## "Old Men's" Game Slated Saturday

An "Old Men's" baseball game is scheduled to be played here Saturday night, beginning at 8 p. m., according to word from Fred Hicks this week.

The tilt will be played on the local diamond, with the proceeds from the affair going to the local quarterback club for use during the coming school year.

Any of you 'ole' men who think that you can still play this young man's game, please contact Fred Hicks and get your name on the dotted line. It really doesn't matter whether you are an outstanding player or not, it's all for entertainment and fun and the proceeds will be used for a good cause.

A small admission of 15c and 25c will be charged.

## Clark Miller, 69, Dies of Apparent Heart Attack

Final rites for Clark Miller, 69, were held at 4 p. m. Monday in Santa Anna First Methodist Church with the Rev. Gene Early of Brownwood officiating. Burial was in Santa Anna Cemetery under the direction of Hosch Funeral Home.

Mr. Miller, a life-long Coleman County resident, died of an apparent heart attack Sunday morning while attending services at Congregational Methodist Church in Brownwood.

A resident of Santa Anna for the past six years, he was employed by Coleman Gas Co.

Mr. Miller was born April 11, 1897, in Williamson County and married Byrdie Wagner Jan. 9, 1926, in Santa Anna.

Survivors include his wife; one sister, Mrs. Zeldia Walker of Pittsburgh, Pa., and several nieces and nephews.

## Sulphur Springs Boy Named State FFA President

An 18-year-old farm boy from Sulphur Springs will be at the helm of the 49,000 member Texas Association of Future Farmers of America during the coming year.

Marcus Hill was elected State President during the closing minutes of the 38th annual FFA state convention in Austin, July 13-15.

Elected State FFA Sweetheart was Susie Flahaven, 18-year-old daughter of Mr. and Mrs. T. A. Flahaven of Houston. She won the right to compete in the state contest after being named sweetheart of the Spring Branch FFA Chapter in Houston and then winning in Area 3 competition.

The new state president is the son of Mr. and Mrs. Truman Hill of Yantis. His supervised farming program consists of beef and pork production and development, brood mares and hay and potato crops. He has served as president of the student body at Sulphur Springs High School and is a member of the National Honor Society and Future Teachers of America.

Marcus plans to attend college to major in agricultural education, but that will have to wait for a year while he devotes full time to representing the more than one thousand Future Farmer chapters in statewide activities.

Other convention honors went to the winner of the Public Speaking contest, Murray Edwards of Clyde FFA Chapter.

Winners of the Talent Team contest were Jay Lee Marek and Jimmie Mashaw of Mason FFA, a western music duo.

## Advertising Rates To Increase

Due to increased costs of living and necessary materials and supplies for the operation of The News, advertising rates will be adjusted slightly, effective with the first issue in August. We will appreciate your continued cooperation.

## FRED GRAY RESIGNS BAND DIRECTOR POST

Santa Anna school faculty suffered another loss this week when Band Director Fred Gray submitted his resignation, according to an announcement from Superintendent Cullen Perry.

Mr. Gray has accepted the position of band director at Raton, New Mexico.

Mrs. Gray, who has been serving as school secretary, also resigned and has accepted work in the Raton school system.

Other than a band director, the faculty still lacks a commercial teacher, and a Junior High school coach-science teacher, Supt. Perry stated.

## Final Rites For George Green Held Wednesday

Funeral services for George O. Green, 78, a life-long Coleman County resident, were held at 10 a. m. Wednesday in Stevens Memorial Chapel, Coleman, with burial in Coleman Cemetery.

Mr. Green passed away at 2:40 a. m. Monday in Santa Anna after a long illness.

He was born Sept. 29, 1887, at Jim Ned, and was a retired teacher and bookkeeper. He was also a Mason, member of the Woodmen of the World and Santa Anna Methodist Church member.

Survivors include his wife, Frances; a daughter, Mrs. Forrest Reens of Guthrie, Oklahoma; two sons, George O. of Germany and Joe of Rockville, Ind.; three sisters, Mrs. Will N. McCulloch of Coleman and Mrs. Lela Bell Fomby and Mrs. Allie Hickman, both of Santa Anna; 11 grandchildren and one great-grandchild.

