Hubert Guy and family of Dallas City visited his parents, Mr. and Mrs. Dick Guy, last weekend also. Hubert's sister, Mrs. Hubert Gilbert, of Gorman.

Mrs. W. J. Grear has returned from a visit with her daughter, Mrs. Monte Montgomery, and family and her son, Mr. and Mrs. McNutt, of Worth.

Funeral For Mrs. Mason Held Sunday

Funeral services for Mrs. G. A. Mason held in Satterwhite Funeral Chapel in Breckenridge. A Second service was in Texas on Monday. The Mason family lived in Carbon where she operated a Beauty Shop. Survivors include her husband; one daughter, Mrs. Violet Brabham of Texas; one step-daughter, Mrs. Jack Robertson of Breckenridge; two sisters, and one brother and several grandchildren and great grandchildren.

Mr. and Mrs. W. M. Dunn attended the funeral

Sgt. Ronnie Pack left Tuesday for a year of service in Germany. He was accompanied to Love Field in Dallas by his wife and his parents, Mr. and Mrs. Victor Pack. His wife will reside here during his stay in Germany.

Mrs. Johnson Buried Here Sun.

Funeral for Mrs. J. B. Johnson, 85, who died at 11:30 p. m. Thursday in Lawndale Nursing Home in Gorman after several months illness, was held at 1:30 p. m. Sunday in Higginbotham Funeral Chapel in Gorman, with Rev. Lee Fields officiating. Burial was in Murray Memorial Cemetery.

Born Sept. 25, 1884, in Ark. she married J. B. Johnson June 12, 1902. They had resided in the Carbon Community all their married life.

Survivors include her husband; four sons, J. J. of Carbon, O. A. of Aztec, N. M., Fred of Midland and Alvin of Fort Stockton; six daughters, Mrs. Henry (Sybil) Underwood, Mrs. Melvin (Velma) Maynard, Mrs. Lenis Rice all of Carbon; Mrs. M. M. (Lenora) Brackman of Pasadena, Miss Viola Johnson and Mrs. W. E. (Ina) Reynolds of Carbon; 22 grandchildren, 55 great-grandchildren, and 3 great-great-grandchildren.

Eastland Mayor Dies Monday

Eastland Mayor Frank Deaton died about midnight Monday in an Abilene hospital following a short illness.

Mr. Deaton, 66, was a long-time Eastland resident and owner of Eastland Auto Parts.

He was an active lay leader in the First United Methodist Church where he and his wife attended, and was active throughout this District. He was elected to the Eastland City Commission in 1963 and had served as Mayor in Eastland most of that time. He was a past president of the Eastland Rotary Club, the Eastland Chamber of Commerce and was active in many civic responsibilities.

He is survived by his wife and two children.

Joe Hanna Asks Support In Bid For Legislature

Joe Hanna, candidate for state representative, today issued the following formal statement in behalf of his candidacy:

"As a candidate for state representative of this district, I take pleasure in asking you for your support May 2.

"If I have been contacted you personally, I certainly hope to do so at a later date, because I want to be a true representative of the voters of this area.

"Since I have never served in an elective position before, except for 13 years on the school board in Stephens County, I am basing this campaign on my reputation as a mature business man of integrity, honesty, and sound judgment. With such qualifications I feel I am well qualified to serve in Austin as your state representative, and will bring dignity and respect to that office.

"Our five-county area has only one man to represent us in the house of representatives in Austin. Unless the voice of that one man is a strong one, respected by his constituents, our area has little chance of getting its needs and desires known. I have run a successful business for 24 years, and I have worked with farmers, ranchers, businessmen, senior citizens, and business people of all kinds. Last July, I was my best and am now ready to serve you.

"I have a wife and a home owned by me, and I have the respect of the people of Breckenridge who know me as a 25-year resident of Stephens County.

"I think it is time this area is represented in Austin with some mature business judgment. State government is Texas' biggest business, and it takes a huge bite out of our income and administers services that affect all our lives. I feel that government should be run efficiently and honestly and I am ready to spend my time and effort to do just that.

