## THE AMERICAN WAY

### A \$4 Billion Government Bust

By Raymond C. Baker  
American Way  
Features Correspondent

Here is a not-generally-known shocker! A cool \$4 billion to maintain some 80 government business activities in competition with American free enterprise must be added to the tremendous annual sums already bilking the American taxpayers.

This latest bit of financial legerdemain is in President Johnson's budget for fiscal 1965, but it is carefully disguised. These federally-owned enterprises are now spending at the rate of \$22.2 billion a year, up from \$15.3 billion in 1961. This is an annual growth rate of 15 percent, more than three times the pace attained by the economy as a whole.

The fly in the ointment is that these businesses, unlike private enterprise, do not have to show a profit. So most do not. Since 1961, these 80 businesses alone have gone in the red to the tune of \$17 billion.

This works out to a loss of over \$4 billion a year for taxpayers to make up. In all, over 700 federal agencies operate business-type activities — and the costs are reputed to run over \$40 billion annually.

#### Laundries & Subsidies

These government enterprises range in size from the comparatively small laundry service at the U. S. Naval Academy to the giant Commodity Credit Corporation. They feed Congressmen, run railroads, produce electricity, sell insurance, deliver mail, lend money, buy apartment houses and private homes. Most are in direct competition with private business.

They are financed out of revolving funds, which are replenished primarily through the sale of goods and services to the general public, and are available for continuing use under broad Congressional grants rather than annual appropriations. Virtually all go into the budget on a net basis, with only the deficit showing in the total. This means that in fiscal 1964 expenditures will be under-reported by about \$15 billion.

#### Campaign Propaganda

Not only is there a measure of deceit in the financial juggling of these Federal businesses, but they account for many thousands of government employees who should be on private payrolls.

President Johnson may convince some of the people that by turning off unnecessary lights at the White House and by firing a Federal photographer for taking too many pictures he stands for economy in government. But most Americans recognize these trifling "economies" for what they are — election propaganda.

A serious look at the government payroll should convince him that sound economy must begin in this area.

#### Public Payroll

Public employment — Federal and state — accounted for 13.5 percent of all employment in 1962, according to a survey by the Chase Manhattan Bank. The bank estimates that by 1970 there will be one government employee for every five jobs provided privately and by 1980 the ratio will be one for four.

If the President really wants to convince the electorate that he is giving more than lip service to government economy, the public payroll is one place to start. He could make important strides in this direction by asking Congress to sell Federal business enterprises to private entrepreneurs. Such a move would relieve the government of an enormous annual deficit and many thousands of employees.

This is an economic shot in the arm for the national economy that really would make a hit with taxpayers.

### Jones Boys Place Lambs At Houston

Wade and Gilbert Jones, sons of Rev. and Mrs. Raymond Jones, sent lambs to the annual Houston Stock Show last week. Wade Jones, 21st place. Fine Wool Division, Class 1: Wade Jones, 21st place. Fine Wool Cross, Class 2: Gilbert Jones, 17th and 24th places.

### Electric Rate Reduction Being Planned

Savings resulting from the reduction in Federal income taxes will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced recently. These reductions in rates will save customers about \$1 million annually, approximately 2.8% at this time. Savings will be even greater as electric sales grow.

John McDaniel, WTU Local Manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new law the income tax on corporations will be reduced in two steps of 2% each. The corporate income tax will go from 52% to 50% in 1964 and from 50% to 48% in 1965.

"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU President said. "Passing this tax saving on to customers in the form of rate reductions will simply leave the Company with the same rate of return it has been earning."

"Such system-wide rate reductions require extensive study," Young continued. "In addition, after the new rates are designed, considerable work will have to be done to adjust our IBM computer billing procedures to these new rates."

Young added, "We expect to have the new rates in effect by mid-summer... probably July or August. Prior to the time the rates are placed in effect, they must be approved by each incorporated city."

"WTU has a unique record for any industry... one of which we are very proud," Young pointed out. "WTU has never raised a rate. Through the years we have consistently reduced the cost of service as plant efficiency and improved operations, together with increased customer usage permitted. This planned rate reduction is a continuation of that long-established policy."

WTU supplies electric service for Santa Anna and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande.

### 3 Local Youths Admit Taking Money From Purse

Three local youths admitted to City Marshal M. R. (Bud) Simmons last week they took about \$30.00 in cash from the purse of Mrs. Joe Wallace. Mrs. Wallace had left her purse in her car while it was parked in front of the home of Mr. and Mrs. D. L. Wallace.

The youths were all under 15 years of age. They have been released to their parents for the present, this being their first offense. However, investigation is still underway.

## DEATHS

### James P. Gammil Buried Here Monday

James Parker Gammill, 62, a resident of Santa Anna for about 10 years, was found dead in his home about 10:00 a. m. Friday, February 28. He had apparently been stricken and died as he was preparing to go to bed the night before. Justice of the Peace, W. Earl Irick, ruled death by natural causes. Graveside rites were held at 9:30 a. m. Monday, with Rev. Raymond Gary, pastor of the North Side Baptist Church officiating. Burial was in the Santa Anna Cemetery, under the direction of Hosh Funeral Home.

Mr. Gammill was born June 5, 1901 in Bedford County, Tenn. He was a radiator repairman and lived alone near the railroad tracks in the east part of town.

His survivors include his mother and a sister of Shelbyville, Tenn. and a sister of town.

Pallbearers were M. R. Simmons, W. D. Scarborough, Calvin Campbell, Fred Hicks, Thomas Wristen Jr., and Hap Aston.

### Teachers To San Angelo Meeting Today

Most of the Santa Anna teachers, along with about 2,000 other teachers from the Central Texas area, will attend the 57th annual convention of the District XI State Teachers Association in San Angelo this weekend.