## Hospital Board Chairman Promoted

B. E. Leach, Fort Worth, chairman of the Santa Anna Hospital Board, has been appointed as president of the Southwestern Conference of Seventh-Day Adventists with offices in Richardson. Elder Leach for the past 8 years has been the president of the Texas Conference of Seventh-Day Adventists which included being the chairman of the Santa Anna Hospital Board.

He will assume his work of directing the Seventh-Day Adventist Churches of the Southwestern Union which includes the five states of Texas, New Mexico, Oklahoma, Arkansas, and Louisiana. Elder Leach will be assuming the duties left by retiring President L. C. Evans who has been president of the Union for fourteen years and in the ministry a total of forty years.

## Dr. Earl McDonald, Long-time Local Physician, Buried Friday in Dallas

Funeral services for Dr. Earl McDonald, 66, of Arlington were held at 10 a. m. Friday in an Arlington funeral home chapel with burial in Restland Memorial Park in Dallas.

Dr. McDonald, a well-known physician in this area for many years, passed away Wednesday of last week in Dallas.

Most of Dr. McDonald's medical career was spent in Santa Anna where was associated with the late surgeon, Dr. T. R. Sealy. After the death of Dr. Sealy, Dr. McDonald operated the hospital from 1939 until 1950. He also served as mayor here from 1934 to 1938.

A physician in Arlington for the past fifteen years, he was president of the Arlington Medical and Dental Society at the time of death. He received his academic and pre-medical training at Southern Methodist University and received his medical degree from Baylor University School of Medicine in 1928. He was also a founder and the

## 5th Contestant Enters Race

Miss Neta Ann McClure, daughter of Mr. and Mrs. Glynn McClure of Route 1, Santa Anna, is entry number five in the Coleman County Farm Bureau Queen Contest.

Neta Ann, 17, will be a senior in Santa Anna High School this fall. She is a member of FTA, served as an officer for three years in FHA and band, and selected "Girl of the Month" during her sophomore year, and is a member of the Baptist Church Choir.

Selection of the Queen will be made August 5 during a meeting at the National Guard Armory in Coleman.

## Capt. Jimmy Robinett Visits Relatives

Capt. Jimmy Robinett has been visiting his parents, Mr. and Mrs. Dallas Robinett, and a brother and family, Mr. and Mrs. Robert Robinett, for the past two weeks.

Capt. Robinett has just returned from a year's tour of duty in Korea. He received notification that he would be promoted to Major when he arrives at his new base station.

His wife and two children have been making their home in San Angelo during his Korean tour. Capt. Robinett and family will move this week end to Fort Riley, Kansas where he has been assigned for further duty.

## Former Local Girl's Husband Promoted

Willis L. Tillman, son of Mr. and Mrs. James C. Tillman of 323 S. E. 44th St., Oklahoma City has been promoted to technical sergeant in the U. S. Air Force.

Sergeant Tillman is a precision measuring equipment technician at Dyess AFB, Texas. He is a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

His wife, Nancy, is the daughter of Mr. and Mrs. Norval D. Wylie of Santa Anna.

## Hartman Explains Use of Equipment At Lions Meeting

Ed Hartman, a member of the Santa Anna Volunteer Fire Department, demonstrated the use of a vital piece of department equipment during the Tuesday meeting of the local Lions Club.

Handling and use of the equipment, known as the Scott Air Pak, designed for use in entering smoke-filled buildings as well as underwater use, was explained by Hartman.

The meeting was presided over by President John McDaniel.

## Bruce Mare Takes 2nd At Show

Josephine Sue, a three-year-old mare owned by Mr. and Mrs. C. D. Bruce, took runner-up spot in the Coleman County Quarter Horse Show held last Saturday at the Coleman Rodeo Grounds.

Top's Snip Star, owned by Mr. and Mrs. H. Rutherford of Clyde, was named top horse of the show, garnering 14 points in the halter and performance classes.

Josephine Sue, making her first debut in the show ring, wound up with 13 points for an excellent performance.

