VOLUME LXXVIII

SANTA ANNA, COLEMAN COUNTY, TEXAS, THURSDAY, OCTOBER 22, 1964

NUMBER 43

Point Rows

LOST AND FOUND DEPARTMENT: Although we have not yet been able to find the owner of the "small and short and black and brown with one foot" dog for Mr. Ricky Murray, we have been successful in returning to their proper owners a couple of items. For one, the owner of the false teeth found by Mrs. H. B. Monroe in her backyard, as reported in this column several weeks ago, has been found. We received a letter Sunday before last from J. B. Cope, of Coleman, inquiring about the teeth. We contacted Mrs. Monroe, found she still had the choppers, then called Mr. Cope. He came with great haste (he'd probably been living on soup for the last six weeks), and a touching reunion was held. Mr. Cope explained that while riding around in Santa Anna, he found his lower plate becoming a little uncomfortable, so he took it out and laid it on the seat beside him. When he looked later, the plate was gone. His small grandson then informed him that since the teeth had been hurting him, the grandson had thrown them out the window. And they apparently landed in Mrs. Monroe's backyard.

We also found the owner of the photo of the two bearded gentlemen we published some weeks ago. Mrs. Mildred Cammack came in to claim the picture, reporting that it belongs to her mother, Mrs. T. L. (Addie) Huggins. Mrs. Huggins recently entered the Santa Anna Hospital nursing home, and when her belongings were being packed, apparently the photo fell by the wayside. One of the bearded boys in the picture is John McHorse, an early settler hereabouts, and the identity of the other is still unknown.

We think we have come a long way from the times, centuries ago, when children were executed for crimes. That is, until we read, as we did the other day, of one of our states sentencing a 15 year old boy to the electric chair.

It makes you wonder how far we've really come.

Have you heard about the latest attack on the poor, commercial-laden American public? Some brilliant character got the idea of putting commercials on jukeboxes. The idea is catching on, and soon you may drop a coin in the music box, listen to your selection, and then be regaled with the praises of some toothpaste or grocery store.

This could drive people back to listening to radio.

The moray eel gets large enough for the circumference of its body to be the same as that of a man's waist. They get to be six feet long or longer, with teeth an inch and one-half long. Sounds like some Internal Revenue people we know.

We had a call the other day from the gentleman on the San Angelo paper who compiles the "Coffee Break" column in that journal each and every day. He asked us to please start writing some more columns, other than those listing attendance at homecoming, so he could pick up items therefrom for his column, which is a lazy way to write a column, if you ask us.

Actually, it is sort of nice to feel needed.

Texas now leads the nation in miles of new interstate highway open to motorists, with 1,357 miles. Secondplace New York has 857 miles open, and thirdplace California trails closely with 843 miles.

A local West Texan, strictly from the boondocks, wandered up to the ticket office of the Santa Fe depot the other day. "I've got a job playin' guitar with a hillbilly band in New York," he explained to the agent, "Kin you fix me up for to get there?"

"Sure can," said the agent, "We'll sell you a ticket, and then flag the train. But where's your suitcase?"

"Suitcase?" asked the puzzled Texan, "What's a suitcase for?"

"To put your clothes in," explained the agent.

"What?" explained the scandalized Texan, "And me go nekkid?"

Dr. Stanley Rudisaile, New Santa Anna Dentist, Plans To Open Office Soon

Work is progressing on the conversion of the old Coleman County Telephone Cooperative building into modern offices for Dr. Stanley D. Rudisaile, Santa Anna's new dentist.

Dr. Rudisaile moved into his new home, at 1005 Avenue A, Wednesday, and expects to have his office open for practice in seven to 10 days.

The new dentist grew up in Jefferson, Texas, where his parents still live. He attended Southern Missionary College, and the University of Missouri dental school, graduating in 1961.

Dr. Rudisaile spent a year in hospital internship, then joined the US Public Health Service, fulfilling his Selective Service obligation by serving one year at the National Institute of Health, Bethesda, Maryland, and one year at the Chillicothe Indian School Health Center, Chillicothe, Oklahoma, where he was officer in charge of the dental center.

Mrs. Rudisaile — Carole — is a registered nurse, a graduate of Madison College, Madison, Tennessee.

The Rudisailles have one child, a son, Lee, 20 months. Another child is expected this coming January.

DR. STANLEY RUDISAILE
New Dentist For Santa Anna

Santa Annan Helps With Baptist Student Program

One hundred and eleven students from Howard Payne College attended the 45th Texas Baptist Student Convention in Waco, reported James Shields, HPC director of religious activities.

"When Students Worship God" was the theme for the convention, held October 9-11 at the Seventh and James Street Baptist Church, Waco.

Jerry Crossland, of Duncanville, president of the Howard Payne Baptist Student Union, spoke to the group of 2,000 students on the summer mission program and participated in the social meeting for BSU presidents. Douglas Underhill of Haverton, Pennsylvania, president of the HPC Student Association, took part in a seminar for student association presidents.

Students from Howard Payne assisting as ushers for an evening session included Don Ruthertford, of Santa Anna.

Cullen Perry To Attend State Teachers Meeting In San Antonio, October 22-24

Governor John Connally will be the main speaker at the opening session of the Texas State Teachers Association annual convention Thursday night in San Antonio's Municipal Auditorium.

Connally's address at 8 p.m. will open the 86th annual convention of the 90,000-member teachers' professional organization. The three-day meeting (October 22-24) will conclude Saturday with a House of Delegates session.

An estimated 8,000 teachers will be in San Antonio for the convention, over which TSTA President Elizabeth Little, a first grade teacher in Corpus Christi, will preside.

Attending from the Santa Anna Independent School District will be Cullen Perry, District Superintendent.

Registration will begin at 1:30 p.m. Thursday in the auditorium. Almost 100 exhibitors of school equipment and

services will display their wares Thursday afternoon and all day Friday.

The Friday morning general session will have two outstanding speakers. Dr. A. D. Holt, president of the University of Tennessee, will speak first, followed by Dr. Lois Edinger, of the University of North Carolina, president of the National Education Association.

Fred Waring and his Pennsylvanians will be the musical attraction for the Friday evening entertainment session in the auditorium. A reception for the TSTA president, Mrs. Little, will follow in the Gunter Hotel.

A convention highlight for many teachers is the series of section meetings Friday. Thirty of these small groups will concentrate on specialized fields such as foreign languages, vocational education, guidance, science, music, elementary principals, secondary principals, and many others. The Texas Classroom Teachers Association, the largest TSTA affiliate, will hold its annual breakfast meeting Friday at 7:30 a.m. in the Granada Hotel. Numerous other related organizations and committees will meet during the convention period.

The House of Delegates business session Saturday at 9 a.m. will end the convention. Almost 900 official delegates — one for each 100 TSTA members in the 13 TSTA districts covering the state — will make up this group.

A proposal to remove racial restrictions on TSTA membership will be one of the major items before the delegates. This is in the form of an amendment to the association's constitution.

At present TSTA membership is open to "any white teacher or other white friend of education." Under this provision almost 95 percent of the white public school teachers in Texas are TSTA members.

The suggested change in eligibility would open membership to "school related personnel holding certificates or qualifications appropriate to their respective duties." This removes the word "white" and takes a step toward stronger requirements for membership.

Eleven of the 13 TSTA districts approved, in principle, this revision last spring.

Delegates are expected to reaffirm a legislative program adopted last year. The main plank of this program is a \$45 per month increase in the minimum salary for teachers. This request is to be presented to the Texas Legislature when it convenes in January.

Dr. W. R. Carmichael, professor of education at Sam Houston State Teachers College in Huntsville, will be announced at the House of Delegates as successor to Mrs. Little as TSTA president. Also, Miss Harriet Griffin, coordinator of guidance, testing, and visiting teacher services for Fort Worth public schools, will move into the vice president's post. Carmichael and Miss Griffin were the only candidates for these offices in an election held in local schools earlier this month.

TEC Plans Labor Survey In Coleman County Soon

The Texas Employment Commission is going to conduct a labor survey in Coleman County in the near future. This survey will benefit the people of the county in several ways, according to J. C. Moore, who will be in charge of the operation here.

The survey will be compiled into an extensive report on the labor market in Coleman County, to be used in attracting new industry to this part of the state.

The survey will offer all services of the Texas Employment Commission to workers of Coleman County, including placement, counselling, and testing.