Cullen N. Perry, Superintendent of the Santa Anna Schools, is president of the Mid-Texas Education Association and will preside throughout the convention. The Mid-Texas Education Association was organized in 1925. Perry is the second president to come from Santa Anna. J. C. Scarborough served the organization in the 1928-29 year.

All the local school students will enjoy a holiday all day Friday, while the teachers are at the convention.

The Santa Anna High School Band will present a concert at the first general session Thursday evening. The second general session will convene at 9:30 a. m. Friday and continue through the day.

### Methodist Revival To Begin Sunday

Rev. John Hawkins, minister of the Jacksboro Methodist Church, will be the evangelist in a revival effort that begins here Sunday, March 8, and continues through the following Sunday. Theme of the revival is, "Methodist Mission to People." This theme will be carried out in every Methodist church in the Central Texas Conference during the week.

Regular services will be held each Sunday. Weekday services will be held at 7:00 p. m. each evening. A cordial invitation is extended to every person to attend each service.

Two goals of the "Methodist Mission to People" is: (1) to engage all members of the church, that through their involvement they may be led to seek and to find a transformation in their own life that will result in their becoming daily witnesses for their Lord, and (2) to reach those outside the church with the message of salvation.

In this week of evangelism, every Methodist is being challenged for Christ and the church. For six days they will be calling people to an all-out spiritual renewal through preaching services, small group evangelism and personal home visits.

### Two Local Boys Enter Lab and X-ray Course

Larry Wardlow, son of Mr. and Mrs. Kay Wardlow and Jimmy Quinn, son of Mr. and Mrs. J. W. Quinn Jr., are attending the Commonweath College of Science in Houston. The boys left last week for a years training in Laboratory and X-ray training.

Wardlow has been employed at the Santa Anna Hospital for the past six months in this type work. Quinn has been a student at Howard Payne College until the end of the past semester.

The Lost Pines of Bastrop State Park lie isolated, near Bastrop, Texas, 80 miles west of the main southern pine area of the state.

### County Chairmen in 64th Texas District Make Statement Concerning Leroy Roach

Statement by Frank Erwin, attorney for Respondents J. W. Phillips, N. W. Purcell, W. I. Lane, and C. N. Mansell, Democratic Chairmen of Brown, Coleman, Comanche, and Runtless Counties, respectively, in the suit brought against them by Leroy Roach in the Supreme Court of Texas in his unsuccessful effort to have the Supreme Court compel the four County Chairmen to place Roach's name on the Democratic primary ballot as a candidate for the Texas Legislature from the 64th District.

"The Texas Supreme Court today denied Leroy Roach's request for leave to file a petition for mandamus to compel his name to be placed on the ballot in the Democratic Primary.

### Quarterback Club To Sponsor Basketball Game

A basketball game between the West Texas Utilities team of Ballinger and a local group of men, will be played in the high school gym Tuesday, March 10, with the proceeds going to the Santa Anna Quarterback Club. Admission charges will be 50 cents for adults and 25 cents for children. Game time is 8:00 p. m.

The game promises to be a good one. On the local team will be: Don Davis, A. D. Bowen, R. C. Smith, John McDaniel, Brian Bacon, Van Aldridge, Dalton Owen, Quinton Daniel and Jimmy Vanderveer.

Everyone is invited to support the Quarterback Club in their fund raising effort, and enjoy an evening of good entertainment.

### Clinic To Stop Smoking Plans Being Completed

Final plans are being made for the "5 Day Plan to Stop Smoking," according to Dr. C. M. Henner. Time and place of the clinic will be announced as soon as all plans are complete.

Dr. Henner said there is no "catch" to the clinic. They just show how proper diet and exercise together with a conviction of the harm tobacco is causing the body, can and will help anyone rid themselves of the habit in five short days.

### Baptist Brotherhood Meeting Set For Monday Night

Bro. Lewis Newman of San Angelo will be the guest speaker at the regular monthly meeting of the Brotherhood of the First Baptist Church Monday, March 9.

The meeting will be held in the church annex, with supper being served at 7:00 p. m. The program will be on Christian Witnessing.

Visitors are cordially invited to attend.

Visitors in the home of Mr. and Mrs. W. E. Vanderford on Sunday were their children, Mr. and Mrs. Warren Aldridge of Santa Anna, Mr. and Mrs. Rip Mayo and children of Coleman, Mrs. Ruby Pritchard of Slaton, Don Pritchard, Mr. and Mrs. Clauene. They were observing the Vanderfords' 63rd wedding anniversary, which was Tuesday, March 3. The Vanderfords have been in Santa Anna 60 years.

Visitors with Mrs. Rosa Henderson over the weekend were Mr. and Mrs. Roy Henderson, Dana and Sharlet of Hobbs, N. M. and Mr. and Mrs. Kenneth Henderson and Jeff of Odessa.

Mr. and Mrs. Harold White and daughters of Tatum, New Mexico and Mrs. W. C. Spencer and sons of Abilene, spent the weekend with their parents, Mr. and Mrs. Tom Mills.

Mrs. Mary Jo Schulle of Watonga, Okla. spent the weekend with her mother, Mrs. J. J. Gregg. Mrs. Jack Gregg of Austin visited briefly Sunday morning.

The greatest number of forest fires in Texas occur in March.

The first Texas State Forest was established 1924 in Newton County.

### Republicans To Hold Primary Election in County

About 25 Coleman County Republicans were present at a workshop meeting in Coleman last week, in the clubroom of the First Coleman National Bank.

Bill Thomas of Midland, Republican Field man, was speaker and told of campaign plans in the state this year. Mrs. R. R. Lovelady served coffee and cookies to the group, assisted by Mrs. Helen Goodloe.

