FHA News

The Carbon F. H. A. Chapter met Friday, Oct. 21. After the meeting was call to order by the president, Kay Thackerson, the roll was called and the minutes from last month were read by Debbie Jackson, secretary. Sharon Garrett, Faye Region and Treasa Fields, Advisor, had charge of the program. Miss Janet Meyers, County Home Demonstration Agent, and Mrs. Wanda Chilton gave a speech on "Careers In Home Economics." After the business meeting, the session was closed by the president.

Son of Carbon Residents Dies In Carrier Fire

James Kenneth Gray, 23, son of Mr. and Mrs. Rufus T. Gray of Carbon, was one of 43 persons killed in the explosion and fire aboard the aircraft carrier Oriskany off the coast of Viet Nam last Wednesday.

Funeral arrangements have been pending since the parents were notified of their son's death by military telegram. The telegram informed them that the seaman, who had completed three years of a four-year enlistment, had been asphyxiated.

Young Gray was born in McAllen and had lived in Lubbock and in Happy, Tex. His family moved to Carbon about two years ago. He is survived by his parents; three brothers, Ray, 19, also in the Navy stationed in San Francisco aboard the USS Delta; Blaine, 27, of Gorman, and Wayne, 30, pastor of a church at Aztec, New Mexico.

Mr. and Mrs. Gray are in Aztec, N. M. where services and burial will be held upon completion of arrangements.

General Election November 8

Hubbard Gilbert, local election judge announces the voting place in Carbon for the General Election, November 8th will be at the school tax office. Polls will be open from 8 a. m. to 7 p. m. All eligible voters are urged to vote.

Robert Rich and family of Denver City visited his mother, Mr. and Mrs. C. C. Raspberry, last weekend.

David Wood, university student of Denton visited friends in Carbon over the weekend.

Social Security Representative At Court House

The Social Security representative will be in the County Court Room at 10 a. m. on the following Mondays: November 7, 21, and 23.

Persons nearing age 65 should consult their Social Security representative before their birthday month.

It has also been announced that recent amendments to the Social Security law extended the age limit for child's benefits from 18 to 22. Any child whose benefits were terminated because of reaching age 18 may have them reinstated if still unmarried and a full-time student.

Check with the representative for more information about this.

WOLVERINES BEAT MORAN FOR THIRD CONFERENCE VICTORY

The Carbon Wolverines won their third conference game by defeating Moran 70 to 30 last Thursday night at Moran, Carbon scoring ten touchdowns. Herbert Casey was responsible for 3 touchdowns, Ray Kanady 1, Ronnie Hughes 4, Larry Bryant 2, and Alvie Allison scored 5 points.

The entire squad saw action during the game. They play Gordon there this Thursday night and this team is expected to be one of our toughest opponents in conference play this season. Carbon plays Strawn here on November 10 and we will end conference play when we meet Putnam here on November 17th.

All of the players came out of the Moran game in top physical shape and a good game is expected at Gordon Thursday night.

Burlesons to Celebrate 50th Anniversary

Mr. and Mrs. W. R. (Russ) Burleson will celebrate their Golden Wedding Anniversary, Sunday, November 6, with a reception at their Desdemona home. Hostesses for the open house from 2 to 5 p. m. will be children of the couple.

The Burlesons have three children, Mrs. Paul Norris of Carbon; Harold Burleson of Big Spring; and Major Bobby Burleson, now station-

ed in Viet Nam. A son, Jerrell D. Burleson, died in 1950.

The couple have eight grandchildren and two great grandchildren.

Mr. and Mrs. Burleson were married in 1916 at the Dustef Community, with Rev. Frank Skaggs officiating.

Friends and relatives of the Burlesons are invited to call at the home between 2 and 5 p. m. Sunday, Nov. 6.

Jack Cozart Re-Elected Farm Bureau President

Eastland County Farm Bureau elected directors and officers at its annual convention Monday, Oct. 24, at Eastland's First Christian Church.

Jack Cozart was re-elected president. Others are Sam Kimmell, first vice - president; B. T. Graham, second vice - president; and Ray Directors chosen to serve Norris secretary - treasurer, until 1968 are: J. C. Coatts, Henry Fry, B. T. Graham, and Kimmell, all of Cisco; J. A. Griffin, Jr. of Carbon; Pete Hatcock and John Love both of Ranger; Teddy Sni-

Mr. and Mrs. Bill Blue of Cisco visited Mrs. J. A. Brooker Sunday.

Mrs. D. L. McCracken of Trinidad is visiting her parents, Mr. and Mrs. E. Funn, and sister, Mrs. D. D. Sandlin, and family. Mr. Dunn who has been a patient in the Eastland Hospital since Sunday, is reported slightly improved.

Mr. and Mrs. D. D. Sandlin and daughter, Kathy, and Fred Coburn of Eastland visited Bill Sandlin in Huntsville last weekend and Miss Sandlin and Mr. Coburn attended the Texas Aggie football game at A&M College Saturday.

der and Otis Rodgers, both of Gorman and George Stute, Rising Star.

Holdover directors are Herman Schaefer, Cozart, Norris Like Palmer, Glenn Jordan, Ed Harrison, K. F. Kirk, R. L. Ricks, B. M. Campbell and Luke Palmer.