The survey is being conducted with the cooperation of the

chambers of commerce of both Santa Anna and Coleman. Ford Barnes, secretary of the Santa Anna Chamber of Commerce, urged all persons in this area to cooperate fully with this survey.

Exact times for the operation of the survey have not been set, but plans are now for the work to begin during the first week in November. Headquarters in Santa Anna for the TEC team that will conduct the survey will be in the Lions Club building, on Wallis Avenue.

A mobile team of interviewers and counsellors will staff the headquarters. Among the services offered to workers in the Santa Anna area include registration for work, aptitude and proficiency testing to determine the type of employment for which the person is best qualified, state labor market information, and job placement.

Moore said that the team wished to interview all persons in the area over 16 years of age who are not working, who are considering changing jobs or want information about doing so, who want to know about fields of employment for which they are best qualified, and those who have not worked before, such as students just entering the labor market.

An important part of the services offered is the aptitude and proficiency testing. Moore noted that many people go through life without knowing the employment field for which they have the greatest natural talent. These tests show the types of employment in which each person should do best. There is no charge for this testing, and it is only one of the several services offered by the TEC team.

In addition to assisting the individual worker to find employment, or to find out the type of employment for which he is best suited, the survey team will acquire valuable data about the available work force in Coleman County, data that will be compiled in a comprehensive report on the labor market in the area, and made available to industries considering Coleman County as a possible site for location. This will be an important tool in getting new industry for Coleman County, Moore said.

Dates and times the Santa Anna office will be open will be announced later, according to Moore.

Local Beagles Win Honors At Austin, San Antonio Shows

Five Santa Anna entries brought more honors home to the Mountain City from the American Kennel Club licensed all-breed dog shows in Austin, Saturday, October 17, and San Antonio, Sunday, October 18.

All together, the four dogs from Santa Anna's Rio POCO Kennels entered in conformation (show) competition won eight firsts in class, three Best of Winners, four Reserve Winners, one Best of Variety, and two Best of Opposite Sex ribbons. Rio POCO Pancho, big winner for the local kennels in the two shows, picked up four of the fifteen points required for the title of "champion" at Austin and San Antonio.

In addition, another Rio POCO beagle, Lady Alice Patience, making her first appearance obedience trial competition, scored 175 out of a possible 200 points at the Austin show, winning one of three "legs" toward the obedience trial championship.

Next show for the local dogs will be in Waco, November 22. Lady Alice Patience will compete in an obedience trial in Dallas during November, and two other Rio POCO Kennel beagles, Williamson Dottie and Ashcraft's Squaw Baby, are entered in beagle field trials in Bryan and Waco during the coming weeks.

Lawanda Horner To Represent County In Farm Bureau Competition

A Coleman County girl will represent 17 counties in this area in the state finals of the 1964 Texas Farm Bureau queen contest November 9 in Houston.

She is Lawanda Horner, 17, daughter of Mrs. Carson Horner, of Santa Anna. Miss Horner was selected District 7 Farm Bureau queen in a contest held August 27 in Brownwood.

At the state contest, which will be held in conjunction with the 31st annual convention of the Texas Farm Bureau, Miss Horner will compete with 12 other district winners for the state title. The winner will receive \$500 to cover expenses for herself and a matron escort attending the American Farm Bureau Federation convention in December in Philadelphia. In addition, all district queens will receive expense-paid trips to the state convention and will be presented beautiful wrist watches.

As a student in Santa Anna High School, Miss Horner has been an officer in FFA, a member of the National Beta Club and FTA, parliamentarian of the student council, a member of the marching and stage bands and of the Interscholastic League One-Act Play cast. She received the History Medal and

also won the county Farm Bureau Talk Meet contest last year. A member of the First Baptist Church, the TFB queen finalist sings in the choir and is a member of the church's Young Women's Auxiliary.

Adventists To Hold Clothing Sale Here

Clothing made by the Pennsylvania Dutch will be offered for sale to the public at the Ranger Station on Saturday night, October 24, at 7:30 p.m. Proceeds will benefit the welfare organization of the local Seventh-day Adventist Church. Popcorn, cookies and punch, prepared by the Church ladies, will also be sold at the gathering.

A style show, to be held in connection with the sale, will include clothing for every member of the family. This well-made collection of clothing must be seen to be fully appreciated. Every piece is guaranteed.

The public is cordially invited to attend.

Mr. and Mrs. L. R. Bilibrey and Mrs. O. L. Bilibrey attended the 50th wedding anniversary of Mr. and Mrs. Pearl Shipman at Priddy on Sunday.

City Water Pipes Being Cleaned; Water To Be Shut Off During Work

A company from Dallas, the Industrial Pipe Cleaning Company, is currently involved in

cleaning out the water pipe system of the city of Santa Anna, according to Mayor Ford Barnes.

Area Soldier In Large Maneuvers

Private First Class Jimmy R. Hunter, son of Mr. and Mrs. Jim E. Hunter, of Bangs, participated in prestage exercises at Camp Leesburg, South Carolina, in preparation for Exercise AIR ASSAULT II, a month-long maneuver to be conducted in the tristate area of Georgia, North Carolina and South Carolina, from October 14 to November 12.

Hunter, and other members of the 503d Military Police Battalion, received training as neutral forces which will provide administrative support and technical assistance for the combat forces.

The AIR ASSAULT II exercise area will cover 4.5 million acres of privately-owned land. The purpose of the field problem is to determine whether advances in light aircraft capabilities and new technology can be employed to improve battlefield mobility and combat effectiveness of US ground forces.

Hunter, a policeman in the battalion's Company A regularly stationed at Fort Bragg, North Carolina, entered the Army in January 1964 and completed basic training at Fort Polk, Louisiana.

The 21 year old soldier is a 1960 graduate of Bangs High School.

LaQuinn Cooper On Annual Staff

Appointments to the staff of the 1964-65 Grassburr, official yearbook for Tarleton State College, have been announced by John Whiting, yearbook sponsor. They include LaQuinn Cooper, of Rockwood, one of two club editors.

Santa Anna FFA Holds Regular Meet

The Santa Anna FFA chapter held its regular meeting, Thursday, October 15. Two items of business were on the agenda. Linda Horner was chosen FFA Sweetheart for this year; and the Chapter voted to sell toothbrushes as a fund-raising project.

Office Furnishing Company Names New Officers Recently

The Santa Anna News, local dealer for Cole Steel Equipment Company, manufacturers of fine office furniture, has received news that S. T. Scheinman, president of the firm, has been promoted to the position of chairman of the board, being succeeded by Walter K. Clifford. Other new appointments include M. Elliot Schnall as chairman of the executive committee, and O. H. Krug as executive vice president.

The Cole Steel Equipment Company manufacturers one of the outstanding lines of office furniture and accessories.

LEGAL NOTICES

ORDINANCE NO. 227
AN ORDINANCE PROHIBITING DRILLING OR OPERATING WELLS FOR OIL AND GAS AND OTHER MINERALS WITHIN THE CORPORATE LIMITS OF THE CITY OF SANTA ANNA, TEXAS, WITHOUT A PERMIT; PROVIDING REGULATIONS CONTROLLING THE DRILLING OF SUCH WELLS; FIXING THE TERMS AND CONDITIONS FOR SECURING PERMIT; PROVIDING FOR FEES TO BE PAID FOR SAID PERMIT; PROVIDING FOR POSTING OF BONDS TO INDEMNIFY THE CITY AND/OR THE INDIVIDUALS FROM LOSS BY VIRTUE OF SAID WELLS, AND FIXING THE AMOUNT OF SAID BONDS; PROVIDING FOR THE DIVIDING OF THE CITY INTO DRILLING BLOCKS AND LIMITING THE NUMBER OF WELLS TO BE DRILLED IN ANY ONE BLOCK; ESTABLISHING A TAX ON PRODUCTION FROM SUCH WELLS; MAKING THE VIOLATION OF THIS ORDINANCE A MISDEMEANOR; FIXING THE PENALTIES FOR SUCH VIOLATION; REPEALING ALL LAWS IN CONFLICT HERewith AND DECLARING AN EMERGENCY.
BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SANTA ANNA, TEXAS:

Section 1. The word "person" wherever used in this ordinance means and includes any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator and a fiduciary or representative of any kind.