Bryan Reeves was appointed Goldwater campaign chairman in Coleman County.

At a called meeting of the County Executive committee, it was voted to hold primary elections in the county in May, in accordance with the statewide policy of the Republican Party. The number and precincts of the elections will be decided at a later date.

### Just What Does Easter Seals Do?

This week and the next, more than a million Texas homes will be receiving their 1964 Easter Seals in the mail. Many of these people when they open their Easter Seals will no doubt ask, as well they should, "What do Easter Seals do?" The Texas Society for Crippled Children and Adults and its 90 local county Easter Seal affiliates want people to ask because they are proud to tell.

All right, just what do Easter Seals do? Well, they do a lot of things, but they all add up to one word — rehabilitation — preparing crippled children and handicapped adults for active, useful lives. This means months, often years of treatment so that a child can go to school or a man or woman can hold down a job.

The Texas Society and its local affiliates have nearly 30 treatment centers all over the state where handicapped people are being rehabilitated — but more are needed and the programs in the existing centers should be expanded to meet this ever-growing need.

It's a wonderful thing to see a crippled child walk for the first time. It's a kind of miracle — and although it doesn't happen overnight, it does happen at Easter Seal Centers all the time.

It takes lots of time, effort and money. Won't you share in a miracle?

The first step is yours, give to Easter Seals today!!!

### FHA Members Attend Area Meeting In Stephenville

Seven Santa Anna FHA members, their sponsor, Mrs. Winnie McQueen and Mrs. Earl Irick Jr. attended the Area IV Future Homemakers of America meeting at Tarleton State College in Stephenville Friday and Saturday of last week. Girls attending were: Frances Davenport, Karen McCluskey, Sandra Davis, Beth Irick, Lawanda Horner, Linda Pittard and Lynda Rutherford.

Theme of the meeting was "Education — Portals to Progress." Linda Pittard, Area Vice President, presided over the Saturday morning session. "Education for Living" was topic of the keynote address Saturday by Ray Sissel, director of public information, Texas Power and Light Co., Fort Worth. Mr. Sissel brought out five main points for the FHA members to live by: be positive, smile, be better than average, give compliments and Christian living.

Karen McCluskey, Sandra Davis, Lawanda Horner and Beth Irick sang in the 90-voice Area Chorus. Frances Davenport served on the State Degree Committee and Lynda Rutherford served as voting delegate for the local chapter.

### 2ND SUNDAY SINGING

The regular Second Sunday Singing will be held at the Assembly of God Church in the southwest part of town Sunday, March 8, from 2 to 4 p. m.

A cordial invitation is extended to everyone to come and enjoy the songs.

### Type III Sabin Vaccine To Be Given March 15

Type III Sabin Oral Polio Vaccine will be administered in Santa Anna Sunday, March 15 between the hours of 1:30 and 5:30 p. m. or until the supply on hand runs out. The feeding station will be located in the Lions Club meeting room, at 611 Wallis Avenue.

Type III of the vaccine was administered to about 200 people several months ago, but because most of the vaccine was destroyed in shipment, 300 or more who wanted the vaccine did not get to take it. This is a make-up on the number of vaccines that were lost and it is hoped it will be enough to take care of all who want the vaccine now.

Type I and Type II vaccines were administered to more than 1,000 people in this area in 1962.

It will not be necessary for those who have already taken Type III to take another vaccine at this time.

The program is sponsored by the Coleman County Medical Society and the Santa Anna Lions Club. The organizations will be assisted in administering the vaccine by the Santa Anna Parent-Teachers Association. Drs. John D. Murrell and R. W. McMullen are the coordinating committee from the Lions Club and will be on hand to help administer the vaccine.

Everyone who has not taken the Type III vaccine is urged to take advantage of this opportunity to complete their complete series, which is supposed to give most people complete immunization from polio, if they took the other two vaccines. Doctors seem now to

### First Baptists To Begin Revival Soon

Rev. Raymond Jones, pastor of the First Baptist Church, announces a Spring Revival Meeting will be at the church Sunday, March 15 and continue through Sunday, March 22. The visiting evangelist will be the Rev. Hal C. Wingo of San Antonio, a former pastor here.

Rev. Jones said they will have regular services both Sundays. Services during the week will be held at 10:00 a. m. and at 7:00 p. m.

Rev. Wingo pastored the First Baptist Church here about 25 years ago. During the intervening years he has returned here on several occasions to hold revival meetings. He is now retired from active evangelistic work, but served in the San Antonio area as a Home Missionary for a number of years.

A large number of local people remember the Wings and will be happy to welcome them back for a few days.

Everyone is invited to attend all the revival services.

### Plans Made To Re-Decorate Library Club Room

Officers were elected and plans for re-decorating the Library Clubroom were made when the City Library Board met at the library last Wednesday.

Mrs. C. D. Bruce, retiring president, conducted the session. Mrs. Elgean Harris was elected president, Miss Charlotte Moseley, vice president, and Mrs. Tom Kingsbery, secretary-treasurer.

Others present were Mrs. Jess Howard and W. F. Barnes.

### Special Thank Offering At All Adventist Churches

A special Thank Offering will be taken in all Seventh-day Adventist Churches in the Texas Conference this Saturday, in appreciation for the miraculous recovery of Evangelist Dick Barrow. Two years ago Elder Barrow was stricken with what the doctors classified as a terminal illness. He is now completely healed and off all medication.

Barrow, together with other members of his evangelistic group, are soon to open a series of meetings in Dallas. The Saturday offering will help finance these meetings.

favor the Sabin Oral vaccine over the Salk Vaccine, mostly because it is much easier to administer.

