement in efforts to make adult animals permanently tolerant to organ transplants and skin grafts, which open the way to solving the problem in man. This potential major breakthrough accomplished by Dr. Robert A. Good and research team at the University of Minnesota.

4. Clues to How Cells Specialize. Evidence found to show the existence of chemical messengers between living cells which instruct cells of one kind to change their specific job. Some birth defects may be caused by errors occurring during pregnancy in this cell specialization messenger system. Research conducted by Dr. John Papaconstantinou and others at University of Connecticut.

5. New Kind of Gene Discovered. Studies of inner workings of cells revealed new kind of gene (unit of heredity) which controls the putting together of proteins into proper form. This significant research directed by Dr. Robert S. Edgar of the California Institute of Technology.

6. Viruses and Birth Defects. Tentative identification of several viruses as causing miscarriage, stillbirths and birth defects when mothers-to-be are infected during pregnancy. These preliminary findings reported by Drs. Gordon C. Brown and Thomas Francis Jr. of the University of Michigan.

7. Synthesis of Biologically Active DNA. For the first time the master code-of-life chemical DNA (deoxyribonucleic acid) has been synthesized in the laboratory in a form that is biologically active. This is as close as anyone has come to creating life in the test tube. Achievement by Drs. Rose M. Litman of the University of Colorado and Dr. Waclaw Szybalski of the University of Wisconsin, and their fellow investigators.

8. New Clue to Birth Defect Cause. New lead to causes of

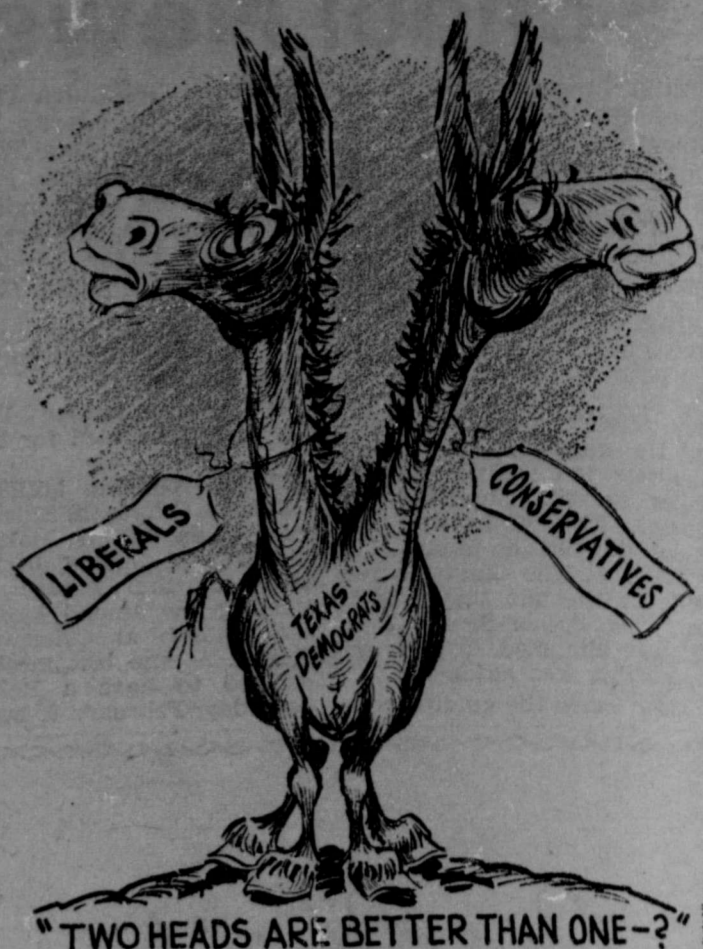

Dr. Ralph F. Jacox, who is cited in the accompanying article, talks to a young arthritis patient.

certain birth defects produced in studies of fluid imbalance in chick embryos. Several factors, such as too little oxygen, too much salt, foreign substances, resulted in salt imbalance in the blood, followed by excess accumulation of body fluids and the development of major defects and often the death of the chick. Reported by Dr. Casimer T. Grobowski, University of Miami.

9. Outbreaks of Spinal Birth Defects. Three reports made of unusual outbreaks of a serious birth defect involving the spine, two by staffs of March of Dimes birth defects centers. Increased referral centers for birth defects patients and vastly increased concern about the problem considered responsible for spotting these "epidemics" of spina bida. Reported in Atlanta, Ga., by Birth Defects Center there; Fort Campbell, Ky., by Birth Defects Center in Nashville, Tenn., and in Vermont by Burlington physicians. The outbreaks remain unexplained despite intensive inquiry.

10. Arthritis Clues in Twin Study. Strong evidence that emotional stress triggered onset of rheumatoid arthritis was found in a study of five sets of identical twins in which one of each pair had the disease. Reported by Drs. Ralph Jacox and Sanford Meyerowitz of the March of Dimes Arthritis Center, University of Rochester.

Requests for Redfish Pour in Prematurely

Rockport — Requests for young redfish to stock farm ponds and fresh water lakes are pouring into regional headquarters of the Parks and Wildlife Department according to K. C. Jurgens, Inland Fisheries Supervisor at Rockport.

"Recent announcements of successful experimental transplants and rapid growth of the salt water fish in fresh water are probably responsible for these requests," Jurgens said. He went on to say that young redfish are very difficult to obtain and research on this development has just been started.

"Years of work must go into the project before young redfish will be available for such stocking, if they ever will be," Jurgens said. "We have no idea whether or not the fish will spawn in hatcheries, nor of the problems we might encounter if we entered upon such a project."