The term "drilling block" is defined to be a tract of land consisting of lots or blocks adjacent or contiguous to each other, and forming one unit of land, and containing not less than ten acres each. Boundaries of the drilling blocks are hereby established and adopted as shown on the map attached hereto and referred to above, which map is hereby designated as the "Drilling District Map", and said map and all the notations, references and information shown thereon are hereby made a part of this ordinance as if the same were set forth in full herein. It shall be the duty of the City Secretary to keep on file in his office the original of said drilling block map and duplicate copies thereof, showing all of the changes, amendments or additions thereto.

Section 2. It shall be unlawful for any person to drill or commence to drill a well for oil or gas within the limits of the City of Santa Anna, Texas, or to work upon or assist in any way in the prosecution of the drilling of any such well without a permit for the drilling, completion and operation of such well having been first issued by authority of the City Commission of the City of Santa Anna, Texas, in accordance with the provisions of this ordinance.

Section 3. The drilling, completion and operation of only one well for oil or gas may be authorized by permit as herein provided on each drilling block shown and designated on the attached map, hereby referred to and made a part hereof for all purposes; and it shall be unlawful to drill more than one well on each such drilling block; provided, however, that in the event a well is lost or abandoned as a dry hole, the permittee may relocate the well on the drilling block involved and drill and complete such relocated well under the permit for the first well by filing a plat and certificate showing the abandonment of first well and the location of the second well.

Section 4. It shall be unlawful to drill any well for oil or gas within any of the streets or alleys of the City of Santa Anna, Texas, or to block or encumber or close up any street or alley in any drilling or producing operations except by special permit by order of the City Commission, and then only temporarily.

Section 5. In the event any application for a permit for the drilling, completion and operation of a well for oil or gas shall be made by any person not owning or not holding oil and gas contracts from the owners of all lots, blocks or parcels of land included or embraced within a drilling block as shown upon the map hereto attached, a permit shall be issued to such applicant, his heirs, successors and assigns only upon the following conditions in addition to such other sections of this ordinance,

to-wit:

The applicant shall be free to enter into such contracts and agreements with the owners of such other lots, blocks or tracts as he may be able to make. If agreements are not reached with all owners of lots, tracts and blocks within the drilling block, then the owner or owners of oil and/or gas lease or leases and/or owner or owners of the right to lease oil and/or gas of any given lot or lots, block or blocks, tract or tracts shall have the right of option, by notice to the permittee given in writing within thirty (30) days after the issuance of a permit for a well on the drilling block involved, either (1) to treat his interest as a working interest and to contribute toward the actual cost and expense of drilling, completing and operating said well with all necessary appurtenances currently each month in the proportion to the said interest owned and in the proportion that the number of square feet in area owned by him in the drilling block bears to the number of square feet embraced in said block, and thereupon receive the same proportion of the oil produced and saved from such well or the value at the well at the option of the permittee and a like proportion of natural gas produced, saved and utilized or sold, or the value of same at the well at the option of the permittee; or (2) to treat his interest as a royalty interest and receive, delivered free of cost in the pipe line to which the well is connected, a share of all oil produced and saved from such well, equal to one-eighth (1/8) of the proportion of the whole quantity of oil so produced and saved that the number of square feet in the area owned by him bears to the number of square feet in such drilling block, or at the election of permittee to receive such proportion of the value at the well of oil so produced and to receive a like proportion of the gas and casinghead gas produced, saved and utilized or sold, or at the election of permittee the value at the well of such proportion of gas or casinghead gas produced, saved and utilized or sold, if any owner does not exercise the right and option above provided and gives notice to the permittee within the period provided, the obligation shall then be upon the permittee, his heirs, successors, and assigns, to make settlement with such owner on the terms provided in Option 2 above, providing for the payment of a one-eighth (1/8) royalty. If the owner of a lot or lots, block or blocks, tract or tracts shall exercise Option 1 above, and treat his interest as a working interest, as therein provided, the permittee shall be entitled to reimburse himself for such owners proportionate part of oil, gas and casinghead gas or the value thereof, making deliveries of products or settlement for the value thereof. If Option 1 is exercised by the owner of any lot or lots, block or blocks, tract or tracts, such owner shall, within the time provided for notice of his election above set forth, file with the City Secretary a bond or other obligation executed by such owner as principal and by an authorized surety company as surety, in which such principal and surety agree, bind and obligate themselves to pay to the permittee, his heirs, successors and assigns currently each month that proportion of the actual and necessary costs and expenses involved in the drilling, completion and operation of such well that the number of square feet embraced within the lot or lots, block or blocks, tract or tracts, of such owner bears to the total number of square feet in such drilling block, such bond to be approved by the Mayor and held by the City Secretary for the benefit of the beneficiaries therein. Permits shall be issued in all such cases upon the condition that the permittee, his heirs, successors and assigns shall make settlement in accordance with the provisions hereof.

In determining the total number of square feet in a drilling block there shall be included the area in streets and alleys within the drilling block. In determining the total number of square feet embraced within a lot or lots, block or blocks, tract or tracts, there shall be included that portion of streets and alleys which the owner of the lot, block or tract owns, but no part of any street or alley shall be so included where title to the street or alley involved (subject only to easement for public use)

is not in the owner of the lot, block or tract.

Section 6. In case there should be filed with the City Secretary and pending at the same time applications for permits to drill on any single drilling block within the limits of the city made by more than one applicant, that application shall be granted, if otherwise sufficient, which shall be made by the person holding the greater area of ground within the drilling block by ownership in fee or by lease or other contract authorizing the drilling and operation on land for oil or gas.

Section 7. Every application for a permit to drill, complete and operate a well for oil or gas shall be in writing, signed by the applicant or by some person duly authorized to sign same on his behalf. It shall be filed with the City Secretary and accompanied with a deposit of One Hundred Dollars (\$100.00) cash as a fee to the city. The application shall state the drilling block and the particular lot and location in the block where the proposed well is to be located, and shall have attached to it certified or photostatic copies of the deed, oil and gas lease or drilling contract with the owners of land covering the lot, block, tract or tracts in said drilling block over which the applicant has control for oil and gas purposes, together with abstracts of title or certificates of title satisfactory to the City Commission, to the end that the application will show what proportion and what parts of the drilling block the applicant owns in fee or holds under lease or drilling contract from the owners. The applicant may withdraw the abstracts or certificates of title after they have been examined by the City Commission. The application shall also be accompanied by a plat or map of the drilling block, showing the designation of the lots, blocks or tracts owned or controlled by the applicant and showing the exact location of the proposed well, which location shall be as nearly as practicable in the center of the drilling block. The application shall also be accompanied by two duly executed bonds, each given by the applicant as principal and a surety company authorized to do business in the State of Texas as surety. One of these bonds shall run to the City of Santa Anna, Texas, for the benefit of the city and all persons, firms and corporations concerned, conditioned that if the permit be granted and if drilling operations be commenced thereunder the applicant and his assigns will comply with the terms and conditions of this ordinance in the drilling and operation of a well; that the applicant will restore the streets and sidewalks and other public places of the city which may be disturbed in the operations to their former condition, will clear the block and lots of all litter, machinery, derricks and buildings erected or used in the drilling or operation of said well whenever the well shall be abandoned or the operation thereof discontinued, and that the applicant or his assigns shall pay any and all damages recoverable at law against him or them suffered by any person or corporation as to property in the city from fire or from oil, gas or water caused by or originating from the operations connected with such well. Such bond shall be in the sum of Twenty-Five Thousand Dollars (\$25,000.00); provided, however, that if within thirty (30) days after the drilling and completion of said well no claims have been presented against the applicant or his assigns under the terms and conditions of such bond, then the sum of same shall be automatically reduced to Five Thousand Dollars (\$5,000.00). The other bond above provided for shall run to the City of Santa Anna, Texas, for the benefit of all persons, firms, or corporations owning lots, blocks or tracts of land in said drilling block who have not executed at the time of the filing of such bond or who shall not execute during the term of said bond and prior to the accrual of liability thereunder leases, drilling contracts, waivers, or other form of contract under which the applicant or his assigns is or are authorized to operate the premises of said owner for the development and production of oil and gas, and shall be conditioned upon the settlement or payment by the applicant or his assigns for oil and gas in accordance with the provisions of this ordinance. This bond shall be in the

sum of Twenty Thousand Dollars (\$20,000.00); provided, however, that the sum of the bond shall be automatically reduced by an amount in proportion to the difference between the total area of the drilling block and the total area owned by the applicant in fee or covering which he has leases from or drilling contracts with or waivers from the owners authorizing operations for the development and production of oil or gas. It is specifically provided that, in lieu of any surety bond or bonds required to be given hereunder, the applicant may file with the City Secretary his personal undertaking or undertakings, which shall be in the same amount and shall contain the same conditions as hereinbefore provided with respect to surety bonds, and which undertaking, or undertakings shall be secured by United States Government security or securities of the State of Texas or of counties or municipalities in the State of Texas having a par value equal to the amount of the surety bond or bonds in lieu of which such undertaking or undertakings is or are given, which securities shall be deposited in escrow in a state or national bank jointly selected by the City Secretary and the applicant or his assigns along with and attached to a copy of the written undertaking for which they are to be held as security.