No charge will be made for the vaccine. However, those who take it are asked to contribute 25 cents per vaccine to help cover the actual cost of the medicine. Those who are unable to contribute the 25 cents are urged to take the vaccine anyway.

A Pre-Registration form is published elsewhere in this issue of The News. You are urged to cut this form out and have it completely filled out and signed when you come to the feeding station. This will save considerably time and work. The form is designed to take care of a complete family and should be signed by the parent or guardian of minor children. Your cooperation will be appreciated.

### 10 Auto Accidents Investigated In County Last Month

# State Capitol NEWS

Austin, Tex. — Courts are making the news these days. Texas Supreme Court will hear arguments in an important test case which will determine whether holders of paid political offices can run for the Legislature during their present elective or appointive terms.

Truman P. Kirk, Abilene lawyer and legislative candidate, is trying to keep 104th Dist. Atty. Tom Todd off the Democratic ballot. Todd's term as D. A. runs through December 31, although he has resigned effective November 1.

Present office holder is Rep. Allen Glenn of Abilene. Court's decision will affect many local officeholders over the state similarly seeking legislative places this year.

In earlier action the State Supreme Court lost little time in polishing off an attempt to ban, from jury service, all who saw telecasts of the shooting of Lee Harvey Oswald.

High court refused a request, by Jack Ruby's attorneys, for permission to file a petition for mandamus to force Dallas Trial Judge Joe. B. Brown to accept two televiewers as defense witnesses.

A day later the Court turned down another motion for leave to file a mandamus pleading. This was from Leroy Roach of Brownwood. Roach has tried unsuccessfully to get his name on the 64th District ballot as a legislative candidate. Area includes Brown, Coleman, Comanche and Runnels Counties.

Roach's application arrived after the filing deadline, and was not sent by registered or certified mail. So the Democratic county chairmen rejected it.

James M. Bushnell, convicted of robbery in Orange County nearly 20 years ago, finally won a new trial. Court of Criminal Appeals said he was entitled to one under the recent U. S. Supreme Court ruling that every indigent person charged with a felony must have a court appointed attorney. Bushnell had no lawyer at the original trial.

**PARTY LEADERS TO MEET**

Both Democratic and Republican state executive committees will hold meetings here on March 9.

Required business is certifying candidates for statewide primary ballots, selection of party convention sites and the place of May 12 meetings to canvass the May 2 vote.

Scene-stealer at the Republican meeting, however, is the

decision on whether (and how) to hold a presidential straw vote in connection with first primary. The GOP will also get a look at its statewide candidates and hear an address by its only gubernatorial contender, Dallas oilman Jack Crichton.

Both party committees may see a little action, too, on a proposed liquor-by-the-drink referendum, which reportedly is getting some backing from unexpected places.

**FIRE INSURANCE**

Texas cities with low insured fire losses are to be rewarded by lower rates. State Board of Insurance has set new fire insurance rates to take effect April 1.

Property owners in cities with high insurance losses, however, will have to pay more for insurance in the year ahead.

System allows discounts as high as 25 percent from regular rates for property in cities

which have been successful in holding down fire losses. Cities in which high losses have been suffered are charged as much as 15 percent above regular rates.

Board also revised extended coverage rates in the Galveston and Pelican Island areas, and promulgated an optional \$250 windstorm, hurricane and hail deductible applicable to homeowners' policies and standard fire policies.

**APPOINTMENTS ANNOUNCED**

Appointments by the dozens have been announced by Gov. John Connally.

San Antonio lawyer John Peace, a native of Wharton County, was named to the Texas Public Safety Commission, succeeding C. T. McLaughlin of Snyder.

Connally selected three committees — one of 73 members, another of 21, and a third of five.

The five-member group will study development and use of Texas bays. Members are Dr. Carl J. Lind Jr. of Houston, Barry Richburg of Pasadena, Stone Wells of Houston, Charles Sowell of Houston, and John Clegg of Port Lavaca.

Judge Herman Jones of Austin was appointed chairman of the 21-member Citizens Advisory Council on Mental Retardation to help with a new state-federal planning program which will bring a \$30,000 grant to Texas. State Sen. Walter Richter of Gonzales is chairman of the steering committee of the Governor's 73-member Committee on Aging.

**DROP-OUT STUDY**

Texas Education Agency will begin the first of a projected series of five pilot programs for school dropouts in the Corpus Christi School District.

District will work with Earl Martin of TEA in (1) direction and planning of special courses for dropouts; (2) assisting in developing part-time employment possibilities for pupils who need work to stay in school; and (3) organizing a program of consultation to meet the dropouts' needs.

**TOURING TEXANS**

Two Texas tourists got home from Germany with high hopes they have been successful in

interesting Germans in touring Texas.

Sen. Walter Richter of Gonzales and Walter Meyer of San Antonio made the trip as official goodwill envoys. They got to Dusseldorf in time for Meyer to ride in a carnival parade in full cowboy attire. Richter said many German children wear cowboy suits, and they hope to capitalize on their interest in cowboys to perk up Texas tourist business.

**TAX PICTURE BRIGHTENS**

If U. S. Treasury Department slide rule forecasters are right, the federal income tax cut will ease the revenue raising pressure on the next Legislature.

Treasury department officials say the income tax cut will put more money in circulation, which will mean more spending — and thus more sales taxes.

Furthermore, the federal tax cut is seen by state economists as encouraging industrial construction and having "an invigorating effect" on the Texas economy in general.

Overall effect could be to drastically alter the state and local tax picture in 1965.