T. E. Yarbrough, Graham, Kimmell, Elynn Fry, Henry Fry, and Ricks were selected to attend the State Convention in Corpus Christi, November 13-16. The group also voted to send Secretary Ann Justice to the convention. Alternate delegates are Mr. and Mrs. Kirk and Mr. and Mrs. P. M. Ray.

Invocation for the night was given by State Director Billy Joe Gist of Abilene.

Cozart introduced Gist, DeMarquis Gordon of Eastland, Farm Bureau directors, and Agent Gayle Baucum. Baucum presented the agent's report and introduced Service Agent Paul Huffmann and Secretaries Ann Justice and Betty Claborn.

Millard Shivers, director of Rural Development of Blue Cross - Blue Shield of Texas, was featured speaker for the convention. He discussed the hospital's increased rates and outlined benefits of hospitalization with Farm Bureau and the benefits of the companion service of Blue Cross. Shivers stated that Blue Cross had 195 groups with Farm Bureau.

County Town Momentos To Be Distributed

Some 500 envelopes filled with material about Eastland County and each of its towns will be distributed by the Eastland County Historical Committee at the state convention in Fort Worth early in December, it has been announced.

Committee members saw similar packets distributed at the state meet in Odessa last year, and are in the process of preparing material to "tell the Eastland County"

story when the state delegations convene at the Green Oaks Inn Dec. 1, 2 and 3, County Chairman Mike Collins reports.

The cover envelope will be printed with a map of the county, showing the location of ten markers, either erected are scheduled for erection.

There'll be a new map of Lake Leon, Old Rip Post Cards, Old Rip Pencils packages of Gorman - packed peanuts a brochure from Rising Star, Ranger and other towns.

When carriages first came into use during the 16th century, they were scorned by men as suitable only for women and children.

272 Students Learn by Night At Local College

In the night classes being taught at Cisco Junior College this fall, 272 students are enrolled, according to a news release from the school. Of this number, 119 students are pursuing technical-

vocational courses. Courses being taught at night are freshman English, sophomore History, beginning and advanced typing, data processing, business office machines and a non-credit aeronautic ground school course.

Handling the night load are one full-time faculty member and eight part-time instructors. Each instructor has either a bachelor's or master's degree.

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools has increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

INCREASED TOURISM — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION — New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

County Historical Group Has Meeting on Markers for Towns

The Eastland County Historical Committee met Thursday afternoon in the Lake Leon cabin of Mrs. Arthur Murrell, Eastland representative.

County Chairman Mike Collins reported on the official Texas Historical town markers which have been applied for by the committee. One will be erected in Rising Star and one in Eastland, if the applications are approved. The committee plans to obtain a Town Marker for each town in the county when possible. Each Town Marker will contain information on the organization and history of the town. These markers costs several hundred dollars and Collins pointed out that, at this time, the Committee is working on a \$500 annual budget. This money is an allocation from the County.

Berry Greenwood of Carbon, Mrs. Alex Spears of Cisco and Mrs. Murrell presented reports from the Workshop on the Organization of Small Museums, which they attended in Woodville, Texas.

They stated that there is absolutely no easy way to start a museum and explained that, although the museum

itself may be small, the work connected with it is not small or simple. Professional help would be required.

Collins said, "At this time, the Committee is just exploring the possibility of a museum for the county. This is not a definite project yet. A museum is not something built by a committee; it would require the entire county's enthusiasm and support. This building of a museum would take many years and we play to investigate it from every angle before making any decision."

The Committee also discussed the State Historical Convention, which will be held the first week in December in Fort Worth. Eastland County representatives will distribute packages containing items from each town, as well as historical data maps, and up-to-date information about the county.

The next meeting will be at 3:30 p. m., in the County Commissioner's Court room on Nov. 10.

Attending were Mrs. Murrell, Mrs. Spears, Greenwood, Collins, Lee White of Rising Star, and County Judge Scott Bailey.

Texas Farmers Get Most Money At Their Banks

AUSTIN — Texas banks were serving farms and ranches with more credit and other financial services than any other lenders at the beginning of this year, according to Walter F. Johnson, president, Texas Bankers Association, and president, First National Bank of Abilene.

During 1965, Texas banks maintained their leadership in agricultural credit services.

Based on the 25th annual farm and ranch lending summary of the agricultural committee of the American Bankers Association, Mr. Johnson reported that at the beginning of 1966, Texas banks were helping farmers and ranchers with \$703 million in loans, 7 per cent more than a year previous. This total included \$591 million in production loans and \$117 million in farm and ranch mortgages. At the same time, \$521 million in farm and ranch loans was held by life insurance companies; \$375 million by the Federal Land Banks; \$159 million by Production Credit Associations; and \$88 million in non-real estate loans, plus \$56 million in real estate loans by the Farmers Home Administration. About 71 per cent of the production

credit extended by lending institutions to Texas farmers banks.

Mr. Johnson said that "bankers in Texas are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers and ranchers."

The increased use of credit by farmers and ranchers, according to Mr. Johnson, has been accompanied by a substantial gain in the total assets of farm and ranch families. Therefore, in the aggregate, the equity position of farmers and ranchers contrary to public opinion, is being maintained at a satisfactory level. Nationally, farm and ranch families have \$212 billion of their own funds invested in agriculture. This represents 84 per cent of the total capital requirements of farmers and ranchers.

Mr. Johnson stressed the importance of farmers, ranchers and bankers working closely together to improve farm and ranch financial arrangements. He reported that nearly 89 per cent of the banks in Texas were extending credit to farm people.