Section 8. Notice of filing of each application for permit shall be given by the applicant as follows: At least ten (10) days prior to the date of hearing on the application, a copy of notice in the form hereinafter prescribed shall be sent by registered mail to each owner and leasee of lots, blocks and tracts in said drilling block not owned by or under lease to the applicant, addressed to the last known address of such land and lease owners if known to the applicant; and a copy of such notice shall likewise be published at the cost of applicant in every issue of the official paper of the City of Santa Anna, Texas, for ten (10) days prior to the date of such hearing. If the official paper be published weekly, the publication shall be made in one issue thereof for the period of time prescribed. Such notice shall state the lot and block number on which the applicant is asking for a permit to drill and the date and place of hearing, and shall be in words and figures as follows:

"Notice is hereby given that _____, acting under and pursuant to the terms and provisions of an Ordinance Regulating the Drilling of Oil and Gas Wells within the Limits of the City of Santa Anna, Texas, and Providing for the Public Safety in connection therewith, being Ordinance No. _____, did, on the _____ day of _____, 19____, file with the City Secretary of the City of Santa Anna, Texas, an application for a permit to drill a well for oil and/or gas upon Lot No. _____, Block No. _____, in Drilling District No. _____, as defined by Ordinance No. _____. A Hearing upon such application will be held in the office of the City Secretary of the City of Santa Anna, Texas, at _____ on the _____ day of _____, 19____, at _____ M."

Proof of notice shall be made by the applicant by filing with the City Secretary an affidavit of the printer or publisher of the paper in which the notice is published containing a copy of the notice and stating the issue of which and period of time during which the notice was published, an affidavit of the applicant showing the date and persons to whom the addresses to which the notice was mailed by the applicant, and proof that such addresses are the last addresses of the persons involved known to the applicant.

At the time fixed in said notice a hearing on such application shall be held at the office of the City Secretary.

Section 9. The City Commission shall have the power and reserves the authority to refuse any application for a permit where by reason of the location of the proposed well and the character and value of the permanent improvements already erected on the drilling block in question or adjacent thereto and the use to which the land and surroundings are adapted for civic purposes, or for sanitary reasons, the drilling of an oil or gas well will be a serious disadvantage to either the health, safety, morals or welfare of the city and its inhabitants; but when a permit shall be refused for any of these reasons, but not otherwise, the

deposit in cash as a fee made with the application shall be returned to the applicant. Except as hereinbefore provided, if an application be found by the City Commission to comply in all respects with the terms of this ordinance, the city shall be authorized to issue a permit for drilling, completion and operation of the well applied for. The granting and issuance of a permit for a well on a drilling block as provided in this ordinance shall automatically operate as a rejection and denial of all other pending application or applications for a well or wells upon the drilling block involved, or any portion or portions thereof.

Section 10. No permit shall be granted or issued for the drilling of a well except upon ground owned by the applicant or held by him under oil and gas lease or drilling contract from the owner, giving the owner's permission or authority to drill the well; and when a permit shall have been issued, the same shall terminate and become inoperative without any action on the part of the City Commission unless within ninety (90) days from the date of issue actual drilling of the well shall have been commenced; and after the drilling of the well shall have commenced; the cessation of drilling operations prior to the completion of the well for a period of six (6) months shall operate to terminate and cancel the permit and the well shall be considered as abandoned for all purposes of this ordinance, and it shall be unlawful thereafter to continue the operation or drilling of such well without the issuance of another permit; provided that if said well shall be completed as a producer and shall thereafter cease to produce, the permittee shall have the right to conduct deepening or reworking operations on said well within six (6) months after cessation of production without having to procure a new license. If and when any permit shall terminate and become inoperative as in this section provided, or if and when the permittee or his assigns shall file with the City Commission written notice of his or their election to surrender his or their permit and abandon the premises covered thereby, then if no claims under the bond or bonds, undertaking or undertakings shall have been filed within thirty (30) days, the City Secretary shall return the bond or bonds, undertaking or undertakings and/or the securities theretofore furnished by the permittee in connection with such permit; and if claims are filed within such time, upon the satisfaction or defeat of such claims such bond or bonds, undertaking or undertakings and/or security or securities shall thereupon be returned to the permittee or his assigns.

Section 11. Neither this ordinance nor any permit issued hereunder shall be interpreted to grant any right or license to the permittee to enter upon or occupy in any respect in drilling or production operations any land except by the written consent of owner; nor shall it limit or prevent the free right of any lot owner to contract for the amount of royalty to be paid with respect to his own land or other consideration therefor, or for damages, rights or privileges without respect thereto.

Section 12. In operations under a permit the permittee or his assigns must observe the following rules, and the failure to observe same shall be unlawful, to-wit:

(a) All permanent oil tanks or battery of tanks must be surrounded by a dike or ditch of at least the capacity of the tank or battery of tanks.

(b) No flow tank, unless it is entirely buried, or other tank of any size, shall hereafter be placed nearer than one hundred fifty (150) feet to any derrick, rig, building, power plant or boiler of any description.

(c) No field working tank having a capacity of ten thousand (10,000) barrels or more shall hereafter be built nearer than two hundred (200) feet (measured from shell to shell) to any other like tank or tanks.

(d) Printed signs reading: "Dangerous, No Smoking Allowed", or similar words, shall be posted in conspicuous places on each producing drilling unit.

(e) All permittees' premises shall be kept clear of high grass, weeds and combustible trash within a radius of one hundred (100) feet around an oil tank, tanks or producing wells.

(f) Open earthen storage for oil is prohibited.

(g) All oil tanks, where there is a gas hazard, shall be gas

tight and provided with proper vents.

(h) No forge or open light shall be placed inside the derrick of a well showing oil or gas.

(i) Boilers must be equipped with steam lines for fighting fire and must not be set nearer than one hundred (100) feet to any producing well.

(j) All oil and gas pipe lines laid upon or across a public road or highway must be buried to a reasonably safe depth.

(k) Wherever available and practical, electric light and power shall be installed in congested drilling areas.

(l) A minimum of one hundred (100) feet of surface casing shall be set and cemented with sufficient cement to fill the annular space back of the casing to the surface. Cementing shall be by the pump and plug method. Cement shall be allowed to stand a minimum of forty-eight (48) hours before drilling the plug. The position of the oil horizon shall be determined by coring or testing and the producing string swung and cemented at the top thereof.

(m) A blow-out preventer, control head and other connections for keeping the well under control at all times shall be installed as soon as surface casing is set. The blow-out preventer on the second string shall be hydraulically controlled. Blow-out preventer shall be tested against pump pressure at least once every twenty-four (24) hours; all control equipment shall be in good working order condition at all times.

(n) All wells shall be equipped with a Bradenhead with a working pressure sufficient to protect well under pressures encountered. The Bradenhead shall not be welded; and the same shall be equipped with the proper pipe connection and valve accessible at the surface.

(o) No boiler or electric lighting generator shall be placed nearer than one hundred fifty (150) feet to any producing well or oil tank.

(p) Any rubbish or debris that might constitute a fire hazard shall be removed to a distance of at least one hundred (100) feet from the vicinity of wells, tanks, and pump stations. All waste shall be burned or disposed of in such manner as to avoid creating a fire hazard or polluting fresh water strata.

(q) All well heads, pits and tank batteries shall be adequately protected with "man proof" fencing.

(r) The person, firm or corporation so drilling or operating an oil and/or gas well shall make adequate provision for the disposal of salt water or other impurities which he may bring to the surface of the earth in such manner as not to contaminate the water supply of the City of Santa Anna, Texas, or to destroy vegetation.