"I have a big stake in the future, with three children of my own who must be a part of it. I want the opportunity to do my part in making this nation, this state, and this district, the best possible place to live.

"With your vote and confidence, I shall make that effort."

Mrs. Nettie Brunkeh and Mrs. Goad of Hobart, Okla. visited Mrs. Truman Bryant Monday.

V. E. McGinn and family attended the funeral of Mrs. McGinn's brother, Alfred Williams, in Dublin Tuesday.

FHA Financing Planned For Leon Residents Water Supply

O. M. Boyle, County Supervisor of the Farmer's Home Administration met with a group of persons who own property on or near Lake Leon Monday evening in the home of Cecil Reeves on the Staff Road to plan steps to take to conclude an effort that has been going on for some time to bring filtered and treated water to people who reside, either permanently or intermittently on or near the lake.

Since the Morton Valley Water System and the Carbon system were successfully completed on funds borrowed from the Farmer's Home Administration and arranged by Mr. Boyle it seems that a filtered water system around the lake is entirely feasible.

E. F. Arterburn, Cecil Reeves, Jimmy Little and Danny Woods have been working on the project for some time and already have 68 families signed up to be paid in their \$50.00 fee.

Mr. Boyle stated that if \$13,500 could be signed up and the \$50.00 fee for the project could begin the preliminary engineering stage.

Present at the meeting on Monday evening were: Cecil Reeves, Ira Boy Blair, Charles Crossley, Danny Johnson, O. M. Boyle and E. F. Arterburn and people who own or lease property on or near the lake are invited to contact anyone of those present for further details.

Stamey Reviews Programs In Bid For Re-election

O. L. Stamey, candidate for county superintendent of Eastland county subject to the will of the voters in the May 2 democratic primary and the general election next November, this week made the following statement on his candidacy:

"I want to thank the people of Eastland county for the support given the office of county superintendent during my tenure in office.

"We have in addition to the county superintendent, an assistant superintendent with the supervisors and an

every way with the supervisors and teachers to bring about the best schools for the youth of our County.

"During three of the last five years this office sponsored a co-operative program handling the Title-One of the Elementary and Secondary Education Act which brought to the eight schools of Eastland county \$339,007 in federal aid for use in buying equipment, securing remedial teachers, teachers aides and special services.

For the last five years the county school board has maintained a contract with the Department of Labor for "In School" program of the Neighborhood Youth Corps that has helped keep high school pupils in school. This program has brought to the students of Eastland county \$250,000 in wages earned. More important it has been a work training program that fitted these pupils for various office jobs and as a result many of the ones trained during the early stages of the program are now in college preparing for a useful career.

The N.Y.C. Program has

been expended and now have six counties under sponsorship of the County Superintendent.

"Another program in addition to the routine duties of the office has been the records for hundreds of people seeking data of their school reports, so necessary at this modern age.

"We invite your questions, interest and aid in keeping this valuable asset to the youth of this area of Texas. It will be impossible of you but I solicit your aid and influence in the coming Primary election."

Fiatwood Club Meeting In Wells Home

The Fiatwood Home Demonstration Club met in the home of Mrs. Wells, with Mrs. Graves reading the prayer and prayer to open the meeting.

Mrs. Guy Sherrill led "The More We Get Together" and Mrs. Wells read "5:8 for the devotion."

Mrs. Janet Thomas presented a program of fabric.

A group of members gave a program of songs and sports and feeding of Mrs. Judy Cardwell was a guest. Refreshments were served. Members present were

Members present were

Mr. and Mrs. Jim Jackson of Brownfield have been visiting his sister, Mrs. Hoyle Reed, who has been seriously ill following surgery in the Eastland Hospital. She is now improving.

Mrs. Bernice Mangum has returned from a visit with her sister in Oklahoma.

