As of Monday of this week that particular "old melody" could be sung in all honesty. The 21st day of March, Year of our Lord 1966, marked the vernal equinox. "Vernal" comes from the Latin root "ver", meaning spring; and "equinox" is also from the Latin-"equi", meaning "equal", and "nox", meaning "night". The vernal equinox is therefore the day in the spring when the length of night and day are equal. It's a lot easier to say "the first day of spring."

season of spring is a strange malady known as "spring fever" the beginning of spring weather of Austin.

From this description, we have all the year around.

spring fever was a mixture of sulphur and molasses, which may not have done much for the spring fever, but it sure did get rid of a lot of molasses. Actually, it was not the sulphur and molasses that cured the malady, it | was the threat of it.

What, after all, is spring? It is a time when gardens are planned, and spaded, and planted. It is a time when teachers have a hard time keeping their student's attention on their studies and not out the window. It is a time for picnics and fishing trips and cleaning air conditioner filters. And cleaning in general. It is a time when the skies are bluer, the breeze warmer, and the roads more inviting than at any other season of the year. It is a time for dreaming about those far away places with strange

THE CHURCH FOR ALL

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When the buds burst into fragile flower, and their breath is everywhere, and a warming breeze caresses the cold, damp earth . . . this is more than Spring. This is the time of Promise.

For these same festive branches shall lift a precious burden of fruit when the red-gold mantle of harvest falls across the land.

When human souls awaken to the reveille of faith, and hymns and prayers fill the arches of heaven, and the warmth of an ageless hope reaches from heart to heart . . . this is more than Lent.

For the faith which blossoms today will bear its own precious fruit.

Love! Joy! Peace! The harvest of souls like yours and mine is beginning anew to grow.

REELECT Calvin Campbell

Santa Anna City Council

CALVIN CAMPBELL is a native of Coleman County, and has lived in Santa Anna all of his life. He has served on the City Council two different times, this present time for the past six years. He is a member of First Baptist Church, Santa Anna Chamber of Commerce. Santa Anna Livestock Association, and Coleman County Farm Bureau. He is in the petroleum business and is a stock farmer. Like all members of the City Council, he has given freely of his time and effort to help build a better Santa Anna. Calvin Campbell deserves your support on election day.

RESULTS, not Promises:

Here Is What Your City Council Is Doing For YOU

- The present administration obtained an additional firetruck for the Santa Anna Volunteer Fire Department, and remodled the fire department's portion of City Hall so that all three trucks could be garaged there (previously, one had to be kept in a metal shed).
- The administration cooperated with the Santa Anna Housing Authority to obtain the 16-unit housing project, adding to the local economic situation.
- The present administration installed two way radios in City Hall and the city's vehicles, saving time and money for the city, and providing faster service for its citizens.
- The current officeholders were responsible for remodeling and modernizing the City Warehouse Building, and the Water and Street department headquarters—all paid for.
- When the present administration took office, the city was employing three secretaries. With the addition of modern booking machines and systems, only one fulltime secretary is now needed, saving the taxpayers of the city the salaries of two fulltime workers.
- The city had no vehicles or machinery in good repair when the present administration took office, costing the city large sums in repairs. The city now owns three trucks, two pickups, a grader, two tractors (one with a mower attachment, one with a frontend loader), and in good repair, and all paid for.
- And all of this has been accomplished with one of the lowest tax rates of any city of this size in Texas.
- The present City Council built the water tank on the East Mountain, with a capacity of 5000,000 gallons of water.