In the halter class, Josephine Sue took 6th place for the 1963 mares. In performance class she won first in Junior Western Pleasure, second in Junior Reining and first in Junior Western Riding.

## Farm Bureau Sets 4th Citizenship Seminar in Waco

More than 350 high school juniors and seniors from all over Texas are expected on the Baylor University campus in Waco August 9-13 for the fourth annual Texas Farm Bureau Citizenship Seminar, according to C. H. DeVany, TFB president.

"Purpose of the seminar is to convey to students a better understanding of the American system and way of life," DeVany said. Emphasis will be placed on the economic, moral and social aspects of the American society that were envisioned by our forefathers in our Constitution and Bill of Rights, he added.

Several nationally-known speakers will compose the seminar faculty.

## C. M. Barringtons Return From Trip

Mr. and Mrs. C. M. Barrington and son, Ray, have returned from a week's vacation and visit in Palacios, Texas City, Pasadena, and Houston. Ray is home on leave from White Sands Missile Range, White Sands, New Mexico.

They visited a daughter and family, Mr. and Mrs. J. C. Young at Texas City, and while there went on a boat fishing excursion in the gulf, Ray snagged a 15-pound Kingfish on the trip.

At Pasadena they visited with Mr. and Mrs. Jim Young and their first great-grandchild, Joy, who is three months old. They also spent one night in Houston with an aunt, Mrs. Belle Russell, and other relatives before returning home.

Attend church regularly.

## Safety Director Endorses Campaign To Display "SMV" Warning Emblems

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, has joined the Texas Farm Bureau in urging operators of "slow-moving vehicles" such as farm tractors, combines and road construction and maintenance equipment to display special luminous "SMV" warning emblems on the rear of the equipment.

Garrison said the emblems, developed as the result of extensive research at the University of Ohio, are available through all county Farm Bureau offices and a number of farm equipment dealers, gins, elevators and warehouses.

He emphasized that the emblem is not designed to replace any other warning devices, such as lighting, which are required by law, but to supplement such devices.

While this emblem is not re-

## Coleman Electric Co-op Sets Annual Meeting Friday

Members of Coleman County Electric Cooperative will hold their annual meeting Friday night at the Coleman Rodeo grounds.

Membership registration will begin at 7:00 p. m., with the business session to get underway at eight o'clock. Musical entertainment on the organ will be provided by Linda Kasberg of Miles, from 7:30 until 8:00.

Included on the business agenda will be the president's report, secretary's report, manager's report, and the election of three directors.

The girl winner of the Youth Tour, Linda, Kasberg, will give the speech that won her the trip to Washington, D. C., and the boy winner, Ronnie Droll of Rowena, will give a picture story of the trip.

Also on the program will be Leon Hill of Amarillo, who will help keep things rolling with his own brand of special humor, and a band from Fredericksburg, Pehl's Old Time Band, will entertain with a variety of musical selections with their German flavored music.

A special invitation is extended to visitors.

## Rose Cleaners Purchased By W. Jamesons

Mr. and Mrs. Woodrow Jameson have purchased the Rose Cleaners from Mr. and Mrs. Hardy Rose, and will assume control of the business today (Thursday), according to an announcement on Tuesday of this week.

The Jamesons, who live west of Coleman, do not plan to move into Santa Anna. Mrs. Jameson will manage the business, commuting to and from work daily. Mr. Jameson is employed by Commissioners Precinct No. 4.

Announcement of the transaction and statement of policy may be found in an advertisement elsewhere in this issue of The News.

## Women to Appraise Growth Potentials

Leading West Texas women will appraise and evaluate West Texas Growth Potentials during a meeting on August 5 at the colorful and historical Lambshed Ranch near Albany.

Also to be considered is the formation of a Woman's Committee in the West Texas Chamber of Commerce.

The Growth Potentials were developed by experts who participate in twenty-two brainstorming sessions held throughout West Texas. The subjects included tourism, industrialization, public affairs, agriculture and ranching, water, education, petroleum and chemicals, and cultural affairs, all approached from the West Texas angle.

