THE AMERICAN WAY

HOW MUCH IS TOO MUCH PROFIT?

By Harry Browne
Editor, Freedom Magazine

The concept of "profit" is taking a beating these days. The word is fast becoming a synonym for "greed" in modern usage.

Even businessmen who defend profits seem to do so on the basis that profits are put to "good" use — that large portions of profit go into community welfare programs and taxes. In other words, profits are justifiable only if put to a "good" use.

What's the truth of the matter? Let's take an example:

Henry Ford made over one billion dollars of profit in his lifetime. This shocks some people.

But how did he get his billion? He developed new production methods that transformed the automobile from a luxury item for the wealthy into a low-cost means of transportation available to all.

Just imagine for yourself where we would be without Henry Ford. What would we do without the millions of cars on the road today? What would happen to our large cities?

Where would you be without your car? And could you afford one if it cost \$10,000?

Now ask yourself: "Would the nation be better off if Henry Ford had been deprived of the opportunity to make his billion dollars — and, in turn, the nation had been deprived of Henry Ford?"

It doesn't matter that others could have done what Henry Ford did. The truth is that no one else did what he did.

And where did his billion dollars come from? Not from a group of politicians who appropriate our money in the name of the "general welfare" — and not from a band of public-spirited citizens who thought the nation needed cars and so passed the hat to collect the money.

The billion dollars of profit came from millions and millions of Americans who decided — voluntarily, each as an individual — that the low-cost car was worth more than the money involved. So each of these Americans contributed \$10 or \$15 apiece to Henry Ford's profit — and received in return a whole new world of transportation convenience.

And there's the profit; profits are received from consumers who freely decide that they too can profit from each transaction. The businessman gets his monetary profit — while the buyer receives a product that he wants to have more than he wants the money involved. Both profit.

Take away the businessman's monetary profit and you automatically take away the profit the consumer receives in increased pleasure and well-being.

Today, profits are being destroyed by confiscatory tax rates and back-breaking federal regulations. When we succeed in taking the government out of our economic affairs, we will all profit in many new ways.

We all profit — and it's justified, not by the use to which profit is put, but because it is a reward for human effort.

How much profit is too much? There's no such thing as "too much" profit — for high profits mean a high standard of living for all of us.

MR. AND MRS. SAM ESTES ANNOUNCE ARRIVAL OF GRANDDAUGHTER

Mr. and Mrs. Sam Estes of Rockwood announce the birth of a granddaughter, born Saturday June 27 at 5 a. m. in an Ennis hospital. The girl weighed 8 pounds and was named Teresa Rae.

Mrs. Alice Petty of Sweetwater is the maternal grandmother. Mrs. Hyatt Moore, age 94, of Rockwood is the paternal great-grandmother. This is the first girl in the family. Mrs. Moore has four grandsons and three great-grandsons, and this very special girl.

CORRECTION

In the article last week concerning the new head coach for the high school, we misspelled his name. It should have been COBERN, not Cobern as it was printed.

When a man finds no peace within himself, it is useless to seek it elsewhere.

Lawanda Horner Named Farm Bureau Queen

Miss Lawanda Horner, daughter of Mrs. Kathryn Horner of Santa Anna, was selected by three judges Friday night as the Coleman County Farm Bureau Queen. She will participate in the District Contest, to be held in Brownwood August 27th.

Miss Horner will be a senior in Santa Anna High School next year.

First runner-up in the queen contest was Miss Lana Edington, daughter of Mr. and Mrs. E. Edington of Burkett. Miss Linda Horner, daughter of Mr. and Mrs. Richard Horner of Santa Anna, was the second runner-up.

More than 300 persons were present for the contest.

Everyone Urged To Use Care This Weekend

Austin — The head of the Texas Safety Association issued an appeal today to Texas drivers to drive with caution during the July 4th holiday weekend.

Quincy V. Tuma of Houston, President of TSA, also called on citizens of the state to include safety precautions in all recreational activities.

"Texas drivers should drive with skill, using caution at all times in the holiday traffic which is expected to be especially heavy this weekend," Tuma said.

He also urged drivers to be courteous — "yield to other drivers when it's necessary for safety, even if you have the right-of-way."

"Caution and courtesy will take you a long way in traffic." In warning citizens of the hazards in recreational activities, the Association President pointed out that over 300 persons drown each year in Texas.

"Parents should keep an eye on children at all times around water tanks, creeks, lakes and even in backyard swimming pools," he said.

Tuma recommends that all boatmen carry U. S. Coast Guard approved life preservers in their boats for each person aboard. He also warned water skiers to use life preservers and to know how to swim before getting on skis.

Tuma emphasized that all accidents do not happen away from home.

"Be just as careful in celebrating at home as in public places. Remember, home accidents such as falls and fires are the leading non-vehicular cause of death in Texas. Some 1,400 persons lose their lives in home accidents each year," he concluded.

Injuries In Home Increase Sharply

During 1962, 4,300,000 persons were injured in home accidents, an increase of six percent over the previous year. Some 110,000 of the injuries resulted in permanent impairment.

According to the Association of Casualty and Surety Companies, these accidents occurred at the staggering rates of one every eight seconds, or 11,500 each day.

To reduce the chances of such accidents occurring, the ASCS recommends that homeowners pay particular attention to keeping backyards free of clutter. Hoses, rakes, ladders and other household paraphernalia should be properly stored away when not in use, rather than left lying carelessly around where people can trip over them.