**NEW SCENIC ATTRACTION**

State Highway Commission,

which has authorized more than \$128,500,000 worth of road construction in the burgeoning Houston area, discovered a new tourist attraction when a Comal County delegation asked for a 13.9-mile farm-to-market road to connect Interstate Highway 35 with Natural Bridge Caverns and Canyon Dam.

There is no road to Natural Bridge Caverns now. But the delegation elicited excitement from highway commissioners Herb Petry Jr. of Carrizo Springs, Hal Woodward of Coleman and Jack Kultgen of Waco when they saw natural color photographs of the "live" formations in the caverns, including some "fried-egg" formations.

Commission approved a proposal to build a 9.6-mile farm-to-market road to serve the new Sanford Dam and Lake area in Hutchinson County.

**SHORT SNOOTZ**

U. S. Sen. Ralph Yarborough has opened Austin campaign headquarters with Emerson Stone Jr., of Jacksonville as his statewide campaign manager.

Don Yarborough, Democratic candidate for governor, also opened a campaign base here, naming Bill McIntyre of Navasota as his state operations manager.

Governor Connally answered State capitol reporters' protest on closed door sessions of his Committee on Education Beyond the High School by saying he doesn't believe in government

secrecy, but he defended the right of the committee to hold private meetings.

State Comptroller Robert S. Calvert reported the state spent \$2,300,000,000 in fiscal 1963, and wound up with a net balance of \$219,300,000.

Atty. Gen. Waggoner Carr said judgments totaling \$493,400 now have been entered against operators of alleged slant-hole oil wells.

Securities Commissioner William M. King reported securities permits valued at \$28,179,411 were issued in January.

Attorney General Carr ruled that a state law (Article 3990) prescribing fees of county clerks is constitutional; but Article 3930-A — covering clerks in counties of 1,200,000 population — is not.

**Jose Rivas Promoted At Howard Payne**

Downwood — Jose Rivas, a member of the Howard Payne College faculty since 1956, has been promoted to associate professor of religious education and Greek, it has been announced by Dr. Forrest Agee, academic dean.

Rivas is a graduate of Seminario Teologico Bautista Torrea of Mexico. He received his B. A. Degree from Howard Payne in 1957 and his M. R. E. degree

Week, in recognition of the abundance of peanuts, peanut butter and other peanut foods.

Heavy production of beef, pork and broilers provides a wide meat choice for family meals. The abundance is reflected in relatively low prices. Low-cost and nutritious menus also receive a boost by the unusually large stock of rice, potatoes and dry beans.

Supplies of canned corn remain in excess of normal needs. Apples in storage on Jan. 1 were nearly 5 million bushels more than a year earlier. And you can count on a record supply of canned ripe olives to provide that extra touch to ordinary meals.

**Radioactive Fallout**

**Its Dangers and Effects**  
By T. G. Hollmig & Boby Riney  
Specialists, Rural Civil Defense  
Agricultural Extension Service

College Station — A nuclear attack could create a serious food shortage in our nation. Therefore, Civil Defense authorities recommend that every family either store or keep on hand a two weeks emergency food supply.

The emergency food supply should be in cans or jars, require no refrigeration and little preparation. They should be foods familiar to the family and be completely edible either cold or hot. The food should be stored in a dry place with a temperature of not more than 70 degrees F. and not below freezing. They can be left in ordinary paper cartons, enclosed in metal containers or sealed in plastic.

Emergency foods should include special foods for babies, foods for special diets and canned foods in sizes that will serve the family one meal. Stored items, which are marked with the date of purchase should be rotated in the regular family meals at least every three months. They can be stored in the regular family fallout shelter or on a convenient shelf or in a basket.

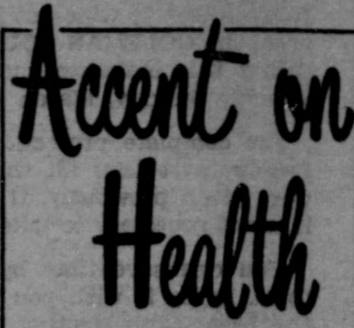

Food doesn't become dangerous unless radioactive particles are mixed with it or get into it. Internal injury may occur if such food is eaten. Radiation passing through food doesn't make it radioactive or unfit for consumption.

Protecting food from fallout is relatively simple and is similar to methods used in keeping out ordinary dust. Any tight cover will protect food from fallout. Processed foods in cabinets, refrigerators and freezers will not be harmed by fallout.

Food kits designed for shelter storage are currently being marketed by a number of commercial food concerns. These

can be used to supplement the regular emergency food supply. For more information on food for a nuclear emergency obtain a copy of "Emergency Food and Water," MP-665 from your local county agricultural agent.

A weekly public service feature from the Texas State Department of Health

J.E. PEAVY, M.D.  
Commissioner of Health

"Just as the twig is bent, the tree is inclined," said Alexander Pope, the English poet.

That's one way of reminding parents of their responsibility for their children's health. During the years children attend school, the school supplements but does not take over the responsibility of the child's health.

What are some of the responsibilities parents have for their children during these important formative years?

A basic responsibility is to utilize available medical help. Children should have a complete physical examination prior to entering school and once a year thereafter to detect and correct conditions which may be minor at the time but may eventually lead to illness or poor health. A growing list of diseases may be prevented by simple immunization.

Accidents rank first as a cause of death among children ages 5 through 14. The most frequently occurring types of accidental deaths are from motor vehicles, drowning, burns, firearms and falls. Parents and school personnel share responsibility for seeing that children learn to recognize hazards and

take ordinary precautions to protect themselves from accidental injury.

Regular visits to the dentist are a must. Permanent teeth begin to appear when the child is about six years of age and are completed around twelve to fourteen. These teeth must last a lifetime.