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: C. E. Pickle, Defendant,
Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 119th District Court of Coleman County at the Courthouse thereof, in Coleman, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of March A. D. 1964, to Plaintiff's Petition filed in said court, on the 24th day of January A. D. 1964, in this cause, numbered 8814-B on the docket of said court and styled Katherine Pickle, Plaintiff, vs. C. E. Pickle, Defendant.
A brief statement of the nature of this suit is as follows, to-wit: Plaintiff sues for divorce and alleges she was married to defendant in Yuma, Ariz. Jan. 21 1956, and defendant abandoned her March 17, 1956 with intent of permanently separating from her since which time they have not lived as man and wife. No children born of marriage and no property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

HISTORY IS BEING MADE

in the House in action on the mislabeled Civil Rights Bill, now before debated. One thing is admitted, by both friend and foe of the legislation: It is undoubtedly the most revolutionary legislation submitted to Congress since the Force Bills of the Reconstruction era.

If enacted in its present form, rights and privileges enjoyed by American people since the enactment of the Constitution will be drastically curtailed, and subjected to direct federal harassment and control.

For example, the Bill would for the first time bring the American educational system — public and private — under substantial Federal control by allowing the President to control the placement of pupils in local schools, and allow him to approve the faculty, censor textbooks, and even change study courses, as these things pertain to races and religion. The alternative would be loss of Federal aid.

It creates an FEPC, giving power to a federal agency to dictate to the storekeeper on Main Street whom he can hire, fire, or promote; and the of-

fender can be sent to jail without a jury trial if he disobeys. The bill grants \$10 million a year to hire Federal inspectors to run herd on American business, and control their hiring and firing policies.

In 1883, the U. S. Supreme Court held unconstitutional a law enacted by a Union-dominated Congress, during the postwar period of hysteria, which made it illegal for any private business to refuse to serve or otherwise do business with anyone. The court there held that such a law was contrary to the enjoyment of private property rights guaranteed under the Constitution.

Despite that decision, never before challenged, this bill re-enacts a so-called "public accommodations" provision, and again makes it illegal to do what the Supreme Court in 1883, held an American citizen had a right to do, in the exercise of his property rights.

These are but a few of a score of provisions which strike heavy blows at private and property rights of American citizens. Even many of its sponsors frankly admit that the bill expands Federal power over the social, educational and economic activities of the average citizen, on a scale never before proposed in American history. Actually, the "civil rights" feature is incidental. It destroys and nullifies far more civil rights than it protects.

ROCKWOOD WMU VALENTINE SOCIAL

The WMU of the Rockwood Baptist Church met at the Community Center Monday for their Valentine Social. Hostesses for the occasion were Mrs. Claud Box, Mrs. Delma Buttry, Mrs. Geneva Steward and Mrs. Lillian Rehm.

The room was decorated in the Valentine theme, with a beautiful center piece of red roses and Valentine heart.

Mrs. Evan Wise led the devotional and read the 7th Chapter of Matthew. Mrs. Dick Deal conducted the business meeting. With Mrs. Claud Box at the piano, the hostesses sang a special, "Lead Me to Calvary."

Mrs. Box was in charge of recreation.

Refreshments of punch and cake squares were served to the following: Mmes. Claud Box, Geneva Steward, Lillian Rehm, Delma Buttry, Evan Wise, Faye Wise, Dick Deal, B. B. Bryan, Mittie Smith, Lee Miller, Mary Brusenhan, La Nelle Brusenhan, Iva McMillan, Nelle Yancy, Cecil Richardson, A. L. King and Misses Jamie Kay Steward and Jody Brusenhan.

2ND SUNDAY SINGING

The regular Second Sunday Singing will be held at the Assembly of God Church from 2:00 to 4:00 p. m. Sunday, February 9th. Everyone is invited to attend.