Section 13. In addition to all other taxes provided by law, there is hereby levied a tax on oil produced within the City of Santa Anna, Texas, of 2 cents per barrel of 42 standard gallons. Said tax shall be computed upon the total barrels of oil produced or salvaged through the earth within the city and shall be based upon tank tables showing one percent of production and exact measurements of contents. Provided, however, that the tax herein levied on oil shall be two percent of the market value of said oil whenever the market value thereof is below one dollar (\$1.00) per barrel of forty-two (42) standard gallons. The market value of oil, as that term is used herein, shall be the actual market value thereof, plus any bonus or premiums or any other things of value paid therefor or which such oil will reasonably bring if produced in accordance with the laws of the United States, State of Texas and the City of Santa Anna, Texas.

The tax hereby levied shall be a liability of the producer of oil, and it shall be the duty of such producer to keep accurate records of all oil produced, making semi-annual reports as hereinafter provided.

The purchaser of oil shall pay the tax on all oil purchased and deduct tax so paid from payment to producer or other interest holder, making such payments so deducted to the City Secretary by legal tender or cashier's check payable to the City Secretary. Provided that if the oil produced is not sold during the semi-annual period in which produced, then said producer shall pay the tax at the same rate and in the manner as if the oil were sold.

The tax levied herein shall be paid semi-annually on or before

(Continued on Page 3)

LEGAL NOTICE

(Continued From Page 2)

The 31st day of each August on oil produced during the preceding first six months of the calendar year and on or before the 31st day of each January on oil produced during the preceding last six months of the preceding calendar year by the purchaser or producer as the case may be, but in no event shall a producer be relieved of responsibility for the tax until same shall have been paid; and provided, in event the amount of the tax herein levied shall be withheld by a purchaser from payments due a producer and said purchaser fails to make payment of the tax to the City of Santa Anna, Texas, as provided herein, the producer upon paying said tax shall be subrogated to the right of the City of Santa Anna, Texas, to collect from the purchaser the penalties and interest which may have otherwise accrued by failure to make payments as hereinafter stated.

It is further provided that unless such payment of tax on all oil produced during any six months' period shall be made on or before the date specified above, such payment shall become delinquent, and a penalty of 5 percent of the amount of the tax shall be added, whereupon such tax and penalty shall bear interest at the rate of 3 percent per annum from the

date due until date paid. The tax herein levied shall be borne ratably by all interested parties, including royalty interest, and producers and/or purchasers of oil are hereby authorized and required to withhold from any payment due interested parties the proportionate tax due.

The City of Santa Anna, Texas, shall have a lien in and upon each oil well and the equipment incident thereto, together with the respective interest of all parties therein, to secure the payment to the City of Santa Anna, Texas, of all taxes due hereunder on oil produced from said oil wells; and this lien shall be in addition to any other liens and methods provided herein or by law for the collection of taxes.

Section 14. Any violation of any of the terms of this ordinance, whether herein denominated as unlawful or not, shall be deemed a misdemeanor; and any persons convicted of any such violation shall be fined in a sum not exceeding One Hundred Dollars (\$100.00); and any natural person so convicted shall be committed to jail until such fine and costs are paid. Each day of the continuance of such violation shall be considered a separate offense and be punished separately; and any person, agent or employee in such violation be so punished

therefor.

Section 15. Any and all ordinances of the city which are in conflict with any of the terms of this ordinance be and the same are to the extent of the conflict hereby repealed.

Section 16. If any section, sentence, clause, or part of this ordinance shall, for any reason, be held invalid, such decision shall not affect the remaining portions of this ordinance, and it is hereby declared to be the intention of this Commission to have passed each sentence, section, clause or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

Section 17. This ordinance shall take effect and be in force upon its publication in THE SANTA ANNA NEWS.

PASSED AND APPROVED on this the 3rd day of September, A.D. 1964.

s/W. F. BARNES,
MAYOR
(Seal)
ATTEST:
PAULINE GARRETT,
CITY SECRETARY

42-43c.

LEGAL NOTICE
NOTICE OF SALE OF
COUNTY REAL PROPERTY
AT PUBLIC AUCTION
TO ALL INTERESTED PERSONS:

I, Thomas Wristen, County Commissioner of Precinct 2 of Coleman County, Texas, do hereby give notice of the sale of the County's undivided interest in real property to be held on November 2, 1964, at 10 A.M., on the Court House steps of the Coleman County Court House in Coleman, Texas. Said property subject to sale shall be the County's undivided interest in that certain 20.9 acre tract of land known as Ranger Park out of H. T. & B. RR. Co. Survey 58, Abstract 1615 in Coleman County, Texas, and being fully described in deed of record in Volume 405, page 200 of the Deed Records of Coleman County, Texas, to which reference is heremade for all purposes; SAVE and EXCEPT therefrom, for public roadway purposes, a strip of land 50 feet in width along the entire East side thereof and a strip of land 50 feet in width and 242 feet in length on the North side thereof commencing at the Northeast corner thereof.

This notice is given pursuant to Article 1577 of Vernon's Civil Statutes of the State of Texas, and the undersigned reserves the right to reject any and all bids.

Done by order of the Commissioners' Court of Coleman County, Texas, this the 7th day of October, A. D. 1964.

s/THOMAS WRISTEN,
Commissioner of Precinct 2

42-43-44c.

Rockwood News

By MRS. JOHN C. HUNTER

Mrs. Lee Miller suffered a broken hip Friday evening and was admitted to the Coleman Hospital, but was transferred to Hendricks Hospital in Abilene.

Vernon Campbell Dies Here Thursday

Vernon Campbell, 54, of Santa Anna, died suddenly Thursday, October 15, at his home. Campbell had returned to Santa Anna following successful surgery in Galveston.

Funeral services were held at First Baptist Church, Santa Anna, with Rev. Raymond Jones officiating. Burial was in Santa Anna Cemetery, with Hosch Funeral Home in charge.

Campbell, a retired ginner, is survived by his wife; his mother; and two sons, Billy J. Campbell, and J. V. (Buddy) Campbell, all of Santa Anna; and one daughter, Mrs. Carole Sue Schroeder, of Las Vegas, Nevada. Other survivors include three brothers, K. W. Campbell, of Slaton; A. E. Campbell, Jr., of Santa Anna; and H. L. Campbell, of Plainview; and one sister, Mrs. Jack Parnell, of Paducah.

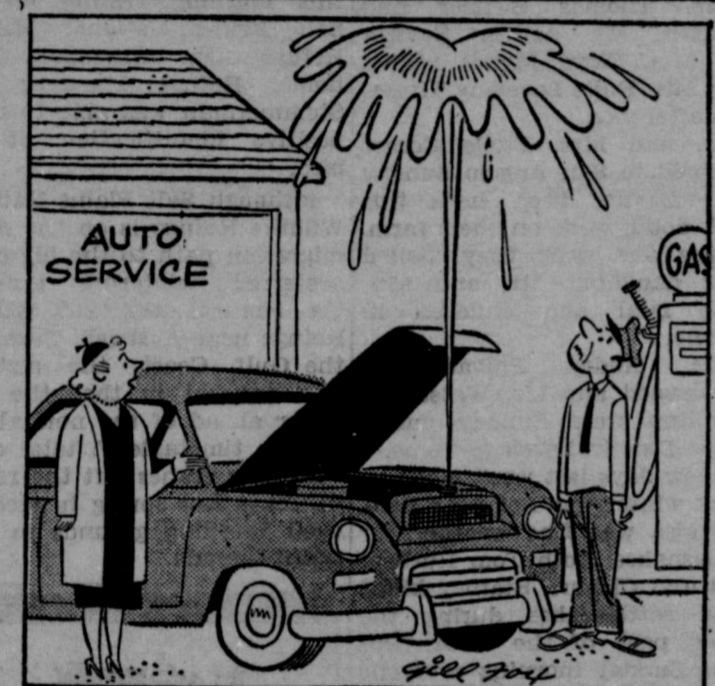

Campbell was a native of Coleman County, and was a member of the Baptist Church.

McCULLOCH COUNTY SINGING CONVENTION

By Mrs. Sid Blanton

Mrs. T. M. Crow of San Diego, California sent in \$5.00 for the cemetery fund the past week. The cost of cleaning, and mowing the cemetery the past week was \$23.50.

Mrs. Clara Cupps was voted president of the Quilters Club on Monday afternoon. Those present were Mrs. Clark Miller, Mrs. Annie Perry, Mrs. Willie Williams, Mrs. Ellie Cupps, Mrs. Freddie Blount, Mrs. Thelma Fleming, Mrs. Ruth Hibbetts, Mrs. Darrell Cupps, Mrs. Casey Herring, Mrs. Clara Cupps and Mrs. Sid Blanton. We finished two pretty quilts, Mrs. Miller's and Mrs. Perry's.