M. L. GUTHRIE SR. ELECTED TO AMERICAN ANGUS ASSOCIATION

M. L. Guthrie Sr., Santa Anna, has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Glen Bratcher, secretary.

This membership was one of 578 issued to breeders of registered Aberdeen-Angus in the United States during the past month.

Two shrubs, both excellent sources of honey, are called huajillo in the West Texas brush country.

South Third St. Gets Paved

The final part of the paving of South Third Street was completed last week, along with the paving of several short parts of other streets adjoining South Third.

This makes all three main streets going to the south part of town paved, and several blocks in between are also paved.

Santa Anna can well be proud of the large number of paved streets the town possesses. We would venture a guess that no other town of this size has as many paved streets as Santa Anna does. It greatly improves the looks of the town and many visitors are pleasantly surprised to see the fine condition of the local streets.

There is a number of new buildings in progress also. The Telephone Cooperative building is nearing completion and the Low Rent Housing project is well underway. Several new houses are under construction and the new Presbyterian Church is progressing rapidly.

We think all the folks responsible for the new projects are to be congratulated. We are very happy to see all the new activity.

First Methodist Sets Goal Of 100 For Sun. Evening

The First Methodist Church had 94 in attendance at the evening worship service the past Sunday night, as the men got off to a good start in the "Fill the Pew" plan. The goal for this week has been set at 100 for the evening service and is expected to be reached and exceeded.

The men have been equally divided into teams of "East" and "West", and assigned to the two sections of the church. Pew Captains and their assistants will have the responsibility for inviting people to church.

The pastor, Rev. Bobby Weathers, said he expects the goal of 100 to be easily reached, "with the men working as I know they will." He extended an invitation to anyone who does not have a church home to make the First Methodist your Spiritual Headquarters.

Savings Bond Sales Lag In Coleman County

May E and H Savings Bond sales in Coleman County totaled \$5,250 according to Mr. Robert I. Bowen Jr., Chairman of the Coleman County Savings Bonds Committee. This figure represents 26.8 percent of the 1964 sales goal.

Savings Bond sales in Texas for the first five months of 1964 totaled \$63,926,046 which represents 42.6 percent of the state's goal of \$150,000,000.

"United States Savings Bonds, though young in years, already have served four generations of Americans and offer opportunity for generations of Americans yet unborn," Chairman Bowen stated.

HAROLD R. BEARD GRADUATES FROM TRAINING SCHOOL

San Diego, Calif. (FHTNC) — Harold R. Beard, son of Mr. and Mrs. Harold H. Beard of Santa Anna, Texas, graduated June 19 from recruit training at the Naval Training Center, San Diego, Calif.

He learned basic military law, customs and etiquette of the Navy, seamanship, and a basic knowledge of shipboard routine. Also included in the training was extensive military drill, first aid, swimming, water survival tactics and physical fitness.

He will now be assigned to a ship or station or receive additional training at a service specialty school.

GREEN REUNION TO BE HELD JULY 4

The descendants of the late Willis and Mary E. Green will meet for a reunion at the Coleman City Park, Saturday, July 4. A basket lunch will be served at the noon hour.

All relatives and friends are invited.

J. N. Buse Appointed Local Deputy Sheriff

County Sheriff W. J. Smith announces this week the appointment of J. N. (Nick) Buse as Deputy Sheriff for the Santa Anna area. Buse will also serve in the capacity as City Marshal.

Buse will be on call to help the Sheriff's Department at any time the remainder of the staff is unable to take care of the necessary duties. However, he will spend the principal part of his time in and around Santa Anna.

Sheriff Smith said Mr. Buse is completely new to the law enforcement business and it is going to take him some time to get acquainted with all his duties and how to dispose of them. In the meantime the cooperation of the citizens of this area is solicited in helping Mr. Buse become acquainted with the duties.

Buse has a radio installed in his car and will be in constant contact with the county's Sheriff's Department. Anytime his services are needed, you are requested to call the Sheriff's Office in Coleman and Buse or any other law enforcement officer can be dispatched to where the officer is needed.

Buse said he was sure it would take him a while to get accustomed to all the activities required of a Deputy Sheriff, but he would do his best to see that all laws are enforced, and that he would appreciate the help of all area citizens.

Attends Social Studies Conference

Mrs. Mattie Beth Davenport and Mrs. Ruth Dodson, both teachers in the Santa Anna Elementary School, attended the Texas Council for Social Studies Conference at the University of Texas in Austin June 24-26.

The theme for the conference was "The Critical Eye Looks at Social Studies and the Mass Media." The keynote speaker was Hugh B. Patterson, publisher of the Arkansas Gazette. His newspaper won the Pulitzer Prize for its reporting of the Little Rock School Crisis.

The conference took a critical look at all reporting media, including television, films and newspapers.

The ladies had several short visits with Mickey Parker Browning, daughter of Mr. and Mrs. J. W. Parker. She and Mr. Browning were in Austin attending a Social Workers Conference.

July Plentifuls Present Good Food Story

College Station — A good story can bear telling more than once.

And the good story for July — for consumers, that is — is that beef once again is plentiful, says the Texas Agricultural Extension Service.

Record production of fed beef is keeping cattle and beef prices at the lowest in several years. Beef is the perfect choice for July — the "Picnic Month."