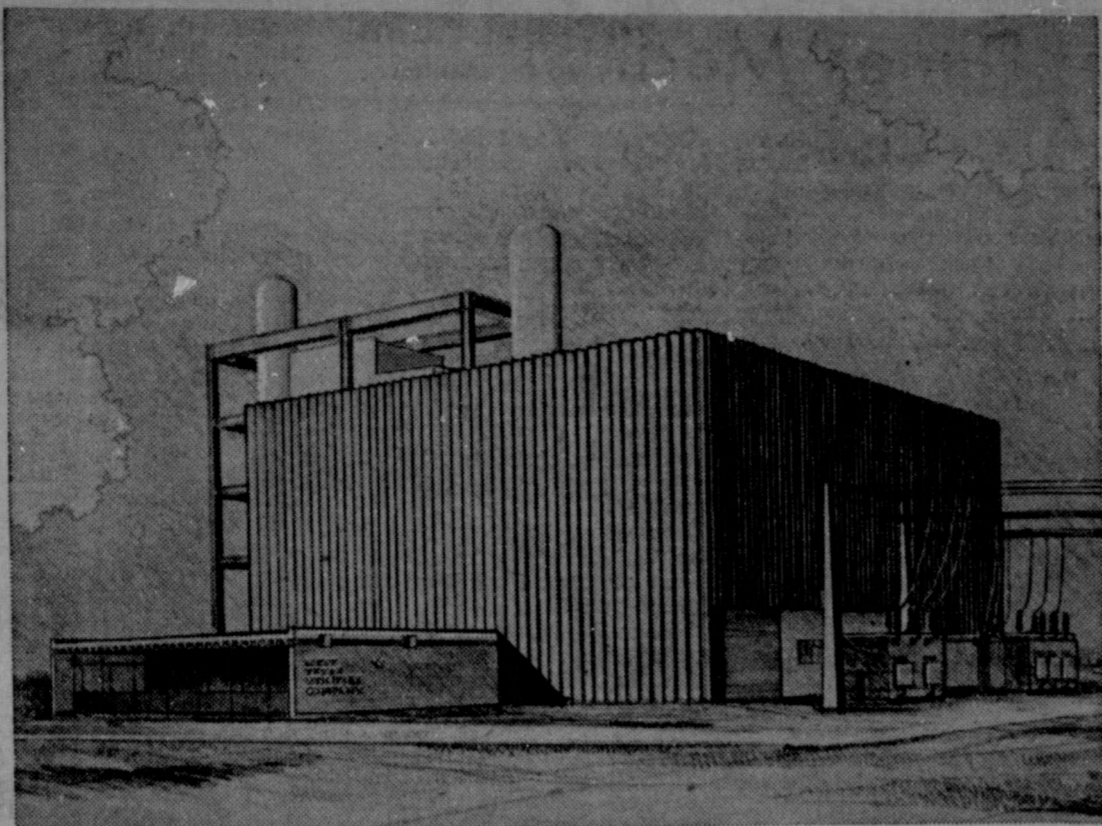

The largest orange trees in America are found in the Red River Valley.

WTU'S NEW NASWORTHY PLANT... Architect's sketch of West Texas Utilities' new generating plant to be built on Lake Nasworthy, south of San Angelo. Current plans are for actual construction to begin this summer, and the first two units to be in service in 1965-66 respectively. They will have a combined peaking capability of 130,000 kilowatts.

The new plant will be interconnected with the other company generating plants by high voltage transmission lines to provide additional electric power for area towns and communities. West Texas Utilities serves 166 West Texas towns.

Today's MEDITATION
from
The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Jonah 3:1-10: Psalm 130 (Jonah) cried, "Yet forty days, and Nineveh shall be overthrown!" And the people of Nineveh believed God. (Jonah 3:4-5. RSV.)

The message of Jonah to the people of Nineveh was short, sharp, and severe. He walked from one end of the city to the other and proclaimed these words of doom.

The people of Nineveh, believing Jonah, might have become panicky and might have prepared to evacuate the city. Kings

and nobles, man and beast, herd and flock might have completely deserted the city doomed to be destroyed in forty days.

But the people of Nineveh believed God. They believed in a God of mercy who would turn from His fierce anger and His threat to destroy them.

So they set about doing things that would make it unnecessary for God to carry out His Judgment against them. They decided that everyone would put on sackcloth, sit in ashes, and fast. These were signs of true repentance and change of heart. In other words, everyone turned from his evil ways, and God saved them and their city from destruction.

PRAYER:
O God, who dost abhor sinful ways and make plain the doom of evildoers, we believe in Thee. O God of mercy, we turn unto Thee in true repentance. Save us from perishing in our wickedness. For Jesus' sake. Amen.

THOUGHT FOR THE DAY
Change of heart in the vile man moves the heart of God to grant mercy and forgiveness.

CHECKS PAYABLE TO INTERNAL REVENUE SERVICE

If you owe additional tax when filing your 1963 Federal income tax return, be sure to enclose your check or money order made payable to "Internal Revenue Service."

Send your return and payment in full to the District Director of Internal Revenue, Dallas, Texas, not later than April 15. This word of advice comes from Ellis Campbell, Jr., District Director of the Dallas District.

Houston Stock Show To Be In February.

The Houston Livestock Show's calf scramble will again qualify as the "world's greatest" when the first of a series of 19 contests takes place in the Sam Houston Coliseum on February 19.

Contestants come from every county in the state and are selected by the 4-H and F.F.A. leaders in each area. The boys are guests of the show at the performance in which they participate.

When the Houston show held its first scramble in 1942, 24 calves were awarded. It was not dreamed that the project would result in putting some 4,000 boys into cattle business in the next 22 years.

In 1944, 112 boys scrambled for 56 calves in 5 contests. Each year the calf scramble activities increased, and more and more sponsors stepped forward. The Calf Scramble Contests became so popular with the rodeo audiences that for the past fifteen years, there has been a contest included as an event in each of the 19 performances of America's Wildest Rodeo.

During the course of one season, four hundred boys now scramble for 200 calves. Half of the calf certificates are given to boys interested in dairy cattle and the other half to those who prefer beef cattle.

When the calf scramble contestant wins, his work has just begun. With his cash certificate

TAX MAN SAM SFZ:

A lot of folks try to avoid trouble on their tax return by having Internal Revenue or a private practitioner prepare their tax return. They feel that the Internal Revenue man or their private practitioner is responsible for their return. This is not true. If you sign an income tax return, you are responsible for the return - no

matter who prepared it. You must see that your tax return contains all your income. It will also pay you to see that it contains all your deductions.

Three successive Presidents occupied the White House within 30 days. They were: President Martin Van Buren, William Henry Harrison and John Tyler.

Now on Chico's new **BARGAIN FARES**

-travel round trip for only 40% more than one-way fares through April 30th

Now the entire Santa Fe is a terrific travel bargain through April 30, 1964.

Here's how Chico's travel bargains will save you money: If the one-way fare is \$10, you can travel round trip for only \$14. When the one-way fare is \$25, you travel round trip for only \$35. On one-way fares costing \$50, the round trip is only \$70.