"The viewpoint and participation of women is vital to the future development of the Growth Potentials of West Texas," said John Ben Sheppard, of Odessa, President of the West Texas Chamber of Commerce.

The Centennial Trail Drive ended at the market that replaced the long trail drives to Kansas of one-hundred years ago. The longhorn cattle shown above made the recent historic trail drive sponsored by the Texas Longhorn Breeders Association from San Antonio to Dodge City, Kansas. They were then returned to the Union Stock Yards San Antonio. The trail drive followed the same route the cattle drives of one-hundred years ago followed to find a market. With the development of livestock markets like Union Stock Yards San Antonio, the long cattle drives no longer were necessary. This cattle drive brought the attention of the whole country to the cattle industry.

# State Capitol NEWS

Austin — A \$10,000,000 state bond sale has launched a new "opportunity plan" designed to bring college educations within the financial reach of all qualified Texas youth.

"Never again will students of this state be denied higher education because of lack of funds," commented John E. Gray of Beaumont, chairman of the Coordinating Board, Texas College and University System. Initial bond sale was awarded to a Chicago bank.

Action by the Coordinating Board set in motion the loan plan approved by Texas voters as a Constitutional amendment last year. Amendment authorized a total of \$85,000,000 in bonds to provide funds for students unable to continue education beyond high school without financial assistance. Initial \$10,000,000 sale is believed to be more than adequate to carry the program through the first year.

Ceiling on available loans is \$1,000 a year for undergraduates and \$1,500 for graduates. Although a six percent interest rate is authorized, the U. S. government will pay all interest while a student is in school — and half of it afterward for borrowers eligible for federal interest subsidy.

A borrower's family income must be less than \$15,000. Loans are limited to the difference between available resources and reasonable expenses. Money will be available for the 1966 fall semester.

Interested students are advised to contact the financial assistance officer at the school of their choice. Applicants must be accepted for enrollment and have two recommendations.

In other action last week, Coordinating Board:

● Approved request for legislative appropriations totaling \$56,000,000 for the 1968-69 fiscal period, most of which would go to an adjustment fund to

meet financial needs due to enrollment increases at public colleges, universities and junior colleges.

● Authorized election for Angelina County junior college but rejected request for Rains, Van Zandt and Kaufman counties junior college.

### OIL ALLOWABLE CUT

Railroad Commission has reduced the August oil allowable for the third straight month.

August production factor of 33 percent of potential will allow total production of 3,138,611 barrels a day. This compares with present allowable of 3,118,042 barrels daily under 33.3 percent factor.

### HUNTING SEASONS SET

State Parks and Wildlife Commission set November 12-December 31 deer hunting season in most major hunting counties under its regulatory powers. Opening date is earliest on record.

Season in general-law counties — those fixed by specific general statute — is November 16 - December 31.

Shortened seasons were ordered for counties of the Trans-Pecos and Panhandle — 16 days starting November 26 for the Trans-Pecos and November 12 - November 29 for the 32 Panhandle counties. Antelope season in these areas will run from October 1-9 and October 1-4, respectively.

Turkey and javelina seasons generally remain the same. Commission allowed special bow and arrows hunting seasons in some counties October 1-31.

### PALO DURO FUNDS ASKED

Federal Bureau of Outdoor Recreation approved \$271,494 in matching funds for the development of facilities at Palo Duro Canyon State Park.

Total cost of the project will be \$542,988. Included in the program are two concession areas, 26 trailer-camp sites, 45 tent-camp sites and 75 picnic sites, in addition to such miscellaneous items as restrooms and showers, an interpretive building and a park headquarters building.

## State Needs Meat Inspectors

Russell E. Shrader, Director of the Merit System Council in Austin, today announced that his office is recruiting applicants for meat inspection positions in the Veterinary Health Program of the Texas State Department of Health. Shrader said Lay Meat Inspectors perform skilled inspection and sanitation services in meat processing plants and abattoirs under the direction of a veterinarian. He said the beginning salary rate is \$360 a month and that this will be raised through legislative increase to \$372 on Sept. 1, 1966. A number of positions are now available in many areas of the state, and these are to be filled from registers established through open-competitive examinations offered by the Merit System. Shrader said that the minimum qualifications for Lay Meat Inspectors I are graduation from an accredited high school. More information about the examinations and the necessary forms may be obtained from the nearest Texas Employment Commission office or by writing Shrader at P. O. Box 1389 in Austin.

sue a U. S. bonded liquor export permit, since courts have ruled the law authorizing such permits is unconstitutional. ?