Vision and hearing may be vulnerable points for your child. Many changes may take place as he grows and develops. Have his vision and hearing screened between age 3 and 5 to detect problems that may exist. Prompt attention can often prevent serious trouble from developing.

And don't overlook a child's eating habits. A good school lunch supplies a child with

about one-third of what he needs. Therefore, it is important that he begin the day with a simple, nutritious breakfast consisting of fruit, milk, cereal, or whole grain bread and an egg several times a week. The evening meal contains the rest of the child's requirements for the day: meat, fish or poultry, vegetables, fruit and milk.

**4-H Members Will Give Demonstration At TSCRA Meeting**

Paul Beaver of Talpa and Jack Horne of Coleman will present their state winning 4-H

beef business demonstration team to highlight the Tuesday morning session of the Texas and Southwestern Cattle Raisers Association's 87th annual convention in Dallas, March 16-18. The demonstration was named tops in the state at the 1963 4-H Roundup at College Station. The team is coached by Ray N. Sims, County Agricultural Agent, Coleman, Texas.

This is the ninth time Dallas has been host for the convention. More than 1,000 cattlemen from areas throughout the Southwest are expected to attend.

**Variety, Abundance Mark March Food Picture**

College Station — Abundance in wide variety is evident in the food picture for March, reports the Texas Agricultural Extension Service.

Featured on the March list of plentiful foods, as compiled by USDA's Agricultural Marketing Service are eggs, peanuts and peanut products.

Also expected to be plentiful — that is, in supply that exceeds normal needs — are beef, rice, broiler-fryers, potatoes, canned corn, canned ripe olives, apples and dry beans.

"Many of these are produced extensively in Texas," the Service explains.

Spring egg production is beginning to peak and March supplies may be above those of a year earlier, with prices lower. Traditionally, March is Egg Month.

Peanut growers and handlers have designated the first week of March as National Peanut

### Are Screwworms Overwintering?

If any screwworms have survived the winter in Texas, they should be appearing soon, say officials of the Screwworm Eradication Program. But it appears that if any did overwinter in the state they are few in number, they add.

The weekly report on the eradication program shows that no cases have been reported in the state during the last two weeks of January, and during the entire month only one case was identified. This compares with 157 confirmed screwworm cases in January, 1963. There were over 62 million sterile flies released in Texas during the last week of January, according to the report.

The biggest problem facing the eradication program during 1964 is preventing the migration of fertile flies out of Mexico into the southwest, the officials say. Since funds are limited this migration must be checked by placing the flies in areas where infestation is most likely.

This is where information obtained from livestock producers becomes valuable. Their reports of confirmed screwworm cases will pin-point areas where sterile flies must be dispersed, and prevent releasing flies where they will be of little benefit.

Because livestock producers are the key to the release of sterile flies they are reminded that the eradication program is not yet over and their cooperation is vital to its success. Producers in counties bordering Mexico are advised that their area will be the first hit by migration of screwworm flies from the south, though help is needed from livestockmen everywhere.

Screwworms are nearly "licked," say the officials. But they solicit continued help from stockmen to finish the job of screwworm eradication.

### Professor Arrested In Russia To Speak At ACC

Abilene - The Yale professor who was arrested by the Soviet Union and accused of spying last November will speak at a history conference at Abilene Christian College on March 13. Dr. Frederick C. Barghoorn, professor of political science and chairman of Yale's Council on Russian and East European Studies, will speak on the subject, "History as It Is Being Written Behind the Iron Curtain."

Also on the program will be a specialist in Latin American history from Vassar College, Dr. Charles C. Griffin. Dr. Griffin's topic at the Abilene Christian College conference will be "History as It Is Being Written in Latin America."

Both Dr. Barghoorn and Dr. Griffin will speak informally at a noon luncheon the day of the conference.

This Association is composed of 17 Nations, and has been in business for three years. Each member nation contributes money to it, and an international board then dishes the money out in the form of loans or gifts. Repayments would go into a revolving fund.

The current target is to raise \$750 million in contributions, with Uncle Sam putting up the

### Two San Angeloans On Governor's Committee on Aging

Austin - Mrs. Louis Gayer and Dr. Lloyd Herberger of San Angelo have been named by Governor John Connally to serve on the 62-member Governor's Committee on Aging.

First established under former Governor Price Daniel, this Committee is charged with the planning, implementation, and coordination of programs concerned with the problems of Texas rapidly growing community of senior citizens.

Working closely with the Commission is a special Steering Committee of 16 members, including legislators, heads of key State agencies, and lay experts in the field of aging. Senator Walter Richter of Gonzalez, chairman of the Governor's Committee, has called a meeting of the Steering Committee for March 13 for the purpose of discussing goals and operational procedures.

Tentative plans call for a meeting of the entire Committee with the Steering Committee in mid-April, the exact date to be announced soon.

"In accordance with Governor Connally's wishes, we will work to set up realistic, attainable programs designed to help Texas' many senior citizens experience independent, meaningful, and healthful twilight years," Richter said. He added that every effort would be made to implement these programs on the local community level.

### Home Economists To Meet In Fort Worth March 6-7

College Station - Texas home economists in Extension, industry, teaching, homemaking and related fields will be in Fort Worth March 6-7 for the annual meeting of the Texas Home Economics Association.

More than 400 members are expected to register for the meeting which will be developed around the theme, "Focus on Families."

Dr. Willa Vaughn Tinsley of Texas Tech, association president, will chair the opening general session. Dr. Edith Alder-

man Deen of Fort Worth will review her book, "Family Living in the Bible," after the meeting of delegates.

The "Texas Home Economist of the Year," whose identity will be revealed during the session will be honored at the March luncheon. Last year's winner was Louise Mason, foods and nutrition specialist with the Texas Agricultural Extension Service, College Station. Carl Lane, Women's Travel Director for Shell Oil Company, will be luncheon speaker.