- The current administration provides maintainance for the wading pool each spring, and furnishes water for the pool at no cost.
- When the present administration took office, the only streets that were paved in Santa Anna were Avenue B, Wallis Avenue, and Bowie Street near the cemetery. Santa Anna now has the highest percentage of paved streets of any city in Texas.
- Santa Anna had the highest per capita investment in construction of any city in Texas during 1964.
- When the present administration took office, the city did not have enough funds in the treasury to pay the city employees. During this administration, the city has operated entirely in the black, has never delayed payment on any bill, and now has one of the best credit ratings possible for a city of its size.
- © City Hall has been completely renovated, and a new roof added, during the tenure of the present administration.
- The present members of the City Council were responsible for providing new siding and roofing for the City Library, for the landscaping, and for the sidewalks. The City furnishes utilities at no cost for the Library building.
- Many new businesses have come to Santa Anna, encouraged by the progressive city administration—A nursing home, a motel, a medical center that will be a multimillion dollar asset to the city, and many more.
- The administration participated in the county labor survey, providing facts to help obtain new industries and businesses for the area.
- And many, many more improvements.

We Take A Stand

This week, The Santa Anna News comes out strongly against there would be enough jobs for cold weather, snow, ice in places other than refrigerators and everyone right there. I just can't tall drinks, northers duststorms, mud, frozen automobile radiators, cold winds, and other such evidences of winter. While it was still wintertime, we could not make such a stand without running the danger of being called unAmerican. But now that spring has officially arrived (as of Monday of this week) we can take this position fearlessly.

Editor:

First I would like to thank you for giving everyone the chance to express their opinions.

I can remember when there wasn't a vacant building in Santa Anna and it was hard to find a place on the street to park. That was due to small farmers. Those days have been gone for to drive to other towns to work through Santa Ana. Long disand some don't have a job half tance travlers, trucks and buses the time. Others have moved to will not stop for life, limb, or

and price support payments. Besides qualifying for price support loans, purchases, and payments, the participating grower also earns a diversion payment for shifting part of his feed grain base to a conserving use; the payment does not apply Mr. and Mrs. Rastus McClune, to the first 20 percent diversion The price support payments may be earned on the projected pro-Mr. and Mrs. Bill Price visited duction from an acreage up to the John Loyd family in Santa 50 percent of the total feed grain base for the farm by planting one or more of the feed grains

corn, grain sorghums, or barley. Farmers who sign up and then carry out provisions of the 1966 voluntary wheat program will be able to get domestic marketing certificates in addition to price support loans and purchases for their wheat crop. On the "domestic" part of the projected production, the support available through loans and certificates will be at 100 percent of parity as of the beginning of the marketing year-July 1, 1966. (The February 4, 1966, wheat parity was \$2.53 per bushel.)

Cotton farmers on the larger farms take part in the program by reducing their cotton planting by at least 12.5 percent below the farm's effective allotment and meeting other program provisions. As much as 35 percent of the allotment may be diverted for payment.

Cotton growers who do not want to plant any cotton this year may sign up for 12.5 percent reduction, comply with intention and release to the county committee the remaining cotton al-

Tired of the fumes and dirt from combustion type heating? Want to enjoy the remainder of winter, and winters to come?

Switch to FLAMELESS **ELECTRIC HEAT**

Now at a low rate!

With Flameless Electric heat there's just clean even wall-to-wall warmth that sort of surrounds you with comfort . . . none of the dirt created by flame type heating systems. And electric heat is dependable and carefree. Because of its unique simplicity, upkeep is negligible. With baseboard Electric heating, individual room control allows the nursery or bathroom to be kept warmer without heating up the entire house and wasting heat. Completely silent Electric heat is now available at non-luxury cost. The special low rate is 10° per kilowatt hour for all energy used during the winter months in excess of the first 500 KWH. *Plus Fuel Cost Adjustment and Sales Tax.

Ask WTU or your heating contractor for full information on Flameless Electric Heating.

REELECT O. A. ETHEREDGE Santa Anna City Council

O. A. ETHEREDGE has lived in Santa Anna for 34 years, moving here from San Angelo. He has been associated with the Texas Company since 1932. He has served as Chairman of the Board of Stewards of First Methodist Church, and is presently a memeber of the Board, and holds the position of Sunday School Superintendent. During his 12 years on the City Council, he has served the people of Santa Anna well. He deserves your support to help him finish the job of building a better Santa Anna for everyone.
