The Japanese expected the stunning blow at Pearl Harbor, and the military reverses that followed, to break the spirit of the American people, so that the United States would accept peace terms on any basis the attackers offered.

Of course, it didn't work out

quite that way.

The warlords in Tokyo could not understand the psychology of a people who had been facing big challenges all of their na-tional existence, who had carved a nation out of wilderness, be-cause of a national dream of the dignity and freedom of the in-dividual. Candidates for this degree will be required to take 90 semester hours, the equivalent of three years of study above the bachelors degree. The course of study will concentrate on four leaders of North Viet Nam. They are learning the lesson that totalitarian leaders have learned over and over again, from King George of England, in 1776, down to the fascist leaders of World War II. It will be a bitter lesson for them to learn.

It always has been. When things look a little discouraging in Viet Nam, think back to the dark days right after Pearl Harbor.

Remember?

Lots of people in Santa Anna deserve lots of credit for the success of the Santa Anna Invitational Basketball Tournament, edition number two, which will begin taking place Thursday in the Santa Anna High School gymnasium (which, you will have to admit, is a logical place for it). The coaching staff deserves credit, for taking on the immense amount of extra work involved in putting a show such as this one on the boards. They must run a good tourna-ment, since every team in this year's production asked to be invited, because last year's tourney was such a success. Then the businessmen of Santa Anna, who kicked in one and all to provide the outstanding array of trophies (see the photo elsewhere on this page). And the students, who are doing a lot of the work, and ticket selling. And the people of Santa Anna, who will support the endeavor by their attendance. We have good reason to be proud of this tournament and proud of Santa Anna, tournament, and proud of Santa Anna for backing it so well.

Nope, no libel suit yet.

The single copy price of THE SANTA ANNA NEWS (5c) has not changed since the paper was founded - 80 years ago - in 1886. The subscription price has been the same for several years. During this time, as with all things, the costs of publishing a newspaper have risen steadilysalaries, upkeep, supplies, and postage costs have all gone up.

To let THE NEWS continue to bring its readers the best in weekly journalism, single copy and yearly rates will be raised beginning January 1, 1966. Following the trend set by many weekly newspapers, the single copy price will be 10c after January 1, 1966 (at present, the paper loses money on each copy sold at 5c), and the yearly subscription price will be \$3.00 to addresses in Coleman County, with other subscription rates increasing proportionately.

To give our readers a special bargain, we are announcing these rate increases in advance, so that readers may renew or extend their subsciptions, or purchase gift subscriptions, before subscription rates go up. All new, or renewal subscriptions, or extensions of current subscripions ordered before January 1 will be charged at the present rate. (Current subscribers may extend subscriptions for one year at the present rate-for example, if the subscription expires in July, 1966, by extending before January 1, 1966, the subscription will be extended to July, 1967, with the subscriber paying the present rate).

BEEN SHOPPING LATELY?

Sure! People go shopping for many things. Even a Church! But, then, they take Dad along!

Before you go shopping for a Church, make sure you know what you're looking for. For a Church isn't a theatre to provide entertainment, nor a club to fortify one's social position, nor a foundation to channel our charities.

A Church is a SCHOOL that trains whole families in spiritual perception. It is a FACTORY that makes earnest Christians. They're in evidence all

A Church is a TOWER, giving a glimpse of life's horizons, far beyond the petty problems of each day. A Church is a WORK-SHOP where one volunteers his talents in the most chal-

lenging tasks that confront humanity. And, of course, a Church is HOME - the place where we're appreciated,

where we're one of the Family!

But it doesn't hurt to admit that in one respect our churches are like our stores: There wouldn't be one in town if we didn't need what they offer! THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a store-house of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. EDITORIAL

It's Greener On This Side

Christmastime is synonymous with shopping. Since it is our custom to commemorate the gift of the Christ to mankind by giving gifts to our friends and relatives, it is a necessity of the season that shopping has to be done. And although we all complain about the problems of Christmas shopping, but we suspect that we would complain even more loudly if we were deprived of that privilege.

And if the shopper has problems, consider those of the merchant. So Christmastime is a good time of the year to remember the yearround consideration and courtesy shown by aster medical care. our hometown businessmen. Without them, there would be no Santa Anna. When we go Christmas shopping this year, let's check the hometown stores first. It is human nature to imagine that the grass is greener on the other side of the fence, but we can find almost anything we might want to buy right here in Santa Anna, and we then have the added advantage of doing ditions would be the responsibilibusiness with hometown folks, people we know and who we know ty of public health personnel. will stand behind what they sell.

And we help ourselves when we trade at home. Financial experts tell us that a dollar spent in a community passes through an average of six hands before leaving the community, in effect multiplying the purchasing power of the community by a factor pharmaceutical, nursing homes, of six. So trading at home not only guarantees that you will be doing business with friends that you can trust, but it also helps teopathic and graduate nurses. the entire community by helping to increase the prosperity of

This seems like two pretty good reasons for discovering that Houston, in San Antonio, are the grass is really greener on our side of the fence.