Also featured are fresh plums. Forecast of a record-large 110,000-ton California crop should result in large shipments of this fruit into local markets, supplementing local supplies.

Other July plentifuls, as compiled by the U. S. Department of Agriculture's Marketing Service, includes turkeys, early summer vegetables, watermelons, canned pink salmon and vegetable fats and oils.

A ten percent increase in July marketings of turkeys should provide ample supplies of this popular meat. The turkey industry is again celebrating its Summer Turkey Time promotion, this month.

Such vegetables as sweet corn, tomatoes and onions from local gardens will supplement large shipments from distant commercial producing areas.

A three percent increase over last year in watermelon production more than likely will result in prices favorable to the consumer. Most of the increase is due to 6,000 more acres of watermelons being planted this year in Texas.

Stocks of canned pink salmon should remain large, along with huge supplies of edible vegetable oils.

Annual Coleman Rodeo To Begin Next Week

The 27th annual Coleman Rodeo will be staged July 8, 9, 10 and 11 in the dust-free arena south of Coleman. The RCA and GRA approved rodeo is one of the top attractions of its kind in the southwest and annually attracts many visitors to this area.

Night performances only will be held each evening at 8:00 p. m. The show will open nightly with the big Grand Entry that at times has more than 1,000 horses in it. Producer of the show will be the Beutler & Son organization, with their famous

string of rodeo stock. Top professional cowboys of the nation will perform, along with a large number of specialty acts.

Bareback bronc riding, saddle bronc riding, bull dogging, wild bull riding and calf roping will be featured as the five major events. In addition there will be the girl's barrel race and a top match roping event. Jim Bob Altizer of Del Rio and Sonny Davis of Kenna, New Mexico, both top performers, will rope three calves each night during the show.

The great Gene and Bobby Clark will clown and fight the bulls. They will also have two specialty acts. Another specialty act will feature Buff Douthitt, Western Slack Wire and Trick Rope Artist.

Also on hand will be Mr. Allan Bing of St. Joseph, Mo. and his electric organ. He will play all during the rodeo and will begin playing each night 30 minutes before each performance.

During the afternoon parades and during the rodeo, four lovely Texas Queens will be featured. These include Miss Sara Sue Taylor, Queen of the Coleman Rodeo; Miss Sandra Prati, Miss Rodeo America; Miss Becky Crouch, Miss Mohair; and Miss Lynda Rhea Allen, Miss Wool of Texas.

Immediately following the rodeo each evening the annual Rodeo dance will be held in the National Guard Armory, featuring Easy Adams and his Texas Tophands, of San Antonio.

Everyone is invited to come and see the big parades at 5:00 p. m. each afternoon, then see the rodeo that night.

BASEBALL RESULTS

Results of baseball games played last week are as follows:

Minor League
Mets 5, Yankees 4
Mets 2, Chiefs 19
Little League
Dodgers 7, Browns 2
Browns 20, Indians 12
Pony League

Cards 1, Cubs 17
Colt League
Angels 4, Colts 12
Junior Teenagers
Rebels 3, Bangs 11
Rebels 3, Tigers 2
Senior Teenagers
Mounties 1, Robert Lee 3
Mounties 5, Wingate 9

Social Security To Increase Visits To Coleman County

Because of a rather heavy increase in the number of persons filing claims or making inquiries about social security matters in Coleman County, starting in July the social security representative from Abilene will increase his visits to include an extra trip every two weeks in addition to his weekly trip on Monday to afford better service to county residents.

With the continued cooperation of the Department of Public Welfare in Coleman, the social security representative will be at that office every Monday morning and on Tuesday morning July 7 and 21; August 4 and 18, and September 1, 15 and 29. Of course, the office will be closed on Labor Day, September 7.

Girls To Begin Swimming Lessons Next Week

The Santa Anna girls will begin a three week program of swimming lessons Monday, July 6. For the past three weeks the boys have been going for the lessons.

The school bus will leave from the high school at 9:15 a. m. and return at 11:30 a. m. These times are slightly different from the schedule the boys followed.

They will go to The Pool west of Coleman, where they will be instructed in learning to swim. All girls of school age are invited to participate.

Mrs. Bruce Cammack is in charge of the program. Any mothers who can, are invited to help Mrs. Cammack with the program.

Mrs. D. Tucker Appointed M. V. Leader Of Church

Mrs. Duane Tucker has been appointed M. V. leader of the Seventh-day Adventist Church. Duties of this office involve the missionary activities of the church.

The M. V. meetings were set on Friday night, but by church board action were changed to Saturday evening and will serve as vesper services also.

The special M. V. meeting Saturday evening will involve "The Converted Sax", which will prove interesting and inspirational to all.

Eight political parties had candidates in the presidential campaign of 1908.

July Fourth To Be Holiday Here

Most of the business houses in Santa Anna will be closed all day Saturday, July 4, in observance of Independence Day. This is one of the six days during the year selected by the merchants to observe as a holiday.

We suggest you see the individual advertisements to see which stores will be open during the day.

As it will be a holiday for most everyone, we also suggest you make preparations for a long weekend before Saturday. And, if you will be on the highways, be sure to observe all the traffic rules. Drive safely and sanely.