**Nitia Daniell Circle Meeting Held Monday Night**

The Nitia Daniell Circle of the First Methodist Church met March 2nd in the annex, with Mrs. Lawana Weathers and Miss Virginia Sikes as hostesses. Mrs. Lolette Curry gave an impressive candlelight devotion, before a worship center of white candles and carnations, highlighted by the cross, all symbols of the Easter season. Mrs. Mildred Galloway, Mrs. Wilma Welch and Mrs. Lucille Dean presented the scriptures of "The Cross and the Resurrection" in the soft glow of the candles. The group joined in singing "Beneath The Cross of Jesus" and "He Lives" and were dismissed with prayer.

In the absence of the president, Mrs. Galloway presided over the business meeting. During the social hour the hostesses served refreshments to Miss Pauline Eubank, Mmes. Hettie Scarborough, Faye Mobley, Mary Jackson, Sharon Davis, Lolette Curry, Catherine Markland, Wilma Welch, Lillian Herndon, Lucille Dean, Avis Hays, Mildred Galloway, Margaret Crews, and one visitor, Mrs. Lucille Hensley.

**Chrystene Vance, E. Grady Davis Were Married Saturday**

Mrs. Chrystene Vance of the Vance Golden Hoof Farms, near Shields and E. Grady Davis of the Ace Hi Ranch, Valley Mills, Texas, were united in marriage Saturday, February 29, at 7:30 p. m. in the home of Mr. and Mrs. Claude A. Miller in Coleman. Relatives and close friends were present.

Rev. Claude Weingand, minister of the First Christian Church of Coleman, officiated at the wedding. Mrs. Eary Clary played the traditional wedding music and accompanied Mrs. Charles Castor, who sang, "Love Never Faleth."

Attending the couple were

Mrs. Clyde McClellan of Coleman, Matron of Honor; Kenneth Vance of the Vance Gallo Ranch, Roswell, N. M., Best Man; Johnny Vance, Roswell, N. M., Ring Bearer; and Ruth Castor, Coleman, Junior Bridesmaid.

The bride wore a gold silk dress with gold and bone accessories. The matron of honor chose a beige sheer wool with bone accessories. The wedding corsages were brown cymbidium orchids.

Messes, and Mmes. Clyde McClellan, Jim Gill and L. H. Wilson assisted the Millers with an informal reception immediately following the ceremony.

The table was laid with a gold cloth centered with gold candleabra with brown tapers and an

epergne arrangement of flowers.

Mrs. Robert I. Bowen poured and Mrs. B. B. Nunley served the wedding cake. Mrs. George Robey presided at the register.

Mr. and Mrs. Davis will be at home at the Ace Hi Ranch and at the Vance Golden Hoof Farms. They will continue their Polled Hereford activities in both places.

Mr. and Mrs. Charles L. Castor will actively manage the Golden Hoof Farms.

Mr. Davis is a co-owner of the Prescription House in Waco and will continue his practice of Pharmacy there and his interest in Polled Herefords.

**FHA Chapter Has Regular Meeting**

The regular meeting of the Santa Anna Future Homemakers of America Chapter was held in the high school auditorium Monday, March 2, with the president presiding.

During the business meeting Lawanda Horner told the chapter about the upcoming program, which is to be a covered dish supper. Lynda Rutherford reported on the projects for February and March. The chapter plans a Hobo-Day during the month of March, as a money raising project. Frances Davenport gave a report on the Degree Committee.

Mrs. Cecil Ellis was presented a red rose corsage by the chapter for being the Mother of the Month for February.

Lawanda Horner, Lynda Rutherford, Frances Davenport and Karen McCluskey gave reports on the Area IV meeting, held in Stephenville during the past weekend. Anita Ellis was presented a gift for getting the scrapbook in on time for the Area meeting.

Shelley V. Smith from the West Texas Rehabilitation Center in Abilene, told of the many areas of work being done at the center. He was a delightful speaker and his talk was enjoyed very much.

Refreshments were served by Sonja Neff, Linda Pittard, Barbara and Linda McIntire, Karen McCluskey, Helen Pinson and Leanna Pollock. A number of parents and teachers were present for the meeting.

We can order a rubber stamp for you at the News Office.

**Miss Bettie Blue Honored on Leap Year Birthday**

Miss Bettie Blue was honored with a reception on the occasion of her 19th leap year birthday Saturday, February 29, in the home of a sister-in-law, Mrs. Hardy Blue. Co-hostesses with Mrs. Blue were her daughter, Mrs. Oran Henderson of Snyder, a sister of Miss Blue, Mrs. Tom Mills and her daughter, Mrs. W. C. Spencer of Abilene.

Guests were greeted by the hostess and honoree. A color scheme of pink and white was used at the tea table, with pink flowers and frosted grapes, pink candles and napkins. The white cakes were centered with pink sugar rosebuds. Pink punch was served by Mrs. Harold White of Tatum, New Mexico. The pink napkins were imprinted, "Miss Bettie Blue, 1884-1964."

Mrs. Rex Golston was at the register and Mrs. Jim Harris displayed gifts. Others in the houseparty were Mrs. C. D. Bruce and Misses Ora Beth Henderson of Snyder and Arlene Welch.

About 75 friends called during the visiting hours.

Miss Bettie came to Santa Anna with her family in 1890 from Sardis, Texas, in Ellis County. She graduated from Santa Anna High School in 1902. In 1903, she went to Miles, Texas, and began a short teaching career. She was there two years, then came back to Santa Anna and taught for 2 years. After spending 4 years as a teacher at Sherman, she returned to Santa Anna and entered a business career that continued until she retired several years ago. She was a steward in the Methodist Church in the 1920's, served as a teacher, organist and custodian of the church's records for many years.