● Trailers used to convey horses to and from rodeos are not exempt as farm trailers and must be licensed under state law.

● Harrison County commissioners court can pay \$8 a day to jurors and \$4 to prospective jurors summoned and excused after questioning, but nothing to those summoned but excused without examination.

### SHORT SNORTS

Governor Connally has approved a grant under the Economic Opportunity Act for planned parenthood centers in Crystal City and Carrizo Springs at a cost of \$25,432.

Texas retail sales jumped five per cent last month — to \$1,200,000,000 — reports UT's Bureau of Business Research.

Department of Public Safety is seeking a \$51,100,000 budget for 1968-69. Director Col. Homer Garrison Jr. says Texas should have 2,200 highway patrolmen instead of present 901, to meet federal standards.

Governor appointed Mrs. Travis B. McNair of Bandera to the State Board of Tuberculosis Nurse Examiners and Bill A. Martin of Newton as district attorney of Jasper, Newton, Sabine and San Augustine Counties.

Sen. Tom Creighton, chairman of the State Election Law Study Committee, has called an August 12 meeting in Austin to discuss suggested statutory reforms and to schedule future activities, including public hearings.

Texas Water Pollution Control Board wants to expand its operations from 10-12 employees and a budget of \$62,528 in 1967 to 86 employees and \$1,402,159 in 1968 — and 194 employees with \$2,675,910 in 1969.

**URGES EMBLEM USE** — Col. Homer Garrison (right), director of the Texas Department of Public Safety, has joined with the Texas Farm Bureau in urging operators of "slow-moving vehicles" such as farm tractors and road construction equipment to display special luminous "SMV" warning emblems on the rear of the equipment. ## Medicare Enrollment Should Be 3 Months Before Age 65

"Medicare enrollment will be a continuing process from now on," said R. R. Tuley Jr., social security district manager for the Abilene area. The general enrollment period that ended May 31 was an all-out effort to enroll those persons who were already age 65 or older.

Persons not yet 65 will have 7 months in which to enroll for doctor bill insurance, Tuley continued. The individual's enrollment period for that part of Medicare will run from the third month before his 65th birthday month to the third month after it. Thus a person who will be 65 in October, 1966, may enroll from July 1, 1966, through January 31, 1967.

"There is no special enrollment period for the hospital insurance part," he went on, adding that a person just 65 could sign up for that even after he becomes an inpatient at a participating hospital. There are no premium payments involved for the hospital insurance half of Medicare.

Whether or not a person has retired or has ever worked under social security has no effect on Medicare coverage, but failure to enroll in the three month period before age 65 will result in a delay of from one to three months in acquiring the medical or doctor bill part of Medicare coverage. A higher premium cost will apply for those who do not enroll at their first opportunity but decide to come in during a later October-December period in 1967, 1969, or other odd-numbered years. Persons nearing age 65 are urged to ask their social security office for the free booklet on Medicare, Tuley added.

### WHAT TO DO . . . ?

A very fussy office manager was giving instructions to a young salesman regarding his trip. He gave him explicit detailed orders charting out minute by minute the young man's every action.

"You'll leave on the train at 7:00 a.m. and you'll reach your destination about 9:00 a.m. Have a cup of coffee at the terminal and take a taxi over to see Blank and Blank. I want to hear from you if there are any slip ups. Remember—wire me if there is any difficulty of any kind at all, understand!"

About 9:30 that morning he received this telegram: "No cream at the terminal—what shall I do?"

**HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.**

**Hot Weather**

Hot weather imposes no special dietary requirements for healthy infants and children, except for increased water intake.