Attend church regularly.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

JULY 3
William Rutherford
E. F. Talley
Roger Jackson, Rockville, Md.
Mrs. Billy Joe Harvey

JULY 4
W. R. Mulroy, Jacksonville
Sam H. Collier
Mrs. R. C. Raney, Lubbock
Mrs. Vernon Penny
Dale Hicks
Clyde Parker
Katie Lee Collins
Mary Anna Collins

JULY 5
Dan Tindol
Mrs. Thomas Wristen Sr.

JULY 6
Leland Thompson
Mrs. Leffel Estes
Mrs. Bob Nixon, Valera

JULY 7
Mrs. Lois Henderson, San Angelo
Mrs. Roscoe Hosch

JULY 8
Grace Ramlerz
L. A. Welch
Mrs. Jack McSwane

JULY 9
Roy Payne
Jack McSwane
Victor Diaz Jr.

Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between July 10th and July 16th.

Rockwood News

Weekend visitors with Mr. and Mrs. Fred Haynes were Mr. and Mrs. John Haynes, Mr. and Mrs. G. K. Stearns and Mr. and Mrs. Jerry Haynes and Debra Row of Coleman.

Build Menus Around Beef

College Station — Cooking is a real challenge. June brides and other beginning cooks are fortunate in having an abundance of that favorite meat — beef — to use in planning menus.

Estimates of June beef production range from 5 to 10 percent above a year ago, says Mrs. Gwen Ciyatt, Extension Service consumer marketing specialist.

Among the best values are beef chuck roasts, ground beef, hams, bacon, lamb, shoulder roast and luncheon meats.

Grade AA and Grade A large eggs offer shoppers the most in quality and food value for the egg dollar. All eggs are low priced in comparison to their food value.

Green beans vary in quality and price but are worthy of your investigation. Sweet corn is featured at attractive prices in many supermarkets. Lettuce quality is improved and prices are lower. Good quality squash, cucumbers, green peppers, radishes, green onions and carrots are available at reasonable prices.

It's the time of year for retailers to move out stocks of frozen foods to make room for the anticipated new season, so watch for good values in vegetables.

Bananas are featured items in some stores this week. Valencia are the leading orange variety. Fresh strawberries are coming in from California. Other fruits available, include cantaloupes, watermelons, pineapples, cherries and apricots.

Hand punches at the News office.

Today's MEDITATION

from
The World's Most Widely Used
Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Galatians 3: 19-29. If the Son therefore shall make you free, ye shall be free indeed. (John 8:36)

When the traffic light fails at a busy intersection, one sees vehicles lined up in all directions. Cars inch forward, no driver sure of what the others are going to do. There are near collisions. Brakes screech. After watching something like this, or being in the midst of this kind of a traffic jam, we complain less about traffic lights.

Freedom in everyday life means adjustment and harmony with rational laws and regulations. It is quite as true in

our relation with God. Living apart from Him may give the illusion of liberty, but such independence really curtails our freedom and self-fulfillment. To come to the best in life, we need the direction and guidance that God gives us through Christ.

We have the greatest liberty in our lives when we walk with God, responding to Him as He speaks to us through His Word and in the urgings of our conscience.

PRAYER:
Father, forgive us rebelling against Thee. Teach us harmony in our spiritual life and poise in dealing with others comes when we are in close relationship with Thee. May we walk with Thee today. In Christ name. Amen.

THOUGHT FOR THE DAY
To come to our best, we need the direction and guidance that God gives us through Christ.

—Willard A. Scofield
(New York)

Although its venom is relatively weak, the South American bushmaster is dangerous because of its size and the quantity of venom it injects.

Good health can't be found in a salesman's bag or a pitchman's persuasions.

Birds, Beasts Being Counted

Game wardens and biologists of the Parks and Wildlife Department are conducting wildlife population censuses over the State. Time-area squirrel counts are underway and turkey gobbler count lines are being run in counties where these species occur. Deer track count lines are also being run in many counties. Biologists are continuing efforts to ear-tag very young fawn deer to collect future data on deer movement studies.

Almost 19 million social security benefits payments are made each month. These benefits are for persons of all ages. Make a mental note of what this lifetime protection could mean to you and your family, not only when you retire, but right now, if you should become disabled or die.

Don't Flub Record Fish

Officials of the Texas Parks and Wildlife Department offer a friendly tip to anglers concerning their fish, caught in either fresh or salt water. They say that a fish large enough to make the record book should never be sacrificed to the frying pan, but often they are. Most anglers will fish for years and never land a fish that will even approach record size, but the occasional "lunker" is sometimes caught, and from

these records are born. The fish should be carefully weighed and measured for reporting to the official keepers of world fish records. This year a carp weighing 74 pounds was bagged, shattering the 55 pound 5 ounce record that was set in 1952. Saltwater records are kept by the International Game Fish

Association, and freshwater records are deposited with the Field and Stream Association, 383 Madison Avenue, New York. Too often, says the Department, anglers fail to measure length and girth, and often record weight without proper witnesses or without thought of officially recording their catch.

**Miss Linda Stanley,
Randy Brown
Exchange Vows**

Miss Linda M. Stanley, daughter of Mr. and Mrs. Cleburn Stanley, became the bride of Randy Brown, son of Mr. and Mrs. William Brown at 7:30 p. m. Friday, June 26, in the First Baptist Church here.

Rev. Raymond Jones, pastor, officiated at the double-ring ceremony.