Round-trip bargain fares will apply for all trains between all Santa Fe stations, making it easy for you to enjoy a trip at special savings. And you have a 30-day return limit on these bargain-fare tickets.

Remember, family fares are even lower than Chico's bargain fares, making Santa Fe the most economical way for husband and wife, or family groups to travel.

Let your hometown Santa Fe agent furnish complete information

State Capital NEWS

Austin, Tex. — A controversial section of the new Texas Regulatory Loan Act, passed last year after 36 years of legislative wrangling over loan control, has been declared unconstitutional.

District Judge Herman Jones of Austin held invalid the provision that at least 51 percent of stock in lending firms operating in Texas must be owned by Texans.

Jones emphasized this was the only section of the 1963 act affected by his ruling in a suit brought by three out-of-state firms.

The companies whose subsidiaries operate in at least eight Texas cities charged the in-state ownership requirement violated state and federal due process and equal protection guarantees.

American Investment Company, a Delaware Corporation; Industrial Finance and Thrift Corporation of Louisiana; and Consolidated Credit Company of Charlotte, N. C., joined by a number of other out-of-state firms, instigated the suit.

Their subsidiaries operate in Houston, Dallas, San Antonio, Fort Worth, El Paso, Waco, Texarkana and Arlington.

Regulatory Loan Commissioner Frank Miskell refused licenses to them.

COMMITTEE ON HIGHER EDUCATION

The Governor's Committee on Education Beyond the High School is well ahead of schedule, reports Dr. A. B. Martin, executive director.

Earlier this year, the committee — made up of leading industrialists and educators — set an April date for preliminary reports for the recommendations due Gov. John Connally in August. Studies on education in public and private colleges and universities, and professional and technological needs have advanced so well that subcommittees and their consultants have been discharged,

Martin said, and the April date has been moved back to February 19.

PARK IMPROVEMENTS STARTED

Tuesday's ground-breaking ceremonies at Falcon State Park in Starr and Zapata Counties near Zapata launched a three-park improvement program which will cost \$1,041,966.

The \$279,416 in improvements at Falcon will include a boat ramp, parking area, paved road, 24 shelters, 50 tent campsites with water, cooking grills, tables, three restrooms with showers and laundry units, ranger's residence and concession building.

Similar improvements are planned for Dam "B" Park near Jasper in East Texas and Lake Whitney State Park in Central Texas, according to J. Weldon Watson, Parks and Wildlife Department executive director.

TOURIST PLAN UNVEILED

A pilot plan designed to bring more foreign visitors to Texas was announced by Governor Connally.

Sen. Walter Richter of Gonzales, the governor's representative, and Walter Meyer of San Antonio, who originated the plan, took off for Germany Sunday to test the program.

They hope to encourage 40 or 50 German citizens to make a 16-day red carpet tour of Texas' leading cities and historic spots from October 15 through November 2.

Texas Tourist Development Agency is sponsoring the projected program in cooperation with Chambers of Commerce and interested private citizens. No public funds are involved.

The tourists, of course, will pay their own way, although some will benefit from hospitality in Texas homes. First visitors will get special low plane fare and at-cost prices all around.

It is hoped the initial visit by the Germans will establish guidelines for a continuing

long-range program to boost travel in Texas by globe-trotters from other lands.

COURT RULES ON LAND

In a 5-4 decision, the State Supreme Court overruled lower courts and directed a new trial in a dispute over oil income on 10,000 acres of Winkler County land.

Suit, brought by Southland Royalty Company against Pan American Corporation to recover a portion of proceeds from minerals produced, involves interpretation of a 39-year-old lease.

Atty. Gen. Waggoner Carr has called on State Banking Commissioner J. M. Falkner to continue investigation of a collapsed California money order firm, American Security Currency Limited was doing business in 317 Texas grocery and drug stores.

Thousands of Texans reportedly were caught with valueless paper on their hands when the firm went into bankruptcy. Carr recommends getting all facts on its history and status plus full details of an alleged sale of accounts to another company also licensed by the commission.

CONNALLY IN CIRCULATION

Governor Connally returned to duty at his office in the Capitol last week, for the first time since he was wounded in Dallas on November 22 by the assassin of President Kennedy.

Connally announced a traveling and speaking schedule which included visits to UPI and AP managing editors' conventions here; a Boy Scout report ceremony in the Capitol; Abilene's B-52 day celebration on February 15; the Laredo Washington Birthday festival on February 22; the Paper Industry Salesmen's Association meeting in New York on February 25; dedication of the New York World's Fair Texas exhibit on February 26; and probably a visit with President Johnson in Washington on the way back to Texas.

LIBRARY ADDITIONS

Texas State Library last week obtained an historic treaty and an historic suit of clothes. Both are certain to be viewed by thousands in years ahead.

Sen. Ralph Yarborough presented the Library a certified State Department copy of the El Chamizal treaty signed by President Johnson on December 20 — defining the boundary along the Texas-Chihuahua and El Paso-Juarez borders. The treaty, placed on display in a glass case, ended a century-old boundary dispute.

Governor Connally, at the Library's request, turned over to the State archives the black, light-weight suit he was wearing when he was seriously wounded in Dallas. He was the first Texas governor to be the victim of an assassination attempt. The suit bears bullet holes in the back, front and right sleeve. Also placed in the archives is the blood-stained shirt Connally wore on the tragic November day, and his black and gold silk tie.