If infants and children eating well-balanced diets do not tolerate ordinary heat stress, they should be investigated for illness rather than changing their diets, says the American Medical Association's Council on Foods and Nutrition.

"Poor appetites and faulty eating habits may result from the uncontrolled use of cold drinks with high calorie content, or from failure to take enough outdoor exercise, or from over-indulgence in between-meal snacks. It is unwise for adults to 'condition' children to dislike hot weather or to foist summertime food fads on them," says the AMA Council.

When the summer sun bears down and the weather is hot, inside and out, parents often give thought to changing the family dietary pattern. Should salt be added? Should certain "heavy" foods be prohibited? Does baby need a change in his formula?

The requirement for protein seems to be unchanged or possibly even increased in hot weather. If table salt is used in ordinary amounts in cooking, and is readily available at meal time, extra salt should not be needed except in very active people.

The children need more liquids in the summer to offset loss through perspiration, but this need likely will be met by the youngsters themselves. They'll get thirsty. Mother's problem is to see to it that they quench their thirst most often with plain water, and not overdo high caloric drinks.

To make certain infants get enough liquid, offer them a few ounces of water regularly between feedings.

Small children usually do not mind hot weather unless they are conditioned by their elders to dislike it. Cool, but not freezing cold, drinks are best, and water is best of all. A short "cooling off" and quiet period

**Boys Ranch Round-up Halfway To Goal**

The annual Round-up for livestock for West Texas Boys Ranch at Tankersley has reached the half-way point in animal units.

This year's round-up started April 18 with a goal of 200 animal units, according to Round-up Chairman, Roddy Peoples of Midland. The total given to the ranch so far is 100 head, Peoples said.

"With the late summer and fall movement of cattle and sheep still ahead and the heart-warming response West Texas vouchers are showing the Round-up, I'm optimistic that the original goal will be reached," the Round-up Chairman stated.

The livestock so far collected for the Ranch, plus many cash donations, has boosted the funds to \$15,775 this week. According to Peoples, this is a little short of the hoped for amount with this number of livestock, but he pointed out that the livestock prices have weakened since the original goal was set, and therefore the total so far is proportionately reduced.

"West Texas Boys Ranch likes to see a good rain and a strong market just as much as the ranchers out here do," he joked.

Peoples urged ranchers in the 60-county area served by West Texas Boys Ranch to remember the continuing need for operational funds at the Ranch. Money collected during the drive forms a large portion of day-to-day operating needs such as food and clothing. Any farmer or rancher who would like to contribute livestock may do so by contacting his county Wagon Boss who will make arrangements, or merely by designating those livestock to be contributed to the Ranch when they are taken to market. Auction market operators in West Texas for

before meals may help the appetite on a hot day.

In fact, all of the usual measures and guides for developing good eating habits should be continued, irrespective of the weather.

many years have actively supported the Round-up by forwarding the proceeds from the sale of livestock so designated direct to the Ranch.

Those wishing to support the Ranch with cash contributions may mail a check direct to West Texas Boys Ranch, Box 1624, San Angelo, Texas, Peoples said.

By Mrs. Sid Blanton

Our community was shocked to learn of the death of Mr. Clark Miller, he lived in our community for many years before moving to Santa Anna a couple of years ago. Our sympathy goes to Byrdie and other relatives.

Mrs. Harold Clifton of Snyder brought Mrs. Jewel Clifton home Monday evening after visiting in their home and the following places - Artesia, and Lovington, New Mexico, and in Monahans and Roscoe. They reported a wonderful time on their trip.

Mrs. Jeanette Chem of Brady visited with Mrs. Clifton on Tuesday morning. Other visitors were Mr. and Mrs. Donnie Clifton and children of Santa Anna. Mr. Eddie P. Voss, Buzzy, and Mr. Bill Jennings went by Austin on Friday night and Terry Blanton accompanied them to Houston where they attended the ball game in the "Astrodome" Stadium. They returned home on Monday and reported a nice trip and enjoyed the game very much.

The meeting will begin this Sunday morning and continue for a week at the Cleveland Church of Christ. Bro. Ollie Cantwell of Brownwood will do the preaching. Services will begin at 8 o'clock each evening. You are invited to attend.