Miss Linda Pittard served as maid of honor. She wore a street-length dress of ice blue brocaded taffeta and carried a cascade bouquet of blue and white carnations.

Hart Homesley of Dallas, brother-in-law of the bride, served as best man. Ushers were Lynn Dockery, Bill Horne and Donnie Neff.

Mrs. Kenneth Herring, organist, played "Indian Love Call", "Ah, Sweet Mystery of Life" and "Why Do I Love Thee" as a prelude; the traditional wedding march, and accompanied Travis Shelton of Brownwood, who sang "Because", preceding the ceremony.

The bride, given in marriage by her father, wore a dress of white metallic brocade, long

sleeves tapered to points over the hands and a bouffant skirt of white chiffon over taffeta. Her elbow-length veil was attached to a pearl tiara, and she carried a bouquet of white feathered carnations and Hahn's miniature ivy, centered with a white cymbidium orchid, tied with blue velvet ribbon and placed on a white Bible. For something old she wore the veil belonging to Mrs. Kenneth Herring; borrowed were pearls belonging to Mrs. Ben Yarborough; she also wore a penny in her shoe.

The vows were recited before the altar decorated with a massive fan-shaped arrangement of white gladiolas, carnations and asters. Family pews were marked by white carnations and ivy, tied with white satin.

The mother of the bride chose a dress of pink, with white accessories and a white gardenia corsage. The mother of the groom wore a blue lace dress, blue and white accessories and a gardenia corsage.

Immediately following the ceremony, a reception was held in the church annex. Mrs. Ben Yarborough presided at the white leather register and Linda Rutherford and Annetta Blount served punch and cake,

assisted by Mrs. Virgil Newman and Mrs. Clyde Pittard.

The bride's table was laid with a cloth of white lace over satin, draped at each corner with a satin bow. The three-tier cake was on a reflector surrounded by marine ruffling, and milk glass appointments were used. The bride's bouquet, flanked by white tapers in milk glass holders, was centered on an epergne surrounded by ivy. Rice bags of white tulle tied in blue were distributed to the guests.

As the couple left on their wedding trip to Arlington, the bride wore a dress and jacket ensemble in turquoise, with white accessories and the orchid from her wedding bouquet. Upon their return they will reside at 504 Avenue B in Santa Anna.

Both are graduates of Santa Anna High School, Class of 19-63. The bride is employed at White's Variety Store. The groom has attended Howard Payne College, and is engaged in farming and ranching.

BUFFET DINNER

On Thursday evening, Mr. and Mrs. William R. Brown entertained with a buffet dinner in their home, following the rehearsal.

Wednesday evening, June 24, the Young Women's Auxiliary of the First Baptist Church honored Miss Stanley with a candle-light White Bible ceremony, traditional for members of the organization that are to marry. Mrs. B. A. Parker presented the white Bible to the bride-elect, assisted in the ceremony by the Y. W. A. counsellor, Mrs. Richard Horner, and the Y. W. A. president, Earla Buse. Other members of the group, dressed in white and holding lighted white candles during the presentation were: Linda Horner, Lawanda Horner, Linda Pittard, Cynthia Parker, Linda Campbell, Sherry Drake and Velda Cullins.

Following the ceremony, refreshments of punch and cookies were served.

Following the White Bible Ceremony, the Clyde Pittard family entertained with a supper party, honoring Miss Stanley and Mr. Brown.

PERSONALS

Shirley Ogle of Proctor, Texas, is visiting her sister, Mr. and Mrs. Alvin Patterson.

Mrs. Virgie Loudermilk visited Thursday and Friday in Fort Worth with her niece, Mrs. Alton Brewer.

Mr. and Mrs. Burton Gregg, Helen and Joe of San Antonio, spent the weekend with his mother, Mrs. J. J. Gregg.

Mrs. Zell Powers of Pasadena, Mrs. Edith Newsom of Winchell and Susan Kay King of Brownwood were visitors last week with Mrs. Kate Holmes.

Visiting briefly in the home of Mr. and Mrs. W. E. Vanderford Sunday afternoon were his cousin, Miss Joan Vanderford and her sister, Mrs. Alice Peavy of Corpus Christi. They formerly lived in the Shields Community.

Mr. and Mrs. Joe Kimbrough of Waco were here last week visiting their daughter, Hannah Kimbrough, a nurse at the Santa Anna Clinic, who recently

State Capitol NEWS

Austin, Tex. — Traffic accidents will kill 32 persons in Texas over the three-day July 4 weekend, if Texas Department of Public Safety estimates prove correct. DPS Director Homer Garrison Jr. urges Texans to make the July 4 holiday weekend the turning point away from a two-year upward trend in fatal traffic accidents.

Garrison describes the present traffic situation as "critical." "Operation Motorcade" will be in effect from 12:01 a. m. on July 3 through Sunday, July 5, he announced, "in an effort to focus public attention on added hazards of holiday road traffic and to encourage safety consciousness among drivers."

Additional highway patrolmen from the license and weight and motor vehicle inspection services will supplement the regular patrol staff over the holiday period.

NEW AUTO INSURANCE RATES SET

Texas automobile owners will pay less for auto insurance beginning August 1.

State Insurance Board and industry spokesmen agreed on the new rates, which will average out 1.2 percent cheaper statewide than last year.