Mrs. Roxie Allison of Santa Anna and granddaughters, Bennie Jean and Marlene, of San Angelo, visited with Mrs. Melvin Pollock, Tracl and Theron on Saturday afternoon, in the C. T. Moore home.

Mr. and Mrs. Vernon Guthrie of Thorndale, Texas called on the John Howards one afternoon last week.

Mr. and Mrs. Brown Brooke and Susan were Sunday guests of Mr. and Mrs. R. W. Cupps and Billy Don.

Mrs. Ruth Hibbetts visited Mrs. Joe Wallace Friday and went to Burnet Friday night with the Wallaces to the football game.

Sunday afternoon visitors in the Charles Fleming home were Mr. and Mrs. Kenneth Sikes and children of Brownwood, Mrs. Jaunita Naron and children and Mr. and Mrs. D. S. Cupps and children.

Weekend visitors with the Casey Herring family were Mrs. Ben Herring of Bangs and Mrs. Jean Bryan and Ronnie of Abilene.

Mr. and Mrs. Adolph Kelley, Delores and Henry, of Odessa were weekend visitors with her parents, Mr. and Mrs. W. H. Cupps. Saturday night and Sunday visitors with the Cupps' were Mrs. Lola Dunlap of Hobbs, New Mexico, Mr. and Mrs. L. V. Cupps and Mrs. John Naron and family.

Mr. and Mrs. Buddy Benge and children were Sunday visitors with Mr. and Mrs. Bruce Hibbetts.

Mr. and Mrs. C. W. Fleming called on Mr. and Mrs. Hilburn Henderson Saturday afternoon.

Richard Wells spent Saturday night with Mr. and Mrs. Darrell Cupps and family. Sunday visitors were Mr. and Mrs. Edward Leonard and children.

Tommy Blanton and Billy Don Cupps were among the Ag boys going to the Dallas Fair on Saturday. They reported a wonderful time and trip — after the downfall with Burnet Friday night.

Mr. and Mrs. J. D. Howard, Jr., and Elaine of Midland were weekend visitors with Mr. and Mrs. P. F. Schulle and the John Howards. The John Howards were Wednesday night visitors in Glen Rose with the Joe Morris.

Whon News

By MRS. TOM RUTHERFORD

On Monday, October 26, my father, Sammie Shields, will be observing his 80th birthday. He would surely appreciate a little card from you on that date.

A large crowd attended the community get-together at Whon Saturday night. The children were observing Halloween and went trick or treating. Then they returned to the community center where supper was served and games were enjoyed. Visitors were present from Midland and Santa Anna.

Mr. and Mrs. Ramon Morris of Camp San Saba visited their brother and sister, Mr. and Mrs. Floyd Morris, last Friday.

Lynnda Rutherford spent Saturday night with Mrs. Hilary Rutherford and children, Rocky and Dena, in Coleman. Hilary was on National Guard duty. Mrs. Rutherford and children and Lynnda came to the Tom Rutherford home Sunday and were dinner guests.

Mr. and Mrs. Jake Degal and Cathy visited with relatives in Mason Sunday.

Mr. Oscar Lovelady and Randal Lovelady spent Friday night with Guy and Alta Lovelady in Santa Anna.

Mr. Arthur Switzer of Santa Anna visited during the past week with Mr. and Mrs. Thomas Switzer and children.

Mr. and Mrs. Joe Floyd Morris of Brownwood and Mr. and Mrs. John David Morris of Coleman visited their parents, Mr. and Mrs. Floyd Morris and brother, Jamie Lee, Sunday.

Mr. and Mrs. Lon Minica and grandson, Ricky Minica and Mr. R. A. Baker of Midland were weekend guests in the Darwin Lovelady home.

Mrs. Thomas Switzer and children, Mr. Arthur Switzer and Mrs. Floyd Morris visited with Mrs. Billie Lovelady Thursday afternoon.

Mr. and Mrs. Etoile Cozart returned to San Angelo Sunday after having been here this week doing work on their farm. During the week they visited their daughter, Mr. and Mrs. Gene Deal and children in Abilene.

Mrs. Audry Palvado of Brownwood and Mr. Watson of Hamilton were Sunday guests in the Darwin Lovelady home.

A few days last week made us think winter was not near here, and also was fine weather for rattlesnakes. Both Tom Rutherford and Cleburn Stanley killed large rattlesnakes during the latter part of the week. But come Sunday morning everyone was looking for heavier clothing.

Mr. and Mrs. Bean Radle visited Mr. and Mrs. Aaron Avants Saturday afternoon and attended the get-together at the community center Saturday night.

Mrs. Darwin Lovelady visited Mrs. Jim Lovelady in Santa Anna Wednesday morning.

Debbie Switzer spent Thursday night with Cathy Degal.

Mr. and Mrs. Rufus Lancaster and son, Richard, returned to their home in Mount Calm, Wednesday, after visiting in the home of his uncle, Mr. and Mrs. W. E. Vanderford, and other relatives here.

Ben Barnes Goes To National Meet

Speaker Byron Tunnell announced the appointment of Representative Ben Barnes, of De Leon, to accompany him in representing Texas at the annual meeting of the National Conference of Legislative Leaders in Atlantic City, New Jersey.

Also attending the September 23-26 conference were Representatives Bill Parsley of Lubbock, Gus Mutscher of Brenham and Paul Floyd of Houston.

Tunnell and Barnes, leaving prior to the other members of the Texas Delegation, spent the last few days in Washington, DC, conferring with other state and national leaders on the subject of congressional and legislative reapportionment.

In appointing Barnes, Tunnell commented, "Barnes' attendance in the past to interstate meetings as well as his growing personal knowledge of many of the leaders across the nation, make him an invaluable asset not only to me but to his state in providing knowledge and effective representation at this conference."

Whooping Cranes On The Way Back

One of the rare whooping cranes was positively identified this morning resting on the Salt Plains National Wildlife Refuge near Cherokee, Oklahoma. Refuge Manager Lyle Stemmerman was able to make positive identification of the bird.

Although Salt Plains National Wildlife Refuge is on the direct migration path to the big birds' preferred wintering grounds, the Aransas National Wildlife Refuge near Austwell, Texas, on the Gulf Coast, the sighting was unusual in that the bird is far ahead of the normal migration timetable. A total of 32 whooping cranes left the refuge in Texas last spring headed for their breeding grounds in northern Canada.

SOCIAL NOTES

Eastern Star Chapter Meets Monday, Plans Representation At San Antonio

Santa Anna Chapter 247, Order of Eastern Star, held a meeting Monday, October 19 at Masonic Hall.

Mrs. Richard D. Bass presided. The flag was presented by Jack Bostick and the Pledge of Allegiance was led by Richard D. Bass.

Plans were made for a sidewalk sale to be held Saturday, November 7, and also a Christmas banquet and Christmas tree program were scheduled for December 21.

Mr. and Mrs. Bostick chose Mr. and Mrs. Bass as honorees. Mrs. Nora Goen and Mrs. Zuda Henderson will choose members to honor at the next meeting.

Mrs. Bass presented a program honoring past Matrons and Patrons of the chapter.

A report was received on the Blanket friendship program held October 15.

Following the business meeting, the group met for social hour with Mrs. Blanche Grantham and Mr. and Mrs. Cliff Herndon as hosts.

Mrs. Bass will represent the group at the 82nd Pinnacle of Life Session of the Grand Chapter, in San Antonio, October 22

Riley-Caldwell Vows Exchanged Here Saturday

Linda Rae Riley, daughter of Mrs. J. W. Riley, of Austin, and the late Mr. Riley, was married to J. M. Caldwell, of West Columbia, at First Methodist Church, Santa Anna, at 8 p.m., Saturday, October 10.

Rev. Bobby Weathers performed the ceremony.

A graduate of Santa Anna High School, the bride attended Abilene Christian College and Howard Payne College, and graduated from the University of Texas. Caldwell is also a graduate of the University of Texas. Both newlyweds are licensed pharmacists.

A reception was held in the home of Mrs. Frank Turner following the ceremony. The couple will be at home in Waco.

through 26. Other members of the local Chapter will also attend this meeting.