DIVERSION PAYMENTS

Agri. Comm. John C. White says Texas farmers should not count on a cotton land diversion payment plan, as has been rumored.

White says Texas farmers should go ahead and release their unwanted cotton allotments back to their local ASC committees so the permits can be reassigned to other parts of the state. He urged cotton growers to protect their future allotments by releasing unused permits before the February 4 deadline, as in years past.

BRACERO PROGRAM

The U. S. Congress has extended the bracero program for another year — through 1964 —

as a compromise between the close-out or phase-out argument by states where the contract laborers from Mexico are employed. However, figures from the Texas Employment Commission indicate that a phase-out has been in effect in Texas for the past two years.

Henry LeBlanc of the commission's farm labor division reports that 38,000 braceros worked on Texas crops in August, 1961; 12,917 in August, 1962; and 12,008 in August, 1963.

WATER STUDY

Texans in the future may get very thirsty if they don't plan ahead to catch and save more water. This conclusion and other information about water, including the fact that since 1890 Texas has been using up its water resources at a rate 11 times faster than its population growth, has been spelled out for students.

The water story has been published in a 40-page illustrated booklet, "How Can We Meet Our Water Needs?" prepared by the Texas Society of Professional Engineers and printed by the Texas Education Agency.

Education Commissioner J. W. Edgar has notified school superintendents that 3,000 copies of the booklet on one of the state's most vital problems are available on request for use as resource material in junior and senior high schools.

SHORT SHORTS

Atty. Gen. Waggoner Carr named Judge Hawthorne Phillips of Harlingen as his first assistant. He succeeds Albert Jones of Houston who had accepted temporary appointment.

"The Eyes of Texas" now is public property. The University of Texas' copyright expired on January 30, and couldn't be renewed.

Traffic death toll for 1963 was 2,793, largest in history by far, according to the Department of Public Safety. Figure is an increase of 282 over 1962.

The governor's office will be located in the old State Agriculture Department quarters on the Capitol's first floor, during extensive remodeling and enlargement of the executive suite.

UT Bureau of Business Research reports new construction in 1963 dropped \$14,200,000 but expenditures for additions, alterations and repairs increased by \$17,800,000 for a net gain of \$3,600,000 over 1962.

State Supreme Court held the Railroad Commission can't withhold future drilling permits from operators of slanted oil wells who want to straighten their wells. Almost 1,000 slanted wells have been shut in since 1962.

Lon E. Aisup, 65, retired after 22 years as director of the Texas State Commission for the Blind. Although blind since birth, he had successful careers in business, politics and government administration.

Dr. Walter H. Fischer is new president of the State Board of Chiropractic Examiners; Dr. Harvey H. Kennedy of Longview, vice president; and Dr. Charles E. Courtion of San Angelo, secretary.

AFL-CIO President Hank Brown says that Texas labor leaders will decide February 13 at Arlington who they will support in the May primaries.

FEDERAL UNEMPLOYMENT TAX

District Director Ellis Campbell, Jr., of Internal Revenue in Dallas in a special message reminded employers who employ four or more individuals on at least one day of each of twenty weeks in 1963 that they must file a return and pay the Federal Unemployment Tax.

Mr. Campbell explained that this return should be filed on or before January 31, 1964 on Form 940.

Cleveland News

By Mrs. Sid Blanton

The nice rain of 2.03 inches on last Thursday and Friday and the 1.01 we received last night (Monday) was badly needed.

There were ten ladies present at the Quilting on Monday afternoon. Almost finished two pretty quilts.

Mr. and Mrs. Bruce Hibbetts and Mrs. Eva Bengel went to San Saba last Friday to attend memorial services for Mrs. Alice Robertson, a sister of Bruce's mother. Mr. and Mrs. Bill Hibbetts of Freeport were there for services.

Mrs. Bon Blanton and Mrs. Sue Walker of Santa Anna visited with Mrs. Nora Blanton on Tuesday afternoon.

Elmer Cupps was in San Saba on Saturday.

Mr. and Mrs. Elgean Gilliam and Dale of Abilene spent the weekend with her mother, Mrs. Jewell Powers.

Mrs. Jewell Clifton and children were Saturday night visitors in Coleman with Mr. and Mrs. Leon Day and Ricky.

Mr. and Mrs. Charlie Ray Fleming of Abilene were weekend visitors with home folks.

John Baugh, Mrs. J. T. Naron and children, Mr. and Mrs. L. V. Cupps were all Monday visitors in the William Cupps home.

Max Nixon of San Angelo visited with Mr. and Mrs. Dick Baugh on Wednesday and attended to business.

Mrs. Sam Moore visited with Mrs. Melvin Pollock and babies on Sunday afternoon.

Mr. and Mrs. J. D. Howard Jr. and Elaine of Midkiff, Mr. and Mrs. Tom Howard and children of Lometa were weekend visitors.

ors with Mr. and Mrs. John Howard Sr.

Kenneth Herring and girls, Mrs. Charlene Schulle and children of Coleman, spent Sunday with Mr. and Mrs. Casey Herring, Dale and Pam.

Mr. and Mrs. Rachel Cupps were Saturday night visitors with his dad, Elmer Cupps. Billy Don was in Fort Worth over the weekend at the Stock Show.

Mr. and Mrs. Harry Walker of Breckenridge were weekend visitors with the Edd Hartmans and other relatives.

Mr. and Mrs. Darrell Cupps and children visited Friday night in Coleman with Mr. and Mrs. Edward Leonard. Sydney Cupps spent Saturday night with the Leonards.