Board estimated motorists will save \$3,000,000 in premiums compared with 1963. However, rates will vary from area to area.

Liability insurance rates reflect a statewide increase of 3.8 percent, and medical payment coverage will increase about 8.7 percent. Collision coverage will be reduced 5 percent.

Overall reduction in rates is due primarily to a 15.5 percent cut in comprehensive coverage, due to low wind and hail storm damages last year.

LAWMAKERS FACE TOUGH JOB

An already "tough" job faced

by Texas lawmakers in the 59th Legislature will be complicated even more by "issues of high emotional content," Lt. Gov. Preston Smith feels.

These issues, according to the lieutenant governor, include: proposals to legalize parimutual betting on horse races, sale of liquor by the drink in eating establishments, control of oyster shell dredging on the Gulf Coast, an oil and gas "pooling" bill, further controls on water pollution, repeal of the poll tax and another proposed constitutional amendment to guarantee equal rights to women in property and business management.

"The Legislature will need a combination of many virtues if it disposes of all the important and controversial legislation laid before it," Lt. Gov. Smith told approximately 250 mayors and councilmen gathered in the capital city for an institute on municipal problems.

Three major "musts" confront the Legislature next year, Smith said. These include: deciding the future course of higher education, financing education and "other vital state functions," and congressional and legislative redistricting.

Legislators are busy with maps and population tables, trying to see how the new court rules on legislative apportionment affect them. One plan in general circulation involves the Texas Senate. It envisions slicing up the four big-city counties of Harris, Dallas, Bexar and Tarrant and attaching the slices to present senatorial districts which touch them.

This plan would give all present senators except two a chance for re-election, if they can get the votes in the portions of the big cities assigned them.

EDUCATION STUDY GROUP
Gov. John Connally got a look at tentative recommendations of his Committee on Education Beyond the High School. But disagreements over financial details prevented the report from being a final one.

Committee members will meet again on July 13-14 to finish the job. Chairman H. B. Zachry promised the report will be presented to the Governor and Legislature by the August 31 deadline.

Lawmakers of the 58th Legislature appropriated \$175,000 for the study aimed at pointing the way to number 1 ranking for Texas colleges and universities. Less than half that amount has been spent to date.

INDIAN SETTLEMENT OUT
Cherokee Indians, run out of East Texas in 1839 by a Republic of Texas army, have failed in an attempt to "recapture" claims to lands they were forced to leave.

Atty. Gen. Waggoner Carr gave the "no" sign to proposed settlement of their claim to 2,500,000 acres of land in Smith, Cherokee, Van Zandt, Gregg and Rusk counties.

Cherokee Indian Nation, through general counsel, Earl Boyd Pierce, several months ago proposed that Governor Connally set up a historical fact-finding commission to review the claims.

For each acre of land the commission might find the Indians were unjustly ousted from, Pierce recommended one dollar be allocated by the state

to a trust fund for higher education of worthy Cherokees. This money would draw five percent interest annually, and at the end of 25 years, the Cherokees would return the corpus of the fund to the state, releasing all claims.

Atty. Gen. Carr included: the plan of settlement would require an unconstitutional appropriation by the Legislature, therefore, neither he nor the Governor is authorized to pursue it.

FUNDS ASKED
Officials of the Attorney General Department have asked for more funds to prosecute cases involving slant-hole oil wells and Billie Sol Estes.

They reason that judgments already awarded in the suits have brought the state \$577,000, or \$3 for each \$1 spent.

In 1963 the Legislature provided \$82,000 to handle these suits in fiscal 1964 and 1965. Now, the department wants \$100,000 for 1965 and 1967.

HILL-BURTON REQUESTS

Texas cities which have requested a total of \$22,000,000 worth of Hill-Burton funds to finance community hospitals and health centers will have to wait until September for any action from the State Health Department. Even then some of

them will be turned down. Health Department won't decide which among the 39 projects to recommend until congressional action on renewal of the act is complete in September.

Hill-Burton allocation for Texas in past years has run just over \$13,000,000 for a year. Health department officials do not think it will be any more this year.

SHORT SNORTS

Parks and Wildlife Department will open bids on July 1 for concession rights on the new Port Lavaca fishing pier.

Program for tracing brucellosis and qualifying for certification by backtagging is picking up, with 8,500 cows and culls backtagged in May plus the testing of 22,166 cattle at livestock markets, but current estimates are that Texas won't qualify for Modified Certified status until 1969 or 1970.

Fourteen cases of undulant fever have been reported to the State Health Department this year, compared to seven cases reported by this time last year.

UT's Bureau of Business Research reports Texas building declined to a new low for 1964 during May, but retail sales rose seven percent above the

year's low in April. Parks and Wildlife Commission will consider regulations for fishing and hunting in 152 regulatory authority counties on July 10.

Texas Highway Department has appropriated \$1,500,000 for installing safety devices on the highway system during 1964-65.

Extension Names Specialist In Civil Defense Engineering

College Station — W. M. Lyle on July 1 will become a civil defense specialist on the headquarters staff of the Texas Agricultural Extension Service.

In making the announcement, Extension Director John E. Hutchison said, this is a new position and the specialist's responsibilities will be primarily in the field of agricultural engineering as applied to civil defense.