## WHY MEDICARE IS VITAL

Have you ever wondered why Medicare became such a vital issue in this country — why the public and Congress supported so overwhelmingly a special system of medical care for people over 65? The answer is this: In the past few decades, the number of people over 65 has grown from an insignificant few to more than 18 million. The reason for this growth? A big part of the answer lies in the hundreds of drugs that now enable people to live to 65 and many, many years beyond — people who would have died long before 65 only a generation ago. That's why we say . . .

TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY!

## TAX MAN SAM SEYS

**Student Tax Problems**  
Each year thousands of students work in summer jobs. Their employers in accordance with the law, withhold taxes from their wages. A lot of students do not earn enough dur-

ing the summer to require them to file an income tax return. However, it is very important that they file a tax return shortly after January 1 next year, so they can get their refund. If a student does not file a tax return and claim his refund, the Government doesn't know he has a refund coming. In the case of many students, filing a tax return can be a profitable task.

## Milestone Reached In Rail Service

A success story in rail passenger services reaches a milestone this month, which marks the 10th anniversary of hi-level chair car service on Santa Fe

Railway's El Capitan, operating between Chicago and Los Angeles.

Since being introduced into daily service in 1956, after two years of experimentation, hi-level cars have carried more than two million passengers. They proved so popular that in 1964 Santa Fe purchased 20 new hi-level cars for El Capitan, and extended use of this equipment to the San Francisco Chief, where it also won instant public approval.

The unique cars feature comfortable, reclining leg-rest seats at dome height, with large picture windows affording a good view of the passing scenery. The lower level is devoted to spacious restroom facilities, baggage storage and equipment space.

Following a knock on my door Sunday morning, there stood a familiar figure, but I couldn't recognize to well. To my surprise it was an old school friend, the former Velma Reynolds. We enjoyed a brief visit. Since it had been near 35 years since we had seen one another. We were surprised when we found out she was living in Brownwood and her parents in Bangs. There is just something about meeting old school friends we enjoy. Would be hard for people to believe now that Whon girls basketball team won the Coleman County Championship under Mr. Homer Schulze and his sister, now Mrs. Alfred Cooper. Velma and I were members of that team.

Did a Woman In A Red Car With A "Student Driver" Sign On It Stop Here For Gas?

No Sir, she did not! We surely would have noticed the absence of the door. Fact is, our men are the most observant fellows you ever met. They're quick to notice the need for any of our free service, like air for your tires or a windshield wipe-off . . . and then doing something about it fast . . . always in a friendly, heads-up manner.

### 4-H'ers Promote Water Safety

Attention swimmers, non-swimmers, water skiers, boaters! Don't be one of the 6,000 drowning victims this year.

If you're in, under or on the water, be sure you know how to swim, or make certain that in case of an accident you can be rescued.

A large group — 540,000 boys and girls — is doing something right now about water safety.

They are 4-H members participating in the national 4-H Safety program sponsored by General Motors. The emphasis for 1966 is on water safety.

For the second year, General Motors will present \$1,000 scholarships to eight boys and girls completing the best 4-H Safety projects through the entire nation. Prior to 1965, the scholarships were for \$500 each.

The most outstanding member in the entire state will be a delegate to the National 4-H Club Congress as guest of the sponsor. And it is from the 50 state award winners that the scholarship recipients are chosen.

A safety medal goes to top county achievers. Individual clubs also are recognized at both county and state levels.

All classes of award winners are judged by the Cooperative Extension Service which has set up the national 4-H Safety program.

### FFA, 4-H Exhibitors To Share Premiums Totaling \$24,000

The State Fair of Texas' Exposition of Young America in Dallas next October 8 through 23 will hit its climax the second week during the annual series of Junior Livestock Shows and Auction Sales.

Ray W. Wilson, Manager of State Fair's livestock department, has announced that 2,000 Future Farmers and 4-H Club exhibitors will share a grand total of \$24,000 in premiums offered by beef and dairy heifer, steer, lamb and barrow shows.