**Self Culture Club Has Program On Modern Drama**

A program on modern drama was given when the Self Culture Club met Friday in the home of Mrs. Preston Bailey.

During the business session, Mrs. Tom Kingsbery read the call to the District Convention to be held in Brownwood March 16-17. Mrs. C. D. Bruce reported on the District Institute in San Angelo, at which she was a speaker February 25.

Mrs. J. W. Taylor told of the life and dramas of George Bernard Shaw. Mrs. Byrl Sparkman told the story of "My Fair Lady" and described the play as she saw it in New York. Recorded music of the highlights of the musical drama were played, with comment by Mrs. Sparkman.

Fifteen members were present.

### Lumbermen To Meet In Austin

Austin — (Spl) — The 78th annual Convention and Exposition of the Lumbermen's Association will be held in Austin, on April 11, 12, 13, according to an announcement by M. C. Engel, prominent San Antonio lumberman who heads the Austin based non-profit service association.

Business sessions will be held in Austin's Municipal Auditorium, where also will be located exhibits by suppliers who are expected to display new techniques for using time-tried building material as well as for the introduction of what is new in the building material line.

An impressive list of noted speakers has been secured for the business sessions, according to Gene Ebersole, Executive Vice President. Among these are those well known in the governmental field, whose names are expected to be released as soon as final arrangements have been made.

### Texas Safety Conference To Be Held In Dallas

Austin — The 25th Annual Texas Safety Conference and Governor's Highway Safety Conference will be held March 15-18 at the Hotel Adolphus in Dallas. Quincy V. Tuma of Houston, President of the Texas Safety Association, announced today.

"This year's meeting, celebrating a quarter century of

safety service to Texans, is slated to be the largest in the 25 year history of the conference," Tuma said. "Over 40 sessions, consisting of open meetings, breakfasts, luncheons and banquet functions are to be held during the three-day affair, sponsored by TSA."

Approximately 2,000 persons, including representatives of business and industry, schools and churches, and federal, state and local government agencies, are expected to attend.

### Wildlife Species Plentiful In Park

Tyler — Wildlife is often distinguished from other animal life simply because it is wild. Filling the gap between the two categories is the wild animal that has become tame to the extent of losing its fear of man.

Fort Parker State Park near Mexia supports such a condition in the form of a squirrel family that will allow the student and photographer of wildlife to enjoy nature from a front-row seat.

In one two-acre area in the park gray squirrels, by the dozens, have made their homes, and depend partly on handouts from picnickers and campers for their food.

On almost any day the weath-

er will permit, the families, young and old scamper about on limbs and tree trunks, and across stretches of open ground, searching for food paying little heed to shutterbugs and outdoor observers.

Parks and Wildlife Department officials suggest a park visit as an ideal way for schools and nature study groups to observe, photograph and sketch a usually-shy animal.

### Methodist Youth Basketball Group Organized

The Methodist Youth Fellowship in Santa Anna, Bangs and Coleman has organized a basketball league. There possibly will be one other MYF that will join the league in a few days. To be eligible to be a member of one of the teams, one must be a member of the Methodist Youth Fellowship.

Plans call for the churches to field both a boys and girls team. The champion of the double round-robin schedule will be presented a trophy. Play is scheduled to begin March 17, with the first games scheduled in one of the other towns, due to a revival meeting that will be in progress in Santa Anna.

Admission will be 50 cents for adults and 25 cents for children. All the churches involved feature outstanding players. It is believed you will certainly get your money's worth by attending and watching the games. The complete schedule is to be worked out and announced soon. The local MYF will use their part of the proceeds to help purchase a new piano for the church annex. All are urged to support the local team.

### TRIP TO BANGS A GREAT SUCCESS

An outstanding group of Santa Anna Methodists, 101 strong and forming a caravan that truly was awesome, converged on the Bangs Methodist Church Sunday evening. Rev. Weathers said, "When you stop to consider the illness that has struck us the past two weeks, this was truly a marvelous response. It was a great experience for all that attended."

"This joint service was a fitting climax to the attendance contest by the two churches during the months of January and February. A total of 234 were in the joint service."

"Both churches are pointing toward greater achievements in the immediate future. The optimistic atmosphere which prevailed all during the two-month endeavor and at the joint worship made one realize these two churches are really on the move."

### Welder Claims Beef Agreement Not Much Good

Fort Worth — Lea J. Welder of Victoria, Texas, president of the Texas and Southwestern Cattle Raisers Association, said today that the voluntary agreements negotiated by the Departments of State and Agriculture with Australia and New Zealand to limit imports of meat was a move in the right direction, but is of insignificant benefit to the domestic livestock producer.

In commenting on the agreements, Welder emphasized that cattle numbers in the United States are at record levels with 106.5 million head the official count on January 1 of this year. This was a three percent increase in total numbers over the previous year, but the real measure of beef producing potential, beef cow numbers, increased six percent over last year.

"Not only are the cattle herds in the United States increasing, but cattle numbers throughout the world are showing substantial expansion. The beef markets of the United States are the most accessible and attractive in the world," Welder said. "The voluntary beef import agreements with Australia and New Zealand do not adequately protect domestic beef producers at the present time and provide virtually no assurance that beef imports would not be expanded in the future."

Welder called for positive legislation which would not only reduce the present level of beef imports, but would protect the domestic beef industry from the threat of increased imports in the future.

Mrs. Oran Henderson of Snyder and her daughter, Ora Beth, a student at McMurry in Abilene, spent the weekend with Mrs. Hardy Blue.