Richard Wells of Trickham visited Sunday with Mr. and Mrs. Darrell Cupps and Ricky.

Mr. and Mrs. J. C. Bible and Jamie Jo of Brownwood visited Sunday with Mr. and Mrs. D. S. Baugh and Nancy.

Mr. and Mrs. Buddy Bengel

and children, Bro. and Mrs. Edd Coliver were last Sunday dinner guests of Mr. and Mrs. Bruce Hibbetts.

Mr. and Mrs. Jess Howard of Santa Anna were Monday visitors with Mr. and Mrs. John Howard. The ladies met and helped quilt in the afternoon.

Mr. and Mrs. Bruce Hibbetts went to Gouldbusk on Sunday afternoon to visit with Mr. and Mrs. Charlie Avants and children.

Rust Remover

When you're on an extended hunting trip rust is likely to appear on your gun barrel, due to constant exposure.

Such spots easily can be removed by dipping in oil a piece of tough cardboard (or an empty shotgun shell) then rubbing it in some fine abrasive such as dust or powdered charcoal. Next, rub the rust spots with this made-on-the-spot gun cleaner.

Mr. and Mrs. Rodney Dean

and children of Rockwood were supper guests of Mr. and Mrs. S. M. Fellers and S. D. Sunday night.

Mr. and Mrs. Charlie Ray Fleming of Abilene spent the weekend with her parents, Mr. and Mrs. Robert Stearns. Visitors with them during the week were Mrs. Grady McIver, Mrs. Walter Stacy, Mrs. Marion Ford, Mrs. Bill Vaughn, Mrs. Bernice McIver, Mrs. Mary Boenicke, Mr. and Mrs. Gordon Stearns, Mrs. Clara Haynes, Mrs. Clyde Haynes, Mrs. J. E. York and Mrs. Thelma Fleming, also Pat Stearns and son and Mrs. Grady James of Fort Worth, Mr. and Mrs. Edd Stearns of Brownwood, Mrs. Jo Grant of Santa Anna, Mr. and Mrs. Ray Wells and family of Coleman, Mrs. Rodney Dean of Rockwood, Byrl Fellers of Everman, Stanley James and G. K. Stearns.

Mr. and Mrs. O. J. Martin visited Sunday afternoon with Mr. and Mrs. Jack Dockery and boys. Mr. and Mrs. Carl Looney visited Saturday afternoon with Mr. and Mrs. O. R. Boenicke.

Rain recorded here last night (Monday) measured an even 1/2 inch. Rain received here last week measured from 1 1/2 up to 2 inches. So, everyone feels better and the grain has begun to look greener. We are thankful for the moisture and water in our tanks.

Thanks for your news this week. I always appreciate sending in your subscription to the paper.

Shields News

By MRS. E. S. JONES

Wednesday night rain came. Most reports were about two inches in our community.

Gerald Harper, minister of the Church of Christ, was guest of Mr. and Mrs. George Allen at Goulbush on Sunday.

John Dillingham, student at Tarleton State College, Stephenville, was home for the mid-term holidays.

Mrs. Byron Gilbreath of Santa Anna visited Sunday with Mr. and Mrs. G. C. McDonald.

Mrs. J. A. Meredith and daughter, Lea Ann, of El Paso, came Sunday for a visit with their parents and grandparents, Mr. and Mrs. Douglas Milligan.

Mr. and Mrs. Geo. Cobb attended the wedding of Nancy Kennedy and Rev. Richard McDuffie at St. Marks Episcopal Church in Coleman Saturday night.

Tuesday Mrs. E. S. Jones was in Stephenville and visited with Mr. and Mrs. Ward Evans and on Sunday with Mrs. Mattie Dalton and family.

Wednesday Mr. and Mrs. Manton Jamison and Johnny of Leaday were supper guests of Mr. and Mrs. Glen Scarborough

and children and David Wigger, pastor of the Baptist Church, was their guest on Sunday.

Mr. and Mrs. Geo. Wheatley, Danny and Jimmy, visited Sunday with Mrs. Ura Dillingham and Richard.

Mr. and Mrs. Ward Evans of Stephenville spent Saturday with her brother and family. Mr. and Mrs. Jerry Vardeman and Danny also visited with Mr. and Mrs. Edgar Shea on and Mr. and Mrs. Aubrey Scarborough.

Geo. Stewardson visited with Mr. and Mrs. Bob Steward at Rockwood Sunday afternoon.

An inch of rain fell Monday night, making a total of 3 inches for the week, for which we are very thankful.

Whon News

By MRS. TOM RUTHERFORD

The weather is the main topic for discussion in our community. Last week we received a nice rain, ranging from 2 inches and less. And tonight (Monday) we are receiving good showers.

Cleburn Stanley reports friends driving out from Brownwood Sunday afternoon. He, with friends, went rattle snake hunting. He reported their efforts were not in vain, as they found and killed 8 rattle snakes and the largest one owned 16 rattles.

Mr. and Mrs. Darwin Lovelady and Randal visited Mr. and Mrs. Elec Cooper and boys in Rockwood Saturday night.

Mr. and Mrs. Floyd Morris and Jamie Lee and Mr. and Mrs. John David Morris of Coleman, spent the weekend with their son and brother, Mr. and Mrs. Joe Floyd Morris in Austin, reporting a very enjoyable week end.

Lynda Sue Rutherford spent Friday night with Bobbie Neil in Santa Anna.