Hospital Notes

WMU Meet Planned For First Baptist

The Women's Missionary Union of the First Baptist Church of Santa Anna will meet Thursday, October 22 in the Church annex.

Community missions will be the theme of the meeting.

All women of the Church are urged to attend, a spokesman said, and visitors are always welcome.

PERSONALS

Mr. and Mrs. W. P. Aldridge were visiting recently in Kermit and Jal, New Mexico with their sons and families. They were accompanied by Mr. and Mrs. Van Aldridge and children of Coleman.

Mr. and Mrs. Audry Robbins and children of Odessa, visited during the weekend in the home of her brother, Mr. and Mrs. Don Pritchard, and other relatives.

Mr. and Mrs. Warren Aldridge visited Sunday in Abilene with his sister, Mr. and Mrs. Horace Bailey.

Mr. and Mrs. Harry Crews and Mrs. Mae McDonald of Coleman visited in Jasper with Mr. and Mrs. Joe Driskill and girls over the weekend.

Edwinna McCarrell of Tarleton State College visited with Mr. and Mrs. C. E. McCarrell, Mr. and Mrs. A. E. McCarrell and Mr. and Mrs. W. F. Trull over the weekend.

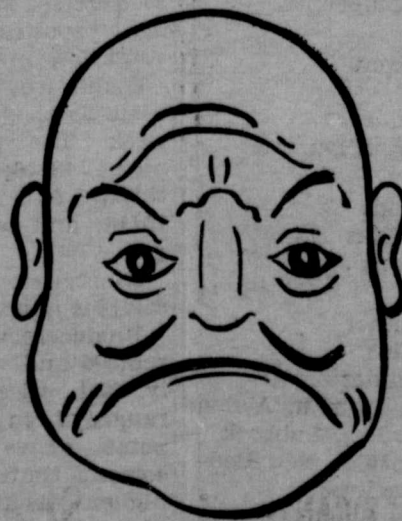

1934 Class Reunion

Eighteen members of the class of 1934 and their sponsor from the Santa Anna High School met September 26, during Homecoming, in the Lion's Club room, and enjoyed lunch together. The affair was planned and prepared by Mrs. Annie Louise Smith, Mrs. Golda Billings, John David Harper, Mrs. Thelma Lowry, Ruth Campbell, Mrs. Carmilla Baugh, and Mrs. John Hensley. Decorations were carried out in the class colors of pink and silver. A beautiful thirtieth anniversary cake was presented by Golda Billings.

After a short business meeting, luncheon — consisting of baked ham, potato salad, pinto beans, lettuce, tomatoes, pickles, cake, coffee, and soft drinks — was served to the following: Mr. and Mrs. Alton Brandon, Paul and Louise Burnett, James Hayes, Virgil and Mary Sewell, Aubrey Fay and Irma Murrell, Floyd Smith, John David Harper, Carmilla Baugh, Hayden Goodgion, John and Lucille Hensley, Thelma Lowry, Edna and Herman Estes and daughter, Suzy Smith, Ruth Campbell, Carroll and Norlaine Barton, Annie Louise and Audas Smith, Brownlee and Dorothy Hunter and two daughters, Olivia Carrell (sponsor), Armenta Hartsfield, and Golda and Alonzo Billings. Richard Dillingham was another class member that was here for the day, but didn't attend the luncheon.

Two hours were spent visiting over past school days, looking at pictures, and reading school clippings.

There are a lot of good ways to become a failure, but never taking a chance is the most successful.

CARE Food Program Needs Help To Help Hungry People In Many Countries

Goal of the 1964 CARE Food Crusade is \$6,500,000, to complete a yearlong plan to help feed 37,400,000 needy people in 34 countries, it was announced today by Frank L. Goffio, the agency's executive director. The fund appeal is peaked through the holidays.

US Food for Peace donations of farm abundance, allocated after domestic relief needs are met, form the mainstay of the plan. The countries themselves pay most of the distribution costs, under CARE Partnership Programs that will cover 34,100,000 recipients. The remaining 3,300,000 persons, in 21 countries, must depend on 6,500,000 CARE Food Crusade packages, delivered in the names of Americans who give a dollar per package.

Farm food contents include flour, corn meal, wheat products, milk powder, oils. CARE also adds product donations from private firms and buys foods to match country needs.

The packages, averaging 27 pounds, go to: Afghanistan, British Honduras, Chile, Colombia, Cyprus, Greece, Haiti, Hong Kong, India, Iran, Jordan, Korea, Macau Mexico, Pakistan,

Poland, Sierra Leone, Tunisia, Turkey, Vietnam, Yugoslavia. Contributions sent to CARE Food Crusade, 660 First Avenue, New York 10016, or local CARE offices, may be marked for deliveries in any of the areas listed.

Main beneficiaries are children who are fed daily at schools, health centers and orphanages. Packages are also delivered directly to destitute families, including refugees and disaster victims.

The Santa Fe Railway was chartered by the Kansas territorial legislature in 1859.

Carbon paper and sales pads at the News office.

Number Of Veterans Decreasing Now

For the first time since the days of World War II the estimated number of veterans in civilian life has dropped below the 22,000,000 mark, Glyndon Hague, manager of the Veterans Administration regional office in Waco reported today.

There were an estimated 21,999,000 veterans in civilian life on July 31, 1964, the latest date for which statistics are now available.

By way of comparison, there were approximately 4,400,000 veterans in civilian life, most of them World War I veterans, when the attack on Pearl Harbor brought the United States into World War II.

Andrew Jackson's home was called "The Hermitage."

Local West Texas Utilities Employee Attends Company-Wide Women's Meet

Two hundred women convened in San Angelo Sunday and Monday for the tenth annual Women's Conference of West Texas Utilities Co. They are a portion of the women personnel of the company, and come from more than 50 of the towns in its service area.

Attending from Santa Anna was Gwen Walker.

The Conference is an annual workshop established ten years

ago to develop leadership qualities in women office workers with the basic objective of helping them serve the public better. Since the meeting is held on a business day, women employees alternate from year to year with a portion remaining on duty while the others attend the session.

The meeting opened with a Hawaiian Luau at 6:00 p.m. Sunday in the Cotillion Room of the Town House. Following the Hawaiian buffet dinner the group was entertained with a musical program presented by the Lassiter combo, and a singing trio from Abilene composed of Pat Neyman, Ann McDorman

and Janice Smith accompanied on the organ by Rufus Edmundson.

The business session opened at 9:00 Monday morning in the Cotillion Room with Beulah Peiser of San Angelo presiding. The invocation was given by Myrtice Barton of San Angelo, followed by a memorial ceremony to deceased personnel conducted by Mary Wilkerson of Abilene.

Leonorah Huddleston, of San Angelo, in her opening remarks, presented the Conference theme "Singing Wires," followed by the address of welcome by Charles C. Coombes, Jr., WTU District Manager.

The main address of the morning was given by J. F. Longley, WTU Executive Vice President, of Abilene, with the subject "To Keep the Wires Singing." A film followed, called "Cashing in on Singing Wires" which was narrated by Polly Chitwood, of Abilene.

The morning session was concluded with a panel discussion "Are You Tuned In?" moderated by Bobby Eckert, of McCamey,

with panelists of Patsy Blair of Sterling City, Maria De La Rosa, of Ozona, Martha Dolan, of Big Lake, Sue Millican, of Robert Lee, Maxine Locklin, of Sonora and Peggy Sue Neighbors, of San Angelo.

After a noon luncheon at the hotel, the sessions resumed at 1:15 with Faye Maris of San Angelo presiding. A skit followed patterned after the 1964 political year, titled "Elect Electricity" with Anita Young, of Abilene as MC.

"Lots of Watts," a talk illustrated with slides by Sue Cook, of Abilene came next, and was followed by an address, "Education of the Heart," by Dr. Richard W. Crews, pastor of the First Christian Church of San Angelo.

The annual banquet was held at 7:00 p.m. at the River Club with Mary Joe Craig, of Abilene, giving the invocation. The banquet address was by S. B. Phillips, Jr., of Abilene WTU President.

Dinner music was by Jim Vandely on the accordion, and Peggy Power of San Angelo singing "The Lord's Prayer" accompanied by Mary Bain Spence. After dinner entertainment was presented by the Carmen Martin dancers with music by Frank Trevino, Frank Meadows and Leonard King.