The director added that Lyle would provide engineering assistance to livestock and crop specialists including educational materials on shelter facilities design and construction, protection of water and feed supplies, de-contamination procedures, stand-by power equipment and maintenance and rehabilitation

procedures. He will also establish lines for a shelter survey vice for rural counties and with other groups including county civil defense directors as well as Extension personnel on the county, district and state levels. He is one of six in the nation named under a pilot program and the only one in the southwest, the director said.

Attend church regularly.

Q and A YOUR SAVINGS BOND QUIZ

It has been suggested that we look into Savings Bonds as a means of building an education fund for our two-year-old son. How does this work?

Very simply. If you begin investing \$37.50 each month in a \$50 Series E Savings Bond for your son, he will have a fund worth \$9,713 when he reaches age 18 and is ready for college. If you could step up this investment program to \$56.25 each month — the price of the new denomination \$75 bond — his fund at age 18 would be \$14,570. By purchasing these bonds in the name of your son — listing either parent as beneficiary — and filing a Federal income tax return for him declaring his interest earnings to be on an accrual basis, he probably would be able to apply the full value of his bonds, undiminished by tax, to his education.

I own a number of Series E bonds bought during the 40's and 50's. Would it be to my advantage to cash them and put the money into the current issue E bonds which pay 3 3/4 percent interest?

No, for more than one reason. First, no Series E bond now outstanding, regardless of issue date, is earning less than 3 3/4 percent from now until next maturity. And this is based on its present value. Second, if you cashed in your older bonds, you would be obliged to report the gain in value for income tax purposes during the current year, thus reducing the amount available for reinvestment in newer bonds.

Is it necessary that I keep a separate list of the serial numbers of my Savings Bonds in order to have them replaced should they be stolen or destroyed?

Not necessary, but certainly advisable since being able to supply the numbers of any such bonds would facilitate establishing your identity as owner of the bonds. But this is not essential to having any lost, stolen, or destroyed bonds replaced.

4-H OFFERS SCHOLARSHIPS TO AGRI-SCIENCE STUDENTS

SPECIAL — College graduates with degrees in the agricultural sciences are being sought by agri-business. Our West coast firm is launching a recruiting program "to entice young people into following agri-science careers."

This company also encourages students to major in agronomy, entomology, plant pathology, horticulture and related courses by annually offering two scholarships of \$800 each to college sophomores. They cover the areas of crop production and protection.

One of the qualifications for the grant is that the young man or woman must have been a 4-H Club member for at least three years. The scholarship donor is California Chemical Company, Ortho Division of San Francisco.

"Talented young people will be needed in increasing numbers," said Dr. M. H. McVickar, California Chemical's manager of agronomy, "so we may continue to enjoy the prosperity which starts with economic food production."

An East coast manufacturer is equally interested in attracting young people to agricultural careers. Homelite, a Division of Textron Inc., Port Chester, New York, offers four scholarships of \$1,600 each to former 4-H'ers who will major or minor in for-

estry. These scholarships are available to college freshmen.

In pointing up the need for continuing to develop agricultural sciences, Dr. Daniel G. Aldrich, internationally known agriculturist and educator at the University of California, said:

"If this well fed continent were called on to support its people with the tools of a century ago, we could very well rival India and China in poverty and human suffering."

He pointed out that Americans have the best food available at bargain prices. Russian and Japanese families spend about 50% of income on food compared to an average of about 23% in the United States.

Population in this country is expected to double by the year 2,000. Education, science and industry will have to surpass its present efficiency to feed, house and clothe the 400 million men, women and children, say the scientists. It is predicted that the size of our agricultural land will shrink to about 1.5 acres per capita.

The national 4-H scholarship program is administered by the Cooperative Extension Service and the National 4-H Service Committee. More information can be obtained from the State 4-H Club office or from the county extension office.

National Farm Safety Week, July 19-25

"Safer American Families Everywhere" is the theme for National Farm Safety Week. President Lyndon B. Johnson in a special proclamation has designated the week of July 19-25 as the period when all persons, especially those working agriculture, should unite in a strong and purposeful effort to reduce rural accidents.

"Notwithstanding the fact," said the President, "that hundreds of thousands of volunteer leaders and members of rural organizations actively participate in community, state and national safety programs which have proved effective in reducing the number and rate of accidents among farm residents, accidents still cause thousands of deaths and nearly a million disabling injuries to farm people each year. This loss of human and economic resources causes a significant adverse impact upon the economy of the nation and must be viewed as a matter of national concern."

"I feel that the many public spirited persons responsible for past and present farm safety efforts should be commended for their notable achievements and that these efforts should be

The News, Santa Anna, Texas, July 2, 1964

Page 8

given renewed public recognition and support. In addition, I urge that vigorous new efforts be made to eradicate, insofar as feasible, all of the reasonably foreseeable causes of farm and rural accidents. Accomplishment of that objective should be the goal of National Farm Safety Week, 1964."

and adult programs will also participate and cooperate with other organizations, agencies, groups and individuals in calling public attention to the need for more intensive efforts to prevent farm, home and rural highway accidents.

Whon News

By MRS. TOM RUTHERFORD

Mr. and Mrs. Aaron Avants were in Christoval Sunday attending the Avants reunion, consisting mostly of Mrs. Mary Avants and the late Mr. Tom Avants' children. Mrs. Aaron Avants reported all of Mrs. Tom Avants' children, grandchildren and great-grandchildren were present, with the exception of one grandson. Mr. and Mrs. Aaron Avants had all their children and grandchildren present and Mrs. John Avants of Coleman and two of her sons, Austin and Thurston Avants, of

San Angelo were present. The Avants reunion is an annual affair at Christoval.