Oscar Lovelady and grandson, Randal Lovelady, spent Friday night with Guy and Alta Lovelady in Santa Anna.

Mr. and Mrs. Ernest Stanley and son, Billy of Sidney, Texas, also Mr. and Mrs. Cleburn Stanley and daughter, Lynda, of Santa Anna and Randy Brown of Santa Anna, were Sunday guests of Mr. and Mrs. Cleburn Stanley.

Cindy England spent one night last week with Sue Klingsbery of near Santa Anna.

Mr. and Mrs. Barker, Mrs. Moore and Doug Jr. Avants of Brady and Mrs. John X. Steward of Rockwood, visited Mr. and Mrs. Aaron Avants Sunday afternoon.

Mr. and Mrs. Dave Shields of Cross Plains visited with Mrs. Floyd Morris last Tuesday afternoon.

Mrs. Darwin Lovelady visited Mrs. Jim Lovelady in Santa Anna Friday night.

Rex Turney and son, Mark, of Santa Anna, spent Friday night with his parents, Mr. and Mrs. Bert Turney.

Mr. and Mrs. Bean Radle of Santa Anna were Sunday dinner guests of Mr. and Mrs. Aaron Avants.

2,703 Deaths Listed On Texas Highways For Last Year

Austin — The Texas Department of Public Safety reported today that a preliminary count of traffic deaths in the state for 1963 shows that 2,703 persons were killed — by far the greatest toll in history.

Col. Homer Garrison Jr., DPS director, noted that this means 282 more persons died in traffic last year than in 1962, or an increase of approximately 12 percent. He also pointed out that the 1963 toll of lives was 92 greater than the previous all-time high of 2,611 in 1956.

DPS Statistical Services said it is estimated that when all reports are received for the year 1963, the death figure from traffic accidents in Texas will be 2,725.

"To attempt to place the blame for this great tragedy on one single factor would be

pure speculation," Garrison said. "The records indicate consistently that speed too fast for conditions is the most prevalent law violation involved in fatal accidents. The second most frequent factor involved in fatal accidents is driving while drinking and the third is driving on the wrong side of the road. A combination of these things often is involved. And we do know that in almost every fatal accident there is at least one violation of some traffic law involved."

"Therefore, it would seem that the best explanation for the upward spiral in traffic fatalities, both in Texas and in the nation, would be a combination of general carelessness and disregard for the law."

"As for the matter of speed, we cannot over-emphasize that the Texas law clearly states that no vehicle shall be driven at a speed greater than that which is reasonable and prudent for existing conditions. This holds true regardless of what the posted limits may be."

"In other words, the law clearly places the responsibility for not exceeding safe driving speeds upon the driver himself."

"With these things in mind, we wish to appeal to all Texans to recognize the seriousness of the traffic situation with which we are faced, examine the facts, and determine to resolve the matter in the true tradition of responsible Texas citizens."

Meats Are Featured This Week

College Station — Choices at the supermarket this week may include many of the specially priced meat cuts, says Mrs. Gwendolyn Clyatt, Extension Service consumer marketing specialist.

Retail prices of red meats and poultry are to the consumer's advantage, she emphasizes. Specials on beefsteaks and roasts, most smoked pork cuts and chops, fryers, chicken hens and turkeys can save money.

Late January is the low supply period for fresh vegetables, but it coincides with the increased use of processed vegetables and fruits. Recent cold weather and changes from one growing area to another have slowed growth and supplies of head lettuce. As a result, most head lettuce is only medium in size, below average quality, and slightly higher in cost.

Canned foods come to the front as good eating for cold weather. Emphasis is being given canned corn, tomato juice and clingstone peaches. The 1963 canned corn pack was larger than expected and more than 80 percent graded fancy quality.

There'll be more smaller sized grapefruit on the market in the next few weeks, for Florida grapefruit shippers voted earlier this month to ship a smaller fruit. This fruit is designated as size 112, is the seedless variety, and includes both white and pink. Until the recent action, nothing smaller than size 96 could leave the state.

Food Store Offer More Variety, And Abundance

College Station — Food stores offer more variety and abundance for their customers than ever before.

A recent survey in one food market showed that 85 different cuts of meat or poultry were offered, and this did not include cold cuts or seafood, says Mrs. Gwendolyn Clyatt, Extension Service consumer marketing specialist.

Many large food stores offered more than 70 different varieties of canned vegetables and the choice in one store was from as many as 100 varieties. There were nine different varieties of canned green beans, not to mention fresh and frozen green beans. One store in the survey offered 262 different combinations of can sizes, brands and varieties of vegetables alone.

Variety isn't the only service consumers enjoy from modern food stores, the specialist says. Convenience is another.

"Consumers have come to expect convenience in the form of late hours and seven-day service, and convenience in the form and package of the food," Mrs. Clyatt says.

WANTED, A TEXAS HERO

College Station — Somewhere in rural Texas lives a person who is due a hero's award. He or she, adult or youth, may be your neighbor.

The Texas Farm and Ranch Safety Council is now seeking that individual and you can tell them where he or she lives and about the deed performed.

The individual being sought by the Council may have rescued another person from a burning building, saved a child from drowning, rendered services beyond the call of duty during a neighborhood or countywide emergency or risked his life to save another from electrical shock or a highway or farm accident.

There are many rural heroes in Texas, the Council believes, and they want to recognize and show their appreciation to the one considered by a selection committee as most typical of the nominees.

The Council will present to the person selected their Rural Heroism Plaque. Nominees must come from a rural area or from

a town of less than 2,500 population.