The value of the annual Women's Conference was summarized by Program Chairman Leonorah Huddleston, of San Angelo, who said, "We know a company is judged by its people, and these sessions make us better representatives of WTU. We exchange ideas, listen to program features, and go back to work filled with inspiration and enthusiasm to serve our customers better than ever before."

Cemetery. Hosch Funeral Home had charge of arrangements.

Todd is survived by two sons, Leon L. Todd, of Santa Anna; and John A. Todd of Sun Ray; two daughters, Mrs. R. R. Lovelady, of Coleman; and Mrs. Roger George, of Brady; one brother, Tom Todd, of Santa Anna; three sisters, Mrs. Byron Bradley, of Trinidad; Mrs. Guy Grady, of Brownwood; and Mrs. Hugh Boardman, of Houston; four grandchildren and five great grandchildren.

Todd was born at Rice, Texas, October 19, 1879. He was a retired stock farmer, a member of the Methodist Church and a Mason.

Burnet Bulldogs Prove Too Strong; Beat Fighting Mountaineer Team, 48-0

BY MOREY MAST

The Santa Anna Mountaineers felt the bite of the Burnet Bulldogs, 48-0, in Burnet last Friday night to absorb their seventh loss of the season.

The young Mountaineers were out-weighted and out-experienced at almost every position. The biggest difference was in the interior line where it is most important. The Bulldogs had three seniors, one junior and one sophomore from tackle to tackle. The lightest man here weighed 170 pounds; the average weight per man was a whopping 193. Santa Anna's largest man weighs only 190.

This weight advantage became apparent early in the game. The Mountaineers received the opening kickoff and were downed on their own 24 yard line. For a while it looked like Santa Anna would make a close game of it. The Mountaineers started driving with a first and 15 on their own twenty. From there they racked up three first downs to Burnet's 45 yard stripe. The drive then stalled and they were forced to punt.

Burnet then took over on their own 37 yard line after a short punt return. From then on it was all Burnet as the Bulldogs scored in six plays. Rick Verlander scored from two yards out and Kelvin Keele kicked the

extra point try. The score stood 7-0 with 5:37 left in the first quarter.

Burnet's final points came with less than two minutes left in the game. Reserve back Joey Cox scored from the one yard stripe to post the final score of 48-0.

The whole game was a simple case of being completely out-manned as in the Dublin game. Burnet's starting eleven averaged over 174 pounds per man as compared to 148 pounds per man for Santa Anna. Burnet, like Santa Anna, had failed to win a game in six previous starts, but the similarity ended there. The Bulldogs had faced only strong AA teams, some of which were probable district winners.

For Santa Anna it was not a case of slack, unspirited football, but simply a case of being out-classed. This Burnet has quite obviously been the most underrated team in district 9A, but will undoubtedly be heard from the rest of the year.

Much credit must be given the young Mountaineer line. Nowhere but on a football field does a man have to stand up to someone 30, 40, or even as much as 100 pounds larger than himself. The Mountaineer line did just that though, for 48 minutes they battled these odds. The desire to win was definitely there, but sheer brute strength by the Bulldogs kept this desire from materializing.

We think the Mountaineer team was a real credit to Santa Anna even in defeat. For this reason we would rather not try to single out any one player as an outstanding back or lineman, they all were.

Santa Anna	Burnet

Score by Quarters

Santa Anna	0	0	0	0
Burnet	14	13	12	9

SCORING

First Quarter
Burnet — Rick Verlander — two yard run (Kelvin Keele kick good) 5:37 left in quarter
Burnet — Andy Feild — one yard run (Keele kick good) 2:19 left

Second Quarter
Burnet — Andy Feild — ten yard run (kick failed) 10:56 left in second quarter.
Burnet — Carl Hallmark — one yard run (Keele kick good) 1:58

Third Quarter
Burnet — Kelvin Keele — 34 yard run (kick blocked) 10:10 left
Burnet — Bill Sawyer — one yard run (Hallmark, Carl kick no good) 6:21 left.

Fourth Quarter
Burnet — Kelvin Keele — 25 yard field goal. 7:04 left
Burnet — Joey Cox — six yard run (Keele kick failed) 1:26 left

Picks of the Week

With two straight weeks without a miss, we are beginning to feel a little cocky. (We did miss on the World Series, but that doesn't count here). Trying to protect our .714 percentage, we pick these winners in the two District 9A contests this week: Burnet at Early: The Bulldogs proved they are a better ball team than their season record would indicate by swamping Santa Anna last week. The Burnet team will have little difficulty with Early.

Marble Falls at Santa Anna: So far this year, Marble Falls has been the strongest team in the District. The Mountaineers will be trying for an upset, but the Mustangs will have too many horses.

Rising Star Wins Two Over Santa Anna

In a football doubleheader, Rising Star topped Santa Anna twice Tuesday night, October 20.

In the first game, the sixth graders from Rising Star beat their local counterparts by a score of 6-0, when Jimmy Roach caught a 35 yard pass for the TD with 1:10 left in the game.

In the regular junior high game, the Kittens from Rising Star shut out the Junior Mountaineers by 30 to 0.

After a scoreless first quarter, Ronnie Green snared a Mountaineer pass and returned it 35 yards for the touchdown, with 16 seconds left in the first half. Green caught a pass for a two point conversion and the score stood 8-0 at halftime. Late in the third quarter, Santa Anna's Wade Jones was

caught behind his own goal for a two point safety for Rising Star. A pass to Dalton Hughes was good for another TD.

The News, Santa Anna, Texas, October 22, 1964

Page 9

Hughes and Green were big standing game for the Junior guns in the remainder of the Mountaineers was turned in by Rising Star scoring. An out-Ray Valdez.

"Oh brother, is this contraption ever a monstrosity! Can you imagine finding space to put one of these, or even actually using it? This old 1901 Peck-Williamson water-heating stove and clothes dryer can't hold a candle to the modern, automatic, flameless electric clothes washers and dryers. Besides being completely automatic and flameless, they save so much time and energy. The electric dryer alone saves 3 hours weekly of the housewife's valuable time which she can spend with her family and clothes come out so soft, fluffy, and easy to iron, there's no telling how much time is saved just on the ironing board.

Sixty-three years sure makes a lot of difference. Visit your electric appliance dealer or the nearest WTU office."

GOOD VISION IS VITAL TO YOU

THIS IS WHAT BARRY GOLDWATER STANDS FOR!!!

- ★ STATES' RIGHTS
- ★ CIVIL RIGHTS
- ★ HONESTY IN GOVERNMENT
- ★ CUBA
- ★ PEACE THROUGH STRENGTH
- ★ SOCIAL SECURITY
- ★ FISCAL RESPONSIBILITY

"States' rights is no mere slogan. It is the backbone of our Constitutional system. It is a check on the steady accumulation of massive power in the hands of national bureaucrats."

"The key to racial and religious tolerance lies not in laws alone but, ultimately, in the hearts of men."

"Certainly, simple honesty is not too much to demand of men in government. We find it in most. Republicans demand it from everyone — no matter how exalted or protected his position."

"I have challenged the Administration to continue the strong action that would ultimately eliminate this Communist military and subversive base 90 miles off our coast."

"This entire nation and the entire world risk war in our time unless free men remain strong enough to keep the peace."

"I favor a sound Social Security system and want to see it strengthened."

"Government can preserve the value of the dollar by prudent budgeting, by living within the means of the people who pay the taxes and by encouraging individual enterprise."

IN YOUR HEART, YOU KNOW HE'S RIGHT

(FD. POL. AD BY COLEMAN COUNTY REPUBLICAN COMMITTEE)

Services Held For Mother, Daughter

Funeral services were held Thursday, October 15, at 10:00 a.m. at Johnson Funeral Chapel in San Angelo for Mrs. Bill Nevans, who died Monday, October 12 at 7:30 p.m. at Shannon Hospital in San Angelo, after a long illness. She was born December 16, 1901, in San Saba and moved to San Angelo when she was married August 19, 1922 to C. F. (Bill) Nevans. She was a member of the Day Memorial Methodist Church and had lived in San Angelo all her married life except the last few years, when the couple spent some time in Rockwood, where they have a stock farm. Burial was in Harris Cemetery near San Saba, Thursday, at 2:00 p.m. Rev. Hamner officiated.

The Nevans' daughter, Mrs. Billy Chapapas, 39, of McAllen, who had been at her mother's bedside for several months, died in the Methodist Hospital in Lubbock, Saturday, October 17. Funeral services were conducted at McAllen, Monday, October 19, at 2:00 p.m.