"In addition to the premiums, the boys and girls will receive approximately \$150,000 from the sale of 2,000 market animals on Friday and Saturday, October 21 and 22," he said.

The 2-day public auctions will offer the grand champion and all other prize-winning steers the first day, and the champions and all other prize-winning barrows and lambs the second day. Each sale will open at 9:30 a. m. in the livestock area at Fair Park, with Colonel Walter Britten of Bryan, Texas chanting up the bids.

The junior shows will open on Wednesday, October 19.

### SEVEN-POUND BOY BORN TO MR. & MRS. GENE RICE

Mr. and Mrs. Gene Rice of Dallas announce the birth of a son on July 26, 1966. The baby weighed 7 pounds. The young man had not been named when announcement of his arrival reached Santa Anna.

Maternal grandmother is Mrs. Gladys Day, and paternal grandmother is Mrs. Jo Grant, both of Santa Anna.

Mrs. A. B. Strozler of Coleman visited from Wednesday until Saturday of last week with Mrs. L. O. Garrett.

### O. R. Carroll Services Held

Funeral services for O. R. Carroll, 74, of Coleman were held at 10 a. m. Thursday in Stevens Memorial Chapel with Rev. Robert J. Elkins of Brownwood and David Fultz of Coleman officiating. Burial was in the Valera Cemetery.

Mr. Carroll was killed in a car-truck collision south of Voss Tuesday afternoon of last week. He had been a star route mail carrier out of the Valera Post Office for the past 19 years. He was carrying the mail at the time his car collided with a Highway Department maintenance truck, six miles south of Voss. Tim Mercer of Coleman was driving the truck and escaped without serious injury.

Mr. Carroll is survived by his wife, two sons, four grandchildren and seven great-grandchildren.

### Mrs. Farquhar Gets CPS Rating

Mrs. Louise Farquhar, commercial teacher in the local school the past year, was notified the past week that she had attained a Certified Professional Secretary rating from the Institute for Certifying Secretaries, Kansas City, Mo.

Having successfully completed all parts of the CPS examination, she now becomes a member of a select group of top-level secretaries. Certification represents one of the highest honors available in the secretarial profession.

Mr. and Mrs. A. D. Longbrake of Texas City have been visiting with Mrs. W. T. Wheeler, mother of Mrs. Longbrake. Mrs. Wheeler returned home with the Longbrakes for a six week's visit.

Lenses were first used in the time of Nero, or possibly earlier.

### Old Shoes Tell Stories On You

Your shoes should be built for walking, and your old shoes are your best guides to what you need in a new pair.

That's the opinion of Dr. Graham Hard, Texas A and M University Extension clothing specialist.

So, if you made mistakes in selecting your last pair of shoes, both your shoes and you have suffered. The way the old shoes look now may show you what those mistakes were.

Here are some of the common signs you may find on your old shoes that indicate some "buy-manship" mistakes, says Dr. Hard.

If the shoe is worn unevenly, with most of the signs of wear in the front, the shoe is too short for you. Soles should wear through first at the center.

If the upper portions of the shoe bulge over the shoe line, shoe bulge over the shoe line, the shoe is too narrow. Shoes that are worn completely out of shape show that size shoe is all wrong for you. In that case, you'd better have your shoe salesman make a special check of the exact size you need.

When the shoe heel pushes under or new lifts are needed often, the shoe is too short. Wear at the toe tip also means that the shoe is too short.

Heels that wear on the inside indicate that your arch is weak. Slight wearing at the back or outside line is normal. When "pockets" for the toes wear inside the sole, the shoe is too tight.

A shoe that is puckered or wrinkled behind the ball along the arch shows that it is not long enough from ball to heel, thus pushing the ball of the foot forward. While the overall length of the shoe may be right, the proportion probably is not, says Dr. Hard.

### Military Equipment Display Scheduled

A display of modern military equipment, demonstrations of tactical operations of the U. S. Coast Guard, Seebies, trained security dogs of the Air Force together with music by two of the nation's most famous marching and musical organizations from Washington, D. C., will highlight activities in the Cotton Bowl at the 1966 State Fair of Texas in Dallas, Friday evening, October 14.