It is easy to make the nomination. Just submit a narrative covering the heroic deed but include the details, such as the full names of all persons involved and include news clippings and pictures if available.

Then mail the entry before March 1, 1964 to Rural Heroism Award, 3900 Barnett Street, Fort Worth 3, Texas.

By recognizing heroic rural service in this manner, the Councilmen believe attention will be focused on the continuing need for improved safety conditions in our rural areas — at work, at home and at play.

Wait for the stop-light, wait for the bus, but don't hesitate when you're called to dinner or to find out about what life-time social security protection can mean to you and your family. Many of your neighbors have already discovered the value of checking at the social security office. Don't wait; find out about the protection for you and your family against disability and death.

Santa Anna, Bangs Methodists Work Hard in Contest

Members and pastors of both the Santa Anna and Bangs First Methodist Churches are putting forth great effort in the attendance contest between the two churches. Attendance at both churches continues to increase with each service and the contest gains in popularity as the attendance increases.

The Santa Anna church still holds a fair lead over the Bangs church, but the margin is getting closer each Sunday. Santa Anna claimed the victory the past Sunday by the narrowest margin possible — one point. Bangs took 3½ points, by having the most present in Church School, MYF and the greatest percentage in Church School.

Santa Anna had the most present in Morning Worship and Evening Worship and the greatest percentage in both these services. Very unusual was a tie in percentage of members in attendance in the MYF, which gave each church one-half point. Santa Anna now leads by 23½ points to 16½ points for Bangs.

Rev. Bobby Weathers, pastor, said it took the greatest day in recent history of the church to take the narrow margin of victory the past Sunday. Three Sundays remain in the contest, with the loser to entertain the winner with a social following a joint service the first Sunday in March. Rev. Weathers urged every person to attend all four services this Sunday to help continue the lead over the Bangs church.

BANGS SHOCKED
 The Bangs group just knew they would win the evening service attendance and were shocked to learn that 144 was present to answer roll call here. The membership responded to the roll call, held Sunday evening, very beautifully.

SANTA ANNA STUNNED
 The Santa Anna church was stunned to learn that Bangs had 35 in attendance at the MYF service. The local group had 33 in attendance and felt they surely would take that point.

EIGHT ADDITIONS
 The First Methodist Church had eight additions to the membership Sunday, bringing the total to 33 additions since June 15, when Rev. Weathers came here. The Bangs church had two additions Sunday and eight in the past two weeks, to bring their total in new members to 21 since June 15.

Florida Turkeys Released in Texas

Austin — The Texas Parks and Wildlife Department has received and released a shipment of wild turkeys from the Florida Game and Fresh Water Fish Commission.

The birds, 14 hens and 3 gobblers, were flown into Woodville by a Florida Game Commission airplane. They were banded with metal tags and released on a protected area in northwest Tyler County near Chester.

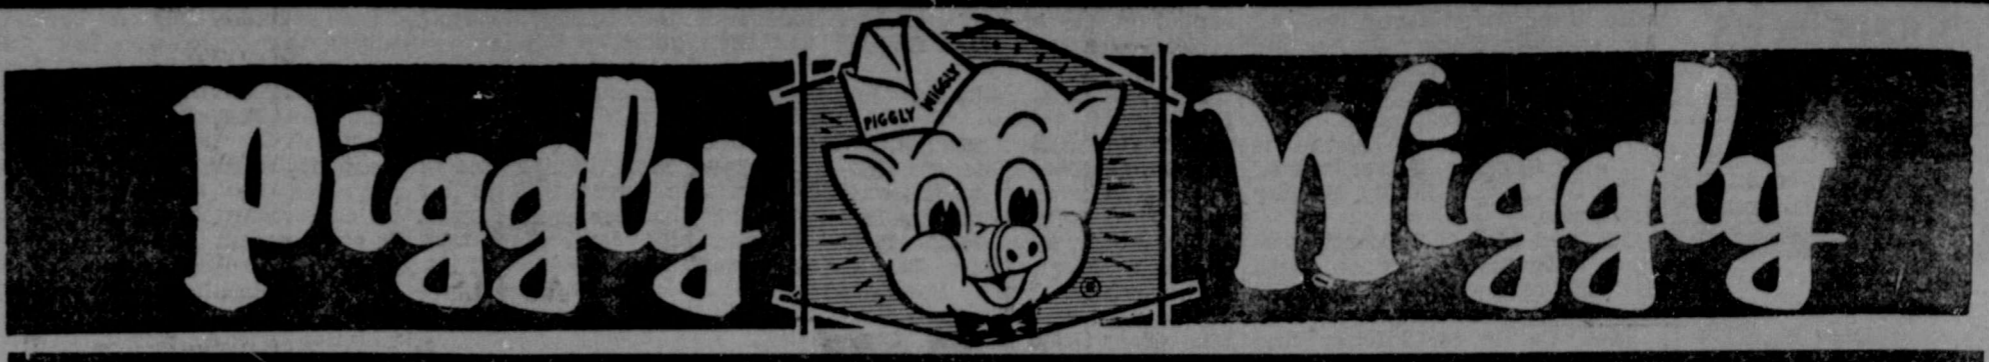

The Florida turkey is the same species as the birds previously released by the Department, and evidently is doing well, in the Lower Neches Restoration Area in Jasper County. Biologists consider this bird much better for adapting to East Texas conditions than the Rio Grande turkey commonly found in South and West Texas.

Another shipment from Florida is expected soon.