Mr. and Mrs. C. A. Perkins of Mansfield were weekend guests with Mr. and Mrs. Floyd Morris. The group visited with Mr. D. T. Perkins at Bangs. We are sorry to report Mr. Perkins is not feeling so well.

Loyd Rutherford and Rocky Rutherford of Coleman were Sunday guests with Mr. and Mrs. Tom Rutherford and Lynda.

Jamie Lee Morris is with his brother, Mr. and Mrs. John David Morris in Coleman, and has employment there. Ricky Burkett returned to his home in Dallas Friday, following visiting several weeks with Jamie Lee.

Mr. and Mrs. Wimpy Watson of Waco are here on their farm this week. They are being joined here by their son, Mr. and Mrs. Gene Sherrod and children, formerly of California. Gene is in the service and is in the process of being transferred to Tennessee. They will be here several days. Janice Sherrod visited with Lynda Rutherford Monday afternoon.

Mr. and Mrs. Zack Bible attended the Bible reunion in Brady Sunday. Mr. and Mrs. Sherry Bryant came by for them enroute to Brady. Mrs. Bible reported a nice crowd and a wonderful day of visiting and an abundance of food.

Jamie Lee Morris visited with Tom Durden in Brownwood Sunday. Tom is home on a few days leave from boot camp.

Mrs. Ella Turney of San Angelo visited in the Tom Rutherford home Sunday enroute to visit Mr. and Mrs. Bert Turney, where she is spending a few days in the Turney home. She will soon be leaving to make her home in California.

Mr. and Mrs. John David Morris, Mrs. Floyd Morris and Jamie Lee were Saturday night supper guests with Mr. and Mrs. Joe Floyd Morris in Brownwood.

Mr. James Avants and son, Jimmy, visited his parents, Mr. and Mrs. Aaron Avants Saturday afternoon.

Congratulations to Linda Stanley and Randy Brown, who were married Friday night in Santa Anna at the First Baptist Church. Linda is the daughter of Mr. and Mrs. Cleburn Stanley of our community. Randy is the son of Mr. and Mrs. William Brown of near Santa Anna. The young couple will live in Santa Anna.

There are many preparations that will relieve the "miserics" of a cold to some extent, but none can truthfully be represented as a cure.

4,320,100 persons received \$262,766,000 in Dec. 1963 monthly benefits as survivors of those insured under social security.

Cleveland News

By Mrs. Sid Blanton

Those donating to the Cemetery Fund last week were: Bill Williams, \$5.00; H. W. Cupps, \$10.00. The cemetery will be cleaned this week.

Mrs. Helen Engel and Gary of Thayer, Kansas, visited with Mrs. William Cupps Thursday of last week. She will be remembered as Helen Gary.

Mr. and Mrs. Jimmy Reid and children of San Antonio visited last week with Mr. and Mrs. Dick Baugh and Nancy. The children remained for a weeks visit. Mrs. J. C. Bible and Jamie Joe visited with the Baughs on Sunday.

Mrs. Loyce Myers and Connie of Andrews spent the weekend with her mother, Mrs. Nora Blanton. They attended the baseball game between the Mounties and Wingate Saturday night in Santa Anna.

Mr. Elmer Cupps visited Tuesday in Odessa with his daughter, Mrs. Jean Cox and family.

Mrs. Clara Cupps visited with Mrs. Tony Watson last Wednesday afternoon.

Doyle and Dickie Williams, who are here visiting their grandmother, Mrs. Nora Blanton, spent Monday night with Mr. and Mrs. J. E. Williams in Santa Anna.

Mr. and Mrs. J. E. Williams in Santa Anna.

Rodney Sikes and his little brother, of Brownwood spent several days with their grandparents, Mr. and Mrs. C. W. Fleming.

Mr. and Mrs. Dick Baugh and Nancy visited in San Angelo on Saturday night with Mr. and Mrs. Max Nixon.

Sunday afternoon visitors with Mr. and Mrs. Casey Herring were Mr. and Mrs. Jimmy Schulle and children and Mr. and Mrs. R. W. Cupps.

Mrs. Nora Blanton visited with Mrs. Willie Williams Friday evening. Dickie and Doyle spent several days with Mr. and Mrs. Williams.

Richard Wells of Trickham spent the weekend with Mr. and Mrs. Darrell Cupps and family.

Out of town visitors over the weekend with Mrs. Jewell Powers were Mr. and Mrs. Leonard Russell, Mr. and Mrs. Frank Russell of Crane, Mr. and Mrs. Gene Johnson, Vicky, Layne and Tommy of Irving, Mr. and Mrs. Elgean Gilliam and Dale of Abilene.

Weekend visitors with Mr. and Mrs. John Howard were Mr. and Mrs. Joe Morrow, Jaye and Paul of Glen Rose, Mrs. J. D. Morrow and Mackey of Melvin,

TAX MAN SAM SEZ:
 Most taxpayers received more money in their pay checks when Congress cut the withholding tax rate earlier this year. How much tax you will owe next April 15 probably depends on the records you keep now, rather than the amount withheld. Keeping good records is still the surest way to pay less.