Farmers and Ranchers Busy Planting of Improved Pastures

BY RAYMON A. WADE, SCS
RISING STAR, TEXAS

Farmers and ranchers in this area of the Brown-Mills and Upper Leon Soil and Water Conservation districts are busy planting improved pastures. Several methods of seedbed preparation are being used. On old field areas clean firm seedbeds are being used. These seedbeds can be prepared with either a disc harrow, one or two section harrows, or a firm seedbed preparator. On stands of timber local contractors are dozing and piling oak. Some landowners are root-planting and piling brush. Then a heavy drag to pull a roller chopper weighing over 39,000 pounds over the brush and seeding grasses from the tractor all in one operation.

Some of the landowners who have recently completed

planting pasture grasses are: Curtis Alford; Billy Zirkle; B. D. (Bud) Linney; Lenham Burkhalter; Alfred Schaffner and Pete Roberts.

A good rule of thumb for successful pasture planting is prepare a good seedbed, put down the correct amount of fertilizer, use good sprigs for Coastal Bermuda grass. Use good seed with a current analysis showing Pure Live Seed for other grasses. Plant each type of grass at the correct depth in a workman like manner. Follow up with mowing, shredding or chemicals for weed control. Graze properly after the grass is established, do not graze no more than 50 percent by volume weight to allow the new plants to establish a good root system and go into the winter with good vigor and adequate cover on the land.

Contractors are available to do any planting that the landowners do not wish to do themselves.

One out of every 10 tornadoes in the U.S. hits Texas.

Y. R. MARQUIS GORDON
 County Agricultural Agent

We were happy to learn this week that the Nimrod Community had been judged one of the best in the District of pasture community improvement program. A team of out-of-town judges will be at Nimrod to tour the community this Friday morning. The Nimrod will receive honor and a plaque on September 15. Governor Proctor will be the speaker at the honor banquet. Leaders from Nimrod will receive a silver tray for having participated in the Texas Community Improvement program for at least 10 years.

Carroll and Morton Valley are the other communities that are making much progress. Their new water systems provide an excellent opportunity for development and

growth in their communities. The leaders deserve a lot of credit for working so hard to improve the conditions of their communities.

What is causing my peach leaves to become red and swollen? This is a question that is being asked by many people this week.

This disease like many other plant diseases must be prevented before the symptoms occur.

Peach leaf curl is a fungal disease which attacks the young developing leaves as they emerge from the bud scales. As a result of this infection growth hormones are produced, which induce the leaf to become puckered and distorted.

Ferbam is a fungicide that can be applied in the winter or spring at the pink bud stage for the prevention of this disease. It must be applied prior to the leaves emerging from the buds. Ferbam should be used at the rate of 1 1/2 to 2 pounds per 100 gallons of water or 1 1/2 to 2 tablespoons per gallon. If your trees have this disease, make a note to

use this fungicide next spring. Those who use it this year report good control.

If you did not spray for peach leaf curl this year, you could pull off the infected leaves and burn them so that the rate of overwintering inoculum will be reduced.

Several meetings are being held in Eastland and surrounding counties to urge farmers to grow Guar. The use of guar products is expanding rapidly and buyers want to get farmers in this area to produce this crop.

This crop grows well on the same type of soils that are good for peanut production. A farmer could expect to make a net income of \$20 to \$40 per acre.

Eastland Auction Company report for April 14, steady to strong prices; 651 head of cattle, 351 hogs, 146 sheep and goats sold; 207 consignors; and 71 buyers.

Prices reported: butcher bulls, 23 to 30.30; stocker bulls, 26.75 to 44.93; butcher cows, 21 to 25.40; canners and cutters, 16 to 23.25; butcher calves 28.75 to 33.25; stocker steer calves, light choice, 38.75 to 49.75; heavy choice, 28.25 to 36.75; stocker heifer calves, 29.50 to 36.25; yearling heifers 27.25 to 34.50; stocker cows, 170 to 230; pairs, 190 to 355; butcher hogs, 22.75 to 24.50, mostly 24.25; sows, 21 to 22.50; stocker goats in the hair.