Historical Irony

According to a news item this week, the leaders of the North Viet Nam Communist government have decided to send greatly increased numbers of soldiers into South Viet Nam, to intensify and extend the conflict there.

It is considered likely that this decision has been inspired, at least in part, by the news of the protests that received so much publicity here in the United States. Because such public display of dissent would be impossible in the Communist nations without a general revolt, the Communist leaders of North Viet Nam naturally assume that such is the case in this country, and that the protests indicate the basic weakness of the nation and its resolve to carry out its commitment in Viet Nam. A little more military pressure, they seem to feel, will result in the United States backing down from its present stand. So they are sending in more troops, to escalate the conflict even more. When you feel that your opponent is weakening, you attack with even more force. This the pattern being followed by the Communists

Ironic, isn't it, that the actions of those who would purchase 'peace at any price' may instead have caused the fighting to become even more bloody, the conflict to last even longer, and even more Americans to die? This is always the result when people fail to have the moral courage to put principal ahead of expediency, but rather rook for the easy way out. Many of those making the protest marches are supposedly intelligent and educated persons. If such is the case, it is strange that they are not able to read the lesson spelled out by the attempts too buy peace from Hitler in the 1930's

"The thing that has been is that which shall be, and there is no new thing under the sun," we read in the book of Eccleslastes. It is a tragedy that more Americans must die because a small minority of their countrymen cannot or will not accept the lesson of history.

Cotton Report

The quality of samples received at the United States Department of Agriculture Cotton Classing Office, in Abilene, was steady compared with the past two weeks. B. B. Manly, Jr., of the Abilene office, said the 79 gins in District 2, which includes Coleman County, contributed 25,800 of the 35,800 samples The objective of the medical al reached 216,400 samples on selfhelp training courses is to Friday night, which represents one half of the expected total for the 1965-1966 year.

As soon as the frostkilled cot-

ton becomes dry enough for machine harvesting, gins in the counties west of Abilene are expected to operate at capacity and sample receipts at the Clas-sing Office should reach a new high. Producers are urged to de-lay harvesting until the cotton thoroughly dry. Harvesting cotton while it is green results in lower grades and poorer lint turnout, according to Manly.

The precent of samples class-ified in each color category were: White, 14 percent; Light Spotted, 83 percent; and Spotted, three percent. Three precent of the samples were reduced in grade due to "bark," compared with five percent for the previous

The percent of samples in each staple length was: 7/8 inch, five percent; 29/32 inch, 53 percent: 15/16 inch, 40 percent; and 31/32 inch, two percent. The average length was 29.35/32

Micronaire readings showed very good. Of the total number of readings, 97 percent fell in the 3.3 through 5.1 range.

The cotton market became more sluggish. Very little de-mand was shown for Middling Light Spotted cotton, and producers received even to slightly above Commodity Credit Corporation loan rates for that quality. Attorney General Carr recent-ly declared that present policies of admitting only women who are wives, daughters, or widows of faculty members and students would be difficult to defend in court. He proposed that A&M either limit its enrollment to men only, or become fully coed. LAND PROGRAM ENDS

State Veterans Land Program ended November 30, when the last commitment for purchase of property was issued.

Texas Land Commissioner Jerry Sadler said 35,000 Texas veterans bought more than 3,000,000 acres of land at an average price of \$81 per acre. On November 2, Texas voters turned down a constitutional amendment proposal designed to exend the longterm, low interest, land purchase program. SHORT SNORTS

Governor Connally approved five new Federal antipoverty programs with US grants of more than \$1,200,000—in Corpus Christi, Roma, Pharr, Laredo, and Rio Grande City.

Texas business activity declined five percent in October, second drop in a row since the business index reached an alltime high in August, according to the University of Texas Bureau of Business Research.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

Read Romans 6:1-11.

We also should walk in newness of life. (Romans 6:4)

When we revisited mountain areas that were familial to us in our childhood, we noticed that new trees and shrubs were already covering up scars of past mining and forest fires. The vegetation was covering and renewing the earth that had een left ugly and bare by fire and man's carelessness.

Then we thought of this as

having some parallels in the lives of men. Often the sins, sorrows failures, and frustrations that come into our lives leave ugly scars. When we accept Christ's way, becoming new creatures to Him, He renews us and gives a new appearence to our lives. Christ's redemptive grace transforms us and covers the scars

Every new day means a re-ewed chance to let Christ have His way with us. Today brings another opportunity to live as Christ would have us live—in love for God, in peace with ourselves, in harmony with our neighbors and the world.

PRAYER

Heavenly Father, the same yesterday, and forever, help us to resolve to take Christ with us into all areas of life. May we grow more Christlike in all our ways, as we work and as we pray, "Our Father which art in neaven... Amen."

THOUGHT FOR THE DAY

Christ offers us God's way of piritual renewal.
